PREAMBLE

AGREEMENT entered into as of the first day of September, **2017**, between Connecticut Valley Electric Exchange, herein referred to as The “Company” and LOCAL UNION NO. 457 of the INTERNATIONAL BROTHERHOOD OF ELECTRIC WORKERS hereinafter referred to as The “Union”. In respect to the bargaining unit as certified by proper authority for the purposes of collective bargaining with regard to rates of pay, hours of work, and other conditions of employment, this Agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns should be bound by the terms of this Agreement.

ARTICLE I
RECOGNITION

The Company recognizes the Union as the exclusive representative for all employees in the job classifications listed in Article XXIII as certified by the National Labor Relations Board Case No. 34-RC-1880 on March 21, 2001. The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director- Labor Relations.

ARTICLE II
DEFINITION OF AN EMPLOYEE

The word “employee” as used in this Agreement refers only to regular employees in the bargaining unit. Regular employees are employees hired on a full time basis for work in an established job classification.

ARTICLE III
NON-DISCRIMINATION

1. The Union agrees, on behalf of members of the bargaining unit, that employees will continue to individually and collectively perform efficient work and service, and that he/she will avoid and discourage waste of materials, time and manpower, and that he/she will use their influence and best efforts to protect the property of the company and its interests and to prevent loss of tools and materials, and that he/she will cooperate with the Company in promoting and advancing the welfare of the Company and the service it provides at all times.

2. The Company and Union agree to continue their cooperative efforts to promote safety, reliability, efficiency, and harmony in the workplace.

3. The Company and the Union will continue their policy of non-discrimination towards all employees with respect to race, color, religion, national origin, age, sex, disability, marital status, or status as a disabled veteran or a veteran of the Vietnam era.

4. The Company agrees that it will not discriminate against any member of the Union.

ARTICLE IV
UNION MEMBERSHIP/UNION DUES

1. All current employees in the bargaining unit who become members of the Union after the effective date of this Agreement shall, as a condition of employment, be required to remain members in good standing during the term of this Agreement.

2. All employees hired or transferred after the effective date of this Agreement shall be required, as a condition of employment, to become members of the Union and maintain their membership in good standing within 30 days after the effective date of this Agreement or their date of employment, whichever is later.

3. Good standing shall mean the tender of periodic dues and the payment of an initiation fee uniformly required as a condition of membership in the Union.

4. The Local Union shall notify the Company, in writing, of its amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, The Local Union shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

5. Upon receipt of individual written authorization and assignment from employees who are or become members of the Union pursuant to this article, the Company will make a single deduction for the initiation fee and in addition, will deduct required monthly union due from the employees' wages on a weekly basis and remit monthly to The Local Union officers designated in writing by the Union. If employees are transferred out of the bargaining unit, their authorization for the payroll deduction of union dues will automatically become void at the end of the calendar month within which their transfer is effective.

6. The Company will deduct from the wages of each employee on a pay period basis from whom it receives authorization, voluntary contributions to the Union's COPE fund. Such deductions shall be remitted to the financial secretary of the Union, monthly, along with a list of employees and amounts so deducted.

ARTICLE V
MANAGEMENT RIGHTS

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer, discipline employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE VI
SENIORITY

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company (CONVEX) shall be known as "Company seniority."

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority. Any employee who is transferred out of the bargaining unit and subsequently transferred back into the bargaining unit, the employee's classification seniority date will be the date of transfer back into the bargaining unit.

c) Each exempt job classification in Appendix A has separate classification seniority. Employees moving from one job classification to another will start at the lowest job classification seniority for the new job classification, beginning on the day they were transferred into the new job, with the exception of when a Transmission Coordinator accepts a System Operation Supervisor position, the employee will be placed at the lowest classification seniority for a senior System Operation Supervisor **12A**, provided the employee has previously held that position **or the equivalent**.

d) Total length of continuous time served with this Company (CONVEX), and system companies, shall be known as System Seniority.

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

Employees, hired or transferred shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his probation period as defined above shall become a regular employee at the end of the probationary period and his seniority shall start from the date of hiring. A regular employee shall lose his seniority status if he resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in this Article.

PROMOTION

1. Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion from operator to coordinator.

2. When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having the greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his skill, efficiency, knowledge, ability and acceptable performance in training he will be given the promotion. If the employee having the greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority.

RETROGRESSION

If it is definitely established that (1) a regular employee is incapable of performing the duties of his job classification because of an injury sustained in the employ of the Company, or (2) a regular employee having five or more years of continuous service is incapable of performing the duties of his job classification because of a disability or infirmity arising from natural causes and he is assigned to a lower job classification within his ability to perform, a special basic rate of pay will be established for him as follows:

For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he is reassigned by the product of five percent times his years of continuous service and adding the amount so obtained to the maximum basic rate of the lower rated job classification.

For an employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustments made during the term of this Agreement.

ARTICLE VII
HOLIDAYS

1. New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

Exempt

a. Each employee shall be granted 8 hours time off with pay for each company observed holiday.

b. When a company observed holiday falls on an employee's day off, he/she will receive an equivalent day off in lieu of a paid holiday. With supervisory approval, the employee will schedule an equivalent day off on a day the employee is normally scheduled to work and it should be within thirty (30) days of the holiday.

c. If an employee is scheduled to work on a company observed holiday, he/she shall be granted a day off in lieu thereof or at the discretion of the Company, an employee may be paid 8 hours holiday pay at their basic straight time rate.

d. An employee who works his/her normal schedule on a company observed holiday shall receive **an additional rate of .7 times their hourly base pay rate** for all hours worked.

.

e. When an employee is required to work on a company observed holiday outside of an employee's normal schedule, the Company will pay the employee at an overtime rate of 1.**7** times their hourly base pay rate for all hours worked on the holiday outside their normal work schedule.

3. When a company-observed holiday falls on a Sunday, the following Monday is recognized, for pay purposes, as the holiday. However, for employees required to work a Sunday holiday as part of their normal assigned schedule, the holiday is observed on that Sunday.

4. When a company-observed holiday falls on a Saturday, the preceding Friday is recognized, for pay purposes, as the holiday. However, for employees required to work a Saturday holiday as part of their normal assigned schedule, the holiday is observed on that Saturday.

5. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If Christmas Day falls on a weekend day or a Monday, the 4 hours will be allowed in a manner consistent with the rest of the Company.

If it is determined by the Company that time off cannot be allowed, the employee in lieu of the time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

6. Holiday(s) will accrue during an employee's time on Short Term Disability.

ARTICLE VIII
SAFETY

1. The parties agree that safety is a matter of paramount importance, and that safety rules and regulations prescribed by the Company or law, that are applicable to the industry, shall be complied with by the employees and the Company.

2. The Company shall provide protective devices and equipment and necessary instruction as required to complete work assignments. **The Company shall provide a two hundred and fifty dollar ($250) FR clothing allowance to each employee during the term of the Agreement.**

The Company shall provide a two hundred dollar ($200) allowance to each employee toward the purchase of one or more pair per year of safety footwear in accordance with the Company's safety footwear standards.

ARTICLE IX
EMPLOYEE BENEFITS

It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the **Eversource Pension** Plan for the term of this Agreement for employees hired prior to December 31, 2008, and to offer the K-Vantage Benefit to employees hired after December 31, 2008. K-Vantage will also be available to employees hired prior to December 31, 2008, who have chosen K-Vantage in lieu of additional service and earnings credits under the **Eversource Pension** Plan. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

ARTICLE X
NO STRIKES AND NO LOCK-OUTS

During the term of this agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All grievances arising under this Agreement shall be settled in the manner provided for in Article XVI.

ARTICLE XI
COMPLIANCE WITH LAW

No provision of this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory bodies having jurisdiction. If any such laws, regulations, rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a

lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purpose of Articles XVI or XVII.

ARTICLE XII
ABSENCE DUE TO NON-OCCUPATIONAL ILLNESS OR INJURY

The base pay of an employee absent from work because of non-occupational illness or injury will be continued based on the following:

Continuous Service	**Weeks of Full Pay**
Less than 2 years	Up to 2 weeks
For 2 years but less than 3 years	Up to 4 weeks
For 3 years but less than 4 years	Up to 6 weeks
For 4 years but less than 5 years	Up to 8 weeks
For 5 years but less than 10 years	Up to 10 weeks
For 10 years or longer	Up to 1 week for each year of Continuous service

ELIGIBILITY PERIOD

The eligibility period for maximum annual payments for absence due to no occupational sickness or injury is based on a calendar year- January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year to a succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

When an employee is absent from work because of illness or disability, the employee shall notify their immediate supervisor as soon as possible indicating the nature of the illness or disability and the estimated length of absence. Failure to so report may be cause to consider the absence as unauthorized and without pay.

It is the employee's responsibility to keep the supervisor informed concerning the illness or disability and the employee's progress.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Incumbent employees as of January 1, 2015 will keep their sick time allotment in accordance with this article. In addition, they will have a one-time opportunity (by October 17, 2014) to opt into the Sick Leave Wage Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY

- Nonoccupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first six weeks of short term disability will be paid at 100% of base pay
- Up to 19 additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay to extend a short-term absence prior to transitioning to long-term disability (LTD)

ARTICLE XIII
VACATIONS

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for four weeks' vacation under 1.(c) below.

1.(c) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

1.(d) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

Section 2: Requests for Extended Vacation. Requests to extend vacation periods beyond the entitlement will be handled as requests for leave of absence and will normally be without pay.

Section 3: Military Leave. If an employee is granted a military leave of absence due to enlisting or being drafted, he/she is eligible for full vacation based on credited years of service, for the calendar year in which the military leave begins. If an employee is unable to take vacation before the last workday, he/she will receive base pay due in lieu of vacation.

Section 4: Returning from Leave of Absence. If an employee returns from leave of absence of more than six months duration before June 1 of the calendar year, he/she is eligible for full vacation for that calendar year. If an employee returns after June 1, he/she will be eligible for one tenth of the vacation entitlement for that year for each full month remaining in that calendar year to include the month of return.

Section 5: Vacation Eligibility. Vacation eligibility upon termination is as follows:

a) In the year of retirement, an employee must take full vacation before the official retirement date. Exceptions to this provision require Manager, Human Resources approval. An employee retiring on February 1 of any year will be permitted to take vacation entitlement for that year immediately prior and contiguous to February 1.

b) If an employee classified as “regular” terminates employment voluntarily or involuntarily, he/she will be credited with any vacation that would have been earned but not taken in that year plus carry over.

Except for 5.a. above, if the employee leaves between January 1 and June 1, the vacation entitlement for that year will be prorated at one fifth of the total vacation allowance for each full or partial month worked.

If an employee leaves after June 1, he/she will be entitled to full vacation.

c) When termination is due to death, the designated beneficiary will receive base pay in lieu of any unused portion of vacation.

d) An employee classified as probationary is ineligible for vacation if he/she voluntarily terminates or is involuntarily terminated.

Section 6: Vacation Schedules. The employee's supervisor must approve vacation schedules. Approval will be based on employee preference, operating requirements of the Company, and length of service of the employee.

If an employee's vacation entitlement is more than two weeks, the third, fourth, and fifth weeks may not necessarily be authorized as consecutive or continuous with the first two weeks. Any request for a vacation period longer than two weeks must be scheduled and approved by department management.

Section 7: Selection Process. On or before November 1st of each year, the Company will post a twelve (12) month work schedule effective January 1st through December 31st of the next year.

On or before November 15th, each System Operator will submit their vacation request for the first two weeks of vacation entitlement to their supervisor.

On or before December 1st, the Company will post a revised work schedule to include the first two weeks of vacation entitlement.

On or before December 15th, each System Operator will submit their vacation request for the third, fourth, and fifth weeks of vacation entitlement to their supervisor.

On or before January 1st, the Company will post a revised work schedule, which will include vacation entitlements for the entire year.

Section 8: Unused Vacation. Vacation that cannot be used within any calendar year due to verified incapacitating illness or company operating requirements may, with management approval be carried over to the next calendar year. No more than 80 hours may be carried over, and they will be forfeited if not used in the calendar year after they are earned.

If, during the normally scheduled vacation, an employee suffers a serious incapacitating illness or injury, that portion of the vacation period may be rescheduled at the option of the Company. It is the employee's responsibility to notify their supervisor of such illness or injury as soon as possible and furnish verification from the attending physician upon request.

If, during an employee's vacation, a death in the immediate family occurs and time off would have been granted in accordance with Article XVIII, that part of the vacation may be rescheduled.

Section 9: Company-Observed Holiday(s). If a company observed holiday(s) falls within an employee's vacation, an additional day(s) of vacation will be granted.

ARTICLE XIV
JURY DUTY

Regular employees called to jury duty will be granted time off from regularly scheduled work time and be paid the difference between their normal basic wages and jury duty fees during the period of jury duty.

ARTICLE XV
JOB CLASSIFICATION

Each employee will be assigned a job classification, the duties for which the employee has the necessary qualifications, is competent to perform and which generally reflects the employee's normal work. Such job classification shall not preclude assignment of the employee for limited periods on work other than that reflected by the employee's job classification to meet the Company's service requirements.

ARTICLE XVI
GRIEVANCES

Any complaint involving the interpretation, application or claim of violation of a provision of the Agreement made by an employee to his foreman or immediate supervisor concerning his wages, hours or working conditions, which is accompanied by a request for an answer, will be considered as a grievance for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local Union, an employee from within the area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him in Step One, or for a Business Manager or his designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

STEP ONE
The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the foreman or immediate supervisor as promptly as possible following the incident which caused it. The foreman or immediate supervisor will endeavor to settle it by giving an answer as promptly as possible and within seven days of the date of presentation. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement): from the date of presentation in this Step.

STEP TWO
The Business Manager or Assistant Business Manger shall forward the grievance in writing to the Manager concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances

causing it. The Manager concerned or his designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step, it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or his designated representative, other Management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both. In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension my mutual agreement), from the date of the claimed violation.
If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

STEP THREE
The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director- Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

a) Three representatives appointed by the Company, and
b) Three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his designated representatives. In addition and International Representative may be present in this Step in an advisory capacity to the Local Union.

The joint committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director- Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the Grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, the Director- Labor Relations shall forward it to the Business Manager of the Local Union who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE XVII
ARBITRATION

1. Any grievance, as defined in Article XVI of this Agreement that has been properly and timely processed through the grievance procedure set forth in Article XVI of this Agreement and that has not been settled at the conclusion thereof, may be appealed to arbitration buy the Union serving the Company with written notice of its intent to appeal.

The failure to appeal a grievance to arbitration in accordance with the Article within thirty (30) calendar days after receipt of the written answer of the Company at Step 3 of the grievance procedure set forth in Article XVI of this Agreement shall constitute a waiver of the Union's right to appeal to arbitration and the written answer of the grievance procedure shall be final and binding on the aggrieved employee, the Company, and the Union.

2. Not later than fifteen (15) calendar days after, either the Union or the Company may submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company.

3. The jurisdiction and authority of the arbitrator and his/her opinion and award shall be confined exclusively to the interpretation or application of the provisions of this Agreement. They shall have no authority to add to, detract from, alter, amend, or modify any provision of this Agreement, or to establish or alter any wage rate or wage structure. The arbitrator shall not hear or decide more than one (1) grievance at a time without the mutual consent of the Company and the Union. The written award of the arbitrator on the merits of any grievance adjudicated within his/her jurisdiction and authority shall be final and binding on the aggrieved employee, the Union, and the Company.

4. The fee of the American Arbitration Association and the fees and expenses of the arbitrator shall be shared equally by the Company and the Union.

ARTICLE XVIII
FUNERAL LEAVE

Employees will be allowed time off with basic straight-time wages under the following conditions:

1. When the deceased is a member of an employee's immediate family, the employee will be allowed necessary time off to make arrangements and attend the funeral. Such time off will not exceed three normal scheduled workdays and should not extend beyond the date of the funeral. In addition, if an employee is called from work on the date of death, the employee will be allowed time off with basic straight-time wages for that part of the employee's normal schedule not worked on that day. The immediate family, including stepfamily, is defined to include the employees wife, husband, son, daughter, father, father-in-law, mother, mother-in-law, sister, brother, grandmother, grandfather, and grandchildren, or one who is considered a member of the family and living in the employee's home

2. When the deceased is an employee's brother-in-law, sister-in-law, aunt, or uncle, the employee will be allowed necessary time off up to **one day** to attend the funeral.

ARTICLE XIX
WORKDAY-WORKWEEK-SHIFT WORKERS

NONEXEMPT

For purposes of this Agreement a day worker is one whose basic work week is Monday through Friday, between the hours of 6 a.m. and 6 p.m.

1. Employees assigned to work between the hours of 6:00 p.m. and 6:00 a.m. as part of his/her basic work schedule will have a premium of two dollars ($2.00) added to his/her basic and overtime hours worked within that schedule.

2. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Employees required to work in excess of his/her scheduled eight (8) hours on a Sunday will be paid at double time for all such hours worked.

3. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Shift or Scheduled workers required to work in excess of his/her scheduled eight (8) hours on a Sunday, and workers who are required to work on a Sunday outside of their normal schedule will be paid at double time for all such hours worked.

Exempt

Employees assigned to a special work schedule involving a full rotating shift which includes Sundays and holidays, will receive an annual shift **and turnover adder as follows:**

September 1, 2017	**$7,500.00**
September 1, 2019	**$8,000.00**
September 1, 2020	**$8,500.00**

ARTICLE XX
MEALS AND EXPENSE

1. When required to work distant from his base area, employees will be paid expense and travel allowances as follows:

a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1 or Section 3 of this Article is applicable, an employee required to make his own arrangements to report to a job location including all training assignments outside his base area will be paid a daily expense allowance as provided under one of following Plans:

Plan A - If the distance one way is twenty-five miles or less; **$29.73** per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; **$52.68** per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; **$60.25** per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; **$64.82** per day.

When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; **$25.55** per day.

Plan F - If the distance one way is over thirty miles; **$35.08** per day.

For the purposes of the above plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job location involved.

3. Employees not covered by the expense plans in section 2 of this article who are authorized by their supervisor to use their personal vehicle on Company business will be reimbursed at the current NU mileage reimbursement rate, and in a manner consistent with company mileage reporting practices. This rate may be changed by the company without advanced notification.

4. Employees not covered by the expense plans in section 2 of this article, may be entitled to a company provided meal if they are on authorized business travel, or if they have worked in excess of 2 hours of unplanned overtime and are authorized by their supervisor to have a company provided meal. Meals will be paid for by the employee and will be submitted for reimbursement through the company expense reporting procedure. The employee's supervisor may reject unreasonable expenses.

Nonexempt

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid one and one-half hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Monday-Friday so assigned.

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid three hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Saturday, Sunday, or holiday so assigned. If the above-referenced assignment spans over a twenty-four-period in which two different pay entitlements are incurred, the employee shall receive one payment - the greater of the two. Employees may not receive more than one (1) on-call payment for any twenty-four-hour period so assigned. Employees may not receive more than seven (7) on-call payments in a seven day period, with no more than two 3 hour payments of any weekend call payments.

ARTICLE XXI
OVERTIME

NONEXEMPT

1. All hours worked in excess of eight hours per day or the basic forty hours per week, will be paid for at one and one-half straight time rates except when other overtime rates, premium rates or holiday rates are applicable.

2. Employees shall be paid time and one-half for all time worked outside of their normal work schedule.

3. All time worked on holidays recognized under this Agreement shall be paid at time and one-half, except where the time worked is outside the employee's normal scheduled workday in which case the time shall be paid at double time. Such payment will be in addition to holiday pay.

4. If an employee is required to work beyond sixteen consecutive hours, such employee will be paid at double the straight time for rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this section.

5. There shall be no duplication or pyramiding of premium pay or of overtime on a daily or weekly basis. Overtime or premium rates shall be paid for only once. No employee shall be paid both daily and weekly overtime for the same hours worked nor otherwise paid more than once for the same hours worked. If a provision for double time and time and one-half both apply to the same period of time worked, the double time provision shall be applied.

Exempt

1. Employees authorized to work overtime will be paid at an overtime rate of 1.4 times their hourly base pay rate for all hours worked outside their regular work schedule from the first hour **except for holidays**.

DISTRIBUTION

1. Insofar as practicable, overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

ARTICLE XXII
REST TIME

NONEXEMPT

1. Employees called out, who work more than two (2) hours during the eight (8) hour period immediately preceding the starting time of their next normal schedule, will be allowed rest time, whenever possible, during their normal schedule without loss of normal wages.

2. The rest time shall be equivalent to the time worked plus any time allowed off for meals during the eight (8) hour period and will be paid for a straight time rates. When service requirements will not permit allowing all of the earned rest time off, that part worked will be paid for at double straight time rates.

ARTICLE XXIII
WAGES

1. The job classifications covered by this Agreement are:

Transmission Coordinator
Chief of Shift
Senior System Operations Supervisor **A**
Senior System Operations Supervisor B
System Operations Supervisor **A**
Systems Operation Supervisor B
Associate System Operations Supervisor
Senior Engineering Technician
System Operations Supervisor Trainee
Engineering Technician A
Engineering Technician B
Engineering Technician C
Technical Procedure Writer

2. All employees will be reviewed annually. The Company's determination on such reviews shall not be subject to grievance or arbitration.

3. The wage rates, effective **September 1, 2017, September 1, 2018, September 1, 2019 and September 1, 2020,** shall be as provided in Appendix "A".

ARTICLE XXIV
GENERAL

Section 1: Wages While Negotiating. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to one (1) employee representative of the Union for time lost from their normal work schedules while attending meetings with company representatives.

Section 2: Work Schedule During Negotiations. The negotiating committee representative assigned to work schedules with hours directly preceding or directly following the time during which a negotiation meeting with the Company takes place, will be rescheduled to accommodate the negotiating process. the Company will exercise its right to schedule and/or assign work in order to minimize disruption of operations and cost to the Company while at the same time accommodating the negotiating process.

ARTICLE XXV
CONTRACT WORK

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XXVI
EXTENT OF AGREEMENT

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XXVII
TERMINATION OF AGREEMENT

Section 1: Term of Agreement. Except as otherwise provided, this Agreement shall become effective as of September 1, **2017** and shall remain in full force and effect until September 1, **2021**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

Section 2: Notice. In the event that either party shall desire to terminate this Agreement or any renewal thereof, it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the Agreement.

If notice is given as provided above, it shall be addressed to, respectively:

Manager, Labor Relations
NUSCO **d/b/a Eversource Energy**
PO Box 270
Hartford, CT 06141

Local Union 457, IBEW
Business Manager/Financial Secretary

Topics

TOPIC: Temporary Upgrade to Chief of Shift

A **fifty** dollar (**$50.00**), per shift adder will be paid to a System Operations Supervisor or Senior System Operations Supervisor, when assigned by supervision to serve in the capacity of Chief of Shift. During the shift the Chief of Shift has the authority and responsibility to make operational decisions and directions as required to ensure safe, reliable and economical dispatch of the CONVEX interconnected transmission bulk power system in accordance with the associated operating procedures and instructions. The Chief of Shift is also responsible for the proper operational shift relief/turnovers including exchange of pertinent information required to maintain operational safety and reliability. This also includes the authority to mobilize additional resources as necessary or required to respond to abnormal system conditions.

1. Scope of Assignment
In addition to normal work duties, interfaces with internal and external customers/clients, and provides direction and decision-making when needed.

2. Selection of Employees
The employee with the greatest departmental seniority in the following order will be assigned.

Senior System Operations Supervisor	Grade 12A
Senior System Operations Supervisor	Grade 12B
System Operations Supervisor	Grade 11A
System Operations Supervisor	Grade 11B

NOTE: In the event employees have the same date (departmental seniority), the employee with the most system seniority will be assigned. In the event employees have the same departmental and system seniority, the employee with the earlier birth date will be selected.

NERC Certification

Previously agreed to language from the 2008-2011 Contract summary.

The Company and union agree that the company will limit the number of NERC Certification re-tests following failing grades to two re-tests, which may include extension of probation period for new hires. Employees who do not pass the NERC Certification test will be deemed unqualified, and will be subject to discharge, pursuant to Company practice.

Employees who fail to demonstrate proficiency in reliability related task testing will after remedial training, be considered unqualified for their job and will be addressed by the company in accordance with normal practice.

The Company and Union agree to meet and discuss any employee related changes in NERC Certification requirements that may be implemented during the term of this contract. These meetings are intended to be informational and to assist the union in determining the impact of any changes on the bargaining unit members. Additionally, these meetings are outside of the negotiations and grievance process.

TOPIC: ADOPTION ASSISTANCE BENEFIT

The adoption benefit is offered to help employees meet some of the expenses related to adopting a child.

The adoption benefit provides reimbursement of up to $5,000 of eligible expenses for the adoption of each child under the age of 18. Only the expenses employees actually incur are eligible for reimbursement. The benefit is payable when the adoption is final (when a decree of adoption is entered by the court) and applies to expenses incurred on or after January 1, 2015.

Eligible expenses include: adoption agency fees, legal fees, court fees, travel expenses, the child's initial medical exam and certain out-of-pocket medical expenses for the natural mother.

Adoption Leave
Employees are eligible for company-paid adoption leave after completing three months of employment with Eversource. An employee's pay during the duration of his or her adoption leave will be based on his or her base pay in effect on the day the leave starts.

An employee must give his or her supervisor at least three months written notice of the date the leave will start and when the employee expects to return to work. If an employee is also eligible for Family Medical Leave Act (FMLA) leave, time taken for adoption leave will also count as FMLA leave.

Duration of Leave
Adoption leave begins on the date the child is received into an employee's home. The maximum duration of an adoption leave depends on the age of the adopted child according to the following schedule:

Age of Adopted Child	Maximum Amount of Leave*
6 years old or younger	8 weeks
At least 7 years old but less than 13 years old	4 weeks
At least 13 years old but less than 18 years old	2 weeks

PREAMBLE

AGREEMENT entered into as of the first day of September, **2021**, between Connecticut Valley Electric Exchange, herein referred to as The "Company" and LOCAL UNION NO. 457 of the INTERNATIONAL BROTHERHOOD OF ELECTRIC WORKERS hereinafter referred to as The "Union". In respect to the bargaining unit as certified by proper authority for the purposes of collective bargaining with regard to rates of pay, hours of work, and other conditions of employment, this Agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns should be bound by the terms of this Agreement.

ARTICLE I
RECOGNITION

The Company recognizes the Union as the exclusive representative for all employees in the job classifications listed in Article XXIII as certified by the National Labor Relations Board Case No. 34-RC-1880 on March 21, 2001. The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director- Labor Relations.

ARTICLE II
DEFINITION OF AN EMPLOYEE

The word "employee" as used in this Agreement refers only to regular employees in the bargaining unit. Regular employees are employees hired on a full time basis for work in an established job classification.

ARTICLE III
NON-DISCRIMINATION

1. The Union agrees, on behalf of members of the bargaining unit, that employees will continue to individually and collectively perform efficient work and service, and that he/she will avoid and discourage waste of materials, time and manpower, and that he/she will use their influence and best efforts to protect the property of the company and its interests and to prevent loss of tools and materials, and that he/she will cooperate with the Company in promoting and advancing the welfare of the Company and the service it provides at all times.

2. The Company and Union agree to continue their cooperative efforts to promote safety, reliability, efficiency, and harmony in the workplace.

3. The Company and the Union will continue their policy of non-discrimination towards all employees with respect to race, color, religion, national origin, age, sex, disability, marital status, or status as a disabled veteran or a veteran of the Vietnam era.

4. The Company agrees that it will not discriminate against any member of the Union.

ARTICLE IV
UNION MEMBERSHIP/UNION DUES

1. All current employees in the bargaining unit who become members of the Union after the effective date of this Agreement shall, as a condition of employment, be required to remain members in good standing during the term of this Agreement.

2. All employees hired or transferred after the effective date of this Agreement shall be required, as a condition of employment, to become members of the Union and maintain their membership in good standing within 30 days after the effective date of this Agreement or their date of employment, whichever is later.

3. Good standing shall mean the tender of periodic dues and the payment of an initiation fee uniformly required as a condition of membership in the Union.

4. The Local Union shall notify the Company, in writing, of its amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, The Local Union shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

5. Upon receipt of individual written authorization and assignment from employees who are or become members of the Union pursuant to this article, the Company will make a single deduction for the initiation fee and in addition, will deduct required monthly union due from the employees' wages on a weekly basis and remit monthly to The Local Union officers designated in writing by the Union. If employees are transferred out of the bargaining unit, their authorization for the payroll deduction of union dues will automatically become void at the end of the calendar month within which their transfer is effective.

6. The Company will deduct from the wages of each employee on a pay period basis from whom it receives authorization, voluntary contributions to the Union's COPE fund. Such deductions shall be remitted to the financial secretary of the Union, monthly, along with a list of employees and amounts so deducted.

ARTICLE V
MANAGEMENT RIGHTS

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer, discipline employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE VI
SENIORITY

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company (CONVEX) shall be known as "Company seniority."

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority. Any employee who is transferred out of the bargaining unit and subsequently transferred back into the bargaining unit, the employee's classification seniority date will be the date of transfer back into the bargaining unit.

c) Each exempt job classification in Appendix A has separate classification seniority. Employees moving from one job classification to another will start at the lowest job classification seniority for the new job classification, beginning on the day they were transferred into the new job, with the exception of when a Transmission Coordinator accepts a **Transmission System Operator** position, the employee will be placed at the lowest classification seniority for a **Senior Transmission System Operator** 12A, provided the employee has previously held that position or the equivalent.

d) Total length of continuous time served with this Company (CONVEX), and system companies, shall be known as System Seniority.

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

Employees hired or transferred shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his probation period as defined above shall become a regular employee at the end of the probationary period and his seniority shall start from the date of hiring. A regular employee shall lose his seniority status if he resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in this Article.

PROMOTION

1. Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion from operator to coordinator.

2. When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having the greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his skill, efficiency, knowledge, ability and acceptable performance in training he will be given the promotion. If the employee having the greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority.

RETROGRESSION

If it is definitely established that (1) a regular employee is incapable of performing the duties of his job classification because of an injury sustained in the employ of the Company, or (2) a regular employee having five or more years of continuous service is incapable of performing the duties of his job classification because of a disability or infirmity arising from natural causes and he is assigned to a lower job classification within his ability to perform, a special basic rate of pay will be established for him as follows:

For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he is reassigned by the product of five percent times his years of continuous service and adding the amount so obtained to the maximum basic rate of the lower rated job classification.

For an employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustments made during the term of this Agreement.

VACANCY

The Company will give preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit. The Company's determinations of the qualifications of employees seeking the vacant position will be made on the same basis as for hiring new employees. Such determination of qualifications may include a formal assessment of skills needed to perform the role.

In the event two or more employees with basically equal qualifications apply for a vacancy, preference for placement will be determined by greater Company Seniority.

ARTICLE VII
HOLIDAYS

1. New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur

upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

Exempt

a. Each employee shall be granted 8 hours time off with pay for each company observed holiday.

b. When a company observed holiday falls on an employee's day off, he/she will receive an equivalent day off in lieu of a paid holiday. With supervisory approval, the employee will schedule an equivalent day off on a day the employee is normally scheduled to work and it should be within thirty (30) days of the holiday.

c. If an employee is scheduled to work on a company observed holiday, he/she shall be granted a day off in lieu thereof or at the discretion of the Company, an employee may be paid 8 hours holiday pay at their basic straight time rate.

d. An employee who works his/her normal schedule on a company observed holiday shall receive an additional rate of .7 times their hourly base pay rate for all hours worked.

.

e. When an employee is required to work on a company observed holiday outside of an employee's normal schedule, the Company will pay the employee at an overtime rate of 1.7 times their hourly base pay rate for all hours worked on the holiday outside their normal work schedule.

3. When a company-observed holiday falls on a Sunday, the following Monday is recognized, for pay purposes, as the holiday. However, for employees required to work a Sunday holiday as part of their normal assigned schedule, the holiday is observed on that Sunday.

4. When a company-observed holiday falls on a Saturday, the preceding Friday is recognized, for pay purposes, as the holiday. However, for employees required to work a Saturday holiday as part of their normal assigned schedule, the holiday is observed on that Saturday.

5. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If Christmas Day falls on a weekend day or a Monday, the 4 hours will be allowed in a manner consistent with the rest of the Company.

If it is determined by the Company that time off cannot be allowed, the employee in lieu of the time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

6. Holiday(s) will accrue during an employee's time on Short Term Disability.

ARTICLE VIII
SAFETY

1. The parties agree that safety is a matter of paramount importance, and that safety rules and regulations prescribed by the Company or law, that are applicable to the industry, shall be complied with by the employees and the Company.

2. The Company shall provide protective devices and equipment and necessary instruction as required to complete work assignments. The Company shall provide a two hundred and fifty dollar ($250) FR clothing allowance to each employee during the term of the Agreement.

The Company shall provide a two hundred dollar ($200) allowance to each employee toward the purchase of one or more pair per year of safety footwear in accordance with the Company's safety footwear standards.

ARTICLE IX
EMPLOYEE BENEFITS

It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the Eversource Pension Plan for the term of this Agreement for employees hired prior to December 31, 2008, and to offer the K-Vantage Benefit to employees hired after December 31, 2008. K-Vantage will also be available to employees hired prior to December 31, 2008, who have chosen K-Vantage in lieu of additional service and earnings credits under the Eversource Pension Plan. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

ARTICLE X
NO STRIKES AND NO LOCK-OUTS

During the term of this agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All grievances arising under this Agreement shall be settled in the manner provided for in Article XVI.

ARTICLE XI
COMPLIANCE WITH LAW

No provision of this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory bodies having jurisdiction. If any such laws, regulations, rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purpose of Articles XVI or XVII.

ARTICLE XII
ABSENCE DUE TO NON-OCCUPATIONAL
ILLNESS OR INJURY

The base pay of an employee absent from work because of non-occupational illness or injury will be continued based on the following:

Continuous Service	**Weeks of Full Pay**
Less than 2 years	Up to 2 weeks
For 2 years but less than 3 years	Up to 4 weeks
For 3 years but less than 4 years	Up to 6 weeks
For 4 years but less than 5 years	Up to 8 weeks
For 5 years but less than 10 years	Up to 10 weeks
For 10 years or longer	Up to 1 week for each year of Continuous service

ELIGIBILITY PERIOD

The eligibility period for maximum annual payments for absence due to no occupational sickness or injury is based on a calendar year- January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year to a succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

When an employee is absent from work because of illness or disability, the employee shall notify their immediate supervisor as soon as possible indicating the nature of the illness or disability and the estimated length of absence. Failure to so report may be cause to consider the absence as unauthorized and without pay.

It is the employee's responsibility to keep the supervisor informed concerning the illness or disability and the employee's progress.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Incumbent employees as of January 1, 2015 will keep their sick time allotment in accordance with this article. In addition, they will have a one-time opportunity (by October 17, 2014) to opt into the Sick Leave Wage Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY

- Nonoccupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first six weeks of short term disability will be paid at 100% of base pay
- Up to 19 additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay to extend a short-term absence prior to transitioning to long-term disability (LTD)

ARTICLE XIII
VACATIONS

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for four weeks' vacation under 1.(c) below.

1.(c) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

1.(d) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

Section 2: Requests for Extended Vacation. Requests to extend vacation periods beyond the entitlement will be handled as requests for leave of absence and will normally be without pay.

Section 3: Military Leave. If an employee is granted a military leave of absence due to enlisting or being drafted, he/she is eligible for full vacation based on credited years of service, for the calendar year in which the military leave begins. If an employee is unable to take vacation before the last workday, he/she will receive base pay due in lieu of vacation.

Section 4: Returning from Leave of Absence. If an employee returns from leave of absence of more than six months duration before June 1 of the calendar year, he/she is eligible for full vacation for that calendar year. If an employee returns after June 1, he/she will be eligible for one tenth of the vacation entitlement for that year for each full month remaining in that calendar year to include the month of return.

Section 5: Vacation Eligibility. Vacation eligibility upon termination is as follows:

a) In the year of retirement, an employee must take full vacation before the official retirement date. Exceptions to this provision require Manager, Human Resources approval. An employee retiring on February 1 of any year will be permitted to take vacation entitlement for that year immediately prior and contiguous to February 1.

b) If an employee classified as “regular” terminates employment voluntarily or involuntarily, he/she will be credited with any vacation that would have been earned but not taken in that year plus carry over.

Except for 5.a. above, if the employee leaves between January 1 and June 1, the vacation entitlement for that year will be prorated at one fifth of the total vacation allowance for each full or partial month worked.

If an employee leaves after June 1, he/she will be entitled to full vacation.

c) When termination is due to death, the designated beneficiary will receive base pay in lieu of any unused portion of vacation.

d) An employee classified as probationary is ineligible for vacation if he/she voluntarily terminates or is involuntarily terminated.

Section 6: Vacation Schedules. The employee’s supervisor must approve vacation schedules. Approval will be based on employee preference, operating requirements of the Company, and length of service of the employee.

If an employee’s vacation entitlement is more than two weeks, the third, fourth, and fifth weeks may not necessarily be authorized as consecutive or continuous with the first two weeks. Any request for a vacation period longer than two weeks must be scheduled and approved by department management.

Section 7: Selection Process. On or before November 1st of each year, the Company will post a twelve (12) month work schedule effective January 1st through December 31st of the next year.

On or before November 15th, each System Operator will submit their vacation request for the first two weeks of vacation entitlement to their supervisor.

On or before December 1st, the Company will post a revised work schedule to include the first two weeks of vacation entitlement.

On or before December 15th, each System Operator will submit their vacation request for the third, fourth, and fifth weeks of vacation entitlement to their supervisor.

On or before January 1st, the Company will post a revised work schedule, which will include vacation entitlements for the entire year.

Section 8: Unused Vacation. Vacation that cannot be used within any calendar year due to verified incapacitating illness or company operating requirements may, with management approval be carried over to the next calendar year. No more than 80 hours may be carried over, and they will be forfeited if not used in the calendar year after they are earned.

If, during the normally scheduled vacation, an employee suffers a serious incapacitating illness or injury, that portion of the vacation period may be rescheduled at the option of the Company. It is the employee’s responsibility to notify their supervisor of such illness or injury as soon as possible and furnish verification from the attending physician upon request.

If, during an employee's vacation, a death in the immediate family occurs and time off would have been granted in accordance with Article XVIII, that part of the vacation may be rescheduled.

Section 9: Company-Observed Holiday(s). If a company observed holiday(s) falls within an employee's vacation, an additional day(s) of vacation will be granted.

ARTICLE XIV
JURY DUTY

Regular employees called to jury duty will be granted time off from regularly scheduled work time and be paid the difference between their normal basic wages and jury duty fees during the period of jury duty.

ARTICLE XV
JOB CLASSIFICATION

Each employee will be assigned a job classification, the duties for which the employee has the necessary qualifications, is competent to perform and which generally reflects the employee's normal work. Such job classification shall not preclude assignment of the employee for limited periods on work other than that reflected by the employee's job classification to meet the Company's service requirements.

ARTICLE XVI
GRIEVANCES

Any complaint involving the interpretation, application or claim of violation of a provision of the Agreement made by an employee to his foreman or immediate supervisor concerning his wages, hours or working conditions, which is accompanied by a request for an answer, will be considered as a grievance for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local Union, an employee from within the area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him in Step One, or for a Business Manager or his designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

STEP ONE
The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the foreman or immediate supervisor as promptly as possible following the incident which caused it. The foreman or immediate supervisor will endeavor to settle it by giving

an answer as promptly as possible and within seven days of the date of presentation. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement): from the date of presentation in this Step.

STEP TWO

The Business Manager or Assistant Business Manger shall forward the grievance in writing to the Manager concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances causing it. The Manager concerned or his designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step, it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or his designated representative, other Management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both. In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension my mutual agreement), from the date of the claimed violation.
If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

STEP THREE

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director- Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

a) Three representatives appointed by the Company, and
b) Three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his designated representatives. In addition and International Representative may be present in this Step in an advisory capacity to the Local Union.

The joint committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director- Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the Grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, the Director- Labor Relations shall forward it to the Business Manager of the

Local Union who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE XVII
ARBITRATION

1. Any grievance, as defined in Article XVI of this Agreement that has been properly and timely processed through the grievance procedure set forth in Article XVI of this Agreement and that has not been settled at the conclusion thereof, may be appealed to arbitration buy the Union serving the Company with written notice of its intent to appeal.

The failure to appeal a grievance to arbitration in accordance with the Article within thirty (30) calendar days after receipt of the written answer of the Company at Step 3 of the grievance procedure set forth in Article XVI of this Agreement shall constitute a waiver of the Union's right to appeal to arbitration and the written answer of the grievance procedure shall be final and binding on the aggrieved employee, the Company, and the Union.

2. Not later than fifteen (15) calendar days after, either the Union or the Company may submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company.

3. The jurisdiction and authority of the arbitrator and his/her opinion and award shall be confined exclusively to the interpretation or application of the provisions of this Agreement. They shall have no authority to add to, detract from, alter, amend, or modify any provision of this Agreement, or to establish or alter any wage rate or wage structure. The arbitrator shall not hear or decide more than one (1) grievance at a time without the mutual consent of the Company and the Union. The written award of the arbitrator on the merits of any grievance adjudicated within his/her jurisdiction and authority shall be final and binding on the aggrieved employee, the Union, and the Company.

4. The fee of the American Arbitration Association and the fees and expenses of the arbitrator shall be shared equally by the Company and the Union.

ARTICLE XVIII
FUNERAL LEAVE

Employees will be allowed time off with basic straight-time wages under the following conditions:

1. When the deceased is a member of an employee's immediate family, the employee will be allowed necessary time off to make arrangements and attend the

funeral. Such time off will not exceed three normal scheduled workdays and should not extend beyond the date of the funeral. In addition, if an employee is called from work on the date of death, the employee will be allowed time off with basic straight-time wages for that part of the employee's normal schedule not worked on that day. The immediate family, including stepfamily, is defined to include the employees wife, husband, son, daughter, father, father-in-law, mother, mother-in-law, sister, brother, grandmother, grandfather, and grandchildren, or one who is considered a member of the family and living in the employee's home

2. When the deceased is an employee's brother-in-law, sister-in-law, aunt, or uncle, the employee will be allowed necessary time off up to one day to attend the funeral.

ARTICLE XIX
WORKDAY-WORKWEEK-SHIFT WORKERS

NONEXEMPT

For purposes of this Agreement a day worker is one whose basic work week is Monday through Friday, between the hours of 6 a.m. and 6 p.m.

1. Employees assigned to work between the hours of 6:00 p.m. and 6:00 a.m. as part of his/her basic work schedule will have a premium of two dollars ($2.00) added to his/her basic and overtime hours worked within that schedule.

2. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Employees required to work in excess of his/her scheduled eight (8) hours on a Sunday will be paid at double time for all such hours worked.

3. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Shift or Scheduled workers required to work in excess of his/her scheduled eight (8) hours on a Sunday, and workers who are required to work on a Sunday outside of their normal schedule will be paid at double time for all such hours worked.

Exempt

Employees assigned to a special work schedule involving a full rotating shift which includes Sundays and holidays, will receive an annual shift and turnover adder as follows:

September 1, 2021	**$9,000.00**
September 1, 2022	**$9,500.00**
September 1, 2023	**$10,000.00**

ARTICLE XX
MEALS AND EXPENSE

1. When required to work distant from his base area, employees will be paid expense and travel allowances as follows:

a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1 or Section 3 of this Article is applicable, an employee required to make his own arrangements to report to a job location including all training assignments outside his base area will be paid a daily expense allowance as provided under one of following Plans:

Plan A - If the distance one way is twenty-five miles or less; $29.73 per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; $52.68 per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; $60.25 per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; $64.82 per day.

When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; $25.55 per day.

Plan F - If the distance one way is over thirty miles; $35.08 per day.

For the purposes of the above plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job location involved.

3. Employees not covered by the expense plans in section 2 of this article who are authorized by their supervisor to use their personal vehicle on Company business will be reimbursed at the current NU mileage reimbursement rate, and in a manner consistent with company mileage reporting practices. This rate may be changed by the company without advanced notification.

4. Employees not covered by the expense plans in section 2 of this article, may be entitled to a company provided meal if they are on authorized business travel, or if they have worked in excess of 2 hours of unplanned overtime and are authorized by their supervisor to have a company provided meal. Meals will be paid for by the employee and will be submitted for reimbursement through the company expense reporting procedure. The employee's supervisor may reject unreasonable expenses.

Nonexempt

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid one and one-half hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Monday-Friday so assigned.

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid three hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Saturday, Sunday, or holiday so assigned. If the above-referenced assignment spans over a twenty-four-period in which two different pay entitlements are incurred, the employee shall receive one payment - the greater of the two. Employees may not receive more than one (1) on-call payment for any twenty-four-hour period so assigned. Employees may not receive more than seven (7) on-call payments in a seven day period, with no more than two 3 hour payments of any weekend call payments.

ARTICLE XXI
OVERTIME

NONEXEMPT

1. All hours worked in excess of eight hours per day or the basic forty hours per week, will be paid for at one and one-half straight time rates except when other overtime rates, premium rates or holiday rates are applicable.

2. Employees shall be paid time and one-half for all time worked outside of their normal work schedule.

3. All time worked on holidays recognized under this Agreement shall be paid at time and one-half, except where the time worked is outside the employee's normal scheduled workday in which case the time shall be paid at double time. Such payment will be in addition to holiday pay.

4. If an employee is required to work beyond sixteen consecutive hours, such employee will be paid at double the straight time for rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this section.

5. There shall be no duplication or pyramiding of premium pay or of overtime on a daily or weekly basis. Overtime or premium rates shall be paid for only once. No employee shall be paid both daily and weekly overtime for the same hours worked nor otherwise paid more than once for the same hours worked. If a provision for double time

and time and one-half both apply to the same period of time worked, the double time provision shall be applied.

Exempt

1. Employees authorized to work overtime will be paid at an overtime rate of 1.4 times their hourly base pay rate for all hours worked outside their regular work schedule from the first hour except for holidays.

DISTRIBUTION

1. Insofar as practicable, overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

ARTICLE XXII
REST TIME

NONEXEMPT

1. Employees called out, who work more than two (2) hours during the eight (8) hour period immediately preceding the starting time of their next normal schedule, will be allowed rest time, whenever possible, during their normal schedule without loss of normal wages.

2. The rest time shall be equivalent to the time worked plus any time allowed off for meals during the eight (8) hour period and will be paid for a straight time rates. When service requirements will not permit allowing all of the earned rest time off, that part worked will be paid for at double straight time rates.

ARTICLE XXIII
WAGES

1. The job classifications covered by this Agreement are:

Transmission Coordinator
Chief **Transmission System Operator**

2. All employees will be reviewed annually. The Company's determination on such reviews shall not be subject to grievance or arbitration.

3. The wage rates, effective **September 5, 2021 and September 4, 2022** shall be as provided in Appendix "A".

ARTICLE XXIV
GENERAL

Section 1: Wages While Negotiating. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to **two (2)** employee representative**s** of the Union for time lost from their normal work schedules while attending meetings with company representatives.

Section 2: Work Schedule During Negotiations. The negotiating committee representative assigned to work schedules with hours directly preceding or directly following the time during which a negotiation meeting with the Company takes place, will be rescheduled to accommodate the negotiating process. the Company will exercise its right to schedule and/or assign work in order to minimize disruption of operations and cost to the Company while at the same time accommodating the negotiating process.

ARTICLE XXV
CONTRACT WORK

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XXVI
EXTENT OF AGREEMENT

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XXVII
TERMINATION OF AGREEMENT

Section 1: Term of Agreement. Except as otherwise provided, this Agreement shall become effective as of September 1, **2021** and shall remain in full force and effect until September 1, **2024**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

Section 2: Notice. In the event that either party shall desire to terminate this Agreement or any renewal thereof, it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the Agreement.

If notice is given as provided above, it shall be addressed to, respectively:

Topics

TOPIC: Temporary Upgrade to Chief Transmission System Operator

A fifty dollar ($50.00), per shift adder will be paid to a **Transmission System Operator** or **Senior Transmission System Operator** , when assigned by supervision to serve in the capacity of **Chief Transmission System Operator**. During the shift the **Chief Transmission System Operator** has the authority and responsibility to make operational decisions and directions as required to ensure safe, reliable and economical dispatch of the CONVEX interconnected transmission bulk power system in accordance with the associated operating procedures and instructions. The **Chief Transmission System Operator** is also responsible for the proper operational shift relief/turnovers including exchange of pertinent information required to maintain operational safety and reliability. This also includes the authority to mobilize additional resources as necessary or required to respond to abnormal system conditions.

1. Scope of Assignment
In addition to normal work duties, interfaces with internal and external customers/clients, and provides direction and decision-making when needed.

2. Selection of Employees
The employee with the greatest departmental seniority in the following order will be assigned.

Senior Transmission System Operator	Grade 12A
Senior Transmission System Operator	Grade 12B
Transmission System Operator	Grade 11A
Transmission System Operator	Grade 11B

NOTE: In the event employees have the same date (departmental seniority), the employee with the most system seniority will be assigned. In the event employees have the same departmental and system seniority, the employee with the earlier birth date will be selected.

NERC Certification

Previously agreed to language from the 2008-2011 Contract summary.

The Company and union agree that the company will limit the number of NERC Certification re-tests following failing grades to two re-tests, which may include extension of probation period for new hires. Employees who do not pass the NERC Certification test will be deemed unqualified, and will be subject to discharge, pursuant to Company practice.

Employees who fail to demonstrate proficiency in reliability related task testing will after remedial training, be considered unqualified for their job and will be addressed by the company in accordance with normal practice.

The Company and Union agree to meet and discuss any employee related changes in NERC Certification requirements that may be implemented during the term of this contract. These meetings are intended to be informational and to assist the union in determining the impact of any changes on the bargaining unit members. Additionally, these meetings are outside of the negotiations and grievance process.

TOPIC: ADOPTION ASSISTANCE BENEFIT

The adoption benefit is offered to help employees meet some of the expenses related to adopting a child.

The adoption benefit provides reimbursement of up to $5,000 of eligible expenses for the adoption of each child under the age of 18. Only the expenses employees actually incur are eligible for reimbursement. The benefit is payable when the adoption is final (when a decree of adoption is entered by the court) and applies to expenses incurred on or after January 1, 2015.

Eligible expenses include: adoption agency fees, legal fees, court fees, travel expenses, the child's initial medical exam and certain out-of-pocket medical expenses for the natural mother.

Adoption Leave
Employees are eligible for company-paid adoption leave after completing three months of employment with Eversource. An employee's pay during the duration of his or her adoption leave will be based on his or her base pay in effect on the day the leave starts.

An employee must give his or her supervisor at least three months written notice of the date the leave will start and when the employee expects to return to work. If an employee is also eligible for Family Medical Leave Act (FMLA) leave, time taken for adoption leave will also count as FMLA leave.

Duration of Leave
Adoption leave begins on the date the child is received into an employee's home. The maximum duration of an adoption leave depends on the age of the adopted child according to the following schedule:

Age of Adopted Child	Maximum Amount of Leave*
6 years old or younger	8 weeks
At least 7 years old but less than 13 years old	4 weeks
At least 13 years old but less than 18 years old	2 weeks

PREAMBLE

AGREEMENT entered into as of the first day of September, **2024**, between Connecticut Valley Electric Exchange, herein referred to as The "Company" and LOCAL UNION NO. 457 of the INTERNATIONAL BROTHERHOOD OF ELECTRIC WORKERS hereinafter referred to as The "Union". In respect to the bargaining unit as certified by proper authority for the purposes of collective bargaining with regard to rates of pay, hours of work, and other conditions of employment, this Agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns should be bound by the terms of this Agreement.

ARTICLE I
RECOGNITION

The Company recognizes the Union as the exclusive representative for all employees in the job classifications listed in Article XXIII as certified by the National Labor Relations Board Case No. 34-RC-1880 on March 21, 2001. The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director- Labor Relations.

ARTICLE II
DEFINITION OF AN EMPLOYEE

The word "employee" as used in this Agreement refers only to regular employees in the bargaining unit. Regular employees are employees hired on a full time basis for work in an established job classification.

ARTICLE III
NON-DISCRIMINATION

1. The Union agrees, on behalf of members of the bargaining unit, that employees will continue to individually and collectively perform efficient work and service, and that he/she will avoid and discourage waste of materials, time and manpower, and that he/she will use their influence and best efforts to protect the property of the company and its interests and to prevent loss of tools and materials, and that he/she will cooperate with the Company in promoting and advancing the welfare of the Company and the service it provides at all times.

2. The Company and Union agree to continue their cooperative efforts to promote safety, reliability, efficiency, and harmony in the workplace.

3. The Company and the Union will continue their policy of non-discrimination towards all employees with respect to race, color, religion, national origin, age, sex, disability, marital status, or status as a disabled veteran or a veteran of the Vietnam era.

4. The Company agrees that it will not discriminate against any member of the Union.

ARTICLE IV
UNION MEMBERSHIP/UNION DUES

1. All current employees in the bargaining unit who become members of the Union after the effective date of this Agreement shall, as a condition of employment, be required to remain members in good standing during the term of this Agreement.

2. All employees hired or transferred after the effective date of this Agreement shall be required, as a condition of employment, to become members of the Union and maintain their membership in good standing within 30 days after the effective date of this Agreement or their date of employment, whichever is later.

3. Good standing shall mean the tender of periodic dues and the payment of an initiation fee uniformly required as a condition of membership in the Union.

4. The Local Union shall notify the Company, in writing, of its amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, The Local Union shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

5. Upon receipt of individual written authorization and assignment from employees who are or become members of the Union pursuant to this article, the Company will make a single deduction for the initiation fee and in addition, will deduct required monthly union due from the employees' wages on a weekly basis and remit monthly to The Local Union officers designated in writing by the Union. If employees are transferred out of the bargaining unit, their authorization for the payroll deduction of union dues will automatically become void at the end of the calendar month within which their transfer is effective.

6. The Company will deduct from the wages of each employee on a pay period basis from whom it receives authorization, voluntary contributions to the Union's COPE fund. Such deductions shall be remitted to the financial secretary of the Union, monthly, along with a list of employees and amounts so deducted.

ARTICLE V
MANAGEMENT RIGHTS

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer, discipline employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE VI
SENIORITY

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company (CONVEX) shall be known as “Company seniority.”

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority. Any employee who is transferred out of the bargaining unit and subsequently transferred back into the bargaining unit, the employee’s classification seniority date will be the date of transfer back into the bargaining unit.

c) Each exempt job classification in Appendix A has separate classification seniority. Employees moving from one job classification to another will start at the lowest job classification seniority for the new job classification, beginning on the day they were transferred into the new job, with the exception of when a Transmission Coordinator accepts a Transmission System Operator position, the employee will be placed at the lowest classification seniority for a Senior Transmission System Operator 12A, provided the employee has previously held that position or the equivalent.

d) Total length of continuous time served with this Company (CONVEX), and system companies, shall be known as System Seniority.

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

Employees hired or transferred shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his probation period as defined above shall become a regular employee at the end of the probationary period and his seniority shall start from the date of hiring. A regular employee shall lose his seniority status if he resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in this Article.

PROMOTION

1. Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion from operator to coordinator.

2. When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having the greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his skill, efficiency, knowledge, ability and acceptable performance in training he will be given the promotion. If the employee having the greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority.

RETROGRESSION

If it is definitely established that (1) a regular employee is incapable of performing the duties of his job classification because of an injury sustained in the employ of the Company, or (2) a regular employee having five or more years of continuous service is incapable of performing the duties of his job classification because of a disability or infirmity arising from natural causes and he is assigned to a lower job classification within his ability to perform, a special basic rate of pay will be established for him as follows:

For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he is reassigned by the product of five percent times his years of continuous service and adding the amount so obtained to the maximum basic rate of the lower rated job classification.

For an employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustments made during the term of this Agreement.

VACANCY

The Company will give preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit. The Company's determinations of the qualifications of employees seeking the vacant position will be made on the same basis as for hiring new employees. Such determination of qualifications may include a formal assessment of skills needed to perform the role.

In the event two or more employees with basically equal qualifications apply for a vacancy, preference for placement will be determined by greater Company Seniority.

ARTICLE VII
HOLIDAYS

1. New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur

upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

Exempt

a. Each employee shall be granted 8 hours time off with pay for each company observed holiday.

b. When a company observed holiday falls on an employee's day off, he/she will receive an equivalent day off in lieu of a paid holiday. With supervisory approval, the employee will schedule an equivalent day off on a day the employee is normally scheduled to work and it should be within thirty (30) days of the holiday.

c. If an employee is scheduled to work on a company observed holiday, he/she shall be granted a day off in lieu thereof or at the discretion of the Company, an employee may be paid 8 hours holiday pay at their basic straight time rate.

d. An employee who works his/her normal schedule on a company observed holiday shall receive an additional rate of .7 times their hourly base pay rate for all hours worked.

.

e. When an employee is required to work on a company observed holiday outside of an employee's normal schedule, the Company will pay the employee at an overtime rate of 1.7 times their hourly base pay rate for all hours worked on the holiday outside their normal work schedule.

3. When a company-observed holiday falls on a Sunday, the following Monday is recognized, for pay purposes, as the holiday. However, for employees required to work a Sunday holiday as part of their normal assigned schedule, the holiday is observed on that Sunday.

4. When a company-observed holiday falls on a Saturday, the preceding Friday is recognized, for pay purposes, as the holiday. However, for employees required to work a Saturday holiday as part of their normal assigned schedule, the holiday is observed on that Saturday.

5. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If Christmas Day falls on a weekend day or a Monday, the 4 hours will be allowed in a manner consistent with the rest of the Company.

If it is determined by the Company that time off cannot be allowed, the employee in lieu of the time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

6. Holiday(s) will accrue during an employee's time on Short Term Disability.

ARTICLE VIII
SAFETY

1. The parties agree that safety is a matter of paramount importance, and that safety rules and regulations prescribed by the Company or law, that are applicable to the industry, shall be complied with by the employees and the Company.

2. The Company shall provide protective devices and equipment and necessary instruction as required to complete work assignments. **Effective January 1, 2025, the Company shall provide an annual three hundred and fifty dollar ($350) FR clothing allowance for employees in the Transmission Coordinator and Technical Procedure Writer classifications.** The Company shall provide a **three** hundred and fifty dollar (**$350**) FR clothing allowance to **all other employees** during the term of the Agreement.

The Company shall provide a two hundred dollar ($200) allowance to each employee toward the purchase of one or more pair per year of safety footwear in accordance with the Company's safety footwear standards.

ARTICLE IX
EMPLOYEE BENEFITS

It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the Eversource Pension Plan for the term of this Agreement for employees hired prior to December 31, 2008, and to offer the K-Vantage Benefit to employees hired after December 31, 2008. K-Vantage will also be available to employees hired prior to December 31, 2008, who have chosen K-Vantage in lieu of additional service and earnings credits under the Eversource Pension Plan. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

ARTICLE X
NO STRIKES AND NO LOCK-OUTS

During the term of this agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All

grievances arising under this Agreement shall be settled in the manner provided for in Article XVI.

ARTICLE XI
COMPLIANCE WITH LAW

No provision of this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory bodies having jurisdiction. If any such laws, regulations, rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purpose of Articles XVI or XVII.

ARTICLE XII
ABSENCE DUE TO NON-OCCUPATIONAL
ILLNESS OR INJURY

The base pay of an employee absent from work because of non-occupational illness or injury will be continued based on the following:

Continuous Service	**Weeks of Full Pay**
Less than 2 years	Up to 2 weeks
For 2 years but less than 3 years	Up to 4 weeks
For 3 years but less than 4 years	Up to 6 weeks
For 4 years but less than 5 years	Up to 8 weeks
For 5 years but less than 10 years	Up to 10 weeks
For 10 years or longer	Up to 1 week for each year of Continuous service

ELIGIBILITY PERIOD

The eligibility period for maximum annual payments for absence due to no occupational sickness or injury is based on a calendar year- January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year to a succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

When an employee is absent from work because of illness or disability, the employee shall notify their immediate supervisor as soon as possible indicating the nature of the illness or disability and the estimated length of absence. Failure to so report may be cause to consider the absence as unauthorized and without pay.

It is the employee's responsibility to keep the supervisor informed concerning the illness or disability and the employee's progress.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Incumbent employees as of January 1, 2015 will keep their sick time allotment in accordance with this article. In addition, they will have a one-time opportunity (by October 17, 2014) to opt into the Sick Leave Wage Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY

- Nonoccupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first **twelve (12)** weeks of short term disability will be paid at 100% of base pay
- Up to **thirteen (13)** additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay to extend a short-term absence prior to transitioning to long-term disability (LTD)

ARTICLE XIII
VACATIONS

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed **120 hours** of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed **80 hours** of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed **40 hours** of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) **Effective January 1, 2025, the vacation allotment as set forth below is based on employees completing the designated number of years of continuous service by December 31 of a calendar year.**

Less than one year of service	Start date January 1 through March 31 – **120 hours**
	Start date April 1 through June 30 – **80 hours**
	Start date July 1 through September 1 – **40 hours**
	Start date October 1 or later – no vacation accrued.
One year but less than **6** years	**120 hours** per year
6 years	**128 hours**
7 years	**136 hours**
8 years	**144 hours**
9 years	**152 hours**
10 years but less than 20 years	**160 hours** per year
20 years or more	**200 hours** per year

Section 2: Requests for Extended Vacation. Requests to extend vacation periods beyond the entitlement will be handled as requests for leave of absence and will normally be without pay.

Section 3: Military Leave. If an employee is granted a military leave of absence due to enlisting or being drafted, he/she is eligible for full vacation based on credited years of service, for the calendar year in which the military leave begins. If an employee is unable to take vacation before the last workday, he/she will receive base pay due in lieu of vacation.

Section 4: Returning from Leave of Absence. If an employee returns from leave of absence of more than six months duration before June 1 of the calendar year, he/she is eligible for full vacation for that calendar year. If an employee returns after June 1, he/she will be eligible for one tenth of the vacation entitlement for that year for each full month remaining in that calendar year to include the month of return.

Section 5: Vacation Eligibility. Vacation eligibility upon termination is as follows:

a) In the year of retirement, an employee must take full vacation before the official retirement date. Exceptions to this provision require Manager, Human Resources approval. An employee retiring on February 1 of any year will be permitted to take vacation entitlement for that year immediately prior and contiguous to February 1.

b) If an employee classified as “regular” terminates employment voluntarily or involuntarily, he/she will be credited with any vacation that would have been earned but not taken in that year plus carry over.

Except for 5.a. above, if the employee leaves between January 1 and June 1, the vacation entitlement for that year will be prorated at one fifth of the total vacation allowance for each full or partial month worked.

If an employee leaves after June 1, he/she will be entitled to full vacation.

c) When termination is due to death, the designated beneficiary will receive base pay in lieu of any unused portion of vacation.

d) An employee classified as probationary is ineligible for vacation if he/she voluntarily terminates or is involuntarily terminated.

Section 6: Vacation Schedules. The employee’s supervisor must approve vacation schedules. Approval will be based on employee preference, operating requirements of the Company, and length of service of the employee.

If an employee’s vacation entitlement is more than two weeks, the third, fourth, and fifth weeks may not necessarily be authorized as consecutive or continuous with the first two weeks. Any request for a vacation period longer than two weeks must be scheduled and approved by department management.

Section 7: Selection Process. On or before November 1st of each year, the Company will post a twelve (12) month work schedule effective January 1st through December 31st of the next year.

On or before November 15th, each System Operator will submit their vacation request for the first two weeks of vacation entitlement to their supervisor.

On or before December 1st, the Company will post a revised work schedule to include the first two weeks of vacation entitlement.

On or before December 15th, each System Operator will submit their vacation request for the third, fourth, and fifth weeks of vacation entitlement to their supervisor.

On or before January 1st, the Company will post a revised work schedule, which will include vacation entitlements for the entire year.

Section 8: Unused Vacation. **Employees are permitted to carry over up to forty (40) hours of vacation from one calendar year into the next. Vacation time carried over will be forfeited if not used in the calendar year following the year in which the time is earned.**

If, during the normally scheduled vacation, an employee suffers a serious incapacitating illness or injury, that portion of the vacation period may be rescheduled at the option of the Company. It is the employee’s responsibility to notify their supervisor of such illness or injury as soon as possible and furnish verification from the attending physician upon request.

If, during an employee's vacation, a death in the immediate family occurs and time off would have been granted in accordance with Article XVIII, that part of the vacation may be rescheduled.

Section 9: Company-Observed Holiday(s). If a company observed holiday(s) falls within an employee's vacation, an additional day(s) of vacation will be granted.

ARTICLE XIV
JURY DUTY

Regular employees called to jury duty will be granted time off from regularly scheduled work time and be paid the difference between their normal basic wages and jury duty fees during the period of jury duty.

ARTICLE XV
JOB CLASSIFICATION

Each employee will be assigned a job classification, the duties for which the employee has the necessary qualifications, is competent to perform and which generally reflects the employee's normal work. Such job classification shall not preclude assignment of the employee for limited periods on work other than that reflected by the employee's job classification to meet the Company's service requirements.

ARTICLE XVI
GRIEVANCES

Any complaint involving the interpretation, application or claim of violation of a provision of the Agreement made by an employee to his foreman or immediate supervisor concerning his wages, hours or working conditions, which is accompanied by a request for an answer, will be considered as a grievance for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local Union, an employee from within the area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him in Step One, or for a Business Manager or his designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

STEP ONE
The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the foreman or immediate supervisor as promptly as possible following the incident which caused it. The foreman or immediate supervisor will endeavor to settle it by giving

an answer as promptly as possible and within seven days of the date of presentation. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement): from the date of presentation in this Step.

STEP TWO

The Business Manager or Assistant Business Manger shall forward the grievance in writing to the Manager concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances causing it. The Manager concerned or his designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step, it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or his designated representative, other Management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both. In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension my mutual agreement), from the date of the claimed violation.
If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

STEP THREE

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director- Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

a) Three representatives appointed by the Company, and
b) Three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his designated representatives. In addition and International Representative may be present in this Step in an advisory capacity to the Local Union.

The joint committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director- Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the Grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, the Director- Labor Relations shall forward it to the Business Manager of the

Local Union who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE XVII
ARBITRATION

1. Any grievance, as defined in Article XVI of this Agreement that has been properly and timely processed through the grievance procedure set forth in Article XVI of this Agreement and that has not been settled at the conclusion thereof, may be appealed to arbitration buy the Union serving the Company with written notice of its intent to appeal.

The failure to appeal a grievance to arbitration in accordance with the Article within thirty (30) calendar days after receipt of the written answer of the Company at Step 3 of the grievance procedure set forth in Article XVI of this Agreement shall constitute a waiver of the Union's right to appeal to arbitration and the written answer of the grievance procedure shall be final and binding on the aggrieved employee, the Company, and the Union.

2. Not later than fifteen (15) calendar days after, either the Union or the Company may submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company.

3. The jurisdiction and authority of the arbitrator and his/her opinion and award shall be confined exclusively to the interpretation or application of the provisions of this Agreement. They shall have no authority to add to, detract from, alter, amend, or modify any provision of this Agreement, or to establish or alter any wage rate or wage structure. The arbitrator shall not hear or decide more than one (1) grievance at a time without the mutual consent of the Company and the Union. The written award of the arbitrator on the merits of any grievance adjudicated within his/her jurisdiction and authority shall be final and binding on the aggrieved employee, the Union, and the Company.

4. The fee of the American Arbitration Association and the fees and expenses of the arbitrator shall be shared equally by the Company and the Union.

ARTICLE XVIII
FUNERAL LEAVE

Employees will be allowed time off with basic straight-time wages under the following conditions:

Time off without loss of pay shall be granted to employees in the event of death in the family as follows: Up to a maximum of five (5) days of time off without loss of pay shall be granted to employees in the event of death of an immediate family member. An "immediate family member" includes an employee's spouse, child, stepchild, parent, stepparent, sister, brother, stepsibling, father and mother-in-law, grandchild, or grandparent. Up to a maximum of three (3) days off without loss of pay shall be granted to employees in the event of death of the employee's brother-in-law, sister-in-law or a person who is actually a member of and living in the employee's household. Up to a maximum of two (2) days off without loss of pay shall be granted to employees in the event of death of the employee's aunt or uncle. Employees seeking leave must notify the employee's supervisor of such death and request such leave, which shall be granted unless an emergency exists at the time requiring the employee's services.

ARTICLE XIX
WORKDAY-WORKWEEK-SHIFT WORKERS

NONEXEMPT

For purposes of this Agreement a day worker is one whose basic work week is Monday through Friday, between the hours of 6 a.m. and 6 p.m.

1. Employees assigned to work between the hours of 6:00 p.m. and 6:00 a.m. as part of his/her basic work schedule will have a premium of two dollars ($2.00) added to his/her basic and overtime hours worked within that schedule.

2. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Employees required to work in excess of his/her scheduled eight (8) hours on a Sunday will be paid at double time for all such hours worked.

3. When employees are assigned to work on Sunday as part of his/her basic work schedule, a premium of 25% of the basic straight time rate will be added to his/her basic straight time rate for all hours worked on Sundays on a normal schedule by shift workers. Shift or Scheduled workers required to work in excess of his/her scheduled eight (8) hours on a Sunday, and workers who are required to work on a Sunday outside of their normal schedule will be paid at double time for all such hours worked.

Exempt

Employees assigned to a special work schedule involving a full rotating shift which includes Sundays and holidays, will receive an annual shift and turnover adder as follows:

September 1, 2024	**$11,000.00**
September 1, 2025	**$11,500.00**
September 1, 2026	**$12,000.00**
September 1, 2027	**$12,500.00**

Special Duty Week Change in Schedule

The Company may initiate deviations from the special duty week schedule without any resulting overtime under the following conditions:

- **The Company provides at least seventy-two (72) hours' notice of the schedule change.**
- **The total hours do not exceed the original scheduled hours.**
- **At least eight (8) hours shall be provided per deviation.**
- **There shall be at least twelve (12) hours off between shifts provided per deviation unless agreed upon by the employee.**

If the above conditions are not met during a deviation in the special duty week schedule, any hours worked outside of the employee's normal special duty week schedule shall be paid at the applicable overtime rate.

ARTICLE XX
MEALS AND EXPENSE

1. When required to work distant from his base area, employees will be paid expense and travel allowances as follows:

a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1 or Section 3 of this Article is applicable, an employee required to make his own arrangements to report to a job location including all training assignments outside his base area will be paid a daily expense allowance as provided under one of following Plans:

Plan A - If the distance one way is twenty-five miles or less; **$31.15** per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; **$55.20** per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; **$63.13** per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; **$71.30** per day.

When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; **$26.77** per day.

Plan F - If the distance one way is over thirty miles; **$36.75** per day.

For the purposes of the above plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job location involved.

3. Employees not covered by the expense plans in section 2 of this article who are authorized by their supervisor to use their personal vehicle on Company business will be reimbursed at the current NU mileage reimbursement rate, and in a manner consistent with company mileage reporting practices. This rate may be changed by the company without advanced notification.

4. Employees not covered by the expense plans in section 2 of this article, may be entitled to a company provided meal if they are on authorized business travel, or if they have worked in excess of 2 hours of unplanned overtime and are authorized by their supervisor to have a company provided meal. Meals will be paid for by the employee and will be submitted for reimbursement through the company expense reporting procedure. The employee's supervisor may reject unreasonable expenses.

Nonexempt

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid one and one-half hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Monday-Friday so assigned.

Employees who are assigned by the Company to be available outside their normal schedule hours will be paid three hours at basic straight-time rates for each twenty-four-hour period, or part thereof, for each Saturday, Sunday, or holiday so assigned. If the above-referenced assignment spans over a twenty-four-period in which two different pay entitlements are incurred, the employee shall receive one payment - the greater of the two. Employees may not receive more than one (1) on-call payment for any twenty-four-hour period so assigned. Employees may not receive more than seven (7) on-call payments in a seven day period, with no more than two 3 hour payments of any weekend call payments.

ARTICLE XXI
OVERTIME

NONEXEMPT

1. All hours worked in excess of eight hours per day or the basic forty hours per week, will be paid for at one and one-half straight time rates except when other overtime rates, premium rates or holiday rates are applicable.

2. Employees shall be paid time and one-half for all time worked outside of their normal work schedule.

3. All time worked on holidays recognized under this Agreement shall be paid at time and one-half, except where the time worked is outside the employee's normal scheduled workday in which case the time shall be paid at double time. Such payment will be in addition to holiday pay.

4. If an employee is required to work beyond sixteen consecutive hours, such employee will be paid at double the straight time for rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this section.

5. There shall be no duplication or pyramiding of premium pay or of overtime on a daily or weekly basis. Overtime or premium rates shall be paid for only once. No employee shall be paid both daily and weekly overtime for the same hours worked nor otherwise paid more than once for the same hours worked. If a provision for double time and time and one-half both apply to the same period of time worked, the double time provision shall be applied.

Exempt

1. Employees authorized to work overtime will be paid at an overtime rate of 1.4 times their hourly base pay rate for all hours worked outside their regular work schedule from the first hour except for holidays.

DISTRIBUTION

1. Insofar as practicable, overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

ARTICLE XXII
REST TIME

NONEXEMPT

1. Employees called out, who work more than two (2) hours during the eight (8) hour period immediately preceding the starting time of their next normal schedule, will be

allowed rest time, whenever possible, during their normal schedule without loss of normal wages.

2. The rest time shall be equivalent to the time worked plus any time allowed off for meals during the eight (8) hour period and will be paid for a straight time rates. When service requirements will not permit allowing all of the earned rest time off, that part worked will be paid for at double straight time rates.

ARTICLE XXIII
WAGES

1. The job classifications covered by this Agreement are:

Transmission Coordinator **A**
Transmission Coordinator B
Chief Transmission System Operator **A**
Chief Transmission System Operator B
Senior Transmission System Operator A
Senior Transmission System Operator B
Senior Transmission System Operator C
Transmission System Operator A
Transmission System Operator B
Transmission System Operator C
Associate Transmission System Operator
Senior Engineering Technician
Transmission System Operator Trainee
Engineering Technician A
Engineering Technician B
Engineering Technician C
Technical Procedure Writer

2. All employees will be reviewed annually. The Company's determination on such reviews shall not be subject to grievance or arbitration.

3. The wage rates, effective **September 1, 2024, August 31, 2025, August 30, 2026 and August 29, 2027** shall be as provided in Appendix "A".

ARTICLE XXIV
GENERAL

Section 1: Wages While Negotiating. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to two (2) employee representatives of the Union for time lost from their normal work schedules while attending meetings with company representatives.

Section 2: Work Schedule During Negotiations. The negotiating committee representative assigned to work schedules with hours directly preceding or directly following the time during which a negotiation meeting with the Company takes place, will be rescheduled to accommodate the negotiating process. the Company will exercise its

right to schedule and/or assign work in order to minimize disruption of operations and cost to the Company while at the same time accommodating the negotiating process.

ARTICLE XXV
CONTRACT WORK

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XXVI
EXTENT OF AGREEMENT

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XXVII
TERMINATION OF AGREEMENT

Section 1: Term of Agreement. Except as otherwise provided, this Agreement shall become effective as of September 1, **2024** and shall remain in full force and effect until September 1, **2028**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

Section 2: Notice. In the event that either party shall desire to terminate this Agreement or any renewal thereof, it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the Agreement.

If notice is given as provided above, it shall be addressed to, respectively:

ATTENTION: DIRECTOR - LABOR RELATIONS

I hereby authorize The Connecticut Light & Power Company to make a single initiation fee deduction and in addition to deduct from my wages each month union membership dues in Local 420 and Local 457 of the International Brotherhood of Electrical Workers in such sums as from time to time the secretary/treasurer of Local 420 and Local 457 of the International Brotherhood of Electrical Workers may certify. Initiation fees and dues covered by this authorization are not deductible as charitable contributions for federal income tax purpose.

I further direct the Company to remit the amount deducted to the Union Officer designated by the Union to receive such payments.

This authorization shall be effective for the duration of any written agreement or extension thereof between The Connecticut Light & Power Company and Local Union Nos. 420 and 457 of the International Brotherhood of Electrical Workers, et al unless canceled in writing by me.

Topics

TOPIC: Temporary Upgrade to Chief Transmission System Operator

A fifty dollar ($50.00), per shift adder will be paid to a Transmission System Operator or Senior Transmission System Operator, when assigned by supervision to serve in the capacity of Chief Transmission System Operator. During the shift the Chief Transmission System Operator has the authority and responsibility to make operational decisions and directions as required to ensure safe, reliable and economical dispatch of the CONVEX interconnected transmission bulk power system in accordance with the associated operating procedures and instructions. The Chief Transmission System Operator is also responsible for the proper operational shift relief/turnovers including exchange of pertinent information required to maintain operational safety and reliability. This also includes the authority to mobilize additional resources as necessary or required to respond to abnormal system conditions.

1. Scope of Assignment
In addition to normal work duties, interfaces with internal and external customers/clients, and provides direction and decision-making when needed.

2. Selection of Employees
The employee with the greatest departmental seniority in the following order will be assigned.

Senior Transmission System Operator	Grade 12A
Senior Transmission System Operator	Grade 12B
Transmission System Operator	Grade 11A
Transmission System Operator	Grade 11B

NOTE: In the event employees have the same date (departmental seniority), the employee with the most system seniority will be assigned. In the event employees have the same departmental and system seniority, the employee with the earlier birth date will be selected.

NERC Certification

Previously agreed to language from the 2008-2011 Contract summary.

The Company and union agree that the company will limit the number of NERC Certification re-tests following failing grades to two re-tests, which may include extension of probation period for new hires. Employees who do not pass the NERC Certification test will be deemed unqualified, and will be subject to discharge, pursuant to Company practice.

Employees who fail to demonstrate proficiency in reliability related task testing will after remedial training, be considered unqualified for their job and will be addressed by the company in accordance with normal practice.

The Company and Union agree to meet and discuss any employee related changes in NERC Certification requirements that may be implemented during the term of this contract. These meetings are intended to be informational and to assist the union in determining the impact of any changes on the bargaining unit members. Additionally, these meetings are outside of the negotiations and grievance process.

TOPIC: ADOPTION ASSISTANCE BENEFIT

Effective September 1, 2024, the Company will provide an increased adoption assistance benefit and the addition of a surrogacy assistance benefit:

The adoption and surrogacy assistance benefit provides a combined annual maximum reimbursement of up to $15,950 of eligible expenses for the adoption or surrogacy of each child under the age of 18. Employees may be reimbursed for either adoption or surrogacy eligible expenses per year, but not both. Only the expenses employees actually incur are eligible for reimbursement.

For adoptions, the benefit is payable when the adoption is final (when a decree of adoption is entered by the court). For surrogacy, employees may be reimbursed for qualifying expenses incurred resulting in a fully completed and Valid Surrogacy Contract through a bona fide agency.

a. A Valid Surrogacy Contract is one that is legal in the state in which the parties enter into it and is between the party who has agreed to become impregnated, carry and give birth to a child and the intended parent(s) of such child.

b. A completed Valid Surrogacy Contract is one that results in an eligible employee being recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or other court order recognizing the eligible employee's parental rights under applicable law.

i. Note: A surrogacy contract that fails to result in a live birth, or results in a live birth but the eligible employee is not recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or order recognizing the eligible employee's parental rights under applicable law, shall not be a Valid Surrogacy Contract and no reimbursement benefits will be paid under this Program.

The adoption and surrogacy assistance benefit applies to expenses incurred on or after September 1, 2024. Eligible expenses include adoption or surrogacy agency fees, placement fees, legal fees, court fees, travel expenses, the child's initial medical exam and certain out-of-pocket medical expenses for the natural mother.

If an employee or the employee's spouse (or partner/the other parent) both work at Eversource, only one employee is eligible to submit expenses for reimbursement.

Adoption Leave
Employees are eligible for company-paid adoption leave after completing three months of employment with Eversource. An employee's pay during the duration of his or her adoption leave will be based on his or her base pay in effect on the day the leave starts.

An employee must give his or her supervisor at least three months written notice of the date the leave will start and when the employee expects to return to work. If an employee is also eligible for Family Medical Leave Act (FMLA) leave, time taken for adoption leave will also count as FMLA leave.

Duration of Leave
Adoption leave begins on the date the child is received into an employee's home. The maximum duration of an adoption leave depends on the age of the adopted child according to the following schedule:

Age of Adopted Child	Maximum Amount of Leave*
6 years old or younger	8 weeks
At least 7 years old but less than 13 years old	4 weeks
At least 13 years old but less than 18 years old	2 weeks

PREAMBLE

AGREEMENT entered into as of the 15th of July, 2021, between NORTHEAST UTILITIES SERVICES COMPANY DBA EVERSOURCE ENERGY SERVICES COMPANY, hereinafter referred to as the COMPANY, and LOCAL NO. 457 of THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, hereinafter referred to as the UNION, with respect to rates of pay, hours of employment, and other conditions of employment. This Agreement shall be binding on any and all successors and assigns of the Employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The Employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

ARTICLE I
RECOGNITION

The Company recognizes the Union as the sole collective bargaining representative with respect to wages, hours of employment, and other conditions of employment for all full-time and regular part-time Customer Resolution Specialists, Customer Service Center Representatives (Levels 1-5), Business Customer Service Representatives (Levels 1-5), Contact Center Representatives (Levels 1-5), Team Leads, and Meter and Service Dispatchers, employed by the Employer at its Windsor, Connecticut facility; but excluding all other employees, and guards, professional employees and supervisors as defined by the Act. Recognition is granted pursuant to the Certification of Representative of the National Labor Relations Board in case number 01-RC-224159 dated August 22, 2018 (the “Unit”).

ARTICLE II
UNION MEMBERSHIP

Section 1.

(a) The Company recognizes the Union as the exclusive bargaining agent for all employees in job classifications listed in Appendix "A" of this Agreement.

(b) The Company and Union agree to continue their cooperative efforts to promote safety, efficiency, and harmony among all the employees and to promote and advance the welfare of the Company and the service at all times.

The Union agrees that its members, who are employees of the Company, will individually and collectively continue to avoid and discourage waste of materials, time, and manpower, and that they will use their influence and best efforts to protect the property of the Company.

(c) The Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall

notify the Company of such change promptly. Notices to the Company under this provision shall be directed to Manager, Labor Relations.

Section 2.

If at any time during the term of this Agreement, or any renewals or extensions hereof, the Company shall recognize the Union as the exclusive bargaining agent of the employees in any job classification in addition to those specified in Section 1.(a) of this Article, all of the provisions of this Agreement shall become applicable to the employees in such job classification as though such job classification had been originally designated herein, except that the rates of pay applicable to such job classification shall be such as may be agreed upon between the Company and the Union.

Section 3.

The following provisions will apply to employees in job classifications covered by this Agreement:

(a) Employees who are members of the Union or its predecessor Union on July 15, 2021, or who later become members, will, as a condition of employment, be required to maintain their membership for the duration of this Agreement.

(b) Employees hired or transferred into the bargaining unit will be required, as a condition of employment, to join or make application to join the Union thirty days from their date of employment or transfer or thirty days after the date this Agreement is executed, whichever is later.

(c) If the Union refuses to accept as a member or refuses to continue the membership of any employee for any reasons other than the failure to pay or tender payment of uniformly required initiation fees and periodic dues, the employee shall be exempt from the provisions of (a) and (b) above. It shall be the responsibility of the Union to solicit the membership of employees who are required to join the Union under Section 3.(b). Should the Union fail to solicit the membership of an employee within the time period prescribed in (b), that employee shall be exempt from the provisions of (b) until the first day of the calendar month within which the employee's membership is first solicited by the Union.

(d) Should an employee fail or refuse to join the Union or maintain membership therein as hereinbefore provided, the Union may request the Company to discharge such employee. The request shall be submitted in writing to the Manager, Labor Relations. Two weeks from the date of receipt of the request, unless the Company has notified the Union that the matter is in dispute, the employee will be discharged, provided that, if, during the two-week period, the employee complies with the Union membership provisions of this Section 3., the Company will not be obliged to discharge the employee.

(e) If a dispute arises under Section 3.(d) hereof concerning the discharge of an employee, the Manager, Labor Relations and the Business Manager of the Union shall ascertain the facts and endeavor to settle the dispute. Pending settlement of this dispute, the Company will not suspend or discharge the employee concerned for reasons related to this dispute. If this dispute is not settled within thirty calendar days, (subject to extension by mutual agreement), from date of receipt of the Union's written request for discharge as provided in Section 3.(d) hereof, either party may, within the next ten calendar days following the thirty calendar day period, submit the dispute to Arbitration for final settlement as provided in Article IV.

Section 4.

(a) Each Local Union shall notify the Company in writing of its required amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, the Union shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Manager, Labor Relations.

(b) Upon receipt of individual written authorization and assignment from employees in job classifications listed in Appendix "A", the Company will make a single deduction for the required initiation fee and in addition will deduct required Union dues from the employees' wages on a pay period basis and remit monthly to the Union. Authorizations shall be submitted in the form and language shown in Appendix "B" attached hereto and made a part of this Agreement. If an employee is transferred out of the Unit, the employee’s authorization for the payroll deduction of Union dues will automatically become void at the end of the pay period within which the employee transfer is effective.

(c) The Company will deduct from the wages of each employee on a pay period basis from whom it receives written authorization, voluntary contributions to the Unions’ COPE fund. Such donations shall be remitted to the financial secretary of the Union monthly, along with a list of employees and amounts so deducted.

Section 5.

It is agreed that neither the Company nor the Union will discriminate against any employee in the application of any of the terms of this Agreement because of race, color, religion, sex, national origin, age, ancestry, marital status, familial status, sexual orientation, disability/handicap, military status, genetic information, Vietnam era veterans, disabled veterans, and other veterans.

ARTICLE III
THE FUNCTIONS OF MANAGEMENT

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that

the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work; the direction of the working forces; the right to hire, suspend or discharge for just cause; the right to transfer the work of bargaining unit employees; the right to consolidate the work of bargaining unit employees; the right to consolidate work locations; the right to subcontract work; the right to set work schedules (start and end times); and the right to promote, demote, transfer, discipline, and lay off employees. In exercising these rights, the Company will act in accordance with the provisions of this Agreement.

ARTICLE IV
GRIEVANCES

Section 1. Open-Door Policy

Management will discuss problems or potential problems with Business and Assistant Business Managers. Under the Company's open-door policy, an employee or an employee's representative in the presence of a Union Business Manager or Assistant Business Manager is welcome to discuss problems or potential problems with management at any reasonable time.

The Company agrees with the Union that it is mutually advantageous to avoid grievances whenever possible by prompt investigation and appropriate adjustment where indicated.

Section 2. Introduction to Grievance Procedure

Any complaint made by an employee to the employee's immediate Supervisor concerning the employee's wages, hours, or working conditions, which is accompanied by a request for an answer, will be considered as a grievance for the purpose of this Article. Grievances should be presented as promptly as possible following the incident(s) that gave rise to them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Union, an employee from within the Windsor Customer Service Center other than the aggrieved, will be allowed a reasonable amount of time to discuss grievances with management in Steps One, Two, or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager, or Assistant Business Manager if the employee wishes one to appear with the employee in Step One, or for a Business Manager or the employee's designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or the employee's designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

Section 3. Step One

The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager, or Assistant Business Manager, shall present the grievance to the immediate Supervisor within five calendar days following the incident which gave rise to it. The immediate Supervisor will endeavor to settle it by giving an answer within seven calendar days of the date of presentation. If an answer is given and accepted in this Step, the grievance is to be considered closed. If an answer is not given, or is not acceptable, it may be taken to Step Two within ten calendar days, (subject to extension by mutual agreement), from date of presentation in this Step.

Section 4. Step Two

The Business Manager or Assistant Business Manager shall forward the grievance in writing to the Manager concerned stating its nature, specifying any and all provision(s) of the Agreement on which it is based and that the Union claims have been violated, and giving a brief description of the circumstances causing it. The Manager concerned will investigate the grievance and answer it as promptly as possible.

If a meeting is held in this Step, it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager concerned, other management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) or his designated representative shall be present. This meeting shall be held within fifteen calendar days of the date on which it was taken to this Step (subject to extension by mutual agreement). At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Union, or a Representative of the Labor Relations Department of the Company, or both.

In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of ten calendar days, (subject to extension by mutual agreement), from the date of the claimed violation.

The Company will furnish written answers to the Union for grievances which are concluded with adjustment or which are denied in Step Two within seven calendar days of the date of presentation. If an answer is not given, or is not acceptable, it may be taken to Step Three within ten calendar days, (subject to extension by mutual agreement) from the date of presentation in this Step. When grievances are concluded in Step Two without adjustment, the Union will so-notify the Company in writing within ten days of the presentation in this Step.

Section 5. Step Three

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Manager, Labor Relations.

The latter shall refer the grievance to a joint committee consisting of:

(A) three representatives appointed by the Company; and
(B) three representatives appointed by the Union; one of whom shall be the Business Manager of the Union and/or the employee's designated representative. In addition, an International Representative may be present in this Step in an advisory capacity to the Local Union.

5.(a) **Designee to Appear for the International Representative** - An International Representative may designate an alternate representative to appear for the employee in a Step Three grievance meeting with the Company, provided advance confirmation of this arrangement is set forth in letters to be exchanged by the International Vice-President of the International Brotherhood of Electrical Workers, second district, and the Manager, Labor Relations, of the Company. Such letters shall confirm the status of the alternate representative, who shall be a bargaining-unit employee of the Company, as having authority to represent the International Union. The alternate representative will, at such times as are mutually convenient, be excused from the employee's normal work assignment without pay from the Company for the purpose of discussing Step Three grievances with Company representatives.

The Joint Committee shall endeavor to meet within fifteen calendar days from the date the Third Step grievance is received by the Manager, Labor Relations, (subject to extension by mutual agreement). It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with the decision.

5.(b) **Filing of a Union or Company Grievance** - At this Step in the grievance procedure, a "Union Grievance" or a "Company Grievance" may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company as management has been violated. If a "Union Grievance" is presented, it shall be forwarded in the manner specified in the first paragraph of this Step.
If a "Company Grievance" is initiated, it shall be forwarded by the Manager, Labor Relations to the Business Manager of the Union and the International Representative who shall refer the grievance for settlement to a Joint Committee as provided in this Step.

5.(c) **Notifications Required when Grievances are Concluded -** The Company will furnish written answers to the Union for grievances which are concluded with adjustment or which are denied in Step Three. The party responsible for furnishing

an answer in this Step shall endeavor to do so within ten days of the Joint Committee Meeting (subject to extension by mutual agreement). If an answer is found to be unacceptable, either party may demand arbitration within five calendar days from the answer date (subject to extension by mutual agreement). If an answer is not given within fifteen calendar days from the date of the Joint Committee Meeting in this Step, either party may demand arbitration in accordance with and subject to the provisions of Article IV (subject to extension by mutual agreement), but will be barred from demanding arbitration after twenty days from the date of the Joint Committee Meeting. When grievances are concluded in Step Three without adjustment, the Union will so-notify the Company in writing.

Section 6. Failure to Pursue or Respond

Any grievance not presented or followed up through the grievance procedure outlined above shall be deemed waived. If at any step in the grievance procedure the Company fails to give its answer within the prescribed time, the grievance may automatically proceed to the next step in accordance with the procedure set forth above.

Section 7. Time off for Grievance

Employees will be allowed necessary time off without loss of pay for attending scheduled grievance discussions with the Company at the second or third step. In addition to the time allowed above, the Assistant Business Manager or, in the employee's absence, the employee's designated representative, will, upon specific request, be allowed reasonable time off to assemble data for scheduled grievance meetings.

Additional time off without pay will be allowed to not more than 1 representative (2 by mutual agreement) upon written request by the Union for the time required to attend state, regional, and national labor conventions.

Section 8. Precedent Setting

Where either party so states in writing in the disposition of a matter not submitted to arbitration under the grievance procedure, the acceptance of the action or disposition shall not be binding on either party as a precedent for the future on the same or related matters.

Section 9. Discipline or Discharge

The Company shall orally advise the Union of any suspension or discharge, and, if requested by the Union, the matter shall, on the same day, be discussed by the proper Management representative and the Business Manager and/or Assistant Business Manager or designated representative of the Union. The Company shall

advise the Union in writing of any suspension or discharge within three (3) working days of its occurrence.

Section 10. Submission of Grievance; Selection of Arbitrator

If a grievance is not settled in Step Three of Article IV, and provided the grievance is a dispute involving the interpretation, application, or compliance with any provision of this Agreement, either the Union or the Company may, within the time limits specified in Article IV submit the grievance to an impartial arbitrator for final settlement. Only the Union or the Company may submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing, but only within the time limits set forth in Section 5 above.

Section 11. Payment of Expenses for Arbitration

The Company and the Union will share equally such fees charged by the Arbitrator or the American Arbitration Association for any grievance properly processed and properly referred to arbitration under the terms of Article IV.

Any costs incurred by either party on its own behalf, such as legal fees, stenographic costs, etc., will be paid by that party.

Section 12. Role of Arbitrator

The parties recognize the proper role of the arbitrator as one of deciding issues submitted by the parties under this Article, after a full and fair hearing, and not as being invested with any authority to participate in matters of collective bargaining. The decision of the arbitrator shall be final and binding on both parties. The function of the arbitrator shall be limited to determining whether any terms subject to arbitration under this Agreement have been correctly interpreted and applied. The arbitrator shall have no power to add or subtract from or modify any of the terms of this Agreement or any agreements made supplementary hereto.

Section 13. Agreement Changes Nonarbitrable

It is understood and agreed that proposals to add to or change this Agreement shall not be arbitrable and that no proposal to amend or terminate this Agreement may be referred to arbitration under this Article.

ARTICLE V
SENIORITY

Introduction

Employees accumulate three types of seniority:

(a) The length of continuous service with the Company since date of last hire by the Company shall constitute “Company Seniority.”

(b) “Department Seniority” will be defined as total length of service in a given department and shall start on the date on which the employee begins paying Union dues.

(c) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as "Classification Seniority." The Classification Seniority date of any employee who is transferred out of the Unit and subsequently transferred back into the Unit shall be the date of transfer back into the Unit.

In the application of seniority, as defined in paragraphs (a) and (c) above, if employees have equivalent Classification Seniority, greater Company Seniority shall prevail. If both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

Probationary employees shall have no seniority status until they have worked continuously six (6) months in the Unit. Any employee who has been continuously employed during his/her probationary period shall become a regular employee at the end of the probationary period and his/her seniority shall start from the date of hiring. A regular employee shall lose his/her seniority status if he/she resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in this Article.

Section 1. Definition of an Employee

The term "employee" as used in this Agreement refers only to regular employees in the Unit. Regular employees are employees hired for full-time or part-time employment on continuing non-temporary work in an established job classification. During the first six (6) months of employment, each such employee will be on a probationary or trial basis. Non-regular employees are employees hired for temporary work whose term of employment will not exceed three months in any twelve-month period and whose employment does not affect the advancement of or result in the layoff of a regular employee.

Section 2. Promotion

2.(a) Employees will be given preference for training to qualify for promotion within the Unit based on qualifications and as determined by management. These decisions shall not be subject to the grievance and arbitration process.

2.(b) When promoting an employee to fill a vacancy in a higher job classification within the Unit, the decision will be made based on qualifications and as determined by management. Where qualifications are equal, the Company will endeavor to give

preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit. These decisions shall not be subject to the grievance and arbitration process.

2.(c) Notices of available job openings, other than those to be filled by application of any other provision(s) of this Agreement, will be posted electronically on the Company's internal website. Each posting will be for a period of not less than seven (7) calendar days during which period interested employees may apply in accordance with the Company application process for reassignment to the posted job opening. The Company's determinations of the qualifications of employees applying for reassignment under this section will be made on the same basis as for hiring new employees. If reassignment is postponed following notification of acceptance, the employee's Classification Seniority will be adjusted upon reassignment to the starting date of the first full week following the date of the acceptance notice.

Section 3. Reassignment, Layoff, and Demotion

If at any time, Company operations require a reduction of existing working forces, management will use its discretion in reassigning employees in the classifications affected. The Company will reassign employees to job classifications for which they are qualified.

Upon execution of a waiver and release, any employee who has completed one or more years of continuous service and who is laid off because of the permanent elimination of one or more jobs shall be given an allowance of forty hours pay at the employee's straight-time hourly rate for each full year of continuous service with the Company. For any such employee who is fifty years or more of age, the above-mentioned allowance will, instead of forty hours, be sixty hours if the employee has completed at least fifteen years of continuous service, or eighty hours if the employee has completed at least twenty-five years of continuous service**.** In all instances, an employee may not receive more than fifty-two weeks of severance. Any employee who accepts any position or who is offered a position within the Company shall not be eligible for severance pay. Any employee who accepts severance pay will thereby relinquish all other rights under this Agreement.

Section 4. Employees in Military Service

The Company will reinstate, without loss of Seniority, Call Center employees, other than temporary, who have been granted leaves of absence for military service in accordance with federal statutes applicable thereto. In order to effect reinstatement, it may be necessary to reassign, transfer, or lay off other employees. Employees who have been granted leaves of absence for military purposes will not be precluded from consideration of promotion while they are on a military leave of absence.

Probationary employees, who are reinstated, shall have their Seniority adjusted to the hiring date upon completion of their six-month probationary period. Service

immediately preceding and immediately following the leave of absence shall be credited to the six-month probationary requirement.

Section 5. Seniority Lists

5.(a) The Company will prepare and make available on a shared drive seniority lists showing each employee's name, job classification, Department seniority date, and Company seniority date.

5.(b) Not later than August 1 of each year, the Company shall furnish the Union with an up-to-date seniority list for the Unit together with the classification and rate of pay of each employee on such list.

Section 6. Assignment of Job Classifications

Each employee will be assigned a job classification, the duties of which the employee is competent to perform, and which generally reflect the employee's normal work. Such job classification shall not preclude assignment of the employee for limited periods on work other than that reflected by the employee's job classification in emergencies, for sickness or vacation relief, to meet the Company's service requirements, when the employee's normal work is slack, when management deems necessary, or while the employee is being trained to better fit himself or herself for advancement in grade as vacancies occur.

Section 7. Performing Duties of Higher Job Classifications

7.(a) When an employee is temporarily upgraded to Team Lead for one or more hours, he/she will be paid one dollar and twenty-five cents ($1.25) per hour in addition to the employee's basic straight-time rate for all hours worked as a Team Lead. Upgrades will be based on management discretion. This provision will not apply to an employee who is performing the duties of a higher job classification while being trained under the direction of a qualified employee. Employees who are assigned to perform the duties of a higher job classification under this provision shall not acquire Classification Seniority in the higher job classification while so-assigned.

7.(b) If during a Supervisor's absence from work, an employee is temporarily assigned to direct work forces normally directed by a Supervisor, the employee will be paid one dollar and twenty-five ($1.25) cents per hour in addition to the employee's basic straight-time hourly rate for all hours so-assigned on one day provided the assignment is for eight or more hours on that day. Upgrades will be based on management discretion.

Section 8. Retrogression; Wage Rate

Retrogressive moves within the Unit shall be prohibited, unless it is definitely established that (1) a regular employee is incapable of performing the duties of his/her

job classification because of an injury sustained in the employ of the Company, or (2) a regular employee having five or more years of continuous service is incapable of performing the duties of his/her job classification because of a disability or infirmity arising from natural causes. In either instance, if the employee is assigned to a lower job classification within the Unit within his/her ability to perform, a special basic rate of pay will be established for him/her as follows:

> For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he/she is reassigned by the product of five percent times his/her years of continuous service and adding the amount so obtained to the maximum basic rate of the lower rated job classification.
>
> For an employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustments made during the term of this Agreement.

If an employee is retrogressed, it will be communicated in writing to the Business Manager of the Union.

Section 9. Job Classification Change Notices to Union

In order that the Union may maintain its records of Unit employees, the Company will periodically notify the Union of job classification changes. Such notification will provide the name, job classification, and location for each Unit employee hired, reclassified, transferred, or separated from the Company. The information will be directed to the Business Manager of the Union. If an employee within the Unit is discharged, the Company will notify the Business Manager of the Union as promptly as possible.

ARTICLE VI
HOURS OF WORK, RATES OF PAY, OVERTIME

Section 1.

1.(a) For the purpose of computing overtime, the workweek shall start at 12:00 a.m. Sunday and end at 11:59 pm the following Saturday.

The regular workweek for all employees covered under this Agreement at the time of ratification shall be scheduled Monday through Friday between the hours of 6:00 a.m. and 7:00 p.m.

Any employees who become covered under this Agreement following ratification may be required to work any regular schedule as deemed necessary by management subject to the bidding process set forth in this Agreement.

1.(b) **Establishing New Schedules**

The establishing of any new schedule shall be at management's discretion and shall not be subject to the grievance and arbitration process. The term "Schedule" shall be defined as a regular, daily schedule, which shall be in effect for at least one month, and shall exclude any storm, emergency, or voluntary change in shift or schedule.

Section 2. Computing Overtime, Saturday and Sunday Premiums

All hours worked in excess of forty hours in one workweek shall be paid at the overtime rate of one and one-half times the regular rate. Employees with Sunday as a regularly scheduled day off in any calendar week shall be paid at double time their regular rate for hours worked on that Sunday.

Employees with Saturday as a regularly scheduled day off in any calendar week shall be paid at time and one-half times their regular rate for hours worked on that Saturday if those hours are in excess of forty hours for the work week. For any hours worked on Saturday, the employee will be paid a shift premium of $1.40 per hour.

Section 3. Overtime

3.(a) Overtime will be assigned among employees as equally as possible. Records of overtime hours shall be made available to the Union on a shared drive each month. In selecting employees for assignment to overtime, insofar as it is practicable based on business needs, the Company will first seek volunteers by sending out a message to all qualified employees within the department and select qualified employees for the assignment in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the selection for the overtime assignment will be made based on department seniority from senior to junior.

The Company will excuse employees who do not want the assignment, provided the required number of qualified employees accept the assignment. Where additional help is needed beyond the number of qualified employees who have volunteered to work the overtime assignment, additional assignments will be made among qualified employees in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the overtime assignment will be made based on department seniority from junior to senior. Probationary employees will be considered qualified to work overtime when management deems them competent to perform the work specified in the overtime assignment.

3.(b) Employees who report for overtime shall be paid for hours actually worked at the applicable rate.

3.(c) Employees who are called in and immediately report to work at a Company location for unscheduled overtime shall be paid for hours actually worked at the applicable rate, plus one-half hour to report to work and one-half hour to return home after work, unless this extends into the employee's normal work day, in which case, he/she would not be eligible for that portion of the travel time. An employee called in for unscheduled overtime work under this paragraph will receive a minimum of three hours' pay plus the above travel time at the applicable rate except that if an employee is called in for unscheduled overtime work which continues into the employee's regular working schedule, the employee shall be paid for actual time worked and the half hour travel to work at the applicable rate.

3.(d) Time off shall not be considered as repayment for such work performed.

3.(e) Absent extenuating circumstances, employees will not be excused from overtime when such overtime is due to an emergency, a special job, or is at the end of a day's shift. Evidence of extenuating circumstances may be requested at management's discretion.

Section 4. On Call

Employees may be placed on-call outside their normal schedule hours for one or more consecutive 24-hour periods, or less than 24-hour periods. Employees who are assigned by the Company to be on-call will be paid either 1.5 hours at basic straight-time rates or 3 hours at basic straight-time rates for each 24-hour period (or less than a 24-hour period) that they are required to be on call as follows:

(i) If the majority of the 24 hour on-call period (or less than a 24-hour assignment) is served during a weekday (Monday through Friday), employees will receive 1.5 hours at basic straight-time rates;

(ii) If the majority of the 24 hour on-call period, (or less than a 24-hour assignment) is served during a holiday, weekend (Saturday or Sunday), or the employee's scheduled day off (only for employees working a special schedule), employees will receive 3 hours at basic straight-time rates. With the exception of weekend on-call periods containing Company-recognized holidays, employees will receive no more than two 3-hour payments and one 1.5 hour payment for a weekend on-call assignment (e.g., 3 p.m. Friday until 7 a.m. Monday.).

One on-call payment will be made for each 24-hour period regardless whether such 24-hour period extends over two calendar days. Employees will receive no more than five payments of 1.5 hours and two payments of 3 hours for an on-call assignment

of seven consecutive 24-hour periods (e.g., 3 p.m. Tuesday until 7 a.m. Tuesday) even though such period might extend over eight calendar days.

Employees who are on call and are required to report to work at a Company location, shall be paid for hours actually worked at the applicable rate, plus one-half hour to report to work and one-half hour to return home after work, unless the on call assignment extends into the employee's normal work day, in which case, he/she would not be eligible for that portion of the travel time. An employee called in for work while on call will receive a minimum of three hours' pay plus the above travel time at the applicable rate except that if an employee is called in for work which continues into the employee's regular working schedule, the employee shall be paid for actual time worked and the half hour travel to work at the applicable rate.

In selecting employees for On Call assignments, insofar as it is practicable based on business needs, the Company will first seek volunteers by sending out a message to all qualified employees within the department and select qualified employees for the assignment in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the selection for the On Call assignment will made based on department seniority from senior to junior. The Company will excuse employees who do not want the assignment, provided the required number of qualified employees accept the assignment.

Where additional help is needed beyond the number of qualified employees who have volunteered to work the overtime assignment, additional assignments will be made among qualified employees in inverse order of amount of overtime worked. Where qualified employees have an equal number of overtime hours, the On Call assignment will made based on department seniority from junior to senior. Probationary employees will be considered qualified if management deems them competent to perform the work specified in the overtime assignment.

Nothing shall restrict the Company's right to assign any employee to be On Call for unscheduled emergency situations, such as the forecast of a storm.

Section 5. Meals and Meal Allowances

After an employee has worked two hours or more of overtime work which is continuous with the employee's regular scheduled working hours and which forces the employee to miss his/her regular meal hour (other than breakfast as provided for below), or after five hours of overtime work, and after each additional five hours of overtime work, the Company will pay the employee $20.00 on account of such meal, unless the Company offers a meal for the employee.

In the event that an employee has more than twelve (12) hours advance notice that he/she will be working overtime, he/she will not be eligible for such meal payment, except in certain emergency situations, as determined by management.

An allowance of $10.00 shall be made for breakfast in any case where an employee is required to report for work three hours or more before the employee's usual starting time, unless the employee has been given at least twelve hours' advanced notice of such work assignment.

As far as operating requirements permit, each such employee shall be allowed reasonable time off to eat such meal. Such reasonable time off up to twenty minutes shall be included in the hours of overtime work. An employee entitled to a meal and/or time off under this Section shall, if the overtime assignment continues, become entitled to additional meals and/or time off therefore at five-hour intervals. Each such five-hour interval shall begin at the conclusion of the last prior meal or, in the event that the meal could not be taken, the five-hour interval shall begin at the time in which the meal was earned. Although exact scheduling of meals will depend on requirements of the job, it is intended that an employee be allowed to eat a meal within a reasonable time after the employee becomes entitled to it under this Section. However, if management determines that the employee may not take time off and allows the employee to work through to complete the job, the employee will be paid one-half hour for each meal for which the employee qualified. This half-hour shall not be included in the calculation for subsequent meal breaks.

An employee who is entitled to a meal allowance will be paid for the meal at the rate of $10.00 for breakfast and lunch, and $20.00 for evening meals only (4:00 p.m. to 12 midnight), unless the Company offers such meals.

Except where the Company has scheduled an employee for a straight eight (8)-hour day**,** normal lunch periods should be observed whenever practicable and those cases where it is necessary to delay lunch periods should be kept at a minimum. Employees scheduled for a straight eight (8)-hour day will not have a lunch period designated but will be expected to eat on the fly.

Section 6. Schedules of Normal Work Coverage

The Company will prepare and notify employees using electronic media of schedules of normal work coverage for the employees in various departments of the Company. The purpose of the schedules is to inform the employee of the employee's normal hours of work which shall consist of not more than ten hours per day or forty hours per week.

Section 7. No Duplication of Rates

When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime, or premium rates of pay for the same hours worked.

Section 8. Overtime and On Call Response Rate

Because of the nature of our business, and our need to provide 24-hour a day service to our customers, it is necessary that all employees work overtime when the need exists - both planned and unplanned, and periodically with limited notice. To ensure appropriate service is provided to our customers, employees shall furnish an acceptable means of after-hours contact by cell phone/telephone.

Employees will be measured on their overtime response rate as part of their yearly performance evaluation. For this purpose, the measure is calculated as the number of times an employee volunteered to work overtime that is offered to the employee while at work during regular hours or be on call (regardless of whether they were selected) divided by the total number of overtime and on call offerings that they were eligible to work in any given year.

When overtime offerings are made outside of regular work hours, employees who volunteer for these assignments will have this noted in a favorable manner as part of their yearly performance evaluation.

Section 9. Shift Bidding Process

Employee shifts in the Windsor Customer Operations Center will be fixed shifts and determined by a shift bid. All shifts will be awarded by classification seniority. In the event of a tie, Company seniority will prevail. In the event of a further tie, the earlier birth date will prevail. Employee failure to respond to or participate in a shift bid, or failure to accurately and completely follow the bidding process will result in the awarding of any remaining, unfilled shift.

Shift bids will occur as deemed necessary by the Company to support the needs of our business and our customers. Notification of a shift bid will occur at least 30 days prior to the bid start date, and employees will have a minimum of 7 days to select their shift. Awarded shifts will begin no sooner than 14 days after the completion of the shift bid and notification of shift assignment, unless mutually agreed upon by the Local and the Company. Shifts (including start and end time, duration and number of shifts) will be determined solely by management and will be based on business need.

If a shift change is needed to meet the requirements of the business, employees will be given a minimum of 14 days' notice. Shift changes will be offered by classification seniority. In the event of a tie, Company seniority will prevail. In the event of a further tie, the earlier birth date will prevail. In the event that no employee selects a shift(s), shifts will be awarded to the employee(s) with the lowest classification seniority. In the event of a tie, Company seniority (lowest to highest) will prevail. In the event of a further tie, the earlier birth date will prevail.

In the event of a restoration event, as determined by the Company, employee shifts may be adjusted as needed to meet the requirements of the business for the duration of the event and shall not be considered to be a shift change.

All new hire/probationary employees and employees participating in training lasting longer than one week will work a shift that is appropriate to the training being provided. The duration of this shift will vary based on the training and is at the discretion of the Company.

9.(a). **Resolutions Specialists**

Resolutions Specialists will work fixed shifts determined by management based on business need. Resolutions Specialists will be subject to the shift bid process outlined above.

Section 10. Pay Rates, Wages and Promotions for Customer Service Representatives

Customer Service Representatives (CSRs) employed in the Windsor Customer Service Center will have the opportunity to progress to the next level of promotion as a CSR as follows:

New Hire:

The Company shall determine the starting pay rate of new hires based upon a range related to the current, geographic market rate.

CSR Promotions:

CSR II employees will be eligible for promotion to the next level, CSR III, after a minimum of two full years of service if they are employees in good standing with no major disciplinary infractions (considered to be a written warning or suspension) during this period. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in both calendar years will be promoted to CSR III and receive an **8.0*% increase to their base pay.***

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation over the two year review period will be promoted to CSR III and receive a ***6.5% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period will be promoted to CSR III and receive a **5.5*% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to CSR III and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first two calendar years of service will not be eligible for promotion, regardless of performance, until they have achieved two consecutive full years of service without a major disciplinary infraction. Once the employee achieves two consecutive full years of service without a major disciplinary infraction, s/he will be promoted to CSR III and receive a **5.5*% increase to their base pay.***

CSR III employees will be eligible for promotion to the final level, CSR IV, after two full additional years of service if they are employees in good standing with no major disciplinary infractions (considered to be a written warning or suspension) during this period at the CSR III level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in both calendar years following promotion to CSR III will be promoted to CSR IV and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to CSR III over the two year review period will be promoted to CSR IV and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to CSR III over the two year review period will be promoted to CSR IV and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period following promotion to CSR III will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to CSR IV and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first two calendar years as a CSR III will not be eligible for promotion, regardless of

performance, until they have achieved two consecutive full years of service without a major disciplinary infraction. Once the employee achieves two consecutive full years of service without a major disciplinary infraction, s/he will be promoted to CSR IV and receive a ***5.5% increase to their base pay.***

Base pay increases will become effective in the first pay period in the month following the CSR promotion.

Yearly Wage Increases:

In addition to the above promotion eligibility, all CSRs with more than six months of service will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle. Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a CSR can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The CSRs will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year. Employees with less than six months of service at the time base pay increases are awarded will receive a base pay increase equal to the current market rate CSR starting pay.

Performance review ratings, CSR goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 11. Pay Rates and Wages for Business Customer Service Representatives

Business Customer Service Representatives (CSRs) employed in the Windsor Customer Service Center will have the opportunity to progress to the next level of promotion as a Business CSR as follows:

Starting Pay Rate:

The Company shall determine the starting pay rate of a Business Customer Service Representative based upon a range related to the current, geographic market rate.

Business CSR Promotions:

Business CSR 2 employees will be eligible for promotion to the next level, Business CSR III, after a minimum of two full years of total service (including time spent in classification of Customer Service Representative II) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning or suspension) during this period. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in both calendar years will be promoted to CSR Business 3 and receive an **8.0*% increase to their base pay.***

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation over the two year review period will be promoted to Business CSR 3 and receive a ***6.5% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period will be promoted to Business CSR 3 and receive a **5.5*% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 3 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first two calendar years of service will not be eligible for promotion, regardless of performance, until they have achieved two consecutive full years of service without a major disciplinary infraction. Once the employee achieves two

consecutive full years of service without a major disciplinary infraction, s/he will be promoted to Business CSR 3 and receive a **5.5*% increase to their base pay.***

Business CSR 3 employees will be eligible for promotion to the next level, Business CSR 4, after two full additional years of total service (including time spent in classification of Customer Service Representative III) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning or suspension) during this period at the Business CSR 3 level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in both calendar years following promotion to CSR 3 will be promoted to Business CSR 4 and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 3 over the two year review period will be promoted to Business CSR 4 and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 3 over the two year review period will be promoted to Business CSR 4 and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period following promotion to Business CSR 3 will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 4 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first two calendar years as a Business CSR 3 will not be eligible for promotion, regardless of performance, until they have achieved two consecutive full years of service without a major disciplinary infraction. Once the employee achieves two consecutive full years of service without a major disciplinary infraction, s/he will be promoted to Business CSR 4 and receive a **5.*5% increase to their base pay.***

Business CSR 4 employees will be eligible for promotion to the final level, Business CSR 5, after two full additional years of total service (including time spent in classification of Customer Service Representative IV) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning or

suspension) during this period at the Business CSR 4 level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in both calendar years following promotion to CSR 4 will be promoted to Business CSR 5 and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 4 over the two year review period will be promoted to Business CSR 5 and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 4 over the two year review period will be promoted to Business CSR 5 and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the two year review period following promotion to Business CSR 4 will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 5 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first two calendar years as a Business CSR 4 will not be eligible for promotion, regardless of performance, until they have achieved two consecutive full years of service without a major disciplinary infraction. Once the employee achieves two consecutive full years of service without a major disciplinary infraction, s/he will be promoted to Business CSR 5 and receive a **5*.5% increase to their base pay.***

Base pay increases will become effective in the first pay period in the month following the Business CSR promotion.

Yearly Wage Increases:

In addition to the above promotion eligibility, all Business CSRs with more than six months of service will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle, with the exception of employees who are hired into the position from within the company between November 1st and December 31st of any given year. These employees will receive their yearly merit pay increase as part of their promotion to Business Customer Service Representative when they accept the position. Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall

year end performance rating. The performance ratings a Business CSR can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Business CSRs will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year. Employees with less than six months of service at the time base pay increases are awarded will receive a base pay increase equal to the current market rate CSR starting pay.

Performance review ratings, Business CSR goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 12. Pay Rates and Wages for Customer Resolutions Specialists

Starting Pay Rate:

The Company shall determine the starting pay rate of a Customer Resolutions Specialist based upon a range related to the current, geographic market rate. The Customer Resolutions Specialist position is a single step position, with no progression.

Yearly Wage Increases:

All Customer Resolutions Specialists will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. If the acceptance of this position results in a promotion, these employees will receive their yearly merit pay increase as part of their promotion to Customer Resolutions Specialist when they transfer into the position.

Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Customer Resolutions Specialist employee can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Customer Resolutions Specialists will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Customer Resolution Specialist goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 13. Pay Rates and Wages for Meter and Service Dispatch Employees

Starting Pay Rate:

The Company shall determine the starting pay rate of a Meter Service Dispatch employee based upon a range related to the current, geographic market rate. The Meter and Service dispatch position is a single step position, with no progression.

Yearly Wage Increases:

All Meter and Service Dispatch employees will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. If the acceptance of this position results in a promotion, these employees will receive their yearly merit pay increase as part of their promotion to Meter and Service Dispatch when they transfer into the position.

Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Meter and Service Dispatch employee can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Meter and Service Dispatch employees will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Meter and Service Dispatch goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 14. Pay Rates and Wages for Team Leaders

Starting Pay Rate:

The Company shall determine the starting pay rate of a Team Leader based upon a range related to the current, geographic market rate. The Team Leader position is a single step position, with no progression.

Yearly Wage Increases:

All Team Leaders will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. These employees will receive their yearly merit pay increase as part of their promotion to Team Leader when they accept the position. Employees will have the opportunity to receive a

base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Team Leader can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Team Leaders will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Team Leader goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

ARTICLE VII
VACATIONS, HOLIDAYS, AND LEAVES OF ABSENCES

Section 1. Vacation Allowance

(a) Regular Employees will be allowed the following vacation periods annually with basic straight-time pay:

- Employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed fifteen days of vacation.
- Employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed ten days of vacation.
- Employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed five days of vacation.
- Employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be allowed any vacation.

Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed fifteen days of vacation in that and each succeeding calendar year until eligible for four weeks' vacation as noted below.

Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed twenty days of vacation in that and each succeeding calendar year until eligible for five weeks' vacation as noted below.

Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed twenty-five days of vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days Start date April 1 through June 30 – 10 days Start date July 1 through September 1 – 5 days Start date October 1 or later – no vacation accrued
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

All vacations must be completed within the calendar year, are not cumulative and must be approved by management. The Company must afford opportunity for the employee to take the employee's vacation within the calendar year. The period of continuous service, for vacation purposes only, is not interrupted by leave of absence or temporary layoff.

(b) An employee's vacation begins at the end of his/her last scheduled work day and, as such, may not be forced to report to work until the vacation period ends.

(c) The vacation time of part-time employees who work more than twenty hours per week, but less than forty hours per week will be prorated. Part-time employees who work less than twenty hours per week are not entitled to vacation time.

Section 2. Employee Returns Before June 1

An employee who returns before June 1 of any calendar year from leave of absence or temporary layoff of more than six months' duration shall be entitled to the employee's full vacation for that calendar year. For any such employee returning after June 1, the vacation for that calendar year will be computed at one-tenth of the amount provided under Section 1 above for each month (including the month of the employee's return) remaining in the calendar year.

Section 3. Choice of Vacation

Employees will be granted preference in selecting vacation periods consistent with the bid practice now in effect. Specifically, the bid process will take place over three rounds, with the first round covering the initial 2 weeks, second round covering for

the remaining single weeks, and the last round covering single-day requests. The bids will be awarded by Company Seniority. Only Company allotted vacation time shall be utilized for the bid. Carry-over or holiday/floater time may not be used to bid for time off. During the bid process, requests will not be waitlisted.

Failure to submit vacation requests during any and/or all rounds will result in the employee forfeiting his or her turn during that round(s). Employees who fail to submit their vacation requests in the allotted time will be awarded vacation time after all other employees are awarded time during that round(s).

Employees will make all reasonable efforts to schedule appointments during non-work hours. In the event that an appointment needs to be scheduled during work hours, employee shall give the Company as much notice as possible and shall request time off to attend such appointment.

Vacation bid timelines will be confirmed at least thirty (30) days prior to the start of the vacation bid in each department. Date ranges not covered by, and time off not awarded in the bid process will be awarded on a first come, first serve basis based upon operational requirements.

Section 4. Vacation Rollover

Employees are permitted to carry over up to one week of vacation from one calendar year into the next. Vacation time carried over will be forfeited if not used in the calendar year following the year in which the time is earned. Employees will not be allowed to use accrued/carry-over vacation for the period of time immediately prior to their retirement date.

Section 5. Discontinuation of Employment

Any employee with more than one year of continuous service who resigns and has given the Company at least two weeks' notice, or who is discharged by the Company, shall, at the time of the termination of the employee’s employment, be credited with any vacation pay which the employee has earned but not received, prorated at one-fifth of the employee’s total vacation allowance for each full month of full-time, active employment completed between January 1 and June 1 of that year. Any such employee who leaves after June 1 will be entitled to the employee’s full vacation or pay for that calendar year less any vacation time taken.

Any employee who retires after January 1 of any calendar year will be credited with vacation time for any portion of the employee’s total vacation allowance for that calendar year which the employee has not already received.

Section 6. Holidays; Time Off Before Christmas

New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays.

In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason and are requested by the employee. In the event of a conflict between employees requesting the same date, Company Seniority shall govern.

Whenever any of such holiday(s) occur upon Sunday, management shall be afforded the discretion to determine if the Monday next following such day or the Friday preceding such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday as part of their normal schedule, the holiday will be observed on Sunday.

Whenever any such holiday(s) occur upon Saturday, the holiday shall not be observed on the Friday preceding such day. Instead, employees will be granted an additional floating holiday to be used within that calendar year based on operational requirements and supervisory approval.

Based upon operational requirements, the Company will allow four (4) hours off at the basic straight time rate to all employees who report for work and work a minimum of four (4) hours on Christmas Eve. If, however, an employee requests a vacation day or calls in sick on Christmas Eve, the full day will be coded as vacation or sick time, respectively.

If it is determined by the Company that time off cannot be allowed, the employee, in lieu of the time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

Section 7. Holiday Pay

Pay for the holidays listed in this Article will be as follows:

(a) If the holiday is observed on a day when the employee would ordinarily work and if the employee's services are not required, the employee will receive eight hours' pay and the day off.

(b) If an employee is required to work on a holiday, the employee will receive the eight hours' pay and shall code all hours actually worked at the straight time rate. Employee shall receive the applicable overtime rate for all hours worked in excess of forty hours in that work week.

(c) In order to receive holiday pay as described in sections (a) and (b) above, an employee must work the full scheduled work day before and full scheduled work day after a holiday. If an employee calls out sick or requests an intermittent Family Medical Leave Act (FMLA) day on the scheduled work day before and/or the scheduled work day after a holiday, the employee will not be paid for the holiday, but rather the holiday will be coded as a sick day or vacation time, if applicable (intermittent leave for care of a family member). If an employee is out of work and covered under the Short-Term Disability plan when a holiday is observed, the employee will be coded as disability and will not be coded as holiday. If an employee is out of work on a continuous Family Medical Leave for their own condition or to care for a family member, the employee will be coded as FMLA and will not be coded as a holiday.

Section 8. Sick Leave

In case of a disability continuing from one calendar year into the succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit as of the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year. Sick days cannot be carried over from one year to the next, nor will sick days be paid out at termination.

Management reserves the right to require an employee to provide a doctor's note upon return to work following four consecutive days of absence due to sickness.

Sick Leave Wage Payment Policy

- Non-occupational illness/injury disability lasting more than five days will be managed by Lincoln Financial Group
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days for full-time employees or one full work week work for a part-time employee, qualifying employees will be eligible for short term disability
- The first twelve weeks of short-term disability will be paid at 100% of base pay
- Up to thirteen additional weeks of short-term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay
- Vacation time cannot be used to extend a short-term disability claim prior to transitioning to long-term disability (LTD)

Section 9. Absence Due to Death in Family.

Three days of time off without loss of pay shall be granted to employees in the event of death of an immediate family member, with the fourth day approved only for extraordinary circumstances. An "immediate family member" includes an employee's spouse, child, parent, sister, brother, father, mother, father and mother-in-law, grandchild, grandparent, or a person who is actually a member of and living in the

employee's household. Employees will be allowed one day off with pay to attend the funeral of an aunt, uncle, son-in-law, daughter-in-law, brother-in-law, and sister-in-law, when the funeral is held on a scheduled work day.

Section 10. Jury Duty Wage Payments.

If an employee is selected for jury duty or is summoned to appear in court as a witness, the employee shall notify his/her supervisor immediately and shall provide documentation of jury selection or evidence of the summons to appear in court. Employees will be granted paid leave for jury duty not more than once every three years. During jury duty or witness leave duty (when the employee has no interest in the matter before the court), an employee will receive normal pay based on an eight-hour workday. If the court excuses the employee from any full day of jury duty or if the employee does not have to be in court for a full day as a witness, the employee is expected to report to work for the balance of that day.

Section 11. Military Leave.

Short Term Leave for Military Training

Any employee who is required to report for short military training periods will be granted a Short-Term Military Leave of Absence. Employee must provide notification to his/her supervisor, as soon as possible, so that arrangements can be made for work assignments in his/her absence.

Upon receipt of military documentation and Compensation for Ordered Tour of Duty form by the Leave Administration Department, the employee will be compensated for the difference between his/her wages and military pay for a maximum of 15 working days per Federal fiscal year (October 1 through September 30 of the next calendar year), if the military pay (taxable income on the military pay voucher) is less than his/her base wages. If the Compensation for Ordered Tour of Duty form is not received prior to the employee's absence, the employee will not be paid.

Requests for leave of absence to attend service schools, or tours of duty for other than training will be considered as individual cases, on their merits.

Long Term Leave for Active Duty

Any employee who enlists, is drafted, or is called to active duty will be granted a Long-Term Military Leave of Absence in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Employees shall forward a copy of the Ordered Tour of Duty signed by the Commanding Officer, or comparable military documentation, to the Leave Administration Department, as soon as possible and prior to the leave. If this form is not received prior to the employee's absence, the employee will not be paid.

Employees shall submit a military earnings statement, or its equivalent, to the Leave Administration Department detailing the amount of payment received or expected to receive from the U.S. government for the tour of duty. If a military earnings statement is not received prior to the employee's long-term absence, he/she will not be paid.

Upon completion of the active tour of duty, employees will be eligible for reemployment within two weeks of an application for reemployment, as provided by the USERRA. Reemployment needs to include confirmation of good standing with the military and must be timely according to the following USERRA provisions:

- If the absence is for a period of 30 days or less, employee must report to work on the next full, regularly scheduled workday, plus 8 hours.
- If the absence is for a period of 31 to 180 days, employee must notify Company of his/her intent to return to work within 14 days following the end of the military service.
- If the absence is for a period of 181 days or more, employee must notify Company of his/her intent to return to work within 90 days following the end of the military service.

The employee will be reinstated to his/her former job if he/she is still physically qualified or able to become re-qualified with reasonable efforts.

ARTICLE VIII
SAFETY PROVISIONS

Section 1. Policy Statement

It is agreed that the Company and the Union will work together on a continuing program of safety measures for the protection of the employees, the public, of Company property and of its service to customers.

Section 2. Safety Manual

The Company will make available to each employee covered by this Agreement its "Employee Safety & Health Handbook."

Section 3. Company/ Union Safety Meetings

Representatives of the Company and two representatives of the Union and the Business Manager shall meet in February and September to discuss safety.

ARTICLE IX
GENERAL PROVISIONS

Section 1. Bulletin Board for Union Use

1.(a) The Company will furnish a suitably identified bulletin board for use by the Union in such location as mutually agreed upon. The purpose of the bulletin board will be for the posting of notices pertaining to the Union and its members. All Union notices must be signed by an official of the Union and such notices shall contain nothing political, controversial, or reflecting upon the Company, Union, or any employees. Either the Union or the Company may remove from these bulletin boards any notices posted thereon which do not comply with this Section 1.(a).

1.(b) If a general notice to employees or the public is issued pertaining to a change made in this Agreement, it shall be signed jointly by representatives of the Company and the Union.

1. (c) When information pertaining to Company-Union business is to be disseminated to the employees, announcement shall be posted on the official bulletin boards in the department or departments affected, and duplicates submitted to the Business Manager and Assistant Business Manager.

Section 2. Wages While Negotiating

During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to not more than six employee representatives of the Union for time lost from their normal work schedules while attending meetings with Company representatives.

Section 3. Work Outside of Company Area

It is recognized that the Company may occasionally assign employees covered by this Agreement to work in locations and upon facilities other than those owned or operated by the Company. Company-required travel shall be reimbursed pursuant to the Corporate Reimbursable Expenses Policy.

Section 4. Relative Policy

The Company discourages hiring relatives in order to promote a diverse workforce and avoid any actual or perceived conflict of interest. Relatives are defined, for purposes of this policy, as spouse, parent, child, sibling, grandparent, grandchild, aunt, uncle, niece, nephew, in-law, step relative, life partner, or other individual residing within an employee's household. Any offer for employment involving the relative of a current employee must be approved by the Senior Vice President of the hiring organization and the Senior Vice President of Human Resources.

Section 5. Distractions

Employees shall not engage in distracting behavior while on work time. Management shall determine what constitutes a distraction. Examples include, but are not limited to, personal cell phone usage, personal laptop usage, etc.

Section 6. Tardiness

Employees shall arrive for work before their scheduled start time so as to be ready to begin their shift at their start time. Employees who violate this section will be subject to discipline.

Section 7. Exchange/Flex Time

Exchange Time allows an employee to request time off during a scheduled workday to be made up within the workweek (Sunday through Saturday). Granting of Exchange Time will be at the Company's discretion and shall be based upon such factors as the Company, in its judgment, believes relevant, including the needs of the business. If the Company approves an employee's request for such time off, it shall designate the time within the same workweek when the absence shall be made up.

The Company's decisions made under this section shall not be subject to the grievance and arbitration process.

ARTICLE X
STRIKES AND LOCKOUTS

The Company agrees that there shall be no lockout and the Union agrees that there shall be no strike, sympathy strike, or stoppage of work during the period of this Contract. The Company agrees that no action will be taken against the Union as an organization, or its officers while acting as such, for any damage which may be sustained as a result of any strike or stoppage of work not countenanced or authorized by the Union.

ARTICLE XI
EMPLOYEE BENEFITS

1.(a) The Company agrees to continue in effect for the period of this Agreement the benefits and eligibility requirements which apply to employees and their dependents where applicable under its current Group Life Insurance Plan, and Health Insurance Plan and the current Northeast Utilities Retirement Plan as amended January 1, 2008, for employees hired prior to January 1, 2010, and to offer the K-Vantage Benefit to employees hired after December 31, 2009. K-Vantage will also be available to employees hired prior to January 1, 2010, who choose K-Vantage before January 1,

2010 in lieu of additional service and earnings credits under the Northeast Utilities Service Company Retirement Plan. Employees originally hired into NU System Companies other than NStar who transfer into the union after January 1, 2010 will retain the same retirement benefit plan elections (under the NUSCO Retirement Plan or K-Vantage) they have immediately prior to the transfer, and will not be given an opportunity to make a new election for either plan. Employees transferred into the union from NStar will be treated as new hires as of their transfer date and will participate in K-Vantage. Previous vesting service from NStar will be recognized for vesting of K-Vantage benefits.

1.(b) Should the Company make any major changes which affect privileges or benefits to employees under any major policy, plan, or program not specifically covered by this Agreement but affecting employees hereunder, the Company shall, if it recognizes such change as significant, notify the Union in writing of such proposed change and the effective date thereof and the Union may, if it so desires, request in writing at any time within thirty days after notice of such change, that a meeting be arranged to discuss the effect of such change on employees and the Company will promptly arrange such a meeting. If notice of such change has not been given, the Company will arrange a meeting for discussing it promptly on request of the Union.

1.(c) It is understood and agreed by the Union and the Company that continuation of benefits provided under the Plans shall, of necessity, be contingent upon the rules and regulations applicable thereto and that the Company and its Plan Carriers will have authority to administer the Plans in accordance with such rules and regulations. Any change in a policy or practice covered by this Section which is not specifically mentioned in this Agreement or any question concerning the Company's application of such policies and practices of the Pension Plan, Group Life Insurance Plan or Health Insurance Plan shall not be subject to grievance procedure or arbitration.

ARTICLE XII
EXPENSE ALLOWANCE

Section 1. Travel Time and Transportation

When required to work distant from their base area, employees will be paid expense and travel allowances in accordance with the Corporate Reimbursable Expenses Policy.

Section 2. Change in Current Practices or Privilege

If, during the term of this Agreement, the Company contemplates changing a current practice or privilege, not specifically covered in this Agreement, which, if changed, would result in a significant increase in employees' personal expenses outside of the employees' normal commute, the Business Manager or an Assistant Business Manager of the Local Union concerned will be advised in advance of the change as

soon as practicable. Upon request of either party, Union and Company representatives will meet for discussion of such change.

ARTICLE XIII
COMPLIANCE WITH LAW

No provision in this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory bodies having jurisdiction. If any such laws, regulations, rulings, or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to ensure a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purposes of Article IV.

ARTICLE XIV – DURATION

Section 1. Term of Agreement

This Agreement constitutes the entire Agreement of the parties except such amendments or supplementary Agreements as are reduced to writing and signed by the parties hereto.

Except as otherwise provided, this Agreement shall become effective upon ratification and shall remain in full force and effect until April 1, 2024 and shall automatically renew itself from year to year until terminated by either party as herein provided.

Section 2. Notice

In the event that either party shall desire to terminate this Agreement or any renewal thereof, it shall give written notice to the other party by mail at least ninety (90) days prior to the expiration or renewal date that it desires to terminate the Agreement.

If notice is given as provided above, it shall be addressed to, respectively:

Manager, Labor Relations
P.O. Box 270
Hartford, CT 06141-0270

Local Union 457, IBEW
Business Manager/Financial Secretary

2590 Berlin Turnpike, Suite 1
Berlin, CT 06037

This Agreement shall become effective when signed by the authorized representatives of the parties.

In witness whereof we have attached our hand and seal.

ATTENTION: DIRECTOR - LABOR RELATIONS

I hereby authorize The Connecticut Light & Power Company to make a single initiation fee deduction and in addition to deduct from my wages each month union membership dues in Local 420 and Local 457 of the International Brotherhood of Electrical Workers in such sums as from time to time the secretary/treasurer of Local 420 and Local 457 of the International Brotherhood of Electrical Workers may certify. Initiation fees and dues covered by this authorization are not deductible as charitable contributions for federal income tax purpose.

I further direct the Company to remit the amount deducted to the Union Officer designated by the Union to receive such payments.

This authorization shall be effective for the duration of any written agreement or extension thereof between The Connecticut Light & Power Company and Local Union Nos. 420 and 457 of the International Brotherhood of Electrical Workers, et al unless canceled in writing by me.

PREAMBLE

AGREEMENT entered into as of the 15th of July, 2021, between NORTHEAST UTILITIES SERVICES COMPANY DBA EVERSOURCE ENERGY SERVICES COMPANY, hereinafter referred to as the COMPANY, and LOCAL NO. 457 of THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, hereinafter referred to as the UNION, with respect to rates of pay, hours of employment, and other conditions of employment. This Agreement shall be binding on any and all successors and assigns of the Employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The Employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

ARTICLE I
RECOGNITION

The Company recognizes the Union as the sole collective bargaining representative with respect to wages, hours of employment, and other conditions of employment for all full-time and regular part-time Customer Resolution Specialists, Customer Service Center Representatives (Levels 1-5), Business Customer Service Representatives (Levels 1-5), Contact Center Representatives (Levels 1-5), Team Leads, and Meter and Service Dispatchers, employed by the Employer at its Windsor, Connecticut facility; but excluding all other employees, and guards, professional employees and supervisors as defined by the Act. Recognition is granted pursuant to the Certification of Representative of the National Labor Relations Board in case number 01-RC-224159 dated August 22, 2018 (the “Unit”).

ARTICLE II
UNION MEMBERSHIP

Section 1.

(a) The Company recognizes the Union as the exclusive bargaining agent for all employees in job classifications listed in Appendix "A" of this Agreement.

(b) The Company and Union agree to continue their cooperative efforts to promote safety, efficiency, and harmony among all the employees and to promote and advance the welfare of the Company and the service at all times.

The Union agrees that its members, who are employees of the Company, will individually and collectively continue to avoid and discourage waste of materials, time, and manpower, and that they will use their influence and best efforts to protect the property of the Company.

(c) The Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall

notify the Company of such change promptly. Notices to the Company under this provision shall be directed to Manager, Labor Relations.

Section 2.

If at any time during the term of this Agreement, or any renewals or extensions hereof, the Company shall recognize the Union as the exclusive bargaining agent of the employees in any job classification in addition to those specified in Section 1.(a) of this Article, all of the provisions of this Agreement shall become applicable to the employees in such job classification as though such job classification had been originally designated herein, except that the rates of pay applicable to such job classification shall be such as may be agreed upon between the Company and the Union.

Section 3.

The following provisions will apply to employees in job classifications covered by this Agreement:

(a) Employees who are members of the Union or its predecessor Union on July 15, 2021, or who later become members, will, as a condition of employment, be required to maintain their membership for the duration of this Agreement.

(b) Employees hired or transferred into the bargaining unit will be required, as a condition of employment, to join or make application to join the Union thirty days from their date of employment or transfer or thirty days after the date this Agreement is executed, whichever is later.

(c) If the Union refuses to accept as a member or refuses to continue the membership of any employee for any reasons other than the failure to pay or tender payment of uniformly required initiation fees and periodic dues, the employee shall be exempt from the provisions of (a) and (b) above. It shall be the responsibility of the Union to solicit the membership of employees who are required to join the Union under Section 3.(b). Should the Union fail to solicit the membership of an employee within the time period prescribed in (b), that employee shall be exempt from the provisions of (b) until the first day of the calendar month within which the employee's membership is first solicited by the Union.

(d) Should an employee fail or refuse to join the Union or maintain membership therein as hereinbefore provided, the Union may request the Company to discharge such employee. The request shall be submitted in writing to the Manager, Labor Relations. Two weeks from the date of receipt of the request, unless the Company has notified the Union that the matter is in dispute, the employee will be discharged, provided that, if, during the two-week period, the employee complies with the Union membership provisions of this Section 3., the Company will not be obliged to discharge the employee.

(e) If a dispute arises under Section 3.(d) hereof concerning the discharge of an employee, the Manager, Labor Relations and the Business Manager of the Union shall ascertain the facts and endeavor to settle the dispute. Pending settlement of this dispute, the Company will not suspend or discharge the employee concerned for reasons related to this dispute. If this dispute is not settled within thirty calendar days, (subject to extension by mutual agreement), from date of receipt of the Union's written request for discharge as provided in Section 3.(d) hereof, either party may, within the next ten calendar days following the thirty calendar day period, submit the dispute to Arbitration for final settlement as provided in Article IV.

Section 4.

(a) Each Local Union shall notify the Company in writing of its required amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, the Union shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Manager, Labor Relations.

(b) Upon receipt of individual written authorization and assignment from employees in job classifications listed in Appendix "A", the Company will make a single deduction for the required initiation fee and in addition will deduct required Union dues from the employees' wages on a pay period basis and remit monthly to the Union. Authorizations shall be submitted in the form and language shown in Appendix "B" attached hereto and made a part of this Agreement. If an employee is transferred out of the Unit, the employee’s authorization for the payroll deduction of Union dues will automatically become void at the end of the pay period within which the employee transfer is effective.

(c) The Company will deduct from the wages of each employee on a pay period basis from whom it receives written authorization, voluntary contributions to the Unions’ COPE fund. Such donations shall be remitted to the financial secretary of the Union monthly, along with a list of employees and amounts so deducted.

Section 5.

It is agreed that neither the Company nor the Union will discriminate against any employee in the application of any of the terms of this Agreement because of race, color, religion, sex, national origin, age, ancestry, marital status, familial status, sexual orientation, disability/handicap, military status, genetic information, Vietnam era veterans, disabled veterans, and other veterans.

ARTICLE III
THE FUNCTIONS OF MANAGEMENT

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that

the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work; the direction of the working forces; the right to hire, suspend or discharge for just cause; the right to transfer the work of bargaining unit employees; the right to consolidate the work of bargaining unit employees; the right to consolidate work locations; the right to subcontract work; the right to set work schedules (start and end times); and the right to promote, demote, transfer, discipline, and lay off employees. In exercising these rights, the Company will act in accordance with the provisions of this Agreement.

ARTICLE IV
GRIEVANCES

Section 1. Open-Door Policy

Management will discuss problems or potential problems with Business and Assistant Business Managers. Under the Company's open-door policy, an employee or an employee's representative in the presence of a Union Business Manager or Assistant Business Manager is welcome to discuss problems or potential problems with management at any reasonable time.

The Company agrees with the Union that it is mutually advantageous to avoid grievances whenever possible by prompt investigation and appropriate adjustment where indicated.

Section 2. Introduction to Grievance Procedure

Any complaint made by an employee to the employee's immediate Supervisor concerning the employee's wages, hours, or working conditions, which is accompanied by a request for an answer, will be considered as a grievance for the purpose of this Article. Grievances should be presented as promptly as possible following the incident(s) that gave rise to them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Union, an employee from within the Windsor Customer Service Center other than the aggrieved, will be allowed a reasonable amount of time to discuss grievances with management in Steps One, Two, or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager, or Assistant Business Manager if the employee wishes one to appear with the employee in Step One, or for a Business Manager or the employee's designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or the employee's designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

Section 3. Step One

The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager, or Assistant Business Manager, shall present the grievance to the immediate Supervisor within five calendar days following the incident which gave rise to it. The immediate Supervisor will endeavor to settle it by giving an answer within seven calendar days of the date of presentation. If an answer is given and accepted in this Step, the grievance is to be considered closed. If an answer is not given, or is not acceptable, it may be taken to Step Two within ten calendar days, (subject to extension by mutual agreement), from date of presentation in this Step.

Section 4. Step Two

The Business Manager or Assistant Business Manager shall forward the grievance in writing to the Manager concerned stating its nature, specifying any and all provision(s) of the Agreement on which it is based and that the Union claims have been violated, and giving a brief description of the circumstances causing it. The Manager concerned will investigate the grievance and answer it as promptly as possible.

If a meeting is held in this Step, it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager concerned, other management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) or his designated representative shall be present. This meeting shall be held within fifteen calendar days of the date on which it was taken to this Step (subject to extension by mutual agreement). At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Union, or a Representative of the Labor Relations Department of the Company, or both.

In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of ten calendar days, (subject to extension by mutual agreement), from the date of the claimed violation.

The Company will furnish written answers to the Union for grievances which are concluded with adjustment or which are denied in Step Two within seven calendar days of the date of presentation. If an answer is not given, or is not acceptable, it may be taken to Step Three within ten calendar days, (subject to extension by mutual agreement) from the date of presentation in this Step. When grievances are concluded in Step Two without adjustment, the Union will so-notify the Company in writing within ten days of the presentation in this Step.

Section 5. Step Three

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Manager, Labor Relations.

The latter shall refer the grievance to a joint committee consisting of:

(A) three representatives appointed by the Company; and
(B) three representatives appointed by the Union; one of whom shall be the Business Manager of the Union and/or the employee's designated representative. In addition, an International Representative may be present in this Step in an advisory capacity to the Local Union.

5.(a) **Designee to Appear for the International Representative** - An International Representative may designate an alternate representative to appear for the employee in a Step Three grievance meeting with the Company, provided advance confirmation of this arrangement is set forth in letters to be exchanged by the International Vice-President of the International Brotherhood of Electrical Workers, second district, and the Manager, Labor Relations, of the Company. Such letters shall confirm the status of the alternate representative, who shall be a bargaining-unit employee of the Company, as having authority to represent the International Union. The alternate representative will, at such times as are mutually convenient, be excused from the employee's normal work assignment without pay from the Company for the purpose of discussing Step Three grievances with Company representatives.

The Joint Committee shall endeavor to meet within fifteen calendar days from the date the Third Step grievance is received by the Manager, Labor Relations, (subject to extension by mutual agreement). It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with the decision.

5.(b) **Filing of a Union or Company Grievance** - At this Step in the grievance procedure, a "Union Grievance" or a "Company Grievance" may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company as management has been violated. If a "Union Grievance" is presented, it shall be forwarded in the manner specified in the first paragraph of this Step.
If a "Company Grievance" is initiated, it shall be forwarded by the Manager, Labor Relations to the Business Manager of the Union and the International Representative who shall refer the grievance for settlement to a Joint Committee as provided in this Step.

5.(c) **Notifications Required when Grievances are Concluded -** The Company will furnish written answers to the Union for grievances which are concluded with adjustment or which are denied in Step Three. The party responsible for furnishing

an answer in this Step shall endeavor to do so within ten days of the Joint Committee Meeting (subject to extension by mutual agreement). If an answer is found to be unacceptable, either party may demand arbitration within five calendar days from the answer date (subject to extension by mutual agreement). If an answer is not given within fifteen calendar days from the date of the Joint Committee Meeting in this Step, either party may demand arbitration in accordance with and subject to the provisions of Article IV (subject to extension by mutual agreement), but will be barred from demanding arbitration after twenty days from the date of the Joint Committee Meeting. When grievances are concluded in Step Three without adjustment, the Union will so-notify the Company in writing.

Section 6. Failure to Pursue or Respond

Any grievance not presented or followed up through the grievance procedure outlined above shall be deemed waived. If at any step in the grievance procedure the Company fails to give its answer within the prescribed time, the grievance may automatically proceed to the next step in accordance with the procedure set forth above.

Section 7. Time off for Grievance

Employees will be allowed necessary time off without loss of pay for attending scheduled grievance discussions with the Company at the second or third step. In addition to the time allowed above, the Assistant Business Manager or, in the employee's absence, the employee's designated representative, will, upon specific request, be allowed reasonable time off to assemble data for scheduled grievance meetings.

Additional time off without pay will be allowed to not more than 1 representative (2 by mutual agreement) upon written request by the Union for the time required to attend state, regional, and national labor conventions.

Section 8. Precedent Setting

Where either party so states in writing in the disposition of a matter not submitted to arbitration under the grievance procedure, the acceptance of the action or disposition shall not be binding on either party as a precedent for the future on the same or related matters.

Section 9. Discipline or Discharge

The Company shall orally advise the Union of any suspension or discharge, and, if requested by the Union, the matter shall, on the same day, be discussed by the proper Management representative and the Business Manager and/or Assistant Business Manager or designated representative of the Union. The Company shall

advise the Union in writing of any suspension or discharge within three (3) working days of its occurrence.

Section 10. Submission of Grievance; Selection of Arbitrator

If a grievance is not settled in Step Three of Article IV, and provided the grievance is a dispute involving the interpretation, application, or compliance with any provision of this Agreement, either the Union or the Company may, within the time limits specified in Article IV submit the grievance to an impartial arbitrator for final settlement. Only the Union or the Company may submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing, but only within the time limits set forth in Section 5 above.

Section 11. Payment of Expenses for Arbitration

The Company and the Union will share equally such fees charged by the Arbitrator or the American Arbitration Association for any grievance properly processed and properly referred to arbitration under the terms of Article IV.

Any costs incurred by either party on its own behalf, such as legal fees, stenographic costs, etc., will be paid by that party.

Section 12. Role of Arbitrator

The parties recognize the proper role of the arbitrator as one of deciding issues submitted by the parties under this Article, after a full and fair hearing, and not as being invested with any authority to participate in matters of collective bargaining. The decision of the arbitrator shall be final and binding on both parties. The function of the arbitrator shall be limited to determining whether any terms subject to arbitration under this Agreement have been correctly interpreted and applied. The arbitrator shall have no power to add or subtract from or modify any of the terms of this Agreement or any agreements made supplementary hereto.

Section 13. Agreement Changes Nonarbitrable

It is understood and agreed that proposals to add to or change this Agreement shall not be arbitrable and that no proposal to amend or terminate this Agreement may be referred to arbitration under this Article.

ARTICLE V
SENIORITY

Introduction

Employees accumulate three types of seniority:

(a) The length of continuous service with the Company since date of last hire by the Company shall constitute “Company Seniority.”

(b) “Department Seniority” will be defined as total length of service in a given department and shall start on the date on which the employee begins paying Union dues.

(c) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as "Classification Seniority." The Classification Seniority date of any employee who is transferred out of the Unit and subsequently transferred back into the Unit shall be the date of transfer back into the Unit.

In the application of seniority, as defined in paragraphs (a) and (c) above, if employees have equivalent Classification Seniority, greater Company Seniority shall prevail. If both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

Probationary employees shall have no seniority status until they have worked continuously six (6) months in the Unit. Any employee who has been continuously employed during his/her probationary period shall become a regular employee at the end of the probationary period and his/her seniority shall start from the date of hiring. A regular employee shall lose his/her seniority status if he/she resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in this Article.

Section 1. Definition of an Employee

The term "employee" as used in this Agreement refers only to regular employees in the Unit. Regular employees are employees hired for full-time or part-time employment on continuing non-temporary work in an established job classification. During the first six (6) months of employment, each such employee will be on a probationary or trial basis. Non-regular employees are employees hired for temporary work whose term of employment will not exceed three months in any twelve-month period and whose employment does not affect the advancement of or result in the layoff of a regular employee.

Section 2. Promotion

2.(a) Employees will be given preference for training to qualify for promotion within the Unit based on qualifications and as determined by management. These decisions shall not be subject to the grievance and arbitration process.

2.(b) When promoting an employee to fill a vacancy in a higher job classification within the Unit, the decision will be made based on qualifications and as determined by management. Where qualifications are equal, the Company will endeavor to give

preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit. These decisions shall not be subject to the grievance and arbitration process.

2.(c) Notices of available job openings, other than those to be filled by application of any other provision(s) of this Agreement, will be posted electronically on the Company's internal website. Each posting will be for a period of not less than seven (7) calendar days during which period interested employees may apply in accordance with the Company application process for reassignment to the posted job opening. The Company's determinations of the qualifications of employees applying for reassignment under this section will be made on the same basis as for hiring new employees. If reassignment is postponed following notification of acceptance, the employee's Classification Seniority will be adjusted upon reassignment to the starting date of the first full week following the date of the acceptance notice.

Section 3. Reassignment, Layoff, and Demotion

If at any time, Company operations require a reduction of existing working forces, management will use its discretion in reassigning employees in the classifications affected. The Company will reassign employees to job classifications for which they are qualified.

Upon execution of a waiver and release, any employee who has completed one or more years of continuous service and who is laid off because of the permanent elimination of one or more jobs shall be given an allowance of forty hours pay at the employee's straight-time hourly rate for each full year of continuous service with the Company. For any such employee who is fifty years or more of age, the above-mentioned allowance will, instead of forty hours, be sixty hours if the employee has completed at least fifteen years of continuous service, or eighty hours if the employee has completed at least twenty-five years of continuous service**.** In all instances, an employee may not receive more than fifty-two weeks of severance. Any employee who accepts any position or who is offered a position within the Company shall not be eligible for severance pay. Any employee who accepts severance pay will thereby relinquish all other rights under this Agreement.

Section 4. Employees in Military Service

The Company will reinstate, without loss of Seniority, Call Center employees, other than temporary, who have been granted leaves of absence for military service in accordance with federal statutes applicable thereto. In order to effect reinstatement, it may be necessary to reassign, transfer, or lay off other employees. Employees who have been granted leaves of absence for military purposes will not be precluded from consideration of promotion while they are on a military leave of absence.

Probationary employees, who are reinstated, shall have their Seniority adjusted to the hiring date upon completion of their six-month probationary period. Service

immediately preceding and immediately following the leave of absence shall be credited to the six-month probationary requirement.

Section 5. Seniority Lists

5.(a) The Company will prepare and make available on a shared drive seniority lists showing each employee's name, job classification, Department seniority date, and Company seniority date.

5.(b) Not later than August 1 of each year, the Company shall furnish the Union with an up-to-date seniority list for the Unit together with the classification and rate of pay of each employee on such list.

Section 6. Assignment of Job Classifications

Each employee will be assigned a job classification, the duties of which the employee is competent to perform, and which generally reflect the employee's normal work. Such job classification shall not preclude assignment of the employee for limited periods on work other than that reflected by the employee's job classification in emergencies, for sickness or vacation relief, to meet the Company's service requirements, when the employee's normal work is slack, when management deems necessary, or while the employee is being trained to better fit himself or herself for advancement in grade as vacancies occur.

Section 7. Performing Duties of Higher Job Classifications

7.(a) When an employee is temporarily upgraded to Team Lead for one or more hours, he/she will be paid one dollar and twenty-five cents ($1.25) per hour in addition to the employee's basic straight-time rate for all hours worked as a Team Lead. Upgrades will be based on management discretion. This provision will not apply to an employee who is performing the duties of a higher job classification while being trained under the direction of a qualified employee. Employees who are assigned to perform the duties of a higher job classification under this provision shall not acquire Classification Seniority in the higher job classification while so-assigned.

7.(b) If during a Supervisor's absence from work, an employee is temporarily assigned to direct work forces normally directed by a Supervisor, the employee will be paid one dollar and twenty-five ($1.25) cents per hour in addition to the employee's basic straight-time hourly rate for all hours so-assigned on one day provided the assignment is for eight or more hours on that day. Upgrades will be based on management discretion.

Section 8. Retrogression; Wage Rate

Retrogressive moves within the Unit shall be prohibited, unless it is definitely established that (1) a regular employee is incapable of performing the duties of his/her

job classification because of an injury sustained in the employ of the Company, or (2) a regular employee having five or more years of continuous service is incapable of performing the duties of his/her job classification because of a disability or infirmity arising from natural causes. In either instance, if the employee is assigned to a lower job classification within the Unit within his/her ability to perform, a special basic rate of pay will be established for him/her as follows:

> For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he/she is reassigned by the product of five percent times his/her years of continuous service and adding the amount so obtained to the maximum basic rate of the lower rated job classification.
>
> For an employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustments made during the term of this Agreement.

If an employee is retrogressed, it will be communicated in writing to the Business Manager of the Union.

Section 9. Job Classification Change Notices to Union

In order that the Union may maintain its records of Unit employees, the Company will periodically notify the Union of job classification changes. Such notification will provide the name, job classification, and location for each Unit employee hired, reclassified, transferred, or separated from the Company. The information will be directed to the Business Manager of the Union. If an employee within the Unit is discharged, the Company will notify the Business Manager of the Union as promptly as possible.

ARTICLE VI
HOURS OF WORK, RATES OF PAY, OVERTIME

Section 1.

1.(a) For the purpose of computing overtime, the workweek shall start at 12:00 a.m. Sunday and end at 11:59 pm the following Saturday.

The regular workweek for all employees covered under this Agreement at the time of ratification shall be scheduled Monday through Friday between the hours of 6:00 a.m. and 7:00 p.m.

Any employees who become covered under this Agreement following ratification may be required to work any regular schedule as deemed necessary by management subject to the bidding process set forth in this Agreement.

1.(b) **Establishing New Schedules**

The establishing of any new schedule shall be at management's discretion and shall not be subject to the grievance and arbitration process. **The establishing of any new schedule for scheduled employees shall be discussed with the Local 457 Business Manager in advance of making such schedule effective.** The term "Schedule" shall be defined as a regular, daily schedule, which shall be in effect for at least one month, and shall exclude any storm, emergency, or voluntary change in shift or schedule.

Section 2. Computing Overtime, Saturday and Sunday Premiums

All hours worked in excess of forty hours in one workweek shall be paid at the overtime rate of one and one-half times the regular rate. Employees with Sunday as a regularly scheduled day off in any calendar week shall be paid at double time their regular rate for hours worked on that Sunday.

Employees with Saturday as a regularly scheduled day off in any calendar week shall be paid at time and one-half times their regular rate for hours worked on that Saturday if those hours are in excess of forty hours for the work week. For any hours worked on Saturday, the employee will be paid a shift premium of $1.40 per hour.

Section 3. Overtime

3.(a) Overtime will be assigned among employees as equally as possible. Records of overtime hours shall be made available to the Union on a shared drive each month. In selecting employees for assignment to overtime, insofar as it is practicable based on business needs, the Company will first seek volunteers by sending out a message to all qualified employees within the department and select qualified employees for the assignment in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the selection for the overtime assignment will be made based on department seniority from senior to junior.

The Company will excuse employees who do not want the assignment, provided the required number of qualified employees accept the assignment. Where additional help is needed beyond the number of qualified employees who have volunteered to work the overtime assignment, additional assignments will be made among qualified employees in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the overtime assignment will be made based on department seniority from junior to senior. Probationary employees will

be considered qualified to work overtime when management deems them competent to perform the work specified in the overtime assignment.

3.(b) Employees who report for overtime shall be paid for hours actually worked at the applicable rate.

3.(c) Employees who are called in and immediately report to work at a Company location for unscheduled overtime shall be paid for hours actually worked at the applicable rate, plus one-half hour to report to work and one-half hour to return home after work, unless this extends into the employee's normal work day, in which case, he/she would not be eligible for that portion of the travel time. An employee called in for unscheduled overtime work under this paragraph will receive a minimum of three hours' pay plus the above travel time at the applicable rate except that if an employee is called in for unscheduled overtime work which continues into the employee's regular working schedule, the employee shall be paid for actual time worked and the half hour travel to work at the applicable rate.

3.(d) Time off shall not be considered as repayment for such work performed.

3.(e) Absent extenuating circumstances, employees will not be excused from overtime when such overtime is due to an emergency, a special job, or is at the end of a day's shift. Evidence of extenuating circumstances may be requested at management's discretion.

Section 4. On Call

Employees may be placed on-call outside their normal schedule hours for one or more consecutive 24-hour periods, or less than 24-hour periods. Employees who are assigned by the Company to be on-call will be paid either 1.5 hours at basic straight-time rates or 3 hours at basic straight-time rates for each 24-hour period (or less than a 24-hour period) that they are required to be on call as follows:

(i) If the majority of the 24 hour on-call period (or less than a 24-hour assignment) is served during a weekday (Monday through **Thursday**), employees will receive 1.5 hours at basic straight-time rates;

(ii) If the majority of the 24 hour on-call period, (or less than a 24-hour assignment) is served during a holiday, weekend (**Friday,** Saturday or Sunday), or the employee's scheduled day off (only for employees working a special schedule), employees will receive 3 hours at basic straight-time rates. With the exception of weekend on-call periods containing Company-recognized holidays, employees will receive no more than **three** 3-hour payments for a weekend on-call assignment (e.g., 3 p.m. Friday until 7 a.m. Monday.).

One on-call payment will be made for each 24-hour period regardless whether such 24-hour period extends over two calendar days. Employees will receive no more than five payments of 1.5 hours and two payments of 3 hours for an on-call assignment of seven consecutive 24-hour periods (e.g., 3 p.m. Tuesday until 7 a.m. Tuesday) even though such period might extend over eight calendar days.

Employees who are on call and are required to report to work at a Company location, shall be paid for hours actually worked at the applicable rate, plus one-half hour to report to work and one-half hour to return home after work, unless the on call assignment extends into the employee's normal work day, in which case, he/she would not be eligible for that portion of the travel time. An employee called in for work while on call will receive a minimum of three hours' pay plus the above travel time at the applicable rate except that if an employee is called in for work which continues into the employee's regular working schedule, the employee shall be paid for actual time worked and the half hour travel to work at the applicable rate.

In selecting employees for On Call assignments, insofar as it is practicable based on business needs, the Company will first seek volunteers by sending out a message to all qualified employees within the department and select qualified employees for the assignment in inverse order of the amount of overtime worked. Where qualified employees have an equal number of overtime hours, the selection for the On Call assignment will made based on department seniority from senior to junior. The Company will excuse employees who do not want the assignment, provided the required number of qualified employees accept the assignment.

Where additional help is needed beyond the number of qualified employees who have volunteered to work the overtime assignment, additional assignments will be made among qualified employees in inverse order of amount of overtime worked. Where qualified employees have an equal number of overtime hours, the On Call assignment will made based on department seniority from junior to senior. Probationary employees will be considered qualified if management deems them competent to perform the work specified in the overtime assignment.

Nothing shall restrict the Company's right to assign any employee to be On Call for unscheduled emergency situations, such as the forecast of a storm.

Section 5. Meals and Meal Allowances

After an employee has worked two hours or more of overtime work which is continuous with the employee's regular scheduled working hours and which forces the employee to miss his/her regular meal hour (other than breakfast as provided for below), or after five hours of overtime work, and after each additional five hours of overtime work, the Company will pay the employee $20.00 on account of such meal, unless the Company offers a meal for the employee.

In the event that an employee has more than twelve (12) hours advance notice that he/she will be working overtime, he/she will not be eligible for such meal payment, except in certain emergency situations, as determined by management.

An allowance of $10.00 shall be made for breakfast in any case where an employee is required to report for work three hours or more before the employee's usual starting time, unless the employee has been given at least twelve hours' advanced notice of such work assignment.

As far as operating requirements permit, each such employee shall be allowed reasonable time off to eat such meal. Such reasonable time off up to twenty minutes shall be included in the hours of overtime work. An employee entitled to a meal and/or time off under this Section shall, if the overtime assignment continues, become entitled to additional meals and/or time off therefore at five-hour intervals. Each such five-hour interval shall begin at the conclusion of the last prior meal or, in the event that the meal could not be taken, the five-hour interval shall begin at the time in which the meal was earned. Although exact scheduling of meals will depend on requirements of the job, it is intended that an employee be allowed to eat a meal within a reasonable time after the employee becomes entitled to it under this Section. However, if management determines that the employee may not take time off and allows the employee to work through to complete the job, the employee will be paid one-half hour for each meal for which the employee qualified. This half-hour shall not be included in the calculation for subsequent meal breaks.

An employee who is entitled to a meal allowance will be paid for the meal at the rate of $10.00 for breakfast and lunch, and $20.00 for evening meals only (4:00 p.m. to 12 midnight), unless the Company offers such meals.

Except where the Company has scheduled an employee for a straight eight (8)-hour day**,** normal lunch periods should be observed whenever practicable and those cases where it is necessary to delay lunch periods should be kept at a minimum. Employees scheduled for a straight eight (8)-hour day will not have a lunch period designated but will be expected to eat on the fly.

Section 6. Schedules of Normal Work Coverage

The Company will prepare and notify employees using electronic media of schedules of normal work coverage for the employees in various departments of the Company. The purpose of the schedules is to inform the employee of the employee's normal hours of work which shall consist of not more than ten hours per day or forty hours per week.

Section 7. No Duplication of Rates

When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime, or premium rates of pay for the same hours worked.

Section 8. Overtime and On Call Response Rate

Because of the nature of our business, and our need to provide 24-hour a day service to our customers, it is necessary that all employees work overtime when the need exists - both planned and unplanned, and periodically with limited notice. To ensure appropriate service is provided to our customers, employees shall furnish an acceptable means of after-hours contact by cell phone/telephone.

Employees will be measured on their overtime response rate as part of their yearly performance evaluation. For this purpose, the measure is calculated as the number of times an employee volunteered to work overtime that is offered to the employee while at work during regular hours or be on call (regardless of whether they were selected) divided by the total number of overtime and on call offerings that they were eligible to work in any given year.

When overtime offerings are made outside of regular work hours, employees who volunteer for these assignments will have this noted in a favorable manner as part of their yearly performance evaluation.

Section 9. Shift Bidding Process

Employee shifts in the Windsor Customer Operations Center will be fixed shifts and determined by a shift bid. All shifts will be awarded by classification seniority. In the event of a tie, Company seniority will prevail. In the event of a further tie, the earlier birth date will prevail. Employee failure to respond to or participate in a shift bid, or failure to accurately and completely follow the bidding process will result in the awarding of any remaining, unfilled shift.

Shift bids will occur as deemed necessary by the Company to support the needs of our business and our customers. Notification of a shift bid will occur at least 30 days prior to the bid start date, and employees will have a minimum of 7 days to select their shift. Awarded shifts will begin no sooner than 14 days after the completion of the shift bid and notification of shift assignment, unless mutually agreed upon by the Local and the Company. Shifts (including start and end time, duration and number of shifts) will be determined solely by management and will be based on business need.

If a shift change is needed to meet the requirements of the business, employees will be given a minimum of 14 days' notice. Shift changes will be offered by classification seniority. In the event of a tie, Company seniority will prevail. In the event of a further tie, the earlier birth date will prevail. In the event that no employee selects a shift(s), shifts will be awarded to the employee(s) with the lowest classification seniority. In the event of a tie, Company seniority (lowest to highest) will prevail. In the event of a further tie, the earlier birth date will prevail.

In the event of a restoration event, as determined by the Company, employee shifts may be adjusted as needed to meet the requirements of the business for the duration of the event and shall not be considered to be a shift change.

All new hire/probationary employees and employees participating in training lasting longer than one week will work a shift that is appropriate to the training being provided. The duration of this shift will vary based on the training and is at the discretion of the Company.

9.(a). **Resolutions Specialists**

Resolutions Specialists will work fixed shifts determined by management based on business need. Resolutions Specialists will be subject to the shift bid process outlined above.

Section 10. Pay Rates, Wages and Promotions for Customer Service Representatives (changes below effective during 2025 Compensation Cycle)

Customer Service Representatives (CSRs) employed in the Windsor Customer Service Center will have the opportunity to progress to the next level of promotion as a CSR as follows:

New Hire:

The Company shall determine the starting pay rate of new hires based upon a range related to the current, geographic market rate.

CSR Promotions:

CSR II employees will be eligible for promotion to the next level, CSR III, after a minimum of **one** full year of service if they are employees in good standing with no major disciplinary infractions (considered to be a written warning **for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period,** or suspension) during this period. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluation **over the one year review period** will be promoted to CSR III and receive an **8.0*% increase to their base pay.***

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation over the **one** year review period will be promoted to CSR III and receive a ***6.5% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period will be promoted to CSR III and receive a **5.5*% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period will not be eligible for promotion until their overall year-end average for **one** year is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to CSR III and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first **twelve months** of service will not be eligible for promotion, regardless of performance, until they have achieved **twelve months** of service without a major disciplinary infraction. Once the employee achieves **twelve months** of service without a major disciplinary infraction, s/he will be promoted to CSR III and receive a **5.5*% increase to their base pay.***

CSR III employees will be eligible for promotion to the final level, CSR IV, after **one** full additional year of service if they are employees in good standing with no major disciplinary infractions (considered to be a written warning **for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period,** or suspension) during this period at the CSR III level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluation in **the** calendar year following promotion to CSR III will be promoted to CSR IV and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to CSR III over the **one** year review period will be promoted to CSR IV and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to CSR III over the **one** year review period will be promoted to CSR IV and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period following promotion to CSR III will not be eligible for promotion until their overall year-end average for **one** year is at least 3/('Successful Contributor') or higher.

Once the employee achieves this average, s/he will be promoted to CSR IV and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first **twelve months** as a CSR III will not be eligible for promotion, regardless of performance, until they have achieved **twelve months** of service without a major disciplinary infraction. Once the employee achieves **twelve months** of service without a major disciplinary infraction, s/he will be promoted to CSR IV and receive a **5*.5% increase to their base pay.***

Base pay increases will become effective in the first pay period in the month following the CSR promotion.

Promotional Opportunity for Contact Center CSRs - Business Calls

Effective beginning with the 2025 Compensation Cycle, CSR IV employees will be eligible for promotion to an additional level, CSR V, after one full additional year of service if they are employees in good standing with no major disciplinary infractions (considered to be a written warning for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period, or suspension) during this period at the CSR IV level and take business calls throughout the one full additional year of service. Promotion will be based on individual performance, and will work as follows:

- **Employees who achieve a 5/('Top Achiever') on their overall year-end performance evaluations over the one-year review period following promotion to CSR IV will be promoted to CSR V and receive a 8.0*% increase to their base pay*.**

- **Employees who average between a 4 and 4.99/('High Contributor') on their overall year-end performance evaluation following promotion to CSR IV over the one year review period will be promoted to CSR V and receive a 6.5*% increase to their base pay*.**

- **Employees who average between a 3 and 3.99/('Successful Contributor') on their overall year-end performance evaluation following promotion to CSR IV over the two year review period will be promoted to CSR V and receive a *5.5% increase to their base pay.***

- **Employees who average less than a 3/('Successful Contributor') on their overall year-end performance evaluation over the one year review period following promotion to CSR IV will not be eligible for promotion until their overall year-end average for two consecutive years is at least 3/('Successful Contributor') or higher. Once the employee achieves this**

average, s/he will be promoted to CSR V and receive a *5.5% increase to their base pay.*

- **Employees who have received a major disciplinary infraction during their first twelve months as a CSR IV will not be eligible for promotion, regardless of performance, until they have achieved twelve months without a major disciplinary infraction. Once the employee achieves twelve months without a major disciplinary infraction, s/he will be promoted to CSR V and receive a 5*.5% increase to their base pay.***

Base pay increases will become effective in the first pay period in the month following the CSR promotion.

Yearly Wage Increases:

In addition to the above promotion eligibility, all CSRs with more than six months of service will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle. Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a CSR can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The CSRs will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year. Employees with less than six months of service at the time base pay increases are awarded will receive a base pay increase equal to the current market rate CSR starting pay.

Performance review ratings, CSR goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 11. Pay Rates and Wages for Business Customer Service Representatives (changes below effective during 2025 Compensation Cycle)

Business Customer Service Representatives (CSRs) employed in the Windsor Customer Service Center will have the opportunity to progress to the next level of promotion as a Business CSR as follows:

Starting Pay Rate:

The Company shall determine the starting pay rate of a Business Customer Service Representative based upon a range related to the current, geographic market rate.

Business CSR Promotions:

Business CSR 2 employees will be eligible for promotion to the next level, Business CSR III, after a minimum of **one** full year of total service (including time spent in classification of Customer Service Representative II) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning **for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period,** or suspension) during this period. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in **the** calendar year **over the one year review period** will be promoted to CSR Business 3 and receive an **8.0*% increase to their base pay.***

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation over the **one** year review period will be promoted to Business CSR 3 and receive a ***6.5% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period will be promoted to Business CSR 3 and receive a **5.5*% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period will not be eligible for promotion until their overall year-end average for **one** consecutive year is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 3 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first **twelve months** of service will not be eligible for promotion, regardless of performance, until they have achieved **twelve months** of service without a major disciplinary infraction. Once the employee achieves **twelve months** of service without a major disciplinary infraction, s/he will be promoted to Business CSR 3 and receive a **5.5*% increase to their base pay.***

Business CSR 3 employees will be eligible for promotion to the next level, Business CSR 4, after **one** full additional years of total service (including time spent in classification of Customer Service Representative III) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning **for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period,** or suspension) during this period at the Business CSR 3 level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in **the** calendar year following promotion to CSR 3 will be promoted to Business CSR 4 and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 3 over the **one** year review period will be promoted to Business CSR 4 and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 3 over the **one** year review period will be promoted to Business CSR 4 and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period following promotion to Business CSR 3 will not be eligible for promotion until their overall year-end average for **one** year is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 4 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first **twelve months** as a Business CSR 3 will not be eligible for promotion, regardless of performance, until they have achieved **twelve months** of service without a major disciplinary infraction. Once the employee achieves **twelve months** of service without a major disciplinary infraction, s/he will be promoted to Business CSR 4 and receive a **5*.5% increase to their base pay.***

Business CSR 4 employees will be eligible for promotion to the final level, Business CSR 5, after **one** full additional year of total service (including time spent in classification of Customer Service Representative IV) if they are employees in good standing with no major disciplinary infractions (considered to be a written warning **for safety or customer-impacting/handling infractions, multiple written warnings in any twelve-month period,** or suspension) during this period at the Business CSR 4 level. Promotion will be based on individual performance, and will work as follows:

- Employees who achieve a **5/('Top Achiever')** on their overall year-end performance evaluations in **the** calendar year following promotion to CSR 4 will be promoted to Business CSR 5 and receive a **8.0*% increase to their base pay***.

- Employees who average between a **4 and 4.99/('High Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 4 over the **one** year review period will be promoted to Business CSR 5 and receive a **6.5*% increase to their base pay***.

- Employees who average between a **3 and 3.99/('Successful Contributor')** on their overall year-end performance evaluation following promotion to Business CSR 4 over the **one** year review period will be promoted to Business CSR 5 and receive a ***5.5% increase to their base pay.***

- Employees who average **less than a 3/('Successful Contributor')** on their overall year-end performance evaluation over the **one** year review period following promotion to Business CSR 4 will not be eligible for promotion until their overall year-end average for **one** year is at least 3/('Successful Contributor') or higher. Once the employee achieves this average, s/he will be promoted to Business CSR 5 and receive a ***5.5% increase to their base pay.***

- Employees who have received a major disciplinary infraction during their first **twelve months** as a Business CSR 4 will not be eligible for promotion, regardless of performance, until they have achieved **twelve months** of service without a major disciplinary infraction. Once the employee achieves **twelve months** of service without a major disciplinary infraction, s/he will be promoted to Business CSR 5 and receive a **5*.5% increase to their base pay.***

Base pay increases will become effective in the first pay period in the month following the Business CSR promotion.

Yearly Wage Increases:

In addition to the above promotion eligibility, all Business CSRs with more than six months of service will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines and cycle,

with the exception of employees who are hired into the position from within the company between November 1st and December 31st of any given year. These employees will receive their yearly merit pay increase as part of their promotion to Business Customer Service Representative when they accept the position. Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Business CSR can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Business CSRs will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year. Employees with less than six months of service at the time base pay increases are awarded will receive a base pay increase equal to the current market rate CSR starting pay.

Performance review ratings, Business CSR goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 12. Pay Rates and Wages for Customer Resolutions Specialists

Starting Pay Rate:

The Company shall determine the starting pay rate of a Customer Resolutions Specialist based upon a range related to the current, geographic market rate. The Customer Resolutions Specialist position is a single step position, with no progression.

Yearly Wage Increases:

All Customer Resolutions Specialists will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review,

guidelines and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. If the acceptance of this position results in a promotion, these employees will receive their yearly merit pay increase as part of their promotion to Customer Resolutions Specialist when they transfer into the position.

Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Customer Resolutions Specialist employee can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Customer Resolutions Specialists will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Customer Resolution Specialist goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 13. Pay Rates and Wages for Meter and Service Dispatch Employees

Starting Pay Rate:

The Company shall determine the starting pay rate of a Meter Service Dispatch employee based upon a range related to the current, geographic market rate. The Meter and Service dispatch position is a single step position, with no progression.

Yearly Wage Increases:

All Meter and Service Dispatch employees will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation

review, guidelines and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. If the acceptance of this position results in a promotion, these employees will receive their yearly merit pay increase as part of their promotion to Meter and Service Dispatch when they transfer into the position.

Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Meter and Service Dispatch employee can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Meter and Service Dispatch employees will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Meter and Service Dispatch goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 14. Pay Rates and Wages for Team Leaders

Starting Pay Rate:

The Company shall determine the starting pay rate of a Team Leader based upon a range related to the current, geographic market rate. The Team Leader position is a single step position, with no progression.

Yearly Wage Increases:

All Team Leaders will have the ability to earn a yearly pay increase in accordance with the Company's pay-for-performance compensation review, guidelines

and cycle, with the exception of employees who are hired into the position from within the Company between November 1st and December 31st of any given year. These employees will receive their yearly merit pay increase as part of their promotion to Team Leader when they accept the position. Employees will have the opportunity to receive a base pay increase as set forth below, based on their overall year end performance rating. The performance ratings a Team Leader can achieve are as follows:

Performance Rating	Percentage Ranges*
• 5: Top Achiever	0% - 6%
• 4: High Contributor	0% - 5%
• 3: Successful Contributor	0% - 4%
• 2: Improvement Needed to be a Successful Contributor	0% - 2%
• 1: Did Not Meet Expectations	0%

The Team Leaders will be rated yearly on both quantitative and qualitative metrics, which will be determined by the Company at their sole discretion. If awarded, employee base pay increases will be determined yearly by the Company and will be based on the individual employee's performance during the previous calendar year.

Performance review ratings, Team Leader goals, and yearly base pay increases are determined solely by the Company and are not subject to the grievance and arbitration process outlined in Article IV.

*If a merit increase budget is awarded, employees rated Improvement Needed to be a Successful Contributor, Successful Contributor, High Contributor or Top Achiever will receive a dollar amount increase in their hourly rate and/or lump sum.

Section 15. One-Time Market Rate Adjustment

All CSR II and Business CSR II employees below current market rate will receive a one-time adjustment to the prevailing market rate during the compensation cycle of 2025 in lieu of the Company's regular pay-for-performance compensation cycle and award.

All other employees will be eligible for a one-time adjustment up to the maximum percentage of the market rate adjustment provided to CSR II and Business CSR II employees below the current market rate. Such adjustment shall be commensurate with an employee's performance in the 2024 performance cycle and shall be in lieu of the Company's regular pay-for-performance compensation cycle and award. This one-time adjustment commensurate with performance is solely at management's discretion and is not subject to the grievance and arbitration process.

To be eligible for this one-time market rate adjustment, Contact Center employees must agree to be gas emergency trained and skilled, successfully pass all training requirements and take gas emergency calls. Effective upon ratification of the April 1, 2024 contract, all new Contact Center hires and transfers must be gas emergency trained and skilled. Effective at the beginning of the pay period in which the one-time market rate adjustment is awarded, the $1.00 per hour stipend for taking gas emergency calls shall be eliminated for all employees.

To be eligible for this one-time market rate adjustment, all Billing and Credit employees must agree to be trained on moving calls, successfully pass the training and agree to handle such calls based on business need when called upon.

The Company's regular pay-for-performance compensation review, guidelines and cycle will restart for in 2026.

For those employees who do not wish to participate in this one-time market rate adjustment in 2025, they will follow the Company's regular pay-for-performance merit and compensation review and cycle process as outlined in this Article.

ARTICLE VII
VACATIONS, HOLIDAYS, AND LEAVES OF ABSENCES

Section 1. Vacation Allowance

(a) Regular Employees will be allowed the following vacation periods annually with basic straight-time pay:

- Employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed **120 hours** of vacation.
- Employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed **80 hours** of vacation.
- Employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed **40 hours** of vacation.
- Employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be allowed any vacation.

Effective January 1, 2025, the vacation allotment as set forth below is based on employees completing the designated number of years of continuous service by December 31 of a calendar year.

Less than one year of service	Start date January 1 through March 31 – **120 hours** Start date April 1 through June 30 – **80 hours**

	Start date July 1 through September 1 – **40 hours** Start date October 1 or later – no vacation accrued
One year but less than **6** years	**120 hours** per year
6 years	**128 hours**
7 years	**136 hours**
8 years	**144 hours**
9 years	**152 hours**
10 years but less than 20 years	**160 hours** per year
20 years or more	**200 hours** per year

All vacations must be completed within the calendar year, are not cumulative and must be approved by management. The Company must afford opportunity for the employee to take the employee's vacation within the calendar year. The period of continuous service, for vacation purposes only, is not interrupted by leave of absence or temporary layoff.

(b) An employee's vacation begins at the end of his/her last scheduled work day and, as such, may not be forced to report to work until the vacation period ends.

(c) The vacation time of part-time employees who work more than twenty hours per week, but less than forty hours per week will be prorated. Part-time employees who work less than twenty hours per week are not entitled to vacation time.

Section 2. Employee Returns Before June 1

An employee who returns before June 1 of any calendar year from leave of absence or temporary layoff of more than six months' duration shall be entitled to the employee's full vacation for that calendar year. For any such employee returning after June 1, the vacation for that calendar year will be computed at one-tenth of the amount provided under Section 1 above for each month (including the month of the employee's return) remaining in the calendar year.

Section 3. Choice of Vacation

Employees will be granted preference in selecting vacation periods consistent with the bid practice now in effect. Specifically, the bid process will take place over three rounds, with the first round covering the initial 2 weeks, second round covering for the remaining single weeks, and the last round covering single-day requests. The bids will be awarded by Company Seniority. Only Company allotted vacation time shall be utilized for the bid. Carry-over or holiday/floater time may not be used to bid for time off. During the bid process, requests will not be waitlisted.

Failure to submit vacation requests during any and/or all rounds will result in the employee forfeiting his or her turn during that round(s). Employees who fail to submit

their vacation requests in the allotted time will be awarded vacation time after all other employees are awarded time during that round(s).

Employees will make all reasonable efforts to schedule appointments during non-work hours. In the event that an appointment needs to be scheduled during work hours, employee shall give the Company as much notice as possible and shall request time off to attend such appointment.

Vacation bid timelines will be confirmed at least thirty (30) days prior to the start of the vacation bid in each department. Date ranges not covered by, and time off not awarded in the bid process will be awarded on a first come, first serve basis based upon operational requirements.

Section 4. Vacation Rollover

Employees are permitted to carry over up to one week of vacation from one calendar year into the next. Vacation time carried over will be forfeited if not used in the calendar year following the year in which the time is earned. Employees will not be allowed to use accrued/carry-over vacation for the period of time immediately prior to their retirement date.

Section 5. Discontinuation of Employment

Any employee with more than one year of continuous service who resigns and has given the Company at least two weeks' notice, or who is discharged by the Company, shall, at the time of the termination of the employee's employment, be credited with any vacation pay which the employee has earned but not received, prorated at one-fifth of the employee's total vacation allowance for each full month of full-time, active employment completed between January 1 and June 1 of that year. Any such employee who leaves after June 1 will be entitled to the employee's full vacation or pay for that calendar year less any vacation time taken.

Any employee who retires after January 1 of any calendar year will be credited with vacation time for any portion of the employee's total vacation allowance for that calendar year which the employee has not already received.

Section 6. Holidays; Time Off Before Christmas

New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays.

In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason and are

requested by the employee. In the event of a conflict between employees requesting the same date, Company Seniority shall govern.

Whenever any of such holiday(s) occur upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday as part of their normal schedule, the holiday will be observed on Sunday.

Whenever any such holiday(s) occur upon Saturday, the holiday shall not be observed on the Friday preceding such day. Instead, employees will be granted an additional floating holiday to be used within that calendar year based on operational requirements and supervisory approval.

Based upon operational requirements, the Company will allow four (4) hours off at the basic straight time rate to all employees who report for work and work a minimum of four (4) hours on Christmas Eve. If, however, an employee requests a vacation day or calls in sick on Christmas Eve, the full day will be coded as vacation or sick time, respectively.

If it is determined by the Company that time off cannot be allowed, the employee, in lieu of the time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

Section 7. Holiday Pay

Pay for the holidays listed in this Article will be as follows:

(a) If the holiday is observed on a day when the employee would ordinarily work and if the employee's services are not required, the employee will receive eight hours' pay and the day off.

(b) If the holiday is observed on an employee's day off, the employee shall receive an additional day off sometime during the calendar year on a day mutually agreeable to the Company and the employee. If the holiday is observed during the employee's vacation, the employee will receive eight hours' holiday pay and shall not be charged for vacation on that day.

(c) If an employee is required to work on a holiday, the employee will receive the eight hours' pay **plus one and one-half times the regular rate for all hours actually worked on the holiday**. Employee shall receive the applicable overtime rate for all hours worked in excess of forty hours in that work week.

(d) In order to receive holiday pay as described in sections (a) and (b) above, an employee must work the full scheduled work day before and full scheduled work day after a holiday. If an employee calls out sick or requests an intermittent Family Medical Leave Act (FMLA) day on the scheduled work day before and/or the scheduled work day after a holiday, the employee will not be paid for the holiday, but rather the holiday

will be coded as a sick day or vacation time, if applicable (intermittent leave for care of a family member). If an employee is out of work and covered under the Short-Term Disability plan when a holiday is observed, the employee will be coded as disability and will not be coded as holiday. If an employee is out of work on a continuous Family Medical Leave for their own condition or to care for a family member, the employee will be coded as FMLA and will not be coded as a holiday.

(e) Holiday pay for part-time employees is prorated.

Section 8. Sick Leave

In case of a disability continuing from one calendar year into the succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit as of the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year. Sick days cannot be carried over from one year to the next, nor will sick days be paid out at termination.

Management reserves the right to require an employee to provide a doctor's note upon return to work following four consecutive days of absence due to sickness.

Sick Leave Wage Payment Policy

- Non-occupational illness/injury disability lasting more than five days **(40 hours)** will be managed by Lincoln Financial Group
- A total of 10 sick days **(80 hours)** per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days **(40 hours)** for full-time employees or one full work week work for a part-time employee, qualifying employees will be eligible for short term disability
- The first twelve weeks **(480 hours)** of short-term disability will be paid at 100% of base pay
- Up to thirteen additional weeks **(520 hours)** of short-term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay
- Vacation time cannot be used to extend a short-term disability claim prior to transitioning to long-term disability (LTD)
- **Sick leave benefits for part-time employees will be prorated.**

Section 9. Absence Due to Death in Family.

Time off without loss of pay shall be granted to employees in the event of death in the family as follows: Up to a maximum of five (5) days of time off without loss of pay shall be granted to employees in the event of death of an immediate family member. An "immediate family member" includes an employee's spouse, child, **stepchild**, parent, **stepparent**, sister, brother, **stepsibling,** father and mother-in-law, grandchild **or** grandparent. **Up to a maximum of three (3) days off without loss of**

pay shall be granted to employees in the event of death of the employee's brother-in-law, sister-in-law or a person who is actually a member of and living in the employee's household. **Up to a maximum of two (2) days off without loss of pay shall be granted to employees in the event of death of the employee's** aunt **or** uncle. **Employees seeking leave must notify the employee's supervisor of such death and request such leave, which shall be granted unless an emergency exists at the time requiring the employee's services.**

Section 10. Jury Duty Wage Payments.

If an employee is selected for jury duty or is summoned to appear in court as a witness, the employee shall notify his/her supervisor immediately and shall provide documentation of jury selection or evidence of the summons to appear in court. Employees will be granted paid leave for jury duty not more than once every three years. During jury duty or witness leave duty (when the employee has no interest in the matter before the court), an employee will receive normal pay based on an eight-hour workday. If the court excuses the employee from any full day of jury duty or if the employee does not have to be in court for a full day as a witness, the employee is expected to report to work for the balance of that day.

Section 11. Military Leave.

Short Term Leave for Military Training

Any employee who is required to report for short military training periods will be granted a Short-Term Military Leave of Absence. Employee must provide notification to his/her supervisor, as soon as possible, so that arrangements can be made for work assignments in his/her absence.

Upon receipt of military documentation and Compensation for Ordered Tour of Duty form by the Leave Administration Department, the employee will be compensated for the difference between his/her wages and military pay for a maximum of 15 working days per Federal fiscal year (October 1 through September 30 of the next calendar year), if the military pay (taxable income on the military pay voucher) is less than his/her base wages. If the Compensation for Ordered Tour of Duty form is not received prior to the employee's absence, the employee will not be paid.

Requests for leave of absence to attend service schools, or tours of duty for other than training will be considered as individual cases, on their merits.

Long Term Leave for Active Duty

Any employee who enlists, is drafted, or is called to active duty will be granted a Long-Term Military Leave of Absence in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Employees shall forward a copy of the Ordered Tour of Duty signed by the Commanding Officer, or comparable

military documentation, to the Leave Administration Department, as soon as possible and prior to the leave. If this form is not received prior to the employee's absence, the employee will not be paid.

Employees shall submit a military earnings statement, or its equivalent, to the Leave Administration Department detailing the amount of payment received or expected to receive from the U.S. government for the tour of duty. If a military earnings statement is not received prior to the employee's long-term absence, he/she will not be paid.

Upon completion of the active tour of duty, employees will be eligible for reemployment within two weeks of an application for reemployment, as provided by the USERRA. Reemployment needs to include confirmation of good standing with the military and must be timely according to the following USERRA provisions:

- If the absence is for a period of 30 days or less, employee must report to work on the next full, regularly scheduled workday, plus 8 hours.
- If the absence is for a period of 31 to 180 days, employee must notify Company of his/her intent to return to work within 14 days following the end of the military service.
- If the absence is for a period of 181 days or more, employee must notify Company of his/her intent to return to work within 90 days following the end of the military service.

The employee will be reinstated to his/her former job if he/she is still physically qualified or able to become re-qualified with reasonable efforts.

ARTICLE VIII
SAFETY PROVISIONS

Section 1. Policy Statement

It is agreed that the Company and the Union will work together on a continuing program of safety measures for the protection of the employees, the public, of Company property and of its service to customers.

Section 2. Safety Manual

The Company will make available to each employee covered by this Agreement its "Employee Safety & Health Handbook."

Section 3. Company/ Union Safety Meetings

Representatives of the Company and two representatives of the Union and the Business Manager shall meet in February and September to discuss safety.

ARTICLE IX
GENERAL PROVISIONS

Section 1. Bulletin Board for Union Use

1.(a) The Company will furnish a suitably identified bulletin board for use by the Union in such location as mutually agreed upon. The purpose of the bulletin board will be for the posting of notices pertaining to the Union and its members. All Union notices must be signed by an official of the Union and such notices shall contain nothing political, controversial, or reflecting upon the Company, Union, or any employees. Either the Union or the Company may remove from these bulletin boards any notices posted thereon which do not comply with this Section 1.(a).

1.(b) If a general notice to employees or the public is issued pertaining to a change made in this Agreement, it shall be signed jointly by representatives of the Company and the Union.

1. (c) When information pertaining to Company-Union business is to be disseminated to the employees, announcement shall be posted on the official bulletin boards in the department or departments affected, and duplicates submitted to the Business Manager and Assistant Business Manager.

Section 2. Wages While Negotiating

During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to not more than six employee representatives of the Union for time lost from their normal work schedules while attending meetings with Company representatives.

Section 3. Work Outside of Company Area

It is recognized that the Company may occasionally assign employees covered by this Agreement to work in locations and upon facilities other than those owned or operated by the Company. Company-required travel shall be reimbursed pursuant to the Corporate Reimbursable Expenses Policy.

Section 4. Relative Policy

The Company discourages hiring relatives in order to promote a diverse workforce and avoid any actual or perceived conflict of interest. Relatives are defined, for purposes of this policy, as spouse, parent, child, sibling, grandparent, grandchild, aunt, uncle, niece, nephew, in-law, step relative, life partner, or other individual residing within an employee's household. Any offer for employment involving the relative of a current employee must be approved by the Senior Vice President of the hiring organization and the Senior Vice President of Human Resources.

Section 5. Distractions

Employees shall not engage in distracting behavior while on work time. Management shall determine what constitutes a distraction. Examples include, but are not limited to, personal cell phone usage, personal laptop usage, etc.

Section 6. Tardiness

Employees shall arrive for work before their scheduled start time so as to be ready to begin their shift at their start time. Employees who violate this section will be subject to discipline.

Section 7. Exchange/Flex Time

Exchange Time allows an employee to request time off during a scheduled workday to be made up within the workweek (Sunday through Saturday). Granting of Exchange Time will be at the Company's discretion and shall be based upon such factors as the Company, in its judgment, believes relevant, including the needs of the business. If the Company approves an employee's request for such time off, it shall designate the time within the same workweek when the absence shall be made up.

The Company's decisions made under this section shall not be subject to the grievance and arbitration process.

ARTICLE X
STRIKES AND LOCKOUTS

The Company agrees that there shall be no lockout and the Union agrees that there shall be no strike, sympathy strike, or stoppage of work during the period of this Contract. The Company agrees that no action will be taken against the Union as an organization, or its officers while acting as such, for any damage which may be sustained as a result of any strike or stoppage of work not countenanced or authorized by the Union.

ARTICLE XI
EMPLOYEE BENEFITS

1.(a) The Company agrees to continue in effect for the period of this Agreement the benefits and eligibility requirements which apply to employees and their dependents where applicable under its current Group Life Insurance Plan, and Health Insurance Plan and the current Northeast Utilities Retirement Plan as amended January 1, 2008, for employees hired prior to January 1, 2010, and to offer the K-Vantage Benefit to employees hired after December 31, 2009. K-Vantage will also be available to employees hired prior to January 1, 2010, who choose K-Vantage before January 1,

2010 in lieu of additional service and earnings credits under the Northeast Utilities Service Company Retirement Plan. Employees originally hired into NU System Companies other than NStar who transfer into the union after January 1, 2010 will retain the same retirement benefit plan elections (under the NUSCO Retirement Plan or K-Vantage) they have immediately prior to the transfer, and will not be given an opportunity to make a new election for either plan. Employees transferred into the union from NStar will be treated as new hires as of their transfer date and will participate in K-Vantage. Previous vesting service from NStar will be recognized for vesting of K-Vantage benefits.

1.(b) Should the Company make any major changes which affect privileges or benefits to employees under any major policy, plan, or program not specifically covered by this Agreement but affecting employees hereunder, the Company shall, if it recognizes such change as significant, notify the Union in writing of such proposed change and the effective date thereof and the Union may, if it so desires, request in writing at any time within thirty days after notice of such change, that a meeting be arranged to discuss the effect of such change on employees and the Company will promptly arrange such a meeting. If notice of such change has not been given, the Company will arrange a meeting for discussing it promptly on request of the Union.

1.(c) It is understood and agreed by the Union and the Company that continuation of benefits provided under the Plans shall, of necessity, be contingent upon the rules and regulations applicable thereto and that the Company and its Plan Carriers will have authority to administer the Plans in accordance with such rules and regulations. Any change in a policy or practice covered by this Section which is not specifically mentioned in this Agreement or any question concerning the Company's application of such policies and practices of the Pension Plan, Group Life Insurance Plan or Health Insurance Plan shall not be subject to grievance procedure or arbitration.

ARTICLE XII
EXPENSE ALLOWANCE

Section 1. Travel Time and Transportation

When required to work distant from their base area, employees will be paid expense and travel allowances in accordance with the Corporate Reimbursable Expenses Policy.

Section 2. Change in Current Practices or Privilege

If, during the term of this Agreement, the Company contemplates changing a current practice or privilege, not specifically covered in this Agreement, which, if changed, would result in a significant increase in employees' personal expenses outside of the employees' normal commute, the Business Manager or an Assistant Business Manager of the Local Union concerned will be advised in advance of the change as

soon as practicable. Upon request of either party, Union and Company representatives will meet for discussion of such change.

ARTICLE XIII
COMPLIANCE WITH LAW

No provision in this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory bodies having jurisdiction. If any such laws, regulations, rulings, or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to ensure a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purposes of Article IV.

ARTICLE XIV – DURATION

Section 1. Term of Agreement

This Agreement constitutes the entire Agreement of the parties except such amendments or supplementary Agreements as are reduced to writing and signed by the parties hereto.

Except as otherwise provided, this Agreement shall become effective upon ratification and shall remain in full force and effect until April 1, **2028** and shall automatically renew itself from year to year until terminated by either party as herein provided.

Section 2. Notice

In the event that either party shall desire to terminate this Agreement or any renewal thereof, it shall give written notice to the other party by mail at least ninety (90) days prior to the expiration or renewal date that it desires to terminate the Agreement.

If notice is given as provided above, it shall be addressed to, respectively:

Manager, Labor Relations
P.O. Box 270
Hartford, CT 06141-0270

Local Union 457, IBEW
Business Manager/Financial Secretary
2590 Berlin Turnpike, Suite 1
Berlin, CT 06037

This Agreement shall become effective when signed by the authorized representatives of the parties.

In witness whereof we have attached our hand and seal.

ATTENTION: DIRECTOR - LABOR RELATIONS

I hereby authorize The Connecticut Light & Power Company to make a single initiation fee deduction and in addition to deduct from my wages each month union membership dues in Local 420 and Local 457 of the International Brotherhood of Electrical Workers in such sums as from time to time the secretary/treasurer of Local 420 and Local 457 of the International Brotherhood of Electrical Workers may certify. Initiation fees and dues covered by this authorization are not deductible as charitable contributions for federal income tax purpose.

I further direct the Company to remit the amount deducted to the Union Officer designated by the Union to receive such payments.

This authorization shall be effective for the duration of any written agreement or extension thereof between The Connecticut Light & Power Company and Local Union Nos. 420 and 457 of the International Brotherhood of Electrical Workers, et al unless canceled in writing by me.

AGREEMENT entered into as of the 1st day of October **2017**, between THE CONNECTICUT LIGHT AND POWER COMPANY, hereinafter referred to as the COMPANY, and LOCAL No. 457 of THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, hereinafter referred to as the UNION, with respect to rates of pay, hours of employment and other conditions of employment. This agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

ARTICLE I
Recognition and Union Membership

1.(a) The Company recognizes the Union as the sole collective bargaining representative with respect to wages, hours and other conditions of employment for employees who perform electric distribution dispatch work, in the Dispatcher/Distribution System Operator classification, employed by the Connecticut Light and Power Company in the State of Connecticut, but excluding all other employees, senior technicians, office clericals, professionals, confidential employees, guards and supervisors as defined in the Act. Recognition is granted pursuant to the Certification of Representatives of the National Labor Relations Board in Case Number 34-RC-1466, dated 9/24/99.

1.(b) The Company and Union agree to continue their cooperative efforts to promote safety, efficiency and harmony among all the employees and to promote and advance the welfare of the Company and the service at all times.

The Union agrees that its members, who are employees of the Company, will individually and collectively continue to avoid and discourage waste of materials, time, and manpower, and that they will use their influence and best efforts to protect the property of the Company.

1.(c) The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director – Labor Relations.

2. If at any time during the term of this Agreement, or any renewals or extensions hereof, the Company shall recognize the Union as the exclusive bargaining agent of the employees in any job classification in addition to those specified in Section 1.(a) of this Article, all of the provisions of this Agreement shall become applicable to the employees in such job classification as though such job classification had been originally designated herein, except that the rates of pay applicable to such job classification shall be such as may be agreed upon between the Company and the Union.

3. The following provisions will apply to employees in job classifications covered by this Agreement:

3.(a) Employees who are members of the Union or its predecessor Union on October 1, 1999, or who later become members, will as a condition of employment be required to maintain their membership for the duration of this Agreement.

3.(b) Employees hired or transferred into the bargaining unit will be required as a condition of employment to join or make application to join the Union thirty days from their date of employment or transfer or thirty days after the date this Agreement is executed, whichever is later.

3.(c) If the Union refuses to accept as a member or refuses to continue the membership of any employee for any reasons other than the failure to pay or tender payment of uniformly

required initiation fees and periodic dues, the employee shall be exempt from the provisions of (a) and (b) above. It shall be the responsibility of the Union to solicit the membership of employees who are required to join the Union under Section 3.(b). Should the Union fail to solicit the membership of an employee within the time period prescribed in (b), that employee shall be exempt from the provisions of (b) until the first day of the calendar month within which his/her membership is first solicited by the Union.

3.(d) Should an employee fail or refuse to join the Union or maintain membership therein as hereinbefore provided, the Union may request the Company to discharge such employee. The request shall be submitted in writing to the Director-Labor Relations. Two weeks from the date of receipt of the request, unless the Company has notified the Union that the matter is in dispute, the employee will be discharged, provided that, if during the two week period the employee complies with the Union membership provisions of this Section 3., the Company will not be obliged to discharge the employee.

3.(e) If a dispute arises under Section 3.(d) hereof concerning the discharge of an employee, the Director-Labor Relations and the respective Business Manager of the Union shall ascertain the facts and endeavor to settle the dispute. Pending settlement of the dispute, the Company will not suspend or discharge the employee concerned. If the dispute is not settled within thirty calendar days, (subject to extension by mutual agreement), from date of receipt of the Union's written request for discharge as provided in Section 3.(d) hereof, either party may, within the next ten calendar days following the thirty calendar day period, submit the dispute to Arbitration for final settlement as provided in Article IV.

4.(a) The Local Union shall notify the Company in writing of its required amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, the Local Union concerned shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

4.(b) Upon receipt of individual written authorization and assignment from employees in job classifications listed in Appendix "A," the Company will make a single deduction for the required initiation fee and in addition will deduct required monthly Union dues from the employees' wages on a pay period basis and remit monthly to the Local Union Officers designated in writing by each Local Union. Authorizations shall be submitted in the form and language shown in Appendix "B" attached hereto and made a part of this Agreement. If an employee is transferred out of the bargaining unit, his/her authorization for the payroll deduction of Union dues will automatically become void at the end of the calendar month within which his/her transfer is effective.

5. It is agreed that neither the Company nor the Union will discriminate against any employee in application of any of the terms of this agreement because of race, color, religion, age, gender or national origin, sexual orientation, disability, or status as a disabled veteran or a veteran of the Vietnam era.

ARTICLE II
The Functions of Management

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer, discipline and lay off employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE III
Grievances

Any complaint made by an employee to his/her Foreman or immediate Supervisor concerning his/her wages, hours or working conditions which is accompanied by a request for an answer will be considered as a grievances for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local concerned, an employee from within the Local area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him/her in Step One, or for a Business Manager or his/her designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his/her designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

Step One

The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the Foreman or immediate Supervisor as promptly as possible following the incident which caused it. The Foreman or immediate Supervisor will endeavor to settle it by giving an answer as promptly as possible and within seven calendar days of the date of presentation. If an answer is given and accepted in this Step, the grievance is to be considered closed. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement), from date of presentation in this Step.

Step Two

The Business Manager or Assistant Business Manager shall forward the grievance in writing to the Manager or Superintendent concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances causing it. The Manager or Superintendent concerned or his/her designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or superintendent concerned or his/her designated representative, other management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both.

In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension by mutual agreement), from the date of the claimed violation.

If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

Step Three

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director – Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

(a) three representatives appointed by the Company, and

(b) three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his/her designated representatives. In addition an International Representative may be present in this Step in an advisory capacity to the Local Union.

The Joint Committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director – Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company as management has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, it shall be forwarded by the Director – Labor Relations to the Business Manager of the Local Union concerned and the International Representative who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE IV
Arbitration

1. If a grievance is not settled in Step Three of Article III, and provided the grievance is a dispute involving the interpretation, application or compliance with any provision of this Agreement, either the Union or the Company may, within the time limits specified in Article III, Step Three, submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company. This Section is subject to the limitations set forth in Sections 2.and 3.of this Article.

2. The parties recognize the proper role of the arbitrator as one of deciding issues submitted by the parties under this Article, after a full and fair hearing, and not as being invested with any authority to participate in matters of collective bargaining, conciliation, mediation or to give advice or recommendations to either party.

3. It is understood and agreed that proposals to add or to change this Agreement shall not be arbitrable and that no proposal to amend or terminate this Agreement may be referred to arbitration under this Article.

4. It is understood that for the term of this Agreement, where the position of the Union is upheld by the Arbitrator, the Company will pay such fees charged by the Arbitrator or the American Arbitration Association for any grievance properly processed and properly referred to arbitration under the terms of Article IV.

In any other case such fees will be shared equally by the Company and the Union. In all cases, any costs incurred by either party in its own behalf, such as legal fees, stenographic costs, etc., will be paid by that party.

ARTICLE V
Seniority

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company shall be known as "Company Seniority."

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority.

c) Total length of continuous time served with this Company, CL&P and system companies, shall be known as "System Seniority."

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

New employees shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his/her probationary period as defined above shall become a regular employee at the end of the probationary period and his/her seniority shall start from the date of hiring. A regular employee shall lose his/her seniority status if he/she resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in Section 4.of this Article.

PROMOTION

1.(a) Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion on a local departmental basis.

1.(b) When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his/her skill, efficiency, knowledge, ability and acceptable performance in training, he/she will be given the promotion. If the employee having greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority on a local departmental basis. When no employee on a local departmental basis is qualified, Classification Seniority will be applied on a Companywide basis.

1.(c) The Company will give preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit.

Notice of available job openings, other than those to be filled by application of any other provision(s) of this Agreement, will be posted on bulletin boards throughout the Company, and a copy will be sent to the Business Manager or each Local Union. Each bulletin board posting will be for a period of not less than ten (10) calendar days during which period interested employees may apply in writing for reassignment to the posted job opening by use of a reassignment application form provided by the Company. The Business Manager, Assistant Business Manager

or Steward may submit a reassignment application in the above manner on behalf of an employee who is absent during the seven-day period by reason of vacation, short-term illness or short-term excused absence. Promptly following the end of a posting period each applicant will be notified within 15 days following the end of that posting period whether or not his/her application has been accepted, and if rejected, the reason therefore. The Company's determinations of the qualifications of employees applying for reassignment under this Section 1.(c) will be made on the same basis as for hiring new employees. In the event two or more employees with basically equal qualifications apply for one job opening, preference for placement will be determined by greater Company Seniority. If reassignment is postponed following notification of acceptance, the employee's classification seniority will be adjusted upon reassignment to the starting date of the first full week following the date of the acceptance notice.

Vacancies in the bargaining unit will be filled within two weeks from the date of the vacancy. If it is determined that no vacancy exists, the Company will advise the Business Manager of the Local Union concerned in writing.

REASSIGNMENT, LAYOFF AND DEMOTION

2. If at any time Company operations require a reduction of the existing working forces, employees in the localities or departments affected will be subject to reassignment in the order of least Company Seniority and in reverse sequence of job progression within the job classifications affected. The Company will reassign employees entitled to reassignment to job classifications for which they are qualified and in accordance with the procedure outlined below:

2.(a) When it becomes necessary to reduce the working force, employees will be laid off from the classification to be reduced at the affected work location in the bargaining unit in accordance with their Company seniority.

2.(b) Employees affected under (a) will have two options: (1) displace the least senior employee in their classification within their region locations, or (2) displace the least senior employee in the bargaining unit at the affected work location if currently qualified to perform the work. If unable to exercise option (1) or (2) above, then (3) the employee may displace the least senior employee in the bargaining unit if currently qualified to perform the work.

2.(c) Employees displaced from their jobs by more senior employees in the reduced job classification have the rights under (b), (d) and (e) of this Section.

2.(d) Employees may waive their rights under (b) and take a layoff, retaining recall rights under Section 4.

2.(e) In the event an employee subject to reassignment does not have sufficient Company Seniority to entitle him/her to job placement, he/she may be laid off with recall privileges as outlined in Section 4 of this Article.

Any employee who has completed one or more years of continuous service and who is laid off because of the permanent elimination of one or more jobs shall be given an allowance of forty hours' pay at his/her straight-time hourly rate for each full year of continuous service with the Company. For any such employee who is fifty years or more of age, the above mentioned allowance will, instead of forty hours, be sixty hours if he/she has completed at least fifteen years of continuous service, or eighty hours if he/she has completed at least twenty-five years of continuous service. Any laid off employee or employee identified to be laid off, who obtains employment with any of the system companies, will not be entitled to terminal pay. Any such

employee who accepts terminal pay will thereby relinquish all other rights under this Agreement and will not be eligible for recall under Section 4. of this Article V. any employee who accepts any position or who is offered a position similar to the position he/she held with the Company prior to the sale or lease, or in which he/she has had experience, the wages and benefits for which are reasonably comparable to those earned prior to such sale or lease, with this Company or with the purchaser or lessor, shall not be eligible for severance pay. An employee so affected who has reached his/her fifty-fifth birthday may, in addition to severance pay, make arrangements for applicable annuity benefits under the then existing Annuity Plan.

2.(f) When Company operations require other than a temporary transfer or reassignment of employees under the provisions of Section 2. of this article to a job classification in which he/she is unskilled or inexperienced, he/she will be given training on the job and allowed to reasonable period of time to develop sufficient skill and ability to perform satisfactorily in his/her new job classification.

An employee who is reassigned to a job classification with a lower hourly starting rate of pay than his/her present hourly rate a special basic rate of pay will be established for him/her in the following manner:

A. For an employee with less than five years of continuous service:

(1) If his/her present rate is greater than the maximum rate of his/her new classification, he/she will be paid the maximum rate of the new classification.

(2) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

B. For an employee with five years but less than fifteen years of continuous service:

(3) If his/her present rate is greater than the maximum rate of his/her new classification, twenty-five percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate for the lower job classification.

(4) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

C. For an employee with fifteen or more years of continuous service:

(5) If his/her present rate is greater than the maximum rate of his/her new classification, fifty percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate of the lower job classification.

(6) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

Any special rate established under the terms of subsection (3) or (5) of this provision will thereafter not be subject to any rate or general wage adjustments until such time as the maximum rate for the lower job classification equals or exceeds his/her special rate.

2.(g) If it is definitely established that a regular employee is physically incapable of performing the duties of his/her assignment, the Company will, in accordance with its past practice, whenever possible and with due consideration given to the Company Seniority of all

employees affected, reassign such employee to an available job for which he/she is qualified at a rate which will result in a minimum reduction from his/her former rate.

2.(h) If an employee is demoted or assigned to a lower job classification or hourly rate of pay (1) at his/her own request, (2) for disciplinary reasons, (3) for incompetence or (4) because of physical inability to perform the duties of his/her assignment, his/her Classification Seniority for the purposes of promotion will begin on the date of the demotion. Any employee who is demoted under item number (4), above, will retain his/her Classification Seniority in his/her former classification for the purpose of reinstatement as set forth in Section 4.(a) of this Article. Any employee desiring assignment to a lower job classification or hourly rate of pay for a purpose other than covered by Section 1.(e) of this Article shall make written request to the Manager or Superintendent concerned, with duplicate copy to the Business Manager of the Local Union having jurisdiction over the location involved. Such written request shall state that the employee understands the Classification Seniority provisions of this Agreement.

TRANSFER

3.(a) In situations when the application of the seniority principles of this Article V either involve groups of employees or involve two or more separate localities, or departments, the Company will satisfy its obligation to contact affected employees by giving written notice. Ten days prior to posting written notice the Company or Union by request will discuss the effects on employees. Such written notice shall contain information pertinent to the situation at hand and be posted on bulletin boards in the localities where the employees concerned are based. It shall remain posted for a period of not less than one calendar week before the Company takes action affecting the status of employees having direct and reasonable interest in the stated situation. A copy of any written notice under this Section 3.(d) will be forwarded to the Business Manager(s) of the Local(s) concerned and, when it appears desirable to the Company to insure adequate communication, copies may be forwarded to each employee having direct and reasonable interest in a stated situation.

3.(b) When, for reasons other than his/her own request, an employee is transferred or reassigned under Sections 2.(a) or 2.(b) he/she will retain his/her Classification Seniority in his/her former location and job classification for purposes of reinstatement and promotion and, if reassigned to a lower job classification within his/her normal sequence of progression, his/her Classification Seniority in the lower job classification will be established in reverse sequence of normal progression. When an employee is required by the Company to transfer to another locality, or is transferred to another locality for the mutual convenience of the employee and the Company, and no change in job classification is involved, his/her Classification Seniority in his/her former and new locations will be accumulative.

3.(c) When an employee is transferred or reassigned from one locality or department to another at his/her own request, his/her Classification Seniority in his/her new assignment will begin on the effective date of the transfer and he/she will forfeit his/her Classification Seniority in all job classifications he/she has held prior to the transfer.

3.(d) An employee who is transferred out of the bargaining unit and who is later transferred back into the bargaining unit will maintain continuous Company Seniority for the purposes of this Article and his/her Classification Seniority will be determined in accordance with the provisions of this Article. Company Seniority for purposes of layoff and transfer only will be the total length of time the employee has served in bargaining unit classifications.

REINSTATEMENT AND RECALL

4.a. Employees with three (3) or more years of continuous service who are laid off will be entitled to recall for a period of three (3) years from the date of layoff.

4.b. Employees laid off with less than two (2) years of continuous service will be entitled to recall for the actual time of their Company Seniority, counted from the date of layoff.

4.c. Employees will be recalled from layoff to vacancies in the bargaining unit in the same or lower job classification they were laid off from on the basis of their seniority and in the reverse order of layoff, provided they are qualified to perform the work.

4.d. Employees who, pursuant to paragraph (c) above, are offered recall to a work center/reporting headquarters other than the one from which laid off, or to a lower classification at the work center/reporting headquarters from which laid off, may decline such an offer of recall and remain on the seniority list for the period established in Section 4 of this Article, but upon the second such decline or recall the Company will not be required to thereafter offer recall except to the same job at the work center/reporting headquarters from which the employee was laid off.

4.e. Within ten (10) calendar days after notification of offer of recall, employees shall advise the Company whether they accept or decline said offer.

Employees in Military Service

5. The Company will reinstate without loss of Company Seniority employees, other than temporary, who have been granted leaves of absence for military service in accordance with federal statutes applicable thereto. In order to effect reinstatement it may be necessary to reassign, transfer or lay off other employees.

Probationary employees, who are reinstated, shall have their Company Seniority adjusted to the hiring date upon completion of their six-month probationary period. Service immediately preceding and immediately following the leave of absence shall be credited to the six-month probationary requirement.

ADJUSTMENT OF VETERAN'S SENIORITY

6. If a regular employee is bypassed for a promotion in his/her normal sequence of job progression because of military leave of absence and he/she is subsequently promoted to the higher job classification, his/her Classification Seniority will be adjusted to place him/her in the relative status he/she would have attained in the higher job classification had he/she not been bypassed.

SENIORITY LISTS

7. The Company will prepare and post on bulletin boards seniority lists showing the employee's name, job classification, date employed, Classification Seniority date and date classified. The seniority lists will show the relative Classification Seniority of employees in each job classification on a department basis.

ARTICLE VI
Job Classifications

1. Each employee will be assigned a job classification, the duties of which he/she is competent to perform and which generally reflects his/her normal work.

2.(a) A Dispatcher performing the duties of a Chief Dispatcher shall be paid an additional $2.00 per hour for all hours so assigned on one day provided he/she works one or more hours.

1. The Chief Dispatcher shall be the most Senior fully qualified Dispatcher, with respect to Classification Seniority, on duty within a specific Operating Region, unless that person voluntarily relinquishes the duties of Chief Dispatcher to a less Senior fully qualified Dispatcher.

2.(b) If during a Shift Supervisor's absence from work an employee in a Chief job classification is temporarily assigned to direct work forces normally directed by a Shift Supervisor,

he/she will be paid one dollar and ten ($1.10) cents per hour in addition to his/her basic straight-time hourly rate for all hours so-assigned on one day provided the assignment is for one or more hours on that day. If a classification other than Chief is assigned, the employee will be paid the applicable Chief rate in addition to one dollar and ten ($1.10) cents per hour for all hours so-assigned on one day provided the assignment is for one or more hours on that day.

Upgrading, under this section, will normally be on a classification seniority basis by shift assignment.

3. If it is definitely established (1) that a regular employee is incapable of performing the duties of job classification because of an injury sustained in the employ of the Company, or (2) that a regular employee having five or more years of continuous service is incapable of performing the duties of his/her job classification because of a disability or infirmity arising from natural causes and he/she is assigned to a lower job classifications within his/her ability to perform, a special basic rate of pay will be established for him/her as follows:

3.(a) For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he/she is reassigned by the product of five percent times his/her years of continuous service and adding the amount so-obtained to the maximum basic rate of the lower rated job classification. For any employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustment made during the term of this Agreement.

3.(b) Should such an employee later qualify for and be promoted to a higher job classification, his/her basic rate will be the starting rate for the higher job classification or the special rate as determined above, whichever is greater.

3.(c) The above Sections 3.(a) and 3.(b) apply to employees who may be reassigned to a lower rated job classification for reasons stated in Section 3.

4. In order that the Union may maintain its records of bargaining unit employees the Company will periodically notify the Union of job classification changes. Such notification will provide the name, job classification and location for each bargaining unit employee hired, reclassified, transferred or separated from the Company. The information will be directed to the Business Manager of the Local Union having jurisdiction over the location involved. If an employee within the bargaining unit is discharged, the Company will notify the Business Manager of the Local Union concerned as promptly as possible.

4.(a) If a regular bargaining unit employee is suspended or discharged the local management of the Company will notify the Local Union representative on the same day of occurrence. If requested by the Union, the matter shall be discussed on that day by management representatives and the Local Union in the area concerned.

ARTICLE VII
Schedules, Working Hours,
Overtime, Premium And Holiday Rates

1. The Company and Union will jointly develop work schedules, which shall not consist of work schedules of more than twelve (12) hours per day or forty (40) hours per week. All hours worked in excess of the normal work schedule or forty (40) hours per week, or outside of the employees normal work schedule, will be paid for at one and one-half straight-time rates except when other overtime rates, premium rates or holiday rates are applicable as herein provided.

2. For the purpose of this Agreement, employees are composed of shift **and day** workers. (1) A shift employee is defined as one who works at a seven-day operation or service, on a rotating or shift schedule. **(2) A day worker is defined as one whose basic work week is Monday through Friday, or Tuesday through Saturday between the hours of 6 a.m. and 6 p.m. for eight (8) hours a day or ten (10) hours; if applicable.**

2.(a) If the Company changes or modifies working schedules in the system operations center, in a manner which the Union considers arbitrary or unnecessary, the new schedule shall be worked subject to adjustment through the grievance procedure up to and including arbitration.

2.(b) Normally, an employee on regular scheduled midnight shift will not be required to work more than four (4) hours (12 hours in total) beyond that shift contingent upon operational requirements.

3. When working conditions permit, regular active employees will be allowed time off at basic straight-time rates on recognized holidays falling on a day within their normal schedule. When a regular employee is required to work on a recognized holiday falling on a day within his/her normal schedule, in addition to holiday pay at basic straight-time rates, one and one-half straight-time rates will be paid for time worked within his/her normally scheduled hours and double straight-time rates will be paid for time worked outside his/her normally scheduled hours.

The employee will have the choice of taking either holiday pay at basic straight-time rates or taking a day off at a mutually agreeable alternate date in lieu of being paid holiday pay at basic straight-time rates for the worked holiday. In addition, the lieu day must be requested by the employee and approved by management before the holiday.

4.(a) When a recognized holiday falls on a day outside of a regular active employee's normal schedule, the Company at its option will either designate a day off from his/her normal schedule with basic straight-time pay or pay him/her for the holiday at basic straight-time. When the Company designates a day off from normal schedule, it shall fall within a calendar year. When designating a day off under this provision the Company will endeavor firstly to make such a day off be contiguous to another day off or, secondly to occur on a Sunday or, thirdly to occur on a day other than contiguous to another day off or other than on a Sunday. Exceptions to the foregoing sequence may be made to accommodate an employee's request for a designated day off by mutual agreement provided the exception does not require a change of normal work schedule for another employee who objects to such schedule change.

4.(b) When a regular employee is required to work on a recognized holiday falling on a day outside his/her normal schedule, in addition to either the time off or the straight-time pay provision of Section 4.(a), above, one and one-half straight-time rates will be paid for time worked up to eight hours and double-straight time rates will be paid for time worked in excess of eight hours.

4.(c) Insofar as practical, an employee shall not be compelled to work more than three (3) assigned shifts in a seven (7) day non-storm period. He/she may, however, sign up for additional shifts as his/her own discretion.

5.(a) With **twenty-four (24)** hours or more advanced notice, employees who work less than an eight hour period immediately preceding their normal schedule starting time, best efforts will be made to allow them rest time. It is agreed that less than eight hours does not constitute a

shift, and will be viewed as a prearranged overtime assignment, or callout assignment if applicable.

With **twenty-four (24)** hours or more advanced notice, employees who work an eight hour shift within the eight hour period immediately preceding their normal schedule, will receive the applicable overtime rate, and their basic straight time rate during their normal schedule. The only exception to this is when employees work an overnight shift preceding their normal day shift, best efforts will be made to allow them rest time.

5.(b) Upon request from shift workers, the Company may, at its discretion with respect to extended hours of work and the numbers of simultaneous requests or extended periods of exchange, permit such employees to exchange their scheduled hours of normal work coverage provided the shifts are adequately covered without involving payment of overtime or upgraded rates. When such exchanges of scheduled work hours are permitted, the advance notice requirements of Section 6. of this Article shall not be applicable.

5.(c) When an employee in any job classification is assigned to work on an afternoon or night schedule of normal work coverage, a premium of **three dollars** (**$3.00**) per hour will be added to his/her basic straight-time rate for all hours worked within that schedule. For the purpose of this shift premium provision, afternoon and night schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 7:00 a.m., or following 7:00 p.m.

5.(d) A premium of twenty-five percent of the basic straight-time rate per hour will be added to the basic straight-time rates for time worked on Sundays on a normal schedule by shift workers. This Section 5.(d) will not be applicable to time worked at double straight-time rates under the provisions of Section 12a. of this Article.

6.(a) When possible, employees will be given not less than seventy-two hours advance notice of changes in their normal work schedules. In any case of a change of normal work schedule, the employee(s) affected must be advised of the change in advance of the starting time of the new normal work schedule for the purposes of the premium rate and rest time provisions of this Article VII.

6.(b) When an employee's normal work schedule is changed with less than seventy-two hours' advance notice, any time worked within the new normal schedule which was not normal work time under the old schedule will be paid for at one and on-half straight-time rates until the advance-notice period has expired, except when other rates are applicable, and excepted further that when an employee's normal work schedule is changed to provide relief coverage because of sickness or other unexpected absences of employees, forty-eight hours shall be the advance-notice period for application of greater than straight-time rates. An employee may be returned to his/her previous normal work schedule without forty-eight hours' advance notice after serving a relief coverage assignment as described herein.

6.(c) Whenever possible, employees will request permission for planned absence at least seventy-two hours in advance of such absence.

7. Insofar as practicable overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be

performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

8.(a) Whenever possible at least seventy-two hours' notice will be given to employees who are required to work prearranged overtime. For the purposes of this Section 8, prearranged overtime is defined as that for which **twenty-four (24)** or more hours of advance notice has been given. Employees who are unable to report for overtime work will notify the Company as promptly as possible in order that planned work will not be disrupted.

8.(b) An employee who reports for prearranged overtime work on a day outside of his/her normal work schedule will be paid for a minimum of four hours at applicable overtime rates. If an employee assigned under this Section 8.(b) is required to report on the job two or more times on one day, he/she will be paid a minimum of two hours at applicable overtime rates for each time he/she reports and, in addition, he/she will be paid for two hours at basic straight-time rates. When an employee is advised on less than fifteen hours' advance notice not to report for such prearranged overtime work he/she will be paid for two hours at his/her basic straight-time rate.

8.(c) When an employee reports for prearranged overtime work on a day within his/her normal schedule, he/she will be paid for a minimum of two hours' work except that when the prearranged overtime is less than two hours and immediately precedes or follows his/her normal schedule, he/she will be paid for the actual overtime worked at the rate applicable. When an employee is advised on less than sixteen hours' notice not to report for such prearranged overtime, he/she will be paid for two hours at his/her basic straight-time rate except that when the prearranged overtime immediately precedes or follows his/her normal schedule hours and would amount to less than two hours, he/she will be paid at his/her basic straight-time rate for the actual amount of prearranged overtime involved.

9.(a) If an employee is required to work overtime outside of his/her normal schedule, without **twenty-four (24)** hours notice, during the eight-hour period immediately preceding the starting time of his/her next normal schedule, best efforts will be made to allow rest time during that normal schedule without loss of normal wages. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates.

If an employee is required to perform work, without **twenty-four (24)** hours notice, during the eight-hour period immediately preceding the starting time of a prearranged overtime period on a day outside of the employee's normal schedule, best efforts will be made to allow rest time during that prearranged overtime period for which he/she will be paid straight-time rates. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off, that part worked will, except for holidays, be paid for at double and one-half straight-time rate.

9.(b) If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be allowed a period of eight hours time off before returning to work. Any part of such time off which extends into the employee's normal work schedule will be paid for at straight-time rates. Time allowed off for meals will be counted in determining sixteen hours for the purpose of this

Section. When service requirements will not permit allowing as earned rest time off that part which may extend into normal schedule, that part worked during normal schedule will, except for holidays, be paid for at double straight-time rates.

10. If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be paid at double his/her straight-time rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this Section.

11. When meals are furnished by the Company under the provisions of Article XII, Section 4., time allowed off for meals will be paid for at the applicable overtime rates. If a meal is furnished under this provision following the conclusion of the workday, three-quarter hour eating time at the applicable rates will be paid.

12.(a) A Shift worker will be paid double the straight-time rate for all hours worked on Sunday outside his/her normal schedule.

12.(b) Employees with Sunday as a normal scheduled day off in any calendar week shall be paid double time for work on that Sunday, and at time and one-half for work on the other normal scheduled day off in that calendar week. Employees required to work on a Sunday within their normal schedule in any calendar week shall receive time and one-half for work on the first normal scheduled day off and double time for work on the second normal scheduled day off in that calendar week.

13. When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime or premium rates of pay for the same hours worked.

ARTICLE VIII
Holidays

1. New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

3. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If it is determined by the Company that time off cannot be allowed, the employee in lieu of time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

ARTICLE IX
Vacations

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for four weeks' vacation under 1.(c) below.

1.(c) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

1.(d) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

2. Consistent with the Company's service obligations, vacation periods will be scheduled to meet and suit the convenience of employees. Insofar as practicable, employees will be granted preference in selecting vacation periods in descending order of Company Seniority on a local departmental basis as involved. Such preference for selection will be granted in the following order: (1) for all vacation periods under 1(a), 1(b) above, (2) for all third week vacation periods, (3) for all fourth week vacation periods, (4) for all fifth week vacation periods and (5) for any additional vacation days granted because of recognized holidays falling within vacation periods. Each district and department will, not later than April 1st, prepare and post on appropriate bulletin boards schedules showing the time of vacation periods granted. In order that the Company will be able to prepare and post vacations schedules by April 1st, it will be necessary for employees to make their selections of vacation periods promptly. In the event an employee fails to make his/her selection within a reasonable period of time, he/she will forfeit his/her turn until all other employees involved have made their selections. Should any employee fail to make his/her selection(s) by March 1st, the Company, at its discretion, may schedule that employee's vacation period. Changes in any scheduled vacation period may be made with

mutual consent of employees involved and the Company. When choice of vacation period had been granted, it will not be interfered with except in emergencies

2.(a). An employee will not be subject to involuntary shift assignments from the end of his/her last normally scheduled shift which preceded their approved vacation period until the beginning of his/her normally scheduled shift following the approved vacation period. This "blackout period" will include any normally scheduled days off between those scheduled shifts.

3. When a recognized holiday falls within an employee's vacation period, an additional day of vacation with basic straight-time pay may be scheduled. Whenever possible the additional vacation day will be scheduled to either immediately precede or follow the vacation period during which the recognized holiday occurs or to be consecutive to other scheduled days off. When the Company cannot schedule or the employee does not desire such additional vacation day to be scheduled in the foregoing manner, it may be scheduled for some other available day. If it is determined by the Company that no additional day of vacation can be granted, the employee will be paid an additional day's pay at basic straight-time rate in lieu of the additional vacation day and such day's pay will be included with wages paid for the week during which the recognized holiday occurs.

ARTICLE X
Call Time

1. Employees whose job requirements include assignment to be on call outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within a reasonable amount of time.

2.(a.) On call for eight hours
Employees who are assigned by the Company to stand call outside their normal schedule hours will be so-assigned for either (1) eight hours immediately preceding their normal scheduled shift or (2) eight hours immediately following their normal scheduled shift not to exceed a total of eight hours. Employees will be paid for one hour at basic straight-time rate for each eight hours they are assigned to call duty except that, when assigned on a recognized holiday they will be paid for two hours at basic straight-time rate for each eight hours so assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m.

2.(b) On call for more than eight hours
Employees who are assigned by the Company to be on call outside their normal schedule hours will be paid (1) one and one-half hours at basic straight-time rates for each twenty-four hour period or part thereof – Monday through Friday, (2) three hours at basic straight-time rates for each Saturday, Sunday, or recognized holiday so-assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between 12:00 midnight and 6:00 a.m.

3. Time worked under Section 2 will be computed from the time of receipt of each call out, and unless the time extends into his/her scheduled work time, until return to place of receipt of the call out.

4. Employees not assigned to take trouble calls outside their normal schedule hours but who are called out to perform other than prearranged overtime work will be paid a minimum of

two hours at the rate applicable for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m. They will be allowed one-half hour travel time provided the actual time worked and the half-hour travel time exceeds the applicable minimum, except when the work period continues into his/her scheduled work time. Travel time will not be considered as time worked for purposes of Article VII, Section 9.(a).

ARTICLE XI
Safety

1. In job assignments to do specific pieces of work only such employees shall be assigned as have the necessary judgment, skill and ability, as generally reflected by their job classifications and normal assignments, to safely perform the work to be done.

2. The Company will issue a copy of its "**Employee Safety** Manual" to each employee covered by this Agreement. Any changes in the rules in the "**Employee Safety** Manual" shall be a matter of discussion between the Parties before becoming effective. Once the Company has made a decision on any such change in a safety regulation the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonably in making such change.

3. The Company will furnish suitable protective equipment and take such other precautions in the interest of safety as conditions require.

4. Gas masks, fire extinguishers and first-aid kits will be standard equipment where conditions require.

5. The Company shall repair or replace an employee's clothes which have been damaged or destroyed through an unusual incident on the job related to his/her work except where the employee has failed to use the protective clothing furnished by the Company. The foregoing shall not apply to any employee's clothes which are worn out, damaged or soiled through daily attrition.

6. No employee shall be required to perform any hazardous task, with which he/she is not familiar, without proper instruction and close supervision. When working on emergency service restoration, employees shall call the appropriate Company office or person designated by the Company to receive such calls for any assistance that may be required for compliance with safe work practices.

7. Safety is a joint responsibility of supervisors and employees. The primary function of a Foreman or Supervisor is to direct work in a safe manner at all times. Supervisors will endeavor to see that employees observe necessary safety precautions to protect against exposure to dangerous situations and will direct operations in such a manner that safety precautions are observed. Supervisors will refrain from engaging in bargaining unit work when such engagement prevents them from giving adequate attention to their responsibilities as outlined in this Section.

8.(a) Representatives of the Company and the Union shall meet from time to time at the request of either party to discuss matters pertaining to safety. At such times as are mutually agreeable employee representatives designated by the Union, not to exceed three, will be allowed time off from normal work schedule without loss of basic wages to meet and confer with designated representatives of the Company concerning matters of safety.

8.(b) In the month of November, Local Union Business Managers or Assistant Business Managers may, in their respective jurisdictional areas, nominate one regular bargaining unit employee for membership on each district, plant or department safety committee. Appointment of nominees will be made by the Company with due consideration for safety-committee-membership rotation and cross-section representative of job classification on each committee.

9. Company will provide up to $200 allowance to Operating Department employees toward the purchase of one or more pair per year of safety footwear that meets the requirements for

impact/compression resistance and protection from electrical hazards as described in ASTM F2413-05 (M1/75 / C75 / Mt75) EH rated safety (steel toe or composite) footwear.

10. The Company will provide a FR Clothing Allowance of $250.00 per employee for the term of agreement.

ARTICLE XII
Expense Allowances

1. When required to work distant from this base area, employees will be paid expenses and travel allowances as follows:

1.(a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

1.(b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1. or Section 3. of this Article is applicable, an employee required to make his/her own arrangements to report at a job location including all training assignments outside his/her base area (except satellite/line shops or when the job location distance one way is ten (10) miles or less) will be paid a daily expense allowance as provided under one of the following Plans:

Plan A - If the distance one way is twenty-five miles or less; $29.73 per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; $52.68 per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; $60.25 per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; $64.82 per day.
When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; $25.55 per day.

Plan F - If the distance one way is over thirty miles; $35.08 per day.

2.(b) For the purposes of the above Plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job locations involved.

2.(c) If an employee is required to report at two or more job locations outside of his/her base area on one day he/she will be paid the daily expense allowance provided under the Plan applicable to the job location which is the greatest distance from his/her base area

headquarters. In addition, he/she will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, one way for the actual distance traveled between the job locations involved on the day. This rate may be changed by the Company without advance notice. The Section 2.(c) will no be applied to require an employee to report at two or more job locations on one day involving Plans B, C, D or F except when it is necessary to do so to provide a full day's work or when emergency work is required. Whenever possible, employees will be advised not later than the day preceding requirement to report at a different job location.

3. An employee authorized to make occasional use of his/her personally owned vehicle for Company business during working hours and for which he/she is not being paid a travel expense allowance under other provisions of this Article will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices. This rate may be changed by the Company without advance notice. Employees will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, to and from the job in lieu of the provisions of Section 2 of this Article if the distance one way to job location is ten miles or less from the home base or satellite. This rate may be changed by the Company without advance notice.

4. If an employee works a night schedule (i.e., 3-11 PM) and works beyond 11:00 PM into the first earned meal, the meal allowance will be $15.00. If an employee is required to work overtime and is thereby put to additional expense to obtain a meal, he/she will, except when Section 5. of this Article is applicable, be paid a meal allowance of $10.00 to $20.00 for evening only (4:00 p.m. to 12 midnight) for each meal so-obtained under any of the following conditions:

4.(a) When required to report for work starting one hour or more before his/her next normal schedule starting time without having been given twelve or more hours' advance notice.

4.(b) When required with twelve or more hours' advance notice to report for prearranged overtime work an allowance will be paid for one meal if the reporting time is two or more hours: (1) before his/her normal schedule starting time on a day within his/her normal schedule; or (2) earlier in the day than his/her starting time on a normal schedule workday if the work is on a day outside his/her normal schedule; or (3) before the normal schedule starting time of a shift or scheduled worker.

Exception to the twelve hours' advance notice provisions of Sections 4.(a) and 4.(b) will be made when a shift or scheduled worker is required to report for prearranged overtime work on a shift starting at or between the hours of 12:00 Noon and 6:00 p.m. In such situations four or more hours' advance notice will be applicable. When advance notice to report for prearranged overtime work under the above conditions has not been given allowance will be paid for a midday (midshift) meal also provided such meal is involved.

4.(c) When required to work one-and-one half hours or more beyond his/her normal schedule hours.

4.(d) When required to work five hours or more beyond the designated lunch period on a prearranged overtime day.

4.(e) Under any of the foregoing conditions an employee will be allowed three-quarter hour eating time for which he/she will be paid at the applicable overtime rate except for (1) the normal schedule or designated lunch period and, (2) meals eaten during working time.

5. During times of emergency when employees cannot be released long enough to make arrangements for their meals or lodgings, the Company at its expense will make suitable arrangements for same. Under such conditions the provisions of Section 4. of this Article shall

not apply. For the purpose of this Section meals will be furnished at five-hour intervals unless a majority of the employees concerned in a work group agree to extend the five-hour interval. (See Article VII, Section 11., concerning time off for meals furnished under this Section 5.).

6.(a) When at the Company's request an employee is reassigned or transferred under the provisions of Article V and a change of residence is required, the employee will be reimbursed for mileage between the former reporting base and the new reporting base and will be reimbursed at the current rate and in a manner consistent with NU mileage reporting practices. This rate may be changed by the Company without advance notice.

The following conditions apply to above temporary expense allowance:

(1) The expense allowance will be applied for each day the employee provides his/her own transportation to travel to and/or from his/her new reporting base.

(2) The amount of expense allowance will be based upon the actual distance in miles between the former and new reporting bases as measured over streets and highways that are reasonably passable and provide the most direct route.

6.(b) In lieu of the expense allowance outlined in Section 7.(a) the Company may either provide the employee with transportation or require him/her to live in his/her new base area and make arrangements for his/her meals and lodgings at Company expense.

6.(c) Payment of the expense allowance or provision of transportation or meals and lodging under this Section 7. will be limited to the first thirteen weeks from the effective date of assignment at the new reporting base or until the effective date of the employee's change of residence, whichever occurs earlier.

7. When in the judgment of the Company the expense allowances provided in this Article are insufficient to cover reasonable expenses it may, upon review of any particular case, make an additional allowance to cover expenses actually incurred.

8. If, during the term of this Agreement, the Company contemplates changing a current practice or privilege, not specifically covered in this Agreement, which, if changed, would result in a significant increase in employee's personal expenses, the Business Manger or an Assistant Business Manger of the Local Union concerned will be advised in advance of the change as soon as practicable. Upon request of either party, Union and Company representatives will meet for discussion of such change.

ARTICLE XIII
Notices

1. The Company will furnish suitably identified bulletin boards for use by the Union in such numbers and locations as mutually agreed upon. The purpose of these bulletin boards will be posting of notices pertaining to the Union and its members. All Union notices must be signed by an official of the Union and such notices shall contain nothing political, controversial or reflecting upon the Company, Union or any employees. Either the Union or the Company may remove from these bulletin boards any notices posted thereon which do not comply with this Section 1.

2. If a general notice to employees or the public is issued pertaining to a change made in this Agreement it shall be signed jointly by representatives of the Company and the Union.

ARTICLE XIV
Strikes And Lockouts

During the term of this Agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All grievances arising under this Agreement shall be settled in the manner provided for in Article III.

ARTICLE XV
Wages

Appendix "A" attached hereto and made a part hereof lists the job classifications covered by this Agreement. Appendix "A" is the basic straight-time hourly rates of pay applicable to each job classification effective as of **October 20, 2017, October 1, 2018, October 1, 2019 and October 1, 2020** for employees who are employed in the listed job classifications on the date this Agreement is signed by authorized representatives.

ARTICLE XVI
Contract Work

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XVII
Compliance With Law

No provision in this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, ruling and orders of regulatory bodies having jurisdiction. If any such laws, regulations or rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purposes of Article III or Article IV.

ARTICLE XVIII
Extent of Agreement

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XIX
Employee Benefits

1. It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the "**Eversource Pension** Plan" for the term of this Agreement. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies

involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

2. If during the term of this Agreement a regular employee sustains an injury on a Company job which results in total incapacity and which prevents his/her from doing any work and which is compensable under the Workmen's Compensation laws of the State of Connecticut, he/she shall be paid the differential between the employee's normal basic after-tax wages and Workmen's Compensation benefits for the period of total incapacity not in excess of one year from the date of the injury. If it is established that the injury is caused by the negligence of a third party and that third party makes settlement with the injured employee, the Company shall be reimbursed for all wage payments made to the injured employee to the extent that such settlement covers the Company's payments made under the terms of this provision.

ARTICLE XX
General

1. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to not more than three (3) employee representatives of the Union for time lost from their normal work schedules while attending meetings with Company representatives. If any of these Union representatives is a shift or scheduled worker and his/her schedule of normal work coverage includes shifts directly preceding and directly following the time during which a negotiation meeting with the Company takes place, he/she will be allowed time off with basic straight-time wages from either the shift directly preceding or the shift directly following, but not both, provided that the period of time elapsing between the end of the shift directly preceding and the beginning of the shift directly following does not exceed sixteen hours.

2. Upon written request from the Union, the Company will arrange for a leave of absence for up to four employees who are elected or appointed to the office of full-time Union representative for the Local Unions participating in this Agreement. Such arrangement will include a provision for the Local Union to pay all costs required to maintain the employee's benefits during his/her leave of absence. The arrangement will also include provisions governing the seniority status of the full-time Union representative in such a manner as may be mutually agreed upon by the Company and the Union.

3. It is recognized that the Company may occasionally assign employees covered by this Agreement to work in locations and upon facilities other than those owned or operated by the Company. On such occasions the employees involved, the Union and the Company shall be bound by the provisions of this Agreement except that when emergency assistance to the other utility companies is involved, Section 2. of Article XII shall not be applicable. All hours for travel time or work time paid at a straight-time rates under the terms of this Agreement will be paid at double straight-time rates, when employees are assigned to work in locations or upon facilities other than those owned or operated by the Northeast Utilities System.

4. Employees will be allowed time off with basic straight-time wages under the following conditions:

1. When the deceased is a member of an employee's immediate family, the employee will be allowed necessary time off to make arrangements and attend the funeral. Such time off should not exceed three normal schedule workdays falling within the three-day period following the date of death. In addition, if an employee is called from work on the date of death, the employee will be allowed time off with basic straight-time wages for that part of the employee's normal schedule not worked on that day.

The immediate family is defined to include the spouse, son, daughter, father, father-in-law, mother, mother-in-law, grandmother or grandfather, grandchildren, sister, brother or step-relative.

2. When the deceased is an employee's brother-in-law, sister-in-law, aunt, or uncle, necessary time off up to one normal scheduled day will be allowed to attend the funeral.

3. If death occurs to a member of an employee's immediate family, during the employee's scheduled vacation period, that portion of the employee's scheduled vacation from the day of death up to and including the day of the funeral will be rescheduled, but not to exceed three days. The vacation will be rescheduled at the option of the Company to another time during the calendar year. In the event vacation to be rescheduled under this section cannot be rescheduled during the current calendar year, it will be rescheduled as promptly as possible within the first three months of the following calendar year.

ARTICLE XXI
Duration

This Agreement shall continue in force from the first day of October, **2017** until October 1, **2021** and thereafter for periods of one year unless canceled by advance notice in writing by either party to the other, the advance notice to be given at any time during a thirty-day period, the beginning of which period is ninety days prior to October 1, **2021** or October 1st of any year thereafter.

1. Except as otherwise provided, this agreement shall become effective as of October 1, **2017** and shall remain in full force and effect until 12:01 a.m. October 1, **2021**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

2. In the event that either party shall desire to terminate this agreement or any renewal thereof it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the agreement.

If notice is given as provided for above it shall be by registered mail addressed to, respectively:

Manager – Labor Relations
The Connecticut Light and Power Company d/b/a Eversource Energy
P.O. Box 270, Hartford, Connecticut 06141-0270

or

Business Manager/Financial Secretary
Local Union No. 457
2590 Berlin Turnpike, Suite 1
Berlin, CT 06037

This Agreement shall become effective when signed by the authorized representatives of the parties.

In witness whereof we have attached our hand and seal.

TOPIC: Paging Device for Use During Call Assignments
When an employee is assigned to call, he/she will be provided with paging device ("beeper") as a means of contact during call. It will be the responsibility of that employee to ensure that they are within the signal range and the "beeper" is in operating order.

TOPIC: Absence Due to Non-Occupational Illness or Injury

Eligibility Period
The eligibility period for maximum annual payments for absence due to non-occupational sickness or injury is based on a calendar year - January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year into the succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Continuation of Pay
Incumbent employees as of December 31, 2014 will keep their sick time allotment in accordance with the following:

Continuous Service – Weeks of Full Pay

Less than 2 years- Up to 2 weeks
For 2 years but less than 3 years – Up to 4 weeks
For 3 years but less than 4 years – Up to 6 weeks
For 4 years but less than 5 years – Up to 8 weeks
For 5 years but less than 10 years- Up to 10 weeks
For 10 years or longer – Up to 1 week for each year of continuous service

In addition, they will have a one-time opportunity (by November 1, 2014) to opt into the Sick Leave Wage Payment Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY
- Non-occupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay

- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first six weeks of short term disability will be paid at 100% of base pay
- Up to 19 additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay to extend a short-term absence prior to transitioning to long-term disability (LTD)

AGREEMENT entered into as of the 1st day of October **2021**, between THE CONNECTICUT LIGHT AND POWER COMPANY, hereinafter referred to as the COMPANY, and LOCAL No. 457 of THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, hereinafter referred to as the UNION, with respect to rates of pay, hours of employment and other conditions of employment. This agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

ARTICLE I
Recognition and Union Membership

1.(a) The Company recognizes the Union as the sole collective bargaining representative with respect to wages, hours and other conditions of employment for employees who perform electric distribution dispatch work, in the Dispatcher/Distribution System Operator classification, employed by the Connecticut Light and Power Company in the State of Connecticut, but excluding all other employees, senior technicians, office clericals, professionals, confidential employees, guards and supervisors as defined in the Act. Recognition is granted pursuant to the Certification of Representatives of the National Labor Relations Board in Case Number 34-RC-1466, dated 9/24/99.

1.(b) The Company and Union agree to continue their cooperative efforts to promote safety, efficiency and harmony among all the employees and to promote and advance the welfare of the Company and the service at all times.

The Union agrees that its members, who are employees of the Company, will individually and collectively continue to avoid and discourage waste of materials, time, and manpower, and that they will use their influence and best efforts to protect the property of the Company.

1.(c) The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director – Labor Relations.

2. If at any time during the term of this Agreement, or any renewals or extensions hereof, the Company shall recognize the Union as the exclusive bargaining agent of the employees in any job classification in addition to those specified in Section 1.(a) of this Article, all of the provisions of this Agreement shall become applicable to the employees in such job classification as though such job classification had been originally designated herein, except that the rates of pay applicable to such job classification shall be such as may be agreed upon between the Company and the Union.

3. The following provisions will apply to employees in job classifications covered by this Agreement:

3.(a) Employees who are members of the Union or its predecessor Union on October 1, 1999, or who later become members, will as a condition of employment be required to maintain their membership for the duration of this Agreement.

3.(b) Employees hired or transferred into the bargaining unit will be required as a condition of employment to join or make application to join the Union thirty days from their date of employment or transfer or thirty days after the date this Agreement is executed, whichever is later.

3.(c) If the Union refuses to accept as a member or refuses to continue the membership of any employee for any reasons other than the failure to pay or tender payment of uniformly required initiation fees and periodic dues, the employee shall be exempt from the provisions of (a) and (b) above. It shall be the responsibility of the Union to solicit the membership of employees who are required to join the Union under Section 3.(b). Should the Union fail to solicit the membership of an employee within the time period prescribed in (b), that employee shall be exempt from the provisions of (b) until the first day of the calendar month within which his/her membership is first solicited by the Union.

3.(d) Should an employee fail or refuse to join the Union or maintain membership therein as hereinbefore provided, the Union may request the Company to discharge such employee. The request shall be submitted in writing to the Director-Labor Relations. Two weeks from the date of receipt of the request, unless the Company has notified the Union that the matter is in dispute, the employee will be discharged, provided that, if during the two week period the employee complies with the Union membership provisions of this Section 3., the Company will not be obliged to discharge the employee.

3.(e) If a dispute arises under Section 3.(d) hereof concerning the discharge of an employee, the Director-Labor Relations and the respective Business Manager of the Union shall ascertain the facts and endeavor to settle the dispute. Pending settlement of the dispute, the Company will not suspend or discharge the employee concerned. If the dispute is not settled within thirty calendar days, (subject to extension by mutual agreement), from date of receipt of the Union's written request for discharge as provided in Section 3.(d) hereof, either party may, within the next ten calendar days following the thirty calendar day period, submit the dispute to Arbitration for final settlement as provided in Article IV.

4.(a) The Local Union shall notify the Company in writing of its required amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, the Local Union concerned shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

4.(b) Upon receipt of individual written authorization and assignment from employees in job classifications listed in Appendix "A," the Company will make a single deduction for the required initiation fee and in addition will deduct required monthly Union dues from the employees' wages on a pay period basis and remit monthly to the Local Union Officers designated in writing by each Local Union. Authorizations shall be submitted in the form and language shown in Appendix "B" attached hereto and made a part of this Agreement. If an employee is transferred out of the bargaining unit, his/her authorization for the payroll deduction of Union dues will automatically become void at the end of the calendar month within which his/her transfer is effective.

5. It is agreed that neither the Company nor the Union will discriminate against any employee in application of any of the terms of this agreement because of race, color, religion, age, gender or national origin, sexual orientation, disability, or status as a disabled veteran or a veteran of the Vietnam era.

ARTICLE II
The Functions of Management

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer,

discipline and lay off employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE III
Grievances

Any complaint made by an employee to his/her Foreman or immediate Supervisor concerning his/her wages, hours or working conditions which is accompanied by a request for an answer will be considered as a grievances for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local concerned, an employee from within the Local area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him/her in Step One, or for a Business Manager or his/her designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his/her designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

Step One

The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the Foreman or immediate Supervisor as promptly as possible following the incident which caused it. The Foreman or immediate Supervisor will endeavor to settle it by giving an answer as promptly as possible and within seven calendar days of the date of presentation. If an answer is given and accepted in this Step, the grievance is to be considered closed. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement), from date of presentation in this Step.

Step Two

The Business Manager or Assistant Business Manager shall forward the grievance in writing to the Manager or Superintendent concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances causing it. The Manager or Superintendent concerned or his/her designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or superintendent concerned or his/her designated representative, other management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both.

In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension by mutual agreement), from the date of the claimed violation.

If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

Step Three

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director – Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

(a) three representatives appointed by the Company, and

(b) three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his/her designated representatives. In addition an International Representative may be present in this Step in an advisory capacity to the Local Union.

The Joint Committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director – Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company as management has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, it shall be forwarded by the Director – Labor Relations to the Business Manager of the Local Union concerned and the International Representative who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE IV
Arbitration

1. If a grievance is not settled in Step Three of Article III, and provided the grievance is a dispute involving the interpretation, application or compliance with any provision of this Agreement, either the Union or the Company may, within the time limits specified in Article III, Step Three, submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company. This Section is subject to the limitations set forth in Sections 2.and 3.of this Article.

2. The parties recognize the proper role of the arbitrator as one of deciding issues submitted by the parties under this Article, after a full and fair hearing, and not as being invested with any authority to participate in matters of collective bargaining, conciliation, mediation or to give advice or recommendations to either party.

3. It is understood and agreed that proposals to add or to change this Agreement shall not be arbitrable and that no proposal to amend or terminate this Agreement may be referred to arbitration under this Article.

4. It is understood that for the term of this Agreement, where the position of the Union is upheld by the Arbitrator, the Company will pay such fees charged by the Arbitrator or the American Arbitration Association for any grievance properly processed and properly referred to arbitration under the terms of Article IV.

In any other case such fees will be shared equally by the Company and the Union. In all cases, any costs incurred by either party in its own behalf, such as legal fees, stenographic costs, etc., will be paid by that party.

ARTICLE V
Seniority

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company shall be known as "Company Seniority."

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority.

c) Total length of continuous time served with this Company, CL&P and system companies, shall be known as "System Seniority."

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

New employees shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his/her probationary period as defined above shall become a regular employee at the end of the probationary period and his/her seniority shall start from the date of hiring. A regular employee shall lose his/her seniority status if he/she resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in Section 4.of this Article.

PROMOTION

1.(a) Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion on a local departmental basis.

1.(b) When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his/her skill, efficiency, knowledge, ability and acceptable performance in training, he/she will be given the promotion. If the employee having greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority on a local departmental basis. When no employee on a local departmental basis is qualified, Classification Seniority will be applied on a Companywide basis.

1.(c) The Company will give preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit.

Notice of available job openings, other than those to be filled by application of any other provision(s) of this Agreement, will be posted on bulletin boards throughout the Company, and a copy will be sent to the Business Manager or each Local Union. Each bulletin board posting will be for a period of not less than ten (10) calendar days during which period interested employees may apply in writing for reassignment to the posted job opening by use of a reassignment application form provided by the Company. The Business Manager, Assistant Business Manager or Steward may submit a reassignment application in the above manner on behalf of an employee who is absent during the seven-day period by reason of vacation, short-term illness or short-term excused absence. Promptly following the end of a posting period each applicant will be notified within 15 days following the end of that posting period whether or not his/her application has been accepted, and if rejected, the reason therefore. The Company's determinations of the qualifications of employees applying for reassignment under this Section 1.(c) will be made on the same basis as for hiring new employees. In the event two or more employees with basically equal qualifications apply for one job opening, preference for placement will be determined by greater Company Seniority. If reassignment is postponed following notification of acceptance, the employee's classification seniority will be adjusted upon reassignment to the starting date of the first full week following the date of the acceptance notice.

Vacancies in the bargaining unit will be filled within two weeks from the date of the vacancy. If it is determined that no vacancy exists, the Company will advise the Business Manager of the Local Union concerned in writing.

REASSIGNMENT, LAYOFF AND DEMOTION

2. If at any time Company operations require a reduction of the existing working forces, employees in the localities or departments affected will be subject to reassignment in the order of least Company Seniority and in reverse sequence of job progression within the job classifications affected. The Company will reassign employees entitled to reassignment to job classifications for which they are qualified and in accordance with the procedure outlined below:

2.(a) When it becomes necessary to reduce the working force, employees will be laid off from the classification to be reduced at the affected work location in the bargaining unit in accordance with their Company seniority.

2.(b) Employees affected under (a) will have two options: (1) displace the least senior employee in their classification within their region locations, or (2) displace the least senior employee in the bargaining unit at the affected work location if currently qualified to perform the work. If unable to exercise option (1) or (2) above, then (3) the employee may displace the least senior employee in the bargaining unit if currently qualified to perform the work.

2.(c) Employees displaced from their jobs by more senior employees in the reduced job classification have the rights under (b), (d) and (e) of this Section.

2.(d) Employees may waive their rights under (b) and take a layoff, retaining recall rights under Section 4.

2.(e) In the event an employee subject to reassignment does not have sufficient Company Seniority to entitle him/her to job placement, he/she may be laid off with recall privileges as outlined in Section 4 of this Article.

Any employee who has completed one or more years of continuous service and who is laid off because of the permanent elimination of one or more jobs shall be given an allowance of

forty hours' pay at his/her straight-time hourly rate for each full year of continuous service with the Company. For any such employee who is fifty years or more of age, the above mentioned allowance will, instead of forty hours, be sixty hours if he/she has completed at least fifteen years of continuous service, or eighty hours if he/she has completed at least twenty-five years of continuous service. Any laid off employee or employee identified to be laid off, who obtains employment with any of the system companies, will not be entitled to terminal pay. Any such employee who accepts terminal pay will thereby relinquish all other rights under this Agreement and will not be eligible for recall under Section 4. of this Article V. any employee who accepts any position or who is offered a position similar to the position he/she held with the Company prior to the sale or lease, or in which he/she has had experience, the wages and benefits for which are reasonably comparable to those earned prior to such sale or lease, with this Company or with the purchaser or lessor, shall not be eligible for severance pay. An employee so affected who has reached his/her fifty-fifth birthday may, in addition to severance pay, make arrangements for applicable annuity benefits under the then existing Annuity Plan.

2.(f) When Company operations require other than a temporary transfer or reassignment of employees under the provisions of Section 2. of this article to a job classification in which he/she is unskilled or inexperienced, he/she will be given training on the job and allowed to reasonable period of time to develop sufficient skill and ability to perform satisfactorily in his/her new job classification.

An employee who is reassigned to a job classification with a lower hourly starting rate of pay than his/her present hourly rate a special basic rate of pay will be established for him/her in the following manner:

A. For an employee with less than five years of continuous service:

(1) If his/her present rate is greater than the maximum rate of his/her new classification, he/she will be paid the maximum rate of the new classification.

(2) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

B. For an employee with five years but less than fifteen years of continuous service:

(3) If his/her present rate is greater than the maximum rate of his/her new classification, twenty-five percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate for the lower job classification.

(4) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

C. For an employee with fifteen or more years of continuous service:

(5) If his/her present rate is greater than the maximum rate of his/her new classification, fifty percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate of the lower job classification.

(6) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

Any special rate established under the terms of subsection (3) or (5) of this provision will thereafter not be subject to any rate or general wage adjustments until such time as the maximum rate for the lower job classification equals or exceeds his/her special rate.

2.(g) If it is definitely established that a regular employee is physically incapable of performing the duties of his/her assignment, the Company will, in accordance with its past practice, whenever possible and with due consideration given to the Company Seniority of all employees affected, reassign such employee to an available job for which he/she is qualified at a rate which will result in a minimum reduction from his/her former rate.

2.(h) If an employee is demoted or assigned to a lower job classification or hourly rate of pay (1) at his/her own request, (2) for disciplinary reasons, (3) for incompetence or (4) because of physical inability to perform the duties of his/her assignment, his/her Classification Seniority for the purposes of promotion will begin on the date of the demotion. Any employee who is demoted under item number (4), above, will retain his/her Classification Seniority in his/her former classification for the purpose of reinstatement as set forth in Section 4.(a) of this Article. Any employee desiring assignment to a lower job classification or hourly rate of pay for a purpose other than covered by Section 1.(e) of this Article shall make written request to the Manager or Superintendent concerned, with duplicate copy to the Business Manager of the Local Union having jurisdiction over the location involved. Such written request shall state that the employee understands the Classification Seniority provisions of this Agreement.

TRANSFER

3.(a) In situations when the application of the seniority principles of this Article V either involve groups of employees or involve two or more separate localities, or departments, the Company will satisfy its obligation to contact affected employees by giving written notice. Ten days prior to posting written notice the Company or Union by request will discuss the effects on employees. Such written notice shall contain information pertinent to the situation at hand and be posted on bulletin boards in the localities where the employees concerned are based. It shall remain posted for a period of not less than one calendar week before the Company takes action affecting the status of employees having direct and reasonable interest in the stated situation. A copy of any written notice under this Section 3.(d) will be forwarded to the Business Manager(s) of the Local(s) concerned and, when it appears desirable to the Company to insure adequate communication, copies may be forwarded to each employee having direct and reasonable interest in a stated situation.

3.(b) When, for reasons other than his/her own request, an employee is transferred or reassigned under Sections 2.(a) or 2.(b) he/she will retain his/her Classification Seniority in his/her former location and job classification for purposes of reinstatement and promotion and, if reassigned to a lower job classification within his/her normal sequence of progression, his/her Classification Seniority in the lower job classification will be established in reverse sequence of normal progression. When an employee is required by the Company to transfer to another locality, or is transferred to another locality for the mutual convenience of the employee and the Company, and no change in job classification is involved, his/her Classification Seniority in his/her former and new locations will be accumulative.

3.(c) When an employee is transferred or reassigned from one locality or department to another at his/her own request, his/her Classification Seniority in his/her new assignment will begin on the effective date of the transfer and he/she will forfeit his/her Classification Seniority in all job classifications he/she has held prior to the transfer.

3.(d) An employee who is transferred out of the bargaining unit and who is later transferred back into the bargaining unit will maintain continuous Company Seniority for the purposes of this Article and his/her Classification Seniority will be determined in accordance with the provisions of this Article. Company Seniority for purposes of layoff and transfer only will be the total length of time the employee has served in bargaining unit classifications.

REINSTATEMENT AND RECALL

4.a. Employees with three (3) or more years of continuous service who are laid off will be entitled to recall for a period of three (3) years from the date of layoff.

4.b. Employees laid off with less than two (2) years of continuous service will be entitled to recall for the actual time of their Company Seniority, counted from the date of layoff.

4.c. Employees will be recalled from layoff to vacancies in the bargaining unit in the same or lower job classification they were laid off from on the basis of their seniority and in the reverse order of layoff, provided they are qualified to perform the work.

4.d. Employees who, pursuant to paragraph (c) above, are offered recall to a work center/reporting headquarters other than the one from which laid off, or to a lower classification at the work center/reporting headquarters from which laid off, may decline such an offer of recall and remain on the seniority list for the period established in Section 4 of this Article, but upon the second such decline or recall the Company will not be required to thereafter offer recall except to the same job at the work center/reporting headquarters from which the employee was laid off.

4.e. Within ten (10) calendar days after notification of offer of recall, employees shall advise the Company whether they accept or decline said offer.

Employees in Military Service

5. The Company will reinstate without loss of Company Seniority employees, other than temporary, who have been granted leaves of absence for military service in accordance with federal statutes applicable thereto. In order to effect reinstatement it may be necessary to reassign, transfer or lay off other employees.

Probationary employees, who are reinstated, shall have their Company Seniority adjusted to the hiring date upon completion of their six-month probationary period. Service immediately preceding and immediately following the leave of absence shall be credited to the six-month probationary requirement.

ADJUSTMENT OF VETERAN'S SENIORITY

6. If a regular employee is bypassed for a promotion in his/her normal sequence of job progression because of military leave of absence and he/she is subsequently promoted to the higher job classification, his/her Classification Seniority will be adjusted to place him/her in the relative status he/she would have attained in the higher job classification had he/she not been bypassed.

SENIORITY LISTS

7. The Company will prepare and post on bulletin boards seniority lists showing the employee's name, job classification, date employed, Classification Seniority date and date classified. The seniority lists will show the relative Classification Seniority of employees in each job classification on a department basis.

ARTICLE VI
Job Classifications

1. Each employee will be assigned a job classification, the duties of which he/she is competent to perform and which generally reflects his/her normal work.

2.(a) A Dispatcher performing the duties of a Chief Dispatcher shall be paid an additional $2.00 per hour for all hours so assigned on one day provided he/she works one or more hours.

1. The Chief Dispatcher shall be the most Senior fully qualified Dispatcher, with respect to Classification Seniority, on duty within a specific Operating Region, unless that person voluntarily relinquishes the duties of Chief Dispatcher to a less Senior fully qualified Dispatcher.

2.(b) If during a Shift Supervisor's absence from work an employee in a Chief job classification is temporarily assigned to direct work forces normally directed by a Shift Supervisor, he/she will be paid one dollar and ten ($1.10) cents per hour in addition to his/her basic straight-time hourly rate for all hours so-assigned on one day provided the assignment is for one or more hours on that day. If a classification other than Chief is assigned, the employee will be paid the applicable Chief rate in addition to one dollar and ten ($1.10) cents per hour for all hours so-assigned on one day provided the assignment is for one or more hours on that day.

Upgrading, under this section, will normally be on a classification seniority basis by shift assignment.

3. If it is definitely established (1) that a regular employee is incapable of performing the duties of job classification because of an injury sustained in the employ of the Company, or (2) that a regular employee having five or more years of continuous service is incapable of performing the duties of his/her job classification because of a disability or infirmity arising from natural causes and he/she is assigned to a lower job classifications within his/her ability to perform, a special basic rate of pay will be established for him/her as follows:

3.(a) For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he/she is reassigned by the product of five percent times his/her years of continuous service and adding the amount so-obtained to the maximum basic rate of the lower rated job classification. For any employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustment made during the term of this Agreement.

3.(b) Should such an employee later qualify for and be promoted to a higher job classification, his/her basic rate will be the starting rate for the higher job classification or the special rate as determined above, whichever is greater.

3.(c) The above Sections 3.(a) and 3.(b) apply to employees who may be reassigned to a lower rated job classification for reasons stated in Section 3.

4. In order that the Union may maintain its records of bargaining unit employees the Company will periodically notify the Union of job classification changes. Such notification will provide the name, job classification and location for each bargaining unit employee hired, reclassified, transferred or separated from the Company. The information will be directed to the Business Manager of the Local Union having jurisdiction over the location involved. If an employee within the bargaining unit is discharged, the Company will notify the Business Manager of the Local Union concerned as promptly as possible.

4.(a) If a regular bargaining unit employee is suspended or discharged the local management of the Company will notify the Local Union representative on the same day of occurrence. If requested by the Union, the matter shall be discussed on that day by management representatives and the Local Union in the area concerned.

ARTICLE VII
Schedules, Working Hours,
Overtime, Premium And Holiday Rates

1. The Company and Union will jointly develop work schedules, which shall not consist of work schedules of more than twelve (12) hours per day or forty (40) hours per week. All hours worked in excess of the normal work schedule or forty (40) hours per week, or outside of the employees normal work schedule, will be paid for at one and one-half straight-time rates except when other overtime rates, premium rates or holiday rates are applicable as herein provided.

2. For the purpose of this Agreement, employees are composed of shift and day workers. (1) A shift employee is defined as one who works at a seven-day operation or service, on a rotating or shift schedule. (2) A day worker is defined as one whose basic work week is Monday through Friday, or Tuesday through Saturday between the hours of 6 a.m. and 6 p.m. for eight (8) hours a day or ten (10) hours; if applicable.

2.(a) If the Company changes or modifies working schedules in the system operations center, in a manner which the Union considers arbitrary or unnecessary, the new schedule shall be worked subject to adjustment through the grievance procedure up to and including arbitration.

2.(b) Normally, an employee on regular scheduled midnight shift will not be required to work more than four (4) hours (12 hours in total) beyond that shift contingent upon operational requirements.

3. When working conditions permit, regular active employees will be allowed time off at basic straight-time rates on recognized holidays falling on a day within their normal schedule. When a regular employee is required to work on a recognized holiday falling on a day within his/her normal schedule, in addition to holiday pay at basic straight-time rates, one and one-half straight-time rates will be paid for time worked within his/her normally scheduled hours and double straight-time rates will be paid for time worked outside his/her normally scheduled hours.

The employee will have the choice of taking either holiday pay at basic straight-time rates or taking a day off at a mutually agreeable alternate date in lieu of being paid holiday pay at basic straight-time rates for the worked holiday. In addition, the lieu day must be requested by the employee and approved by management before the holiday.

4.(a) When a recognized holiday falls on a day outside of a regular active employee's normal schedule, the Company at its option will either designate a day off from his/her normal schedule with basic straight-time pay or pay him/her for the holiday at basic straight-time. When the Company designates a day off from normal schedule, it shall fall within a calendar year. When designating a day off under this provision the Company will endeavor firstly to make such a day off be contiguous to another day off or, secondly to occur on a Sunday or, thirdly to occur on a day other than contiguous to another day off or other than on a Sunday. Exceptions to the foregoing sequence may be made to accommodate an employee's request for a designated day off by mutual agreement provided the exception does not require a change of normal work schedule for another employee who objects to such schedule change.

4.(b) When a regular employee is required to work on a recognized holiday falling on a day outside his/her normal schedule, in addition to either the time off or the straight-time pay

provision of Section 4.(a), above, one and one-half straight-time rates will be paid for time worked up to eight hours and double-straight time rates will be paid for time worked in excess of eight hours.

4.(c) Insofar as practical, an employee shall not be compelled to work more than three (3) assigned shifts in a seven (7) day non-storm period. He/she may, however, sign up for additional shifts as his/her own discretion.

5.(a) With twenty-four (24) hours or more advanced notice, employees who work less than an eight hour period immediately preceding their normal schedule starting time, best efforts will be made to allow them rest time. It is agreed that less than eight hours does not constitute a shift, and will be viewed as a prearranged overtime assignment, or callout assignment if applicable.

With twenty-four (24) hours or more advanced notice, employees who work an eight hour shift within the eight hour period immediately preceding their normal schedule, will receive the applicable overtime rate, and their basic straight time rate during their normal schedule. The only exception to this is when employees work an overnight shift preceding their normal day shift, best efforts will be made to allow them rest time.

5.(b) Upon request from shift workers, the Company may, at its discretion with respect to extended hours of work and the numbers of simultaneous requests or extended periods of exchange, permit such employees to exchange their scheduled hours of normal work coverage provided the shifts are adequately covered without involving payment of overtime or upgraded rates. When such exchanges of scheduled work hours are permitted, the advance notice requirements of Section 6. of this Article shall not be applicable.

5.(c) When an employee in any job classification is assigned to work on an afternoon or night schedule of normal work coverage, a premium of three dollars ($3.00) per hour will be added to his/her basic straight-time rate for all hours worked within that schedule. For the purpose of this shift premium provision, afternoon and night schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 7:00 a.m., or following 7:00 p.m.

5.(d) A premium of twenty-five percent of the basic straight-time rate per hour will be added to the basic straight-time rates for time worked on Sundays on a normal schedule by shift workers. This Section 5.(d) will not be applicable to time worked at double straight-time rates under the provisions of Section 12a. of this Article.

6.(a) When possible, employees will be given not less than seventy-two hours advance notice of changes in their normal work schedules. In any case of a change of normal work schedule, the employee(s) affected must be advised of the change in advance of the starting time of the new normal work schedule for the purposes of the premium rate and rest time provisions of this Article VII.

6.(b) When an employee’s normal work schedule is changed with less than seventy-two hours’ advance notice, any time worked within the new normal schedule which was not normal work time under the old schedule will be paid for at one and on-half straight-time rates until the advance-notice period has expired, except when other rates are applicable, and excepted further that when an employee’s normal work schedule is changed to provide relief coverage because of

sickness or other unexpected absences of employees, forty-eight hours shall be the advance-notice period for application of greater than straight-time rates. An employee may be returned to his/her previous normal work schedule without forty-eight hours' advance notice after serving a relief coverage assignment as described herein.

6.(c) Whenever possible, employees will request permission for planned absence at least seventy-two hours in advance of such absence.

7. Insofar as practicable overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

8.(a) Whenever possible at least seventy-two hours' notice will be given to employees who are required to work prearranged overtime. For the purposes of this Section 8, prearranged overtime is defined as that for which twenty-four (24) or more hours of advance notice has been given. Employees who are unable to report for overtime work will notify the Company as promptly as possible in order that planned work will not be disrupted.

8.(b) An employee who reports for prearranged overtime work on a day outside of his/her normal work schedule will be paid for a minimum of four hours at applicable overtime rates. If an employee assigned under this Section 8.(b) is required to report on the job two or more times on one day, he/she will be paid a minimum of two hours at applicable overtime rates for each time he/she reports and, in addition, he/she will be paid for two hours at basic straight-time rates. When an employee is advised on less than fifteen hours' advance notice not to report for such prearranged overtime work he/she will be paid for two hours at his/her basic straight-time rate.

8.(c) When an employee reports for prearranged overtime work on a day within his/her normal schedule, he/she will be paid for a minimum of two hours' work except that when the prearranged overtime is less than two hours and immediately precedes or follows his/her normal schedule, he/she will be paid for the actual overtime worked at the rate applicable. When an employee is advised on less than sixteen hours' notice not to report for such prearranged overtime, he/she will be paid for two hours at his/her basic straight-time rate except that when the prearranged overtime immediately precedes or follows his/her normal schedule hours and would amount to less than two hours, he/she will be paid at his/her basic straight-time rate for the actual amount of prearranged overtime involved.

9.(a) If an employee is required to work overtime outside of his/her normal schedule, without twenty-four (24) hours notice, during the eight-hour period immediately preceding the starting time of his/her next normal schedule, best efforts will be made to allow rest time during that normal schedule without loss of normal wages. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates.

If an employee is required to perform work, without twenty-four (24) hours notice, during the eight-hour period immediately preceding the starting time of a prearranged overtime period on a day outside of the employee's normal schedule, best efforts will be made to allow rest time

during that prearranged overtime period for which he/she will be paid straight-time rates. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off, that part worked will, except for holidays, be paid for at double and one-half straight-time rate.

9.(b) If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be allowed a period of eight hours time off before returning to work. Any part of such time off which extends into the employee's normal work schedule will be paid for at straight-time rates. Time allowed off for meals will be counted in determining sixteen hours for the purpose of this Section. When service requirements will not permit allowing as earned rest time off that part which may extend into normal schedule, that part worked during normal schedule will, except for holidays, be paid for at double straight-time rates.

10. If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be paid at double his/her straight-time rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this Section.

11. When meals are furnished by the Company under the provisions of Article XII, Section 4., time allowed off for meals will be paid for at the applicable overtime rates. If a meal is furnished under this provision following the conclusion of the workday, three-quarter hour eating time at the applicable rates will be paid.

12.(a) A Shift worker will be paid double the straight-time rate for all hours worked on Sunday outside his/her normal schedule.

12.(b) Employees with Sunday as a normal scheduled day off in any calendar week shall be paid double time for work on that Sunday, and at time and one-half for work on the other normal scheduled day off in that calendar week. Employees required to work on a Sunday within their normal schedule in any calendar week shall receive time and one-half for work on the first normal scheduled day off and double time for work on the second normal scheduled day off in that calendar week.

13. When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime or premium rates of pay for the same hours worked.

ARTICLE VIII
Holidays

1. New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

3. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If it is determined by the Company that time off cannot be allowed, the employee in lieu of time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

ARTICLE IX
Vacations

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for four weeks' vacation under 1.(c) below.

1.(c) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

1.(d) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

2. Consistent with the Company's service obligations, vacation periods will be scheduled to meet and suit the convenience of employees. Insofar as practicable, employees will be granted preference in selecting vacation periods in descending order of Company Seniority on a

local departmental basis as involved. Such preference for selection will be granted in the following order: (1) for all vacation periods under 1(a), 1(b) above, (2) for all third week vacation periods, (3) for all fourth week vacation periods, (4) for all fifth week vacation periods and (5) for any additional vacation days granted because of recognized holidays falling within vacation periods. Each district and department will, not later than April 1st, prepare and post on appropriate bulletin boards schedules showing the time of vacation periods granted. In order that the Company will be able to prepare and post vacations schedules by April 1st, it will be necessary for employees to make their selections of vacation periods promptly. In the event an employee fails to make his/her selection within a reasonable period of time, he/she will forfeit his/her turn until all other employees involved have made their selections. Should any employee fail to make his/her selection(s) by March 1st, the Company, at its discretion, may schedule that employee's vacation period. Changes in any scheduled vacation period may be made with mutual consent of employees involved and the Company. When choice of vacation period had been granted, it will not be interfered with except in emergencies

2.(a). An employee will not be subject to involuntary shift assignments from the end of his/her last normally scheduled shift which preceded their approved vacation period until the beginning of his/her normally scheduled shift following the approved vacation period. This "blackout period" will include any normally scheduled days off between those scheduled shifts.

3. When a recognized holiday falls within an employee's vacation period, an additional day of vacation with basic straight-time pay may be scheduled. Whenever possible the additional vacation day will be scheduled to either immediately precede or follow the vacation period during which the recognized holiday occurs or to be consecutive to other scheduled days off. When the Company cannot schedule or the employee does not desire such additional vacation day to be scheduled in the foregoing manner, it may be scheduled for some other available day. If it is determined by the Company that no additional day of vacation can be granted, the employee will be paid an additional day's pay at basic straight-time rate in lieu of the additional vacation day and such day's pay will be included with wages paid for the week during which the recognized holiday occurs.

ARTICLE X
Call Time

1. Employees whose job requirements include assignment to be on call outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within a reasonable amount of time.

2.(a.) On call for eight hours
Employees who are assigned by the Company to stand call outside their normal schedule hours will be so-assigned for either (1) eight hours immediately preceding their normal scheduled shift or (2) eight hours immediately following their normal scheduled shift not to exceed a total of eight hours. Employees will be paid for one hour at basic straight-time rate for each eight hours they are assigned to call duty except that, when assigned on a recognized holiday they will be paid for two hours at basic straight-time rate for each eight hours so assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m.

2.(b) On call for more than eight hours
Employees who are assigned by the Company to be on call outside their normal

schedule hours will be paid (1) one and one-half hours at basic straight-time rates for each twenty-four hour period or part thereof – Monday through Friday, (2) three hours at basic straight-time rates for each Saturday, Sunday, or recognized holiday so-assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between 12:00 midnight and 6:00 a.m.

3. Time worked under Section 2 will be computed from the time of receipt of each call out, and unless the time extends into his/her scheduled work time, until return to place of receipt of the call out.

4. Employees not assigned to take trouble calls outside their normal schedule hours but who are called out to perform other than prearranged overtime work will be paid a minimum of two hours at the rate applicable for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m. They will be allowed one-half hour travel time provided the actual time worked and the half-hour travel time exceeds the applicable minimum, except when the work period continues into his/her scheduled work time. Travel time will not be considered as time worked for purposes of Article VII, Section 9.(a).

ARTICLE XI
Safety

1. In job assignments to do specific pieces of work only such employees shall be assigned as have the necessary judgment, skill and ability, as generally reflected by their job classifications and normal assignments, to safely perform the work to be done.

2. The Company will issue a copy of its “Employee Safety Manual” to each employee covered by this Agreement. Any changes in the rules in the “Employee Safety Manual” shall be a matter of discussion between the Parties before becoming effective. Once the Company has made a decision on any such change in a safety regulation the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonably in making such change.

3. The Company will furnish suitable protective equipment and take such other precautions in the interest of safety as conditions require.

4. Gas masks, fire extinguishers and first-aid kits will be standard equipment where conditions require.

5. The Company shall repair or replace an employee’s clothes which have been damaged or destroyed through an unusual incident on the job related to his/her work except where the employee has failed to use the protective clothing furnished by the Company. The foregoing shall not apply to any employee’s clothes which are worn out, damaged or soiled through daily attrition.

6. No employee shall be required to perform any hazardous task, with which he/she is not familiar, without proper instruction and close supervision. When working on emergency service restoration, employees shall call the appropriate Company office or person designated by the Company to receive such calls for any assistance that may be required for compliance with safe work practices.

7. Safety is a joint responsibility of supervisors and employees. The primary function of a Foreman or Supervisor is to direct work in a safe manner at all times. Supervisors will endeavor to see that employees observe necessary safety precautions to protect against exposure to dangerous situations and will direct operations in such a manner that safety precautions are observed. Supervisors will refrain from engaging in bargaining unit work when such engagement prevents them from giving adequate attention to their responsibilities as outlined in this Section.

8.(a) Representatives of the Company and the Union shall meet from time to time at the request of either party to discuss matters pertaining to safety. At such times as are mutually agreeable employee representatives designated by the Union, not to exceed three, will be allowed time off from normal work schedule without loss of basic wages to meet and confer with designated representatives of the Company concerning matters of safety.

8.(b) In the month of November, Local Union Business Managers or Assistant Business Managers may, in their respective jurisdictional areas, nominate one regular bargaining unit employee for membership on each district, plant or department safety committee. Appointment of nominees will be made by the Company with due consideration for safety-committee-membership rotation and cross-section representative of job classification on each committee.

9. Company will provide up to $200 allowance to Operating Department employees toward the purchase of one or more pair per year of safety footwear that meets the requirements for impact/compression resistance and protection from electrical hazards as described in ASTM F2413-05 (M1/75 / C75 / Mt75) EH rated safety (steel toe or composite) footwear.

10. The Company will provide a FR Clothing Allowance of $250.00 per employee for the term of agreement.

ARTICLE XII
Expense Allowances

1. When required to work distant from this base area, employees will be paid expenses and travel allowances as follows:

1.(a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

1.(b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1. or Section 3. of this Article is applicable, an employee required to make his/her own arrangements to report at a job location including all training assignments outside his/her base area (except satellite/line shops or when the job location distance one way is ten (10) miles or less) will be paid a daily expense allowance as provided under one of the following Plans:

Plan A - If the distance one way is twenty-five miles or less; $29.73 per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; $52.68 per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; $60.25 per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; $64.82 per day.
When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; $25.55 per day.

Plan F - If the distance one way is over thirty miles; $35.08 per day.

2.(b) For the purposes of the above Plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job locations involved.

2.(c) If an employee is required to report at two or more job locations outside of his/her base area on one day he/she will be paid the daily expense allowance provided under the Plan applicable to the job location which is the greatest distance from his/her base area headquarters. In addition, he/she will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, one way for the actual distance traveled between the job locations involved on the day. This rate may be changed by the Company without advance notice. The Section 2.(c) will no be applied to require an employee to report at two or more job locations on one day involving Plans B, C, D or F except when it is necessary to do so to provide a full day's work or when emergency work is required. Whenever possible, employees will be advised not later than the day preceding requirement to report at a different job location.

3. An employee authorized to make occasional use of his/her personally owned vehicle for Company business during working hours and for which he/she is not being paid a travel expense allowance under other provisions of this Article will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices. This rate may be changed by the Company without advance notice. Employees will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, to and from the job in lieu of the provisions of Section 2 of this Article if the distance one way to job location is ten miles or less from the home base or satellite. This rate may be changed by the Company without advance notice.

4. If an employee works a night schedule (i.e., 3-11 PM) and works beyond 11:00 PM into the first earned meal, the meal allowance will be $15.00. If an employee is required to work overtime and is thereby put to additional expense to obtain a meal, he/she will, except when Section 5. of this Article is applicable, be paid a meal allowance of $10.00 to $20.00 for evening only (4:00 p.m. to 12 midnight) for each meal so-obtained under any of the following conditions:

4.(a) When required to report for work starting one hour or more before his/her next normal schedule starting time without having been given twelve or more hours' advance notice.

4.(b) When required with twelve or more hours' advance notice to report for prearranged overtime work an allowance will be paid for one meal if the reporting time is two or more hours: (1) before his/her normal schedule starting time on a day within his/her normal schedule; or (2) earlier in the day than his/her starting time on a normal schedule workday if the work is on a day outside his/her normal schedule; or (3) before the normal schedule starting time of a shift or scheduled worker.

Exception to the twelve hours' advance notice provisions of Sections 4.(a) and 4.(b) will be made when a shift or scheduled worker is required to report for prearranged overtime work on a shift starting at or between the hours of 12:00 Noon and 6:00 p.m. In such situations four or more hours' advance notice will be applicable. When advance notice to report for prearranged overtime work under the above conditions has not been given allowance will be paid for a midday (midshift) meal also provided such meal is involved.

4.(c) When required to work one-and-one half hours or more beyond his/her normal schedule hours.

4.(d) When required to work five hours or more beyond the designated lunch period on a prearranged overtime day.

4.(e) Under any of the foregoing conditions an employee will be allowed three-quarter hour eating time for which he/she will be paid at the applicable overtime rate except for (1) the normal schedule or designated lunch period and, (2) meals eaten during working time.

5. During times of emergency when employees cannot be released long enough to make arrangements for their meals or lodgings, the Company at its expense will make suitable arrangements for same. Under such conditions the provisions of Section 4. of this Article shall not apply. For the purpose of this Section meals will be furnished at five-hour intervals unless a majority of the employees concerned in a work group agree to extend the five-hour interval. (See Article VII, Section 11., concerning time off for meals furnished under this Section 5.).

6.(a) When at the Company's request an employee is reassigned or transferred under the provisions of Article V and a change of residence is required, the employee will be reimbursed for mileage between the former reporting base and the new reporting base and will be reimbursed at the current rate and in a manner consistent with NU mileage reporting practices. This rate may be changed by the Company without advance notice.

The following conditions apply to above temporary expense allowance:

(1) The expense allowance will be applied for each day the employee provides his/her own transportation to travel to and/or from his/her new reporting base.

(2) The amount of expense allowance will be based upon the actual distance in miles between the former and new reporting bases as measured over streets and highways that are reasonably passable and provide the most direct route.

6.(b) In lieu of the expense allowance outlined in Section 7.(a) the Company may either provide the employee with transportation or require him/her to live in his/her new base area and make arrangements for his/her meals and lodgings at Company expense.

6.(c) Payment of the expense allowance or provision of transportation or meals and lodging under this Section 7. will be limited to the first thirteen weeks from the effective date of assignment at the new reporting base or until the effective date of the employee's change of residence, whichever occurs earlier.

7. When in the judgment of the Company the expense allowances provided in this Article are insufficient to cover reasonable expenses it may, upon review of any particular case, make an additional allowance to cover expenses actually incurred.

8. If, during the term of this Agreement, the Company contemplates changing a current practice or privilege, not specifically covered in this Agreement, which, if changed, would result in a significant increase in employee's personal expenses, the Business Manger or an Assistant Business Manger of the Local Union concerned will be advised in advance of the change as soon as practicable. Upon request of either party, Union and Company representatives will meet for discussion of such change.

ARTICLE XIII
Notices

1. The Company will furnish suitably identified bulletin boards for use by the Union in such numbers and locations as mutually agreed upon. The purpose of these bulletin boards will be posting of notices pertaining to the Union and its members. All Union notices must be signed by an official of the Union and such notices shall contain nothing political, controversial or reflecting upon the Company, Union or any employees. Either the Union or the Company may remove from these bulletin boards any notices posted thereon which do not comply with this Section 1.

2. If a general notice to employees or the public is issued pertaining to a change made in this Agreement it shall be signed jointly by representatives of the Company and the Union.

ARTICLE XIV
Strikes And Lockouts

During the term of this Agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All grievances arising under this Agreement shall be settled in the manner provided for in Article III.

ARTICLE XV
Wages

Appendix "A" attached hereto and made a part hereof lists the job classifications covered by this Agreement. Appendix "A" is the basic straight-time hourly rates of pay applicable to each job classification effective as of **October 1, 2021, October 1, 2022, and October 1, 2023** for employees who are employed in the listed job classifications on the date this Agreement is signed by authorized representatives.

ARTICLE XVI
Contract Work

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XVII
Compliance With Law

No provision in this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, ruling and orders of regulatory bodies having jurisdiction. If any such laws, regulations or rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purposes of Article III or Article IV.

ARTICLE XVIII
Extent of Agreement

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XIX
Employee Benefits

1. It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the "**Eversource Pension** Plan" for the term of this Agreement. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

2. If during the term of this Agreement a regular employee sustains an injury on a Company job which results in total incapacity and which prevents his/her from doing any work and which is compensable under the Workmen's Compensation laws of the State of Connecticut, he/she shall be paid the differential between the employee's normal basic after-tax wages and Workmen's Compensation benefits for the period of total incapacity not in excess of one year from the date of the injury. If it is established that the injury is caused by the negligence of a third party and that third party makes settlement with the injured employee, the Company shall be reimbursed for all wage payments made to the injured employee to the extent that such settlement covers the Company's payments made under the terms of this provision.

ARTICLE XX
General

1. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to not more than three (3) employee representatives of the Union for time lost from their normal work schedules while attending meetings with Company representatives. If any of these Union representatives is a shift or scheduled worker and his/her schedule of normal work coverage includes shifts directly preceding and directly following the time during which a negotiation meeting with the Company takes place, he/she will be allowed time off with basic straight-time wages from either the shift directly preceding or the shift directly following, but not both, provided that the period of time elapsing between the end of the shift directly preceding and the beginning of the shift directly following does not exceed sixteen hours.

2. Upon written request from the Union, the Company will arrange for a leave of absence for up to four employees who are elected or appointed to the office of full-time Union representative for the Local Unions participating in this Agreement. Such arrangement will include a provision for the Local Union to pay all costs required to maintain the employee's benefits during his/her leave of absence. The arrangement will also include provisions governing the seniority status of the full-time Union representative in such a manner as may be mutually agreed upon by the Company and the Union.

3. It is recognized that the Company may occasionally assign employees covered by this Agreement to work in locations and upon facilities other than those owned or operated by the Company. On such occasions the employees involved, the Union and the Company shall be bound by the provisions of this Agreement except that when emergency assistance to the other utility companies is involved, Section 2. of Article XII shall not be applicable. All hours for travel

time or work time paid at a straight-time rates under the terms of this Agreement will be paid at double straight-time rates, when employees are assigned to work in locations or upon facilities other than those owned or operated by the Northeast Utilities System.

4. Employees will be allowed time off with basic straight-time wages under the following conditions:

1. When the deceased is a member of an employee's immediate family, the employee will be allowed necessary time off to make arrangements and attend the funeral. Such time off should not exceed three normal schedule workdays falling within the three-day period following the date of death. In addition, if an employee is called from work on the date of death, the employee will be allowed time off with basic straight-time wages for that part of the employee's normal schedule not worked on that day.

The immediate family is defined to include the spouse, son, daughter, father, father-in-law, mother, mother-in-law, grandmother or grandfather, grandchildren, sister, brother or step-relative.

2. When the deceased is an employee's brother-in-law, sister-in-law, aunt, or uncle, necessary time off up to one normal scheduled day will be allowed to attend the funeral.

3. If death occurs to a member of an employee's immediate family, during the employee's scheduled vacation period, that portion of the employee's scheduled vacation from the day of death up to and including the day of the funeral will be rescheduled, but not to exceed three days. The vacation will be rescheduled at the option of the Company to another time during the calendar year. In the event vacation to be rescheduled under this section cannot be rescheduled during the current calendar year, it will be rescheduled as promptly as possible within the first three months of the following calendar year.

ARTICLE XXI
Duration

This Agreement shall continue in force from the first day of October, **2021** until October 1, **2024** and thereafter for periods of one year unless canceled by advance notice in writing by either party to the other, the advance notice to be given at any time during a thirty-day period, the beginning of which period is ninety days prior to October 1, **2024** or October 1st of any year thereafter.

1. Except as otherwise provided, this agreement shall become effective as of October 1, **2021** and shall remain in full force and effect until 12:01 a.m. October 1, **2024**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

2. In the event that either party shall desire to terminate this agreement or any renewal thereof it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the agreement.

If notice is given as provided for above it shall be by registered mail addressed to, respectively:

Manager – Labor Relations
The Connecticut Light and Power Company d/b/a Eversource Energy
P.O. Box 270, Hartford, Connecticut 06141-0270

or

Business Manager/Financial Secretary
Local Union No. 457
2590 Berlin Turnpike, Suite 1
Berlin, CT 06037

This Agreement shall become effective when signed by the authorized representatives of the parties.

In witness whereof we have attached our hand and seal.

TOPIC: Paging Device for Use During Call Assignments
When an employee is assigned to call, he/she will be provided with paging device ("beeper") as a means of contact during call. It will be the responsibility of that employee to ensure that they are within the signal range and the "beeper" is in operating order.

TOPIC: Absence Due to Non-Occupational Illness or Injury

Eligibility Period
The eligibility period for maximum annual payments for absence due to non-occupational sickness or injury is based on a calendar year - January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year into the succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Continuation of Pay
Incumbent employees as of December 31, 2014 will keep their sick time allotment in accordance with the following:

Continuous Service – Weeks of Full Pay

Less than 2 years- Up to 2 weeks
For 2 years but less than 3 years – Up to 4 weeks
For 3 years but less than 4 years – Up to 6 weeks
For 4 years but less than 5 years – Up to 8 weeks
For 5 years but less than 10 years- Up to 10 weeks
For 10 years or longer – Up to 1 week for each year of continuous service

In addition, they will have a one-time opportunity (by November 1, 2014) to opt into the Sick Leave Wage Payment Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY
- Non-occupational illness/injury disability lasting more than five days will be managed by Liberty Mutual

- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first six weeks of short term disability will be paid at 100% of base pay
- Up to 19 additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay to extend a short-term absence prior to transitioning to long-term disability (LTD)

AGREEMENT entered into as of the 1st day of October **2024**, between THE CONNECTICUT LIGHT AND POWER COMPANY, hereinafter referred to as the COMPANY, and LOCAL No. 457 of THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, hereinafter referred to as the UNION, with respect to rates of pay, hours of employment and other conditions of employment. This agreement shall be final and binding on any and all successors and assigns of the employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

ARTICLE I
Recognition and Union Membership

1.(a) The Company recognizes the Union as the sole collective bargaining representative with respect to wages, hours and other conditions of employment for employees who perform electric distribution dispatch work, in the Dispatcher/Distribution System Operator classification, employed by the Connecticut Light and Power Company in the State of Connecticut, but excluding all other employees, senior technicians, office clericals, professionals, confidential employees, guards and supervisors as defined in the Act. Recognition is granted pursuant to the Certification of Representatives of the National Labor Relations Board in Case Number 34-RC-1466, dated 9/24/99.

1.(b) The Company and Union agree to continue their cooperative efforts to promote safety, efficiency and harmony among all the employees and to promote and advance the welfare of the Company and the service at all times.

The Union agrees that its members, who are employees of the Company, will individually and collectively continue to avoid and discourage waste of materials, time, and manpower, and that they will use their influence and best efforts to protect the property of the Company.

1.(c) The Local Union shall notify the Company in writing of the identity of its elected and appointed representatives and, in the event of a change of any representative, shall notify the Company of such change promptly. Notices to the Company under this provision shall be directed to the Director – Labor Relations.

2. If at any time during the term of this Agreement, or any renewals or extensions hereof, the Company shall recognize the Union as the exclusive bargaining agent of the employees in any job classification in addition to those specified in Section 1.(a) of this Article, all of the provisions of this Agreement shall become applicable to the employees in such job classification as though such job classification had been originally designated herein, except that the rates of pay applicable to such job classification shall be such as may be agreed upon between the Company and the Union.

3. The following provisions will apply to employees in job classifications covered by this Agreement:

3.(a) Employees who are members of the Union or its predecessor Union on October 1, 1999, or who later become members, will as a condition of employment be required to maintain their membership for the duration of this Agreement.

3.(b) Employees hired or transferred into the bargaining unit will be required as a condition of employment to join or make application to join the Union thirty days from their date of employment or transfer or thirty days after the date this Agreement is executed, whichever is later.

3.(c) If the Union refuses to accept as a member or refuses to continue the membership of any employee for any reasons other than the failure to pay or tender payment of uniformly required initiation fees and periodic dues, the employee shall be exempt from the provisions of (a) and (b) above. It shall be the responsibility of the Union to solicit the membership of employees who are required to join the Union under Section 3.(b). Should the Union fail to solicit the membership of an employee within the time period prescribed in (b), that employee shall be exempt from the provisions of (b) until the first day of the calendar month within which his/her membership is first solicited by the Union.

3.(d) Should an employee fail or refuse to join the Union or maintain membership therein as hereinbefore provided, the Union may request the Company to discharge such employee. The request shall be submitted in writing to the Director-Labor Relations. Two weeks from the date of receipt of the request, unless the Company has notified the Union that the matter is in dispute, the employee will be discharged, provided that, if during the two week period the employee complies with the Union membership provisions of this Section 3., the Company will not be obliged to discharge the employee.

3.(e) If a dispute arises under Section 3.(d) hereof concerning the discharge of an employee, the Director-Labor Relations and the respective Business Manager of the Union shall ascertain the facts and endeavor to settle the dispute. Pending settlement of the dispute, the Company will not suspend or discharge the employee concerned. If the dispute is not settled within thirty calendar days, (subject to extension by mutual agreement), from date of receipt of the Union's written request for discharge as provided in Section 3.(d) hereof, either party may, within the next ten calendar days following the thirty calendar day period, submit the dispute to Arbitration for final settlement as provided in Article IV.

4.(a) The Local Union shall notify the Company in writing of its required amounts of membership initiation fees and monthly dues. In the event such fees or dues are to be changed during the term of this Agreement, the Local Union concerned shall give the Company written notice in advance of such change. Notices to the Company under this provision shall be directed to the Director-Labor Relations.

4.(b) Upon receipt of individual written authorization and assignment from employees in job classifications listed in Appendix "A," the Company will make a single deduction for the required initiation fee and in addition will deduct required monthly Union dues from the employees' wages on a pay period basis and remit monthly to the Local Union Officers designated in writing by each Local Union. Authorizations shall be submitted in the form and language shown in Appendix "B" attached hereto and made a part of this Agreement. If an employee is transferred out of the bargaining unit, his/her authorization for the payroll deduction of Union dues will automatically become void at the end of the calendar month within which his/her transfer is effective.

5. It is agreed that neither the Company nor the Union will discriminate against any employee in application of any of the terms of this agreement because of race, color, religion, age, gender or national origin, sexual orientation, disability, or status as a disabled veteran or a veteran of the Vietnam era.

ARTICLE II
The Functions of Management

In order that the Company may discharge its obligations as a public utility and furnish dependable and satisfactory service to its customers, it is mutually agreed that the Company shall exercise the functions of management, including among other things the determination of the number and the qualifications of the employees required to perform the work, the direction of the working forces, the right to hire, suspend or discharge for just cause, promote, demote, transfer,

discipline and lay off employees. In exercising these rights the Company will act in accordance with the provisions of this Agreement.

ARTICLE III
Grievances

Any complaint made by an employee to his/her Foreman or immediate Supervisor concerning his/her wages, hours or working conditions which is accompanied by a request for an answer will be considered as a grievances for the purpose of this Article. Grievances should be presented as promptly as possible following the incidents that caused them. At such times as are mutually agreeable, an aggrieved employee and, if requested by the Business Manager of the Local concerned, an employee from within the Local area concerned, other than the aggrieved, will be allowed time to discuss grievances with management in Steps One, Two or Three without loss of pay for normal schedule work hours providing overtime replacement is not required. This same provision will apply also for a Steward, Business Manager or Assistant Business Manager if the employee wishes one to appear with him/her in Step One, or for a Business Manager or his/her designated representative or an Assistant Business Manager in Step Two, or for a Business Manager or his/her designated representative in Step Three.

In order that any grievance by an employee or group of employees may be promptly and satisfactorily settled, the procedure outlined below shall be followed:

Step One

The aggrieved employee or employees in person, who may be accompanied by a Steward, Business Manager or Assistant Business Manager, shall present the grievance to the Foreman or immediate Supervisor as promptly as possible following the incident which caused it. The Foreman or immediate Supervisor will endeavor to settle it by giving an answer as promptly as possible and within seven calendar days of the date of presentation. If an answer is given and accepted in this Step, the grievance is to be considered closed. If an answer is not given, or is not acceptable, it may be taken to Step Two within fifteen calendar days, (subject to extension by mutual agreement), from date of presentation in this Step.

Step Two

The Business Manager or Assistant Business Manager shall forward the grievance in writing to the Manager or Superintendent concerned stating its nature, specifying the provision(s) of the Agreement on which it is based and giving a brief description of the circumstances causing it. The Manager or Superintendent concerned or his/her designated representative will investigate the grievance and answer it as promptly as possible. If a meeting is held in this Step it shall be attended by the Business Manager or Assistant Business Manager who presented the grievance, the Manager or superintendent concerned or his/her designated representative, other management representatives if concerned and, at the option of either the Company or the Union, the aggrieved employee(s) shall be present. At this Step in the procedure, there also may be present either an International Representative of the Union in an advisory capacity to the Local Union, or a Representative of the Labor Relations Department of the Company, or both.

In the event a Business Manager has factual and reasonable evidence that the Company has violated a provision(s) of this Agreement and the employee(s) affected fails to present a grievance in Step One, then the Business Manager, having first notified the employee(s) affected, may initiate a grievance in this Step at any time within a period not in excess of thirty calendar days, (subject to extension by mutual agreement), from the date of the claimed violation.

If a grievance is not settled within ten calendar days from date of receipt in this step, it may be taken to Step Three within twenty-five calendar days, (subject to extension by mutual agreement), from date of such receipt.

Step Three

The Business Manager shall forward a copy of the written grievance identified as being in Step Three, to the Director – Labor Relations. The letter shall refer the grievance to a joint committee consisting of:

(a) three representatives appointed by the Company, and

(b) three representatives appointed by the Union, one shall be the Business Manager of the Local Union concerned, and/or his/her designated representatives. In addition an International Representative may be present in this Step in an advisory capacity to the Local Union.

The Joint Committee shall endeavor to meet within fifteen calendar days from the date the grievance is received by the Director – Labor Relations. It shall be the duty of the Joint Committee to investigate all of the circumstances surrounding the grievance and endeavor to settle it on a factual basis, including the method and manner of complying with decision.

At this Step in the grievance procedure, a “Union Grievance” or a “Company Grievance” may be initiated. Such a grievance shall consist of a claim or charge by the Union or the Company, in writing, that a specified provision of this Agreement, involving the status, rights, privileges, or duties of the Union as an organization or of the Company as management has been violated. If a “Union Grievance” is presented, it shall be forwarded in the manner specified in the first paragraph of this Step. If a “Company Grievance” is initiated, it shall be forwarded by the Director – Labor Relations to the Business Manager of the Local Union concerned and the International Representative who shall refer the grievance for settlement to a joint committee as provided in this Step.

If the grievance is not settled within thirty calendar days from the date of receipt in this Step, either party may take it to arbitration in accordance with and subject to the provisions of Article IV hereof within forty calendar days, (subject to extension by mutual agreement), from the date of receipt in this Step.

ARTICLE IV
Arbitration

1. If a grievance is not settled in Step Three of Article III, and provided the grievance is a dispute involving the interpretation, application or compliance with any provision of this Agreement, either the Union or the Company may, within the time limits specified in Article III, Step Three, submit the grievance to the American Arbitration Association for arbitration in accordance with its rules then prevailing. The decision of the arbitrator shall be final and binding on both the Union and the Company for the duration of the Agreement. The expenses of the arbitrator shall be borne equally by the Union and the Company. This Section is subject to the limitations set forth in Sections 2.and 3.of this Article.

2. The parties recognize the proper role of the arbitrator as one of deciding issues submitted by the parties under this Article, after a full and fair hearing, and not as being invested with any authority to participate in matters of collective bargaining, conciliation, mediation or to give advice or recommendations to either party.

3. It is understood and agreed that proposals to add or to change this Agreement shall not be arbitrable and that no proposal to amend or terminate this Agreement may be referred to arbitration under this Article.

4. It is understood that for the term of this Agreement, where the position of the Union is upheld by the Arbitrator, the Company will pay such fees charged by the Arbitrator or the American Arbitration Association for any grievance properly processed and properly referred to arbitration under the terms of Article IV.

In any other case such fees will be shared equally by the Company and the Union. In all cases, any costs incurred by either party in its own behalf, such as legal fees, stenographic costs, etc., will be paid by that party.

ARTICLE V
Seniority

Seniority which employees accumulate is of three types:

a) Total length of continuous time served with the Company shall be known as "Company Seniority."

b) Except as modified elsewhere in this Agreement, total length of time served within a job classification shall be known as Classification Seniority.

c) Total length of continuous time served with this Company, CL&P and system companies, shall be known as "System Seniority."

In the application of seniority, as defined in paragraphs (a) and (b) above, to employees having equivalent Classification Seniority, greater Company Seniority shall prevail and when both Classification Seniority and Company Seniority are equivalent, greater seniority shall prevail for the employee having the earlier birth date.

New employees shall be regarded as probationary until they have worked continuously for six months during which period they shall have no seniority status. Any employee who has been continuously employed during his/her probationary period as defined above shall become a regular employee at the end of the probationary period and his/her seniority shall start from the date of hiring. A regular employee shall lose his/her seniority status if he/she resigns voluntarily or is discharged for just cause or is laid off for periods in excess of those specified in Section 4.of this Article.

PROMOTION

1.(a) Employees will be given preference for training to qualify for promotion within the bargaining unit in descending order of Classification Seniority within normal sequences of promotion on a local departmental basis.

1.(b) When promoting an employee to fill a vacancy in a higher job classification within the bargaining unit, the Company will give first consideration to the qualifications of the employee having greatest Classification Seniority in the normal sequence of promotion on a local departmental basis. If this employee is qualified as evidenced by his/her skill, efficiency, knowledge, ability and acceptable performance in training, he/she will be given the promotion. If the employee having greatest Classification Seniority is not qualified, the remaining employees will likewise be considered for the promotion in the order of greatest Classification Seniority on a local departmental basis. When no employee on a local departmental basis is qualified, Classification Seniority will be applied on a Companywide basis.

1.(c) The Company will give preference to its regular bargaining unit employees over hiring new employees when making placements in job openings within the bargaining unit.

Notice of available job openings, other than those to be filled by application of any other provision(s) of this Agreement, will be posted on bulletin boards throughout the Company, and a copy will be sent to the Business Manager or each Local Union. Each bulletin board posting will be for a period of not less than ten (10) calendar days during which period interested employees may apply in writing for reassignment to the posted job opening by use of a reassignment application form provided by the Company. The Business Manager, Assistant Business Manager or Steward may submit a reassignment application in the above manner on behalf of an employee who is absent during the seven-day period by reason of vacation, short-term illness or short-term excused absence. Promptly following the end of a posting period each applicant will be notified within 15 days following the end of that posting period whether or not his/her application has been accepted, and if rejected, the reason therefore. The Company's determinations of the qualifications of employees applying for reassignment under this Section 1.(c) will be made on the same basis as for hiring new employees. In the event two or more employees with basically equal qualifications apply for one job opening, preference for placement will be determined by greater Company Seniority. If reassignment is postponed following notification of acceptance, the employee's classification seniority will be adjusted upon reassignment to the starting date of the first full week following the date of the acceptance notice.

Vacancies in the bargaining unit will be filled within two weeks from the date of the vacancy. If it is determined that no vacancy exists, the Company will advise the Business Manager of the Local Union concerned in writing.

REASSIGNMENT, LAYOFF AND DEMOTION

2. If at any time Company operations require a reduction of the existing working forces, employees in the localities or departments affected will be subject to reassignment in the order of least Company Seniority and in reverse sequence of job progression within the job classifications affected. The Company will reassign employees entitled to reassignment to job classifications for which they are qualified and in accordance with the procedure outlined below:

2.(a) When it becomes necessary to reduce the working force, employees will be laid off from the classification to be reduced at the affected work location in the bargaining unit in accordance with their Company seniority.

2.(b) Employees affected under (a) will have two options: (1) displace the least senior employee in their classification within their region locations, or (2) displace the least senior employee in the bargaining unit at the affected work location if currently qualified to perform the work. If unable to exercise option (1) or (2) above, then (3) the employee may displace the least senior employee in the bargaining unit if currently qualified to perform the work.

2.(c) Employees displaced from their jobs by more senior employees in the reduced job classification have the rights under (b), (d) and (e) of this Section.

2.(d) Employees may waive their rights under (b) and take a layoff, retaining recall rights under Section 4.

2.(e) In the event an employee subject to reassignment does not have sufficient Company Seniority to entitle him/her to job placement, he/she may be laid off with recall privileges as outlined in Section 4 of this Article.

Any employee who has completed one or more years of continuous service and who is laid off because of the permanent elimination of one or more jobs shall be given an allowance of

forty hours' pay at his/her straight-time hourly rate for each full year of continuous service with the Company. For any such employee who is fifty years or more of age, the above mentioned allowance will, instead of forty hours, be sixty hours if he/she has completed at least fifteen years of continuous service, or eighty hours if he/she has completed at least twenty-five years of continuous service. Any laid off employee or employee identified to be laid off, who obtains employment with any of the system companies, will not be entitled to terminal pay. Any such employee who accepts terminal pay will thereby relinquish all other rights under this Agreement and will not be eligible for recall under Section 4. of this Article V. any employee who accepts any position or who is offered a position similar to the position he/she held with the Company prior to the sale or lease, or in which he/she has had experience, the wages and benefits for which are reasonably comparable to those earned prior to such sale or lease, with this Company or with the purchaser or lessor, shall not be eligible for severance pay. An employee so affected who has reached his/her fifty-fifth birthday may, in addition to severance pay, make arrangements for applicable annuity benefits under the then existing Annuity Plan.

2.(f) When Company operations require other than a temporary transfer or reassignment of employees under the provisions of Section 2. of this article to a job classification in which he/she is unskilled or inexperienced, he/she will be given training on the job and allowed to reasonable period of time to develop sufficient skill and ability to perform satisfactorily in his/her new job classification.

An employee who is reassigned to a job classification with a lower hourly starting rate of pay than his/her present hourly rate a special basic rate of pay will be established for him/her in the following manner:

A. For an employee with less than five years of continuous service:

(1) If his/her present rate is greater than the maximum rate of his/her new classification, he/she will be paid the maximum rate of the new classification.

(2) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

B. For an employee with five years but less than fifteen years of continuous service:

(3) If his/her present rate is greater than the maximum rate of his/her new classification, twenty-five percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate for the lower job classification.

(4) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

C. For an employee with fifteen or more years of continuous service:

(5) If his/her present rate is greater than the maximum rate of his/her new classification, fifty percent of the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate of the lower job classification to which he/she is reassigned will be added to the rate of the lower job classification.

(6) If his/her present rate is less than the maximum rate of his/her new classification, he/she will retain his/her present rate in the new classification until he/she is qualified for advancement.

Any special rate established under the terms of subsection (3) or (5) of this provision will thereafter not be subject to any rate or general wage adjustments until such time as the maximum rate for the lower job classification equals or exceeds his/her special rate.

2.(g) If it is definitely established that a regular employee is physically incapable of performing the duties of his/her assignment, the Company will, in accordance with its past practice, whenever possible and with due consideration given to the Company Seniority of all employees affected, reassign such employee to an available job for which he/she is qualified at a rate which will result in a minimum reduction from his/her former rate.

2.(h) If an employee is demoted or assigned to a lower job classification or hourly rate of pay (1) at his/her own request, (2) for disciplinary reasons, (3) for incompetence or (4) because of physical inability to perform the duties of his/her assignment, his/her Classification Seniority for the purposes of promotion will begin on the date of the demotion. Any employee who is demoted under item number (4), above, will retain his/her Classification Seniority in his/her former classification for the purpose of reinstatement as set forth in Section 4.(a) of this Article. Any employee desiring assignment to a lower job classification or hourly rate of pay for a purpose other than covered by Section 1.(e) of this Article shall make written request to the Manager or Superintendent concerned, with duplicate copy to the Business Manager of the Local Union having jurisdiction over the location involved. Such written request shall state that the employee understands the Classification Seniority provisions of this Agreement.

TRANSFER

3.(a) In situations when the application of the seniority principles of this Article V either involve groups of employees or involve two or more separate localities, or departments, the Company will satisfy its obligation to contact affected employees by giving written notice. Ten days prior to posting written notice the Company or Union by request will discuss the effects on employees. Such written notice shall contain information pertinent to the situation at hand and be posted on bulletin boards in the localities where the employees concerned are based. It shall remain posted for a period of not less than one calendar week before the Company takes action affecting the status of employees having direct and reasonable interest in the stated situation. A copy of any written notice under this Section 3.(d) will be forwarded to the Business Manager(s) of the Local(s) concerned and, when it appears desirable to the Company to insure adequate communication, copies may be forwarded to each employee having direct and reasonable interest in a stated situation.

3.(b) When, for reasons other than his/her own request, an employee is transferred or reassigned under Sections 2.(a) or 2.(b) he/she will retain his/her Classification Seniority in his/her former location and job classification for purposes of reinstatement and promotion and, if reassigned to a lower job classification within his/her normal sequence of progression, his/her Classification Seniority in the lower job classification will be established in reverse sequence of normal progression. When an employee is required by the Company to transfer to another locality, or is transferred to another locality for the mutual convenience of the employee and the Company, and no change in job classification is involved, his/her Classification Seniority in his/her former and new locations will be accumulative.

3.(c) When an employee is transferred or reassigned from one locality or department to another at his/her own request, his/her Classification Seniority in his/her new assignment will begin on the effective date of the transfer and he/she will forfeit his/her Classification Seniority in all job classifications he/she has held prior to the transfer.

3.(d) An employee who is transferred out of the bargaining unit and who is later transferred back into the bargaining unit will maintain continuous Company Seniority for the purposes of this Article and his/her Classification Seniority will be determined in accordance with the provisions of this Article. Company Seniority for purposes of layoff and transfer only will be the total length of time the employee has served in bargaining unit classifications.

REINSTATEMENT AND RECALL

4.a. Employees with three (3) or more years of continuous service who are laid off will be entitled to recall for a period of three (3) years from the date of layoff.

4.b. Employees laid off with less than two (2) years of continuous service will be entitled to recall for the actual time of their Company Seniority, counted from the date of layoff.

4.c. Employees will be recalled from layoff to vacancies in the bargaining unit in the same or lower job classification they were laid off from on the basis of their seniority and in the reverse order of layoff, provided they are qualified to perform the work.

4.d. Employees who, pursuant to paragraph (c) above, are offered recall to a work center/reporting headquarters other than the one from which laid off, or to a lower classification at the work center/reporting headquarters from which laid off, may decline such an offer of recall and remain on the seniority list for the period established in Section 4 of this Article, but upon the second such decline or recall the Company will not be required to thereafter offer recall except to the same job at the work center/reporting headquarters from which the employee was laid off.

4.e. Within ten (10) calendar days after notification of offer of recall, employees shall advise the Company whether they accept or decline said offer.

Employees in Military Service

5. The Company will reinstate without loss of Company Seniority employees, other than temporary, who have been granted leaves of absence for military service in accordance with federal statutes applicable thereto. In order to effect reinstatement it may be necessary to reassign, transfer or lay off other employees.

Probationary employees, who are reinstated, shall have their Company Seniority adjusted to the hiring date upon completion of their six-month probationary period. Service immediately preceding and immediately following the leave of absence shall be credited to the six-month probationary requirement.

ADJUSTMENT OF VETERAN'S SENIORITY

6. If a regular employee is bypassed for a promotion in his/her normal sequence of job progression because of military leave of absence and he/she is subsequently promoted to the higher job classification, his/her Classification Seniority will be adjusted to place him/her in the relative status he/she would have attained in the higher job classification had he/she not been bypassed.

SENIORITY LISTS

7. The Company will prepare and post on bulletin boards seniority lists showing the employee's name, job classification, date employed, Classification Seniority date and date classified. The seniority lists will show the relative Classification Seniority of employees in each job classification on a department basis.

ARTICLE VI
Job Classifications

1. Each employee will be assigned a job classification, the duties of which he/she is competent to perform and which generally reflects his/her normal work.

2.(a) A Dispatcher performing the duties of a Chief Dispatcher shall be paid an additional $2.00 per hour for all hours so assigned on one day provided he/she works one or more hours.

1. The Chief Dispatcher shall be the most Senior fully qualified Dispatcher, with respect to Classification Seniority, on duty within a specific Operating Region, unless that person voluntarily relinquishes the duties of Chief Dispatcher to a less Senior fully qualified Dispatcher.

2.(b) If during a Shift Supervisor's absence from work an employee in a Chief job classification is temporarily assigned to direct work forces normally directed by a Shift Supervisor, he/she will be paid one dollar and ten ($1.10) cents per hour in addition to his/her basic straight-time hourly rate for all hours so-assigned on one day provided the assignment is for one or more hours on that day. If a classification other than Chief is assigned, the employee will be paid the applicable Chief rate in addition to one dollar and ten ($1.10) cents per hour for all hours so-assigned on one day provided the assignment is for one or more hours on that day.

Upgrading, under this section, will normally be on a classification seniority basis by shift assignment.

3. If it is definitely established (1) that a regular employee is incapable of performing the duties of job classification because of an injury sustained in the employ of the Company, or (2) that a regular employee having five or more years of continuous service is incapable of performing the duties of his/her job classification because of a disability or infirmity arising from natural causes and he/she is assigned to a lower job classifications within his/her ability to perform, a special basic rate of pay will be established for him/her as follows:

3.(a) For an employee with less than twenty years of continuous service at the time of reassignment, the special basic rate will be determined by multiplying the difference between his/her basic rate immediately preceding reassignment and the maximum basic rate for the lower job classification to which he/she is reassigned by the product of five percent times his/her years of continuous service and adding the amount so-obtained to the maximum basic rate of the lower rated job classification. For any employee with twenty or more years of continuous service there will be no reduction in basic rate when reassigned to a lower rated job classification under this provision. Any special basic rate established under the terms of this provision will thereafter be subject to general wage adjustment made during the term of this Agreement.

3.(b) Should such an employee later qualify for and be promoted to a higher job classification, his/her basic rate will be the starting rate for the higher job classification or the special rate as determined above, whichever is greater.

3.(c) The above Sections 3.(a) and 3.(b) apply to employees who may be reassigned to a lower rated job classification for reasons stated in Section 3.

4. In order that the Union may maintain its records of bargaining unit employees the Company will periodically notify the Union of job classification changes. Such notification will provide the name, job classification and location for each bargaining unit employee hired, reclassified, transferred or separated from the Company. The information will be directed to the Business Manager of the Local Union having jurisdiction over the location involved. If an employee within the bargaining unit is discharged, the Company will notify the Business Manager of the Local Union concerned as promptly as possible.

4.(a) If a regular bargaining unit employee is suspended or discharged the local management of the Company will notify the Local Union representative on the same day of occurrence. If requested by the Union, the matter shall be discussed on that day by management representatives and the Local Union in the area concerned.

ARTICLE VII
Schedules, Working Hours,
Overtime, Premium And Holiday Rates

1. The Company and Union will jointly develop work schedules, which shall not consist of work schedules of more than twelve (12) hours per day or forty (40) hours per week. All hours worked in excess of the normal work schedule or forty (40) hours per week, or outside of the employees normal work schedule, will be paid for at one and one-half straight-time rates except when other overtime rates, premium rates or holiday rates are applicable as herein provided.

2. For the purpose of this Agreement, employees are composed of shift and day workers. (1) A shift employee is defined as one who works at a seven-day operation or service, on a rotating or shift schedule. (2) A day worker is defined as one whose basic work week is Monday through Friday, or Tuesday through Saturday between the hours of 6 a.m. and 6 p.m. for eight (8) hours a day or ten (10) hours; if applicable.

2.(a) If the Company changes or modifies working schedules in the system operations center, in a manner which the Union considers arbitrary or unnecessary, the new schedule shall be worked subject to adjustment through the grievance procedure up to and including arbitration.

2.(b) Normally, an employee on regular scheduled midnight shift will not be required to work more than four (4) hours (12 hours in total) beyond that shift contingent upon operational requirements.

3. When working conditions permit, regular active employees will be allowed time off at basic straight-time rates on recognized holidays falling on a day within their normal schedule. When a regular employee is required to work on a recognized holiday falling on a day within his/her normal schedule, in addition to holiday pay at basic straight-time rates, one and one-half straight-time rates will be paid for time worked within his/her normally scheduled hours and double straight-time rates will be paid for time worked outside his/her normally scheduled hours.

The employee will have the choice of taking either holiday pay at basic straight-time rates or taking a day off at a mutually agreeable alternate date in lieu of being paid holiday pay at basic straight-time rates for the worked holiday. In addition, the lieu day must be requested by the employee and approved by management before the holiday. **Lieu days will continue to be administered per the contract except that in addition to eight (8) hours of holiday pay, for any shifts greater than eight (8) hours, the employee shall elect to use either vacation pay, lieu time, if available, or up to twenty-four (24) hours of "no pay" per calendar year for the remaining hours of the shift.**

4.(a) When a recognized holiday falls on a day outside of a regular active employee's normal schedule, the Company at its option will either designate a day off from his/her normal schedule with basic straight-time pay or pay him/her for the holiday at basic straight-time. When the Company designates a day off from normal schedule, it shall fall within a calendar year. When designating a day off under this provision the Company will endeavor firstly to make such a day off be contiguous to another day off or, secondly to occur on a Sunday or, thirdly to occur on a day other than contiguous to another day off or other than on a Sunday. Exceptions to the foregoing sequence may be made to accommodate an employee's request for a designated day off by mutual agreement provided the exception does not require a change of normal work schedule for another employee who objects to such schedule change.

4.(b) When a regular employee is required to work on a recognized holiday falling on a day outside his/her normal schedule, in addition to either the time off or the straight-time pay provision of Section 4.(a), above, one and one-half straight-time rates will be paid for time worked up to eight hours and double-straight time rates will be paid for time worked in excess of eight hours.

4.(c) Insofar as practical, an employee shall not be compelled to work more than three (3) assigned shifts in a seven (7) day non-storm period. He/she may, however, sign up for additional shifts as his/her own discretion.

5.(a) With twenty-four (24) hours or more advanced notice, employees who work less than an eight hour period immediately preceding their normal schedule starting time, best efforts will be made to allow them rest time. It is agreed that less than eight hours does not constitute a shift, and will be viewed as a prearranged overtime assignment, or callout assignment if applicable.

With twenty-four (24) hours or more advanced notice, employees who work an eight hour shift within the eight hour period immediately preceding their normal schedule, will receive the applicable overtime rate, and their basic straight time rate during their normal schedule. The only exception to this is when employees work an overnight shift preceding their normal day shift, best efforts will be made to allow them rest time.

5.(b) Upon request from shift workers, the Company may, at its discretion with respect to extended hours of work and the numbers of simultaneous requests or extended periods of exchange, permit such employees to exchange their scheduled hours of normal work coverage provided the shifts are adequately covered without involving payment of overtime or upgraded rates. When such exchanges of scheduled work hours are permitted, the advance notice requirements of Section 6. of this Article shall not be applicable.

5.(c) When an employee in any job classification is assigned to work on an afternoon or night schedule of normal work coverage, a premium of three dollars ($3.00) per hour will be added to his/her basic straight-time rate for all hours worked within that schedule. For the purpose of this shift premium provision, afternoon and night schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 7:00 a.m., or following 7:00 p.m.

5.(d) A premium of twenty-five percent of the basic straight-time rate per hour will be added to the basic straight-time rates for time worked on Sundays on a normal schedule by shift workers. This Section 5.(d) will not be applicable to time worked at double straight-time rates under the provisions of Section 12a. of this Article.

6.(a) When possible, employees will be given not less than seventy-two hours advance notice of changes in their normal work schedules. In any case of a change of normal work schedule, the employee(s) affected must be advised of the change in advance of the starting time of the new normal work schedule for the purposes of the premium rate and rest time provisions of this Article VII.

6.(b) When an employee's normal work schedule is changed with less than seventy-two hours' advance notice, any time worked within the new normal schedule which was not normal work time under the old schedule will be paid for at one and on-half straight-time rates until the

advance-notice period has expired, except when other rates are applicable, and excepted further that when an employee's normal work schedule is changed to provide relief coverage because of sickness or other unexpected absences of employees, forty-eight hours shall be the advance-notice period for application of greater than straight-time rates. An employee may be returned to his/her previous normal work schedule without forty-eight hours' advance notice after serving a relief coverage assignment as described herein.

6.(c) Whenever possible, employees will request permission for planned absence at least seventy-two hours in advance of such absence.

7. Insofar as practicable overtime work will be equitably distributed among suitably qualified employees who are in the job classifications in the area in which the work is to be performed. Records of distribution of overtime work will be made available to designated Union representatives upon their request and also posted on a weekly basis.

8.(a) Whenever possible at least seventy-two hours' notice will be given to employees who are required to work prearranged overtime. For the purposes of this Section 8, prearranged overtime is defined as that for which twenty-four (24) or more hours of advance notice has been given. Employees who are unable to report for overtime work will notify the Company as promptly as possible in order that planned work will not be disrupted.

8.(b) An employee who reports for prearranged overtime work on a day outside of his/her normal work schedule will be paid for a minimum of four hours at applicable overtime rates. If an employee assigned under this Section 8.(b) is required to report on the job two or more times on one day, he/she will be paid a minimum of two hours at applicable overtime rates for each time he/she reports and, in addition, he/she will be paid for two hours at basic straight-time rates. When an employee is advised on less than fifteen hours' advance notice not to report for such prearranged overtime work he/she will be paid for two hours at his/her basic straight-time rate.

8.(c) When an employee reports for prearranged overtime work on a day within his/her normal schedule, he/she will be paid for a minimum of two hours' work except that when the prearranged overtime is less than two hours and immediately precedes or follows his/her normal schedule, he/she will be paid for the actual overtime worked at the rate applicable. When an employee is advised on less than sixteen hours' notice not to report for such prearranged overtime, he/she will be paid for two hours at his/her basic straight-time rate except that when the prearranged overtime immediately precedes or follows his/her normal schedule hours and would amount to less than two hours, he/she will be paid at his/her basic straight-time rate for the actual amount of prearranged overtime involved.

9.(a) If an employee is required to work overtime outside of his/her normal schedule, without twenty-four (24) hours notice, during the eight-hour period immediately preceding the starting time of his/her next normal schedule, best efforts will be made to allow rest time during that normal schedule without loss of normal wages. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates.

If an employee is required to perform work, without twenty-four (24) hours notice, during the eight-hour period immediately preceding the starting time of a prearranged overtime period on a day outside of the employee's normal schedule, best efforts will be made to allow rest time during that prearranged overtime period for which he/she will be paid straight-time rates. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight-hour period except that eight hours rest time will be provided if an employee is required to work six consecutive hours. Time allowed off for meals will be counted for the purpose of this Section. When service requirements will not permit allowing all of the earned rest time off, that part worked will, except for holidays, be paid for at double and one-half straight-time rate.

9.(b) If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be allowed a period of eight hours time off before returning to work. Any part of such time off which extends into the employee's normal work schedule will be paid for at straight-time rates. Time allowed off for meals will be counted in determining sixteen hours for the purpose of this Section. When service requirements will not permit allowing as earned rest time off that part which may extend into normal schedule, that part worked during normal schedule will, except for holidays, be paid for at double straight-time rates.

10. If an employee is required to work beyond sixteen hours in a 24 hour period, he/she will be paid at double his/her straight-time rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours for the purpose of this Section.

11. When meals are furnished by the Company under the provisions of Article XII, Section 4., time allowed off for meals will be paid for at the applicable overtime rates. If a meal is furnished under this provision following the conclusion of the workday, three-quarter hour eating time at the applicable rates will be paid.

12.(a) A Shift worker will be paid double the straight-time rate for all hours worked on Sunday outside his/her normal schedule.

12.(b) Employees with Sunday as a normal scheduled day off in any calendar week shall be paid double time for work on that Sunday, and at time and one-half for work on the other normal scheduled day off in that calendar week. Employees required to work on a Sunday within their normal schedule in any calendar week shall receive time and one-half for work on the first normal scheduled day off and double time for work on the second normal scheduled day off in that calendar week.

13. When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime or premium rates of pay for the same hours worked.

ARTICLE VIII
Holidays

1. New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays. Whenever any of such holiday(s) occur upon Sunday, the Monday next following such day shall be recognized as the holiday, except that for those employees who are required to work that Sunday, as part of their normal schedule, the holiday will be observed on Sunday. Whenever any such holiday(s) occur upon Saturday, the Friday

preceding such day shall be recognized as the holiday, except that, for those employees who are required to work that Saturday, as part of their normal schedule, the holiday will be observed on Saturday.

2. In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason.

3. The Company will allow four (4) hours off at the basic straight time rate to all employees who report for work on their last scheduled work day prior to Christmas Day. If it is determined by the Company that time off cannot be allowed, the employee in lieu of time off, will receive an additional four (4) hours pay at the employee's basic straight time rate.

ARTICLE IX
Vacations

Section 1: Vacation Allowance: Regular employees will be allowed the following vacation periods annually with basic straight-time pay:

(a)(1) For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed **120 hours** of vacation.

(a)(2) For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed **80 hours** of vacation.

(a)(3) For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed **40 hours** of vacation.

(a)(4) For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

1.(b) **Effective January 1, 2025, the vacation allotment as set forth below is based on employees completing the designated number of years of continuous service by December 31 of a calendar year.**

Less than one year of service	Start date January 1 through March 31 – **120 hours**
	Start date April 1 through June 30 – **80 hours**
	Start date July 1 through September 1 – **40 hours**
	Start date October 1 or later – no vacation accrued.
One year but less than **6** years	**120 hours** per year
6 years	**128 hours**
7 years	**136 hours**
8 years	**144 hours**
9 years	**152 hours**
10 years but less than 20 years	**160 hours** per year
20 years or more	**200 hours** per year

2. Consistent with the Company's service obligations, vacation periods will be scheduled to meet and suit the convenience of employees. Insofar as practicable, employees will be granted preference in selecting vacation periods in descending order of Company Seniority on a local departmental basis as involved. Such preference for selection will be granted in the

following order: (1) for all vacation periods under 1(a), 1(b) above, (2) for all third week vacation periods, (3) for all fourth week vacation periods, (4) for all fifth week vacation periods and (5) for any additional vacation days granted because of recognized holidays falling within vacation periods. Each district and department will, not later than April 1st, prepare and post on appropriate bulletin boards schedules showing the time of vacation periods granted. In order that the Company will be able to prepare and post vacations schedules by April 1st, it will be necessary for employees to make their selections of vacation periods promptly. In the event an employee fails to make his/her selection within a reasonable period of time, he/she will forfeit his/her turn until all other employees involved have made their selections. Should any employee fail to make his/her selection(s) by March 1st, the Company, at its discretion, may schedule that employee's vacation period. Changes in any scheduled vacation period may be made with mutual consent of employees involved and the Company. When choice of vacation period had been granted, it will not be interfered with except in emergencies

2.(a). An employee will not be subject to involuntary shift assignments from the end of his/her last normally scheduled shift which preceded their approved vacation period until the beginning of his/her normally scheduled shift following the approved vacation period. This "blackout period" will include any normally scheduled days off between those scheduled shifts.

3. When a recognized holiday falls within an employee's vacation period, an additional day of vacation with basic straight-time pay may be scheduled. Whenever possible the additional vacation day will be scheduled to either immediately precede or follow the vacation period during which the recognized holiday occurs or to be consecutive to other scheduled days off. When the Company cannot schedule or the employee does not desire such additional vacation day to be scheduled in the foregoing manner, it may be scheduled for some other available day. If it is determined by the Company that no additional day of vacation can be granted, the employee will be paid an additional day's pay at basic straight-time rate in lieu of the additional vacation day and such day's pay will be included with wages paid for the week during which the recognized holiday occurs.

ARTICLE X
Call Time

1. Employees whose job requirements include assignment to be on call outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within a reasonable amount of time.

2.(a.) On call for eight hours

Employees who are assigned by the Company to stand call outside their normal schedule hours will be so-assigned for either (1) eight hours immediately preceding their normal scheduled shift or (2) eight hours immediately following their normal scheduled shift not to exceed a total of eight hours. Employees will be paid for one hour at basic straight-time rate for each eight hours they are assigned to call duty except that, when assigned on a recognized holiday they will be paid for two hours at basic straight-time rate for each eight hours so assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m.

2.(b) On call for more than eight hours

Employees who are assigned by the Company to be on call outside their normal schedule hours will be paid (1) one and one-half hours at basic straight-time rates for each twenty-four hour period or part thereof – Monday through Friday, (2) three hours at basic straight-time rates for each Saturday, Sunday, or recognized holiday so-assigned. If called upon to perform work, in addition to the call-time pay they will be paid for the time worked at the rate applicable but not less than two hours for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between 12:00 midnight and 6:00 a.m.

3. Time worked under Section 2 will be computed from the time of receipt of each call out, and unless the time extends into his/her scheduled work time, until return to place of receipt of the call out.

4. Employees not assigned to take trouble calls outside their normal schedule hours but who are called out to perform other than prearranged overtime work will be paid a minimum of two hours at the rate applicable for each time called out, except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 midnight and 6:00 a.m. They will be allowed one-half hour travel time provided the actual time worked and the half-hour travel time exceeds the applicable minimum, except when the work period continues into his/her scheduled work time. Travel time will not be considered as time worked for purposes of Article VII, Section 9.(a).

ARTICLE XI
Safety

1. In job assignments to do specific pieces of work only such employees shall be assigned as have the necessary judgment, skill and ability, as generally reflected by their job classifications and normal assignments, to safely perform the work to be done.

2. The Company will issue a copy of its “Employee Safety Manual” to each employee covered by this Agreement. Any changes in the rules in the “Employee Safety Manual” shall be a matter of discussion between the Parties before becoming effective. Once the Company has made a decision on any such change in a safety regulation the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonably in making such change.

3. The Company will furnish suitable protective equipment and take such other precautions in the interest of safety as conditions require.

4. Gas masks, fire extinguishers and first-aid kits will be standard equipment where conditions require.

5. The Company shall repair or replace an employee’s clothes which have been damaged or destroyed through an unusual incident on the job related to his/her work except where the employee has failed to use the protective clothing furnished by the Company. The foregoing shall not apply to any employee’s clothes which are worn out, damaged or soiled through daily attrition.

6. No employee shall be required to perform any hazardous task, with which he/she is not familiar, without proper instruction and close supervision. When working on emergency service restoration, employees shall call the appropriate Company office or person designated by the Company to receive such calls for any assistance that may be required for compliance with safe work practices.

7. Safety is a joint responsibility of supervisors and employees. The primary function of a Foreman or Supervisor is to direct work in a safe manner at all times. Supervisors will endeavor to see that employees observe necessary safety precautions to protect against exposure to dangerous situations and will direct operations in such a manner that safety precautions are observed.

Supervisors will refrain from engaging in bargaining unit work when such engagement prevents them from giving adequate attention to their responsibilities as outlined in this Section.

8.(a) Representatives of the Company and the Union shall meet from time to time at the request of either party to discuss matters pertaining to safety. At such times as are mutually agreeable employee representatives designated by the Union, not to exceed three, will be allowed time off from normal work schedule without loss of basic wages to meet and confer with designated representatives of the Company concerning matters of safety.

8.(b) In the month of November, Local Union Business Managers or Assistant Business Managers may, in their respective jurisdictional areas, nominate one regular bargaining unit employee for membership on each district, plant or department safety committee. Appointment of nominees will be made by the Company with due consideration for safety-committee-membership rotation and cross-section representative of job classification on each committee.

9. Company will provide up to **$600** allowance to Operating Department employees toward the purchase of **FR clothing, non-FR clothing and/or** one or more pair of safety footwear that meets the requirements for impact/compression resistance and protection from electrical hazards as described in ASTM F2413-05 (M1/75 / C75 / Mt75) EH rated safety (steel toe or composite) footwear. **The Company's designated vendor (Tyndale) shall be used to purchase clothing and safety footwear or submit reimbursement for safety footwear.**

ARTICLE XII
Expense Allowances

1. When required to work distant from this base area, employees will be paid expenses and travel allowances as follows:

1.(a) When the Company supplies transportation between the base and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

1.(b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. Except when Section 1. or Section 3. of this Article is applicable, an employee required to make his/her own arrangements to report at a job location including all training assignments outside his/her base area (except satellite/line shops or when the job location distance one way is ten (10) miles or less) will be paid a daily expense allowance as provided under one of the following Plans:

Plan A - If the distance one way is twenty-five miles or less; **$31.15** per day.

Plan B - If the distance one way is over twenty-five miles but not over forty miles; **$55.20** per day.

Plan C - If the distance one way is over forty miles but not over sixty miles; **$63.13** per day.

Plan D - If the distance one way is over sixty miles but not over ninety miles; **$71.30** per day.
When the distance is beyond ninety miles, the employee will be paid mileage at the current NU mileage rate for each mile beyond ninety miles.

(a) If on any one day an employee travels one way to or returns one way from a job location under the provisions of Section 1. of this Article, the employee will be paid an expense allowance on that day under one of the following Plans:

Plan E - If the distance one way is thirty miles or less; **$26.77** per day.

Plan F - If the distance one way is over thirty miles; **$36.75** per day.

2.(b) For the purposes of the above Plans, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's base area headquarters and the job locations involved.

2.(c) If an employee is required to report at two or more job locations outside of his/her base area on one day he/she will be paid the daily expense allowance provided under the Plan applicable to the job location which is the greatest distance from his/her base area headquarters. In addition, he/she will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, one way for the actual distance traveled between the job locations involved on the day. This rate may be changed by the Company without advance notice. The Section 2.(c) will no be applied to require an employee to report at two or more job locations on one day involving Plans B, C, D or F except when it is necessary to do so to provide a full day's work or when emergency work is required. Whenever possible, employees will be advised not later than the day preceding requirement to report at a different job location.

3. An employee authorized to make occasional use of his/her personally owned vehicle for Company business during working hours and for which he/she is not being paid a travel expense allowance under other provisions of this Article will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices. This rate may be changed by the Company without advance notice. Employees will be reimbursed at the current rate and in a manner consistent with Company mileage reporting practices, to and from the job in lieu of the provisions of Section 2 of this Article if the distance one way to job location is ten miles or less from the home base or satellite. This rate may be changed by the Company without advance notice.

4. If an employee works a night schedule (i.e., 3-11 PM) and works beyond 11:00 PM into the first earned meal, the meal allowance will be $15.00. If an employee is required to work overtime and is thereby put to additional expense to obtain a meal, he/she will, except when Section 5. of this Article is applicable, be paid a meal allowance of $10.00 to $20.00 for evening only (4:00 p.m. to 12 midnight) for each meal so-obtained under any of the following conditions:

4.(a) When required to report for work starting one hour or more before his/her next normal schedule starting time without having been given twelve or more hours' advance notice.

4.(b) When required with twelve or more hours' advance notice to report for prearranged overtime work an allowance will be paid for one meal if the reporting time is two or more hours: (1) before his/her normal schedule starting time on a day within his/her normal schedule; or (2) earlier in the day than his/her starting time on a normal schedule workday if the work is on a day outside his/her normal schedule; or (3) before the normal schedule starting time of a shift or scheduled worker.

Exception to the twelve hours' advance notice provisions of Sections 4.(a) and 4.(b) will be made when a shift or scheduled worker is required to report for prearranged overtime work on a shift starting at or between the hours of 12:00 Noon and 6:00 p.m. In such situations four or more hours' advance notice will be applicable. When advance notice to report for prearranged

overtime work under the above conditions has not been given allowance will be paid for a midday (midshift) meal also provided such meal is involved.

4.(c) When required to work one-and-one half hours or more beyond his/her normal schedule hours.

4.(d) When required to work five hours or more beyond the designated lunch period on a prearranged overtime day.

4.(e) Under any of the foregoing conditions an employee will be allowed three-quarter hour eating time for which he/she will be paid at the applicable overtime rate except for (1) the normal schedule or designated lunch period and, (2) meals eaten during working time.

5. During times of emergency when employees cannot be released long enough to make arrangements for their meals or lodgings, the Company at its expense will make suitable arrangements for same. Under such conditions the provisions of Section 4. of this Article shall not apply. For the purpose of this Section meals will be furnished at five-hour intervals unless a majority of the employees concerned in a work group agree to extend the five-hour interval. (See Article VII, Section 11., concerning time off for meals furnished under this Section 5.).

6.(a) When at the Company's request an employee is reassigned or transferred under the provisions of Article V and a change of residence is required, the employee will be reimbursed for mileage between the former reporting base and the new reporting base and will be reimbursed at the current rate and in a manner consistent with NU mileage reporting practices. This rate may be changed by the Company without advance notice.

The following conditions apply to above temporary expense allowance:

(1) The expense allowance will be applied for each day the employee provides his/her own transportation to travel to and/or from his/her new reporting base.

(2) The amount of expense allowance will be based upon the actual distance in miles between the former and new reporting bases as measured over streets and highways that are reasonably passable and provide the most direct route.

6.(b) In lieu of the expense allowance outlined in Section 7.(a) the Company may either provide the employee with transportation or require him/her to live in his/her new base area and make arrangements for his/her meals and lodgings at Company expense.

6.(c) Payment of the expense allowance or provision of transportation or meals and lodging under this Section 7. will be limited to the first thirteen weeks from the effective date of assignment at the new reporting base or until the effective date of the employee's change of residence, whichever occurs earlier.

7. When in the judgment of the Company the expense allowances provided in this Article are insufficient to cover reasonable expenses it may, upon review of any particular case, make an additional allowance to cover expenses actually incurred.

8. If, during the term of this Agreement, the Company contemplates changing a current practice or privilege, not specifically covered in this Agreement, which, if changed, would result in a significant increase in employee's personal expenses, the Business Manger or an Assistant Business Manger of the Local Union concerned will be advised in advance of the change as soon as practicable. Upon request of either party, Union and Company representatives will meet for discussion of such change.

ARTICLE XIII
Notices

1. The Company will furnish suitably identified bulletin boards for use by the Union in such numbers and locations as mutually agreed upon. The purpose of these bulletin boards will be posting of notices pertaining to the Union and its members. All Union notices must be signed by an official of the Union and such notices shall contain nothing political, controversial or reflecting upon the Company, Union or any employees. Either the Union or the Company may remove from these bulletin boards any notices posted thereon which do not comply with this Section 1.

2. If a general notice to employees or the public is issued pertaining to a change made in this Agreement it shall be signed jointly by representatives of the Company and the Union.

ARTICLE XIV
Strikes And Lockouts

During the term of this Agreement, the Company will not engage in any lockout and the Union will not take part in or cause, nor will its members take part in any strike, slowdown or stoppage of the Company's operations. All grievances arising under this Agreement shall be settled in the manner provided for in Article III.

ARTICLE XV
Wages

Appendix "A" attached hereto and made a part hereof lists the job classifications covered by this Agreement. Appendix "A" is the basic straight-time hourly rates of pay applicable to each job classification effective as of **October 20, 2024, October 1, 2025, October 1, 2026 and October 1, 2027** for employees who are employed in the listed job classifications on the date this Agreement is signed by authorized representatives.

ARTICLE XVI
Contract Work

Work regularly performed by employees covered by this Agreement will not be contracted out if it would result in loss of continuity of employment or opportunities for permanent promotions to job classifications covered by this Agreement.

ARTICLE XVII
Compliance With Law

No provision in this Agreement shall be deemed to require the Company or the Union to disregard existing or future laws affecting the relations of the Company, the Union and employees. All provisions of this Agreement are subject to all applicable laws now or hereafter in effect and to the lawful regulations, ruling and orders of regulatory bodies having jurisdiction. If any such laws, regulations or rulings or orders shall conflict with any provision of this Agreement, the Company and the Union shall confer to negotiate a lawful modification. The lawful invalidating of any provision shall not affect the remaining provisions of this Agreement and it shall not constitute a grievance for the purposes of Article III or Article IV.

ARTICLE XVIII
Extent of Agreement

All benefits or other conditions of employment in existence by long-standing practice on the effective date of this agreement and not specifically referred to and covered by this agreement will not be subject to major change or eliminated during the term of this agreement.

ARTICLE XIX
Employee Benefits

1. It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the "Eversource Pension Plan" for the term of this Agreement. It is understood and agreed by the Union and the Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations applicable thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

2. If during the term of this Agreement a regular employee sustains an injury on a Company job which results in total incapacity and which prevents his/her from doing any work and which is compensable under the Workmen's Compensation laws of the State of Connecticut, he/she shall be paid the differential between the employee's normal basic after-tax wages and Workmen's Compensation benefits for the period of total incapacity not in excess of one year from the date of the injury. If it is established that the injury is caused by the negligence of a third party and that third party makes settlement with the injured employee, the Company shall be reimbursed for all wage payments made to the injured employee to the extent that such settlement covers the Company's payments made under the terms of this provision.

ARTICLE XX
General

1. During negotiations for the amendment or replacement of this Agreement, the Company will pay basic straight-time wages to not more than three (3) employee representatives of the Union for time lost from their normal work schedules while attending meetings with Company representatives. If any of these Union representatives is a shift or scheduled worker and his/her schedule of normal work coverage includes shifts directly preceding and directly following the time during which a negotiation meeting with the Company takes place, he/she will be allowed time off with basic straight-time wages from either the shift directly preceding or the shift directly following, but not both, provided that the period of time elapsing between the end of the shift directly preceding and the beginning of the shift directly following does not exceed sixteen hours.

2. Upon written request from the Union, the Company will arrange for a leave of absence for up to four employees who are elected or appointed to the office of full-time Union representative for the Local Unions participating in this Agreement. Such arrangement will include a provision for the Local Union to pay all costs required to maintain the employee's benefits during his/her leave of absence. The arrangement will also include provisions governing the seniority status of the full-time Union representative in such a manner as may be mutually agreed upon by the Company and the Union.

3. It is recognized that the Company may occasionally assign employees covered by this Agreement to work in locations and upon facilities other than those owned or operated by the Company. On such occasions the employees involved, the Union and the Company shall be

bound by the provisions of this Agreement except that when emergency assistance to the other utility companies is involved, Section 2. of Article XII shall not be applicable. All hours for travel time or work time paid at a straight-time rates under the terms of this Agreement will be paid at double straight-time rates, when employees are assigned to work in locations or upon facilities other than those owned or operated by the Northeast Utilities System.

4. **Time off without loss of pay shall be granted to employees in the event of death in the family as follows: Up to a maximum of five (5) days of time off without loss of pay shall be granted to employees in the event of death of an immediate family member. An "immediate family member" includes an employee's spouse, child, stepchild, parent, stepparent, sister, brother, stepsibling, father and mother-in-law, grandchild, or grandparent. Up to a maximum of three (3) days off without loss of pay shall be granted to employees in the event of death of the employee's brother-in-law, sister-in-law or a person who is actually a member of and living in the employee's household. Up to a maximum of two (2) days off without loss of pay shall be granted to employees in the event of death of the employee's aunt or uncle. Employees seeking leave must notify the employee's supervisor of such death and request such leave, which shall be granted unless an emergency exists at the time requiring the employee's services.**

If death occurs to a member of an employee's immediate family, during the employee's scheduled vacation period, that portion of the employee's scheduled vacation from the day of death up to and including the day of the funeral will be rescheduled, but not to exceed **the amount of time provided above**. The vacation will be rescheduled at the option of the Company to another time during the calendar year. In the event vacation to be rescheduled under this section cannot be rescheduled during the current calendar year, it will be rescheduled as promptly as possible within the first three months of the following calendar year.

ARTICLE XXI
Duration

This Agreement shall continue in force from the first day of October, **2024** until October 1, **2028** and thereafter for periods of one year unless canceled by advance notice in writing by either party to the other, the advance notice to be given at any time during a thirty-day period, the beginning of which period is ninety days prior to October 1, **2028** or October 1st of any year thereafter.

1. Except as otherwise provided, this agreement shall become effective as of October 1, **2024** and shall remain in full force and effect until 12:01 a.m. October 1, **2028**, and shall automatically renew itself from year to year until terminated by either party as herein provided.

2. In the event that either party shall desire to terminate this agreement or any renewal thereof it shall give written notice to the other party by certified mail at least sixty (60) days prior to the expiration or renewal date that it desires to terminate the agreement.

If notice is given as provided for above it shall be by registered mail addressed to, respectively:

Manager – Labor Relations
The Connecticut Light and Power Company d/b/a Eversource Energy

Date

TOPIC: Paging Device for Use During Call Assignments
When an employee is assigned to call, he/she will be provided with paging device ("beeper") as a means of contact during call. It will be the responsibility of that employee to ensure that they are within the signal range and the "beeper" is in operating order.

TOPIC: Absence Due to Non-Occupational Illness or Injury

Eligibility Period
The eligibility period for maximum annual payments for absence due to non-occupational sickness or injury is based on a calendar year - January 1 to December 31 and is not cumulative.

In case of a disability continuing from one calendar year into the succeeding calendar year, the employee is allowed for that disability only the amount of sick leave to the employee's credit at the beginning of the disability. An employee whose disability is carried over into the succeeding year must return to work in order to establish sick leave benefits for that year.

In connection with absence due to non-occupational sickness or injury, the Company reserves the right:

1. To verify the illness or accident through its own medical staff and/or by requiring employees to furnish a statement from their own physician.

2. To deny pay when the illness or injury is the result of the employee's misconduct or when an illness or injury is sustained while the employee is engaged in work for another employer or while gainfully self-employed.

3. To deny pay for absence in any case where an employee has a record of excessive absenteeism.

Continuation of Pay
Incumbent employees as of December 31, 2014 will keep their sick time allotment in accordance with the following:

Continuous Service – Weeks of Full Pay

Less than 2 years- Up to 2 weeks
For 2 years but less than 3 years – Up to 4 weeks
For 3 years but less than 4 years – Up to 6 weeks
For 4 years but less than 5 years – Up to 8 weeks
For 5 years but less than 10 years- Up to 10 weeks
For 10 years or longer – Up to 1 week for each year of continuous service

In addition, they will have a one-time opportunity (by November 1, 2014) to opt into the Sick Leave Wage Payment Policy for new hires. Furthermore, any absence over 5 consecutive work days will be managed by Liberty Mutual. The Company and Union agree to meet to review the Liberty management process within 90 days of ratification. All changes to the process will be effective January 1, 2015.

Employees hired on January 1, 2015 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY
- Non-occupational illness/injury disability lasting more than five days **(40 hours)** will be managed by Liberty Mutual

- A total of 10 sick days **(80 hours)** per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days **(40 hours)**, qualifying employees will be eligible for short term disability
- The first **twelve** weeks **(480 hours)** of short term disability will be paid at 100% of base pay
- Up to **thirteen** additional weeks **(520 hours)** of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay **or** to extend a short-term absence prior to transitioning to long-term disability (LTD)

I. INTRODUCTION

1. AGREEMENT

AGREEMENT made and entered into this 15th day of May, 2021 by and between EVERSOURCE GAS COMPANY MASSACHUSETTS, SPRINGFIELD DIVISION (hereinafter called the ”Company”) and UNITED STEEL, PAPER AND FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL AFL-CIO-CLC, Clerical Technical Unit (hereinafter called the “Union”) in behalf of LOCAL UNION NO. 12026.

2. PURPOSE OF AGREEMENT

WHEREAS, the parties hereto have reached an Agreement as a result of collective bargaining for the purpose of facilitating the peaceful adjustment of differences, if any, that may arise from time to time, and to promote harmony and efficiency, the parties hereto contract and agree as follows:

II. RECOGNITION

1. UNION RECOGNITION AND BARGAINING UNIT

The Company agrees and does hereby recognize the Union as the exclusive representative of all full-time and regular part-time office clerical employees including Call Center employees, Revenue Recovery employees, Resource Deployment employees, Sales employees, Facilities employees, Engineering employees, Fleet employees, System Maintenance employees, Public Affairs employees and PC technicians employed by the employer at its Springfield, and Ludlow, Massachusetts facilities; but excluding managerial employees, professional employees, casual employees, confidential employees, guards and supervisors as defined in the Act, for the purpose of bargaining in respect to rates of pay, wages, hours of employment or other conditions of employment in the Clerical/Technical Unit, certified by the National Labor Relations Board in case number 1-RC-20910, dated January 27, 1999. All clerical employees listed above, with the exception of Gas Operations Clerks and Facilities GR3 Clerks, shall be identified as “Group A” (369 Pay Rules) throughout this Agreement; Gas Operations Clerks and Facilities GR3 Clerks shall be identified as “Group B” (12004 Pay Rules).

At a time to be determined, but prior to the closing date of the Asset Purchase, the Company will make offers of employment, under the terms set forth in the MOA, to all employees who are members of Local 12026 (the “Springfield Employees”), and who are either: (a) actively employed in good standing by CMA on the closing date; or (b) employed in good standing by CMA on the closing date and on a company-approved leave of absence or disability leave. The Company’s initial offers of

employment to those Springfield Employees actively employed in good standing by CMA on the closing date shall be for employment effective as of the closing date. The initial offers of employment to Springfield Employees who are on a company-approve leave of absence or disability leave shall be for employment, as set forth in the APA, effective as of the earlier of: (i) the date such Springfield Employee is scheduled to return to work, and (ii) six (6) months following the closing date or, if later, the expiration of such Springfield Employee's statutory return right under applicable law.

III. RESPONSIBILITY

1. RESPONSIBILITY OF MANAGEMENT

The Union agrees, for itself and its members, not to hinder or interfere with the management of the Company in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work, but in the exercise of these responsibilities in management, the Company agrees that it will not discriminate against any member of the Union. This article shall in no way abrogate any other clause in this Agreement.

The Company retains the right to employ, transfer, promote or discharge employees, regardless of membership or non-membership in the Union.

2. RESPONSIBILITY OF THE LOCAL UNION

In Consideration of the commitments assumed by the Company in this Agreement the Local Union agrees that its officers and members will cooperate directly and indirectly with the efforts of the employer to maintain high efficiency, productivity, and competence in the work force and to train employees to improve their skills and abilities.

The Local Union agrees that it will encourage its members to suggest improvements in practices and procedures and to welcome changes introduced to: improve service and performance; reduce costs, waste, damage and accidents; increase individual productivity. The Local Union agrees to support the efforts of management to provide economical and quality services to consumers and to encourage work assignments which fully utilize the skills and time of individual members.

3. RESPONSIBILITY OF EMPLOYEES

a. Employees shall individually and collectively work so as to maximize operating efficiency and individual and group productivity. They shall make every effort to protect the property of the Company and represent the best interest of the Company in their relationships with consumers and the public.

b. Employees shall not engage in work for pay on their own or for another employer when there may be a conflict of interest between the services provided by the company and the activities of the employee.

4. NO STRIKE - NO LOCKOUT

While this agreement is in force there shall be no lockout of the employees by the Company and neither the Union nor its members will cause or participate, directly or indirectly, in any strike or stoppage of work.

5. CORRECTIVE PROCEDURE

In further consideration of the mutual commitments contained herein, the parties hereto expressly agree that neither party shall bring, or cause to be brought, any court or other legal or administrative action against the other until the dispute, claim, grievance or complaint shall have been brought to the attention of the party against whom it shall be made and the said party, after actual notice of the same, shall within a reasonable time, fail to take steps to correct the cause of circumstances giving rise to such dispute, claim, grievance or complaint.

6. COMPLIANCE WITH LAWS AND REGULATIONS

In the event that any provision of this Agreement shall at any time be declared invalid by any court of competent jurisdiction, or by any duly constituted governmental agency of the United States or the Commonwealth of Massachusetts, such decision shall not invalidate the entire Agreement, it being the express intent of the parties hereto that all other provisions not so declared invalid shall remain in full force and effect.

7. NON-DISCRIMINATION

a. The parties to this Collective Bargaining Agreement agree that it shall continue to be their policy to prohibit discrimination of persons because of race, creed, age, sex, sexual orientation, color, national origin, union activity, handicapped, Vietnam Era or disabled veteran status in hiring, lay-off, promotion, and all other terms and conditions of employment.

b. All reference as to the masculine gender in this Agreement shall be also construed to refer to the feminine gender where applicable.

8. SIDE AGREEMENTS AND EFFECT OF AGREEMENT

During the term of this Agreement the Union and the Company will review all jointly signed letters or memoranda of agreement or recognized past practices and present such letters, memoranda or practices which it wishes to have continue.

Where the parties agree to continue such memoranda or letters of agreements or past practices they will continue.

Where the parties disagree on such memoranda or letters of agreement or past practices, they will be a subject of bargaining in the succeeding contract. However, they will continue in force during this agreement.

Written grievance settlements shall continue in full force and effect.

IV. UNION MEMBERSHIP

1. UNION SHOP

It is agreed that all employees who are members of the Union as of the effective or execution date of this Agreement and all employees who thereafter have become or may hereafter become members of the Union, shall remain members of the Union in good standing for the duration of this Agreement as a condition of continued employment by the Company; and further that all new employees covered by this Agreement hired after the date of this Agreement shall after thirty (30) days of employment, become members of the Union and remain members in good standing for the duration of this Agreement as a condition of continued employment. Good standing shall mean only the payment of the initiation fee and periodic dues.

2. REGULAR EMPLOYEE

Regular Employee shall include any employee, other then a temporary employee, who has been continuously employed by the Company for a period of six (6) months and has successfully completed the probationary period.

3. TEMPORARY EMPLOYEE

A temporary employee is an employee hired to fill a temporary position. Temporary employees are not covered by the provisions of this Agreement. The Company, within its discretion, may end the employment of temporary employees. Such terminations shall not be subject to review in the grievance and arbitration procedure.

4. TEMPORARY EMPLOYEE PROVISIONS

(1) A temporary employee is one provided by a temporary agency, in a temporary position, performing bargaining unit work, for a period not to exceed eight (8) months, for any of the reasons listed below:

I. for a special project; or

II. As relief for an employee absent for any reason (vacation, leave of absence, jury duty, bereavement, etc.); on a one for one ratio, or

III. For operational needs that occur without regularity

(2) The Company will notify a Union official on the start day or no less than five (5) days after the start of a temporary employee. Notification will consist of an e-mail note to the Union Unit Chair and the Recording Secretary.

5. FULL TIME EMPLOYEE

A full-time employee is any employee regularly scheduled to work at least thirty-five (35) hours or more per workweek.

6. PART TIME EMPLOYEE

A part-time employee is any employee who is regularly scheduled to work less than thirty-five (35) hours per workweek.

7. PART-TIME EMPLOYEE PROVISIONS

(1) A part-time employee is one who is hired to regularly work less than thirty-five (35) hours per work week.

(2) Regular part-time employees shall be paid on an hourly basis not less than the hourly rate of pay for their classification and experience on the job. Wage rate progression shall be applied on a pro-rata basis, counting all hours worked up to a maximum of forty (40) hours per week. However, a part time employee shall progress to the next step in at least one (1) year.

(3) Effective 5/15/2015, regular part-time employees continuously employed by the Company who meet the service requirements indicated in Article VIII, Section 1, (Vacation) of this agreement by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay in accordance with Article VIII, Section 2. Vacation pay for part-time employees will be computed on a pro-rata basis, based upon the number of regularly scheduled hours in the part-time employee's regular work week.

(4) Effective January 1, 2016**,** eligibility for medical, dental, and vision begins the first day of employment. Such coverage must be purchased within 31 days of commencing employment or at the next open enrollment period. The part time coverage subsidy will be 70%. Payment for the succeeding months benefit must be made through payroll deduction.

(5) Regular part-time employees will be eligible for pro-rata sick pay in accordance with Article XII, Section 3 (Sick Pay) and eligible for pro-rata Holidays (Ten (10) and two (2) floating holidays) in accordance with Article IX, (Holiday Pay) of this agreement if such Holiday falls on one of their regularly scheduled workdays. Holiday pay for part-time employees will be computed pro-rata based on the employees regularly scheduled daily hours. Additionally, regular part-time employees will be eligible for shift differential and the Sunday Allowance.

(6) Regular part-time employees may participate in the Company's pension and 401K plans as may be required by the Employee Retirement and Income Security Act (ERISA) of 1976, as amended.

8. PROBATIONARY EMPLOYEES

The term "probationary employee" means those hired on a six (6) month trial to fill regular authorized positions which are open or expected to be open. It is understood that if such probationary employees are found satisfactory and if the positions are still open, they will become regular employees.

The Company may request to extend the six (6) month period for probationary employees for up to an additional six (6) months provided written notice is given to the Union ten (10) days before the extension. The Company and Union agree to engage in dialogue regarding the employee's performance.

Probationary employees are covered by the provisions of this Agreement and during the probationary period shall be eligible for all benefits, but the retention of a probationary employee is at the discretion of the Company and termination of employment during the probationary period or extension thereof shall not be subject to review through the grievance and arbitration procedure.

9. DUES DEDUCTION

The Company shall deduct from wages weekly and to remit monthly to UNITED STEEL PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIALand SERVICE WORKERS INTERNATIONAL UNION, 5 Gateway Center, Pittsburgh, Pennsylvania the membership dues and initiation fees uniformly required of each employee on whose account such deductions are to be made, pursuant to a written assignment on a form approved by the Company. Membership dues shall be as designated by the International Secretary/Treasurer and certified by the UNION to the COMPANY. Such form shall contain such provisions concerning irrevocability, duration, revocation and automatic renewal as the UNION may request but only to the extent that such provisions comply with the applicable requirements of Section 302 (C) of the Labor Management Relations Act, 1947, as now or hereafter amended, as said requirements may from time to time be interpreted by appropriate governmental authorities.

The Union shall indemnify and save the Company harmless against any and all claims, including legal fees, which may arise out of or come into being by reason of any action taken or not taken by the Company for the purpose of complying with this dues deduction provision.

V. HOURS OF WORK

1. WORKDAY, WORKWEEK

Eight (8) hours shall constitute a basic work day. Forty (40) hours shall constitute a basic work week. However, this section does not in any manner guarantee a number of hours that any employee may work during the week, nor does it constitute a limitation on the number of hours any employee may be required to work in any such work week. For administrative purposes, each workday begins at 12:01 a.m. and each work week begins on Sunday at 12:01 a.m.

The Union and the Company agreed to develop a flexible workweek schedule that would provide for the opportunity to establish a four (4) ten (10) hours per day schedule. See Memorandum of Understanding in Article XVII.

2. WORK SCHEDULE

The determination of the starting and ending times of daily and weekly work schedules for individual employees, groups of employees or departments shall always be made by the Company. Such schedules may be changed by the Company from time to time in accordance with operational requirements, in which case such schedule changes shall be made with not less than twenty-four (24) hours notice, except in cases of emergency when such notice shall not apply. If the shift of an employee is temporarily changed such employee shall return to their bid shift on completion of the temporary assignment. Whenever practical, volunteers will be utilized for shift changes. Emergency, for purposes of this section shall mean any event which is outside the immediate control of the Company.

369/Group A →

INVOLUNTARY CHANGE OF SHIFT A change in shift occurs when an employee is assigned to work any hours and/or days other than and instead of those originally scheduled and posted.

This premium is applicable to each hour worked which is not in accord with the originally scheduled shift or days off up to a maximum of 40 work hours within a defined 4-week posted period and is payable at a rate of ½ pay hour for each eligible hour.

3. LUNCH PERIOD

Employees scheduled to work more than six (6) hours per day will be allowed an unpaid meal period of thirty (30) minutes.

Employees assigned to work where eight (8) hours of continuous operation is necessary shall be allowed a meal period of twenty (20) minutes with pay. Such meal time is to be taken so as not to interfere with continuous operations of service.

Lunch periods will be scheduled by department supervisors.

4. WORK BREAKS

Employees scheduled to work more than six (6) hours per day, will be allowed two (2) paid fifteen (15) minute breaks from work.

Employees scheduled to work six (6) hours or less per day, will be allowed one (1) paid twenty (20) minute break from work.

Breaks will be scheduled by department supervisors.

5. SHIFT BIDDING

The current process of “shift bidding” will be utilized for regular full-time employees or part time employees, in their respective classifications when shifts are changed or newly created by the Company. Bidding will be done on the basis of Bargaining Unit seniority. Completed bid sheets will be posted fourteen (14) days in advance of any shift change date except in cases of emergency.

If a department schedule change is needed due to operational requirements, the Company will be responsible for notifying those employees who are scheduled to be absent, of the upcoming bidding process.

In the event of absence for any reason, the employee will be responsible for submitting their bid. Failure to do so, will result in the assignment of any remaining shift(s).

Coverage Shifts

All “Coverage Shift’ employees will be assigned coverage within classification on a rotating basis. All “Coverage Shift” employees will be given a 14 day written notice of any weekly shift change except in the case of emergency.

6. UNION LEAVE OF ABSENCE

Without loss of seniority rights, employees who are members of the Union when delegated or elected to transact business or matters pertaining to the Union shall be granted such leave of absence as may be approved by the Company.

Upon written request of the International Union, the Company will grant an unpaid full-time leave of absence to an employee, without loss of seniority rights, for the purpose of conducting Union business for a period not to exceed twenty-four (24) months.

7. PARENTAL LEAVE

An employee who has completed the six (6) months probationary period and who is pregnant will be eligible for a parental leave without pay and without loss of seniority, not to exceed six (6) months, including the period of paid disability, vacation and unpaid leave (unpaid leave cannot exceed three (3) months) and upon return to work shall be restored to the previous position or a similar position with the same status as of the date of leave unless operating conditions occur during the absence which affect the employee's seniority status.

An employee, who is not eligible for parental leave referenced in paragraph one but who has completed three (3) months of service, may be eligible for parental leave, per Massachusetts law, for up to eight weeks of unpaid leave for the purpose of giving birth or for the placement of a child under the age of 18 (or under the age of 23 if the child is mentally or physically disabled) for adoption. The employee is required to provide at least two (2) weeks' notice of his anticipated departure, or as soon as practicable if the delay is beyond his control and state his intent to return to work.

Health and life insurance shall be continued for up to six (6) months for each maternity leave granted. However, the employee must continue to contribute toward the cost of any benefit plans that require employee contributions during the leave of absence.

Holidays occurring within any disability period are paid under the disability provision of the Labor Agreement.

Holidays occurring within any unpaid leave of absence shall not be paid.

If an employee has medical complications, the paid leave period provided under Article XII (Personal Security) shall apply in accordance with applicable laws.

VI. WAGES

Any increase in salary agreed to by the parties will be effective January 1, 2021. The parties further agree that, on or before the second pay day in 2021, each Springfield Employee employed as of that date will be paid a lump sum bonus equal to the percentage increase that is effective January 1, 2021, multiplied by the total gross earned wages for that employee for the time worked from October 1, 2020 (or the date of hire by the Company, if different) through December 31, 2020 (or the last date on which the Springfield Employees are paid through NiSource's payroll system, if different). In the event any employee terminates employment prior to January 1, 2021, he or she will be paid such lump sum bonus at the same time as stated above, and calculated by multiplying the percentage increase that would have been effective January 1, 2021 by the total gross earned wages of that employee from October 1, 2020 (or the date of hire by the Company, if different) through his or her date of termination.

Effective January 1, 2021, the payday for Springfield Employees will change from Friday to Thursday and will remain weekly.

The parties understand and agree that, for a period of time up to but not to exceed two (2) years from the closing of the Asset Purchase (such two-year anniversary occurring on October 8, 2022), due to payroll and benefits systems transitional

issues, the Company may not be able to process payroll, health and welfare benefits, and/or retirement benefits for the Springfield Employees in accordance with the terms of the September 14, 2020 MOA. Accordingly, the parties to this MOA understand and agree that the Springfield Employees may begin employment with the Company under certain temporary, interim terms and conditions of employment as provided in this paragraph. Such temporary, interim terms and conditions of employment may include the following: (a) health and welfare benefits and retirement benefits will or may be provided by plans that "mirror" all or some of the terms and conditions of certain CMA health and welfare and retirement plans, but that are sponsored and maintained by Eversource Energy Service Company or the Company (the "Mirror Plans"); and (b) payroll services will or may be provided by NiSource Inc. under the payroll practices in effect under the Local 12026 CBAs as of the time of the closing. Notwithstanding the foregoing, the parties understand and agree that the terms and conditions of employment for the Springfield Employees will be as set forth in the September 14, 2020 MOA subsequent to the period described in this paragraph.

1. WAGE LEVELS – SEE APPENDIX B

Grandfathered employees will receive negotiated general wage increases in future collective bargaining agreements.

Effective May 15, 2015, employees shall receive a 2% base increase to their current wage per hour rate.

Effective May 15, 2016, employees shall receive a 2% base increase to their current wage per hour rate.

Effective May 15, 2017, employees shall receive a 2% base increase to their current wage per hour rate.

Effective May 15, 2018, employees shall receive a 2% base increase to their current wage per hour rate.

Effective May 15, 2019, employees shall receive a 2% base increase to their current wage per hour rate.

Effective May 15, 2020, employees shall receive a 3% base increase to their current wage per hour rate.

Effective May 15, 2021, employees shall receive a 3% base increase to their current wage per hour rate.

Effective May 15, 2022, employees shall receive a 3% base increase to their current wage per hour rate.

Effective May 15, 2023, employees shall receive a 3% base increase to their current wage per hour rate.

2. RED CIRCLE RATE EMPLOYEES

Employees whose rate exceeds the maximum for the position that they are working effective May 15, 2004, will be eligible to receive the annual percentage increase in a lump sum until such time as their rate is within the agreed to wage structure. In all situations the employee(s) will be guaranteed to receive an annual increase equal to the agreed to percentage increase.

3. DETERMINATION OF RATE OF PAY

Rate of pay shall be determined by job title.

4. WAGE RANGES

Wage ranges are established for each job classification/wage. A minimum and maximum rate applies to each job.

5. WAGE DETERMINATION

Wage differentials between jobs are based on differences in responsibilities, skills and duties.

In the event a new job is established, or a substantial change is made in the duties of an existing job, the rate for a new or changed job shall be established by the Company, based on its equitable relationship to other jobs.

During the thirty (30) day period immediately proceeding the expected date of the change, the Company shall discuss the appropriate wage rate with the Union. If the Union disagrees, they shall have the right for a period of six (6) months thereafter to appeal the Company's decision through the grievance and arbitration procedure, and the final rate determination shall be paid as of the date the job was filled or changed.

6. WAGE ADMINISTRATION

The Company established job classifications and the combination of duties that make up a job classification also determined whether or not a classification shall be filled and how many individuals are required in a classification at any time.

Individuals within a classification are required to perform all duties included in the classification.

To be eligible for promotion, employees bidding for posted openings must meet the minimum qualifications established for the job.

7. WAGE PROGRESSION

Progression to the job maximum rate shall be in intervals of no longer than a maximum of six (6) month service steps from the date of entry into the job.

8. BIDS BETWEEN JOBS

a. To a Higher Job Title/Wage

An employee who bids to a job in a higher job title/wage shall be paid the minimum for the job or the step rate next above their present rate, whichever is higher, and continue the established progression for the new job/title.

b. The Same Job Title/Wage

An employee who bids to a job in the same job title/wage shall be paid their present rate and continue the established progression, if any, to the maximum job rate.

c. To a Lower Job Title/Wage

An employee who bids to a job in a lower job title/wage shall receive the step rate nearest their present rate but not to exceed the maximum job rate for the new job and continue the established progression, if any, for the new job.

d. Crediting of prior transfer time

The crediting of prior temporary transfer time in a particular job classification will be credited to employees for pay purposes when they are successful bidders to that same classification at a future date, as follows:

1. Such temporary transfer time must have occurred within three (3) years of the date of the successful job bid and such temporary transfer time must have been for a minimum of thirty (30) consecutive days or for a total of ninety (90) intermittent days in a calendar year.

2. Employees will be individually responsible for tracking their temporary transfer time and for providing such documentation to the Company in order to receive credit under the provisions of this agreement when they are successful bidders to a particular job classification. The Company will supply employees with tracking calendars at their request.

3. Time spent in a temporary transfer is not to be used as a determining factor in the awarding of a job to a job bidder.

9. TEMPORARY TRANSFERS

The parties agree to meet and discuss a review of the purpose and use of the temporary transfer policy.

An employee who is temporarily transferred to a job in a higher job title/wage shall be paid the minimum for the job or the step rate next above their present rate, whichever is higher. An employee who is temporarily transferred to a job in the same job title/wage shall be paid their present rate and continue the established progression, if any, to the maximum job rate. An employee who is temporarily transferred to a job in a lower job title/wage shall continue to receive their regular rate of pay and continue the established progression. However, this shall not apply where employees are learning the duties of the new job. If, however, the employee has held the position before and was at the rate maximum, the employee would receive the maximum rate. If the employee has been transferred to the job in the past, they would receive credit for the time spent on said transfer and the paid progression rate would apply.

Whenever practical, qualified volunteers by seniority will be utilized for temporary transfers, however, if there are no qualified volunteers, the Company will assign the least senior qualified employees.

Involuntary transfers from one job classification to another shall not exceed sixty (60) consecutive work days or ninety (90) work days in a calendar year. However, excluded from the sixty (60) and ninety (90) day totals are transfers:

1. From Billing to Service; or
2. Transfers to avoid a layoff; or
3. Transfers to fill in for an employee who is absent.

For purposes of this provision any transfer of two (2) or more hours duration will constitute a full working day. Employees will be individually responsible for tracking their temporary transfer time and for providing such documentation to the Company. The Company will supply employees with tracking calendars at their request.

VII. ALLOWANCES

1. OVERTIME RATE

The parties agree to meet and discuss a review of clerical overtime.

12004/Group B→

An employee shall be credited with overtime for all work in excess of eight (8) hours worked in any one (1) day except where employees requests and it is agreed to schedule two (2) shifts in one (1) day (departmental payroll day) in order for the employee to obtain more consecutive or convenient time off, or in excess of forty (40) hours in any one (1) payroll week at one and one-half times his base wage rate.

Employees covered by this Agreement shall receive pay at time and one-half their base wage rate for all work that does not occur within their regularly scheduled work day or work week (except whenever the opportunity is offered employees to make up their forty (40) hour week, after having lost work due to conditions beyond the Company's control, such time shall be paid for at the straight time rate).

An employee who is required to work on the 2nd day of relief in any consecutive 7-day period and having worked one hour of his 1st day of relief and all of his scheduled hours during such period shall be paid double time his regular base rate of pay for hours worked on said 2nd day of relief. An employee who has earned premium in accordance with this provision will not be entitled to another such premium until he has again qualified for it, on the basis of work performed in another 7-day period.

369/Group A →

Overtime compensation and premium rates shall be paid to employees subject to this Agreement in accordance with the following rules:

a. Each employee's overtime rate shall be one and one half (1 1/2) times his/her regular hourly rate.

b. Except as otherwise provided in this Agreement, an employee shall be paid a premium rate which shall be his/her overtime rate for all hours worked outside the hours established by schedules posted in accordance with the provisions of Article V. of this Agreement as his/her basic normal or regular work day and work week, and no other extra compensation shall be paid for hours so worked. An employee shall not be paid the premium rate for more than forty (40) hours in any posted period when the work outside his/her posted schedule was due to a change in his/her schedule or shift or days of relief after the schedule was posted. The following shall not constitute work outside an employee's basic normal or regular work day or workweek:

i. A change of forty-five (45) minutes or less of the time for starting and ending one or more work days from the times posted in the applicable work schedule.

ii. Hours worked in lieu of posted hours at the request of, or to suit the convenience of, the employee.

iii. A change in hours of work incident to a permanent promotion of the employee.

Any employee who, in any seven (7) day period, works his/her second scheduled day off, having worked at least six (6) hours or having been called in to work any hours on his/her first day off and all of his/her scheduled hours in said period, shall receive a premium (which includes his/her overtime pay) equal to his/her regular hourly rate for any hours worked on his/her second day off. If, during such scheduled hours of work, such employee is entitled to a paid rest period or is not required to work on a scheduled holiday, these rest period and holiday hours are to be considered as worked for the purpose of this paragraph. An employee who has earned a premium in accordance with this paragraph will not be entitled to another premium until he/she has again qualified for it on the basis of work performed after the period for which the premium was earned.

Cancellation Penalty

Whenever notice has been given for overtime work and the work which has been assigned is cancelled the employee must receive at least 12 hours notice of such cancellation prior to the start of overtime work or receive a premium (cancellation penalty), unless told before leaving work for the day.

Premium is 2 pay hours.

2. OVERTIME DISTRIBUTION - See Appendix A – Overtime Distribution MOA

It is recognized by both the Company and the Union that the needs of a public utility operation may require overtime work and that the work involved must be accomplished by qualified employees. The amount of overtime and the schedule for working such overtime will be established by the Company. The Company, in scheduling in-classification overtime work, will distribute such overtime work in accordance with the overtime list(s), to employees in-classification who are qualified to perform the work available.

a. Overtime will be distributed on a rotating basis, based on an in-department, in-classification bargaining unit seniority list to regular full-time employees within job classifications.

b. The overtime list and the list for holiday overtime will be updated and posted weekly.

c. Employees who refuse overtime opportunity will not be offered overtime again until all other employees on the overtime list, in rotation, have been offered such overtime opportunity.

If overtime is still available after following the procedure above for in-classification overtime, the Company will attempt to use qualified volunteers out of classification before requiring the junior employees in-classification to work such overtime.

3. RECALL TO WORK, TRAVEL TIME, AND EARLY CALL IN

12004/Group B →

a. Recall to Work

A recall to work occurs during non-scheduled hours when an employee is called back to work and is released before his/her next scheduled work hours.

If an employee is "Recalled to Work" during non-scheduled hours, such work time plus an allowance of travel time shall be paid as overtime. In no case shall this total be less than five (5) hours.

b. Travel Time

Travel time is one (1) hour's pay, allowed to cover coming to and going from work, and applies only to "Recall to Work". One half (1/2) hour's pay will be paid as travel time on an "Early Call in".

c. Early Call In

An early call in occurs when an employee is called in before his/her regular scheduled shift and continues working into that shift. "Early call in" will be paid at the overtime rate for time worked prior to regular starting time.

369/Group A →

a. Recall to Work

When an employee is called in to work overtime which is not continuous with other hours worked, his/her compensation for the overtime, including any pay for travel time, shall not be less than his/her overtime rate for four (4) hours.

b. Travel Time

a. An employee required to work overtime shall be allowed and compensated for forty (40) minutes overtime at the overtime rate specified in 369 Group A, paragraph 1 of this article, hereinafter called "travel time", when obliged to travel to or from work, subject to the provisions in subdivisions (b), (c) and (d) of this paragraph.

b. When called to work overtime that does not immediately precede or follow posted work hours, an employee shall be entitled to travel time both ways.

c. Whenever overtime work immediately precedes posted work hours and begins between the hours of 11:30 p.m. and 6:30 a.m. or whenever overtime work immediately follows posted work hours and ends between the hours of 11:30 p.m. and 6:30 a.m., an employee shall be entitled to travel time one way.

d. (1) When an employee, having received not less than forty (40) hours' prior notice, is required to start work at his/her "scheduled starting time" on his/her scheduled day off and to work all or part of his/her "scheduled hours", he/she shall not receive any travel time.

(2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive travel time in accordance with subparagraph (c) of this paragraph.

(3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.

(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.

(5) The terms "scheduled starting time" and "scheduled hours", as used in subparagraph (d) of this paragraph, shall be construed to mean the same hours and starting time for which the employee is scheduled on a regularly scheduled work day. When an employee is scheduled on "relief", the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

4. SHIFT WORK DIFFERENTIAL AND PREMIUMS

12004/Group B →

1. Shift differential or premium pay shall be in addition to the affected job classification base rates and shall be payable for regularly scheduled rotating shift jobs whenever and for such periods, other than "day" shift, as scheduled and shall be figured at the rate of two dollars and forty-five cents **($2.45)** per hours worked during **"afternoon"** shift and two dollars and forty-five cents **($2.45)** per hours worked during **"night"** shift.

2. Such pay shall not apply under the following policies: sickness, accident, vacation, holiday, leave of absence.

3. "Day", "afternoon", and "night" shifts shall be defined as follows:

   (a) "Day" shifts shall include all shifts scheduled to start between 7:00 a.m. and 9:00 a.m.

   (b) "Afternoon" shifts shall include all shifts scheduled to start between 12:00 p.m. and 5:00 p.m.

   (c) "Night" shifts shall include all shifts scheduled to start between 10:00 p.m. and 12:00 a.m.

4. If an employee is not entitled to a shift differential during his REGULARLY SCHEDULED hours, he will not receive a shift differential during overtime hours.

5. If an employee works into a shift preceding a succeeding his regularly scheduled shift, he will carry the premium or shift differential (if any) which corresponds with his regularly scheduled shift. This premium or shift differential (if payable) shall on overtime hours be multiplied by one and one-half. The past practice regarding shift differential on overtime worked on days of relief will continue.

6. Seniority within the department roster will be the determining factor in the assignment of shifts. The junior individuals will be required to work the shifts not volunteered for by the senior individuals. All voluntary shifts will be on a permanent basis. An individual who volunteers to work a permanent shift will only be permitted to change said shift if another individual volunteers to take that shift on a permanent basis after posting within the affected department report area, or it shall be assigned to an individual who was not in the roster at the time it was accepted on a permanent basis.

369/Group A →

"Night Work" premiums shall be paid as follows:

a. A premium of two dollars and five cents **($2.05)** per hour will be paid for hours worked on posted schedules starting after 1:59 P.M. and before 10:00 P.M.

b. A premium of two dollars and five cents **($2.05)** per hour will be paid for hours worked on posted schedules starting after 9:59 P.M. and before 6:00 A.M.

All such shift differentials for Group A and Group B shall be increased as follows:

Increased by $.10, effective August 16, 2021;
Increased by $.10, effective May 15, 2022;
Increased by $.10, effective May 15, 2023

The final rate is $2.05 for Group A and $2.45 for Group B

5. SUNDAY PREMIUM

12004/Group B →

A premium of 35% will apply to all regularly scheduled hours of work on scheduled shifts, the majority portion of which shifts falls between 12 midnight Saturday and 12 Midnight Sunday. This premium applies to basic hourly wage rates only, it being understood that the payment of such premium is limited to straight time worked.

369/Group A →

An employee scheduled to work on a Sunday shall be paid, in addition to his/her regular hourly rate, a premium of thirty-five percent (35%) of his/her regular hourly rate for each scheduled hour worked on a Sunday.

No Sunday premium is paid for unscheduled hours.

6. MEAL ALLOWANCE

12004/Group B →

1. If the employee is required to work ten (10) consecutive hours or more, he shall receive a meal reimbursement not to exceed ten dollars and fifty cents ($10.50). If the employee continues working beyond the tenth hour, he shall receive an additional meal reimbursement not to exceed ten dollars and fifty cents ($ $10.50) to be paid for each additional four (4) hours of continuous overtime work thereafter.

2. If the employee is recalled to work and is required to work four (4) or more hours, he shall receive a meal reimbursement not to exceed ten dollars and fifty cents ($10.50).

3. It is agreed that this section does not apply where employees work overtime through courtesy to fellow employees.

369/Group A →
2.

a. An employee required to work two (2) hours overtime continuous with the expiration of his/her regularly scheduled work day shall be furnished with a meal or a meal allowance not to exceed nine dollars and seventy-five cents ($ $9.75) per meal and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work.

b. An employee required to work two (2) hours or more overtime immediately preceding his/her regularly scheduled work hours shall be furnished with a meal or a meal allowance not to exceed nine dollars and seventy-five cents ($ 9.75) per meal two (2) hours after such overtime starts and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work.

c. Employees, who are entitled to the premium for work in excess of sixteen (16) hours provided in paragraph 1, 369 Group A of Article VII., 11. Rest Time, shall receive a meal or meal allowance every fifth hour of work, to be computed from the time of the next preceding meal or meal allowance without regard to whether such work is of continuous duration, until released from work for at least an eight (8) hour rest period.

d. Employees required to work overtime who continue into their regularly scheduled hours outdoors, but normally would not have been required to work outdoors due to weather conditions, shall continue to receive a meal or meal allowance every five (5) hours until released from such outdoor work.

e. Employees called in for overtime work which does not immediately precede or follow regular scheduled hours shall receive a meal or meal allowance not to exceed nine dollars and seventy-five cents ($9.75) after each five (5) hours of such overtime work.

f. Employees entitled to a meal or meal allowance under this paragraph 2. who are allowed time off to eat such meal shall be paid for only one half (1/2) hour of such time off. All employees so entitled will be given time off to eat such meal except:

(1) In cases where conditions exist which are hazardous to the general public, customer and Company equipment; and

(2) In cases involving employees, such as station operating personnel, who normally eat their meals on the job and for whom there is no relief available. However, when relief is available for such station operating personnel, these employees shall be allowed time off for meals but such time off shall be limited to one such period between the overtime work and their regular scheduled tour of duty.

g. (1) When an employee is notified prior to the conclusion of his/her scheduled work day and he/she is required to start work at his/her "scheduled starting time" on his/her scheduled day off and to work all or any part of his/her "scheduled hours", he/she shall not receive any meal or meal allowance during said "scheduled hours".

(2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive meals or meal allowances in accordance with paragraph 2(a).

(3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive meals or meal allowances in accordance with paragraph 2(e).

(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive meals or a meal allowance in accordance with paragraph 2(e).

(5) The terms "scheduled hours" and "scheduled starting time" as used in paragraph (g) shall be construed to mean the same hours and starting time for which the employee is scheduled on a regular scheduled work day. When an employee is scheduled on "relief," the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

All such meal allowances for Group A and Group B shall be increased as follows:

Meal allowance increased by $.25, effective August 16, 2021;
Meal allowance increased by $.25, effective May 15, 2022;
Meal allowance increased by $.25, effective May 15, 2023.

The final rate is $9.75 for Group A and $10.50 for Group B

7. BI-LINGUAL PAY

Bi-Lingual Pay of $1.00 per hour shall be paid only to Customer Service Representatives in accordance with the job duty specifications of a Customer Service Representative

8. BEREAVEMENT

Effective January 1, 2021, when a death in the immediate family occurs, an employee will be allowed time off, paid for at straight time rates, to attend to the necessary funeral arrangements up to a total of three (3) consecutive calendar days, if such days fall within his or her regularly scheduled work week. In special cases when a fourth day is required, it may be allowed at the discretion of the area manager or his delegate. In no case shall time off extend beyond the next scheduled workday after the funeral.

“Immediate family” means spouse, son, daughter, mother or father, sister or brother of the employee affected. In special cases, a relative with whom one lives in the same household may be allowed as in the immediate family at the discretion of the Area Manager or his delegate.

In the event of a death of an employee’s mother-in-law or father-in-law, an employee will be allowed time off for at straight time rates to attend to the necessary funeral arrangements to a total of three (3) consecutive calendar days, if such days fall within his or her regularly scheduled work week, but in no case to extend beyond the day of the funeral.

In the event of the death of a grandparents, aunt, uncle, brother-in-law, sister-in-law, stepchild, stepparent or grandchild, and if the day of the funeral falls on the employee’s regular scheduled workday, the employee will be allowed that day off at straight time rates if the employee attends the funeral.

If a holiday occurs as one of the days in this funeral policy, holiday allowance only will be paid for that day in accordance with the regular holiday policy.

The foregoing policy will not operate to extend any Paid Leave Policy except if a death should occur during an employee’s vacation, the provisions and practices of this section shall apply, and the employee shall receive, if so requested, a reassignment of those vacation days that were committed to the necessary funeral services and arrangements.

In the event of a death of a spouse or child, the company will entertain requests for additional time off, and such requests must be directed to Labor Relations.

9. JURY DUTY

When serving jury duty, during working hours, an employee will receive straight time base compensation and will retain all fees and expenses for such duty. Part-time employees will be compensated based on their normally scheduled work hours.

During the period of jury service, an employee will be deemed to be on a Monday through Friday work schedule. Employees who are excused from jury service before noon shall return to work for the remainder of that day.

10. MILITARY SERVICE

An employee who enlists, is drafted, or ordered into Active Duty, or an employee who is required to perform Annual Training Duty shall receive the difference between the employee's military service pay, exclusive of any remuneration from the government for travel, uniforms, rent, subsistence, etc., and the employee's company base pay computed in accordance with the Company's ordinary payroll practices.

Allowances shall be made for an employee on Active Duty up to 180 calendar days. Persons on Active Duty due to the War on Terrorism, including the military engagements in Afghanistan and Iraq may be permitted to exceed the limit of 180 calendar days. Allowance shall be made for an employee on annual training duty only for fifteen workdays in any calendar year.

Payment for annual duty training shall be made upon the employee's return to work and upon receipt of a certificate from the proper military officer showing the amount received while engaged in such military duties. In the event of active duty for a crisis, the offset for pay will begin at the time the military leave orders are confirmed, received by payroll, and the employee commences leave. Company base pay for any employee will be determined as of the last day of active employment with the Company, at the employee's regular classification prior to commencement of the leave of absence.

If an employee who is required to report for weekend duty training is situated on a shift which includes Saturday and/or Sunday, the Company agrees to temporarily alter the employee's schedule to accommodate their required military training.

The parties agree that the Company Policy on Military Leave of Absence will be adhered to for the applicable Bargaining Unit reservists. See Federal guidelines.

11. REST TIME

12004/Group B→

1. If an employee is required to work sixteen or more consecutive hours, he will be allowed a period of nine hours off before returning to work unless an emergency arise which makes it necessary for the Company to call him back to work before the expiration of the nine-hour period. Any part of the nine-hour period, which extends into the employee's normal work schedule will be paid for at basic straight time rates. If such paid time shall carry the employee to within two (2) hours of the end of his normal work schedule, he shall be excused without loss of pay from his normal work schedule. Time allowed off for meals will not prevent the hours worked from being considered consecutive.

2. If an employee continues to work for more than twenty-four (24) consecutive hours, he will receive the appropriate overtime rate for all consecutive hours worked after the original shift has been worked.

369/Group A→

1. In a twenty-four (24) hour period in which there has been no rest period of at least eight (8) continuous hours, an employee who has worked sixteen (16) hours or more shall receive, in addition to his/her regular rate, an overtime premium equal to his/her regular hourly rate for such hours worked in excess of sixteen (16) hours, and he/she shall continue to receive said premium until his/her release from such work for at least an eight (8) hour rest period. He/she shall be entitled, when released from such work, to a rest period of eight (8) hours without pay before returning to work; provided, however, that if the rest period extends into his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for that regularly scheduled period without loss of pay, and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. The provisions of this subparagraph shall not apply to an employee who is scheduled to work sixteen (16) hours in the twenty-four (24) hour period.

2. In the case of an employee who has worked eighteen (18) hours or more in any twenty-four (24) hour period, he/she shall be entitled, when released from such work, to a rest period of ten (10) continuous hours without pay before returning to work provided, however, that if the rest period extends into his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for the regularly scheduled period without loss of pay and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. This paragraph shall not be applied in a manner to defeat the intent for which the Article was written.

12. REST TIME - SHIFT CHANGE

The Company's normal practice is to arrange work schedules so that each workday is separated by at least eight (8) hours. When this is not possible, employees will have the option on the second day of:

1. Working the normal schedule or
2. Working an eight (8) hour shift beginning eight (8) hours after the conclusion of day one or
3. Beginning work eight (8) hours after the conclusion of day one and concluding at the employee's normal shift end.

If the third option is selected, the employee will be paid for hours worked.

During the period November 1 through March 15, only options #1 and #2 above apply in the Call Center.

13. MILEAGE REIMBURSEMENT

When an employee uses his/her personal vehicle on Company business related to travel, mileage will be reimbursed at the current IRS per mile rate. When being reimbursed for mileage the employee is not eligible for reimbursement for the gasoline or other operating expenses. Tolls and parking fees incurred while on business travel are reimbursable expenses.

14. SMART PHONES

Company-provided iPhone smart phones assigned to employees – Effective upon hire, and only in the event that the iPhone smart phones currently assigned to (as of September 14, 2020) and used by the Springfield Employees are included in the CMA assets purchased by the Company, the ownership of each iPhone smart phone will be transferred by the Company to the employee to whom it is assigned, the service plan for each such iPhone will be cancelled by the Company, and the employee will be responsible for procuring a service plan and paying the monthly service plan fees if he or she wishes to continue using the iPhone. Each such employee will thereafter be eligible for monthly reimbursement in the amount of $75.00 under the Company’s Smart Phone Reimbursement policy for each month through June 2, 2021. Prior to June 2, 2021, the Company will review the cell phone use of its workforce and determine which, if any, employees require a smart phone in order to perform their job duties. Effective June 2, 2021, the Company will cease reimbursements to any employees who the Company has determined do not so require a smart phone.

VIII. VACATIONS

1. VACATION ELIGIBILITY

Effective on the date of hire, and assuming such date of hire is prior to January 1, 2021, each Springfield Employee will receive five (5) days of vacation to be used with management approval by December 31, 2020, and which may not be carried over to 2021.

Effective January 1, 2021, the Company's vacation plan will apply to each Springfield Employee. However, in no event will any CMA employee lose any annual vacation allowance for which they had become eligible pursuant to the current CMA vacation allowance schedule (this provision does not apply to "splash weeks", which will not be provided to any employee at any time). Springfield Employees will be eligible for unpaid time off, if needed, for previously approved vacations that fall between their date of hire and December 31, 2020.

Regular employees continuously employed by the Company, who meet the service requirements indicated below by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay as follows:

SERVICE REQUIRED	VACATION IN THE ANNIVERSARY YEAR
Less than 1 year:	
Start date:	
01/01 - 03/31	15 days
04/01 - 06/30	10 days
07/01 - 09/30	5 days
10/01 - 12/31	0 days
1 year but less than 10 years	15 days
10 years but less than 20 years	20 days
20+ years	25 days

In the event an employee is called for Jury Duty during part or all of his/her vacation time, he/she shall receive extra vacation days equivalent to the number of days during their vacation for which they qualified for Jury Duty.

2. SELECTION AND LIMITATIONS

Vacations shall, as far as is practicable, be granted during the normal vacation period at the time selected by the respective employee with selection up to the first two (2) weeks to be by seniority. After each employee has had an opportunity to select their first two (2) weeks, each employee may then select any remaining vacation by seniority. If an employee requests part of their annual vacation other than during the normal vacation period, the Company will make every effort to comply provided their absence during that period will not unduly disrupt the

Company's operations, but the final allotment of vacation periods shall be exclusively reserved to the Company.

An employee may elect to defer a maximum of two (2) weeks to the following year's vacation time earned in excess of two (2) weeks. The taking of deferred vacation shall be granted when there are no conflicts and no adverse effects on operations. Employees who elect to defer vacation time should advise their Supervisor prior to September 1 of the year the vacation is due. The final year to defer vacation will be calendar year 2023 and all deferred weeks must be used in calendar year 2024.

Subject to operating requirements, the current practice of permitting employees to take vacation time in one (1) day and half (1/2) day increments will be continued for up to a maximum of two (2) weeks of eligible vacation time.

Vacation pay shall be based on forty (40) hours at the employee's straight time hourly rate, excluding shift or Sunday allowances for an employee who is and has regularly been assigned to a second or third shift or Sunday work schedule.

When a holiday occurs during an employee's vacation, he/she will be granted an additional day of vacation at a time mutually convenient to the Company and the employee.

12004/Group B →

In the event of a holiday falling within a vacation period, an employee shall have the option of receiving pay for the holiday in addition to his regular vacation pay or be given an additional day off with pay.

369/Group A →

If during such employee's vacation period, a holiday recognized by the Company under Article IX. occurs, he/she shall receive a day's pay as provided in said Article IX. in addition to his/her vacation pay, however, that at the option of the Company, the employee may elect to take the holiday as an additional day off concurrently with him/her vacation period in lieu of the day's pay.

Vacation earned within a calendar year and not taken will be paid to the employee upon termination and the beginning of a layoff or extended leave of absence or to the employee's surviving spouse or dependent. The Union may request once annually to meet with the Company to discuss vacation scheduling.

Vacation guidelines are as follows:

1. Start a Waiting List by "sign up date". (1st come 1st serve).
2. Once second round of vacation bidding has been completed, and "IF" you have bid "All" of your eligible vacation time, you will be required to give up the same number of vacation day(s) that you are changing. This also applies if you take FMLA time and use as vacation pay.
3. Two (2) business days notice to cancel any vacation day(s).
4. If you show up to work on a scheduled vacation day that you did not cancel two (2) business days in advance, you will be required to take that vacation day as scheduled.

3. ACCIDENT, ILLNESS OR DISABILITY

Employees on accident, illness or disability who have lost time will continue to accrue vacation as an active employee for up to 26 weeks as defined in Article VIII, Section 2.

IX. HOLIDAYS

1. HOLIDAYS OBSERVED

Each Springfield Employee will receive 10 holidays annually, as follows: The following days shall be recognized as holidays on the day which they are observed in Massachusetts, or in the case where the holiday falls on a weekend, it will be observed on Friday if the holiday falls on Saturday and Monday if the holiday falls on a Sunday.

New Year's Day	Labor Day
Martin Luther King Jr. Day	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Each Springfield Employee will also receive two floating holidays per year. Springfield Employees will follow the Company's holiday schedule beginning on their first day of employment with the Company.

However, until January 1, 2021, the holiday pay practices set forth in the Local 12026 CBAs, as applicable, and/or the holiday pay practices followed at CMA immediately prior to closing of the Asset Purchase, will be in effect. For the period from closing to December 31, 2020, each Springfield Employee will receive two floating holidays, to be used with management approval, and which will not carry over to 2021.

2. HOURS

For purposes of this Agreement, a holiday shall commence at 12:01 a.m. on the day of the holiday and continue for twenty-four (24) hours.

3. ELIGIBILITY

To be eligible for holiday pay, an employee, unless otherwise excused by his or her supervisor, must have worked their full regularly scheduled shift the day before and the day after the holiday.

Any employee who would otherwise be entitled to the benefits of this section shall not lose such benefits if the employee is absent from work for any of the following reasons:

1. Injury sustained in the course of employment with the Company which occurs within a seven (7) day period before or after the holiday;
2. Bereavement;
3. Jury Duty;
4. On an approved leave. However, no employee shall be eligible for holiday pay if such employee has not worked within a seven (7) day period before or after the holiday;
5. The Employee is absent as a Union delegate or on Union Business with the approval of the Company.

12004/Group B →

With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth above if such employee is not receiving pay for the payroll week in which the holiday occurs.

369/Group A →

If, during any period which includes his/her scheduled work periods immediately before and after a holiday, an employee is on leave of absence, is absent on sick leave or is without pay, he/she will not be paid or receive time off for scheduled time not worked on the holiday**.**

4. ALLOWANCES

All employees to whom this Agreement applies, shall be paid eight (8) hours of pay at their regular straight time rate for the ten (10) holidays listed above when such holiday falls within their regularly scheduled workweek and no work is performed on the holiday. Such hours shall accumulate toward weekly overtime.

Shift allowances shall not apply under the following policies: sickness, accident, vacation, holiday, leaves of absence.

12004/Group B →

1. If any employee is required to work on a floating holiday which had been scheduled and approved, said employee shall have the option of being paid according to Article IX, Section 3a, or paid at straight time and reschedule the floating holiday.

   If the holiday cannot be rescheduled within the year for which it applies, the employee must schedule it within sixty (60) days from the first day of the following year or it will be forfeited.

2. If an employee is not required to work on the holiday, said employee shall be paid a holiday allowance equivalent to eight (8) hours pay at his regular base rate of pay.

3. a) If an employee is required to work on a holiday, he shall receive time and one-half for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   b) In a week in which one of the holidays listed in 1. above is observed, if prior to the holiday it was understood that the employee would not be required to work on such holiday but he is notified on the holiday that work will be required that day, he will be paid a minimum of five (5) hours, at the applicable rate provided in paragraph (a) above, for his work on such holiday, plus the Holiday Allowance referred to in paragraph 2.

   c) If an employee is required to work on Christmas Day, he shall receive double time (2) for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours, he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   d) In the event of a call into work on Christmas Day, the employee will be paid two (2) times their hourly rate for all hours worked.

   * If the Company observes Christmas on the day before or the day after December 25th, employees who work on the observed day will receive regular overtime rate of one and one-half (1 ½) .

4. With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth above if such employee is not receiving pay for the payroll week in which the holiday occurs.

369 /Group B→

1. Insofar as practicable, employees will not be required to work on a holiday. In addition to the above holidays, employees are entitled to two (2) floating days annually.

2. If an employee is not required to work on any of the aforementioned holidays which occur while this Agreement is in effect, he/she shall be entitled to a holiday allowance equivalent to eight (8) hours' pay at his/her straight-time rate.

3. Except as provided in paragraphs 5 and 6 of this Article, if an employee is required to work on a holiday which falls on a scheduled work day, he/she shall be paid, in addition to the pay provided in paragraph 2, as follows:

    a. He/she shall be paid a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each scheduled hour worked; however, where the scheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid not less than the amount due for four (4) hours of such work.

    b. He/she shall be paid for each unscheduled hour worked a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked; however, where the unscheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid, if any, not less than the amount due for four (4) hours of such work.

    c. Only the greater of the foregoing minimum pay provisions shall apply to any period of continuous work covering both scheduled and unscheduled hours.

    If an employee is required to work on an approved and scheduled floating day, the floating day will be rescheduled.

4. Except as provided in paragraphs 5 and 6 of this Article, if an employee is required to work on a holiday which falls on his/her scheduled day off, paragraph 2 of this Article shall not apply and hours so worked shall be paid for as follows:

    a. He/she shall be paid his/her regular hourly rate and, in addition, a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each of the first eight (8) hours or less so worked; however, he/she shall be paid not less than the amount due for four (4) hours of such work.

    b. He/she shall be paid his/her regular hourly rate, and in addition a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked in excess of eight (8) hours.

5. An employee required to work on a holiday during hours which are continuous with hours worked on the day preceding or the day following the holiday shall not be entitled to the minimum holiday pay for hours worked stated in paragraphs 3 and 4, however, such employee shall be paid for the hours worked on the holiday in accordance with the otherwise applicable provisions of paragraphs 3 and 4. In no event shall such employee's pay for the entire period worked under the paragraph be less than an amount equal to his/her regular hourly rate for eight (8) non-overtime hours.

6. For the purpose of this Article, it is agreed that a holiday begins at 12:01 a.m. and ends with 12:00 midnight on the day on which it is observed; but, when a posted shift begins or ends on a holiday, all of the hours of the shift shall be considered as worked on the holiday if fifty percent (50%) or more of the hours of the shift, as posted, fall within the holiday; otherwise, all the hours of the shift shall be considered as worked on the day which is not the holiday.

7. Holiday/Floating day (part-time employees).See Article IV., Section 7.

X. OPPORTUNITIES FOR ADVANCEMENT AND RECOGNITION

1. JOB POSTING

When a job is open within the classifications covered by this Agreement, it shall be e-mailed and posted in all departments, as well as e-mailed to the Unit Chair and the Recording Secretary, and shall remain posted for five (5) consecutive workdays with the exception of Saturdays, Sundays and holidays, which shall be excluded in determining the period of posting, but shall not be held to break the continuity thereof.

All bids for job openings shall be in writing, and shall be submitted during the said five (5) day posting period. Such a job bid may be submitted by a Shop Steward on behalf of an employee who is absent because of illness or injury or because they are on vacation, provided that the Shop Steward shall have been requested to do so by such employee. No such absent employee shall be eligible for such job opening unless such employee returns to work within thirty (30) calendar days after they have been notified that they are the successful bidder. The Company and the Union may mutually agree to waive this requirement. The Union will be notified when an employee has accepted a bid via e-mail.

In filling such job opening, seniority as defined elsewhere in this agreement shall be the determining factor, subject to the minimum qualifications and fitness as determined by the Company, on a non-discriminatory basis. The Company agrees to fill all job openings so posted as soon as reasonably practical after the five (5) day posting period, but in any event within fourteen (14) calendar days thereafter. If

there are no bidders or no successful bidders for a job so posted, then the Company may fill the job from any source.

The successful applicant may be returned to their former job by the Company for a valid reason during the six (6) month period on the job or the successful applicant may be returned to their former job for a valid reason at their own request during the above mentioned six (6) month period.

In the event an employee chooses to return to his or her former job or is returned to his or her former job as a result of unsatisfactory performance, such employee shall be disqualified from further bidding for a period of twelve (12) months or for six (6) months if he or she is returned by the Company.

New employees may not bid for the first six (6) months of employment and, regardless of length of service, no employee may make a successful bid more than once every thirteen (13) weeks.

The Company agrees to post one Senior CSA position, as described in the Agreement Between NSTAR Electric Company & NSTAR Gas Company d/b/a Eversource Energy and Utility Workers Union of America, A.F.L. – C.I.O., and Local Union 369, U.W.U.A., A.F.L.- C.I.O. Production and Maintenance and Office-Technical & Professional Unit, dated June 2, 2015, and extended to June 2, 2021 ("the Local 369 CBA"). This position will be filled, by seniority, from the current roster of Outbound Revenue Recovery Rep positions. The remaining CMA representatives will be paid the rates outlined in Attachment A. It is understood and agreed that in the future, the Company is under no obligation to fill the Senior CSA position, and new hires into the Outbound Revenue Recovery Rep classification will be hired into the progression of the then-existing Local 369 Customer Service Associate position.

XI. EMPLOYMENT SECURITY

1. SENIORITY

1. Company Seniority shall be defined as the length of time an employee has been continuously employed by the Company as a regular full time or regular part time employee and shall be used in the computation of any benefits or in the exercise of any seniority rights provided by the provisions set forth in this Agreement.

2. Bargaining Unit Seniority shall be defined as the length of time an employee has been continuously employed in the Bargaining Unit as described under the provisions of this Agreement entitled "Union Recognition".

3. When employees have equal Company seniority, the employment application having the earliest date will have preference.

4. An employee shall lose all seniority and other rights under this Agreement and the employee's relationship to the Company shall be terminated for any of the following reasons:

   (a) Resignation
   (b) Discharge for cause;
   (c) Failure to return to work at the expiration of an approved absence or an approved leave of absence;
   (d) Absence for more then three (3) days without notice to the Company;
   (e) Layoff in accordance with the layoff provisions of this agreement.

2. SENIORITY LIST

The Company will furnish to the Union, quarterly upon request, a unit seniority list. Additionally, the Company will provide on a monthly basis, a list of newly hired bargaining unit employees hired during the month.

3. LAY-OFF

A. The layoff of employees shall be determined by seniority provided they have the demonstrated ability to perform the available work. It is the intention of the layoff procedure to offer continued employment to senior employees.

B. When a layoff occurs, the following procedure will be followed:

Employees in the job title to be curtailed will be polled to determine if any wish to take voluntary layoff. Those volunteering will be laid off. Thereafter, curtailment within the job title will be in inverse order of seniority. Those employees to be laid-off will be offered, in order of seniority, the following options:

Option 1: To bump the junior employee in any job title on any shift provided he or she has successfully performed the job according to the Human Resource records of the Company or is able to meet the requirements of the job following a brief familiarization period under normal supervision.

Option 2: To take any open job, with preference in choosing among open jobs being given in accordance with seniority. “Open job” as used here, includes jobs posted but not bid on and jobs held by probationary employees.

C. Employees exercising Option 2 will be offered the same training offered a successful bidder.

D. Any employee who elects to exercise either Option 1 or Option 2, must exercise such option within 24 hours, excluding weekends and holidays, of notice by the Company of any impending lay-off or job bumping action.

E. If an employee fails to exercise his or her option(s) within the time frame above, such failure to act will be deemed to be a waiver of the right to exercise such option(s) and the Company shall then proceed with the lay-off or bumping procedure by placing the employee in accordance with Options 1 or 2.

F. An employee who exercises his or her right to bump under Option 1 and fails, will be placed on layoff and will have recall rights only to his or her bid job.

G. Any employee bumped in the course of the forgoing procedure will be offered the paragraph “B” options.

H. When decreasing the work force, the Company will give the employees to be indefinitely laid-off at least fourteen (14) calendar days notice unless the employee is absent from work at the time such notice is given.

I. When the employer decides to recall employees from layoff, the employees will be recalled to their bid job from layoff and/or displaced positions then being held by such employee in reverse order of the layoff followed above.

    1. Should an employee in a displaced position refuse recall to his or her last bid job, such refusal will count as a successful bid using the date of such refusal as the date of the successful bid.

    2. Union officer(s) involved in the day to day operations of the collective bargaining unit shall be the last persons to be laid off, transferred or assigned out of the shift or department(s) to which they have been assigned, provided they are qualified to perform the jobs available in each shift or department(s) in accordance with (B) above. This does not preclude, however, the right of the Company to temporarily transfer a union officer to another job classification.

J. Length of continuous service shall be computed from the original dates of hiring unless broken by:

    1. Absence from work for more than three (3) consecutive days without notification to the Employer,

2. Voluntary termination or quitting by the Employee;

3. Discharge for just cause;

4. Layoff for more than two (2) years except employees with less than two (2) years service will be limited to their period of service for purposes of recall rights and continuous service.

5. An employee who has been laid off fails to notify the Company of his or her intent to return to work within three (3) days and who actually fails to return to work no later than the sixth (6) day after being notified to do so by the Employer at the Employee's last address as shown on his or her records at the Human Resource office of the Company;

Employees who are promoted to jobs not covered by this Agreement will continue to hold and accrue seniority for a period of ninety (90) working days.

Employees with recall rights to an open job which is their bid job, will be offered recall before any other employee is considered for such open job. If job openings occur while employees are laid off, employees may apply for such open jobs under the following procedure, provided that there are no employees who hold recall rights to such open job. Employees on lay-off status will be notified of job vacancies to which no employee has prior recall rights.

An employee who refuses recall to his or her former bid position, immediately forfeits any rights to that position.

4. SEVERANCE ALLOWANCE

The Company will pay severance allowance to eligible employees as follows:

a. Regular employees after one (1) year of service shall be given an opportunity to accept a severance allowance of one (1) week's base pay for each full year of continuous service at the time of layoff unless they choose to accept layoff and be eligible for recall. Employees who choose to accept layoff and remain eligible for recall in accordance with Article XI, Section 3 of this agreement, shall remain eligible for tuition reimbursement in accordance with the Company's tuition reimbursement policy during their period of recall.

b. Severance allowance shall be in addition to any earned but unused vacation benefits for which the separated employee is eligible.

Employees shall not be required to accept severance pay at the time of layoff, but shall have the option to accept the severance pay option at any time during their period of recall in accordance with Article XI, Section 3 of this agreement.

Employees who accept severance pay forfeit their recall rights, if any, and must agree to the Company's standard separation and release form. Employees who elect not to accept severance pay shall retain recall and employment rights in accordance with Article XI, Section 3 of this agreement.

The Human Resource Department will be responsible for tuition reimbursement administration for employees on layoff who have recall rights in accordance with Article XI Section 3 of this agreement.

XII. PERSONAL SECURITY

1. DISABILITY

This provision for continuing earnings during periods of personal disability is not intended as an annual entitlement to cover absence for any personal reason, but is solely for the protection of a regular full-time employee temporarily and legitimately disabled and usually under the care of a physician.

Any employee claiming disability benefits may be required to submit to an examination by a physician designated by the Company. Should there be any disagreement between the Company's designated physician and the employee's attending physician, an independent medical exam will be conducted by a third physician, such physician to be mutually acceptable to both parties. Except as provided for in Paragraph 3 of this Section, such physician shall make a final and binding determination of the eligibility of the employee for benefits or continuation of benefits.

An employee whose disability is due directly or indirectly to intoxication or to drugs or narcotics, excluding medication prescribed by a doctor, or to injuries as a result of willful misconduct or horseplay, or to injuries while in the employ of another employer or while working at another job for pay, shall not be entitled to any disability pay or benefits.

If an employee of the Company covered by this Agreement is eligible to receive any benefit under Chapter 90, Section 34A of the Massachusetts General Laws (no fault automobile insurance), such employee shall not be eligible to receive any of the benefits described in this Article, provided that if the benefits said employee would have received under the plan described herein above exceeds the benefits for lost wages which they are eligible to receive under Section 34A, the Company shall pay the difference.

369/Group A →

Employees shall not be entitled to receive time or compensation for vacations or holidays while receiving illness and non-industrial accident disability benefits.

2. OCCUPATIONAL DISABILITY

Payment by the Company to an injured employee absent for disability compensatory under Worker's Compensation Laws shall be limited to the difference between the amount of compensation received and the amount payable to the employee under Section 3. In the event an employee exhausts their 26 weeks of Short-Term Disability, and should they remain on worker's compensation, the employee will continue to receive the off set up to 50 weeks total. New employees hired 1/1/2016, or after, will remain eligible for the short-term disability schedule below and will not receive the additional off-set beyond 26 weeks.

During the life of this Agreement, if any difference shall arise between the employer and the employee as to whether an individual is physically able to return to their regular duties following an occupational injury, such difference shall be resolved as follows:

> The individual shall be examined by a physician appointed for the purpose by the employer and a physician appointed for the purpose by a duly authorized representative of the Union. If the physicians appointed shall disagree concerning whether the individual is physically able to return to their regular duties, the question shall be submitted to a third physician who shall be a specialist as to the impairment or disability directly or indirectly attributable to the occupational injury selected by such two physicians. The medical opinion of the third physician, after examination of the individual and consultation with the other two physicians shall decide the question.

Should the two physicians be unable to agree upon a third physician, then the matter will be referred to the Massachusetts Medical Society for the selection of a third physician who shall be a specialist as above described certified by their respective board who will consider the case and render a decision within two (2) weeks from the date they review the case and their decision will be binding upon the parties.

The fees and expenses of the physicians shall be paid by the employer.

If the decision finally reached as a result of the above or a decision is reached without resorting to the above, to the effect that an employee is unable to perform their regular duties, the Company shall assign such employee to a position which, in the opinion of the Company, they are capable of performing.

Employees who have recovered from an occupational injury and are medically certified (subject to review and appeal to the third doctor as stated above) by the insurance company's doctor as qualified for work will be guaranteed employment with the Company. However, the employment rights of an employee as provided in the Basic Agreement shall not be enlarged, diminished or otherwise affected by reason of this provision.

3. ILLNESS AND NON-OCCUPATIONAL DISABILITY - SHORT TERM DISABILITY AND LONG-TERM DISABILITY – see Attachment B

All employees will be eligible for up to 10 sick days per year at 100 percent of pay for absences from work due to non-occupational illness or injury. Sick days cannot be carried over from one year to the next nor are sick days paid out at termination.

Effective on the date of hire, Springfield Employees will be eligible for non-occupational short-term disability and long-term disability leave and pay as summarized in Attachment B of the Parties' MOA, specifically, in the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short-term disability ("STD") benefits. Disability benefits are payable for up to 25 weeks, for each injury or illness after an employee has been out of work for more than five consecutive work days. The first five consecutive working days of an extended absence is considered an "elimination period". Employees must use available sick time to satisfy the elimination period. Following a period of five consecutive sick days, the next twelve (12) weeks of absence under the STD benefits will be paid at 100 percent of base pay. Up to thirteen (13) additional weeks of STD will be paid at 67 percent of base pay.

Short Term Disability

Employees are covered under Eversource's Short Term Disability Policy day one of employment.

Short Term Disability is a maximum of 26 weeks total per injury/illness:

1. 1-week sick time, if unavailable time is unpaid
2. 12 weeks 100% base pay under STD
3. 13 weeks 67% base pay under STD
4. There is a 45-day appeal period should at any time your STD is denied
5. There is a 6- month re-occurrence (look back) should your medical provider indicate youare out for same condition as previous disability leave

Exclusions to the plan:

- You are not under the care of a licensed health care provider
- Your disability is the result of your participation in a felony, crime, or riot
- Your disability is intentionally self-inflicted
- Your disability is the result of declared or undeclared war or any act of war
- You have any physical or mental condition that cannot be verified by the use of clinical and laboratory diagnostic techniques
- You are retired from Eversource
- You are injured while on active duty in the military

Employees are not allowed to substitute or off set any vacation time to make them whole while out under Eversource's STD Plan.

Eversource pays STD benefits via normal payroll cycles, once approved by vendor.

Regular part-time employees are eligible for a pro-rata benefit consistent with the language contained in Article IV, Section 7, Paragraph (5).

Long Term Disability

Upon exhaustion of STD, an employee who qualifies will move to Long-Term Disability ("LTD"). LTD benefits are payable at 50 percent of base pay. Employees will have the option to buy-up with pre-tax contributions to an LTD benefit of 67 percent of base pay.

All employees who receive an LTD benefit and participate in the Company Employee health and welfare benefit plans will have payments deducted from their LTD check rather than be billed for participation in said benefit plan.

1. Soft transfer from STD over to LTD should you max STD benefit at 26 weeks
2. LTD is a Fully Insured Benefit
3. Employer covers 50%, employee has option to buy up to 67% (upon hire OR at OpenEnrollment Annually)
4. Buy Up Option has exclusion period
5. 180-day appeal period should LTD be closed/denied
6. 6-month re-occurrence (look back) should your medical provider disable you for same condition.

4. HOSPITALIZATION - SURGICAL - MEDICAL BENEFITS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Medical and Prescription Drug, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

Retiree Medical

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Retiree Medical Plan as outlined in Attachment B to this Agreement.

The following provision is for historical reference only and it is understood that the following benefit is provided by NiSource, Eversource has no financial obligations under this provision, and Eversource has no control over the continuance of this benefit under this provision.

A. Employees who elected as part of the October,1992 election to maintain retiree health care will be provided coverage consistent with the current health care plans that are applicable to the active employees. The extent of coverage will be modified at age 65 when the retiree is eligible for Medicare.

B. If the employees who are eligible for the retiree health care provided in (A) above do not retire prior to January 1, 2008, they along with all employees eligible for retiree health care benefits will be provided benefits under the Company's Defined Dollar Contribution Method.

C. Eligible retirees will receive a subsidy based on the following factors – years of service times a pre-determined dollar value, effective November 1, 2011

	Pre-65	Post 65
Retired Employee	$180.00	$60.00
Covered Spouse	$125.00	$40.00

Effective 1/1/2018 Pre-65 Retiree – the retiree subsidy is $190 per year of service. The spouse subsidy is $135 per year of service.

Effective 1/1/2019, the retiree and spouse subsidy will be increased to $225 and $170, respectively, with a combined subsidy of $395.

Effective 1/1/2019 Post-65 Retiree – The retiree subsidy is $65 per year of service. The spouse subsidy is $45 per year of service.

This subsidy will be applied towards the premium cost of the Company's PPO Health Care Plan. Details will be provided during annual enrollment periods.

D. Effective January 1, 2011, current employees entering the plan will be eligible for the retiree medical plan which excludes prescription coverage.

E. Employees hired on or after January 1, 2011, are not eligible for retiree medical coverage.

End of Historical Reference

5. DENTAL (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dental Plans, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

6. LIFE INSURANCE (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Basic Group Life Plan, the Supplemental Life Plan, and Dependent Life Plan, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect. In addition, each regular employee shall be provided life insurance by the Company in an amount equal to two (2) times his base pay.

7. ACCIDENTAL DEATH AND DISMEMBERMENT (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Accidental Death and Dismemberment ("AD&D") Plan as is listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

8. OPTIONAL BENEFITS (See Attachment B)

Effective January 1, 2021, eligible Springfield Employees are their eligible dependents may participate in the Vision Plans, Business Travel Accident Plan, Personal and Family Accident Plan as are listed in the Group Welfare Benefits Plan, a summary of which plans is in Attachment B of the Parties' MOA.

9. PENSION/401(k) (See Attachment B)

As included in the August 20, 2020 MOA between Local 12026 and Eversource:

Effective on the date of hire, with Eversource, Springfield Employees currently participating in a NiSource/CMA Defined Benefit Pension Plan will continue to participate in their current NiSource/CMA Defined Benefit Pension Plan under the same terms and conditions, as the plan will become part of the Eversource Pension Plan.

Effective January 1, 2021, these employees will also be eligible for a Company matching contribution equal to fifty percent (50%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first eight percent (8%) of eligible compensation.

Pension plans as agreed upon between the Union and the Company shall continue for the life of this Agreement and succeeding agreements, subject to such modification as may be mutually agreed upon by the parties hereto.

All covered employees who take normal retirement during the term of this Agreement shall receive a pension benefit as included in the Eversource Pension Plan Document.

The below information is for historical reference only and is governed by the Eversource Pension Plan of which the Bay State Union Pension Plan is part of. If there are any discrepancies, the applicable plan documents will govern.

Effective January 1, 2000, the pension plan formula shall be changed to a final average pay formula. The final average pay pension plan shall be calculated using an average of the highest three (3) years' base pay in the last ten (10) years up to a maximum of Fifty-Thousand Dollars ($50,000) using a multiplier of one and one quarter percent (1.25%) of such final average pay times the years of service up to a maximum of forty five (45) years. Effective January 1, 2008, the pension base pay cap will be changed to Fifty-five thousand dollars - $55,000. A 75% survivor annuity option will be added to the current monthly annuity.

All active employees will be converted from their current Pension Plan into Account Balance II Plan effective 1-1-2013. No Pension supplement post conversion.

Account Balance II Formula:

Age + Service Points
Less than 50 = 4% of Eligible Earnings
50-69 = 5%
70+ = 6%
Additional 1% x pay in excess of ½ Social Security Wage Base
Eligible Earnings – Base pay and performance-based pay (i.e. annual incentive, if applicable)

Effective retroactive to January 1, 2010, an employee is vested after (3) years of service. For vested employees there is a lump-sum option to cash out of the pension plan available at any time when the employee terminates for any reason.

EARLY RETIREMENT

Effective January 1, 2013, the Early Retirement section is no longer in effect.

Employees who have attained age 55 and who have completed 10 or more years of Credited Service, as defined in the plan document for the Pension Plan for Operating Employees of Company, may retire on the first of any month thereafter.

An employee will be entitled to receive an unreduced retirement benefit at age 60 if the employee has at least 25 years of service with the Company. In the event an employee decides to retire prior to age 60, the retirement benefit would be calculated as follows:

(a) If the employee has 25 or more years of service with the Company, the retirement benefit would be reduced by 3/10% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 60.

(b) If the employee has less than 25 years of service, the retirement benefit would be reduced by 3/10ths% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 65.

There is a Social security supplement (bridge) for employees who retire between the ages of sixty (60) and sixty-two (62), payable during that period.

End of Historical Reference

10. K-VANTAGE/401K (See Attachment B)

Effective January 1, 2021, any Springfield Employee hired after January 1, 2011, will be placed in the Company's K-Vantage plan. Each employee's years of service with CMA will be combined with his or her service with the Company for purposes of calculating the Company's contribution to such employee's K-Vantage account.

These employees will also be eligible for a Company matching contribution equal to one hundred percent (100%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first three percent (3%) of eligible compensation.

From the date of hire through December 31, 2020, employees who participate in the NiSource/CMA 401(k) plan will continue to participate under the same terms and conditions as existed during their employment with CMA, except that the plan sponsor will be an Eversource company and the investment choices in the plan will or may be changed.

11. SUBROGATED RIGHTS

Payments made under the provisions of this Article will be reimbursed to the Company to the extent that any amounts recovered on account of the accident or sickness on a claim against a third party exceed Worker's Compensation or any payments required by law.

12. DUPLICATION

Amounts required to be paid by the Company under any law providing benefits similar to the benefits provided for in this Article shall reduce to the extent the amounts the Company shall be required to pay under this Article and appropriate adjustments shall be made in the benefits provided for in this Article to the end of eliminating duplication of benefits under this Article and benefits required by law.

13. MEDICAL RECORDS

In accordance with existing laws, the Union must have a release form signed by the employee before the Company will discuss or release any medical information pertaining to or about any employee.

14. ADOPTION ASSISTANCE / EDUCATION / EMPLOYEE ASSISTANCE (See Attachment B)

Effective January 1, 2021, eligible employees may receive Employee Assistance, Adoption Assistance and Education Benefits, as set forth in those policies, and as summarized in Attachment B of the Parties' MOA. Specifically, the Company will provide for a Company-paid Employee Assistance Program; up to $5,250 annual tuition assistance; and reimbursement of up to $5,000 of eligible adoption expenses.

15. DEPENDENT CARE & HEALTH CARE SPENDING ACCOUNTS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dependent Care Plan, Flexible Spending Account, and Health Savings Accounts, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

XIII. RESTRICTIONS – COMMITMENTS

1. BULLETIN BOARDS

The Company will provide reasonable space on designated bulletin boards for use by the Union. Such Bulletin Board space is to be used for posting notices concerning official Union business such as meetings, elections, appointments, notices of Union social and recreational activities, and other such Union matters. Such notices shall be non-controversial in nature and not adversely affect the best interests of the Company. Union notices shall be signed by a local union official.

2. SUMMER EMPLOYEES

Seniority provisions do not apply to employees classified as “summer employees.” Such employees are hired for a specific period of time at a specific rate and for a specific job for a period of time not to exceed thirteen (13) weeks between May 1st and September 15th for each calendar year for vacation relief. Summer employees may be discharged for any reason without recourse to the grievance and arbitration procedures of this Agreement and do not, as long as they are classified as summer employees, have seniority rights under this Agreement.

Summer employees who perform all aspects of a bargaining unit position shall be paid the entry rate of pay for that position. Summer employees performing work which does not encompass the full duties of a bargaining unit position shall be paid the summer employment rate.

3. CROSS BARGAINING UNIT VACANCIES

Job vacancy postings as may be required by the operational unit collective bargaining agreement, will be posted simultaneously in the clerical bargaining unit. The posting of such vacancies shall not be construed as evidence of a merger of the separate bargaining units into a single, combined unit and clerical bargaining unit employees shall not be eligible to bid on such vacancies.

However, should there be no bidders, or successful bidders in the operational unit for vacancies so posted, clerical bargaining unit employees, who apply for such openings, will be given first and due consideration.

4. BARGAINING UNIT WORK

Supervisors will not perform work customarily performed by the bargaining unit when the performance of such work would result in significant lost work opportunity for qualified bargaining unit members.

5. DRUG TESTING & DOT PHYSICALS

The Company will institute a split sample element to its existing DOT drug testing program.

6. SUCCESSORSHIP

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns and the words “Company” and “Union” respectively shall be construed to include their respective successors and assigns.

7. DRESS CODE

The Company’s dress code policy will be in effect during normal business hours or when the Company is open to the general public. When the Company is not open to the general public, the business casual dress code policy will be extended to include the wearing of “ jeans” provided such jeans are in good repair and free from rips, tears, holes, etc.

XIV. UNION – MANAGEMENT COMMITTEES

1. SAFETY COMMITTEE

There shall be a committee of five (5) Union members selected by the Union who will meet with the General Safety Committee at such time and place as meetings are scheduled to discuss matters pertaining to safety. The members will be designated by the Union. The General Safety Committee will be co-chaired by a member of the union committee and a member of management.

2. GRIEVANCE & NEGOTIATION COMMITTEE

The Union shall elect a five (5) member Union Committee (as stated in the United Steelworkers Local Union election manual). The Company shall deal with the Union Committee in the matter of grievances as provided for in the grievance procedure.

XV. COMPLAINTS AND GRIEVANCES

1. GRIEVANCE PROCEDURES

a. The Company Committee and the Grievance Committee may meet at the request of either party, at a time mutually agreed upon, as required to discuss disputes arising out of this Agreement. The notice of such meetings will contain necessary information on the subject matter of the meeting.

b. During the term of this Agreement, should any dispute arise between the Company and the Union as to the true interpretation and application of this Agreement, there shall be no suspension of work, but the same shall be treated as a grievance and every reasonable effort shall be made to settle such grievance in the following manner, except in the case of a general grievance raised by the Union, in which case the grievance shall be a written one originated by the aggrieved party at Step 3 below:

c. A grievance shall be filed within sixty (60) calendar days of the incident causing it or (60) calendar days when the incident should have been reasonably been known by a member of the Grievance Committee.

The grievance steps shall be as follows:

1. The aggrieved employee(s) and their Steward shall discuss the grievance with the immediate supervisor and attempt to settle the grievance. If the Shop Steward is not available, the employee(s) may be represented by a member of the Grievance Committee. If a satisfactory settlement is not reached within seven (7) calendar days then

2. Within seven (7) calendar days of the time that the grievance was answered at Step 1, the Union Committee shall reduce the grievance to writing on a form mutually agreed to by the Company and the Union and forward the written grievance to the Department Manager or his designate. The Department Manager or their designate shall discuss the grievance with three members of the Grievance Committee (*Union President or his designate, Recording Secretary and appropriate Shop Steward) and shall reply in writing within seven (7) calendar days and if a satisfactory settlement is not reached, then

3. Within seven (7) calendar days of the receipt of the written reply, the grievance shall be referred for settlement to the Vice President of the Company, Union committee and a representative of the International Union or their designated representatives. The Company and the Union shall have fourteen (14) calendar days to resolve the grievance at this step. If the grievance is not resolved at this step in a manner satisfactory to both parties, then the Union has the right and authority to submit the grievance or dispute to arbitration in the manner provided under this Article. The Union must notify

the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to schedule the arbitration within thirty (30) calendar days of the expiration of the aforementioned fourteen (14) day period. If the time limits in the grievance procedure are not observed, a grievance shall be considered waived unless an extension of time is mutually agreed to in writing.

2. ARBITRATION

If a grievance involving the interpretation or application of this Agreement is not satisfactorily resolved in the grievance procedure, the Union may request the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to provide a panel of arbitrators from which the parties will select an arbitrator to hear the grievance. The arbitrator so selected shall have no power to add to, subtract from or otherwise modify the terms of this Agreement. The decision of the arbitrator shall be final and binding on both parties and shall have the same force and effect as a judgement of law. His or her fee and expense shall be shared equally by the parties.

3. UNION REPRESENTATION

An employee, at their request may have a Union Representative of their choice at an interview with the Company where it is possible that a written reprimand, disciplinary suspension, or discharge involving the employee may result.

An employee having a grievance, shall be given a reasonable time to briefly discuss the grievance with the appropriate union representative after first obtaining such permission from their supervisor.

XVI. AGREEMENT

1. TERM OF AGREEMENT

This Agreement shall be effective upon execution and shall continue in full force and effect until midnight May 15, 2024.

Either party may terminate the Agreement by giving notice in writing to the other party at least sixty (60) calendar days prior to the expiration date of the Agreement. Whenever notice to terminate this Agreement as herein provided is given, the parties agree that at least thirty (30) calendar days prior to the expiration date, joint conferences will be held for the purpose of negotiating another agreement.

2. ASSIGNMENT

This Agreement shall be binding upon the parties hereto, their successors and assignees.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

XVII. LETTERS OF UNDERSTANDING

1. ISSUANCE AND REMOVAL OF NON-ATTENDANCE DISCIPLINARY WARNING NOTICES

Verbal warnings and written warnings will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Suspensions will become inactive after two (2) years from the date of violation provided there is no intervening discipline. Intervening discipline within the one (1) or two (2) year periods keeps all prior discipline active until the expiration of the most recently issued disciplinary notice.

Effective the date each Springfield Employee commences employment with the Company, their discipline files will be expunged.

2. ATTENDANCE IMPROVEMENT PROGRAM

The parties agree to meet and discuss a review of the attendance policy.

Full days absent from work, lateness, leaving work early, and failing to report off in a timely manner will be the forms of absenteeism covered by this Policy.

As soon as an employee knows or should know that he or she will be absent, late or have to leave work early, that employee must notify his or her supervisor immediately. Such notice does not excuse the absence, but it will give the supervisor at least some opportunity to have someone else perform the work or otherwise schedule work around the absence. Because such advance notice is important, however, failing to provide such notice, unless it is impossible, will "count" as half (1/2) an incident under this Policy.

Every day of absence from work, regardless of cause or excuse except as stated here, will "count" as one (1) separate incident. One time in a calendar year a single occurrence with consecutive days, supported by sick leave documentation, will be considered as one incident. Not to be counted, however, are days on approved FMLA leave of absence, approved FMLA intermittent leave of absence, jury duty, union business, bereavement, vacation, and holiday.

A lateness occurs whenever an employee reports for work at any time after the employee's scheduled starting time, regardless of whether they are regular, overtime, or premium time (such as holiday work) hours. Lateness will be defined as up to one (1) hour after work start time. Each instance of lateness will "count" as one-half (1/2) incident. Each lateness which exceeds one (1) hour will "count" as one (1) incident.

A leave early occurs whenever an employee leaves work any time before the end of the employee's scheduled ending time. Leave early will be defined as one (1) hour or less before work ending time. Each instance of leave early will "count" as one-half (1/2) incident. Each leave early which exceeds (1) hour will "count" as one (1) incident.

Incidents:	2 incidents	Consultation
	3 incidents	Documented Verbal Warning
	4 incidents	Final Written Warning
	5 incidents	1 Day Suspension
	6 incidents	Employment Termination

All incidents remain active for a rolling twelve (12) month period.

Termination of Employment

Termination of employment will occur when an employee accumulates six (6) incidents within a rolling twelve (12) month period.

Job Abandonment

Any employee who fails to report to work and fails to provide notice of such absence to a Company supervisor for a period of three (3) consecutive workdays shall be considered to have voluntarily abandoned his or her position. In addition, an employee who fails to return to work after the expiration of a leave-of-absence will be considered to have voluntarily abandoned his or her position.

Medical Certification

Any employee who is currently in the Attendance Improvement Program and has a documented verbal warning will be required to furnish a doctor's/medical certificate to verify any future illness or injury. In addition, any employee in any disciplinary step that calls off sick prior to or after a vacation day will be required to furnish a doctor's/medical certificate to verify illness or injury. Upon return to work the employee will provide to his or her supervisor a doctor's/medical certificate. Failure to provide this information within five (5) days of returning to work will "count" as one (1) additional incident unless the employee proves that timely compliance was impossible.

This Policy is agreed upon by the undersigned Company and Union this 14th day of May, 2010.

3. ISSUANCE AND REMOVAL OF ATTENDANCE WARNING NOTICES

Verbal warnings, written warnings, and suspensions will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Intervening discipline within the one (1) year period keeps all prior discipline active.

4. MEDICAL AND PERSONAL LEAVE OF ABSENCE POLICY

A. PURPOSE:

The purpose of this policy is to specify medical and personal leave-of-absence provisions which employees may be entitled to based on their length of continuous service with the Company. Medical leaves are available in accordance with this policy for the employee's own serious health condition which renders the employee unable to perform the essential functions of his or her job.

B. SCOPE:

This policy extends to Local 12026

C. POLICY & PRACTICE:

Industrial Accident Leave

Employees who are absent from work due to a work-related injury should contact HRCONNECT.

Non-Work-Related Medical Leave

Employees who are absent from work because of personal injury or illness for more than five (5) consecutive work days must apply for a medical leave-of-absence for all days out of work after the fifth consecutive work day of absence.

Employees applying for a leave of absence for Short Term Disability (STD) should contact Lincoln Financial (Company Administrator) at 1-800-451-5554.

Lincoln Financial will work with employee and provider to obtain necessary medical support forthe leave of absence.

The employee’s job is protected for one year total - STD for 6 months, then LTD for 6 months. If the employee is unable to return to work within that 12- month period, the employee will be moved into an Inactive/Job Not Held status. The employee will remain in the Inactive/Job Not Held status, until he is no longer eligible for LTD benefits, at which point his employment will be terminated.

While receiving LTD benefits, any health/dental/vision deductions will be deducted from the employee's LTD benefit.

All medical leaves will run concurrently with all federal and state leaves.

During medical leaves under the Company medical leave policy, employees are responsible for contributions to all benefit plans as if actively at work. If an employee fails to return to work for reasons other than for a substantiated continued health condition or circumstances beyond their control, the employee may be required to repay Company for all health premiums paid on the employee's behalf during the leave.

Employees who qualify for medical leave under this policy, upon their return to work will be restored to the same or an equivalent position after the leave, except in certain cases where the person has been designated as a "key employee" or where the employment would not have continued had the employee not been on leave. Employees returning from leave may be required to supply a "fitness for duty" release from their attending physician if the leave was for their own health condition.

Employees on medical leave of absence are considered unable to perform essential job functions, and as such are not allowed to perform work outside of the Company workplace during an approved leave.

The Company may require employees requesting medical leave or returning to work from medical leave to be examined by a physician designated by the Company. Any such examinations will be paid for by the Company.

D. PROCEDURE:

Employees applying for a medical leave-of-absence must be under the direct care of a physician and must submit medical certification directly to the Company Administrator. Employees may be required to undergo a periodic medical examination by a physician designated by the Company in order to ascertain the employee's condition.

For medical leaves, the Company will require medical certification for an employee's own serious health condition prior to the start of the leave unless the condition requiring medical leave is unforeseeable in which case such medical certification must be provided within fifteen (15) days of the request for leave, or as soon as practicable. Upon proper submission of medical documentation in support of a medical leave request, employees will be placed on medical leave in accordance with the attending physician's instructions. Employees will be advised in writing of their status including the beginning and ending dates of their medical leave and the procedures for returning to work or extending their medical leave.

Medical leaves of absence which qualify under this policy may be covered by certain insurance programs such as short-term-disability (STD), long-term-disability (LTD), workers' compensation or disability pension. When it is not covered by one of these insurance programs, leaves will be unpaid.

E. PERSONAL LEAVE-OF-ABSENCE

A personal leave-of-absence without pay for a period normally not to exceed sixty (60) days may be granted by the Company for urgent personal reasons to employees with at least six (6) months of continuous employment. Requests for personal leave-of-absence must be made in writing to the employee's supervisor and the unit's senior human resources officer. Each request will be decided on its own merit at the sole discretion of the Company.

LENGTH OF SERVICE

Length of continuous service for the purpose of this policy shall be computed from the original date of hire.

Length of continuous service will be broken by the following:

- Absence from work for more than three (3) consecutive days without notice to the Company;
- Voluntary termination or resignation by the employee;
- Discharge for cause;
- Failure to return to work upon the expiration of an approved leave-of-absence or the extension of an approved leave-of-absence.

5. LETTER OF UNDERSTANDING – FLEXIBLE WORK SCHEDULES

The Company and the Union agree to establish a flexible work schedule consisting of four (4) days of ten (10) hours per day. Employees who volunteer for this schedule will be eligible for time and one half for all hours worked in excess of ten (10) hours daily and forty (40) hours per workweek.

Administrative Guidelines for Flexible Work Schedules:

Employees who are scheduled for the flexible workweek will receive holiday**,** vacation, sick pay, bereavement, and jury duty in accordance with paragraph (1).

Holiday allowance paid on non scheduled work days will not be used to trigger the payment of overtime beyond the forty (40) hour workweek.

Shift allowances are governed by Article VII, 4.

Employees working the flexible work schedule who are required to work two (2) hours or more beyond their normal work schedule will be eligible for a meal allowance.

When an employee is absent who is on the Flexible Work Schedule, the Company, if necessary, will seek volunteers to cover the employee's flexible shift.
Schedule may be changed by the Company from time to time in accordance with operational requirements, in which case such schedule changes shall be made with not less than twenty-four (24)-hours notice.

6. LETTER OF UNDERSTANDING - OUTSOURCING

Eversource Gas of Massachusetts ("Company") will not outsource any USW Local 12026C ("Union") work or positions before May 15, 2024.

All prior Past Practices that had been in effect during any previous CBA or MOU's including the 2010-2015 CBA with the exception of the Company Drug and Alcohol Policy and Attendance program are null and void at the expiration of the 2010-2015 contract and shall not be carried forward into any succeeding CBA.

Within at least 60 days of the date this agreement, the parties agree to meet, discuss, and resolve housekeeping items.

Appendix A - Overtime Distribution

Memorandum of Agreement Between
Eversource Gas of Massachusetts and Local 12026, Clerical Technical
United Steel Workers of America
Agreement Amended: June 30, 2023

Pursuant to the MOA, dated August 20, 2020, signed September 14, 2020, Item 14k, i. Review of Clerical Overtime, the undersigned Parties hereby agree on this 23rd day of August, 2022, to amend Article VII. Allowances, Section 2. Overtime Distribution, of the Parties' CBA, originally effective August 28, 2022, and effective June 30, 2023, as amended, as follows:

2. OVERTIME DISTRIBUTION

It is recognized by both the Company and the Union that the needs of a public utility operation may require overtime work and that the work involved must be accomplished by qualified employees. Management will endeavor to solicit ample notice for all overtime. The amount of overtime and the schedule for working such overtime will be established by the Company. The Company, in scheduling in-classification overtime work, will distribute such overtime work in accordance with the overtime list(s), to employees in-classification who are qualified to perform the work available.

a. The Overtime List will reset to zero each calendar year. For the remainder of the year, overtime hours worked will accumulate week to week. Each week the Overtime List will reset by low hours.

b. Overtime will be offered in inverse order of the amount of overtime worked, based on an in-department, in-classification bargaining unit seniority list to regular full-time employees within job classifications. Seniority prevails in the case of equal number of overtime hours.

c. During the designated week, if an overtime opportunity is accepted by an employee, the next overtime opportunity will be offered to the next employee by low hours on the Overtime List. This process will continue weekly until the Overtime List resets. Employees who decline an overtime opportunity will not be offered another overtime opportunity until all employees have been offered an overtime opportunity.

d. Holiday overtime will be awarded after the last weekly overtime report resets before the holiday. The Company will endeavor to award regular day-to-day overtime before awarding holiday overtime, however, as overtime needs are not always identified in advance, this will not always be the case.

e. The Overtime List will be updated and posted weekly.

f. Overtime work is to be offered to regular full-time employees who are actively working.

g. If overtime is still available after following the procedure above for in-classification overtime, the Company will attempt to use qualified volunteers out of classification before requiring the junior employees in-classification to work such overtime.

I. INTRODUCTION

AGREEMENT

AGREEMENT made and entered into this 15th day of May, 2024 by and between EVERSOURCE GAS COMPANY MASSACHUSETTS, SPRINGFIELD DIVISION (hereinafter called the ”Company”) and UNITED STEEL, PAPER AND FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL AFL-CIO-CLC, Clerical Technical Unit (hereinafter called the “Union”) on behalf of LOCAL UNION NO. 12026.

PURPOSE OF AGREEMENT

WHEREAS, the parties hereto have reached an Agreement as a result of collective bargaining for the purpose of facilitating the peaceful adjustment of differences, if any, that may arise from time to time, and to promote harmony and efficiency, the parties hereto contract and agree as follows:

II. RECOGNITION

UNION RECOGNITION AND BARGAINING UNIT

The Company agrees and does hereby recognize the Union as the exclusive representative of all full-time and regular part-time office clerical employees including Call Center employees, Revenue Recovery employees, Resource Deployment employees, Sales employees, Facilities employees, Engineering employees, Fleet employees, System Maintenance employees, Public Affairs employees and PC technicians employed by the employer at its Springfield, and Ludlow, Massachusetts facilities; but excluding managerial employees, professional employees, casual employees, confidential employees, guards and supervisors as defined in the Act, for the purpose of bargaining in respect to rates of pay, wages, hours of employment or other conditions of employment in the Clerical/Technical Unit, certified by the National Labor Relations Board in case number 1-RC-20910, dated January 27, 1999. All clerical employees listed above, with the exception of Gas Operations Clerks and Facilities GR3 Clerks, shall be identified as “Group A” (369 Pay Rules) throughout this Agreement; Gas Operations Clerks and Facilities GR3 Clerks shall be identified as “Group B” (12004 Pay Rules).

Group A includes represented clerical employees in the following departments:

Contact Center
Credit Collections

Field Collections and Meter Reading

Group B includes represented clerical employees in the following departments:

Fleet
Facilities
Planning and Scheduling

At a time to be determined, but prior to the closing date of the Asset Purchase, the Company will make offers of employment, under the terms set forth in the MOA, to all employees who are members of Local 12026 (the "Springfield Employees"), and who are either: (a) actively employed in good standing by CMA on the closing date; or (b) employed in good standing by CMA on the closing date and on a company-approved leave of absence or disability leave. The Company's initial offers of employment to those Springfield Employees actively employed in good standing by CMA on the closing date shall be for employment effective as of the closing date. The initial offers of employment to Springfield Employees who are on a company-approve leave of absence or disability leave shall be for employment, as set forth in the APA, effective as of the earlier of: (i) the date such Springfield Employee is scheduled to return to work, and (ii) six (6) months following the closing date or, if later, the expiration of such Springfield Employee's statutory return right under applicable law.

III. RESPONSIBILITY

RESPONSIBILITY OF MANAGEMENT

The Union agrees, for itself and its members, not to hinder or interfere with the management of the Company in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work, but in the exercise of these responsibilities in management, the Company agrees that it will not discriminate against any member of the Union. This Article shall in no way abrogate any other clause in this Agreement.

The Company retains the right to employ, transfer, promote or discharge employees, regardless of membership or non-membership in the Union.

RESPONSIBILITY OF THE LOCAL UNION

In Consideration of the commitments assumed by the Company in this Agreement the Local Union agrees that its officers and members will cooperate directly and indirectly with the efforts of the employer to maintain high efficiency, productivity,

and competence in the work force and to train employees to improve their skills and abilities.

The Local Union agrees that it will encourage its members to suggest improvements in practices and procedures and to welcome changes introduced to: improve service and performance; reduce costs, waste, damage and accidents; increase individual productivity. The Local Union agrees to support the efforts of management to provide economical and quality services to consumers and to encourage work assignments which fully utilize the skills and time of individual members.

RESPONSIBILITY OF EMPLOYEES

a. Employees shall individually and collectively work so as to maximize operating efficiency and individual and group productivity. They shall make every effort to protect the property of the Company and represent the best interest of the Company in their relationships with consumers and the public.

b. Employees shall not engage in work for pay on their own or for another employer when there may be a conflict of interest between the services provided by the company and the activities of the employee.

NO STRIKE - NO LOCKOUT

While this agreement is in force there shall be no lockout of the employees by the Company and neither the Union nor its members will cause or participate, directly or indirectly, in any strike or stoppage of work.

CORRECTIVE PROCEDURE

In further consideration of the mutual commitments contained herein, the parties hereto expressly agree that neither party shall bring, or cause to be brought, any court or other legal or administrative action against the other until the dispute, claim, grievance or complaint shall have been brought to the attention of the party against whom it shall be made and the said party, after actual notice of the same, shall within a reasonable time, fail to take steps to correct the cause of circumstances giving rise to such dispute, claim, grievance or complaint.

COMPLIANCE WITH LAWS AND REGULATIONS

In the event that any provision of this Agreement shall at any time be declared invalid by any court of competent jurisdiction, or by any duly constituted governmental agency of the United States or the Commonwealth of Massachusetts, such decision shall not invalidate the entire Agreement, it being the express intent of

the parties hereto that all other provisions not so declared invalid shall remain in full force and effect.

NON-DISCRIMINATION

a. The parties to this Collective Bargaining Agreement agree that it shall continue to be their policy to prohibit discrimination of persons because of race, creed, age, sex, sexual orientation, color, national origin, union activity, handicapped, Vietnam Era or disabled veteran status in hiring, lay-off, promotion, and all other terms and conditions of employment.

b. All reference as to the masculine gender in this Agreement shall be also construed to refer to the feminine gender where applicable.

SIDE AGREEMENTS AND EFFECT OF AGREEMENT

During the term of this Agreement the Union and the Company will review all jointly signed letters or memoranda of agreement or recognized past practices and present such letters, memoranda or practices which it wishes to have continue.

Where the parties agree to continue such memoranda or letters of agreements or past practices they will continue.

Where the parties disagree on such memoranda or letters of agreement or past practices, they will be a subject of bargaining in the succeeding contract. However, they will continue in force during this agreement.

Written grievance settlements shall continue in full force and effect.

IV. UNION MEMBERSHIP

UNION SHOP

It is agreed that all employees who are members of the Union as of the effective or execution date of this Agreement and all employees who thereafter have become or may hereafter become members of the Union, shall remain members of the Union in good standing for the duration of this Agreement as a condition of continued employment by the Company; and further that all new employees covered by this Agreement hired after the date of this Agreement shall after thirty (30) days of employment, become members of the Union and remain members in good standing for the duration of this Agreement as a condition of continued employment. Good standing shall mean only the payment of the initiation fee and periodic dues.

REGULAR EMPLOYEE

Regular Employee shall include any employee, other than a temporary employee, who has been continuously employed by the Company for a period of six (6) months and has successfully completed the probationary period.

TEMPORARY EMPLOYEE

A temporary employee is an employee hired to fill a temporary position. Temporary employees are not covered by the provisions of this Agreement. The Company, within its discretion, may end the employment of temporary employees. Such terminations shall not be subject to review in the grievance and arbitration procedure.

TEMPORARY EMPLOYEE PROVISIONS

(1) A temporary employee is one provided by a temporary agency, in a temporary position, performing bargaining unit work, for a period not to exceed eight (8) months, for any of the reasons listed below:

I. for a special project; or

II. As relief for an employee absent for any reason (vacation, leave of absence, jury duty, bereavement, etc.); on a one for one ratio, or

III. For operational needs that occur without regularity

(2) The Company will notify a Union official on the start day or no less than five (5) days after the start of a temporary employee. Notification will consist of an e-mail note to the Union Unit Chair and the Recording Secretary.

FULL TIME EMPLOYEE

A full-time employee is any employee regularly scheduled to work at least thirty-five (35) hours or more per workweek.

PART TIME EMPLOYEE

A part-time employee is any employee who is regularly scheduled to work less than thirty-five (35) hours per workweek.

PART-TIME EMPLOYEE PROVISIONS

(1) A part-time employee is one who is hired to regularly work less than thirty-five (35) hours per work week. Existing part-time employees covered under this agreement prior to May 15, 2024 may voluntarily work more than 35 hours if business needs require. New part-time employees hired following May 15, 2024 may be periodically required to work more than 35 hours if business needs dictate.

(2) Regular part-time employees shall be paid on an hourly basis not less than the hourly rate of pay for their classification and experience on the job. Wage rate progression shall be applied on a pro-rata basis, counting all hours worked up to a maximum of forty (40) hours per week. However, a part time employee shall progress to the next step in at least one (1) year.

(3) Effective 5/15/2015, regular part-time employees continuously employed by the Company who meet the service requirements indicated in Article VIII, Section 1, (Vacation) of this agreement by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay in accordance with Article VIII, Section 2. Vacation pay for part-time employees will be computed on a pro-rata basis, based upon the number of regularly scheduled hours in the part-time employee's regular work week.

(4) Effective January 1, 2016**,** eligibility for medical, dental, and vision begins the first day of employment. Such coverage must be purchased within 31 days of commencing employment or at the next open enrollment period. The part time coverage subsidy will be 70%. Payment for the succeeding months benefit must be made through payroll deduction.

(5) Regular part-time employees will be eligible for pro-rata sick pay in accordance with Article XII, Section 3 (Sick Pay) and eligible for pro-rata Holidays (Ten (10) and two (2) floating holidays) in accordance with Article IX, (Holiday Pay) of this agreement if such Holiday falls on one of their regularly scheduled workdays. Holiday pay for part-time employees will be computed pro-rata based on the employees regularly scheduled daily hours. Additionally, regular part-time employees will be eligible for shift differential and the Sunday Allowance.

(6) Regular part-time employees may participate in the Company's pension and 401K plans as may be required by the Employee Retirement and Income Security Act (ERISA) of 1976, as amended.

PROBATIONARY EMPLOYEES

The term "probationary employee" means those hired on a six (6) month trial to fill regular authorized positions which are open or expected to be open. It is understood that if such probationary employees are found satisfactory and if the positions are still open, they will become regular employees.

The Company may request to extend the six (6) month period for probationary employees for up to an additional six (6) months provided written notice is given to the Union ten (10) days before the extension. The Company and Union agree to engage in dialogue regarding the employee's performance.

Probationary employees are covered by the provisions of this Agreement and during the probationary period shall be eligible for all benefits, but the retention of a probationary employee is at the discretion of the Company and termination of employment during the probationary period or extension thereof shall not be subject to review through the grievance and arbitration procedure.

DUES DEDUCTION

The Company shall deduct from wages weekly and to remit monthly to UNITED STEEL PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIALand SERVICE WORKERS INTERNATIONAL UNION, 5 Gateway Center, Pittsburgh, Pennsylvania the membership dues and initiation fees uniformly required of each employee on whose account such deductions are to be made, pursuant to a written assignment on a form approved by the Company. Membership dues shall be as designated by the International Secretary/Treasurer and certified by the UNION to the COMPANY. Such form shall contain such provisions concerning irrevocability, duration, revocation and automatic renewal as the UNION may request but only to the extent that such provisions comply with the applicable requirements of Section 302 (C) of the Labor Management Relations Act, 1947, as now or hereafter amended, as said requirements may from time to time be interpreted by appropriate governmental authorities.

The Union shall indemnify and save the Company harmless against any and all claims, including legal fees, which may arise out of or come into being by reason of any action taken or not taken by the Company for the purpose of complying with this dues deduction provision.

V. HOURS OF WORK

WORKDAY, WORKWEEK

Eight (8) hours shall constitute a basic workday. Forty (40) hours shall constitute a basic work week. However, this section does not in any manner guarantee a number of hours that any employee may work during the week, nor does it constitute a limitation on the number of hours any employee may be required to work in any such work week. For administrative purposes, each workday begins at 12:01 a.m. and each work week begins on Sunday at 12:01 a.m.

The Union and the Company agreed to develop a flexible workweek schedule that would provide for the opportunity to establish a four (4) ten (10) hours per day schedule. See Memorandum of Understanding in Article XVII.

WORK SCHEDULE

The determination of the starting and ending times of daily and weekly work schedules for individual employees, groups of employees or departments shall always be made by the Company. Such schedules may be changed by the Company from time to time in accordance with operational requirements, in which case such schedule changes shall be made with not less than twenty-four (24) hours' notice, except in cases of emergency when such notice shall not apply. If the shift of an employee is temporarily changed such employee shall return to their bid shift on completion of the temporary assignment. Whenever practical, volunteers will be utilized for shift changes. Emergency, for purposes of this section shall mean any event which is outside the immediate control of the Company.

Group A →

INVOLUNTARY CHANGE OF SHIFT A change in shift occurs when an employee is assigned to work any hours and/or days other than and instead of those originally scheduled and posted.

This premium is applicable to each hour worked which is not in accord with the originally scheduled shift or days off up to a maximum of 40 work hours within a defined 4-week posted period and is payable at a rate of ½ pay hour for each eligible hour.

LUNCH PERIOD

Employees scheduled to work more than six (6) hours per day will be allowed an unpaid meal period of thirty (30) minutes.

Employees assigned to work where eight (8) hours of continuous operation is necessary shall be allowed a meal period of twenty (20) minutes with pay. Such meal time is to be taken so as not to interfere with continuous operations of service.

Lunch periods will be scheduled by department supervisors.

WORK BREAKS

Employees scheduled to work more than six (6) hours per day, will be allowed two (2) paid fifteen (15) minute breaks from work.

Employees scheduled to work six (6) hours or less per day, will be allowed one (1) paid twenty (20) minute break from work.

Breaks will be scheduled by department supervisors.

SHIFT BIDDING

The current process of "shift bidding" will be utilized for regular full-time employees or part time employees, in their respective classifications when shifts are changed or newly created by the Company. Bidding will be done on the basis of Bargaining Unit seniority. Completed bid sheets will be posted fourteen (14) days in advance of any shift change date except in cases of emergency.

If a department schedule change is needed due to operational requirements, the Company will be responsible for notifying those employees who are scheduled to be absent, of the upcoming bidding process.
In the event of absence for any reason, the employee will be responsible for submitting their bid. Failure to do so, will result in the assignment of any remaining shift(s).

Coverage Shifts

All "Coverage Shift' employees will be assigned coverage within classification on a rotating basis. All "Coverage Shift" employees will be given a 14-day written notice of any weekly shift change except in the case of emergency.

UNION LEAVE OF ABSENCE

Without loss of seniority rights, employees who are members of the Union when delegated or elected to transact business or matters pertaining to the Union shall be granted such leave of absence as may be approved by the Company.

Upon written request of the International Union, the Company will grant an unpaid full-time leave of absence to an employee, without loss of seniority rights, for the purpose of conducting Union business for a period not to exceed twenty-four (24) months.

PARENTAL LEAVE

Effective May 15, 2024, eligible employees, both birth parent and non-birth parent, who become parents on or after May 15, 2024 will receive six (6) weeks of paid parental leave at 100% of base pay. Parental leave may be taken to bond with a new child during the first year after a birth, adoption or foster placement.

Paid Parental Leave will coordinate and run concurrently with any available state and company leaves and will be an offset of any benefits paid under those plans. Paid Parental Leave will only be allowed to be used in one 6-week period and must all be used during the twelve (12) month period following eligibility.

For the birth parent, paid parental leave will be available immediately following the disability benefits period. Lincoln Financial will be the administrator of this program.

Health and life insurance shall be continued the duration of each parental leave granted. However, the employee must continue to contribute toward the cost of any benefit plans that require employee contributions during the leave of absence.

Holidays occurring within any disability period are paid under the disability provision of the Labor Agreement.

Holidays occurring within any unpaid leave of absence shall not be paid.

VI. WAGES

Any increase in salary agreed to by the parties will be effective January 1, 2021. The parties further agree that, on or before the second pay day in 2021, each Springfield Employee employed as of that date will be paid a lump sum bonus equal to the percentage increase that is effective January 1, 2021, multiplied by the total gross earned wages for that employee for the time worked from October 1, 2020 (or the date of hire by the Company, if different) through December 31, 2020 (or the last date on which the Springfield Employees are paid through NiSource's payroll system, if different). In the event any employee terminates employment prior to January 1, 2021, he or she will be paid such lump sum bonus at the same time as stated above, and calculated by multiplying the percentage increase that would have been effective January 1, 2021 by the total gross earned wages of that employee from October 1, 2020 (or the date of hire by the Company, if different) through his or her date of termination.

Effective January 1, 2021, the payday for Springfield Employees will change from Friday to Thursday and will remain weekly.

The parties understand and agree that, for a period of time up to but not to exceed two (2) years from the closing of the Asset Purchase (such two-year anniversary occurring on October 8, 2022), due to payroll and benefits systems transitional issues, the Company may not be able to process payroll, health and welfare benefits, and/or retirement benefits for the Springfield Employees in accordance with the terms of the September 14, 2020 MOA. Accordingly, the parties to this MOA understand and agree that the Springfield Employees may begin employment with the Company under certain temporary, interim terms and conditions of employment as provided in this paragraph. Such temporary, interim terms and conditions of employment may include the following: (a) health and welfare benefits and retirement benefits will or may be provided by plans that "mirror" all or some of the terms and conditions of certain CMA health and welfare and retirement plans, but that are sponsored and maintained by Eversource Energy Service Company or the Company (the "Mirror Plans"); and (b) payroll services will or may be provided by NiSource Inc. under the payroll practices in effect under the Local 12026 CBAs as of the time of the closing. Notwithstanding the foregoing, the parties understand and agree that the terms and conditions of employment for the Springfield Employees will be as set forth in the September 14, 2020 MOA subsequent to the period described in this paragraph.

WAGE LEVELS – SEE APPENDIX B

Grandfathered employees will receive negotiated general wage increases in future collective bargaining agreements.

A. Effective May 15, 2024, employees shall receive a 3% base increase to their current wage per hour rate.

B. Effective May 15, 2025, employees shall receive a 3% base increase to their current wage per hour rate.

C. Effective May 15, 2026, employees shall receive a 3% base increase to their current wage per hour rate.

D. Effective May 15, 2027, employees shall receive a 3% base increase to their current wage per hour rate.

E. Effective May 15, 2028, employees shall receive a 3% base increase to their current wage per hour rate.

RED CIRCLE RATE EMPLOYEES

Employees whose rate exceeds the maximum for the position that they are working effective May 15, 2004, will be eligible to receive the annual percentage increase in a lump sum until such time as their rate is within the agreed to wage structure. In all situations the employee(s) will be guaranteed to receive an annual increase equal to the agreed to percentage increase.

DETERMINATION OF RATE OF PAY

Rate of pay shall be determined by job title.

WAGE RANGES

Wage ranges are established for each job classification/wage. A minimum and maximum rate applies to each job.

WAGE DETERMINATION

Wage differentials between jobs are based on differences in responsibilities, skills and duties.

In the event a new job is established, or a substantial change is made in the duties of an existing job, the rate for a new or changed job shall be established by the Company, based on its equitable relationship to other jobs.

During the thirty (30) day period immediately proceeding the expected date of the change, the Company shall discuss the appropriate wage rate with the Union. If the Union disagrees, they shall have the right for a period of six (6) months thereafter to appeal the Company's decision through the grievance and arbitration procedure, and the final rate determination shall be paid as of the date the job was filled or changed.

WAGE ADMINISTRATION

The Company established job classifications and the combination of duties that make up a job classification also determined whether or not a classification shall be filled and how many individuals are required in a classification at any time.

Individuals within a classification are required to perform all duties included in the classification.

To be eligible for promotion, employees bidding for posted openings must meet the minimum qualifications established for the job.

WAGE PROGRESSION

Progression to the job maximum rate shall be in intervals of no longer than a maximum of six (6) month service steps from the date of entry into the job.

BIDS BETWEEN JOBS

a. To a Higher Job Title/Wage

An employee who bids to a job in a higher job title/wage shall be paid the minimum for the job or the step rate next above their present rate, whichever is higher, and continue the established progression for the new job/title.

b. The Same Job Title/Wage

An employee who bids to a job in the same job title/wage shall be paid their present rate and continue the established progression, if any, to the maximum job rate.

c. To a Lower Job Title/Wage

An employee who bids to a job in a lower job title/wage shall receive the step rate nearest their present rate but not to exceed the maximum job rate for the new job and continue the established progression, if any, for the new job.

d. Crediting of prior transfer time

The crediting of prior temporary transfer time in a particular job classification will be credited to employees for pay purposes when they are successful bidders to that same classification at a future date, as follows:

1. Such temporary transfer time must have occurred within three (3) years of the date of the successful job bid and such temporary transfer time must have been for a minimum of thirty (30) consecutive days or for a total of ninety (90) intermittent days in a calendar year.

2. Employees will be individually responsible for tracking their temporary transfer time and for providing such documentation to the Company in order to receive credit under the provisions of this agreement when they are successful bidders to a particular job classification. The Company will supply employees with tracking calendars at their request.

3. Time spent in a temporary transfer is not to be used as a determining factor in the awarding of a job to a job bidder.

TEMPORARY TRANSFERS

The parties agree to meet and discuss a review of the purpose and use of the temporary transfer policy.

An employee who is temporarily transferred to a job in a higher job title/wage shall be paid the minimum for the job or the step rate next above their present rate, whichever is higher. An employee who is temporarily transferred to a job in the same job title/wage shall be paid their present rate and continue the established progression, if any, to the maximum job rate. An employee who is temporarily transferred to a job in a lower job title/wage shall continue to receive their regular rate of pay and continue the established progression. However, this shall not apply where employees are learning the duties of the new job. If, however, the employee has held the position before and was at the rate maximum, the employee would receive the maximum rate. If the employee has been transferred to the job in the past, they would receive credit for the time spent on said transfer and the paid progression rate would apply.

Whenever practical, qualified volunteers by seniority will be utilized for temporary transfers, however, if there are no qualified volunteers, the Company will assign the least senior qualified employees.

Involuntary transfers from one job classification to another shall not exceed sixty (60) consecutive work days or ninety (90) work days in a calendar year. However, excluded from the sixty (60) and ninety (90) day totals are transfers:

1. From Billing to Service; or
2. Transfers to avoid a layoff; or
3. Transfers to fill in for an employee who is absent.

For purposes of this provision any transfer of two (2) or more hours duration will constitute a full working day. Employees will be individually responsible for tracking their temporary transfer time and for providing such documentation to the Company. The Company will supply employees with tracking calendars at their request.

VII. ALLOWANCES

OVERTIME RATE

The parties agree to meet and discuss a review of clerical overtime.

Group B→

An employee shall be credited with overtime for all work in excess of eight (8) hours worked in any one (1) day except where employees requests and it is agreed to schedule two (2) shifts in one (1) day (departmental payroll day) in order for the employee to obtain more consecutive or convenient time off, or in excess of forty (40) hours in any one (1) payroll week at one and one-half times his base wage rate.

Employees covered by this Agreement shall receive pay at time and one-half their base wage rate for all work that does not occur within their regularly scheduled work day or work week (except whenever the opportunity is offered employees to make up their forty (40) hour week, after having lost work due to conditions beyond the Company's control, such time shall be paid for at the straight time rate).

An employee who is required to work on the 2nd day of relief in any consecutive 7-day period and having worked one hour of his 1st day of relief and all of his scheduled hours during such period shall be paid double time his regular base rate of pay for hours worked on said 2nd day of relief. An employee who has earned premium in accordance with this provision will not be entitled to another such premium until he has again qualified for it, on the basis of work performed in another 7-day period.

Group A →

Overtime compensation and premium rates shall be paid to employees subject to this Agreement in accordance with the following rules:

a. Each employee's overtime rate shall be one and one half (1 1/2) times his/her regular hourly rate.

b. Except as otherwise provided in this Agreement, an employee shall be paid a premium rate which shall be his/her overtime rate for all hours worked outside the hours established by schedules posted in accordance with the provisions of Article V. of this Agreement as his/her basic normal or regular work day and work week, and no other extra compensation shall be paid for hours so worked. An employee shall not be paid the premium rate for more than forty (40) hours in any posted period when the

work outside his/her posted schedule was due to a change in his/her schedule or shift or days of relief after the schedule was posted. The following shall not constitute work outside an employee's basic normal or regular work day or workweek:

i. A change of forty-five (45) minutes or less of the time for starting and ending one or more work days from the times posted in the applicable work schedule.

ii. Hours worked in lieu of posted hours at the request of, or to suit the convenience of, the employee.

iii. A change in hours of work incident to a permanent promotion of the employee.

Any employee who, in any seven (7) day period, works his/her second scheduled day off, having worked at least six (6) hours or having been called in to work any hours on his/her first day off and all of his/her scheduled hours in said period, shall receive a premium (which includes his/her overtime pay) equal to his/her regular hourly rate for any hours worked on his/her second day off. If, during such scheduled hours of work, such employee is entitled to a paid rest period or is not required to work on a scheduled holiday, these rest period and holiday hours are to be considered as worked for the purpose of this paragraph. An employee who has earned a premium in accordance with this paragraph will not be entitled to another premium until he/she has again qualified for it on the basis of work performed after the period for which the premium was earned.

Cancellation Penalty

Whenever notice has been given for overtime work and the work which has been assigned is cancelled the employee must receive at least 12 hours' notice of such cancellation prior to the start of overtime work or receive a premium (cancellation penalty), unless told before leaving work for the day.

Premium is 2 pay hours.

OVERTIME DISTRIBUTION

It is recognized by both the Company and the Union that the needs of a public utility operation may require overtime work and that the work involved must be accomplished by qualified employees. Management will endeavor to solicit ample notice for all overtime. The amount of overtime and the schedule for working such overtime will be established by the Company. The Company, in scheduling in-classification overtime work, will distribute such overtime work in accordance with

the overtime list(s), to employees in-classification who are qualified to perform the work available.

a. The Overtime List will reset to zero each calendar year. For the remainder of the year, overtime hours worked will accumulate week to week. Each week the Overtime List will reset by low hours.

b. Overtime will be offered in inverse order of the amount of overtime worked, based on an in-department, in-classification bargaining unit seniority list to regular full-time employees within job classifications. Seniority prevails in the case of equal number of overtime hours.

c. During the designated week, if an overtime opportunity is accepted by an employee, the next overtime opportunity will be offered to the next employee by low hours on the Overtime List. This process will continue weekly until the Overtime List resets. Employees who decline an overtime opportunity will not be offered another overtime opportunity until all employees have been offered an overtime opportunity.

d. Holiday overtime will be awarded after the last weekly overtime report resets before the holiday. The Company will endeavor to award regular day-to-day overtime before awarding holiday overtime, however, as overtime needs are not always identified in advance, this will not always be the case.

e. The Overtime List will be updated and posted weekly.

f. Overtime work is to be offered to regular full-time employees who are actively working.

g. If overtime is still available after following the procedure above for in-classification overtime, the Company will attempt to use qualified volunteers out of classification before requiring the junior employees in-classification to work such overtime.

RECALL TO WORK, TRAVEL TIME, AND EARLY CALL IN

Group B →

a. Recall to Work

A recall to work occurs during non-scheduled hours when an employee is called back to work and is released before his/her next scheduled work hours.

If an employee is “Recalled to Work” during non-scheduled hours, such work time plus an allowance of travel time shall be paid as overtime. In no case shall this total be less than five (5) hours.

b. Travel Time

Travel time is one (1) hour’s pay, allowed to cover coming to and going from work, and applies only to “Recall to Work”. One half (1/2) hour’s pay will be paid as travel time on an “Early Call in”.

c. Early Call In

An early call in occurs when an employee is called in before his/her regular scheduled shift and continues working into that shift. “Early call in” will be paid at the overtime rate for time worked prior to regular starting time.

Group A →

a. Recall to Work

When an employee is called in to work overtime which is not continuous with other hours worked, his/her compensation for the overtime, including any pay for travel time, shall not be less than his/her overtime rate for four (4) hours.

b. Travel Time

a. An employee required to work overtime shall be allowed and compensated for forty (40) minutes overtime at the overtime rate specified in Group A, paragraph 1 of this Article, hereinafter called "travel time", when obliged to travel to or from work, subject to the provisions in subdivisions (b), (c) and (d) of this paragraph.

b. When called to work overtime that does not immediately precede or follow posted work hours, an employee shall be entitled to travel time both ways.

c. Whenever overtime work immediately precedes posted work hours and begins between the hours of 11:30 p.m. and 6:30 a.m. or whenever overtime work immediately follows posted work hours and ends between the hours of 11:30 p.m. and 6:30 a.m., an employee shall be entitled to travel time one way.

d. (1) When an employee, having received not less than forty (40) hours' prior notice, is required to start work at his/her "scheduled starting

time" on his/her scheduled day off and to work all or part of his/her "scheduled hours", he/she shall not receive any travel time.

(2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive travel time in accordance with subparagraph (c) of this paragraph.

(3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.

(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.

(5) The terms "scheduled starting time" and "scheduled hours", as used in subparagraph (d) of this paragraph, shall be construed to mean the same hours and starting time for which, the employee is scheduled on a regularly scheduled work day. When an employee is scheduled on "relief", the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

SHIFT WORK DIFFERENTIAL AND PREMIUMS

Group B →

1. Shift differential or premium pay shall be in addition to the affected job classification base rates and shall be payable for regularly scheduled rotating shift jobs whenever and for such periods, other than “day” shift, as scheduled and shall be figured at the rate of two dollars and forty-five cents ($2.45) per hours worked during “afternoon” shift and two dollars and forty-five cents ($2.45) per hours worked during “night” shift.

All such shift differentials for Group B shall be increased as follows:

Group B →

a. Effective May 15, 2024, increased by $.10 to $2.55 per hour
b. Effective May 15, 2025, increased by $.10 to $2.65 per hour
c. Effective May 15, 2026, increased by $.10 to $2.75 per hour

d. Effective May 15, 2027, increased by $.10 to $2.85 per hour
e. Effective May 15, 2028, increased by $.10 to $2.95 per hour

2. Such pay shall not apply under the following policies: sickness, accident, vacation, holiday, leave of absence.

3. “Day,” “afternoon,” and “night” shifts shall be defined as follows:

   (a) “Day” shifts shall include all shifts scheduled to start between 7:00 a.m. and 9:00 a.m.

   (b) “Afternoon” shifts shall include all shifts scheduled to start between 12:00 p.m. and 5:00 p.m.

   (c) “Night” shifts shall include all shifts scheduled to start between 10:00 p.m. and 12:00 a.m.

4. If an employee is not entitled to a shift differential during his REGULARLY SCHEDULED hours, he will not receive a shift differential during overtime hours.

5. If an employee works into a shift preceding a succeeding his regularly scheduled shift, he will carry the premium or shift differential (if any) which corresponds with his regularly scheduled shift. This premium or shift differential (if payable) shall on overtime hours be multiplied by one and one-half. The past practice regarding shift differential on overtime worked on days of relief will continue.

6. Union seniority will be the determining factor in the assignment of shifts. The junior individuals will be required to work the shifts not volunteered for by the senior individuals

Group A →

"Night Work" premiums shall be paid as follows:

a. A premium of two dollars and five cents ($2.05) per hour will be paid for hours worked on posted schedules starting after 1:59 p.m. and before 10:00 p.m.

b. A premium of two dollars and five cents ($2.05) per hour will be paid for hours worked on posted schedules starting after 9:59 p.m. and before 6:00 a.m.

All such shift differentials for Group A shall be increased as follows:

Group A →

a. Effective May 15, 2024, increased by $.10 to $2.10 per hour
b. Effective May 15, 2025, increased by $.10 to $2.20 per hour
c. Effective May 15, 2026, increased by $.10 to $2.30 per hour
d. Effective May 15, 2027, increased by $.10 to $2.40 per hour
e. Effective May 15, 2028, increased by $.10 to $2.50 per hour

SUNDAY PREMIUM

Group B →

A premium of 35% will apply to all regularly scheduled hours of work on scheduled shifts, the majority portion of which shifts falls between 12 midnight Saturday and 12 Midnight Sunday. This premium applies to basic hourly wage rates only, it being understood that the payment of such premium is limited to straight time worked.

Group A →

An employee scheduled to work on a Sunday shall be paid, in addition to his/her regular hourly rate, a premium of thirty-five percent (35%) of his/her regular hourly rate for each scheduled hour worked on a Sunday.

No Sunday premium is paid for unscheduled hours.

MEAL ALLOWANCE

Group B →

1. If the employee is required to work ten (10) consecutive hours or more, he shall receive a meal reimbursement not to exceed ten dollars and fifty cents ($10.50). If the employee continues working beyond the tenth hour, he shall receive an additional meal reimbursement not to exceed ten dollars and fifty cents ($ $10.50) to be paid for each additional four (4) hours of continuous overtime work thereafter.

2. If the employee is recalled to work and is required to work four (4) or more hours, he shall receive a meal reimbursement not to exceed ten dollars and fifty cents ($10.50).

3. It is agreed that this section does not apply where employees work overtime through courtesy to fellow employees.

All such meal allowances for Group B shall be increased as follows:

Group B →

a. Effective May 15, 2024, increased by $.25 to $10.75
b. Effective May 15, 2025, increased by $.25 to $11.00
c. Effective May 15, 2026, increased by $.25 to $11.25
d. Effective May 15, 2027, increased by $.25 to $11.50
e. Effective May 15, 2028, increased by $.25 to $11.75

Group A →

2.

a. An employee required to work two (2) hours overtime continuous with the expiration of his/her regularly scheduled work day shall be furnished with a meal or a meal allowance not to exceed nine dollars and seventy-five cents ($9.75) per meal and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work.

b. An employee required to work two (2) hours or more overtime immediately preceding his/her regularly scheduled work hours shall be furnished with a meal or a meal allowance not to exceed nine dollars and seventy-five cents ($ 9.75) per meal two (2) hours after such overtime starts and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work.

c. Employees, who are entitled to the premium for work in excess of sixteen (16) hours provided in paragraph 1, Group A of Article VII., 11. Rest Time, shall receive a meal or meal allowance every fifth hour of work, to be computed from the time of the next preceding meal or meal allowance without regard to whether such work is of continuous duration, until released from work for at least an eight (8) hour rest period.

d. Employees required to work overtime who continue into their regularly scheduled hours outdoors, but normally would not have been required to work outdoors due to weather conditions, shall continue to receive a meal or meal allowance every five (5) hours until released from such outdoor work.

e. Employees called in for overtime work which does not immediately precede or follow regular scheduled hours shall receive a meal or meal allowance not to

exceed nine dollars and seventy-five cents ($9.75) after each five (5) hours of such overtime work.

f. Employees entitled to a meal or meal allowance under this paragraph 2. who are allowed time off to eat such meal shall be paid for only one half (1/2) hour of such time off. All employees so entitled will be given time off to eat such meal except:

(1) In cases where conditions exist which are hazardous to the general public, customer and Company equipment; and

(2) In cases involving employees, such as station operating personnel, who normally eat their meals on the job and for whom there is no relief available. However, when relief is available for such station operating personnel, these employees shall be allowed time off for meals but such time off shall be limited to one such period between the overtime work and their regular scheduled tour of duty.

g. (1) When an employee is notified prior to the conclusion of his/her scheduled work day and he/she is required to start work at his/her "scheduled starting time" on his/her scheduled day off and to work all or any part of his/her "scheduled hours", he/she shall not receive any meal or meal allowance during said "scheduled hours".

(2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive meals or meal allowances in accordance with paragraph 2(a).

(3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive meals or meal allowances in accordance with paragraph 2(e).

(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive meals or a meal allowance in accordance with paragraph 2(e).

(5) The terms "scheduled hours" and "scheduled starting time" as used in paragraph (g) shall be construed to mean the same hours and starting time for which the employee is scheduled on a regular scheduled work

day. When an employee is scheduled on "relief," the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

All such meal allowances for Group A shall be increased as follows:

Group A →

a. Effective May 15, 2024, increased by $.25 to $10.00
b. Effective May 15, 2025, increased by $.25 to $10.25
c. Effective May 15, 2026, increased by $.25 to $10.50
d. Effective May 15, 2027, increased by $.25 to $10.75
e. Effective May 15, 2028, increased by $.25 to $11.00

BI-LINGUAL PAY

Bi-Lingual Pay of $1.00 per hour shall be paid only to Customer Service Representatives in accordance with the job duty specifications of a Customer Service Representative.

BEREAVEMENT

Effective May 15, 2024, when a death in the immediate family or a household member occurs, an employee will be allowed time off, paid for at straight time rates, as follows:

Family Member	Days of Paid Leave
• Spouse • Child/Stepchild • Parent/Stepparent Father/Mother-In-Law • Son/Daughter-In-Law Grandchild • Grandparent • Sibling	Five (5) Days
• Brother/Sister-In-Law • A person who was a member of and lived in your household	Three (3) Days
• Aunt/Uncle	Two (2) Days

An employee seeking leave must notify their supervisor of such death and request such leave.

If a holiday occurs as one of the days in this Bereavement Policy, holiday allowance only will be paid for that day in accordance with the regular holiday policy.

The foregoing policy will not operate to extend any Paid Leave Policy except if a death should occur during an employee's vacation, the provisions and practices of this section shall apply, and the employee shall receive, if so requested, a reassignment of those vacation days that were committed to the necessary funeral services and arrangements.

In the event of a death of a spouse or child, the company will entertain requests for additional time off, and such requests must be directed to Labor Relations.

JURY DUTY

When serving jury duty, during working hours, an employee will receive straight time base compensation and will retain all fees and expenses for such duty. Part-time employees will be compensated based on their normally scheduled work hours.

During the period of jury service, an employee will be deemed to be on a Monday through Friday work schedule. Employees who are excused from jury service before noon shall return to work for the remainder of that day.

MILITARY SERVICE

Employees who are required to attend mandatory Military Training will be entitled to wage replacement should their Military Wages be less than their Company Wages, upon proof of training and wages. The Company currently provides up to 15 days (Oct-Sept) for training; however, should an employee be required to attend additional training and provides support, the Company will honor.

Employees who are deployed for Active Duty will be entitled to wage replacements should their Military Wages be less than their Company Wages, upon proof of orders and wages.

Employees are also entitled to up to 24 months of COBRA at the employee's rate.

If an employee who is required to report for weekend duty training is situated on a shift which includes Saturday and/or Sunday, the Company agrees to temporarily alter the employee's schedule to accommodate his required military training.

REST TIME

Group B→

1. If an employee is required to work sixteen or more consecutive hours, he will be allowed a period of nine hours off before returning to work unless an emergency arise which makes it necessary for the Company to call him back to work before the expiration of the nine-hour period. Any part of the nine-hour period, which extends into the employee's normal work schedule will be paid for at basic straight time rates. If such paid time shall carry the employee to within two (2) hours of the end of his normal work schedule, he shall be excused without loss of pay from his normal work schedule. Time allowed off for meals will not prevent the hours worked from being considered consecutive.

2. If an employee continues to work for more than twenty-four (24) consecutive hours, he will receive the appropriate overtime rate for all consecutive hours worked after the original shift has been worked.

Group A→
Remote Work

1. In a twenty-four (24) hour period in which there has been no rest period of at least eight (8) continuous hours, an employee who has worked sixteen (16) hours or more shall receive, in addition to his/her regular rate, an overtime premium equal to his/her regular hourly rate for such hours worked in excess of sixteen (16) hours, and he/she shall continue to receive said premium until his/her release from such work for at least an eight (8) hour rest period. He/she shall be entitled, when released from such work, to a rest period of eight (8) hours without pay before returning to work; provided, however, that if the rest period extends into his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for that regularly scheduled period without loss of pay, and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. The provisions of this subparagraph shall not apply to an employee who is scheduled to work sixteen (16) hours in the twenty-four (24) hour period.

2. In the case of an employee who has worked eighteen (18) hours or more in any twenty-four (24) hour period, he/she shall be entitled, when released from such work, to a rest period of ten (10) continuous hours without pay before returning to work provided, however, that if the rest period extends into

his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for the regularly scheduled period without loss of pay and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. This paragraph shall not be applied in a manner to defeat the intent for which the Article was written.

Group A→
In Office Work

1. If an employee who reports to the office and is required to work sixteen or more consecutive hours at the office, the employee will be allowed a period of nine hours off before returning to work unless an emergency arise which makes it necessary for the Company to call him or her back to work before the expiration of the nine-hour period. Any part of the nine-hour period, which extends into the employee's normal work schedule will be paid for at basic straight time rates. If such paid time shall carry the employee to within two (2) hours of the end of the employee's normal work schedule, the employee shall be excused without loss of pay from his or her normal work schedule. Time allowed off for meals will not prevent the hours worked from being considered consecutive.
2. If an employee who reports to the office and continues to work for more than twenty-four (24) consecutive hours at the office, the employee will receive the appropriate overtime rate for all consecutive hours worked after the original shift has been worked.

REST TIME - SHIFT CHANGE

The Company's normal practice is to arrange work schedules so that each workday is separated by at least eight (8) hours. When this is not possible, employees will have the option on the second day of:

1. Working the normal schedule or
2. Working an eight (8) hour shift beginning eight (8) hours after the conclusion of day one or
3. Beginning work eight (8) hours after the conclusion of day one and concluding at the employee's normal shift end.

If the third option is selected, the employee will be paid for hours worked.

During the period November 1 through March 15, only options #1 and #2 above apply in the Call Center.

MILEAGE REIMBURSEMENT

When an employee uses his/her personal vehicle on Company business related to travel, mileage will be reimbursed at the current IRS per mile rate. When being reimbursed for mileage the employee is not eligible for reimbursement for the gasoline or other operating expenses. Tolls and parking fees incurred while on business travel are reimbursable expenses.

SMART PHONES

Company-provided iPhone smart phones assigned to employees – Effective upon hire, and only in the event that the iPhone smart phones currently assigned to (as of September 14, 2020) and used by the Springfield Employees are included in the CMA assets purchased by the Company, the ownership of each iPhone smart phone will be transferred by the Company to the employee to whom it is assigned, the service plan for each such iPhone will be cancelled by the Company, and the employee will be responsible for procuring a service plan and paying the monthly service plan fees if he or she wishes to continue using the iPhone. Each such employee will thereafter be eligible for monthly reimbursement in the amount of $75.00 under the Company's Smart Phone Reimbursement policy for each month through June 2, 2021. Prior to June 2, 2021, the Company will review the cell phone use of its workforce and determine which, if any, employees require a smart phone in order to perform their job duties. Effective June 2, 2021, the Company will cease reimbursements to any employees who the Company has determined do not so require a smart phone.

VIII. VACATIONS

VACATION ELIGIBILITY

Effective, October 9, 2020**,** the date of hire, and assuming such date of hire is prior to January 1, 2021, each Springfield Employee will receive five (5) days of vacation to be used with management approval by December 31, 2020, and which may not be carried over to 2021.

Effective January 1, 2021, the Company's vacation plan will apply to each Springfield Employee. However, in no event will any CMA employee lose any annual vacation allowance for which they had become eligible pursuant to the current CMA vacation allowance schedule (this provision does not apply to "splash weeks," which will not be provided to any employee at any time). Springfield Employees will be eligible for unpaid time off, if needed, for previously approved vacations that fall between their date of hire and December 31, 2020.

Effective January 1, 2025**,** regular employees continuously employed by the Company, who meet the service requirements indicated below by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay as follows:

SERVICE REQUIRED	**VACATION IN THE ANNIVERSARY YEAR**
Less than 1 year	
Start date:	
1/01 to 03/31	15 days
04/01 to 06/30	10 days
07/01 to 09/30	5 days
10/01 to 12/31	0 days
1 to 5 years	15 days per year
6 years	16 days
7 years	17 days
8 years	18 days
9 years	19 days
10-19 years	20 days per year
20+ years	25 days per year

In the event an employee is called for Jury Duty during part or all of his/her vacation time, he/she shall receive extra vacation days equivalent to the number of days during their vacation for which they qualified for Jury Duty.

SELECTION AND LIMITATIONS

Vacations shall, as far as is practicable, be granted during the normal vacation period at the time selected by the respective employee with selection up to the first two (2) weeks to be by seniority. After each employee has had an opportunity to select their first two (2) weeks, each employee may then select any remaining vacation including any carryover vacation by seniority. If an employee requests part of their annual vacation other than during the normal vacation period, the Company will make every effort to comply provided their absence during that period will not unduly disrupt the Company's operations, but the final allotment of vacation periods shall be exclusively reserved to the Company.

An employee may elect to defer a maximum of one (1) week to the following year's vacation time earned in excess of two (2) weeks. The taking of deferred vacation shall be granted when there are no conflicts and no adverse effects on operations.

Subject to operating requirements, the current practice of permitting employees to take vacation time in one (1) day and half (1/2) day increments will be continued for up to a maximum of two (2) weeks of eligible vacation time only during the bidding

process. However, once the vacation selection process has concluded, an employee may utilize unlimited single day and half day vacation based on department calendar availability.

As long as there is no waiting list, same day vacation time will be allowed based on business needs.

Vacation pay shall be based on forty (40) hours at the employee's straight time hourly rate, excluding shift or Sunday allowances for an employee who is and has regularly been assigned to a second or third shift or Sunday work schedule.

When a holiday occurs during an employee's vacation, he/she will be granted an additional day of vacation at a time mutually convenient to the Company and the employee.

Group B →

In the event of a holiday falling within a vacation period, an employee shall have the option of receiving pay for the holiday in addition to his regular vacation pay or be given an additional day off with pay.

Group A →

If during such employee's vacation period, a holiday recognized by the Company under Article IX. occurs, he/she shall receive a day's pay as provided in said Article IX. in addition to his/her vacation pay, however, that at the option of the Company, the employee may elect to take the holiday as an additional day off concurrently with him/her vacation period in lieu of the day's pay.

Vacation earned within a calendar year and not taken will be paid to the employee upon termination and the beginning of a layoff or extended leave of absence or to the employee's surviving spouse or dependent. The Union may request once annually to meet with the Company to discuss vacation scheduling.

Vacation "waiting list" guidelines are as follows:

1. Start a Waiting List by "sign up date." (1st come 1st serve).
2. Once second round of vacation bidding has been completed, and "IF" you have bid "All" of your eligible vacation time, you will be required to give up the same number of vacation day(s) that you are changing. This also applies if you take FMLA time and use as vacation pay.
3. Two (2) business days' notice to cancel any vacation day(s) only when there is a waiting list.

4. If you show up to work on a scheduled vacation day that you did not cancel two (2) business days in advance, where a waiting list exits, you will be required to take that vacation day as scheduled.

ACCIDENT, ILLNESS OR DISABILITY

Employees on accident, illness or disability who have lost time will continue to accrue vacation as an active employee for up to 26 weeks as defined in Article VIII, Section 2.

IX. HOLIDAYS

HOLIDAYS OBSERVED

Each Springfield Employee will receive 10 holidays annually, as follows: The following days shall be recognized as holidays on the day which they are observed in Massachusetts, or in the case where the holiday falls on a weekend, it will be observed on Friday if the holiday falls on Saturday and Monday if the holiday falls on a Sunday.

New Year's Day	Labor Day
Martin Luther King Jr. Day	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Each Springfield Employee will also receive two floating holidays per year. Springfield Employees will follow the Company's holiday schedule beginning on their first day of employment with the Company.

However, until January 1, 2021, the holiday pay practices set forth in the Local 12026 CBAs, as applicable, and/or the holiday pay practices followed at CMA immediately prior to closing of the Asset Purchase, will be in effect. For the period from closing to December 31, 2020, each Springfield Employee will receive two floating holidays, to be used with management approval, and which will not carry over to 2021.

HOURS

For purposes of this Agreement, a holiday shall commence at 12:01 a.m. on the day of the holiday and continue for twenty-four (24) hours.

ELIGIBILITY

To be eligible for holiday pay, an employee, unless otherwise excused by his or her supervisor, must have worked their full regularly scheduled shift the day before and the day after the holiday.

Any employee who would otherwise be entitled to the benefits of this section shall not lose such benefits if the employee is absent from work for any of the following reasons:

1. Injury sustained in the course of employment with the Company which occurs within a seven (7) day period before or after the holiday;
2. Bereavement;
3. Jury Duty;
4. On an approved leave. However, no employee shall be eligible for holiday pay if such employee has not worked within a seven (7) day period before or after the holiday;
5. The Employee is absent as a Union delegate or on Union Business with the approval of the Company.

Group B →

With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth above if such employee is not receiving pay for the payroll week in which the holiday occurs.

Group A →

If, during any period which includes his/her scheduled work periods immediately before and after a holiday, an employee is on leave of absence, is absent on sick leave or is without pay, he/she will not be paid or receive time off for scheduled time not worked on the holiday**.**

ALLOWANCES

All employees to whom this Agreement applies, shall be paid eight (8) hours of pay at their regular straight time rate for the ten (10) holidays listed above when such holiday falls within their regularly scheduled workweek and no work is performed on the holiday. Such hours shall accumulate toward weekly overtime.

Shift allowances shall not apply under the following policies: sickness, accident, vacation, holiday, leaves of absence.

If an employee is required to work on a holiday, at the employee's request, a paid day off, which is mutually agreeable to the employee and the Company, may be substituted for the holiday allowance.

Group B →

1. If any employee is required to work on a floating holiday which had been scheduled and approved, said employee shall have the option of being paid according to Article IX, Section 3a, or paid at straight time and reschedule the floating holiday.

   If the holiday cannot be rescheduled within the year for which it applies, the employee must schedule it within sixty (60) days from the first day of the following year or it will be forfeited.

2. If an employee is not required to work on the holiday, said employee shall be paid a holiday allowance equivalent to eight (8) hours pay at his regular base rate of pay.

3. a) If an employee is required to work on a holiday, he shall receive time and one-half for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   b) In a week in which one of the holidays listed in 1. above is observed, if prior to the holiday it was understood that the employee would not be required to work on such holiday but he is notified on the holiday that work will be required that day, he will be paid a minimum of five (5) hours, at the applicable rate provided in paragraph (a) above, for his work on such holiday, plus the Holiday Allowance referred to in paragraph 2.

   c) If an employee is required to work on Christmas Day, he shall receive double time (2) for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours, he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   d) In the event of a call into work on Christmas Day, the employee will be paid two (2) times their hourly rate for all hours worked.

   * If the Company observes Christmas on the day before or the day after December 25th, employees who work on the observed day will receive regular overtime rate of one and one-half (1 ½) .

4. With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth above if such employee is not receiving pay for the payroll week in which the holiday occurs.

Group A→

1. Insofar as practicable, employees will not be required to work on a holiday. In addition to the above holidays, employees are entitled to two (2) floating days annually.

2. If an employee is not required to work on any of the aforementioned holidays which occur while this Agreement is in effect, he/she shall be entitled to a holiday allowance equivalent to eight (8) hours' pay at his/her straight-time rate.

3. Except as provided in paragraphs 5 and 6 of this Article, if an employee is required to work on a holiday which falls on a scheduled work day, he/she shall be paid, in addition to the pay provided in paragraph 2, as follows:

   a. He/she shall be paid a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each scheduled hour worked; however, where the scheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid not less than the amount due for four (4) hours of such work.

   b. He/she shall be paid for each unscheduled hour worked a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked; however, where the unscheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid, if any, not less than the amount due for four (4) hours of such work.

   c. Only the greater of the foregoing minimum pay provisions shall apply to any period of continuous work covering both scheduled and unscheduled hours.

      If an employee is required to work on an approved and scheduled floating day, the floating day will be rescheduled.

4. Except as provided in paragraphs 5 and 6 of this Article, if an employee is required to work on a holiday which falls on his/her scheduled day off, paragraph 2 of this Article shall not apply and hours so worked shall be paid for as follows:

a. He/she shall be paid his/her regular hourly rate and, in addition, a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each of the first eight (8) hours or less so worked; however, he/she shall be paid not less than the amount due for four (4) hours of such work.

b. He/she shall be paid his/her regular hourly rate, and in addition a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked in excess of eight (8) hours.

5. An employee required to work on a holiday during hours which are continuous with hours worked on the day preceding or the day following the holiday shall not be entitled to the minimum holiday pay for hours worked stated in paragraphs 3 and 4, however, such employee shall be paid for the hours worked on the holiday in accordance with the otherwise applicable provisions of paragraphs 3 and 4. In no event shall such employee's pay for the entire period worked under the paragraph be less than an amount equal to his/her regular hourly rate for eight (8) non-overtime hours.

6. For the purpose of this Article, it is agreed that a holiday begins at 12:01 a.m. and ends with 12:00 midnight on the day on which it is observed; but, when a posted shift begins or ends on a holiday, all of the hours of the shift shall be considered as worked on the holiday if fifty percent (50%) or more of the hours of the shift, as posted, fall within the holiday; otherwise, all the hours of the shift shall be considered as worked on the day which is not the holiday.

7. Holiday/Floating day (part-time employees).See Article IV., Section 7.

X. OPPORTUNITIES FOR ADVANCEMENT AND RECOGNITION

JOB POSTING

When a job is open within the classifications covered by this Agreement, it shall be e-mailed and posted in all departments, as well as e-mailed to the Unit Chair and the Recording Secretary, and shall remain posted for five (5) consecutive workdays with the exception of Saturdays, Sundays and holidays, which shall be excluded in determining the period of posting, but shall not be held to break the continuity thereof.

All bids for job openings shall be submitted in writing, and shall be utilizing the online system of record during the said five (5) day posting period. Such a job bid may be submitted by a Shop Steward on behalf of an employee who is absent because of illness or injury or because they are on vacation, provided that the Shop Steward shall have been requested to do so by such employee. In this case, the Shop

Steward should submit the job bid request, including employee name and job requisition number to the Recruiter within the posting period. No such absent employee shall be eligible for such job opening unless such employee returns to work within thirty (30) calendar days after they have been notified that they are the successful bidder. The Company and the Union may mutually agree to waive this requirement. The Union will be notified when an employee has accepted a bid via e-mail.

In filling such job opening, seniority as defined elsewhere in this Agreement shall be the determining factor, subject to the minimum qualifications and fitness as determined by the Company, on a non-discriminatory basis. The Company agrees to fill all job openings so posted as soon as reasonably practical after the five (5) day posting period, but in any event within fourteen (14) calendar days thereafter. If there are no bidders or no successful bidders for a job so posted, then the Company may fill the job from any source.

The successful applicant may be returned to their former job by the Company for a valid reason during the six (6) month period on the job or the successful applicant may be returned to their former job for a valid reason at their own request during the above mentioned six (6) month period.
In the event an employee chooses to return to his or her former job or is returned to his or her former job as a result of unsatisfactory performance, such employee shall be disqualified from further bidding for a period of twelve (12) months or for six (6) months if he or she is returned by the Company.

New employees may not bid for the first six (6) months of employment and, regardless of length of service, no employee may make a successful bid more than once every thirteen (13) weeks.

The Company agrees to post one Senior CSA position, as described in the Agreement Between NSTAR Electric Company & NSTAR Gas Company d/b/a Eversource Energy and Utility Workers Union of America, A.F.L. – C.I.O., and Local Union 369, U.W.U.A., A.F.L.- C.I.O. Production and Maintenance and Office-Technical & Professional Unit, dated June 2, 2015, and extended to June 2, 2021 (“the Local 369 CBA”). This position will be filled, by seniority, from the current roster of Outbound Revenue Recovery Rep positions. The remaining CMA representatives will be paid the rates outlined in Attachment A. It is understood and agreed that in the future, the Company is under no obligation to fill the Senior CSA position, and new hires into the Outbound Revenue Recovery Rep classification will be hired into the progression of the then-existing Local 369 Customer Service Associate position.

XI. EMPLOYMENT SECURITY

SENIORITY

1. Company Seniority shall be defined as the length of time an employee has been continuously employed by the Company as a regular full time or regular part time employee and shall be used in the computation of any benefits or in the exercise of any seniority rights provided by the provisions set forth in this Agreement.

2. Bargaining Unit Seniority shall be defined as the length of time an employee has been continuously employed in the Bargaining Unit as described under the provisions of this Agreement entitled "Union Recognition".

3. When employees have equal Company seniority, the employment application having the earliest date will have preference.

4. An employee shall lose all seniority and other rights under this Agreement and the employee's relationship to the Company shall be terminated for any of the following reasons:

   (a) Resignation
   (b) Discharge for cause;
   (c) Failure to return to work at the expiration of an approved absence or an approved leave of absence;
   (d) Absence for more then three (3) days without notice to the Company;
   (e) Layoff in accordance with the layoff provisions of this Agreement.

SENIORITY LIST

The Company will furnish to the Union, quarterly upon request, a unit seniority list. Additionally, the Company will provide on a monthly basis, a list of newly hired bargaining unit employees hired during the month.

LAY-OFF

A. The layoff of employees shall be determined by seniority provided they have the demonstrated ability to perform the available work. It is the intention of the layoff procedure to offer continued employment to senior employees.

B. When a layoff occurs, the following procedure will be followed:

Employees in the job title to be curtailed will be polled to determine if any wish to take voluntary layoff. Those volunteering will be laid off. Thereafter, curtailment within the job title will be in inverse order of seniority. Those employees to be laid-off will be offered, in order of seniority, the following options:

Option 1: To bump the junior employee in any job title on any shift provided he or she has successfully performed the job according to the Human Resource records of the Company or is able to meet the requirements of the job following a brief familiarization period under normal supervision.

Option 2: To take any open job, with preference in choosing among open jobs being given in accordance with seniority. "Open job" as used here, includes jobs posted but not bid on and jobs held by probationary employees.

C. Employees exercising Option 2 will be offered the same training offered a successful bidder.

D. Any employee who elects to exercise either Option 1 or Option 2, must exercise such option within 24 hours, excluding weekends and holidays, of notice by the Company of any impending lay-off or job bumping action.

E. If an employee fails to exercise his or her option(s) within the time frame above, such failure to act will be deemed to be a waiver of the right to exercise such option(s) and the Company shall then proceed with the lay-off or bumping procedure by placing the employee in accordance with Options 1 or 2.

F. An employee who exercises his or her right to bump under Option 1 and fails, will be placed on layoff and will have recall rights only to his or her bid job.

G. Any employee bumped in the course of the forgoing procedure will be offered the paragraph "B" options.

H. When decreasing the work force, the Company will give the employees to be indefinitely laid-off at least fourteen (14) calendar days notice unless the employee is absent from work at the time such notice is given.

I. When the employer decides to recall employees from layoff, the employees will be recalled to their bid job from layoff and/or displaced positions then being held by such employee in reverse order of the layoff followed above.

1. Should an employee in a displaced position refuse recall to his or her last bid job, such refusal will count as a successful bid using the date of such refusal as the date of the successful bid.

2. Union officer(s) involved in the day-to-day operations of the collective bargaining unit shall be the last persons to be laid off, transferred or assigned out of the shift or department(s) to which they have been assigned, provided they are qualified to perform the jobs available in each shift or department(s) in accordance with (B) above. This does not preclude, however, the right of the Company to temporarily transfer a union officer to another job classification.

J. Length of continuous service shall be computed from the original dates of hiring unless broken by:

1. Absence from work for more than three (3) consecutive days without notification to the Employer,

2. Voluntary termination or quitting by the Employee;

3. Discharge for just cause;

4. Layoff for more than two (2) years except employees with less than two (2) years service will be limited to their period of service for purposes of recall rights and continuous service.

5. An employee who has been laid off fails to notify the Company of his or her intent to return to work within three (3) days and who actually fails to return to work no later than the sixth (6) day after being notified to do so by the Employer at the Employee's last address as shown on his or her records at the Human Resource office of the Company;

Employees who are promoted to jobs not covered by this Agreement will continue to hold and accrue seniority for a period of ninety (90) working days.

Employees with recall rights to an open job which is their bid job, will be offered recall before any other employee is considered for such open job. If job openings occur while employees are laid off, employees may apply for such open jobs under the following procedure, provided that there are no employees who hold recall rights to such open job. Employees on lay-off status will be notified of job vacancies to which no employee has prior recall rights.

An employee who refuses recall to his or her former bid position, immediately forfeits any rights to that position.

SEVERANCE ALLOWANCE

The Company will pay severance allowance to eligible employees as follows:

a. Regular employees after one (1) year of service shall be given an opportunity to accept a severance allowance of one (1) week's base pay for each full year of continuous service at the time of layoff unless they choose to accept layoff and be eligible for recall. Employees who choose to accept layoff and remain eligible for recall in accordance with Article XI, Section 3 of this Agreement, shall remain eligible for tuition reimbursement in accordance with the Company's tuition reimbursement policy during their period of recall.

b. Severance allowance shall be in addition to any earned but unused vacation benefits for which the separated employee is eligible.

Employees shall not be required to accept severance pay at the time of layoff, but shall have the option to accept the severance pay option at any time during their period of recall in accordance with Article XI, Section 3 of this Agreement.

Employees who accept severance pay forfeit their recall rights, if any, and must agree to the Company's standard separation and release form. Employees who elect not to accept severance pay shall retain recall and employment rights in accordance with Article XI, Section 3 of this Agreement.

The Human Resource Department will be responsible for tuition reimbursement administration for employees on layoff who have recall rights in accordance with Article XI., Section 3 of this Agreement.

XII. PERSONAL SECURITY

DISABILITY

This provision for continuing earnings during periods of personal disability is not intended as an annual entitlement to cover absence for any personal reason, but is solely for the protection of a regular full-time employee temporarily and legitimately disabled and usually under the care of a physician.

Employees in Group A and Group B →

Employees shall not be entitled to receive time or compensation for vacations or holidays while receiving illness and non-industrial accident disability benefits.

OCCUPATIONAL DISABILITY

Industrial/Occupational accident benefits, for injured employees entitled to compensation under the Massachusetts Workmen's Compensation Act who elect to proceed against the Company's insurer for compensation, shall be governed by the following rules:

1. While the incapacity for work resulting from the injury is total, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the difference between their base pay at the time of the injury and the statutory workers' compensation amount made by the Company's insurer under the Act. Payments from the Company will be for a period of up to 26 weeks total for employees hired after 1/1/2016. Employees hired prior to 1/1/2016, will receive the offset for up to 50 weeks total.

2. While the incapacity for work resulting from the injury is partial, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the excess of the difference between the base pay at the time of injury and the combination of the workers' compensation payments made by the Company's insurer under the Act, and any wages earned. No company supplement payments will be made under this paragraph to an employee who refuses to accept a position which is offered to him by the Company. Workers' compensation payments will follow the statutory regulations. Payments from the Company will be for a period of up to 26 weeks total for employees hired after 1/1/2016. Employees hired prior to 1/1/2016, will receive the offset for up to 50 weeks total.

3. If payments made by the Company's insurer under the Act are reduced due to a third-party settlement, the Company will not be required to compensate the employee for said reduction in benefits under the Act.
4. If the employee shall accept lump sum payments from the Company's insurer in lieu, in whole or in part, of compensation from the insurer, further payments of benefits under this Plan shall cease.

5. Benefits shall cease when an employee is retired or when his/her employment is otherwise terminated.

6. While receiving industrial accident benefits employees will not receive a general wage increase until they return to work

7. Employees shall not be entitled to receive time or compensation for

vacations or holidays while receiving industrial accident benefits.

8. If the present Massachusetts Workmen's Compensation Act is changed, or if other Federal or State legislation is enacted that provides or requires the provision of benefits payable to the Company's employees with respect to its liability for industrial accidents, the parties will meet and bargain the impact of such changes or new legislation.

9. The administration of the Plan shall be under the direction of the Senior Vice President of Human Resources of the Company.

10. The Company can require employees to be evaluated at a Company approved clinic and the workers' compensation carrier may require an exam by an independent physician. In both cases, the clinic and the independent examiner shall make the final determination on an employee's work capacity for purposes of the workers' compensation supplement and/or job offer. No company supplement payments will be made under this paragraph to an employee who refuses to accept a position which is offered to him by the Company. Workers' compensation payments will follow the statutory regulations.

11. If the Company determines, based upon its own, the workers' comp insurer's, or the employee's treating physician that an employee is unable to perform his or her regular duties, the Company may assign the employee to a position that the employee is capable of performing, based upon the medical restrictions provided by the physician upon which the Company relied in making its determination.

12. Employees who have recovered from an occupational injury and are medically certified by the insurance company's doctor as qualified for work will be guaranteed employment with the Company. However, the employment rights of an employee as provided in the Basic Agreement shall not be enlarged, diminished or otherwise affected by reason of this provision.

XIII. ILLNESS AND NON-OCCUPATIONAL DISABILITY - SHORT TERM DISABILITY AND LONG-TERM DISABILITY – see Attachment B

ILLNESS

All employees will be eligible for up to 10 sick days per year at 100 percent of pay for absences from work due to non-occupational illness or injury. Sick days cannot be carried over from one year to the next nor are sick days paid out at termination.

SHORT TERM DISABILITY

Effective on the date of hire, Springfield Employees will be eligible for non-occupational short-term disability and long-term disability leave and pay as summarized in Attachment B of the Parties' MOA, specifically, in the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short-term disability ("STD") benefits. Disability benefits are payable for up to 25 weeks, for each injury or illness after an employee has been out of work for more than five consecutive work days. The first five consecutive working days of an extended absence is considered an "elimination period." Employees must use available sick timeto satisfy the elimination period. If employee has exhausted their sick time, vacation/floating holidays can be used toward the elimination period or time is unpaid. Following a period of five consecutive sick days, the next twelve (12) weeks of absence under the STD benefits will be paid at 100 percent of base pay. Up to thirteen (13) additional weeks of STD will be paid at 67 percent of base pay.

Employees are covered under Eversource's Short Term Disability Policy day one of employment.

Short Term Disability is a maximum of 26 weeks total per injury/illness:

1. 1-week sick time; if sick time is unavailable, vacation time and/or floating holidays can be used towards the elimination period or time is unpaid
2. 12 weeks 100% base pay under STD
3. 13 weeks 67% base pay under STD
4. There is a 45-day appeal period should at any time your STD is denied
5. There is a 6- month re-occurrence (look back) should your medical provider indicate you are out for same condition as previous disability leave
6. Exclusions to the plan:
    - You are not under the care of a licensed health care provider
    - Your disability is the result of your participation in a felony, crime, or riot
    - Your disability is intentionally self-inflicted
    - Your disability is the result of declared or undeclared war or any act of war
    - You have any physical or mental condition that cannot be verified by the use of clinical and laboratory diagnostic techniques

- You are retired from Eversource
- You are injured while on active duty in the military

After the 5-day elimination period, employees are not allowed to substitute or off set any vacation time to make them whole while out under Eversource's STD Plan.

Eversource pays STD benefits via normal payroll cycles, once approved by vendor.

Regular part-time employees are eligible for a pro-rata benefit consistent with the language contained in Article IV, Section 7, Paragraph (5).

LONG TERM DISABILITY

Upon exhaustion of STD, an employee who qualifies will move to Long-Term Disability ("LTD"). LTD benefits are payable at 50 percent of base pay. Employees will have the option to buy-up with pre-tax contributions to an LTD benefit of 67 percent of base pay.

All employees who receive an LTD benefit and participate in the Company Employee health and welfare benefit plans will have payments deducted from their LTD check rather than be billed for participation in said benefit plan.

1. Soft transfer from STD over to LTD should you max STD benefit at 26 weeks
2. LTD is a Fully Insured Benefit
3. Employer covers 50%, employee has option to buy up to 67% (upon hire OR at OpenEnrollment Annually)
4. Buy Up Option has exclusion period
5. 180-day appeal period should LTD be closed/denied
6. 6-month re-occurrence (look back) should your medical provider disable you for same condition.

HOSPITALIZATION - SURGICAL - MEDICAL BENEFITS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Medical and Prescription Drug, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

RETIREE MEDICAL

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Retiree Medical Plan as outlined in Attachment B to this Agreement.

If an active employee dies and is eligible for retiree medical on his or her date of death:

Continue (current practice) to provide coverage for surviving dependents on the active group plan, at active rates (spouse until Medicare eligible, child up to age 26, etc.) Upon the surviving spouse reaching Medicare eligibility, allow the surviving spouse to begin participating in the Eversource Group Health & Welfare Benefits Plan for Retirees - HRA subsidy. Any eligible dependent children will also be eligible to participate in the HRA subsidy, until age 26. Note, upon the surviving spouse's transition to the retiree plan, any enrolled dependents will also transition to the retiree plan at the same time, if applicable.

The following provision is for historical reference only and it is understood that the following benefit is provided by NiSource, Eversource has no financial obligations under this provision, and Eversource has no control over the continuance of this benefit under this provision.

A. Employees who elected as part of the October,1992 election to maintain retiree health care will be provided coverage consistent with the current health care plans that are applicable to the active employees. The extent of coverage will be modified at age 65 when the retiree is eligible for Medicare.

B. If the employees who are eligible for the retiree health care provided in (A) above do not retire prior to January 1, 2008, they along with all employees eligible for retiree health care benefits will be provided benefits under the Company's Defined Dollar Contribution Method.

C. Eligible retirees will receive a subsidy based on the following factors – years of service times a pre-determined dollar value, effective November 1, 2011

	Pre-65	Post 65
Retired Employee	$180.00	$60.00
Covered Spouse	$125.00	$40.00

Effective 1/1/2018 Pre-65 Retiree – the retiree subsidy is $190 per year of service. The spouse subsidy is $135 per year of service.

Effective 1/1/2019, the retiree and spouse subsidy will be increased to $225 and $170, respectively, with a combined subsidy of $395.

Effective 1/1/2019 Post-65 Retiree – The retiree subsidy is $65 per year of service. The spouse subsidy is $45 per year of service.

This subsidy will be applied towards the premium cost of the Company's PPO Health Care Plan. Details will be provided during annual enrollment periods.

D. Effective January 1, 2011, current employees entering the plan will be eligible for the retiree medical plan which excludes prescription coverage.

E. Employees hired on or after January 1, 2011, are not eligible for retiree medical coverage.

End of Historical Reference

DENTAL (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dental Plans, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

LIFE INSURANCE (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Basic Group Life Plan, the Supplemental Life Plan, and Dependent Life Plan, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect. In addition, each regular employee shall be provided life insurance by the Company in an amount equal to two (2) times his base pay.

ACCIDENTAL DEATH AND DISMEMBERMENT (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Accidental Death and Dismemberment ("AD&D") Plan as is listed in the Group Welfare Benefits Plan,

which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

OPTIONAL BENEFITS (See Attachment B)

Effective January 1, 2021, eligible Springfield Employees and their eligible dependents may participate in the Vision Plans, Business Travel Accident Plan, Personal and Family Accident Plan as are listed in the Group Welfare Benefits Plan, a summary of which plans is in Attachment B of the Parties' MOA.

PENSION/401(k) (See Attachment B)

As included in the August 20, 2020 MOA between Local 12026 and Eversource:

Effective on the date of hire, with Eversource, Springfield Employees currently participating in a NiSource/CMA Defined Benefit Pension Plan will continue to participate in their current NiSource/CMA Defined Benefit Pension Plan under the same terms and conditions, as the plan will become part of the Eversource Pension Plan.

Effective January 1, 2021, these employees will also be eligible for a Company matching contribution equal to fifty percent (50%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first eight percent (8%) of eligible compensation.

Pension plans as agreed upon between the Union and the Company shall continue for the life of this Agreement and succeeding agreements, subject to such modification as may be mutually agreed upon by the parties hereto.

All covered employees who take normal retirement during the term of this Agreement shall receive a pension benefit as included in the Eversource Pension Plan Document.

The below information is for historical reference only and is governed by the Eversource Pension Plan of which the Bay State Union Pension Plan is part of. If there are any discrepancies, the applicable plan documents will govern.

Effective January 1, 2000, the pension plan formula shall be changed to a final average pay formula. The final average pay pension plan shall be calculated using an average of the highest three (3) years' base pay in the last ten (10) years up to a maximum of Fifty-Thousand Dollars ($50,000) using a multiplier of one and one quarter percent (1.25%) of such final average pay times the years of service up to a

maximum of forty-five (45) years. Effective January 1, 2008, the pension base pay cap will be changed to Fifty-five thousand dollars - $55,000. A 75% survivor annuity option will be added to the current monthly annuity.
All active employees will be converted from their current Pension Plan into Account Balance II Plan effective 1-1-2013. No Pension supplement post conversion.
Account Balance II Formula:

Age + Service Points
Less than 50 = 4% of Eligible Earnings
50-69 = 5%
70+ = 6%
Additional 1% x pay in excess of ½ Social Security Wage Base
Eligible Earnings – Base pay and performance-based pay (i.e., annual incentive, if applicable)

Effective retroactive to January 1, 2010, an employee is vested after (3) years of service. For vested employees there is a lump-sum option to cash out of the pension plan available at any time when the employee terminates for any reason.

EARLY RETIREMENT

Effective January 1, 2013, the Early Retirement section is no longer in effect.

Employees who have attained age 55 and who have completed 10 or more years of Credited Service, as defined in the plan document for the Pension Plan for Operating Employees of Company, may retire on the first of any month thereafter.

An employee will be entitled to receive an unreduced retirement benefit at age 60 if the employee has at least 25 years of service with the Company. In the event an employee decides to retire prior to age 60, the retirement benefit would be calculated as follows:

(a) If the employee has 25 or more years of service with the Company, the retirement benefit would be reduced by 3/10% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 60.

(b) If the employee has less than 25 years of service, the retirement benefit would be reduced by 3/10ths% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 65.

There is a Social security supplement (bridge) for employees who retire between the ages of sixty (60) and sixty-two (62), payable during that period.

End of Historical Reference

K-VANTAGE/401K (See Attachment B)

Effective January 1, 2021, any Springfield Employee hired after January 1, 2011, will be placed in the Company's K-Vantage plan. Each employee's years of service with CMA will be combined with his or her service with the Company for purposes of calculating the Company's contribution to such employee's K-Vantage account.

These employees will also be eligible for a Company matching contribution equal to one hundred percent (100%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first three percent (3%) of eligible compensation.

From the date of hire through December 31, 2020, employees who participate in the NiSource/CMA 401(k) plan will continue to participate under the same terms and conditions as existed during their employment with CMA, except that the plan sponsor will be an Eversource company and the investment choices in the plan will or may be changed.

SUBROGATED RIGHTS

Payments made under the provisions of this Article will be reimbursed to the Company to the extent that any amounts recovered on account of the accident or sickness on a claim against a third party exceed Worker's Compensation or any payments required by law.

DUPLICATION

Amounts required to be paid by the Company under any law providing benefits similar to the benefits provided for in this Article shall reduce to the extent the amounts the Company shall be required to pay under this Article and appropriate adjustments shall be made in the benefits provided for in this Article to the end of eliminating duplication of benefits under this Article and benefits required by law.

MEDICAL RECORDS

In accordance with existing laws, the Union must have a release form signed by the employee before the Company will discuss or release any medical information pertaining to or about any employee.

ADOPTION AND SURROGACY ASSISTANCE

The Company will provide an increased adoption assistance benefit and the addition of a surrogacy assistance benefit:

The adoption and surrogacy assistance benefit provides a combined annual maximum reimbursement of up to $15,950 of eligible expenses for the adoption or surrogacy of each child under the age of 18. Employees may be reimbursed for either adoption or surrogacy eligible expenses per year, but not both. Only the expenses employees actually incur are eligible for reimbursement.

For adoptions, the benefit is payable when the adoption is final (when a decree of adoption is entered by the court). For surrogacy, employees may be reimbursed for qualifying expenses incurred resulting in a fully completed and Valid Surrogacy Contract through a bona fide agency.

1. A Valid Surrogacy Contract is one that is legal in the state in which the parties enter into it and is between the party who has agreed to become impregnated, carry and give birth to a child and the intended parent(s) of such child.

2. A completed Valid Surrogacy Contract is one that results in an eligible employee being recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or other court order recognizing the eligible employee's parental rights under applicable law.

    i. Note: A surrogacy contract that fails to result in a live birth, or results in a live birth but the eligible employee is not recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or order recognizing the eligible employee's parental rights under applicable law, shall not be a Valid Surrogacy Contract and no reimbursement benefits will be paid under this Program.

3. The adoption and surrogacy assistance benefit applies to expenses incurred on or after May 15, 2024. Eligible expenses include adoption or surrogacy agency fees, placement fees, legal fees, court fees, travel expenses, the child’s initial medical exam and certain out-of-pocket medical expenses for the natural mother.

4. If an employee or the employee’s spouse (or partner/the other parent) both

work at Eversource, only one employee is eligible to submit expenses for reimbursement.

DEPENDENT CARE & HEALTH CARE SPENDING ACCOUNTS
(See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dependent Care Plan, Flexible Spending Account, and Health Savings Accounts, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

EMPLOYEE ASSISTANCE PROGRAM

Eligible employees may receive Company-paid Employee Assistance, as set forth in the policy and as summarized in Attachment B of the Parties' MOA.

TUITION REIMBURSEMENT

Effective May 15, 2024, employees are eligible for reimbursement under the Company's Tuition Assistance Program as outlined on HR Connect. The highlights of the program are below:

- Employees working less than forty hours per week but more than twenty hours per week will be eligible for reimbursement at 100% up to $5,000 ($2,650 non-taxable and $2,350 taxable) for successful completion of pre-approved courses.
- Employees working forty hours per week will be eligible for reimbursement for the net applicable costs up to $10,000 annually ($5,250 non-taxable and $4,750 taxable) for successful completion of pre-approved courses.
- Reimbursable expenses include tuition, registration fees, lab fees, technology, online, matriculation, resource and required graduation fees for degree programs. Employees receiving other assistance, such as Veteran's benefits, must deduct the amount of that assistance from the total of the applicable costs.
- Fees that are excluded from reimbursement include books, computer software, tools, license fees, withdrawal, deferred payments, late fees, parking, meals, travel, room and student activity fees.

- Only work or business related undergraduate and graduate courses and degree programs taken at fully accredited colleges and universities are eligible for reimbursement.

- Where courses taken are graded, the employee must receive a grade of no less than a C for undergraduate courses or a grade of B or better for master's program courses to be reimbursed.

- Employees must be active employees prior to the start of class and upon completion of the class.

- To be eligible for reimbursement, employees must follow the tuition process as outlined on HR Connect and get the appropriate approvals prior to the start of the program.

The Tuition Assistance Program is subject to revision or cancellation as determined by the Company.

XIV. RESTRICTIONS – COMMITMENTS

BULLETIN BOARDS

The Company will provide reasonable space on designated bulletin boards for use by the Union. Such Bulletin Board space is to be used for posting notices concerning official Union business such as meetings, elections, appointments, notices of Union social and recreational activities, and other such Union matters. Such notices shall be non-controversial in nature and not adversely affect the best interests of the Company. Union notices shall be signed by a local union official.

SUMMER EMPLOYEES

Seniority provisions do not apply to employees classified as "summer employees." Such employees are hired for a specific period of time at a specific rate and for a specific job for a period of time not to exceed thirteen (13) weeks between May 1st and September 15th for each calendar year for vacation relief. Summer employees may be discharged for any reason without recourse to the grievance and arbitration procedures of this Agreement and do not, as long as they are classified as summer employees, have seniority rights under this Agreement.

Summer employees who perform all aspects of a bargaining unit position shall be paid the entry rate of pay for that position. Summer employees performing work

which does not encompass the full duties of a bargaining unit position shall be paid the summer employment rate.

CROSS BARGAINING UNIT VACANCIES

Job vacancy postings as may be required by the operational unit collective bargaining agreement, will be posted simultaneously in the clerical bargaining unit. The posting of such vacancies shall not be construed as evidence of a merger of the separate bargaining units into a single, combined unit and clerical bargaining unit employees shall not be eligible to bid on such vacancies.

However, should there be no bidders, or successful bidders in the operational unit for vacancies so posted, clerical bargaining unit employees, who apply for such openings, will be given first and due consideration.

BARGAINING UNIT WORK

Supervisors will not perform work customarily performed by the bargaining unit when the performance of such work would result in significant lost work opportunity for qualified bargaining unit members.

DRUG TESTING & DOT PHYSICALS

The Company will institute a split sample element to its existing DOT drug testing program.

Should an employee test positive for drug and/or alcohol under the random/reasonable suspicion DOT testing, the following will apply:

1st offense:	5-day unpaid suspension with Last Chance Notice; 5-day elimination period; then STD plan for duration of treatment that the SAP (substance abuse professional) recommends.
2nd offense:	Termination

SUCCESSORSHIP

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns and the words “Company” and “Union” respectively shall be construed to include their respective successors and assigns.

DRESS CODE

The Company's dress code policy will be in effect during normal business hours or when the Company is open to the general public. When the Company is not open to the general public, the business casual dress code policy will be extended to include the wearing of " jeans" provided such jeans are in good repair and free from rips, tears, holes, etc.

STATE OF EMERGENCY

During a state of emergency, the Company may allow a work from home option. Such decision is solely at the discretion of each department's management chain based on business needs and shall not be subject to the grievance and arbitration procedure.

NEW ENERGY TECHNOLOGY

The parties agree that with the introduction of new techniques and technologies, including but not limited to: Geothermal; Hydrogen; RNG, any new Energies, and delivery of such energies, it is important that advance planning be made to anticipate skills, needs and training required. Prior to implementation of new technologies, the Company shall meet with the Union to discuss potential work opportunities.

The Company and Union shall meet to discuss the creation of a New Energy Technology Committee.

XV. UNION – MANAGEMENT COMMITTEES

SAFETY COMMITTEE

There shall be a committee of five (5) Union members selected by the Union who will meet with the General Safety Committee at such time and place as meetings are scheduled to discuss matters pertaining to safety. The members will be designated by the Union. The General Safety Committee will be co-chaired by a member of the union committee and a member of management.

GRIEVANCE & NEGOTIATION COMMITTEE

The Union shall elect a five (5) member Union Committee (as stated in the United Steelworkers Local Union election manual). The Company shall deal with the Union Committee in the matter of grievances as provided for in the grievance procedure.

XVI. COMPLAINTS AND GRIEVANCES

GRIEVANCE PROCEDURES

a. The Company Committee and the Grievance Committee may meet at the request of either party, at a time mutually agreed upon, as required to discuss disputes arising out of this Agreement. The notice of such meetings will contain necessary information on the subject matter of the meeting.

b. During the term of this Agreement, should any dispute arise between the Company and the Union as to the true interpretation and application of this Agreement, there shall be no suspension of work, but the same shall be treated as a grievance and every reasonable effort shall be made to settle such grievance in the following manner, except in the case of a general grievance raised by the Union, in which case the grievance shall be a written one originated by the aggrieved party at Step 3 below:

c. A grievance shall be filed within sixty (60) calendar days of the incident causing it or (60) calendar days when the incident should have been reasonably been known by a member of the Grievance Committee.

The grievance steps shall be as follows:

1. The aggrieved employee(s) and their Steward shall discuss the grievance with the immediate supervisor and attempt to settle the grievance. If the Shop Steward is not available, the employee(s) may be represented by a member of the Grievance Committee. If a satisfactory settlement is not reached within seven (7) calendar days then

2. Within seven (7) calendar days of the time that the grievance was answered at Step 1, the Union Committee shall reduce the grievance to writing on a form mutually agreed to by the Company and the Union and forward the written grievance to the Department Manager or his designate. The Department Manager or their designate shall discuss the grievance with three members of the Grievance Committee (*Union President or his designate, Recording Secretary and appropriate Shop Steward) and shall reply in writing within seven (7) calendar days and if a satisfactory settlement is not reached, then

3. Within seven (7) calendar days of the receipt of the written reply, the grievance shall be referred for settlement to the Vice President of the Company, Union committee and a representative of the International Union or their designated representatives. The Company and the Union shall have fourteen (14) calendar days to resolve the grievance at this

step. If the grievance is not resolved at this step in a manner satisfactory to both parties, then the Union has the right and authority to submit the grievance or dispute to arbitration in the manner provided under this Article. The Union must notify the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to schedule the arbitration within thirty (30) calendar days of the expiration of the aforementioned fourteen (14) day period. If the time limits in the grievance procedure are not observed, a grievance shall be considered waived unless an extension of time is mutually agreed to in writing.

ARBITRATION

If a grievance involving the interpretation or application of this Agreement is not satisfactorily resolved in the grievance procedure, the Union may request the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to provide a panel of arbitrators from which the parties will select an arbitrator to hear the grievance. The arbitrator so selected shall have no power to add to, subtract from or otherwise modify the terms of this Agreement. The decision of the arbitrator shall be final and binding on both parties and shall have the same force and effect as a judgement of law. His or her fee and expense shall be shared equally by the parties.

UNION REPRESENTATION

An employee, at their request may have a Union Representative of their choice at an interview with the Company where it is possible that a written reprimand, disciplinary suspension, or discharge involving the employee may result.

An employee having a grievance, shall be given a reasonable time to briefly discuss the grievance with the appropriate union representative after first obtaining such permission from their supervisor.

XVII. AGREEMENT

TERM OF AGREEMENT

This Agreement shall be effective upon execution and shall continue in full force and effect until midnight May 15, 2029

Either party may terminate the Agreement by giving notice in writing to the other party at least sixty (60) calendar days prior to the expiration date of the Agreement. Whenever notice to terminate this Agreement as herein provided is given, the parties

agree that at least thirty (30) calendar days prior to the expiration date, joint conferences will be held for the purpose of negotiating another agreement.

ASSIGNMENT

This Agreement shall be binding upon the parties hereto, their successors and assignees.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

XVIII. LETTERS OF UNDERSTANDING

ISSUANCE AND REMOVAL OF NON-ATTENDANCE DISCIPLINARY WARNING NOTICES

Verbal warnings and written warnings will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Suspensions will become inactive after two (2) years from the date of violation provided there is no intervening discipline. Intervening discipline within the one (1) or two (2) year periods keeps all prior discipline active until the expiration of the most recently issued disciplinary notice.

ATTENDANCE IMPROVEMENT PROGRAM

As soon as an employee knows or should know that he or she will be absent, late or have to leave work early, that employee must notify his or her supervisor immediately. Such notice does not excuse the absence, but it will give the supervisor at least some opportunity to have someone else perform the work or otherwise schedule work around the absence.

Days on approved FMLA leave of absence approved FMLA intermittent leave of absence, jury duty, union business, bereavement, vacation, and holiday shall not be counted for disciplinary purposes.

ILLNESS POLICY

Hours:

Employees will receive the following disciplinary steps for excessive use of non-protected sick time:

- Upon using 72 hours: Courtesy non-disciplinary consultation.
- After exceeding 80 hours (1st time): Verbal warning.
- After exceeding 80 hours (2nd time): Written warning.
- After exceeding 80 hours (3rd time): 1-day suspension.
- After exceeding 80 hours (4th time): Termination.

Following the first 40 hours of sick time, employees may use sick time in less than 8-hour increments for their remaining 40 hours for medical appointments for themselves with at least 48 hours prior notice and accompanied by a doctor's note.

Progressive discipline will carry forward year-to-year on a continuous basis. Each year that employees exceed 80 hours of non-protected sick time, progressive

discipline will move to the next step in the process. The only time an employee does not progress through the discipline process is if the employee goes two full years without exceeding the threshold.

Patterns of abuse of the Company non-protected sick policy:

Patterns of abuse of the Company sick policy are also subject to discipline and may occur before employees have used all 80 hours of sick time.

Patterns of abuse include but are not limited to frequently calling out sick on Mondays and/or Fridays, calling out sick the day before and/or the day after a holiday, or calling out sick the day before and/or the day after prescheduled vacation time. Patterns of abuse shall not be considered during an employee's use of the first forty (40) hours of sick time per calendar year.

Employees will receive the following disciplinary steps for patterns of abuse of the Company sick policy, regardless of how many hours of sick time they have used at the time of the observed pattern:

- After the 3rd observed pattern: Courtesy non-disciplinary consultation.
- After the 4th observed pattern: Verbal warning.
- After the 5th observed pattern: Written warning.
- After the 6th observed pattern: 1-day suspension.
- After the 7th observed pattern: Termination.

Progressive discipline will carry forward year-to-year on a continuous basis. The only time an employee does not progress through the discipline process is if the employee goes two full years without exceeding the threshold.

Employees may be disciplined for excessive use of non-protected sick time and patterns of abuse of company non-protected sick time simultaneously, any violation of either policy will result in the next step of the disciplinary process.

The Company retains the right to request a doctor's note for any suspected abuse of sick time.

JOB ABANDONMENT

Any employee who fails to report to work and fails to provide notice of such absence to a Company supervisor for a period of three (3) consecutive workdays shall be considered to have voluntarily abandoned his or her position. In addition, an employee who fails to return to work after the expiration of a leave-of-absence will be considered to have voluntarily abandoned his or her position.

LATENESS/TARDINESS POLICY

As most employees are currently working remotely, it is expected that employees will rarely be late to work. Lateness is defined as signing in later than an employee's scheduled start time. Computer issues will generally not be an excused lateness, except under extenuating circumstances at the sole discretion of management. Employees who know they are going to be late are expected to call their supervisor in advance to make them aware.

Employees may be late, up to 5 minutes, once per quarter. Any other lateness, including lateness longer than 5 minutes, will result in an incident. If an employee has more than 3 incidents in a year, exclusive of the once per quarter allowed, they will be subject to progressive discipline, as outlined below:

- 3 incidents: Non-disciplinary Consultation
- 4 incidents: Verbal warning
- 5 incidents: Written warning
- 6 incidents: 1-day suspension
- 7 incidents: Termination

Progressive discipline will carry forward year-to-year on a continuous basis. Once employee has received a step of progressive discipline, if they exceed the three-incident threshold in any of the successive two years, they will receive the NEXT step of progressive discipline. The only time an employee does not progress through the discipline process is if the employee goes two full years without exceeding the threshold.

The Company and Union agree to continuously evaluate the efficacy of the above policies and shall meet and discuss concerns that arise over the course of the Agreement.

ISSUANCE AND REMOVAL OF ATTENDANCE WARNING NOTICES

Verbal warnings, written warnings, and suspensions will become inactive after two (2) years from the date of the violation provided there is no intervening discipline. Intervening discipline within the two (2) year period keeps all prior discipline active.

MEDICAL AND PERSONAL LEAVE OF ABSENCE POLICY

A. PURPOSE:

The purpose of this policy is to specify medical and personal leave-of-absence provisions which employees may be entitled to based on their length of continuous

service with the Company. Medical leaves are available in accordance with this policy for the employee's own serious health condition which renders the employee unable to perform the essential functions of his or her job.

B. SCOPE:

This policy extends to Local 12026

C. POLICY & PRACTICE:

Industrial Accident Leave

Employees who are absent from work due to a work-related injury should contact HRCONNECT.

Non-Work-Related Medical Leave

Employees who are absent from work because of personal injury or illness for more than five (5) consecutive work days must apply for a medical leave-of-absence for all days out of work after the fifth consecutive work day of absence.

Employees applying for a leave of absence for Short Term Disability (STD) should contact Lincoln Financial (Company Administrator) at 1-800-451-5554.

Lincoln Financial will work with employee and provider to obtain necessary medical support forthe leave of absence.

The employee’s job is protected for one year total - STD for 6 months, then LTD for 6 months. If the employee is unable to return to work within that 12- month period, the employee will be moved into an Inactive/Job Not Held status. The employee will remain in the Inactive/Job Not Held status, until he is no longer eligible for LTD benefits, at which point his employment will be terminated.

While receiving LTD benefits, any health/dental/vision deductions will be deducted from the employee’s LTD benefit.

All medical leaves will run concurrently with all federal and state leaves.

During medical leaves under the Company medical leave policy, employees are responsible for contributions to all benefit plans as if actively at work. If an employee fails to return to work for reasons other than for a substantiated continued health condition or circumstances beyond their control, the employee may be required to repay Company for all health premiums paid on the employee’s behalf during the leave.

Employees who qualify for medical leave under this policy, upon their return to work will be restored to the same or an equivalent position after the leave, except in certain cases where the person has been designated as a "key employee" or where the employment would not have continued had the employee not been on leave. Employees returning from leave may be required to supply a "fitness for duty" release from their attending physician if the leave was for their own health condition. Employees on medical leave of absence are considered unable to perform essential job functions, and as such are not allowed to perform work outside of the Company workplace during an approved leave.

The Company may require employees requesting medical leave or returning to work from medical leave to be examined by a physician designated by the Company. Any such examinations will be paid for by the Company.

PROCEDURE:

Employees applying for a medical leave-of-absence must be under the direct care of a physician and must submit medical certification directly to the Company Administrator. Employees may be required to undergo a periodic medical examination by a physician designated by the Company in order to ascertain the employee's condition.

For medical leaves, the Company will require medical certification for an employee's own serious health condition prior to the start of the leave unless the condition requiring medical leave is unforeseeable in which case such medical certification must be provided within fifteen (15) days of the request for leave, or as soon as practicable. Upon proper submission of medical documentation in support of a medical leave request, employees will be placed on medical leave in accordance with the attending physician's instructions. Employees will be advised in writing of their status including the beginning and ending dates of their medical leave and the procedures for returning to work or extending their medical leave.

Medical leaves of absence which qualify under this policy may be covered by certain insurance programs such as short-term-disability (STD), long-term-disability (LTD), workers' compensation or disability pension. When it is not covered by one of these insurance programs, leaves will be unpaid.

PERSONAL LEAVE-OF-ABSENCE

A personal leave-of-absence without pay for a period normally not to exceed sixty (60) days may be granted by the Company for urgent personal reasons to employees with at least six (6) months of continuous employment. Requests for personal leave-of-absence must be made in writing to the employee's supervisor

and the unit's senior human resources officer. Each request will be decided on its own merit at the sole discretion of the Company.

LENGTH OF SERVICE

Length of continuous service for the purpose of this policy shall be computed from the original date of hire.

Length of continuous service will be broken by the following:

- Absence from work for more than three (3) consecutive days without notice to the Company;
- Voluntary termination or resignation by the employee;
- Discharge for cause;
- Failure to return to work upon the expiration of an approved leave-of-absence or the extension of an approved leave-of-absence.

LETTER OF UNDERSTANDING – FLEXIBLE WORK SCHEDULES

The Company and the Union agree to establish a flexible work schedule consisting of four (4) days of ten (10) hours per day. Employees who volunteer for this schedule will be eligible for time and one half for all hours worked in excess of ten (10) hours daily and forty (40) hours per workweek.

Administrative Guidelines for Flexible Work Schedules:

Employees who are scheduled for the flexible workweek will receive holiday**,** vacation, sick pay, bereavement, and jury duty in accordance with paragraph (1).

Holiday allowance paid on non scheduled work days will not be used to trigger the payment of overtime beyond the forty (40) hour workweek.

Shift allowances are governed by Article VII, 4.

Employees working the flexible work schedule who are required to work two (2) hours or more beyond their normal work schedule will be eligible for a meal allowance.

When an employee is absent who is on the Flexible Work Schedule, the Company, if necessary, will seek volunteers to cover the employee’s flexible shift.
Schedule may be changed by the Company from time to time in accordance with operational requirements, in which case such schedule changes shall be made with not less than twenty-four (24)-hours notice.

CALL SHARING AGREEMENT

Effective upon the ratification of the contract, in order to ensure timely customer response, first contact resolution, and to provide an excellent customer experience, the parties agree to enter into a call sharing agreement with other Eversource contact centers, where rules allow. The call sharing agreement is defined as follows:

When calls intended for other Eversource Contact Centers originate in the Springfield Contact Center, and/or the customer initiates a request regarding multiple Eversource accounts when speaking with CSRs in the Springfield Contact Center, all Local 12026 Springfield Contact Center employees will be trained to handle the following call types from other centers, where rules and system requirements allow:

- Electric outage calls
- Electric billing calls
- Electric moving calls, including move-in, move-out, and transfer of service calls
- Electric meter and service order calls

Conversely, when calls intended for the Springfield 12026 Contact Center originate in other Eversource Contact Centers, and/or the customer initiates a request regarding multiple Eversource accounts when speaking with CSRs in other Eversource Contact Centers, CSRs in those contact centers will be trained to handle the following EGMA call types, where rules and system requirements allow:

- Gas emergency calls
- Gas billing calls
- Gas moving calls, including move-in, move-out, and transfer of service calls
- Gas service calls, including IPI/PT and meter exchange calls

Customer consultations and/or escalations across all contact centers will be handled by Resolution Specialists trained for the operating company that the customer consultation or escalation is regarding.

In addition, periodically based on existing conditions and business need, Local 12026 Springfield Contact Center employees may be offered the opportunity to voluntarily handle calls from other Eversource Contact Centers, including working voluntary overtime to assist with the above listed call types.

Any request for other Contact Centers to provide assistance to the Local 12026 Springfield Contact Center, outside of the scope covered herein, will be bargained with Local 12026 leadership in advance.

CHANGE OF OPERATIONAL HOURS

Upon ratification of the contract, the following changes will be implemented to the existing MOA ("Memorandum of AGREEMENT: Call Center Change of Operational Hours Agreement Amended: May 15, 2024"):

This letter is to confirm Eversource Gas Company of Massachusetts's (the "Company") February 4, 2022, agreement with the United Steelworkers AFL-CIO-CLC, Local Union 12026 (the "Union"; and together with Company, the "Parties") regarding the Call Center change of operational hours. Originally effective February 4, 2022, and effective May 15, 2024, as amended, as follows:

Effective upon execution of this Agreement, the Parties agree to adopt the following:

- Effective Sunday, March 20, 2022, regular business hours of operation for the Call Center will be Monday through Friday, 8:00 AM to 6:00 PM, for all regular business calls.

- The Call Center will be open for emergency calls only during non-regular business hours as follows:

    - Each evening, Monday through Thursday from 6:00 PM to 8:00 AM
    - Friday from 6:00 PM until Monday at 8:00 AM

- During non-regular business hours, the Company will staff the Call Center with one rep per shift. Shifts will be filled per the CBA.

- The CSR staffed during non-regular business hours will be skilled to handle electric outage calls from Connecticut, New Hampshire, and Western Massachusetts, as needed.

- The Call Center Rep working 2nd and 3rd shifts may be eligible to work from home. Employees must be in good standing (no active discipline, and excluding consultations) to be eligible to work from home. Once active discipline is removed, employee may be eligible to work from home. Employees who are not in good standing may bid and work from the Call Center.

- Priority calls (PR) received during non-regular business hours with a wait time over two minutes will continue to roll over to the Westwood Contact Center.

- If a Call Center Rep who is scheduled to work shift(s) during non-regular business hours (as defined above) is scheduled to be absent for at least a full week, such shift(s) will be covered by another Call Center Rep. The shift(s) will be filled per the CBA (cover shift process).

- If a Call Center Rep, who is scheduled to work shift(s) during non-regular business hours (as defined above) is absent for less than one week for any reason, depending on business needs, the Company may poll for volunteers to cover such shift(s) or a portion of such shift(s) per the CBA. If there are no volunteers to cover the shift, all calls received during such shift(s) will be forwarded to the Westwood Contact Center.

- The Call Center will be closed on the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas. The Call Center will be open for emergency calls only on the following holidays: Martin Luther King Day, Presidents' Day, Columbus Day, and Veterans' Day. Coverage for holidays will be filled per the CBA. There will be one Call Center Rep per shift. The Company reserves the right to open on any holiday due to business needs.

- The Company and Union agree to meet to discuss a Performance Based Work from Home Program after the implementation of OMNI.

LETTER OF UNDERSTANDING - OUTSOURCING

Eversource Gas of Massachusetts ("Company") will not outsource any USW Local 12026C ("Union") work or positions before May 15, 2029.

All prior Past Practices and memoranda that are or were in existence at the time of the 2020 Asset Acquisition or have arisen since, will become null and void at the expiration of the 2024-2029 contract.

Within at least 60 days of the date this Agreement, the parties agree to meet, discuss, and resolve housekeeping items.

XX. APPENDIX C

Miscellaneous

1. The Facilities Coordinator shall have clerical duties, including processing invoices and requisitions, for the following EGMA locations: Lawrence; Shrewsbury; Westborough.

2. Revise job descriptions for Customer Service Associate II; Customer Resolutions Specialist; Gas Operations Clerk.

3. Create job description for Credit and Collections Resolution Specialist. When the Senior Customer Service Associate II position becomes vacant, the Company shall post the vacancy as a Credit and Collections Resolution Specialist position.

4. Effective upon ratification, the Company and Union agree that Resolutions Specialists in the Springfield 12026 Contact Center will take escalated electric outage calls during emergency restoration events.

5. Upon ratification of this agreement, the Company agrees to post one additional Customer Resolutions Specialist. The successful bidder will be required to take and pass the Customer Resolution Specialist testing.

   In addition, the parties agree to meet and discuss the need for an additional Customer Resolutions Specialist 365 calendar days following the ratification of the agreement.

6. Upon ratification of the 2024-2029 Agreement, the Company and Union agreed to expunge employee discipline related to the previous attendance policy.

I. INTRODUCTION

1. AGREEMENT

AGREEMENT made and entered into this 9th day of May 2018 by and between EVERSOURCE GAS COMPANY OF MASSACHUSETTS, SPRINGFIELD DIVISION (hereinafter the "Company") and UNITED STEEL, PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL and SERVICE WORKERS INTERNATIONAL UNION, AFL-CIO-CLC (hereinafter called the "Union") on behalf of LOCAL UNION NO. 12026 and, together, with the Company, the "Parties".

Within one year of the Asset Purchase closing date, the parties will meet to discuss a merger of the 12026 Clerical CBA and the 12026 Physical CBA.

2. PURPOSE OF AGREEMENT

WHEREAS, the parties hereto have reached an Agreement as a result of collective bargaining for the purpose of facilitating the peaceful adjustment of differences, if any, that may arise from time to time, and to promote harmony and efficiency, the parties hereto contract and agree as follows:

II. RECOGNITION

1. UNION RECOGNITION AND BARGAINING UNIT

The Company agrees and does hereby recognize the Union as the exclusive representative of all employees located at Springfield to whom this Agreement applies for the purpose of bargaining in respect to rates of pay, wages, hours of employment, or other conditions of employment.

The employees to whom this Agreement applies are only those employees located at Springfield, Massachusetts, in the classifications and departments of the Company set forth in Appendix A. This Agreement does not apply to all office employees, guards, professional employees and supervisors as defined in the National Labor Relations Act as amended.

At a time to be determined, but prior to the closing date of the Asset Purchase, the Company will make offers of employment, under the terms set forth in the MOA, to all employees who are members of Local 12026 (the "Springfield Employees"), and who are either: (a) actively employed in good standing by CMA on the closing date; or (b) employed in good standing by CMA on the closing date and on a company-approved leave of absence or disability leave. The Company's initial offers of employment to those Springfield Employees actively employed in good standing by CMA on the closing date shall be for employment effective as of

the closing date. The initial offers of employment to Springfield Employees who are on a company-approve leave of absence or disability leave shall be for employment, as set forth in the APA, effective as of the earlier of: (i) the date such Springfield Employee is scheduled to return to work, and (ii) six (6) months following the closing date or, if later, the expiration of such Springfield Employee's statutory return right under applicable law.

III. RESPONSIBILITY

1. RESPONSIBILITY OF MANAGEMENT

The Union agrees, for itself and its members, not to hinder or interfere with the management of the Company in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work, but in the exercise of these responsibilities in management, the Company agrees that it will not discriminate against any member of the Union. This article shall in no way abrogate any other clause in this Agreement.

The Company retains the right to employ, transfer, promote or discharge employees, regardless of membership or non-membership in the Union.

2. RESPONSIBILITY OF THE LOCAL UNION

In consideration of the commitments assumed by the Company in this Agreement the Local Union agrees that its officers and members will cooperate directly and indirectly with the efforts of the employer to maintain high efficiency, productivity, and competence in the work force and to train employees to improve their skills and abilities.

The Local Union agrees that it will encourage its members to suggest improvements in practices and procedures and to welcome changes introduced to: improve service and performance; reduce costs, waste, damage and accidents; increase individual productivity. The Local Union agrees to support the efforts of management to provide economical and quality services to consumers and to encourage work assignments which fully utilize the skills and time of individual members.

3. RESPONSIBILITY OF EMPLOYEES

a. Employees shall individually and collectively work so as to maximize operating efficiency and individual and group productivity. They shall make every effort to protect the property of the Company and represent the best interest of the Company in their relationships with consumers and the public.

b. Employees shall not engage in work for pay on their own or for another employer when there may be a conflict of interest between the services provided by the Company and the activities of the employee.

4. NO STRIKE - NO LOCKOUT

While this Agreement is in force there shall be no lockout of the employees by the Company and neither the Union nor its members will cause or participate, directly or indirectly, in any strike or stoppage of work.

5. CORRECTIVE PROCEDURE

In further consideration of the mutual commitments contained herein, the parties hereto expressly agree that neither party shall bring, or cause to be brought, any court or other legal or administrative action against the other until the dispute, claim, grievance or complaint shall have been brought to the attention of the party against whom it shall be made and the said party, after actual notice of the same, shall within a reasonable time, fail to take steps to correct the cause of circumstances giving rise to such dispute, claim, grievance or complaint.

6. COMPLIANCE WITH LAWS AND REGULATIONS

In the event that any provision of this Agreement shall at any time be declared invalid by any court of competent jurisdiction, or by any duly constituted governmental agency of the United States or the Commonwealth of Massachusetts, such decision shall not invalidate the entire Agreement, it being the express intent of the parties hereto that all other provisions not so declared invalid shall remain in full force and effect.

7. NON-DISCRIMINATION

a. The parties to this Collective Bargaining Agreement agree that it shall continue to be their policy to prohibit discrimination of any persons because of pregnancy, race, creed, color, national origin, age, sex, religion, union activity, disability, veteran, disabled veteran, Vietnam Era Veteran, marital status, sexual orientation, sexual identity, genetic information or any other characteristic protected or covered under any applicable law in hiring, lay-off, promotion and all other terms and conditions of employment.

b. All reference as to the masculine gender in this Agreement shall be also construed to refer to the feminine gender where applicable.

8. SIDE AGREEMENTS AND EFFECT OF AGREEMENT

During the term of this Agreement the Union and the Company will review all jointly signed letters or memoranda of agreement or recognized past practices and present such letters, memoranda or practices which it wishes to have continue.

Where the parties agree to continue such memoranda or letters of agreements or past practices they will continue.

Where the parties disagree on such memoranda or letters of agreement or past practices, they will be a subject of bargaining in the succeeding contract; however, they will continue in force during this Agreement.

Written grievance settlements between the Company and the Union shall continue in full force and effect.

IV. UNION MEMBERSHIP

1. UNION SHOP

It is agreed that all employees who are members of the Union as of the effective or execution date of this Agreement and all employees who thereafter have become or may hereafter become members of the Union, shall remain members of the Union in good standing for the duration of this Agreement as a condition of continued employment by the Company; and further that all new employees covered by this Agreement hired after the date of this Agreement shall after thirty (30) days of employment, become members of the Union and remain members in good standing for the duration of this Agreement as a condition of continued employment. Good standing shall mean only the payment of the initiation fee and periodic dues.

2. REGULAR EMPLOYEES

The term "regular employee" means those employees holding positions authorized to be filled by management who are scheduled to work at least 1,000 hours in a calendar year.

3. TEMPORARY EMPLOYEES

The term "Temporary Employee" means those hired and paid directly by the Company to fill temporary jobs such as seasonal construction in the Distribution Department. Temporary Employees will not exceed twenty-five (25) in number. Any such employee who shall have worked six (6) consecutive months for the Company may thereby become a regular employee with seniority as of the date of hire, if regular positions are available. Temporary Employees are not covered by the provisions of this Agreement. The Company, within its discretion, may sever the employment of temporary employees.

The Company agrees that when Temporary Employees are used in the Distribution Department, no employees in the bargaining unit will be laid off. If an employee is on layoff from the bargaining unit and still has recall rights, he/she will be recalled in accordance with the contractual recall provisions prior to using temporary employees.

The normal work day shall consist of eight (8) hours and the normal work week shall consist of five (5) days. The normal work week will run Monday thru Friday, except weeks in which a holiday falls. Temporary Employees will be allowed to work up to two (2) hours of incidental overtime per job when the job necessitates it at the end of the shift. Scheduled overtime will be given to Temporary Employees only when all regular Distribution Department workers have been offered the scheduled overtime work.

Neither the Company nor the Union shall use any type of past practice, understanding, or other agreement, in existence prior to the effective date of this Agreement, outside the Collective Bargaining agreement, to oppose the operation of this Section.

4. PROBATIONARY EMPLOYEES

The term "probationary employee" means those hired on a six (6) months trial to fill regular authorized positions which are open or expected to be open. It is understood that if such probationary employees are found satisfactory and if the positions are still open, they will become regular employees.

The Company may request to extend the six (6) month period for probationary employees for up to an additional six (6) months provided written notice is given to the Union ten (10) days before the extension and if the Union is not satisfied with the reasons for the extension, it may register its objection and the extension will not be granted.

Probationary employees are covered by the provisions of this Agreement and during the probationary period shall be eligible for all benefits, but the retention of a probationary employee is at the discretion of the Company and termination of employment during the probationary period or extension thereof shall not be subject to review through the grievance and arbitration procedure.

5. CHECKOFF

The Company shall deduct from wages weekly and to remit monthly to UNITED STEEL, PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL and SERVICE WORKERS INTERNATIONAL UNION, 5 Gateway Center, Pittsburgh, Pennsylvania the membership dues and initiation fees uniformly required of each employee on whose account such deductions are to be made, pursuant to a written assignment on a form approved by the Company. Membership dues shall be as designated by the International Secretary/Treasurer and certified by the UNION to the COMPANY. Such form shall contain such provisions concerning irrevocability, duration, revocation and automatic renewal as the UNION may request but only to the extent that such provisions comply with the applicable requirements of Section 302(C) of the Labor Management Relations Act, 1947, as now or hereafter amended, as said requirements may from time to time be interpreted by appropriate governmental authorities.

The Union shall indemnify and save the Company harmless against any and all claims, including legal fees, which may arise out of or come into being by reason of any action taken or not taken by the Company for the purpose of complying with this dues deduction provision.

The individual written authorization by the employee shall be delivered to the Company on cards similar to the card attached, marked Appendix C and made part hereof.

V. HOURS OF WORK

1. WORKDAY, WORKWEEK

The regularly scheduled working day will consist of not more than eight (8) hours and the regularly scheduled working week will consist of not more than forty (40) hours. For administrative purposes only, it is understood that the workday begins at 12:00 a.m. and the workweek begins Sunday at 12:00 a.m. and the workweek is Sunday through Saturday.

"Straight-eight" work days – the Company will temporarily continue the practice of certain Springfield Employees working "straight-eight" work days where they are working such schedules as of the effective date (September 2, 2020) of this MOA continuously up through the period immediately prior to the closing of the Asset Purchase. The Company and Local 12026 agree, however, that effective November 1, 2021, the Company, unilaterally and at its sole discretion, has the right to change the schedules of all such employees to 8 ½ hour days with a ½ hour unpaid lunch.

2. WORK SCHEDULE

A workday schedule will be posted each Friday and so arranged that the day or days off of each employee will be alternated from week to week so that each employee, insofar as practicable, can receive consecutive days off.

3. WORK SCHEDULE CHANGES - LUNCH PERIOD

A regular place and stated hour for reporting for work will be given each employee. Due notice of not less than twenty-four (24) hours shall be given by the supervisor of any change in place or starting time, except in cases of emergency. The hours of work shall be continuous, except those operations where time is usually taken off for lunch. Such a lunch period shall not be less than nor more than thirty (30) minutes. The time for beginning the lunch period will be within five (5) hours of the starting time. Should an employee be approved to work through his lunch period, he will receive time and one half for work performed.

Employees assigned to work where eight (8) hours of continuous operation is necessary shall be allowed a meal period of twenty (20) minutes with pay. Such meal time to be taken so as not to interfere with continuous operations of service.

4. WASH-UP

Where practicable, the Company will allow up to ten (10) minutes wash-up time at the end of the workday.

5. ATTENDANCE - NOTICE OF ABSENCE

Any employee who expects to be absent from work must notify HRConnect as soon as possible, but in no case less than one-half hour (3 hours in the case of a second or third shift employee) where practicable before his/her regular time for starting work, stating cause of absence and when he expects to be able to return to work. In the event the employee isunable to reach HRConnect, he must contact his immediate Supervisor.

6. ATTENDANCE IMPROVEMENT

Employees shall comply with all reasonable regulations introduced to govern reporting of absence and control of any abuse.

The Union and the Company agree to review periodically the attendance and disability benefit claims made by employees for the purpose of correcting any problems that may occur.

The procedure for improving attendance is included as part of this Agreement. (See Appendix D)

7. UNION LEAVE OF ABSENCE

Without loss of seniority rights, employees who are members of the Union when delegated or elected to transact business or matters pertaining to the Union shall be granted such leave of absence as may be approved by an officer of the Company.

Upon request of the President of the International Union or his designated representative, to the appropriate officer of the Company or his designated representative, an employee hired by the International Union on a temporary or regular basis shall be granted a leave of absence without loss of seniority, but without pay, for the period of twenty-four (24) months.

8. PARENTAL LEAVE

An employee who has completed the six (6) months probationary period and who is pregnant will be eligible for a maternity leave without pay and without loss of seniority, not to exceed six (6) months, including the period of paid disability, vacation and unpaid leave (unpaid leave cannot exceed three a (3) months) and upon return to work shall be restored to the previous position or a similar position with the same status as of the date of leave unless operating conditions occur during the absence which affect the employee's seniority status.

An employee, who is not eligible for parental leave referenced in paragraph one but who has completed three (3) months of service, may be eligible for parental leave, per Massachusetts law, for up to eight weeks of unpaid leave for the purpose of giving birth or for the placement of a child under the age of 18 (or under the age of 23 if the child is mentally or physically disabled) for adoption. The employee is required to provide at least two (2) weeks' notice of his anticipated departure, or as soon as practicable if the delay is beyond his control and state his intent to return to work.

Health and life insurance shall be continued the duration of each parental leave granted. However, the employee must continue to contribute toward the cost of any benefit plans that require employee contributions during the leave of absence.

Holidays occurring within any disability period are paid under the disability provision of the Labor Agreement.

Holidays occurring within any unpaid leave of absence shall not be paid.

If an employee has medical complications, the paid leave period provided under Article XVI. Personal Security shall apply in accordance with applicable laws.

VI. WAGES

Any increase in salary agreed to by the parties will be effective January 1, 2021. The parties further agree that, on or before the second pay day in 2021, each Springfield Employee employed as of that date will be paid a lump sum bonus equal to the percentage increase that is effective January 1, 2021, multiplied by the total gross earned wages for that employee for the time worked from October 1, 2020 (or the date of hire by the Company, if different) through December 31, 2020 (or the last date on which the Springfield Employees are paid through NiSource's payroll system, if different). In the event any employee terminates employment prior to January 1, 2021, he will be paid such lump sum bonus at the same time as stated above and calculated by multiplying the percentage increase that would have been effective January 1, 2021 by the total gross earned wages of that employee from October 1, 2020 (or the date of hire by the Company, if different) through his date of termination.

Effective January 1, 2021, the payday for Springfield Employees will change from Friday to Thursday and will remain weekly.

The parties understand and agree that, for a period of time up to but not to exceed two (2) years from the closing of the Asset Purchase (such two-year anniversary occurring on October 8, 2022), due to payroll and benefits systems transitional issues, the Company may not be able to process payroll, health and welfare benefits, and/or retirement benefits for the Springfield Employees in accordance with the terms of the September 2, 2020 MOA. Accordingly, the parties understand and agree that the Springfield Employees may begin employment with the Company under certain temporary, interim terms and conditions of employment as provided in this paragraph. Such temporary, interim terms and conditions of employment may include the following: (a) health and welfare benefits and retirement benefits will or may be provided by plans that "mirror" all or some of the terms and conditions of certain CMA health and welfare and retirement plans, but that are sponsored and maintained by Eversource Energy Service Company or the Company (the "Mirror Plans"); and (b) payroll services will or may be provided by NiSource Inc. under the payroll practices in effect under the Local 12026 CBAs as of the time of the closing. Notwithstanding the foregoing, the parties understand and agree that the terms and conditions of employment for the Springfield Employees will be as set forth in the September 2, 2020 MOA subsequent to the period described in this paragraph.

1. WAGE LEVELS

Grandfathered employees will receive negotiated general wage increases in future collective bargaining agreements.

It is agreed that effective January 1, 2021, the existing side letters relating to stipend payments for the Maintenance Mechanic, Lead Service Technician, and Senior Lead Distribution Operator shall cease to be in effect.

Wages shall be paid to employees in accordance with Classifications, Job Classifications, and Wage Schedules shown in Appendix A attached hereto and made apart hereof.

A. All present job rates are to be increased effective May 15, 2018, by three percent (3%).

B. All present job rates are to be increased effective May 15, 2019, by two percent (2%).

C. All present job rates are to be increased effective May 15, 2020, by three percent (3%).

D. All present job rates are to be increased effective May 15, 2021, by three percent (3%).

E. All present job rates are to be increased effective May 15, 2022, by three percent (3%).

F. All present job rates are to be increased effective May 15, 2023, by three percent (3%).

2. DETERMINATION OF RATE OF PAY

Rate of pay shall be determined by job classification. (Wage and Step Increase Schedule Rates of Pay – Appendix A)

3. WAGE RANGES

Wage ranges are established for each job classification. A minimum and maximum rate applies to each job.

4. WAGE DETERMINATION

Wage differentials between jobs are based on differences in responsibilities, skills and duties.

In the event a new job is established, or a substantial change is made in the duties of an existing job, the rate for the new or changed job shall be established by the Company, based on its equitable relationship to other jobs.

During the thirty (30) day period immediately preceding the expected date of the change, the Company shall discuss the appropriate wage classification and rate with the Union. If the Union disagrees it shall have the right for a period of six (6) months thereafter to appeal the Company's decision through the grievance and arbitration procedure, and the final rate determination shall be paid as of the date the job was filled or changed.

5. WAGE ADMINISTRATION

The Company establishes job classifications and the combination of duties that make up a job classification also determines whether or not a classification shall be filled and how many individuals are required in a classification at any time.

Individuals within a classification are required to perform all duties included in the classification.

To be eligible for promotion, employees bidding for posted openings must meet the minimum qualifications established for the job.

To be eligible for promotion within a related series of classifications, employees shall begin in the lowest classification in the series and pass a job-related examination and complete required service in each successive level.

6. WAGE PROGRESSION

Progression to the job maximum rate shall be in intervals of no longer than a maximum of six (6) month service steps from the date of entry into the job.

7. TRANSFER BETWEEN JOBS NOT IN A RELATED JOB SERIES

a. **To a Higher Job Classification**

An employee who bids to a job in a higher paid classification shall be paid the minimum for the job or the step rate next above his present rate, whichever is higher, and continue the established progression for the new job classification.

b. **The Same Wage Job Classification**

An employee who bids to a job in the same classification shall be paid his present rate and continue the established progression, if any, to the maximum job rate.

c. **To a Lower Wage Job Classification**

An employee who bids to a job in a lower classification shall receive the step rate nearest his present rate but not to exceed the maximum job rate for the new job and continue the established progression, if any, for the new job classification.

8. TRANSFER TO AND WITHIN A RELATED JOB SERIES

An employee bidding and entering a related job series shall begin at the step rate next above his present rate but not to exceed the median progression rate for the related job series and shall remain at this rate in the classification and shall then progress as qualified from step as scheduled, provided periodic examination verifies continued eligibility.

9. TEMPORARY ASSIGNMENTS

The Company may temporarily assign employees not in the progression within a related job series, to jobs outside of their classification for up to 180 calendar days. Any transfer exceeding 180 calendar days will be limited to illness/accident, vacation coverage, restricted duty, pending job vacancies and other unforeseen business conditions. Employees temporarily assigned to a job in a higher classification shall receive the top of the rate of pay for the position to which he is assigned.

Employees assigned temporarily to a higher rated job for periods of three (3) hours or less but more than one-half (1/2) hour shall receive the higher rate of pay for actual time worked on the higher rated job that day. Such time shall be calculated on a cumulative basis.

Employees assigned temporarily to a higher rated job for periods of more than three (3) hours shall receive the higher rate of pay for all straight time worked that day.

This shall not apply where employees are learning the duties of the new job. If an employee is awarded a position to which he has been transferred to in the past, they will receive credit for the time spent in said position and the appropriate progression rate will apply.

An employee in progression within a related job series is expected to perform any assignment within the series that is covered by the training received prior to such assignment at his regular rate of pay.

Employees temporarily assigned to a lower rated position shall retain their regular rate of pay.

Selection of employee to be transferred shall be in accordance with Article XV. Seniority.

10. CLASSIFICATION ADDITIONS AND MODIFICATIONS

The Company agrees upon ratification of the collective bargaining agreement to implement the following changes to existing job classifications:

A. The Locate/Leakage Technician will be retitled “Service Technician D” and will retain all duties of the Locate/Leakage Technician. Wages will be based on the Service Technician D classification.

B. The Company agrees to conduct a transfer bid, limited to employees currently holding the “Utility Worker General” position to be moved into the “Service Technician A” classification. All job tasks and responsibilities currently associated with the “Utility Worker General” classification will be merged with the job duties assigned to the “Service Technician A” classification. In addition to the duties described in the current job description, the “Service Technician A” job classification will include the responsibilities listed below:

a) Use of company approved gauges and leak detection equipment to test service and house lines.
b) Grade and pre-mark gas leaks.
c) Complete any job assessment form required.

Upon approval from the appropriate governing body, "Service Technician A", will be permitted to repair leaks on jurisdictional pipe and adjust, repair or replace domestic regulators.

The successful bidder will be placed at the appropriate wage grade/step in the labor grade 8 "Service Technician A" classification.

Throughout the term of the agreement, any "Service Technician A" who achieves a gas fitters license, and who communicates his desire to be promoted, will be permitted to progress into the "Lead Fitter" classification with appropriate wage progression.

C. Meter Reader/Collectors will be paid at a rate of $40.00 per hour as of September 2, 2020, for all individuals listed in Attachment A of the MOA. Once WorkForce mapping has been complete, future hires into this position will be hired into the position of Local 369 Field Service Representative.

D. The Parties agree to meet during the Transition Period to discuss the need for a Lead Welder position.

E. A new classification of Service Tech/Fitter will be created. New positions posted in the meter service department will be posted as a Service Tech/Fitter and employees hired into this position will be required to obtain a Massachusetts Gas Fitters License. Current Service Technicians will not be required to obtain this license but may do so voluntarily and move to the Fitter classification. In addition, current CMA employees who had formerly held the Service Technician A (fully qualified) position would also be exempt from the new license requirement. In the event such employees voluntarily choose to obtain this license, they also would be eligible to move to the Fitter classification.

F. Maintenance Mechanic M&R - As of September 2, 2020, employees in the Maintenance Mechanic M&R position identified in Attachment A of the MOA will be paid at a rate of $51.72 per hour. These employees will then be grandfathered for the duration of their employment at this rate. New employees hired into this role will be hired as Local 12004 General Technician A positions (refer to wage table Appendix A). The parties agree to meet and discuss the job specifications and duties of the existing M&R positions during the Transition Period.

G. Inspector - Effective January 1, 2021, Inspectors will operate pursuant to the procedure attached as Attachment E of the MOA and Attachment E of this Agreement. It is understood that Inspectors will be selected by seniority provided they are trained and qualified to operate as Inspectors (See Attachment E).

H. LNG Plant Operators and Plant Operations and Maintenance Assistant - Local 12026 agrees, with respect to the LNG facility, that the workforce will be split between Operators and Maintenance workers, but that any employee currently in a Plant Operations Maintenance Assistant position will be grandfathered with his duties as of the closing of the Asset Purchase and will be paid according to Attachment A of the MOA. Local 12026 further agrees that during the Transition Period, it will meet with the Company's representatives to discuss a Time Merit Progression ("TMP") program which future Operator and Maintenance employees will be required to complete in order to remain in their Operator and Maintenance positions. Existing employees will be required to train and qualify pursuant to the TMP program, but will not be subject to removal if not able to successfully complete the TMP. New employees hired into these classifications prior to May 15, 2021 will be hired at the rate of $45.65/hour for LNG Operators and $42.94/hour for LNG Maintenance Mechanic.

I. Lead Distribution Operators will be mapped to a 12004 Working Leader Distribution. Working Leaders who operate a backhoe for more than four hours per shift will be upgraded to Working Leader/Backhoe Operator at a rate of $49.84. It is understood that the existing roster of Equipment Operators will be polled for 14 Backhoe Operator positions at $46.62/hour. The remainder of the CMA roster will become Distribution A positions at $45.76/hour.

J. The Lead Meter Repair position will receive a 3% increase on rate of pay as of September 2, 2020 and will then be grandfathered for the duration of their employment at this increased rate. Future employees hired into this position will be hired as a Local 12004 Meter Repair Technician.

K. The Instrumentation/Service Tech will receive a 3% increase on their rate of pay of September 2, 2020 and will then be grandfathered for the duration of their employment at this increased rate. Future employees hired into this position will be hired as a Local 12004 SMMT position.

L. Should a Lead Storekeeper position be posted, it is agreed that the position will be paid the rate for a Working Foreperson Store in the Local 12004 CBA, $45.31 per hour.

M. The position of Senior Lead Distribution Operator will become Training Coordinator/Distribution. This position will be posted under the Local 12004 CBA job specifications and agreement regarding the Training Coordinator/Distribution position. Employees must meet the minimum qualifications for the Distribution Department in order to be considered.

N. Each current employee (2) scheduled to be hired into the existing Patch Operator position will be classified as a Distribution Tech PT as described in the Local 12004 CBA, at a rate of $30.39 per hour. The Company agrees that it will not, insofar as is practicable, contract out work normally performed by distribution employees when contracting out would result in fewer than 37 distribution employees.

VII. EMERGENCY RESPONSE

Emergency response is the highest priority type of work or activity. To improve and ensure maximum emergency response, an "Emergency Responder" rotation process shall be established to respond to all "Gas Leaks, Low pressure/No Gas Orders, and Carbon Monoxide orders".

Effective 5/1/2016, all qualified employees, including but not limited to, distribution, service, and metering shall be required to participate in the Emergency Responder rotation process. Construction Crew will be required to participate in Emergency Response as outlined in Article XIII, Section 3.

Process

1. A rotation process shall be established for designating "Emergency Responders".
2. Emergency responders shall be determined by qualification and closest geographic proximity to an emergency regardless of work location.
3. Emergency shall be defined as any Gas Leaks, Low Pressure/No Gas Orders, and Carbon Monoxide orders.
4. Emergency responder rotation will be determined on a daily (24 hr.) or weekly basis as determined by management and discussed with the union.
5. Gas Dispatch will be provided with one (1) contact number for each Emergency Responder that the employee will be available at for emergency response.
6. Each Emergency Responder is required to work the number of emergency response rotations assigned each year.
    A. In the case of a personal emergency, it is the employee's responsibility to directly contact his Supervisor.
7. The order in which Emergency Responders are called shall be determined by management and discussed with the union.
8. Emergency Responders shall be required to take a company vehicle home.
9. Emergency Responders will be determined by management and discussed with the union.
10. Emergency Response will be an agenda item at all Labor/Management meetings.

Compensation

Emergency Responders on rotation will be paid Emergency Responder pay of $35.00 per day Monday through Friday, and $50.00 per day on Saturdays, Sundays and holidays.

Emergency Responders on rotation shall be entitled to Emergency Responder pay, in addition to pay for actual time worked if called.

ASSIGNMENT OUTSIDE REGULAR REPORT AREA

When an employee is required to work outside his normal report area, at the start of the day, the following will apply:

1. Without forty-eight (48) hours' notice, the employee has the option of reporting directly to his re-assigned location or his normal report area. Should an employee choose to report to his normal report area, he will be transported by the Company to and from the re-assigned location. In no case will an employee be required to travel on his own time or provide his own transportation on such an assignment. If an employee elects to report directly to his re-assigned location, he will be compensated in accordance with paragraph 2. outlined below.

2. With forty-eight (48) hours' notice, the employee may be required to report directly to his re-assigned location. If such is the case, the employee will be required to travel on his own time and provide his own transportation. An employee will receive an allowance equal to one (1) hour of his straight time base rate for each way of the required travel.

3. The Company will solicit for volunteers based on Company seniority. In the event there are no volunteers, the qualified junior employee will be assigned.

</table>

EMERGENCY WORK PREMIUM

When an employee is assigned to work outside his normal report area for a period of more than 24 continuous hours, including travel time, the method of payment will be as follows:

1. The employee so assigned will be paid for working time at the applicable overtime rate, and for rest time at his regular straight time rate.

2. The Rest Period Policy will not apply during this emergency work when employees are being paid under (1), but every effort will be made to give employees adequate rest time.

3. If a holiday occurs during this assignment, working time shall be paid for at the applicable holiday rate and rest time shall be paid at the regular straight time rate.

4. When the assignment is completed and the employees have returned to their own Report Area, the normal method of payment and rest time procedures will be in effect.

5. Employees covered by this Agreement, in like classifications, in the areas to which outside crews have been assigned in excess of 24 continuous hours, will be paid. according to the same premium method as the assigned crews covered by this Agreement. The rest period application will be the same beginning at the time the first outside crew arrives in the area and continuing until outside crews have left the area when the normal method of payment and rest procedures will be in effect.

6. If employees in other classifications are assigned and become working participants in the area of the service interruption for a period in excess of 24 continuous hours including rest time, the above provisions will apply.

7. Employees once assigned under the above conditions will not be reassigned to circumvent this Agreement.

VIII. CALLOUT ACCEPTANCE

The minimum percentage of individual callout overtime acceptance shall be 15%. Individual performance levels will be reviewed quarterly to verify employee's year to date acceptance rates. Failure to maintain the 15% callout acceptance requirement will be viewed by management as a performance issue and addressed accordingly.

All employees will be subject to a quarterly review of their callout performance and the Union will receive a quarterly list of the entire local.

Callout percentages will be discussed monthly at union management meetings and reviewed quarterly on a case by case basis.

IX. RESIDENCY REQUIREMENT

A Residency Requirement ensures that the Company fulfills its obligations as a regulated public utility. These obligations include the safe, reliable and efficient delivery of natural gas and related services to its customers without interruption and to respond timely to outages, leaks, and damage to its facilities and other emergencies. Therefore, all employees, with a hire date on or after May 15, 2018, are required, as a condition of employment, to reside and maintain residence within the Springfield service territory or no more than thirty (30) minutes travel time, under ordinary travel conditions, from the Springfield Operations Center.

X. QUALIFIED AND NON-QUALIFIED EMPLOYEES

1. DUTIES OF QUALIFIED AND NON-QUALIFIED EMPLOYEES

An employee will not be considered "qualified" until such time that both training and management have determined that the employee has completed his required training and isable to work independently.

Prior to being qualified, an employee will be limited to incidental overtime and will not be eligible for overtime, call out and/or emergency response.

After being qualified, employees will be considered for applicable overtime, call out, stand-by, emergency response and any applicable shifts or schedules which are traditionally determined by seniority.

Should the Company be unable to find qualified employees, regardless of from what department, non-qualified employees may be utilized to ensure that work is completed as scheduled.

Upon mutual agreement between the Company and the Union, employees in a classification that requires extended training may be eligible for overtime, prior to being fully qualified, with a fully qualified person present.

2. FAILURE OF OPERATOR CERTIFICATION REQUIREMENTS

The parties agree that, effective as of the Asset Purchase closing date (October 8, 2020), the Company has the right to require employees to acquire and maintain their operator qualifications through the Company's OQ program, and that this right includes the right to determine on what date such requirement will begin. Further, Local 12026 agrees to follow the wage and training progression set forth in the Agreement By and Between NSTAR Electric & Gas Corporation d/b/a Eversource Energy and The United Steelworkers, AFL-CIO-CLC on behalf of Local Union No. 12004 The United Steelworkers, AFL-CIO-CLC, which expires March 31, 2024 ("Local 12004 CBA"). The Company agrees to meet with Local 12026 during the period between closing of the Asset Purchase and January 1, 2021 (the "Transition Period") to provide additional details and answer questions regarding the training progression.

If an employee, who is required to be certified under the operator certification qualification requirements, fails to become certified within the time limits required for certification, such employee will be offered in seniority order the following options, provided the employee has the demonstrated ability to perform the available work.

Option 1: To take any open job where operator certification is not required, with preference in choosing among open jobs being given in accordance with seniority. "Open job" as used here includes jobs posted but not bid on. Employees exercising this option will be offered the same training offered to a successful bidder.

Option 2: Upon review by management, to determine if the failed task is essential, an employee may be able to continue to work in his assigned classification with an appropriate competent person within arms-length when the task is being completed, however the employee will be subject to the following stipulations until such time as he successfully completes the required operator qualification:

Should the employee fail the third test by less than 10%, Employee may be prohibited from working overtime and being called out.

Should employee fail the third test by 20% or more: Employee may have his Corporate Incentive Plan reduced by 50% for the current incentive plan year.

XI. ALLOWANCES

1. OVERTIME

a. An employee shall be credited with overtime for all work in excess of eight (8) hours worked in any one (1) day except where employees requests and it is agreed to schedule two (2) shifts in one (1) day (departmental payroll day) in order for the employee to obtain more consecutive or convenient time off, or in excess of forty (40) hours in any one (1) payroll week at one and one-half times his base wage rate.

b. Employees covered by this Agreement shall receive pay at time and one-half their base wage rate for all work that does not occur within their regularly scheduled work day or work week (except whenever the opportunity is offered employees to make up their forty (40) hour week, after having lost work due to conditions beyond the Company's control, such time shall be paid for at the straight time rate).

c. An employee who is required to work on the second day of relief in any consecutive 7-day period and having worked one hour of his first day of relief and all of his scheduled hours during such period shall be paid double time his regular base rate of pay for hours worked on said second day of relief. If during such scheduled hours of work, such employee is entitled to a paid rest period or is not scheduled to work on a scheduled holiday or floating holiday, or is off for union business, these hours are to be considered as worked for the purpose of the 7-day period. An employee who has earned premium in accordance with this provision will not be entitled to another such premium until he has again qualified for it, on the basis of work performed in another 7-day period.

2. OVERTIME DISTRIBUTION

Emergency and overtime work shall be distributed equally among the eligible employees insofar as practicable. Overtime work is to be given to the regular employees on the job, if possible.

3. REPORTING FOR WORK

Employees required to report for work at regular starting time are to be allowed a minimum of four (4) hours pay when, in the Company's opinion, conditions prevent work from being performed. If held on duty over four (4) hours, employees will be paid for actual time held.

4. RECALL TO WORK, TRAVEL TIME, AND EARLY CALL IN

a. **Recall to Work**

A recall to work occurs during non-scheduled hours when an employee is called back to work and is released before his next scheduled work hours.

If an employee is “Recalled to Work” during non-scheduled hours, such work time plus an allowance of travel time shall be paid as overtime. In no case shall this total be less than five (5) hours.

b. **Travel Time**

Travel time is one (1) hour’s pay, allowed to cover coming to and going from work, and applies only to “Recall to Work”. One half (1/2) hour’s pay will be paid as travel time on an “Early Call in”.

c. **Advance Notice**

The call-out allowance shall not apply when the employee has been given at least twelve (12) hours advance notice of such call-out. When this occurs, the rate and time-and-one-half for hours worked outside of the regular work schedule shall apply.

d. **Early Call In**

An early call in occurs when an employee is called in before his regular scheduled shift and continues working into that shift. "Early call in" will be paid at the overtime rate for time worked prior to regular starting time.

5. SHIFT AND SHIFT DIFFERENTIAL PREMIUMS

1. Shift differential or premium pay shall be in addition to the affected job classification base rates and shall be payable for regularly scheduled rotating shift jobs whenever and for such periods, other than "day" shift, as scheduled and shall be figured at the rate of two dollars and fifteen cents ($2.15) per hours worked during "afternoon" shift and two dollars and fifteen cents ($2.15) per hours worked during "night" shift.

2. Such pay shall not apply under the following policies: sickness, accident, vacation, holiday, leave of absence.

3. "Day", "afternoon", and "night" shifts shall be defined as follows:

   a. "Day" shifts shall include all shifts scheduled to start between 7:00 a.m. and 9:00 a.m.

   b. "Afternoon" shifts shall include all shifts scheduled to start between 12:00 p.m. and 5:00 p.m.

   c. "Night" shifts shall include all shifts scheduled to start between 10:00 p.m. and 12:00a.m.

4. If an employee is not entitled to a shift differential during his regularly scheduled hours, he will not receive a shift differential during overtime hours.

5. If an employee works into a shift preceding a succeeding his regularly scheduled shift, he will carry the premium or shift differential (if any) which corresponds with his regularly scheduled shift. This premium or shift differential (if payable) shall on overtime hours be multiplied by one and one-half. The past practice regarding shift differential on overtime worked on days of relief will continue.

6. All such shift differentials shall be increased as follows:

   a. Increased by $.10, effective August 16, 2021;
   b. Increased by $.10, effective May 15, 2022;
   c. Increased by $.10, effective May 15, 2023.

6. SUNDAY PREMIUM

A premium of 35% will apply to all regularly-scheduled hours of work on scheduled shifts, the majority portion of which shifts falls between 12 midnight Saturday and 12 midnight Sunday. This premium applies to basic hourly wage rates only, it being understood that the payment of such premium is limited to straight time worked.

7. STAND-BY

An employee in who, in addition to working his normal workweek, is required or requested to be on-call and must stand by available to respond immediately to a request to work anywhere in the service area of the Springfield Division shall be paid an allowance effective as follows:

ALLOWANCE ($275/week)
$35.00/day Monday through Friday
$50.00/day Saturday, Sunday and Holidays

Assignments pursuant to the stand-by provision shall be determined by the Company and made for a seven (7) day workweek. It is the intent of the Company to distribute stand-by assignments so that the opportunity to enjoy long weekends and holidays may be shared as equitable as is practicable.

8. MEAL ALLOWANCE

a. If the employee is required to work ten (10) consecutive hours or more, he shall receive a meal reimbursement not to exceed nine dollars and seventy-five cents ($9.75). If the employee continues working beyond the tenth hour, he shall receive an additional meal reimbursement not to exceed nine dollars and seventy-five cents ($9.75) to be paid for each additional four (4) hours of continuous overtime work thereafter.

b. If the employee is recalled to work and is required to work four (4) or more hours, he shall receive a meal reimbursement not to exceed nine dollars and seventy-five cents ($9.75).

c. It is agreed that this section does not apply where employees work overtime through courtesy to fellow employees.

d. All such meal allowances shall be increased as follows:

Meal allowance increased by $.25, effective August 16, 2021;
Meal allowance increased by $.25, effective May 15, 2022;
Meal allowance increased by $.25, effective May 15, 2023.

9. FUNERAL LEAVE

Effective January 1, 2021, when a death in the immediate family occurs, an employee will be allowed time off, paid for at straight time rates, to attend to the necessary funeral arrangements up to a total of three (3) consecutive calendar days, if such days fall within his regularly-scheduled work week. In special cases when a fourth day is required, it may be allowed at the discretion of the area manager or his delegate. In no case shall time off extend beyond the next scheduled workday after the funeral.

"Immediate family" means: spouse, son, daughter, mother or father, sister or brother of the employee affected. In special cases, a relative with whom one lives in the same household may be allowed as in the immediate family at the discretion of the Area Manager or his delegate.

In the event of a death of an employee's mother-in-law or father-in-law, an employee will be allowed time off for at straight time rates to attend to the necessary funeral arrangements to a total of three (3) consecutive calendar days, if such days fall within his regularly-scheduled work week, but in no case to extend beyond the day of the funeral.

In the event of the death of a grandparent, aunt, uncle, brother-in-law, sister-in-law, stepchild, stepparent or grandchild, and if the day of the funeral falls on the employee's regular scheduled workday, the employee will be allowed that day off at straight time rates if the employee attends the funeral.

If a holiday occurs as one of the days in this funeral policy, holiday allowance only will be paid for that day in accordance with the regular holiday policy.

The foregoing policy will not operate to extend any Paid Leave Policy except if a death should occur during an employee's vacation, the provisions and practices of this section shall apply, and the employee shall receive, if so requested, a reassignment of those vacation days that were committed to the necessary funeral services and arrangements.

In the event of a death of a spouse or child, the company will entertain requests for additional time off, and such requests must be directed to Labor Relations.

10. JURY DUTY AND COURT APPEARANCES

Full and part-time employees summoned to serve on a jury or subpoenaed to testify as a witness to which the employee is not a party, will be excused by his or her supervisor.

While serving jury duty, an employee will receive straight time base compensation and will retain all fees and expenses for such duty.

When time off is necessary to serve as a witness on behalf of Eversource or one of its subsidiaries, an employee will receive straight time base compensation and any overtime as applicable. Other time off to serve as a witness will be provided and will be charged as vacation or personal excused absence without pay.

During this period of jury service, he will be deemed to be on a Monday through Friday day schedule. Jury duty makeup pay shall not exceed eight (8) hours' pay in any one day. Part-time employees will be compensated based on their normally scheduled working hours.

11. MILITARY DUTY

An employee who enlists, is drafted, or ordered into Active Duty, or an employee who is required to perform Annual Training Duty shall receive the difference between the employee's military service pay, exclusive of any remuneration from the government for travel, uniforms, rent, subsistence, etc., and the employee's company base pay computed in accordance with the Company's ordinary payroll practices.

If deployment exceeds twenty-four (24) months the Benefits Department will review for a continuation of Medical, Dental, and Vision benefits. The employee must continue to pay his required contribution.

Allowances shall be made for an employee on Active Duty up to 180 calendar days. Persons on Active Duty due to the War on Terrorism, including the military engagements in Afghanistan and Iraq may be permitted to exceed the limit of 180 calendar days. Allowance shall be made for an employee on annual training duty only for fifteen workdays in any calendar year.

Payment for annual duty training shall be made upon the employee's return to work and upon receipt of a certificate from the proper military officer showing the amount received while engaged in such military duties.

In the event of active duty for a crisis, the offset for pay will begin at the time the military leave orders are confirmed, received by payroll, and the employee commences leave.

Company base pay for any employee will be determined as of the last day of active employment with the Company, at the employee's regular classification prior to commencement of the leave of absence.

If an employee who is required to report for weekend duty training is situated on a shift which includes Saturday and/or Sunday, the Company agrees to temporarily alter the employee's schedule to accommodate his required military training.

The parties agree that the Company Policy on Military Leave of Absence will be adhered to for the applicable Bargaining Unit reservists. See Federal guidelines.

12. INCLEMENT WEATHER

If, in the opinion of the Company, weather conditions are such that work cannot reasonably be performed by Street Department employees, the Company will, except where emergency work is required, either permit such employees to seek shelter if available, or will return the employees to the Company for assignment to other work as may be available, so that there will be no loss in base pay (40 hours) for such employees. The decision of the Company as to continuance of work outside is subject to the grievance procedure.

13. REST TIME

1. If an employee is required to work sixteen or more consecutive hours, he will be allowed a period of nine hours off before returning to work unless an emergency arise which makes it necessary for the Company to call him back to work before the expiration of the nine-hour period. Any part of the nine-hour period, which extends into the employee's normal work schedule will be paid for at basic straight time rates. If such paid time shall carry the employee to within two (2) hours of the end of his normal work schedule, he shall be excused without loss of pay from his normal work schedule. Time allowed off for meals will not prevent the hours worked from being considered consecutive.

2. If an employee continues to work for more than twenty-four (24) consecutive hours, he will receive the appropriate overtime rate for all consecutive hours worked after the original shift has been worked.

14. REST TIME - SHIFT CHANGE

The Company's normal practice is to arrange work schedules so that each workday is separated by at least eight (8) hours. When this is not possible, employees will have the option on the second day of:

1. Working the normal schedule or
2. Working an eight (8) hour shift beginning eight (8) hours after the of day one or
3. Beginning work eight (8) hours after the conclusion of day one and concluding at the employee's normal shift end.

If the third option is selected, the employee will be paid for hours worked.

During the period November 1 through March 15, only options #1 and #2 above apply.

15. CLOTHING ALLOWANCE

UNIFORMS AND RAINGEAR

Rental uniforms that are supplied by the Company will be cleaned and maintained by the Company.

Replacement rental garments will be issued as needed and upon return of old clothing to the Company.

All employees who receive uniforms or are enrolled in the FR and non-FR program will wear them during Company paid hours.

Employees will not wear uniforms, FR and Non-FR clothing other than on Company business.

One fire resistant coverall will be issued to Maintenance and Construction Department employees as part of their personal protective equipment and maintained by them.

The Company will supply rental uniforms to:

Garage Mechanics
Garage Attendants
Building Maintenance Person
Building Maintenance Mechanic
Building Electrician

The Company will supply raingear to:

Fleet
Meter Services (SMMT)
Maintenance
Instrument & Regulation
SMMT

The Company will supply rubber footwear to:

Meter Services
Maintenance
Instrumentation & Regulation

The following classification will be enrolled in the FR program:

Construction
Damage Prevention (Locates)
Meter Reading/ Collections
Meter Services (including SMMT)
Maintenance
Instrumentation & Regulation
LNG Operations

Job Classifications in the following departments will receive an initial $1,750.00 for first year of employment:

Construction Maintenance
Department

Employees will be responsible for the cleaning of clothing, including fire resistant coveralls.

Each January thereafter the allowance is $800.00 deposited into employee's clothing account. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing:

Job Classifications in the following departments will receive an initial $1,450.00, when hired:

Damage Prevention (Locators)
Instrumentation and Regulation
LNG Operations
Meter Services
Meter Reading/Field Collections

Each January thereafter the allowance is $800.00 deposited into employee's clothing account. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing.

Job Classifications in the following departments will be enrolled in the Non-FR program and will receive $600.00 for the first year of employment.

Meter Repair
Warehouse

Each January thereafter $450.00 allowance will be deposited into employee's clothing account. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing.

The Company will provide an annual boot allowance of up to $150 each year. An employee must purchase boots that meet all safety requirements.

16. TOOLS

a. The Company shall furnish all necessary and proper tools, and shall replace or repair worn or damaged tools.

b. The Company will require that worn or damaged tools be turned into Stores before replacement tools are issued.

Individual employees shall be reasonably responsible for tools assigned to their use.

17. SMART PHONE

Company-provided iPhone smart phones assigned to employees – Effective upon hire, and only in the event that the iPhone smart phones currently assigned to (as of September 2, 2020) and used by the Springfield Employees are included in the CMA assets purchased by the Company, the ownership of each iPhone smart phone will be transferred by the Company to the employee to whom it is assigned, the service plan for each such iPhone will be cancelled by the Company, and the employee will be responsible for procuring a service plan and paying the monthly service plan fees if he wishes to continue using the iPhone. Each such employee will thereafter be eligible for monthly reimbursement in the amount of $75.00 under the Company's Smart Phone Reimbursement policy for each month through June 2, 2021. Prior to June 2, 2021, the Company will review the cell phone use of its workforce and determine which, if any, employees require a smart phone in order to perform their job duties. Effective June 2, 2021, the Company will cease reimbursements to any employees who the Company has determined do not so require a smart phone.

18. EMPLOYEES TAKING VEHICLES HOME

The practice of Springfield Employees taking vehicles home will be temporarily continued, as follows. Employees will be permitted to take company vehicles home if they *both* are currently taking such vehicles home at the time this MOA is executed (September 2, 2020) *and* are taking such vehicles home at the time of the closing of the Asset Purchase (October 8, 2020). The Company will have the right to discontinue this practice on or after November 1, 2021, at its discretion. All employees driving such vehicles, as well as all other Company vehicles at any time, will be subject to the Company's Fleet Use Policy, and violations of such policy will result in removal of take-home privileges for the offending employee and/or discipline, up to and including termination. In no event will any employee at any time be permitted to take home company dump trucks, backhoes, or swat/compressor trucks.

XII. VACATIONS

1. VACATION ELIGIBILITY

Effective on the date of hire, and assuming such date of hire is prior to January 1, 2021, each Springfield Employee will receive five (5) days of vacation to be used with management approval by December 31, 2020, and which may not be carried over to 2021.

Effective January 1, 2021, the Company's vacation plan will apply to each Springfield Employee. However, in no event will any CMA employee lose any annual vacation allowance for which he had become eligible pursuant to the current CMA vacation allowance schedule (this provision does not apply to "splash weeks", which will not be provided to any employee at any time). Springfield Employees will be eligible for unpaid time off, if needed, for previously-approved vacations that fall between their date of hire and December 31, 2020.

Regular employees continuously employed by the Company, who meet the service requirements indicated below by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay as follows:

SERVICE REQUIRED		VACATION IN THE ANNIVERSARY YEAR
Less than 1 year:		
Start date:		
	01/01 - 03/31	15 days
	04/01 - 06/30	10 days
	07/01 - 09/30	5 days
	10/01 - 12/31	0 days
1 year but less than 10 years		15 days
10 years but less than 20 years		20 days
20+ years		25 days

In the event an employee is called for Jury Duty during part or all of his vacation time, he shall receive extra vacation days equivalent to the number of days during his vacation for which he qualified for Jury Duty.

2. SELECTION AND LIMITATIONS

a. The Company will annually determine the threshold number of employees who may be approved for a single day and/or weekly vacation based on the operating needs of the business.

b. Employees will be required to provide a written request to select at least two (2) weeks of vacation by March 1st each year.

c. Approval and/or denial of vacation requests will be based on union seniority and will be completed on or before March 15th.

d. Vacation will be awarded by union seniority for first two weeks requested.

e. Should business conditions permit, the Company will consider approving additional employee's vacation requests for weeks which are in high demand, i.e. Christmas, Spring Break etc.

f. Vacation in excess of two (2) weeks will be awarded based on union seniority after theinitial two week vacation requests have been approved for all employees.

g. The vacation request, if approved, will be signed by management and may not be rescinded by management without the approval of the employee, provided the cancellation is not directly related to a state of emergency, natural disaster or emergency situation beyond the scope of normal duties.

h. Approved vacation will be communicated to each employee and the departmental schedule will be posted once the approval process is completed.

i. Employees who wish to take vacation between January 1st and March 15th will be required to make appropriate arrangements with the respective approver of their vacation, i.e. Integration Center or Supervisor.

j. After March 15th, vacation will be granted on a first-come, first serve basis based on bargaining unit seniority and must be authorized by the appropriate approver of the employee's vacation.

Employees are responsible for managing their personal time off balance. Should an employee exceed his yearly vacation balance, the day will be an unpaid absence, but will not be viewed as a violation of the Attendance policy. Should an employee repeatedly exceed his vacation entitlement, it may result in disciplinary action.

An employee may elect to defer to the following year vacation time earned in excess of two (2) weeks up to a maximum of two (2) deferred weeks so that an extended vacation may be scheduled to include all of the time deferred. The taking of deferred vacation shall be granted when there are no conflicts and no adverse effects on operations. The final year to defer vacation will be calendar year 2023 and all deferred weeks must be used in calendar year 2024.

Subject to operating requirements, and following minimum of 48 hours advanced notification, an employee may elect to take, within a calendar year, eligible vacation eight (8) hours at a time. Five (5) days of single day vacation may be used in 4-hour increments.

3. ALLOWANCES

Vacation pay shall be based on forty (40) hours at the employee's straight time hourly rate, excluding shift or Sunday allowances for an employee who is and has been regularly assigned to a second or third shift or Sunday work schedule.

When a holiday occurs during an employee's vacation, he shall have the option of receiving payfor the holiday in addition to his regular vacation pay or he will be granted an additional day of vacation at a time mutually convenient to the Company and the employee.

Vacation earned within a calendar year and not taken will be paid to the employee upon termination and the beginning of a layoff, LTD, or to the employee's surviving spouse or dependent.

4. ACCIDENT, ILLNESS OR DISABILITY

Employees on accident, illness or disability who have lost time will continue to accrue vacation as an active employee for up to 26 weeks as defined in Article XII, Section 3.

XIII. HOLIDAYS

1. HOLIDAYS OBSERVED

The following days shall be recognized as holidays on the day which they are observed in Massachusetts, or in the case where the holiday falls on a weekend, it will be observed on Friday if the holiday is on Saturday and Monday if the holiday falls on a Sunday.

New Year's Day	Labor Day
Martin Luther King Jr. Day	Columbus Day
President's Day	Veterans Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Each Springfield Employee will also receive two floating holidays per year. Springfield Employees will follow the Company's holiday schedule beginning on their first day of employment with the Company.

2. HOURS

For administrative purposes, it is understood that the holiday begins at 12:01 AM and continues for twenty-four (24) hours.

3. ELIGIBILITY

To be eligible for unworked holiday pay, the employee, unless otherwise excused in advance by management, must have worked as scheduled the day before and after such holiday. Approval will be granted for pay for the holiday, should the employee present a doctor's excuse for any missed day(s).

With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth herein if such employee is not receiving pay for the payroll week in which the holiday occurs.

4. ALLOWANCES

Employees whose normal work schedules do not include the holiday will be paid an 8-hour allowance and will be able to schedule a day off without pay at a mutually acceptable time.

1. If any employee is required to work on a floating holiday which had been scheduled and approved, said employee shall have the option of being paid according to Article V, Section 6 or paid at straight time and reschedule the floating holiday.

If the holiday cannot be rescheduled within the year for which it applies, the employee must schedule it within sixty (60) days from the first day of the following year or it willbe forfeited.

2. If an employee is not required to work on the holiday, said employee shall be paid a holiday allowance equivalent to eight (8) hours pay at his regular base rate of pay.

3. a) If an employee is required to work on a holiday, he shall receive time and one-half for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   b) In a week in which one of the holidays listed above is observed, if prior to the holiday it was understood that the employee would not be required to work on such holiday but he is notified on the holiday that work will be required that day, he will be paid a minimum of five (5) hours, at the applicable rate provided in paragraph (a) above, for his work on such holiday, plus the Holiday Allowance referred to in paragraph 2.

   c) If an employee is required to work on Christmas Day, he shall receive double time (2) for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours, he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   d) In the event of a call into work on Christmas Day, the employee will be paid two (2) times his hourly rate for all hours worked.

   * If the Company observes Christmas on the day before or the day after December 25th, employees who work on the observed day will receive regular overtime rate of one and one-half (1 ½) .

4. Any holiday as set forth in this contract which falls on a Saturday will be observed on the preceding Friday.

XIV. OPPORTUNITIES FOR ADVANCEMENT AND RECOGNITION

1. JOB POSTING

When a job is open within the classifications covered by this Agreement, it shall be posted in all departments and shall remain posted for five (5) consecutive workdays with the exception of Saturdays, Sundays and holidays, which shall be excluded in determining the period of posting, but shall not be held to break the continuity thereof. All bids for job openings shall be in writing and shall be submitted during the said five (5) day posting period. Such a job bid may be submitted by a Shop Steward on behalf of an employee who is absent because of illness or injury or because he is on vacation, provided that the Shop Steward shall have been requested to do so by such employee. No such absent employee shall be eligible for such job opening unless such employee shall return to work within thirty (30) calendar days after he has been notified that he is the successful bidder, unless the Company and the Union shall mutually agree to waive this requirement.

In filling such job opening, seniority as defined in Section 1c of Article XI shall be the determining factor, subject to the minimum qualifications and fitness as determined by the Company, on a non-discriminatory basis. The Company agrees to fill all job openings so posted as soon as reasonably practical after the five (5) day posting period, but in any event within fourteen (14) calendar days thereafter.

Employees or their designee will be expected to accept or decline a job opening immediately upon offer. Should an employee be unreachable after a reasonable effort and does not assign a designee nor communicate to Human Resources his/her decision, the Company will continue to offer the position to subsequent bidders in seniority order per the Collective Bargaining Agreement.

If there shall be no bidders or no successful bidders for such a job so posted, then the Company may fill the job from any source. The successful applicant may be returned to his former job by the Company for a valid reason upon completion of a six (6) month period on the job or the successful applicant may be returned to former his job for a valid reason at his own request after the above mentioned six (6) month period and is further restricted during the six (6) month period to bid down unless it is in progression.

Upon mutual agreement between the Company and the Union employees may be returned to or request and be returned to his former position during the six (6) month period.

XV. EMPLOYMENT SECURITY

1. SENIORITY

a. The term "seniority" where used in this Agreement shall mean Company seniority except as noted below. Company seniority shall be defined as the length of service of an employee with the Company, starting with the first day of the employee's last period of continuous employment by the Company. When employees have equal Company seniority, the employment application having the earliest date will have preference.

b. The term "bargaining unit seniority" shall mean the length of continuous time an employee has been assigned to any classification covered by this Agreement and shall apply to job bidding and layoffs.

c. All shift bids shall be awarded based on bargaining unit seniority.

2. TERMINATION OR INTERRUPTION OF SERVICE AS AFFECTING SENIORITY

Employees forfeit all claim to seniority previously established if they:

a. Voluntarily leave or are discharged for cause
b. Are absent from work and fail to notify the Company of reason for absence for three (3) consecutive days except under extenuating circumstances.
c. Are on lay-off status for a period in excess of twenty-four (24) months.
d. Are on lay-off status and fail to accept or apply for re-employment within one (1) week following notice of recall.
e. Are on lay-off and fail to report for work within two (2) weeks following acceptance of re-employment.

Seniority shall continue to accrue under the following conditions:

a. A leave of absence in writing granted by an Officer of the Company not to exceed six (6) months except as defined in Article V, Section 7 of this Agreement.
b. Illness attested by a physician's certificate.
c. Service in military forces of the United States of America.
d. Absence due to lay-off not to exceed twenty-four (24) months.

3. APPLICATION OF ARTICLE

The provisions of this Article shall not apply to managers or supervisors, nor shall these provisions apply to the selection or hiring of managers or supervisors to be appointed by the Company hereafter.

Should an employee accept a position not covered by this Local 12026 Collective Bargaining Agreement, he agrees to forfeit all benefits of Union membership including seniority.

Should an employee who has forfeited the benefits of Union membership, apply for and be awarded a position covered by the Collective Bargaining Unit, he will begin accruing union seniority on the date he is awarded the new position.

Should an employee who has forfeited the benefits of Union membership accept a position within Eversource not covered by this Local 12026 Collective Bargaining Agreement and once again apply for and be awarded a position covered by this Local 12026 Collective Bargaining Agreement, he will retain Company seniority for purposes of benefits.

4. SENIORITY LIST

The Company will furnish the Union a seniority list annually on the anniversary date of the Agreement and post a copy of such list in all departments.

5. REDUCTION IN FORCES

In cases of layoff for lack of work, reduction in the workforce or the elimination of a job, seniority as defined in Article XI, Section 1c will be given first consideration. In the case of an employee so laid off or affected by a reduction in the workforce, or the elimination of a job, said employee shall have the right to replace another employee within the Company who has less seniority than said employee, provided that said employee shall have the minimum qualifications and fitness to fill the job as determined by the Company on a non-discriminatory basis.

An employee so laid off or affected by a reduction in the workforce or the elimination of a job shall have the right to exercise his seniority to bump laterally or downward subject to the above-mentioned requirement of minimum qualifications and fitness. Any such employee shall not have the right to exercise his seniority to replace an employee in the Company who occupies a higher rated job unless said employee has previously held such higher rated job and has the above-mentioned minimum qualifications and fitness to return to that job. The Company shall give at least fourteen (14) calendar days' notice to the Union of any such intended layoff for lack of work, reduction in the workforce or elimination of a job.

Such laid off employees shall be recalled to openings in jobs in the Company for which they have minimum qualifications and fitness as determined by the Company on a non-discriminatory basis in reverse order from that in which they were laid off. The Company shall notify such employee or employees by certified mail sent to their last known address that such work is available and if the employee shall fail to accept such re-employment or fail to apply therefor within one (1) week of the receipt of such notice then such employee shall lose all of his seniority rights previously established and continuity of employment shall be forfeited. In the event that said notice of recall is returned to the Company or cannot be delivered for any reason, the Company shall notify the Union of the recall opportunity and the employee to be recalled shall have one (1) week from the date of such notification to the Union to accept such reemployment or apply for it. In the event that such employee does not do so, he shall lose all his seniority rights previously established and his continuity of employment shall be forfeited. It shall be the duty of the employee to keep the Company advised in writing of his current address. Any employee accepting reemployment shall report for work within fourteen (14) calendar days of such acceptance. No employee shall be entitled to be recalled under the terms hereof more than twenty-four (24) months after the date of his layoff.

6. LAYOFFS

The Company agrees that no employee on the active payroll of the Company, on September 2, 2020 will be involuntarily laid-off. However, this provision shall not apply to employees terminated for cause and employees hired after that date. Union Officers and Stewards elected by the membership shall, for the purposes of layoff, be placed at the top of the seniority list for their designated term of office unless they resign or are removed by the Union for cause. The Company may, during the term of this Agreement, should the need arise, to reduce the workforce, and after providing notice to the Union, offer early retirement and or "buyout" programs in which employees may voluntarily participate.

7. SEVERANCE ALLOWANCE

The Company will pay severance allowance to eligible employees as follows:

a. Regular employees after one (1) year of service shall be given an opportunity to accept a severance allowance of one (1) week's base pay for each full year of continuous service at the time of layoff unless they choose to accept layoff and be eligible for recall.

b. Severance allowance shall be in addition to any earned vacation benefits for which the separated employee is eligible.

An employee shall not be required to accept severance pay. Such employee shall have the option, effective up to ninety (90) days following the date he received notice of layoff from the Company to accept or not to accept severance pay. In case such employee elects not to accept severance pay, he shall not lose his re-employment rights, but shall retain all re-employment or other privileges which the contract between the Company and the Union, or which the practice of the Company provides.

8. DISCHARGE

If an employee is discharged, the Company will furnish such employee, upon request made within three (3) days from the date of his discharge the reason for discharge, and thereafter, upon his request for a hearing made within three (3) days after he has been furnished with a reason for his discharge as above, the Company will grant a hearing to such employee, at which hearing the employee may be present with his representative. If, as a result of such hearing, it is found that the employee was unjustly discharged, they shall be reinstated and shall be paid for any time lost as may be determined at the hearing.

Upon mutual agreement between the Company and the Union, discharges may be advanced directly to a third step grievance meeting.

9. SUSPENSIONS

Within seven (7) days from the date on which an employee has been suspended, the Company shall, upon written request of the Union, grant a hearing to the employee involved and his Union representative. The Company will inform the Union of the reason for the suspension at this hearing and within twenty-four (24) hours after this hearing advise the Union of its findings.

XVI. PERSONAL SECURITY

This provision for continuing earnings during periods of personal disability is not intended as an annual entitlement to cover absence for any personal reason, but is solely for the protection of a regular employee temporarily and legitimately disabled and usually under the care of a physician.

Any employee claiming disability benefits may be required to submit to an examination by a physician designed by the Company. Should there be any disagreement between the Company's designated physician and the employee's attending physician, the Lahey Clinic, except as provided for in Paragraph 3 of this Section, shall make a final and binding determination of the eligibility of the employee for benefits or continuation of benefits.

An employee whose disability is due directly or indirectly to intoxication or to drugs or narcotics, excluding medication prescribed by a doctor, or to injuries as a result of willful misconduct or horseplay, or to injuries while in the employ of another employer or while working at another job for pay, shall not be entitled to any disability pay or benefits.

If an employee of the Company covered by this Agreement is eligible to receive any benefit under Chapter 90, Section 34A of the Massachusetts General Laws (no fault automobile insurance), such employee shall not be eligible to receive any of the benefits described in this Article, provided that if the benefits said employee would have received under the plan described herein above exceeds the benefits for lost wages which they are eligible to receive under Section 34A, the Company shall pay the difference.

1. OCCUPATIONAL DISABILITY

Payment by the Company to an injured employee absent for disability compensatory under Workers' Compensation Laws shall be limited to the difference between the amount of compensation received and the amount payable to the employee under Section 3. In the event an employee exhausts his 26 weeks of Short Term Disability, and should he remain on Worker's Compensation, the employee will continue to receive the off-set up to 50 weeks total. New employees hired 1/1/2014, or after, will remain eligible for the Short Term Disability schedule below and will not receive the additional off-set beyond 26 weeks.

During the life of this Agreement, if any difference shall arise between the employer and the employee as to whether an individual is physically able to return to his regular duties following an occupational injury, such difference shall be resolved as follows:

The individual shall be examined by a physician appointed for the purpose by the employer and a physician appointed for the purpose by a duly authorized representative of the Union. If the physicians appointed shall disagree concerning whether the individual is physically able to return to his regular duties, the question shall be submitted to a third physician who shall be a specialist as to the impairment or disabilitydirectly or indirectly attributable to the occupational injury selected by such two physicians. The medical opinion of the third physician, after examination of the individual and consultation with the other two physicians shall decide the question.

Should the two physicians be unable to agree upon a third physician, then the matter will be referred to the Massachusetts Medical Society for the selection of a third physician who shall be a specialist as above described certified by their respective board who will consider the case and render a decision within two (2) weeks from the date they review the case and their decision will be binding upon the parties.

The fees and expenses of the physicians shall be paid by the employer.

If the decision finally reached as a result of the above or a decision is reached without resorting to the above, to the effect that an employee is unable to perform his regular duties, the Company shall assign such employee to a position which, in the opinion of the Company, the employee is capable of performing.

Employees who have recovered from an occupational injury and are medically certified (subject to review and appeal to the third doctor as stated above) by the insurance Company's doctor as qualified for work will be guaranteed employment with the Company. However, the employment rights of an employee as provided in the Basic Agreement shall not be enlarged, diminished or otherwise affected by reason of this provision.

2. ILLNESS, NON-OCCUPATIONAL DISABILITY, SHORT-TERM, AND LONG-TERM DISABILITY (See Attachment B)

All employees will be eligible for up to 10 sick days per year at 100 percent of pay for absences form work due to non-occupational illness or injury. Sick days cannot be carried over from one year to the next nor are sick days paid out at termination.

Effective on the date of hire, Springfield Employees will be eligible for non-occupational short-term disability and long-term disability leave and pay as summarized in Attachment B of the Parties' MOA, specifically, in the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short-term disability ("STD") benefits. Disability benefits are payable for up to 25 weeks, for each injury or illness after an employee has been out of work for more than five consecutive work days. The first five consecutive working days of an extended absence is considered an "elimination period". Employees must use available sick timeto satisfy the elimination period. Following a period of five consecutive sick days, the next twelve (12) weeks of absence under the STD benefits will be paid at 100 percent of base pay. Up to thirteen (13) additional weeks of STD will be paid at 67 percent of base pay.

Employees are covered under Eversource's Short Term Disability Policy day one of employment.

Short Term Disability is a maximum of 26 weeks total per injury/illness:

1. 1-week sick time, if unavailable time is unpaid
2. 12 weeks 100% base pay under STD
3. 13 weeks 67% base pay under STD
4. There is a 45-day appeal period should at any time your STD is denied
5. There is a 6- month re-occurrence (look back) should your medical provider indicate youare out for same condition as previous disability leave
6. Exclusions to the plan:
    - You are not under the care of a licensed health care provider
    - Your disability is the result of your participation in a felony, crime, or riot
    - Your disability is intentionally self-inflicted
    - Your disability is the result of declared or undeclared war or any act of war
    - You have any physical or mental condition that cannot be verified by the use
    - of clinical and laboratory diagnostic techniques
    - You are retired from Eversource
    - You are injured while on active duty in the military

Employees are not allowed to substitute or off set any vacation time to make them whole while out under Eversource's STD Plan.

Eversource pays STD benefits via normal payroll cycles, once approved by vendor.

Long Term Disability

Upon exhaustion of STD, an employee who qualifies will move to Long-Term Disability ("LTD"). LTD benefits are payable at 50 percent of base pay. Employees will have the option to buy-up with pre-tax contributions to an LTD benefit of 67 percent of base pay.

All employees who receive an LTD benefit and participate in the Company Employee health and welfare benefit plans will have payments deducted from their LTD check rather than be billed for participation in said benefit plan.

1. Soft transfer from STD over to LTD should you max STD benefit at 26 weeks
2. LTD is a Fully Insured Benefit
3. Employer covers 50%, employee has option to buy up to 67% (upon hire OR at Open Enrollment Annually)
4. Buy Up Option has exclusion period
5. 180 day appeal period should LTD be closed/denied
6. 6 month re-occurrence (look back) should your medical provider disable you for same condition.

3. HOSPITALIZATION - SURGICAL - MEDICAL BENEFITS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Medical and Prescription Drug, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

Retiree Medical

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Retiree Medical Plan as is outlined in Attachment B to this Agreement.

The following provision is for reference only and it is understood that the following benefit is provided by NiSource, Eversource has no financial obligations under this provision, and Eversource has no control over the continuance of this benefit under this provision.

Grandfathered employees may be eligible for the following NiSource benefit:

The Company will provide employees who are covered under A, B or C above with pre-Medicare and post-Medicare (when eligible) retiree medical coverage (with applicable Massachusetts regional based HMO for pre-65 coverage) when they retire provided they meet all of the following requirements:

1. Retire under the provisions of the Company Pension Plan.
2. Receive a pension benefit under the Company Pension Plan
3. Forty-five (45) years of age on January 1, 1993
4. Age fifty-five (55) with ten (10) years of service.

For employees hired prior to May 14, 1999 and employees who had not attained age forty-five by January 1, 1993, the Company contribution for retiree medical expense will be limited to the following:

For the period when the retiree is under 65:	$1100 per month
For the period when the retiree is 65 or older:	$225 per month

Post-65 medical supplement (medical only, no prescription coverage) will be effective for retirees who are eligible for retiree medical coverage with a last day worked of January 1, 2014, or after.

Employees hired after May 14, 1999, are not entitled to retiree benefits.

The Company will utilize a Voluntary Employee Benefit Association Trust to fund retiree medical benefits.

A new employee assigned to a regular position who is covered by a similar plan at the time of employment shall become eligible for options A or B as a transferee and such employee will be so transferred and will pay the full working rate or premium of the plan they have elected.

4. DENTAL (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dental Plans, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

5. **LIFE INSURANCE (See Attachment B)**

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Basic Group Life Plan, the Supplemental Life Plan, and Dependent Life Plan, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect. In addition, each regular employee shall be provided life insurance by the Company in an amount equal to two (2) times his base pay.

6. ACCIDENTAL DEATH AND DISMEMBERMENT (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Accidental Death and Dismemberment ("AD&D") Plan as is listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

7. PENSION AND 401(k) (See Attachment B)

As included in the August 20, 2020 MOA between Local 12026 and Eversource:

Effective on the date of hire with Eversource, Springfield Employees currently participating in a NiSource/CMA Defined Benefit Pension Plan will continue to participate in their current NiSource/CMA Defined Benefit Pension Plan under the same terms and conditions, as the plan will become part of the Eversource Pension Plan.

Effective January 1, 2021, these employees will also be eligible for a Company matching contribution equal to fifty percent (50%) of the Participant's Pre-Tax and/or Roth 410(k) Plan contributions up to the first eight percent (8%) of eligible compensation.

Pension plans as agreed upon between the Union and the Company shall continue for the life of this Agreement and succeeding agreements, subject to such modification as may be mutually agreed upon by the parties hereto.

All covered employees who take normal retirement during the term of this Agreement shall receive a pension benefit as included in the Eversource Pension Plan Document.

The below information is for historical reference only and is governed by the Eversource Pension Plan of which the Bay State Union Pension Plan is part of. If there are any discrepancies, the applicable plan documents will govern.

Effective May 15, 1999, the pension plan formula shall be changed to a final average pay formula. The final average pay pension plan shall be calculated using an average of the highest three (3) years' base pay in the last ten (10) years up to a maximum of Effective May 15, 2004, the base pay cap will be increased to sixty-five thousand dollars ($65,000). Effective May 15, 2008, the base pay cap will be increased to seventy thousand dollars ($70,000). Effective May 15, 2012, the base pay cap will be increased to seventy-five thousand dollars ($75,000)] using a multiplier of one and one quarter percent (1.25%) of such final average pay times the years of service up to a maximum of forty-five (45) years.

An employee is vested after three (3) years of service. For vested employees there is a lump-sum option to cash out of the pension plan available at any time when the employee terminates for any reason.

All employees hired before 1-1-2014 will be converted from their current Pension Plan into Account Balance II Plan effective 1-1-2014.

Account Balance Pension Plans – Eligible Earnings –Base pay, performance based pay (i.e. annual incentive, if applicable).

Account Balance II
Age + Service Points
Less than 50 = 4% of Eligible Earnings
50-69=5%
70+=6%

Additional 1% x pay in excess of ½ Social Security Wage Base

All other provisions the same as Account Balance

Any employee newly hired or rehired after 1/1/2014 will not be eligible for pension.

Early Retirement

As of 1/1/14, the below Early Retirement section is no longer in effect.

Employees who have attained age 55 and who have completed 10 or more years of Credited Service, as defined in the plan document for the Pension Plan for Operating Employees of Bay State Gas Company, may retire on the first of any month thereafter.

An employee will be entitled to receive an unreduced retirement benefit at age 60 if the employee has at least 25 years of service with the Company. In the event an employee decides to retire prior to age 60, the retirement benefit would be calculated as follows:

If the employee has 25 or more years of service with the Company, the retirement benefit would be reduced by 3/10% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 60.

If the employee has less than 25 years of service, the retirement benefit would be reduced by 3/10ths% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 65.

There is a Social security supplement (bridge) for employees who retire between the ages of sixty (60) and sixty-two (62), payable during that period.

8. K-VANTAGE/401(k) (See Attachment B)

Effective January 1, 2021, any Springfield Employee hired after January 1, 2014, will be placed in the Company's K-Vantage plan. Each employee's years of service with CMA will be combined with his or her service with the Company for purposes of calculating the Company's contribution to such employee's K-Vantage account.

These employees will also be eligible for a Company matching contribution equal to one hundred percent (100%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first three percent (3%) of eligible compensation.

From the date of hire through December 31, 2020, employees who participate in the NiSource/CMA 401(k) plan will continue to participate under the same terms and conditions as existed during their employment with CMA, except that the plan sponsor will be an Eversource company and the investment choices in the plan will or may be changed.

9. OPTIONAL BENEFITS (See Attachment B)

Effective January 1, 2021, eligible Springfield Employees are their eligible dependents may participate in the Vision Plans, Business Travel Accident Plan, Personal and Family Accident Plan as are listed in the Group Welfare Benefits Plan, a summary of which plans is in Attachment B of the Parties' MOA.

10. SAFETY EYEGLASSES

The Company will pay an annual allowance of ninety ($90.00) towards the cost of safety eyeglasses purchased through the Company for an employee's own use. An employee may purchase eyeglasses any place, provided they are the type required andproof of purchase is provided.

11. SUBROGATED RIGHTS

Payments made under the provisions of this Article will be reimbursed to the Company tothe extent that any amounts recovered on account of the accident or sickness on a claim against a third party exceed Workmen's Compensation or any payments required by law.

12. DUPLICATION

Amounts required to be paid by the Company under any law providing benefits similar to the benefits provided for in this Article shall reduce to the extent the amounts the Company shall be required to pay under this Article and appropriate adjustments shall be made in the benefits provided for in this Article to the end of eliminating duplication of benefits under this Article and benefits required by law.

13. MEDICAL RECORDS

In accordance with existing laws, the Union must have a release form signed by the employee before the Company will discuss or release any medical information pertaining to or about any employee.

14. DRUG TESTING & DOT PHYSICALS

The Company will institute a split sample element to its existing DOT drug testing program.

15. DEPENDENT CARE & HEALTH CARE SPENDING ACCOUNTS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company’s Dependent Care Plan, Flexible Spending Account, and Health Savings Accounts, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

16. ADOPTION ASSISSTANCE/EDUCATION/EMPLOYEE ASSISTANCE (See Attachment B)

Effective January 1, 2021, eligible employees may receive Employee Assistance, Adoption Assistance and Education Benefits, as set forth in those policies, and as summarized in Attachment B of the Parties’ MOA. Specifically, the Company will provide for a Company-paid Employee Assistance Program; up to $5,250 annual tuition assistance; and reimbursement of up to $5,000 of eligible adoption expenses.

XVII. RESTRICTIONS - COMMITMENTS

1. INSTALLATION OF APPLIANCES

All appliances sold to the ultimate consumer exclusively through the initiative and efforts of the Company's salesmen will be installed by Company employees insofar as is practicable to do so with existing installation crews.

2. METER REPAIR

Inspection, replacement recall and repair of meter indexes in the field will be allowed. All other meter repair work is to be performed by Company employees in the Company's repair shop.

3. OUTSIDE CONTRACTORS

As long as appropriate equipment and qualified employees are available to do work customarily performed by the bargaining group within the time required for completion, the Company will not, insofar as is practicable, contract out work normally performed by such employees when contracting out would result in less than 37 distribution employees. The Company agrees that the work ordinarily and customarily performed by its own employees, throughout the bargaining unit, will not be contracted out if such contracting out would result in the layoff of its employees, or a reduction of their normal workweek.

Bargaining unit work can be performed by contractors during any week if the Company meets the following obligations.

The Company will offer a sixth day of work, in the following week, to distribution department employees when a distribution contractor crews (consisting of one or more) working on live gas main line or services and/or installing main line and service perform work for the Company on a Saturday.

For this purpose of administering this provision, the Company will canvas the roster of Distribution department (street department) employees if necessary, in order to satisfy its obligations hereunder. The offering of overtime to distribution department (street work).

Neither the Company nor the Union shall use any type of past practice, understanding, or other agreement in existence prior to the effective date of this Agreement outside of the Collective Bargaining Agreement to oppose the operation of this section.

During the term of this Agreement, bargaining unit employees will perform live gas work on main tie-ins (i.e., bypass, purging and stopping). Contractors may perform live gas work on main tie-ins (i.e. bypass, purging, and stopping) up to 4” main line. Contractors shall install new and replacement mains and will be responsible for providing offsets and full tees. Live gas tie-in’s on main extensions may be performed by contractors.

The Construction crew will consist of 9 bargaining unit employees (3 lead operators, 6 equipment operators). Crews are to be assigned all the tie-ins/construction tasks and the Union crews will have priority over all contractors performing tie-ins/construction work, regardless of day of work. The Construction crew will exist in addition to the 37 employees comprising the Distribution maintenance crews.

During the construction season (between March 1 and December 31), employees who are assigned to construction tie-in work and fitting will not be included in the emergency response rotation and/or stand-by rotation. However, these employees will be permitted to voluntarily participate in call out limited from the end of the scheduled work week until 8 hours prior to the beginning of the next scheduled work week.

Random services identified with leaks will be replaced by bargaining unit employees. Service abandonments and the installation of new and replacement services up to the lock cock, including tapping, shall be completed by contractors.

Service inserts where meters cannot be relocated outside will be done by the bargaining unit.

Service installation and maintenance on high pressure system (greater than 99 psi) to be done by bargaining unit.

The Company agrees to phase out the use of outside contractor inspections services as follows:

2019 – no more than 5 contract inspectors for Construction Services
2020 – no more than 4 contract inspectors for Constructions Services
2021 – no more than 3 contract inspectors for Construction Services
2022 – no more than 2 contract inspectors for Construction Services
2023 – no contract inspectors for Construction Services

Should business needs arise outside of ordinary scope which impacts the Company's ability to perform required work, the Company will inform the Union of the need to utilize additional contractors to supplement the current compliment.

4. BULLETIN BOARDS

The Company will provide reasonable bulletin board space in its various departments for the posting of Union notices to its members. Such notices shall be signed by a responsible Local Union official.

5. MONSON/PALMER

The parties agree that effective July 19, 1993, the Monson/Palmer area will become part of the work assignment for Local 12026 bargaining unit.

6. CURB COCKS

Collectors will be required to shut off curb cocks.

7. HEALTH CARE ARRANGEMENT

The parties recognize that rising health care costs are a problem, but that affordable quality care must be maintained for its members and employees. The parties agree to combine their efforts to assist in providing a health care program that puts in proper balance quality of care and containment of rising health care costs.

Toward this end, the parties have developed a health care choice (HCC). The parties recognize that the success of a quality HCC depends upon the full cooperation of the Company, the Union and its members. Therefore, the parties shall make every good-faith effort to resolve possible differences or difficulties.

The parties shall implement this letter of understanding through a joint implementation and utilization review committee. The parties shall have proportional representation on the committee, the purpose of which is to develop, introduce, promote and monitor all of the various elements of the HCC. Union representatives on the committee shall report to their respective parties. Union representatives shall be paid wages and incidental expenses by the Company for attendance at joint health care meetings. The joint committee shall be responsible for approving and overseeing a comprehensive health care plan education program. This program will include concepts such as work site meetings, distribution of summary plan descriptions and other written materials, and access to individual health care counseling. Materials will be developed by the insurance administrator under the direction of the committee. The education program will begin no later than October 1, 1993 and will be a continuing program.

All health care carriers shall prepare a comprehensive utilization report each six (6) months and this report will be provided to and reviewed by the joint committee.

XVIII. UNION-MANAGEMENT COMMITTEES

1. SAFETY COMMITTEE

There shall be a committee of five (5) Union members selected by the Union will meet with the General Safety Committee at such time and place as meetings are scheduled to discuss matters pertaining to safety. Of the members designated by the Union, one shall be from the Service Department, one shall be from the Street Department, one shall be from the Plant Department, and one from any of the several remaining departments. Of the members designated by the Union, one shall be assigned to be Co-Chair of the Safety Committee.

2. GRIEVANCE COMMITTEE

The Union shall appoint a five (5) member Union Committee, the members of which shall have continuous service of at least six (6) months. The Company shall deal with the Union Committee in the matter of grievances as provided in the grievance procedure.

3. NEGOTIATING COMMITTEE

The Union shall appoint a Negotiating Committee composed of seven (7) bargaining unit employees for the purpose of negotiating new Agreements.

XIX. COMPLAINTS AND GRIEVANCES

1. GRIEVANCE PROCEDURES

a. The Company Committee and the Grievance Committee may meet at the request of either party, at a time mutually agreed upon, as required to discuss disputes arising out of this Agreement. The notice of such meetings will contain necessary information on the subject matter of the meeting.

b. During the term of this Agreement, should any dispute arise between the Company and the Union as to the true interpretation and application of this Agreement, there shall be no suspension of work, but the same shall be treated as a grievance and every reasonable effort shall be made to settle such grievance in the following manner, except in the case of a general grievance raised by the Union, in which case the grievance shall be a written one originated by the aggrieved party at Step 3 below:

c. *A grievance shall be filed within sixty (60) calendar days of the incident causing it **or** calendar days when the incident should have been reasonably been known by a member of the Grievance Committee.

*Effective December 1, 1993

The grievance steps shall be as follows:

1. The aggrieved employee(s) and his Steward shall discuss the grievance with the immediate supervisor and attempt to settle the grievance. If the Shop Steward is not available, the employee(s) may be represented by a member of the Grievance Committee. If a satisfactory settlement is not reached within seven (7) calendar days then

2. Within seven (7) calendar days of the time that the grievance was answered at Step 1. The Union Committee shall reduce the grievance to writing on a form mutually agreed to by the Company and the Union and forward the written grievance to the Department Manager or his designate. The Department Manager or his designate shall discuss the grievance with three members of the Grievance Committee (*Union President or his designate, Recording Secretary and appropriate Shop Steward) and shall reply in writing within seven (7) calendar days and if a satisfactory settlement is not reached, then

3. Within seven (7) calendar days of the receipt of the written reply, the grievance shall be referred for settlement to the Vice President of the Company, Union committee and a representative of the International Union or their designated representatives.

The Company and the Union shall have fourteen (14) calendar days to resolve the grievance at this step. If the grievance is not resolved at this step in a manner satisfactory to both parties, then the Union has the right and authority to submit the grievance or dispute to arbitration in the manner provided under this Article. The Union must notify the American Arbitration Association to schedule the arbitration within thirty (30) calendar days of the expiration of the aforementioned fourteen (14) day period. If the time limits in the grievance procedure are not observed, a grievance shall be considered waived unless an extension of time is mutually agreed to in writing.

2. ARBITRATION

If a grievance involving the interpretation or application of this Agreement is not satisfactorily resolved in the grievance procedure, the Union may request the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to provide a panel of arbitrators from which the parties will select an arbitrator to hear the grievance. The arbitrator so selected shall have no power to add to, subtract from or otherwise modify the terms of this Agreement. The decision of the arbitrator shall be final and binding on both parties and shall have the same force and effect as a judgement of law. His or her fee and expense shall be shared equally by the parties.

3. UNION REPRESENTATION

An employee, at his request, may have a Union Steward of his choice from his department or one designated by the Local President if there is no department steward present at an interview where it is possible that a written reprimand, disciplinary suspension or discharge involving the employee may result.

XX. AGREEMENT

1. TERM OF AGREEMENT

This Agreement shall be effective upon execution and shall continue in full force and effect until midnight May 15, 2024.

During the term of this Agreement, should any provision or part thereof become illegal, the rest of the Agreement shall continue in full force and effect.

This Agreement shall bind and inure to the benefit of the parties hereto and to their respective successors and assigns and the words “Company” and “Union” respectively shall be construed to include their respective successors and assigns.

Either party may terminate the Agreement by giving notice in writing to the other party at least sixty (60) calendar days prior to the expiration date of the Agreement. Whenever notice to terminate this Agreement as herein provided is given, the parties agree that at least thirty (30) calendar days prior to the expiration date, joint conferences will be held for the purpose of negotiating another agreement.

2. ASSIGNMENT

This Agreement shall be binding upon the parties hereto, their successors and assignees.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

XXI. LETTERS OF UNDERSTANDING

1. NATIONAL HEALTH

In the event a National Health Program is established and this program has an impact on the availability, legal status or tax status of the negotiated program, the parties will meet to explore and discuss and negotiate its effect and any agreement will be made by mutual consent. The parties agree that this language will not be used to reduce the Company's commitment to provide the health benefit package or its substantial equivalent that is currently provided under this contract.

2. SAFETY AND HEALTH

During the term of the current contract, the parties agree to meet and work out the details of a comprehensive safety and health manual, including hearing conservation programs and an asbestos protection and abatement program.

The dates of such programs will be put into effect by mutual agreement.

During the development of the Safety and Health Manual any programs which are required by Federal and State law or regulations will be implemented as soon as practicable, but may continue to be refined which may lead to change of the initial program upon implementation of Safety and Health Programs.

3. NEUTRALITY

The Company agrees to a position of neutrality in the event that a Union seeks to represent Temporary Employees of the Company.

Neutrality means that the Company shall neither help nor hinder the Union, in an organizing campaign, nor shall it comment upon the Union's motives, integrity, character or performance during a campaign. Also, the Company shall not provide any support or assistance of any kind to any person or group opposed to the Union Organization.

Where neutrality applies, the Company reserves the right to respond to employees' inquiries relating to the issue of Union organization and engage in normal communications with employees concerning their employment.

4. OFFICIAL SIGNING OF AGREEMENT

Parties agree to do this after the proofreading is completed on Company time.

5. SEXUAL HARASSMENT

Sexual Harassment as defined under Title VII of the Civil Rights Act of 1964, is an unlawful employment practice and is a violation of this Agreement. An employee who believes he or she is the victim of such harassment may file a complaint with the Equal Employment Opportunity Commission. An employee may also file a complaint with the state's applicable human rights agency covering the employee's place of employment and/or file a grievance as outlined in this Agreement.

6. SUCCESSORSHIP

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns and the words "Company" and "Union" respectively shall be construed to include their respective successors and assigns.

7. ISSUANCE AND REMOVAL OF NON-ATTENDANCE DISCIPLINARY WARNING NOTICES

Verbal warnings and written warnings will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Suspensions will become inactive after two (2) years from the date of violation provided there is no intervening discipline. Intervening discipline within the one (1) or two (2) year periods keeps all prior discipline active until the expiration of the most recently issued disciplinary notice.

Effective on the date each Springfield Employee commenced employment with the Company and pursuant to the terms of September 2, 2020 MOA regarding the asset purchase of NiSource to Eversource, his discipline files were expunged.

8. VACANT MAINTENANCE DEPARTMENT POSITIONS

The Union reserves its rights under the old and new agreements to grieve the Company's failure to fill the positions of Maintenance Chief and Utility Worker in the Maintenance Department. Should it be necessary to reduce the number of jobs in the Service Department, the Company will consider filling the above-mentioned maintenance positions with excess employees from the Service Department.

9. AWARDING OF OVERTIME

This Agreement is to address issues related to the proper awarding of overtime opportunities raised during 2013 collective bargaining negotiations. The Company recognizes the Union's concern regarding situations where the incorrect employee is called out for an emergency response, overtime situation. The Company's current resolution is to offer the employee scheduled overtime, commensurate to the hours the employee missed, to make the employee whole. The Company continues to investigate the issue and is dedicated to working with the Union and develop and implement a process to ensure employees are contacted in the appropriate order for overtime. This Agreement shall be on a "no precedent" basis and shall not be cited or relied upon in any other proceeding except one involving the interpretation or application of this Agreement.

10. PAST PRACTICE

This Agreement is being made in lieu of the elimination of all past practices proposed by the Company during 2013 collective bargaining negotiations. The Company and the Union recognize that practices be identified which may impact the efficient operation of the business. Should such a past practice be identified, the Company and Union agree to meet with the Human Resources Manager and Operations Center Manager as soon as is practicable to discuss the past practice in issue. In the event that the Company and Union are unable to reach agreement on a process, the Company reserves the right to implement a procedure to eliminate the past practice and the Union reserves its right to the grievance process. This Agreement shall be on a "no precedent" basis and will be enforced and in effect for the duration of the Collective Bargaining Agreement.

APPENDIX C
CHECK-OFF AUTHORIZATION
UNITED STEELWORKERS OF AMERICA,
PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY,
ALLIED INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL
AFL-CIO-CLC

Pursuant to this authorization and assignment, please deduct from my pay each month, while I am in employment within the collective bargaining unit in the Company, monthly dues, assessments and (if owing by me) an initiation fee each as designated by the International Secretary-Treasurer of the Union, as my membership dues in said Union.

The aforesaid membership dues shall be remitted promptly by you to Walter J. Burke, or his successor, International Secretary Treasurer of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International, or its successor, 5 Gateway Center, Pittsburgh, Pennsylvania 15222.

This assignment and authorization shall be effective and cannot be canceled for a period of one (1) year from the date appearing above or until the termination date of the current collective bargaining agreement between the Company and the Union, whichever occurs sooner.

I hereby voluntarily authorize you to continue the above authorization and assignment in effect after the expiration of the shorter of the periods above specified, for further successive periods of one (1) year from such date. I agree that this authorization and assignment shall become effective and cannot be canceled by me during any of such years, but that I may cancel and revoke by giving to the appropriate management representative of the Plant in which I am employed, an individual written notice signed by me and which shall be postmarked or received by the Company within fifteen (15) days following the expiration of any such year or within fifteen (15) days following the termination date of any collective bargaining agreement between the Company and the Union covering my employment if such date shall occur within one of such annual periods. Such notice of revocation shall become effective respecting the dues for the month following the month in which such written notice is given; A copy of any such notice will be given by me to the Financial Secretary of the Local Union.

APPENDIX D

ATTENDANCE IMPROVEMENT PROGRAM

The efficient operation of the Company requires that employees consistently maintain satisfactory attendance.

The most important single rule employees should remember is that they must notify the Integration Center or their supervisor as soon as they know they will be absent from work. Notice does not excuse the absence. It does, however, permit the supervisor to schedule work around the absence and will be considered a less serious infraction than absence without notice.

Attendance records are evaluated on the number of days absent from work.

All days taken out of work, including excused and unexcused absences, are used in determining total days out of work. However, excluded from this total are days on FMLA approved leave of absence, FMLA approved intermittent leave of absence, jury duty, union business, leave pursuant to Massachusetts General Laws, bereavement, vacation and holidays.

In determining "excessive" absenteeism, all days absent from work are added together. If the total number of days for that employee in any rolling three (3) month period equals three (3) days or more in the period for that employee, that is considered excessive absenteeism under these guidelines. For purposes of this program, a day is equal to the number of hours in an employee's regularly scheduled shift. The first forty (40) hours annually that an employee is absent will be excused pursuant to Massachusetts Earned Sick Leave Law.

Under this program when an employee's record indicates excessive absenteeism in accordance with the guidelines above, the goal of the Company is to restore that employee's attendance to satisfactory level. The Company will implement a plan of progressive discipline, as outlined below, to ensure the successful attainment of this goal.

Disciplinary action may be issued should an employee be absent for three (3) days of absences within a rolling three (3) month period and for each absence that occurs within the next three (3) months. Following a three (3) month period with no absences, should an employee who has an active step of discipline reach three (3) days within a rolling three (3) month period and less than one (1) year from his last disciplinary step being issued, it will result in the appropriate nextstep of progressive discipline being issued.

Should an employee exhibit a pattern of excessive absenteeism but does not meet the guidelines above, the Union and management will meet to discuss entering the employee into the attendance program and begin the plan of progressive discipline as outlined below. Employees will only receive one consultation in a rolling twelve (12) month period.

Consultation

The Company recognized that typically, excessive absenteeism is a symptom of a personal problem the employee is experiencing which is affecting that employee's attendance. The supervisor will consult with the employee and help will be offered. The Employee Assistance program (EAP) is available free of charge to assist employees with personal, marital, financial, substance abuse or other problems which affect the employee's attendance at work. A written record of this meeting will be provided to the employee and a copy provided to the Union Steward or appropriate Union Officer.

Verbal Warning

If an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of the time following the consultation, the employee will be warned that formal written discipline will follow unless that employee's attendance shows an immediate, substantial and sustained improvement. The employee will be made aware once again of the Employee Assistance Program and urged to take advantage of it if necessary.

Written Warning

After a verbal warning, if an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of time, and the employee's absence record continues to equal or exceeds the three (3) days, he or she will be given a written warning. The employee will be warned that further disciplinary action up to and including termination of employment will follow unless attendance shows immediate, substantial and sustained improvement. The employee will once again be made aware of the Employee Assistance Program and urged to take advantage of it if necessary.

Suspension (1) Day

After a written warning, if an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of time, and the employee's absence record continues to equal or exceeds the three (3) days, he or she will be given a one (1) day unpaid suspension. The employee will be warned that further disciplinary action up to and including termination will follow unless immediate, substantial and sustained improvement. The employee will once again be made aware of the EAP and urged to take advantage of it if necessary.

Termination of Employment

After the one (1) day unpaid disciplinary suspension, a monthly review will take place. If the employee's attendance record continues to equal or exceeds one (1) day absent based on the standards described above, such employee will be suspended pending a decision to terminate employment. The decision to terminate an employee's employment will be made within seven (7) calendar days following such suspension.

Job Abandonment

Any employee who fails to report to work and fails to provide notice of such absence for a periodof three (3) consecutive work days shall be considered to have voluntarily abandoned his or her position. In addition, if an employee fails to return to work after the expiration of a leave-of- absence, that employee will be considered to have voluntarily abandoned his or her position.

ISSUANCE AND REMOVAL OF ATTENDANCE WARNING NOTICES

Documented verbal warnings, written warnings, and suspensions will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Intervening discipline within the one (1) year period keeps all prior discipline active.

APPENDIX E
MEDICAL AND PERSONAL LEAVE OF ABSENCE POLICY

1. PURPOSE:

The purpose of this policy is to specify medical and personal leave-of-absence provisions to which employees may be entitled. Medical leaves are available in accordance with this policy for the employee's own serious health condition which renders the employee unable to perform the essential functions of his job.

2. SCOPE:

This policy extends to Local 12026.

3. POLICY & PRACTICE:

Industrial Accident Leave

Employees who are absent from work due to a work related injury should contact HRCONNECT.

Non-Work-Related Medical Leave

Employees who are absent from work because of personal injury or illness for more than five (5) consecutive work days must apply for a medical leave-of-absence for all daysout of work after the fifth consecutive work day of absence.

Employees applying for a leave of absence for Short Term Disability (STD) should contact Lincoln Financial (Company Administrator) at 1-800-451-5554.

Lincoln Financial will work with employee and provider to obtain necessary medical support forthe leave of absence.

The employee's job is protected for one year total - STD for 6 months, then LTD for 6 months. If the employee is unable to return to work within that 12- month period, the employee will be moved into an Inactive/Job Not Held status. The employee will remain in the Inactive/Job Not Held status, until he is no longer eligible for LTD benefits, at which point his employment will be terminated.

While receiving LTD benefits, any health/dental/vision deductions will be deducted from the employee's LTD benefit.

All medical leaves will run concurrently with all federal and state leaves.

During medical leaves under the Company medical leave policy, employees are responsible for contributions to all benefit plans as if actively at work. If an employee fails to return to work for reasons other than for a substantiated continued health condition or circumstances beyond his control, the employee may be required to repay the Company for all health premiums paid on the employee's behalf during the leave.

Employees who qualify for medical leave under this policy, upon their return to work will be restored to the same or an equivalent position after the leave, except in certain cases where theperson has been designated as a "key employee" or where the employment would not have continued had the employee not been on leave. Employees returning from leave will be required to supply a "fitness for duty" release from their attending physician if the leave was for their own health condition.

Employees on medical leave of absence are considered unable to perform essential job functions, and as such are not allowed to perform work outside of the Company workplace during an approved leave.

The Company may require employees requesting medical leave or returning to work from medical leave to be examined by a physician designated by the Company. Any such examinations will be paid for by the Company.

4. PROCEDURE:

Employees applying for a medical leave-of-absence must be under the direct care of a physician and must submit medical certification directly to the Company administrator. Employees may be required to undergo a periodic medical examination by a physician designated by the Company in order to ascertain the employee's condition.

For medical leaves, the Company will require medical certification for an employee's own serious health condition prior to the start of the leave unless the condition requiring medical leave is unforeseeable in which case such medical certification must be provided within fifteen (15) days of the request for leave, or as soon as practicable. Upon proper submission of medical documentation in support of a medical leave request, the employee will be placed on medical leave in accordance with the attending physician's instructions. The employees will be advised in writing by the Company administrator of his status including the beginning and ending dates of his medical leave and the procedures for returning to work or extending his medical leave.

Medical leaves of absence which qualify under this policy may be covered by certain insurance programs such as short-term-disability (STD), long-term-disability (LTD), or worker's compensation. When it is not covered by one of these insurance programs,leaves will be unpaid.

PERSONAL LEAVE-OF-ABSENCE

A personal leave-of-absence without pay for a period normally not to exceed sixty (60) days maybe granted by the Company for urgent personal reasons to employees with at least six (6) monthsof continuous employment. Requests for personal leave-of-absence must be made in writing to the employee's supervisor and the unit's senior human resources officer. Each request will be decided on its own merit at the sole discretion of the Company.

LENGTH OF SERVICE

Length of continuous service for the purpose of this policy shall be computed from the original date of hire.

Length of continuous service will be broken by the following:

- Absence from work for more than three (3) consecutive days without notice to the Company;
- Voluntary termination or resignation by the employee;
- Discharge for cause;
- Failure to return to work upon the expiration of an approved leave-of-absence or the extension of an approved leave-of-absence.

APPENDIX F
LNG SHIFT PAY PRACTICE

The Parties agree to create a subcommittee to meet and discuss pay premiums and practices.

1. LNG plant operators when assigned to the twelve (12) hour shift schedule (so-called "on-shift") by the company, will transition to a schedule of four (4) days on "days," four (4) days off, four (4) days on "nights," four (4) day off. Upon completion of this rotation,the operator will repeat from the beginning.

2. Employees will be paid overtime after twelve (12) hours in a workday or forty (40) hours in a workweek. Employees will not be paid meal allowances when working the twelve (12) hour shift schedule.

3. When on the twelve (12) hour shift schedule, but on a short schedule week, i.e., scheduled to work thirty-six (36) hours, any hours worked in excess of such short schedule will be paid at time and one half.

4. No vacations will normally be permitted during winter around the clock coverage. If around the clock coverage is required for non-winter periods, such as a summer liquefaction run, normal vacations will be allowed in accordance with Article VIII. During twelve (12) hour shift periods, employees on their spare week, would continue to be able to take vacation time following approval from their supervisor. Should the employee be scheduled for a twelve (12) hour shift and elect to use vacation or sick time, their remaining balances will be reduced by the amount commensurate to the number of hours scheduled and paid.

5. Saturday & Sunday premiums will be paid for scheduled work on those days. All holidays, jury duty, etc. will be paid as twelve (12) hour days when the employee is on a twelve- (12) hour work schedule. When working a holiday, pay will be at double time for all hours worked. A twelve- (12) hour holiday not worked is to be paid or if not paid,may be taken at another time as a paid holiday. If an employee is not required to work a holiday but is on the twelve (12) hour shift schedule, the employee will be paid twelve (12) hours of holiday pay for such holiday.

6. If an employee does not work two hundred (200) hours in the five (5) week rotation because shift work has been discontinued, the employee will be allowed to work to a schedule to make up the 200 hours normally worked in a five-week rotation.

7. Employees on the twelve (12) hour shift rotation and enrolled in the 401K plan, will continue to contribute to the plan based on the provisions of the plan document.

8. When employees are assigned to Gas Operations to assist the LNG operators on shift, they will be scheduled for a twelve-hour shift.

9. Upon ratification of the 2018 Collective Bargaining Agreement, the Company agrees to backfill the existing Lead Production Mechanic vacancy and fill one (1) additional Lead Production Mechanic position.

10. Upon ratification of the 2018 Collective Bargaining Agreement, the Company agrees to create and fill a “Lead Plant Operator” position to be compensated at labor grade 10

11. Upon ratification of the 2018 Collective Bargaining Agreement, the Company agrees to modify the Plant Operations and Maintenance Assistant from labor grade 7 to labor grade 8. Job posting will be updated to include a MA Hoisting 1C license qualification. All employees currently in the classification who do not possess a MA Hoisting 1C license,will be given six (6) months to obtain the license.

ATTACHMENT E
GAS OPERATIONS AGREEMENT

GAS CONSTRUCTION

Gas Construction Department:

Inspectors currently on the roster in Local 12026 will be assigned to the Gas Construction department.

The Rosters will be titled Construction Inspectors.

The Progression will be as follows.

Inspector Trainee (TC)	Six (6) Months	$30.39	(Step 1)
Inspector C	Six (6) Months	$39.09	(Step 2)
Inspector B	Six (6) Months	$41.59	(Step 3)
Inspector A	Twelve (12) Months	$45.76	(Step 4)
Inspector	(See Job Description)	$48.96	

Total Progression is thirty (30) months.

The construction crews and inspection duties will be selected based on daily work assignment. Employees assigned inspection work will perform the duties of an inspector the entire work day schedule. Employees assigned to construction crews will perform construction crew work detailed below.

Construction crews will perform the following work:

1. New growth services
2. New growth mains
3. Service replacements
4. Main connections associated with main replacements performed by construction crews and assigned main connections for external crews.
5. Mark outs associated with assigned work
6. Service replacements associated with main replacements

7. Public work projects

8. System enhancements

9. Affected cast iron encroachments

10. Main & service taps associated with construction crew assignments.

Number of crew members per crew will be determined by the Company.

Inspectors

1. The parties agree to create a new Construction Inspector position. (see job description attached).

   It is understood that the number of Construction Inspectors may be adjusted up based on the number of contractor crews working in an area.

   In the event future legislation, code changes or a DPU order mandates a ratio different than is defined in this Agreement, the Parties agree to meet and negotiate changes to this Inspector Agreement. In the event the Parties are unable to reach agreement, it is understood that the Inspectors will be placed in the Maintenance Department Distribution roster.

2. Inspector to contractor crew ratio is planned at 3:1, however, when unplanned absences occur the Inspectors will back fill each other and expand to a 4:1 ratio. Beyond the 4:1 ratio any additional resources will be requested from the gas construction department. If the gas construction roster can't supply additional resources the gas maintenance (qualified distribution pool) will be utilized. After the 3-day absence period, the Company shall assign additional resources from the gas maintenance group to maintain the 3:1 ratio.

3. If the Company utilizes outside contractors to perform gas pipeline associated work, the contractors will perform all mark-outs associated with said work. If necessary, Company inspectors may assist. The need to utilize Company inspectors in this role will be determined by the Company. If the contractor is unable to access a premise during normal working hours, the contractor will be permitted to perform the mark-out(s) during off hours.

4. If the Company utilizes outside contractors to perform work on Company pipeline, the Contractors will be responsible for scheduling their own work. Company inspectors may assist in this process if necessary. The contractor shall notify the Inspector or meter service personnel who will coordinate the remaining scheduled work.

5. The Contractors will be responsible for all documentation for the projects that they are assigned. Such documentation will be subject to the approval of an Inspector in a timely manner.

6. Construction Inspectors will inspect pipeline contractor crews.

7. Construction Inspectors will be required to perform and document daily job inspections.

8. Construction Inspectors will be qualified to perform procedure supervisor functions.

9. Construction Inspectors will perform procedure supervisor functions when assigned.

Union Represented Job Specification

POSITION:	**Construction Inspector**	**JOB CODE:**
ORGANIZATION:	**Gas Operations**	**EFFECTIVE DATE:**
DEPARTMENT:	**Construction**	**APPROVALS:**
AREA:	**Springfield**	**Department Manager**
		Union Representative
		Employee Relations

NOTE: Statements included in this description are intended to reflect in general the duties of this classification and are not to be interpreted as all inclusive.

I. **JOB SUMMARY: (States the level of Supervision and the general function and purpose ofthe job)**

The title, Construction Inspector, designates employee working in the field of Gas Construction. This will be a full-time position. The Construction Inspector's primary role will be Contractor crew oversight and installation of Company facilities. The Inspector will ensure that Contractor crews are operating in compliance with any and all Eversource safety, construction and maintenance policies standards and procedures, and any other applicable state and federal regulations. When contractors are not on the property, or only present in small numbers, the Inspectors will assist in other tasks in preparation of work outlined below.

II. **ILLUSTRATIVE DUTIES:**

- May perform illustrative duties of lower classifications
- Inspect Gas Contractor crews performing work on Eversource gas system facilities.
- Ensure that Contractor crews are operating in compliance with any and all Eversource safety, construction and maintenance policies, standards and proceduresand any other applicable state and federal regulations.

- Conducts job audits on Gas Contractor construction work.
- Assists with estimating, job packages, field surveys, mark-outs and any and all WAM work management related activities of construction related work reviews and approves Contractor paperwork.
- Assists with work coordination between all departments including Meter Service, Gas Control, Maintenance, I&R and other operating groups.
- When assigned, Construction Inspector will perform procedure supervisor functions.
- When contractors are not on property and no inspection work is available, employees will be assigned to a construction crew.
- Construction Inspectors will be fully qualified as outlined in Eversource Operator Qualification program.

III. **REPORTING RELATIONSHIPS: (the title of the position the incumbent reports to)**

This position reports to Gas Construction.

IV. **WORKING CONDITIONS**

Work in this classification is performed both indoors and outdoors, as is the current practice, dependent on the work assignment. Work is performed on Company and customer premises, in streets, roadways and right of ways.

V. **MINIMUM QUALIFICATIONS**

- Five years time-in-grade (in addition to 2-year progression). This qualification may be waived by mutual agreement to fill vacant positions with the successful completion of other requirements
- Must hold a valid Massachusetts commercial driver's license (A), or be willing to train and qualify for it after assignment to the classification
- Must possess expertise and detailed technical knowledge of Gas Construction and Maintenance policies, work practices, processes, tools and equipment necessary to safely operate, maintain and perform repairs on Company gas distribution systems.
- Must meet all DOT regulations for random Drug & Alcohol testing
- Pass any job-related tests
- OQ qualified to be a Procedure Director and any and all additional OQ requirements at the Company's discretion.

VI. **HOURS/SCHEDULES**

Schedule and report time:

The Construction Inspector will work Monday through Friday 7:30 am to 3:30 pm.

I. INTRODUCTION

1. AGREEMENT

AGREEMENT made and entered into this 15th day of May 2024 by and between EVERSOURCE GAS COMPANY OF MASSACHUSETTS, SPRINGFIELD DIVISION (hereinafter the "Company") and UNITED STEEL, PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL and SERVICE WORKERS INTERNATIONAL UNION, AFL-CIO-CLC (hereinafter called the "Union") on behalf of LOCAL UNION NO. 12026 and, together, with the Company, the "Parties".

2. PURPOSE OF AGREEMENT

WHEREAS the parties hereto have reached an Agreement as a result of collective bargaining for the purpose of facilitating the peaceful adjustment of differences, if any, that may arise from time to time, and to promote harmony and efficiency, the parties hereto contract and agree as follows:

II. RECOGNITION

1. UNION RECOGNITION AND BARGAINING UNIT

The Company agrees and does hereby recognize the Union as the exclusive representative of all employees located at Springfield to whom this Agreement applies for the purpose of bargaining in respect to rates of pay, wages, hours of employment, or other conditions of employment.

The employees to whom this Agreement applies are only those employees located at Springfield, Massachusetts, in the classifications and departments of the Company set forth in Appendix A. This Agreement does not apply to all office employees, guards, professional employees and supervisors as defined in the National Labor Relations Act as amended.

At a time to be determined, but prior to the closing date of the Asset Purchase, the Company will make offers of employment, under the terms set forth in the MOA, to all employees who are members of Local 12026 (the "Springfield Employees"), and who are either: (a) actively employed in good standing by CMA on the closing date; or (b) employed in good standing by CMA on the closing date and on a company-approved leave of absence or disability leave. The Company's initial offers of employment to those Springfield Employees actively employed in good standing by CMA on the closing date shall be for employment effective as of the closing date. The initial offers of employment to Springfield Employees who are on a company-approve leave of absence or disability leave shall be for employment, as set forth in the APA, effective as of the earlier of: (i) the

date such Springfield Employee is scheduled to return to work, and (ii) six (6) months following the closing date or, if later, the expiration of such Springfield Employee's statutory return right under applicable law.

III. RESPONSIBILITY

1. RESPONSIBILITY OF MANAGEMENT

The Union agrees, for itself and its members, not to hinder or interfere with the management of the Company in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work, but in the exercise of these responsibilities in management, the Company agrees that it will not discriminate against any member of the Union. This article shall in no way abrogate any other clause in this Agreement.

The Company retains the right to employ, transfer, promote or discharge employees, regardless of membership or non-membership in the Union.

2. RESPONSIBILITY OF THE LOCAL UNION

In consideration of the commitments assumed by the Company in this Agreement the Local Union agrees that its officers and members will cooperate directly and indirectly with the efforts of the employer to maintain high efficiency, productivity, and competence in the work force and to train employees to improve their skills and abilities.

The Local Union agrees that it will encourage its members to suggest improvements in practices and procedures and to welcome changes introduced to: improve service and performance; reduce costs, waste, damage and accidents; increase individual productivity. The Local Union agrees to support the efforts of management to provide economical and quality services to consumers and to encourage work assignments which fully utilize the skills and time of individual members.

3. RESPONSIBILITY OF EMPLOYEES

a. Employees shall individually and collectively work so as to maximize operating efficiency and individual and group productivity. They shall make every effort to protect the property of the Company and represent the best interest of the Company in their relationships with consumers and the public.

b. Employees shall not engage in work for pay on their own or for another employer when there may be a conflict of interest between the services provided by the Company and the activities of the employee.

4. NO STRIKE - NO LOCKOUT

While this Agreement is in force there shall be no lockout of the employees by the Company and neither the Union nor its members will cause or participate, directly or indirectly, in any strike or stoppage of work.

5. CORRECTIVE PROCEDURE

In further consideration of the mutual commitments contained herein, the parties hereto expressly agree that neither party shall bring, or cause to be brought, any court or other legal or administrative action against the other until the dispute, claim, grievance or complaint shall havebeen brought to the attention of the party against whom it shall be made and the said party, after actual notice of the same, shall within a reasonable time, fail to take steps to correct the cause of circumstances giving rise to such dispute, claim, grievance or complaint.

6. COMPLIANCE WITH LAWS AND REGULATIONS

In the event that any provision of this Agreement shall at any time be declared invalid by any court of competent jurisdiction, or by any duly constituted governmental agency of the United States or the Commonwealth of Massachusetts, such decision shall not invalidate the entire Agreement, it being the express intent of the parties hereto that all other provisions not so declared invalid shall remain in full force and effect.

7. NON-DISCRIMINATION

a. The parties to this Collective Bargaining Agreement agree that it shall continue to be their policy to prohibit discrimination of any persons because of pregnancy, race, creed, color, national origin, age, sex, religion, union activity, disability, veteran, disabled veteran, Vietnam Era Veteran, marital status, sexual orientation, sexual identity, genetic information or any other

b. characteristic protected or covered under any applicable law in hiring, lay-off, promotion and all other terms and conditions of employment. All reference as to the masculine gender in this Agreement shall be also construed to refer to the feminine gender where applicable.

8. SIDE AGREEMENTS AND EFFECT OF AGREEMENT

During the term of this Agreement the Union and the Company will review all jointly signed letters or memoranda of agreement or recognized past practices and present such letters, memoranda or practices which it wishes to have continue.

Where the parties agree to continue such memoranda or letters of agreements or past practices they will continue.

Where the parties disagree on such memoranda or letters of agreement or past practices, they will be a subject of bargaining in the succeeding contract; however, they will continue inforce during this Agreement.

Written grievance settlements between the Company and the Union shall continue in fullforce and effect.

IV. UNION MEMBERSHIP

1. UNION SHOP

It is agreed that all employees who are members of the Union as of the effective or execution date of this Agreement and all employees who thereafter have become or may hereafter become members of the Union, shall remain members of the Union in good standing for the duration of this Agreement as a condition of continued employment by the Company; and further that all new employees covered by this Agreement hired after the date of this Agreement shall after thirty (30) days of employment, become members of the Union and remain members in good standing for the duration of this Agreement as a condition of continued employment. Good standing shall mean only the payment of the initiation fee and periodic dues.

2. REGULAR EMPLOYEES

The term “regular employee” means those employees holding positions authorized to be filled by management who are scheduled to work at least 1,000 hours in a calendar year.

3. TEMPORARY EMPLOYEES

The term "Temporary Employee" means those hired and paid directly by the Company to fill temporary jobs such as seasonal construction in the Distribution Department. Temporary Employees will not exceed twenty-five (25) in number. Any such employee who shall have worked six (6) consecutive months for the Company may thereby become a regular employee with seniority as of the date of hire if regular positions are available. Temporary Employees are not covered by the provisions of this Agreement. The Company, within its discretion, may sever the employment of temporary employees.

The Company agrees that when Temporary Employees are used in the Distribution Department, no employees in the bargaining unit will be laid off. If an employee is on layoff from the bargaining unit and still has recall rights, he/she will be recalled in accordance with the contractual recall provisions prior to using temporary employees.

The normal work day shall consist of eight (8) hours and the normal work week shall consist of five (5) days. The normal work week will run Monday thru Friday, except weeks in which a holiday falls. Temporary Employees will be allowed to work up to two (2) hours of incidental overtime per job when the job necessitates it at the end of the shift. Scheduled overtime will be given to Temporary Employees only when all regular Distribution Department workers have been offered the scheduled overtime work.

Neither the Company nor the Union shall use any type of past practice, understanding, or other agreement, in existence prior to the effective date of this Agreement, outside the Collective Bargaining Agreement, to oppose the operation of this Section.

4. PROBATIONARY EMPLOYEES

The term "probationary employee" means those hired on a six (6) months trial to fill regular authorized positions which are open or expected to be open. It is understood that if such probationary employees are found satisfactory and if the positions are still open, they will become regular employees.

The Company may request to extend the six (6) month period for probationary employees for up to an additional six (6) months provided written notice is given to the Union ten (10) days before the extension and if the Union is not satisfied with the reasons for the extension, it may register its objection and the extension will not be granted.

Probationary employees are covered by the provisions of this Agreement and during the probationary period shall be eligible for all benefits, but the retention of a probationary employee is at the discretion of the Company and termination of employment during the probationary period or extension thereof shall not be subject to review through the grievance and arbitration procedure.

5. CHECKOFF

The Company shall deduct from wages weekly and to remit monthly to UNITED STEEL, PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIALand SERVICE WORKERS INTERNATIONAL UNION, 5 Gateway Center, Pittsburgh, Pennsylvania the membership dues and initiation fees uniformly required of each employee on whose account such deductions are to be made, pursuant to a written assignment on a form approved by the Company. Membership dues shall be as designated by the International Secretary/Treasurer and certified by the UNION to the COMPANY. Such form shall contain such provisions concerning irrevocability, duration, revocation and automatic renewal as the UNION may request but only to the extent that such provisions comply with the applicable requirements of Section 302(C) of the Labor Management Relations Act, 1947, as now or hereafter amended, as said requirements may from time to time be interpreted by appropriate governmental authorities.

The Union shall indemnify and save the Company harmless against any and all claims, including legal fees, which may arise out of or come into being by reason of any action taken or not taken by the Company for the purpose of complying with this dues deduction provision.

The individual written authorization by the employee shall be delivered to the Company on cards similar to the card attached, marked Appendix C and made part hereof.

V. HOURS OF WORK

1. WORKDAY, WORKWEEK

The regularly scheduled working day will consist of not more than eight (8) hours and the regularly scheduled working week will consist of not more than forty (40) hours. For administrative purposes only, it is understood that the workday begins at 12:00 a.m. and the workweek begins Sunday at 12:00 a.m. and the workweek is Sunday through Saturday.

"Straight-eight" work days – the Company will temporarily continue the practice of certain Springfield Employees working "straight-eight" work days where they are working such schedules as of the effective date (September 2, 2020) of this MOA continuously up through the period immediately prior to the closing of the Asset Purchase. The Company and Local 12026 agree, however, that effective November 1, 2021, the Company, unilaterally and at its sole discretion, has the right to change the schedules of all such employees to 8 ½ hour days with a ½ hour unpaid lunch.

2. WORK SCHEDULE

A workday schedule will be posted each Friday and so arranged that the day or days off of each employee will be alternated from week to week so that each employee, insofar as practicable, can receive consecutive days off.

3. WORK SCHEDULE CHANGES - LUNCH PERIOD

A regular place and stated hour for reporting for work will be given each employee. Due notice of not less than twenty-four (24) hours shall be given by the supervisor of any change in place or starting time, except in cases of emergency. The hours of work shall be continuous, except those operations where time is usually taken off for lunch. Such a lunch period shall not be less than nor more than thirty (30) minutes. The time for beginning the lunch period will be within five (5) hours of the starting time. Should an employee be approved to work through his lunch period, he will receive time and one half for work performed.

Employees assigned to work where eight (8) hours of continuous operation is necessary shall be allowed a meal period of twenty (20) minutes with pay. Such meal time to be taken so as not to interfere with continuous operations of service.

4. WASH-UP

Where practicable, the Company will allow up to ten (10) minutes wash-up time at the end of the workday.

5. ATTENDANCE - NOTICE OF ABSENCE

Any employee who expects to be absent from work must notify HRConnect as soon as possible, but in no case less than one-half hour (3 hours in the case of a second or third shift employee) where practicable before his/her regular time for starting work, stating cause of absence and when he expects to be able to return to work. In the event the employee is unable to reach HRConnect, he must contact his immediate Supervisor.

6. ATTENDANCE IMPROVEMENT

Employees shall comply with all reasonable regulations introduced to govern reporting of absence and control of any abuse.

The Union and the Company agree to review periodically the attendance and disability benefit claims made by employees for the purpose of correcting any problems that may occur.

The procedure for improving attendance is included as part of this Agreement (See Appendix D).

7. UNION LEAVE OF ABSENCE

Without loss of seniority rights, employees who are members of the Union when delegated or elected to transact business or matters pertaining to the Union shall be granted such leave of absence as may be approved by an officer of the Company.

Upon request of the President of the International Union or his designated representative, to the appropriate officer of the Company or his designated representative, an employee hired by the International Union on a temporary or regular basis shall be granted a leave of absence without loss of seniority, but without pay, for the period of twenty-four (24) months.

8. PARENTAL LEAVE

Effective May 15, 2024, eligible employees, both birth parent and non-birth parent, who become parents on or after May 15, 2024 will receive six (6) weeks of paid parental leave at 100% of base pay. Parental leave may be taken to bond with a new child during the first year after a birth, adoption or foster placement.

Paid Parental Leave will coordinate and run concurrently with any available state and Company leaves and will be an offset of any benefits paid under those plans. Paid Parental Leave will only be allowed to be used in one 6-week period and must all be used during the twelve (12) month period following eligibility.

For the birth parent, paid parental leave will be available immediately following the disability benefits period. Lincoln Financial will be the administrator of this program.

Health and life insurance shall be continued the duration of each parental leave granted. However, the employee must continue to contribute toward the cost of any benefit plans that require employee contributions during the leave of absence.

Holidays occurring within any disability period are paid under the disability provision of the Labor Agreement.

Holidays occurring within any unpaid leave of absence shall not be paid.

VI. WAGES

Any increase in salary agreed to by the parties will be effective January 1, 2021. The parties further agree that, on or before the second pay day in 2021, each Springfield Employee employed as of that date will be paid a lump sum bonus equal to the percentage increase that is effective January 1, 2021, multiplied by the total gross earned wages for that employee for the time worked from October 1, 2020 (or the date of hire by the Company, if different) through December 31, 2020 (or the last date on which the Springfield Employees are paid through NiSource's payroll system, if different). In the event any employee terminates employment prior to January 1, 2021, he will be paid such lump sum bonus at the same time as stated above and calculated by multiplying the percentage increase that would have been effective January 1, 2021 by the total gross earned wages of that employee from October 1, 2020 (or the date of hire by the Company, if different) through his date of termination.

Effective January 1, 2021, the payday for Springfield Employees will change from Friday to Thursday and will remain weekly.

The parties understand and agree that, for a period of time up to but not to exceed two (2) years from the closing of the Asset Purchase (such two-year anniversary occurring on October 8, 2022), due to payroll and benefits systems transitional issues, the Company may not be able to process payroll, health and welfare benefits, and/or retirement benefits for the Springfield Employees in accordance with the terms of the September 2, 2020 MOA. Accordingly, the parties understand and agree that the Springfield Employees may begin employment with the Company under certain temporary, interim terms and conditions of employment as provided in this paragraph. Such temporary, interim terms and conditions of employment may include the following: (a) health and welfare benefits and retirement benefits will or may be provided by plans that "mirror" all or some of the terms and conditions of certain CMA health and welfare and retirement plans, but that are sponsored and maintained by Eversource Energy Service Company or the Company (the "Mirror Plans"); and (b) payroll services will or may be provided by NiSource Inc. under the payroll practices in effect under the Local 12026 CBAs as of the time of the closing. Notwithstanding the foregoing, the parties understand and agree that the terms and conditions of employment for the Springfield Employees will be as set forth in the September 2, 2020 MOA subsequent to the period described in this paragraph.

1. WAGE LEVELS

Grandfathered employees will receive negotiated general wage increases in future collective bargaining agreements.

It is agreed that effective January 1, 2021, the existing side letters relating to stipend payments for the Maintenance Mechanic, Lead Service Technician, and Senior Lead Distribution Operator shall cease to be in effect.

Wages shall be paid to employees in accordance with Classifications, Job Classifications, and Wage Schedules shown in Appendix A attached hereto and made apart hereof.

a. All present job rates are to be increased effective May 15, 2024, by three percent (3%).

b. All present job rates are to be increased effective May 15, 2025, by three percent (3%).

c. All present job rates are to be increased effective May 15, 2026, by three percent (3%).

d. All present job rates are to be increased effective May 15, 2027, by three percent (3%).

2. DETERMINATION OF RATE OF PAY

Rate of pay shall be determined by job classification. (Wage and Step Increase Schedule Rates of Pay – Appendix A)

3. WAGE RANGES

Wage ranges are established for each job classification. A minimum and maximum rate applies to each job.

4. WAGE DETERMINATION

Wage differentials between jobs are based on differences in responsibilities, skills and duties.

In the event a new job is established, or a substantial change is made in the duties of an existing job, the rate for the new or changed job shall be established by the Company, based on its equitable relationship to other jobs.

During the thirty (30) day period immediately preceding the expected date of the change, the Company shall discuss the appropriate wage classification and rate with the Union. If the Union disagrees it shall have the right for a period of six (6) months thereafter to appeal the Company's decision through the grievance and arbitration procedure, and the final rate determination shall be paid as of the date the job was filled or changed.

5. WAGE ADMINISTRATION

The Company establishes job classifications and the combination of duties that make up a job classification also determines whether or not a classification shall be filled and how many individuals are required in a classification at any time.

Individuals within a classification are required to perform all duties included in the classification.

To be eligible for promotion, employees bidding for posted openings must meet the minimum qualifications established for the job.

To be eligible for promotion within a related series of classifications, employees shall begin in the lowest classification in the series and pass a job-related examination and complete required service in each successive level.

6. WAGE PROGRESSION

Progression to the job maximum rate shall be in intervals of no longer than a maximum of six (6) month service steps from the date of entry into the job.

7. TRANSFER BETWEEN JOBS NOT IN A RELATED JOB SERIES

a. **To a Higher Job Classification**

An employee who bids to a job in a higher paid classification shall be paid the minimum for the job or the step rate next above his present rate, whichever is higher, and continue the established progression for the new job classification.

b. **The Same Wage Job Classification**

An employee who bids to a job in the same classification shall be paid his present rate and continue the established progression, if any, to the maximum job rate.

c. **To a Lower Wage Job Classification**

An employee who bids to a job in a lower classification shall receive the step rate nearest his present rate but not to exceed the maximum job rate for the new job and continue the established progression, if any, for the new job classification.

8. TRANSFER TO AND WITHIN A RELATED JOB SERIES

An employee bidding and entering a related job series shall begin at the step rate next above his present rate but not to exceed the median progression rate for the related job series and shall remain at this rate in the classification and shall then progress as qualified from step as scheduled, provided periodic examination verifies continued eligibility.

9. TEMPORARY ASSIGNMENTS

The Company may temporarily assign employees not in the progression within a related job series, to jobs outside of their classification for up to 180 calendar days. Any transfer exceeding 180 calendar days will be limited to illness/accident, vacation coverage, restricted duty, pending job vacancies and other unforeseen business conditions. Employees temporarily assigned to a job in a higher classification shall receive the top of the rate of pay for the position to which he is assigned.

Employees assigned temporarily to a higher rated job for periods of three (3) hours or less but more than one-half (1/2) hour shall receive the higher rate of pay for actual time worked on the higher rated job that day. Such time shall be calculated on a cumulative basis.

Employees assigned temporarily to a higher rated job for periods of more than three (3) hours shall receive the higher rate of pay for all straight time worked that day.

This shall not apply where employees are learning the duties of the new job. If an employee is awarded a position to which he has been transferred to in the past, they will receive credit for the time spent in said position and the appropriate progression rate will apply.

An employee in progression within a related job series is expected to perform any assignment within the series that is covered by the training received prior to such assignment at his regular rate of pay.

Employees temporarily assigned to a lower rated position shall retain their regular rate of pay.

Selection of employee to be transferred shall be in accordance with Article XV. Seniority.

10. CLASSIFICATION ADDITIONS AND MODIFICATIONS

The Company agrees upon ratification of the September 20, 2020, Memorandum of Agreement to implement the following changes to existing job classifications:

a. A new classification of Service Tech/Fitter will be created. New positions posted in the meter service department will be posted as a Service Tech/Fitter and employees hired into this position will be required to obtain a Massachusetts Gas Fitters License. Current Service Technicians will not be required to obtain this license but may do so voluntarily and move to the Fitter classification. In addition, current CMA employees who had formerly held the Service Technician A (fully qualified) position would also be exempt from the new license requirement. In the event such employees voluntarily choose to obtain this license, they also would be eligible to move to the Fitter classification.

The Company agrees upon ratification of the May 15, 2024 collective bargaining agreement to implement the following changes to existing job classifications:

a. Revise job descriptions for LNG Operator; LNG Maintenance Mechanic; Pressure Regulation Technician.

b. Create Time Merit Progression (TMP) programs for LNG Operator and Pressure Regulation Technician, which are effective upon ratification.

c. The Company agrees to add a Lead Welder position to Appendix A. This position is not considered eligible for an upgrade for the Welder/Distribution Technician. The Company retains the sole discretion on whether to backfill the position when it becomes vacant.

d. The Company and Union agree to meet and discuss creating a job description for the Lead Welder position within 90 days following ratification of the contract.

e. The Company agrees to maintain the Inspector to contractor crew ratio of 3:1 as set forth in Appendix E of the contract.

The Company agrees to meet and discuss upcoming Inspector retirements with the Union.

If the state requirement for Inspector oversight to contractor crew ratio changes, the Company and Union will meet and bargain the impact.

f. The Company and Union agree to form a subcommittee to discuss the duties/compensation of the Working Leader position.

g. Revise Service Technician D, title to: Damage Prevention Technician. Eliminate non-grandfathered rate upon ratification.

h. Revise Stockhandler, job description, including adding Massachusetts 1D hoisting license. Employees holding position will be required to obtain license within 6 months from date of ratification.

VII. EMERGENCY RESPONSE

Emergency response is the highest priority type of work or activity. To improve and ensure maximum emergency response, an "Emergency Responder" rotation process shall be established to respond to all "Gas Leaks, Low pressure/No Gas Orders, and Carbon Monoxide orders" and any other work deemed an emergency by management.

- An example of a non-emergency could be a no gas call in which management coordinates with the customer to resolve the no gas issue at a later date.
- An example of an emergency could be a damaged valve box that jeopardizes public safety.

Effective 5/1/2016, all qualified employees, including but not limited to, distribution, service, and metering shall be required to participate in the Emergency Responder/On-Call/Standby rotation process, with the exception of those who are on twenty-four/seven coverage. Construction crews will be required to participate in Emergency Response/On-Call.

Process

1. An on-call rotation process shall be established for designating Emergency Responders/standby.
2. Emergency responders shall be determined by qualification.
3. Emergency shall be defined as any Gas Leaks, Low Pressure/No Gas Orders, and Carbon Monoxide orders and any other work as determined by management.
4. The Emergency Responder/On-Call standby rotation will be determined on a daily (24 hr.) or weekly basis as determined by management and discussed with the union.

5. The Company will be provided with one (1) contact number for each Emergency Responder that the employee will be available at for emergency response.

6. It is the employee's responsibility, to find coverage prior to starting their on-call assignment should they be unable to work their rotation, with supervisor approval.

7. In the case of a personal emergency, it is the employee's responsibility to directly contact their supervisor or the on-call supervisor.

8. The order in which Emergency Responders/on-call are called shall be determined by management and discussed with the union.

9. Emergency Responders/on call/standby may be required to take a company vehicle home.

10. Emergency Responders will be determined by management and discussed with the union.

Compensation

Emergency Responders on rotation will be paid Emergency Responder pay of $70.00 per day Monday through Friday, and $100.00 per day on Saturdays, Sundays and holidays.

Emergency Responders on rotation shall be entitled to Emergency Responder/On-Call pay, in addition to pay for actual time worked if called.

ASSIGNMENT OUTSIDE REGULAR REPORT AREA

When an employee is required to work outside his normal report area, at the start of the day, the following will apply:

1. Without forty-eight (48) hours' notice, the employee has the option of reporting directly to his re-assigned location or his normal report area. Should an employee choose to report to his normal report area, he will be transported by the Company to and from the re-assigned location. In no case will an employee be required to travel on his own time or provide his own transportation on such an assignment. If an employee elects to report directly to his re-assigned location, he will be compensated in accordance with paragraph 2. outlined below.

2. With forty-eight (48) hours' notice, the employee may be required to report directly to hisre-assigned location. If such is the case, the employee will be required to travel on his own time and provide his own transportation. An employee will receive an allowance equal to one (1) hour of his straight time base rate for each way of the required travel.

3. The Company will solicit for volunteers based on Company seniority. In the event thereare no volunteers, the qualified junior employee will be assigned.

Assignment Outside Regular Report Area

When an employee is required to work outside Regular report area, at the start of the day, (The Company will solicit for volunteers based on company seniority. In the event there are no volunteers, the qualified junior employee will be assigned) the following will apply:

Without 48 hours' notice – Employee may choose one of the following options

Start Work	*End Work*	*Payable*
(A) Normal area	Normal area	No Travel pay; however, the Company provides transportation to and from new assigned area
(B) Other than normal area	Other than normal area	One hour of straight time base rate for each way of required travel

With 48 hours' notice

Start Work	*End Work*	*Payable*
Other than normal area	Other than normal area	One hour of straight time base rate for each way of required travel. Employee may be required to report directly to reassigned area and provide his/her own transportation as well as travel on his/her own time.

An employee is not considered out of area if he/she reports in to work and reports out from work at end of work assignment, both times, at his/her normal work area regardless of where he/she traveled to during the work assignment.

EMERGENCY WORK PREMIUM

When an employee is assigned to work outside his normal report area for a period of more than 24 continuous hours, including travel time, the method of payment will be as follows:

1. The employee so assigned will be paid for working time at the applicable overtime rate, and for rest time at his regular straight time rate.

2. The Rest Period Policy will not apply during this emergency work when employees are being paid under (1), but every effort will be made to give employees adequate rest time.

3. If a holiday occurs during this assignment, working time shall be paid for at the applicable holiday rate and rest time shall be paid at the regular straight time rate.

4. When the assignment is completed and the employees have returned to their own Report Area, the normal method of payment and rest time procedures will be in effect.

5. Employees covered by this Agreement, in like classifications, in the areas to which outside crews have been assigned in excess of 24 continuous hours, will be paid according to the same premium method as the assigned crews covered by this Agreement. The rest period application will be the same beginning at the time the first outside crew arrives in the area and continuing until outside crews have left the area when the normal method of payment and rest procedures will be in effect.

6. If employees in other classifications are assigned and become working participants in thearea of the service interruption for a period in excess of 24 continuous hours including rest time, the above provisions will apply.

7. Employees once assigned under the above conditions will not be reassigned to circumvent this Agreement.

VIII. CALLOUT ACCEPTANCE

The minimum percentage of individual callout overtime acceptance shall be 15%. Individual performance levels will be reviewed quarterly to verify employee's year to date acceptance rates. Failure to maintain the 15% callout acceptance requirement will be viewed by management as a performance issue and addressed accordingly.

All employees will be subject to a quarterly review of their callout performance and theUnion will receive a quarterly list of the entire local.

Callout percentages will be discussed monthly at union management meetings and reviewed quarterly on a case-by-case basis.

IX. RESIDENCY REQUIREMENT

A Residency Requirement ensures that the Company fulfills its obligations as a regulated public utility. These obligations include the safe, reliable and efficient delivery of natural gas and related services to its customers without interruption and to respond timely to outages, leaks, and damage to its facilities and other emergencies. Therefore, all employees, with a hire date on or after May 15, 2018, are required, as a condition of employment, to reside and maintain residence within the Springfield service territory or no more than thirty (30) minutes travel time, under ordinary travel conditions, from the Springfield Operations Center.

X. QUALIFIED AND NON-QUALIFIED EMPLOYEES

1. DUTIES OF QUALIFIED AND NON-QUALIFIED EMPLOYEES

An employee will not be considered "qualified" until such time that both training and management have determined that the employee has completed his required training and isable to work independently.

Prior to being qualified, an employee will be limited to incidental overtime and will not be eligible for overtime, call out and/or emergency response.

After being qualified, employees will be considered for applicable overtime, call out, stand-by, emergency response and any applicable shifts or schedules which are traditionally determined by seniority.

Should the Company be unable to find qualified employees, regardless of from what department, non-qualified employees may be utilized to ensure that work is completed as scheduled.

Upon mutual agreement between the Company and the Union, employees in a classification that requires extended training may be eligible for overtime, prior to being fully qualified, with a fully qualified person present.

2. FAILURE OF OPERATOR CERTIFICATION REQUIREMENTS

The parties agree that effective as of the Asset Purchase closing date (October 8, 2020), the Company has the right to require employees to acquire and maintain their operator qualifications through the Company's OQ program, and that this right includes the right to determine on what date such requirement will begin. Further, Local 12026 agrees to follow the wage and training progression set forth in the Agreement By and Between NSTAR Electric & Gas Corporation d/b/a Eversource Energy and The United Steelworkers, AFL-CIO-CLC on behalf of Local Union No. 12004 The United Steelworkers, AFL-CIO-CLC, which expires March 31, 2024 ("Local 12004 CBA"). The Company agrees to meet with Local 12026 during the period between closing of the Asset Purchase and January 1, 2021 (the "Transition Period") to provide additional details and answer questions regarding the training progression.

If an employee, who is required to be certified under the operator certification qualification requirements, fails to become certified within the time limits required for certification, such employee will be offered in seniority order the following options, provided the employee has the demonstrated ability to perform the available work.

a. If an employee is in a job classification that requires Operator Qualifications and fails three attempts of any given OQ test consecutively, the employee will be locked out from testing for a period defined by the Company OQ plan. During the lockout period, the employee will be assigned to an instructor-led review session prior to testing again, and be considered "not qualified" for the purposes of their callout roster.

b. If an employee fails a required operator qualification task a 4th time after the lockout period following the 3rd failure, the employee will be assigned to an instructor-led review session prior to testing again. The employee will have 90 days to look for a job in any classification that does not require the OQ which they failed a 4th time. During that 90-day period, they may test a 5th time. If they pass the test, they will remain in their job classification. If they fail the test and do not find an open position for which they are qualified at the end of the 90-day period, the Company will find, and place the employee into, an open position that does not require that qualification. The pay rate and progression in the new position will prevail. After the fifth failure, whether the employee bids into the new position or the company places them, they will remain in that position for a period of twelve (12) months.

The Company and Union agree to form a subcommittee to discuss the Operator Qualification program. The Company agrees to meet quarterly unless the parties mutually agree on a different time frame.

3. FAILURE OF TIME MERIT PROGRESSION (TMP) REQUIREMENTS

If a non-probationary employee fails to become qualified on the first step in the time merit progression (TMP) within the first six (6) months of transfer, the employee may be returned to his or her former job in accordance with Article XIV. Section 1. of the contract.

If a non-probationary employee fails to become qualified within any of the timeframes specified in the time merit progression (TMP) for his or her classification, the employee will have thirty (30) days to find another job. The employee may bid on a job within the bargaining unit in accordance with Article XIV. or outside of the bargaining unit. If the employee is not awarded a job or does not bid on a job within those thirty (30) days, the Company shall place him or her in any position within the bargaining unit.

Once an employee has failed to become qualified within the timeframes specified in the TMP, he or she shall not be allowed to bid into that classification in the future.

XI. ALLOWANCES

1. OVERTIME

a. An employee shall be credited with overtime for all work in excess of eight (8) hours worked in any one (1) day except where employees requests and it is agreed to schedule two (2) shifts in one (1) day (departmental payroll day) in order for the employee to obtain more consecutive or convenient time off, or in excess of forty (40) hours in any one (1) payroll week at one and one-half times his base wage rate.

b. Employees covered by this Agreement shall receive pay at time and one-half their base wage rate for all work that does not occur within their regularly scheduled work day or work week (except whenever the opportunity is offered employees to make up their forty (40) hour week, after having lost work due to conditions beyond the Company's control, such time shall be paid for at the straight time rate).

c. An employee who is required to work on the second day of relief in any consecutive 7-day period and having worked one hour of his first day of relief and all of his scheduled hours during such period shall be paid double time his regular base rate of pay for hours worked on said second day of relief. If during such scheduled hours of work, such employee is entitled to a paid rest period or is not scheduled to work on a scheduled holiday or floating holiday, or is off for union business, these hours are to be considered as worked for the purpose of the 7-day period. An employee who has earned premium in accordance with this provision will not be entitled to another such premium until he has again qualified for it, on the basis of work performed in another 7-day period.

2. OVERTIME DISTRIBUTION

Emergency and overtime work shall be distributed equally among the eligible employees insofar as practicable. Overtime work is to be given to the regular employees on the job, if possible.

3. REPORTING FOR WORK

Employees required to report for work at regular starting time are to be allowed a minimum of four (4) hours pay when, in the Company's opinion, conditions prevent work from being performed. If held on duty over four (4) hours, employees will be paid for actual time held.

4. RECALL TO WORK, TRAVEL TIME, AND EARLY CALL IN

a. **Recall to Work**

A recall to work occurs during non-scheduled hours when an employee is called back to work and is released before his next scheduled work hours.

If an employee is “Recalled to Work” during non-scheduled hours, such work time plus an allowance of travel time shall be paid as overtime. In no case shall this total be less than five (5) hours.

b. **Travel Time**

Travel time is one (1) hour’s pay, allowed to cover coming to and going from work, and applies only to “Recall to Work”. One half (1/2) hour’s pay will be paid as travel time on an “Early Call in”.

c. **Advance Notice**

The call-out allowance shall not apply when the employee has been given at least twelve (12) hours advance notice of such call-out. When this occurs, the rate and time-and-one-half for hours worked outside of the regular work schedule shall apply.

d. **Early Call In**

An early call in occurs when an employee is called in before his regular scheduled shift and continues working into that shift. "Early call in" will be paid at the overtime rate for time worked prior to regular starting time.

5. SHIFT AND SHIFT DIFFERENTIAL PREMIUMS

1. Shift differential or premium pay shall be in addition to the affected job classification base rates and shall be payable for regularly scheduled rotating shift jobs whenever and for such periods, other than "day" shift, as scheduled and shall be figured at the rate of two dollars and forty-five cents ($2.45) per hours worked during "afternoon" shift and two dollars and forty-five cents ($2.45) per hours worked during "night" shift.

2. All such shift differentials shall be increased as follows:

   a. Effective May 15, 2024, increased by $.10 to $2.55
   b. Effective May 15, 2025, increased by $.10 to $2.65
   c. Effective May 15, 2026, increased by $.10 to $2.75
   d. Effective May 15, 2027, increased by $.10 to $2.85

3. Such pay shall not apply under the following policies: sickness, accident, vacation, holiday, leave of absence.

4. "Day," "afternoon," and "night" shifts shall be defined as follows:

   a. "Day" shifts shall include all shifts scheduled to start between 7:00 a.m. and 9:00 a.m.

   b. "Afternoon" shifts shall include all shifts scheduled to start between 12:00 p.m. and 5:00 p.m.

   c. "Night" shifts shall include all shifts scheduled to start between 10:00 p.m. and 12:00 a.m.

5. If an employee is not entitled to a shift differential during his regularly scheduled hours, he will not receive a shift differential during overtime hours.

6. If an employee works into a shift preceding a succeeding his regularly scheduled shift, he will carry the premium or shift differential (if any) which corresponds with his regularly scheduled shift. This premium or shift differential (if payable) shall on overtime hours be multiplied by one and one-half. The past practice regarding shift differential on overtime worked on days of relief will continue.

6. SUNDAY PREMIUM

A premium of 35% will apply to all regularly scheduled hours of work on scheduled shifts, the majority portion of which shifts falls between 12 midnight Saturday and 12 midnight Sunday. This premium applies to basic hourly wage rates only, it being understood that the payment of such premium is limited to straight time worked.

7. STAND-BY

An employee who, in addition to working her/his normal workweek, is assigned to be Emergency Responder/On-Call must be available to respond immediately to a request to work anywhere in the service area of the Springfield Division shall be paid an allowance as follows:

ALLOWANCE ($550 /week)
$70.00 /day Monday through Friday
$100.00 /day Saturday, Sunday and Holidays

Assignments pursuant to the Emergency Responder/On-Call/stand-by provision shall be determined by the Company and made for a seven (7) day workweek. It is the intent of the Company to distribute on-call stand-by assignments so that the opportunity to enjoy long weekends and holidays may be shared as equitable as is practicable.

8. MEAL ALLOWANCE

a. If the employee is required to work ten (10) consecutive hours or more, he shall receive ameal reimbursement not to exceed ten dollars and fifty cents ($10.50). If the employee continues working beyond the tenth hour, he shall receive an additional meal reimbursement not to exceed ten dollars and fifty cents ($10.50) to be paid for each additional four (4) hours of continuous overtime work thereafter.

b. If the employee is recalled to work and is required to work four (4) or more hours, he shall receive a meal reimbursement not to exceed ten dollars and fifty cents ($10.50).

c. It is agreed that this section does not apply where employees work overtime throughcourtesy to fellow employees.

d. All such meal allowances shall be increased as follows:

a. Effective May 15, 2024, increased by $.25 to $10.75
b. Effective May 15, 2025, increased by $.25 to $11.00
c. Effective May 15, 2026, increased by $.25 to $11.25
d. Effective May 15, 2027, increased by $.25 to $11.50

9. BEREAVEMENT LEAVE

Effective May 15, 2024, when a death in the immediate family or a household member occurs, an employee will be allowed time off, paid for at straight time rates, as follows:

Family Member	Days of Paid Leave
Spouse Child/Stepchild Parent/Stepparent Father/Mother-In-Law Son/Daughter-In-Law Grandchild Grandparent Sibling	Five (5) Days
Brother/Sister-In-Law A person who was a member of and lived in your household	Three (3) Days
Aunt/Uncle	Two (2) Days

An employee seeking leave must notify their supervisor of such death and request such leave.

If a holiday occurs as one of the days in this Bereavement policy, holiday allowance only will be paid for that day in accordance with the regular holiday policy.

The foregoing policy will not operate to extend any Paid Leave Policy except if a death should occur during an employee's vacation, the provisions and practices of this section shall apply, and the employee shall receive, if so requested, a reassignment of those vacation days that were committed to the necessary funeral services and arrangements.

In the event of a death of a spouse or child, the company will entertain requests for additional time off, and such requests must be directed to Labor Relations.

10. JURY DUTY AND COURT APPEARANCES

Full and part-time employees summoned to serve on a jury or subpoenaed to testify as a witness to which the employee is not a party, will be excused by his or her supervisor.

While serving jury duty, an employee will receive straight time base compensation and will retain all fees and expenses for such duty.

When time off is necessary to serve as a witness on behalf of Eversource or one of its subsidiaries, an employee will receive straight time base compensation and any overtime as applicable. Other time off to serve as a witness will be provided and will be charged as vacation or personal excused absence without pay.

During this period of jury service, he will be deemed to be on a Monday through Friday day schedule. Jury duty makeup pay shall not exceed eight (8) hours' pay in any one day. Part-time employees will be compensated based on their normally scheduled working hours.

11. MILITARY DUTY

Employees who are required to attend mandatory Military Training will be entitled to wage replacement should their Military Wages be less than their Eversource Wages, upon proof of training and wages. Eversource currently provides up to 15 days (Oct- Sept) for training; however, should an employee be required to attend additional training and provides support, Eversource will honor.

Employees who are deployed for Active Duty will be entitled to wage replacements should their Military Wages be less than their Eversource Wages, upon proof of orders and wages. Employees are also entitled to up to 24 months of COBRA at the employee's rate.

If an employee who is required to report for weekend duty training is situated on a shift which includes Saturday and/or Sunday, the Company agrees to temporarily alter the employee's schedule to accommodate his required military training.

12. INCLEMENT WEATHER

If, in the opinion of the Company, weather conditions are such that work cannot reasonably be performed by Street Department employees, the Company will, except where emergency work is required, either permit such employees to seek shelter if available, or will return the employees to the Company for assignment to other work as may be available, so that there will be no loss in base pay (40 hours) for such employees. The decision of the Company as to continuance of work outside is subject to the grievance procedure.

13. REST TIME

1. If an employee is required to work sixteen or more consecutive hours, the employee will be allowed a period of nine hours off before returning to work unless an emergency arise which makes it necessary for the Company to call the employee back to work before the expiration of the nine-hour period. If an employee responds to a call out within four (4) hours immediately following the end of their regularly scheduled shift (including extension of workday), such hours will be counted towards the sixteen (16) consecutive hours (non-worked hours will not be paid).

    - Example may be:
        - An employee who normally works from 7:00 a.m. to 3:30 p.m., continues working extension of the day until 6:30 p.m., the 4-hour timeframe begins at 6:30 p.m.

    Any part of the nine-hour period, which extends into the employee's normal work schedule will be paid for at basic straight time rates. If such paid time shall carry the employee to within two (2) hours of the end of his normal work schedule, he shall be excused without loss of pay from his normal work schedule. Time allowed off for meals will not prevent the hours worked from being considered consecutive.

2. If an employee continues to work for more than twenty-four (24) consecutive hours, he will receive the appropriate overtime rate for all consecutive hours worked after the original shift has been worked.

14. REST TIME - SHIFT CHANGE

The Company's normal practice is to arrange work schedules so that each workday is separated by at least eight (8) hours. When this is not possible, employees will have the option on the second day of:

1. Working the normal schedule or
2. Working an eight (8) hour shift beginning eight (8) hours after the conclusion of day one or
3. Beginning work eight (8) hours after the conclusion of day one and concluding at the employee's normal shift end.

If the third option is selected, the employee will be paid for hours worked.

During the period November 1 through March 15, only options #1 and #2 above apply.

15. CLOTHING ALLOWANCE

UNIFORMS AND RAINGEAR

Rental uniforms that are supplied by the Company will be cleaned and maintained by the Company.

Replacement rental garments will be issued as needed and upon return of old clothing to the Company.

All employees who receive uniforms or are enrolled in the FR and non-FR program will wear them during Company paid hours.

Employees will not wear uniforms, FR and Non-FR clothing other than on Company business.

One fire resistant coverall will be issued to Maintenance and Construction Department employees as part of their personal protective equipment and maintained by them.

The Company will supply rental uniforms to:

Garage Mechanics
Garage Attendants
Building Maintenance Person
Building Maintenance Mechanic
Building Electrician

The Company will supply raingear to:

Fleet
Meter Services (including SMMT)
Maintenance
Instrument and Regulation

The Company will supply rubber footwear to:

Meter Services
Maintenance
Instrumentation and Regulation

The following classifications will be enrolled in the FR program:

Construction
Damage Prevention
Meter Reading/Field Collections
Meter Services (including SMMT)
Maintenance
Instrumentation and Regulation
LNG Operations

Job Classifications in the following departments will receive an initial $1,750.00 for first year of employment:

Construction
Maintenance

Employees will be responsible for the cleaning of clothing, including fire resistant coveralls.

Each January thereafter the allowance is $800.00 deposited into employee's clothing account. Effective January 1, 2025, and each year thereafter for the term of the contract, the allowance will increase $25.00 each year. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing:

Job Classifications in the following departments will receive an initial $1,450.00, when hired:

Damage Prevention (Locators)
Instrumentation and Regulation
LNG Operations
Meter Services (including SMMT)
Meter Reading/Field Collections

Each January thereafter the allowance is $800.00 deposited into employee's clothing account. Effective January 1, 2025, and each year thereafter for the term of the contract, the allowance will increase $25.00 each year. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing.

Job Classifications in the following departments will be enrolled in the Non-FR program and will receive $600.00 for the first year of employment.

Meter Repair
Warehouse

Each January thereafter $450.00 allowance will be deposited into employee's clothing account. Effective January 1, 2025, and each year thereafter for the term of the contract, the allowance will increase $25.00 each year. Any unused amount of the allowance cannot be used for the following year's acquisition of clothing.

Safety Footwear

The Company will provide an annual allowance of up to $300.00 each year. Eligible employees may purchase Safety Footwear through Tyndale or submit a receipt after purchase. Employees must purchase Safety Footwear that meets all safety requirements.

Any unused amount of the allowance cannot be used for the following year's acquisition of Safety footwear.

16. TOOLS

a. The Company shall furnish all necessary and proper tools, and shall replace or repair worn or damaged tools.

b. The Company will require that worn or damaged tools be turned into Stores beforereplacement tools are issued.

Individual employees shall be reasonably responsible for tools assigned to their use.

17. SMART PHONE

Company-provided iPhone smart phones assigned to employees – Effective upon hire, and only in the event that the iPhone smart phones currently assigned to (as of September 2, 2020) and used by the Springfield Employees are included in the CMA assets purchased by the Company, the ownership of each iPhone smart phone will be transferred by the Company to the employee to whom it is assigned, the service plan for each such iPhone will be cancelled by the Company, and the employee will be responsible for procuring a service plan and paying the monthly service plan fees if he wishes to continue using the iPhone. Each such employee will thereafter be eligible for monthly reimbursement in the amount of $75.00 under the Company's Smart Phone Reimbursement policy for each month through June 2, 2021. Prior to June 2, 2021,the Company will review the cell phone use of its workforce and determine which, if any, employees require a smart phone in order to perform their job duties. Effective June 2, 2021, the Company will cease reimbursements to any employees who the Company has determined do not so require a smart phone.

18. EMPLOYEES TAKING VEHICLES HOME

The practice of Springfield Employees taking vehicles home will be temporarily continued, as follows. Employees will be permitted to take company vehicles home if they *both* are currently taking such vehicles home at the time this MOA is executed (September 2, 2020) *and* are taking such vehicles home at the time of the closing of the Asset Purchase (October 8, 2020). The Company will have the right to discontinue this practice on or after November 1, 2021, at its discretion. All employees driving such vehicles, as well as all other Company vehicles at any time, will be subject to the Company's Fleet Use Policy, and violations of such policy will result in removal of take-home privileges for the offending employee and/or discipline, up to and including termination. In no event will any employee at any time be permitted to take home company dump trucks, backhoes, or swat/compressor trucks.

XII. VACATIONS

1. VACATION ELIGIBILITY

Effective on October 9, 2020, the date of hire, and assuming such date of hire is prior to January 1, 2021,each Springfield Employee will receive five (5) days of vacation to be used with management approval by December 31, 2020, and which may not be carried over to 2021.

Effective January 1, 2021, the Company's vacation plan will apply to each Springfield Employee. However, in no event will any CMA employee lose any annual vacation allowance for which he had become eligible pursuant to the current CMA vacation allowance schedule (this provision does not apply to "splash weeks," which will not be provided to any employee at any time). Springfield Employees will be eligible for unpaid time off, if needed, for previously approved vacations that fall between their date of hire and December 31, 2020.

Effective January 1, 2025, regular employees continuously employed by the Company, who meet the service requirements indicated below by December 31 of the calendar year, shall be entitled to vacation during the calendar year with pay as follows:

SERVICE REQUIRED	VACATION IN THE ANNIVERSARY YEAR
Less than 1 year	
Start date:	
01/01 to 03/31	15 days
04/01 to 06/30	10 days
07/01 to 09/30	5 days
10/01 to 12/31	0 days
1 to 5 years	15 days per year
6 years	16 days
7 years	17 days
8 years	18 days
9 years	19 days
10 to 19 years	20 days per year
20+ years	25 days per year

In the event an employee is called for Jury Duty during part or all of his vacation time, he shall receive extra vacation days equivalent to the number of days during his vacation for which he qualified for Jury Duty.

2. SELECTION AND LIMITATIONS

a. The Company will annually determine the threshold number of employees who may beapproved for a single day and/or weekly vacation based on the operating needs of the business.

b. Employees will be required to provide a written request to select at least two (2) weeks ofvacation by March 1st each year.

c. Approval and/or denial of vacation requests will be based on union seniority and will be completed on or before March 15th.

d. Vacation will be awarded by union seniority for first two weeks requested.

e. Should business conditions permit, the Company will consider approving additional employee's vacation requests for weeks which are in high demand, i.e., Christmas, Spring Break, etc.

f. Vacation in excess of two (2) weeks will be awarded based on union seniority after theinitial two-week vacation requests have been approved for all employees.

g. The vacation request, if approved, will be signed by management and may not be rescinded by management without the approval of the employee, provided the cancellation is not directly related to a state of emergency, natural disaster or emergency situation beyond the scope of normal duties.

h. Approved vacation will be communicated to each employee and the departmental schedule will be posted once the approval process is completed.

i. Employees who wish to take vacation between January 1st and March 15th will be required to make appropriate arrangements with the respective approver of their vacation, i.e., Integration Center or Supervisor.

j. After March 15th, vacation will be granted on a first-come, first serve basis based on bargaining unit seniority and must be authorized by the appropriate approver of the employee's vacation.

Employees are responsible for managing their personal time off balance. Should an employee exceed his yearly vacation balance, the day will be an unpaid absence, but will not be viewed as a violation of the Attendance policy. Should an employee repeatedly exceed his vacation entitlement, it may result in disciplinary action.

An employee may elect to defer to the following year vacation time earned in excess of two (2) weeks up to a maximum of one (1) deferred week so that an extended vacation may be scheduled to include all of the time deferred. The taking of deferred vacation shall be granted when there are no conflicts and no adverse effects on operations.

Subject to operating requirements, and following minimum of 48 hours advanced notification, an employee may elect to take, within a calendar year, eligible vacation eight (8) hours at a time. Five (5) days of single day vacation may be used in 4-hour increments.

3. ALLOWANCES

Vacation pay shall be based on forty (40) hours at the employee's straight time hourly rate, excluding shift or Sunday allowances for an employee who is and has been regularly assigned to a second or third shift or Sunday work schedule.

When a holiday occurs during an employee's vacation, he shall have the option of receiving payfor the holiday in addition to his regular vacation pay or he will be granted an additional day of vacation at a time mutually convenient to the Company and the employee.

Vacation earned within a calendar year and not taken will be paid to the employee upon termination and the beginning of a layoff, LTD, or to the employee's surviving spouse ordependent.

4. ACCIDENT, ILLNESS OR DISABILITY

Employees on accident, illness or disability who have lost time will continue to accrue vacation as an active employee for up to 26 weeks as defined in Article XII, Section 3.

XIII. HOLIDAYS

1. HOLIDAYS OBSERVED

The following days shall be recognized as holidays on the day which they are observed in Massachusetts, or in the case where the holiday falls on a weekend, it will be observed on Friday if the holiday is on Saturday and Monday if the holiday falls on a Sunday.

New Year's Day	Labor Day
Martin Luther King Jr. Day	Columbus Day
President's Day	Veterans Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Each Springfield Employee will also receive two floating holidays per year. Springfield Employees will follow the Company's holiday schedule beginning on their first day of employment with the Company.

2. HOURS

For administrative purposes, it is understood that the holiday begins at 12:01 a.m. and continues for twenty-four (24) hours.

3. ELIGIBILITY

To be eligible for unworked holiday pay, the employee, unless otherwise excused in advance by management, must have worked as scheduled the day before and after such holiday. Approval will be granted for pay for the holiday, should the employee present a doctor's excuse for any missed day(s).

With the exception of employees on Union business, no employee covered under this Agreement shall be eligible for any holiday allowance as set forth herein if such employee is not receiving pay for the payroll week in which the holiday occurs.

4. ALLOWANCES

Employees whose normal work schedules do not include the holiday will be paid an 8-hour allowance and will be able to schedule a day off without pay at a mutually acceptable time.

1. If any employee is required to work on a floating holiday which had been scheduled and approved, said employee shall have the option of being paid according to Article V, Section 6 or paid at straight time and reschedule the floating holiday.

   If the holiday cannot be rescheduled within the year for which it applies, the employee must schedule it within sixty (60) days from the first day of the following year or it will be forfeited.

2. If an employee is not required to work on the holiday, said employee shall be paid aholiday allowance equivalent to eight (8) hours pay at his regular base rate of pay.

3. a. If an employee is required to work on a holiday, he shall receive time and one-half for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   b. In a week in which one of the holidays listed above is observed, if prior to the holiday it was understood that the employee would not be required to work on such holiday but he is notified on the holiday that work will be required that day, he will be paid a minimum of five (5) hours, at the applicable rate provided in paragraph (a) above, for his work on such holiday, plus the Holiday Allowance referred to in paragraph 2.

   c. If an employee is required to work on Christmas Day, he shall receive double time (2) for the first eight (8) scheduled hours worked, plus holiday allowance as set out above. For all hours worked in excess of eight (8) hours, he shall receive pay at the rate of two and one-half times his regular base rate of pay.

   d. In the event of a call into work on Christmas Day, the employee will be paid two (2) times his hourly rate for all hours worked.

   * If the Company observes Christmas on the day before or the day after December 25th, employees who work on the observed day will receive regular overtime rate of one and one-half (1 ½).

4. Any holiday as set forth in this contract which falls on a Saturday will be observed on the preceding Friday.

XIV. OPPORTUNITIES FOR ADVANCEMENT AND RECOGNITION

1. JOB POSTING

When a job is open within the classifications covered by this Agreement, it shall be posted in all departments and shall remain posted for five (5) consecutive workdays with the exception of Saturdays, Sundays and holidays, which shall be excluded in determining the period of posting, but shall not be held to break the continuity thereof. All bids for job openings shall be submitted utilizing the online system of record during the said five (5) day posting period. Such a job bid may be submitted by a Shop Steward on behalf of an employee who is absent because of illness or injury or because he is on vacation, provided that the Shop Steward shall have been requested to do so by such employee. In this case, the Shop Steward should submit the job bid request, including employee name and job requisition number to the Recruiter within the posting period. No such absent employee shall be eligible for such job opening unless such employee shall return to work within thirty (30) calendar days after he has been notified that he is the successful bidder, unless the Company and the Union shall mutually agree to waive this requirement.

In filling such job opening, seniority as defined in Section 1c of Article XI shall be the determining factor, subject to the minimum qualifications and fitness as determined by the Company, on a non-discriminatory basis. The Company agrees to fill all job openings so posted as soon as reasonably practical after the five (5) day posting period, but in any event within fourteen (14) calendar days thereafter.

Employees or their designee will be expected to accept or decline a job opening immediately upon offer. Should an employee be unreachable after a reasonable effort and does not assign a designee nor communicate to Human Resources his/her decision, the Company will continue to offer the position to subsequent bidders in seniority order per the Collective Bargaining Agreement.

If there shall be no bidders or no successful bidders for such a job so posted, then the Company may fill the job from any source. The successful applicant may be returned to his former job by the Company for a valid reason upon completion of a six (6) month period on the job or the successful applicant may be returned to his former job for a valid reason at his own request after the above mentioned six (6) month period and is further restricted during the six (6) month period to bid down unless it is in progression.

Upon mutual agreement between the Company and the Union employees may be returned to or request and be returned to his former position during the six (6) month period.

XV. EMPLOYMENT SECURITY

1. SENIORITY

a. The term "seniority" where used in this Agreement shall mean Company seniority except as noted below. Company seniority shall be defined as the length of service of an employee with the Company, starting with the first day of the employee's last period of continuous employment by the Company. When employees have equal Company seniority, the employment application having the earliest date will have preference.

b. The term "bargaining unit seniority" shall mean the length of continuous time an employee has been assigned to any classification covered by this Agreement and shall apply to job bidding and layoffs.

c. All shift bids shall be awarded based on bargaining unit seniority.

2. TERMINATION OR INTERRUPTION OF SERVICE AS AFFECTING SENIORITY

Employees forfeit all claim to seniority previously established if they:

a. Voluntarily leave or are discharged for cause
b. Are absent from work and fail to notify the Company of reason for absence for three (3) consecutive days except under extenuating circumstances.
c. Are on lay-off status for a period in excess of twenty-four (24) months.
d. Are on lay-off status and fail to accept or apply for re-employment within one (1) week following notice of recall.
e. Are on lay-off and fail to report for work within two (2) weeks following acceptance of re-employment.

Seniority shall continue to accrue under the following conditions:

a. A leave of absence in writing granted by an Officer of the Company not to exceed six (6) months except as defined in Article V, Section 7 of this Agreement.
b. Illness attested by a physician's certificate.
c. Service in military forces of the United States of America.
d. Absence due to lay-off not to exceed twenty-four (24) months.

3. APPLICATION OF ARTICLE

The provisions of this Article shall not apply to managers or supervisors, nor shall these provisions apply to the selection or hiring of managers or supervisors to be appointed by the Company hereafter.

Should an employee accept a position not covered by this Local 12026 Collective Bargaining Agreement, he agrees to forfeit all benefits of Union membership including seniority.

Should an employee who has forfeited the benefits of Union membership, apply for and be awarded a position covered by the Collective Bargaining Unit, he will begin accruing union seniority on the date he is awarded the new position.

Should an employee who has forfeited the benefits of Union membership accept a position within Eversource not covered by this Local 12026 Collective Bargaining Agreement and once again apply for and be awarded a position covered by this Local 12026 Collective Bargaining Agreement, he will retain Company seniority for purposes of benefits.

4. SENIORITY LIST

The Company will furnish the Union a seniority list annually on the anniversary date of the Agreement and post a copy of such list in all departments.

5. REDUCTION IN FORCES

In cases of layoff for lack of work, reduction in the workforce or the elimination of a job, seniority as defined in Article XI, Section 1c will be given first consideration. In the case of an employee so laid off or affected by a reduction in the workforce, or the elimination of a job, said employee shall have the right to replace another employee within the Company who has less seniority than said employee, provided that said employee shall have the minimum qualification and fitness to fill the job as determined by the Company on a non-discriminatory basis.

An employee so laid off or affected by a reduction in the workforce or the elimination of a job shall have the right to exercise his seniority to bump laterally or downward subject to the above-mentioned requirement of minimum qualifications and fitness. Any such employee shall not have the right to exercise his seniority to replace an employee in the Company who occupies a higher rated job unless said employee has previously held such higher rated job and has the above-mentioned minimum qualifications and fitness to return to that job. The Company shall give at least fourteen (14) calendar days' notice to the Union of any such intended layoff for lack of work, reduction in the workforce or elimination of a job.

Such laid off employees shall be recalled to openings in jobs in the Company for which they have minimum qualifications and fitness as determined by the Company on a non-discriminatory basis in reverse order from that in which they were laid off. The Company shall notify such employee or employees by certified mail sent to their last known address that such work is available and if the employee shall fail to accept such re-employment or fail to apply therefor within one (1) week of the receipt of such notice then such employee shall lose all of his seniority rights previously established and continuity of employment shall be forfeited. In the event that said notice of recall is returned to the Company or cannot be delivered for any reason, the Company shall notify the Union of the recall opportunity and the employee to be recalled shall have one (1) week from the date of such notification to the Union to accept such reemployment or apply for it. In the event that such employee does not do so, he shall lose all his seniority rights previously established and his continuity of employment shall be forfeited. It shall be the duty of the employee to keep the Company advised in writing of his current address. Any employee accepting reemployment shall report for work within fourteen (14) calendar days of such acceptance. No employee shall be entitled to be recalled under the terms hereof more than twenty-four (24) months after the date of his layoff.

6. LAYOFFS

The Company agrees that no employee on the active payroll of the Company, on May 15, 2024, will be involuntarily laid-off. However, this provision shall not apply to employees terminated for cause and employees hired after that date. Union Officers and Stewards elected by the membership shall, for the purposes of layoff, be placed at the top of the seniority list for their designated term of office unless they resign or are removed by the Union for cause. The Company may, during the term of this Agreement, should the need arise, to reduce the workforce, and after providing notice to the Union, offer early retirement and or “buyout” programs in which employees may voluntarily participate.

7. SEVERANCE ALLOWANCE

The Company will pay severance allowance to eligible employees as follows:

a. Regular employees after one (1) year of service shall be given an opportunity to accept a severance allowance of one (1) week’s base pay for each full year of continuous service at the time of layoff unless they choose to accept layoff and be eligible for recall.

b. Severance allowance shall be in addition to any earned vacation benefits for which theseparated employee is eligible.

An employee shall not be required to accept severance pay. Such employee shall have the option, effective up to ninety (90) days following the date he received notice of layoff from the Company to accept or not to accept severance pay. In case such employee elects not to accept severance pay, he shall not lose his re-employment rights, but shall retain all re-employment or other privileges which the contract between the Company and the Union, or which the practice of the Company provides.

8. DISCHARGE

If an employee is discharged, the Company will furnish such employee, upon request made within three (3) days from the date of his discharge the reason for discharge, and thereafter, upon his request for a hearing made within three (3) days after he has been furnished with a reason for his discharge as above, the Company will grant a hearing to such employee, at which hearing the employee may be present with his representative. If, as a result of such hearing, it is found that the employee was unjustly discharged, they shall be reinstated and shall be paid for any time lost as may be determined at the hearing.

Upon mutual agreement between the Company and the Union, discharges may be advanced directly to a third step grievance meeting.

9. SUSPENSIONS

Within seven (7) days from the date on which an employee has been suspended, the Company shall, upon written request of the Union, grant a hearing to the employee involved and his Union representative. The Company will inform the Union of the reason for the suspension at this hearing and within twenty-four (24) hours after this hearing advise the Union of its findings.

XVI. PERSONAL SECURITY

This provision for continuing earnings during periods of personal disability is not intended as an annual entitlement to cover absence for any personal reason, but is solely for the protection of a regular employee temporarily and legitimately disabled and usually under the care of a physician.

1. OCCUPATIONAL DISABILITY

Industrial/Occupational accident benefits, for injured employees entitled to compensation under the Massachusetts Workmen's Compensation Act who elect to proceed against the Company's insurer for compensation, shall be governed by the following rules:

1. While the incapacity for work resulting from the injury is total, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the difference between their base pay at the time of the injury and the statutory workers' compensation amount made by the Company's insurer under the Act. Payments from the Company will be for a period of up to 26 weeks total for employees hired after 1/1/2016. Employees hired prior to 1/1/2016, will receive the offset for up to 50 weeks total.

2. While the incapacity for work resulting from the injury is partial, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the excess of the difference between the base pay at the time of injury and the combination of the workers' compensation payments made by the Company's insurer under the Act, and any wages earned. No company supplement payments will be made under this paragraph to an employee who refuses to accept a position which is offered to him by the Company. Workers' compensation payments will follow the statutory regulations. Payments from the Company will be for a period of up to 26 weeks total for employees hired after 1/1/2016. Employees hired prior to 1/1/2016, will receive the offset for up to 50 weeks total.

3. If payments made by the Company's insurer under the Act are reduced due to a third-party settlement, the Company will not be required to compensate the employee for said reduction in benefits under the Act.

4. If the employee shall accept lump sum payments from the Company's insurer in lieu, in whole or in part, of compensation from the insurer, further payments of benefits under this Plan shall cease.

5. Benefits shall cease when an employee is retired or when his/her employment is otherwise terminated.

6. While receiving industrial accident benefits employees will not receive a general wage increase until they return to work

7. Employees shall not be entitled to receive time or compensation for vacations or holidays while receiving industrial accident benefits.

8. If the present Massachusetts Workmen's Compensation Act is changed, or if other Federal or State legislation is enacted that provides or requires the provision of benefits payable to the Company's employees with respect to its liability for industrial accidents, the parties will meet and bargain the impact of such changes or new legislation.

9. The administration of the Plan shall be under the direction of the Senior Vice President of Human Resources of the Company.

10. The Company can require employees to be evaluated at a Company approved clinic and the workers' compensation carrier may require an exam by an independent physician. In both cases, the clinic and the independent examiner shall make the final determination on an employee's work capacity for purposes of the workers' compensation supplement and/or job offer. No company supplement payments will be made under this paragraph to an employee who refuses to accept a position which is offered to him by the Company. Workers' compensation payments will follow the statutory regulations.

11. If the Company determines, based upon its own, the workers' comp insurer's, or the employee's treating physician that an employee is unable to perform his or her regular duties, the Company may assign the employee to a position that the employee is capable of performing, based upon the medical restrictions provided by the physician upon which the Company relied in making its determination.

12. Employees who have recovered from an occupational injury and are medically certified by the insurance company's doctor as qualified for work will be guaranteed employment with the Company. However, the employment rights of an employee as provided in the Basic Agreement shall not be enlarged, diminished or otherwise affected by reason of this provision.

2. ILLNESS, NON-OCCUPATIONAL DISABILITY, SHORT-TERM, AND LONG-TERM DISABILITY (See Attachment B)

ILLNESS:

All employees will be eligible for up to 10 sick days per year at 100 percent of pay for absences from work due to non-occupational illness or injury. Sick days cannot be carried over from one year to the next nor are sick days paid out at termination. Following the first 40 hours of sick time, employees may use sick time in less than 8-hour increments for their remaining 40 hours for medical appointments for themselves with at least 48 hours prior notice and accompanied by a doctor's note.

SHORT-TERM DISABILITY:

Effective on the date of hire, Springfield Employees will be eligible for non-occupational short-term disability and long-term disability leave and pay as summarized in Attachment B of the Parties' MOA, specifically, in the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short-term disability ("STD") benefits. Disability benefits are payable for up to 25 weeks, for each injury or illness after an employee has been out of work for more than five consecutive work days. The first five consecutive working days of an extended absence is considered an "elimination period." Employees must use available sick time to satisfy the elimination period. If an employee has exhausted their sick time, vacation/floating holidays can be used toward the elimination period or time is unpaid. Following a period of five consecutive sick days, the next twelve (12) weeks of absence under the STD benefits will be paid at 100 percent of base pay. Up to thirteen (13) additional weeks of STD will be paid at 67 percent of base pay.

Employees are covered under Eversource's Short Term Disability Policy day one of employment.

Short Term Disability is a maximum of 26 weeks total per injury/illness:

1. 1-week sick time; if sick time is unavailable, use of vacation time, floating holidays can be used towards the elimination period or time is unpaid
2. 12 weeks 100% base pay under STD
3. 13 weeks 67% base pay under STD
4. There is a 45-day appeal period should at any time your STD is denied
5. There is a 6-month re-occurrence (look back) should your medical provider indicate you are out for same condition as previous disability leave
6. Exclusions to the plan:
    - You are not under the care of a licensed health care provider
    - Your disability is the result of your participation in a felony, crime, or riot
    - Your disability is intentionally self-inflicted
    - Your disability is the result of declared or undeclared war or any act of war
    - You have any physical or mental condition that cannot be verified by the use of clinical and laboratory diagnostic techniques
    - You are retired from Eversource
    - You are injured while on active duty in the military

After the five-day elimination period, employees are not allowed to substitute or off set any vacation time to make them whole while out under Eversource's STD Plan.

Eversource pays STD benefits via normal payroll cycles, once approved by vendor.

LONG-TERM DISABILITY

Upon exhaustion of STD, an employee who qualifies will move to Long-Term Disability ("LTD"). LTD benefits are payable at 50 percent of base pay. Employees will have the option to buy-up with pre-tax contributions to an LTD benefit of 67 percent of base pay.

All employees who receive an LTD benefit and participate in the Company Employee health and welfare benefit plans will have payments deducted from their LTD check rather than be billed for participation in said benefit plan.

1. Soft transfer from STD over to LTD should you max STD benefit at 26 weeks
2. LTD is a Fully Insured Benefit
3. Employer covers 50%, employee has option to buy up to 67% (upon hire OR at Open Enrollment Annually)
4. Buy Up Option has exclusion period
5. 180-day appeal period should LTD be closed/denied
6. 6-month re-occurrence (look back) should your medical provider disable you for same condition.

3. HOSPITALIZATION - SURGICAL - MEDICAL BENEFITS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Medical and Prescription Drug, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

Retiree Medical

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Retiree Medical Plan as is outlined in Attachment B to this Agreement.

If an active employee dies and is eligible for retiree medical on his or her date of death:

Continue (current practice) to provide coverage for surviving dependents on the active group plan, at active rates (spouse until Medicare eligible, child up to age 26, etc.) Upon the surviving spouse reaching Medicare eligibility, allow the surviving spouse to begin participating in the Eversource Group Health & Welfare Benefits Plan for Retirees - HRA subsidy. Any eligible dependent children will also be eligible to participate in the HRA subsidy, until age 26. Note, upon the surviving spouse's transition to the retiree plan, any enrolled dependents will also transition to the retiree plan at the same time, if applicable.

The following provision is for reference only and it is understood that the following benefit is provided by NiSource, Eversource has no financial obligations under this provision, and Eversource has no control over the continuance of this benefit under this provision.

Grandfathered employees may be eligible for the following NiSource benefit:

The Company will provide employees who are covered under A, B or C above with pre- Medicare and post-Medicare (when eligible) retiree medical coverage (with applicable Massachusetts regional based HMO for pre-65 coverage) when they retire provided they meetall of the following requirements:

1. Retire under the provisions of the Company Pension Plan.
2. Receive a pension benefit under the Company Pension Plan
3. Forty-five (45) years of age on January 1, 1993
4. Age fifty-five (55) with ten (10) years of service.

For employees hired prior to May 14, 1999 and employees who had not attained age forty-five by January 1, 1993, the Company contribution for retiree medical expense will be limited to the following:

For the period when the retiree is under 65:	$1100 per month
For the period when the retiree is 65 or older:	$225 per month

Post-65 medical supplement (medical only, no prescription coverage) will be effective for retirees who are eligible for retiree medical coverage with a last day worked of January 1, 2014,or after.

Employees hired after May 14, 1999, are not entitled to retiree benefits.

The Company will utilize a Voluntary Employee Benefit Association Trust to fund retiree medical benefits.

A new employee assigned to a regular position who is covered by a similar plan at the time of employment shall become eligible for options A or B as a transferee and such employee will be so transferred and will pay the full working rate or premium of the plan they have elected.

End of NiSource Retire Medical Reference

4. DENTAL (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dental Plans, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

5. **LIFE INSURANCE (See Attachment B)**

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Basic Group Life Plan, the Supplemental Life Plan, and Dependent Life Plan, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect. In addition, each regular employee shall be provided life insurance by the Company in an amount equal to two (2) times his base pay.

6. ACCIDENTAL DEATH AND DISMEMBERMENT (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Accidental Death and Dismemberment ("AD&D") Plan as is listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

7. PENSION AND 401(k) (See Attachment B)

As included in the August 20, 2020 MOA between Local 12026 and Eversource:

Effective on the date of hire with Eversource, Springfield Employees currently participating in a NiSource/CMA Defined Benefit Pension Plan will continue to participate in their current NiSource/CMA Defined Benefit Pension Plan under the same terms and conditions, as the plan will become part of the Eversource Pension Plan.

Effective January 1, 2021, these employees will also be eligible for a Company matching contribution equal to fifty percent (50%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first eight percent (8%) of eligible compensation.

Pension plans as agreed upon between the Union and the Company shall continue for the life of this Agreement and succeeding agreements, subject to such modification as may be mutually agreed upon by the parties hereto.

All covered employees who take normal retirement during the term of this Agreement shall receive a pension benefit as included in the Eversource Pension Plan Document.

The below information is for historical reference only and is governed by the Eversource Pension Plan of which the Bay State Union Pension Plan is part of. If there are any discrepancies, the applicable plan documents will govern.

Effective May 15, 1999, the pension plan formula shall be changed to a final average pay formula. The final average pay pension plan shall be calculated using an average of the highest three (3) years' base pay in the last ten (10) years up to a maximum of Effective May 15, 2004, the base pay cap will be increased to sixty-five thousand dollars ($65,000). Effective May 15, 2008, the base pay cap will be increased to seventy thousand dollars ($70,000). Effective May 15, 2012, the base pay cap will be increased to seventy-five thousand dollars ($75,000)] using a multiplier of one and one quarter percent (1.25%) of such final average pay times the years of service up to a maximum of forty-five (45) years.

An employee is vested after three (3) years of service. For vested employees there is a lump-sum option to cash out of the pension plan available at any time when the employee terminates for any reason.

All employees hired before 1/1/2014 will be converted from their current Pension Plan into Account Balance II Plan effective 1/1/2014.

Account Balance Pension Plans – Eligible Earnings –Base pay, performance-based pay (i.e., annual incentive, if applicable).

Account Balance II

Age + Service Points
Less than 50 = 4% of Eligible Earnings
50-69 = 5%
70+ = 6%

Additional 1% x pay in excess of ½ Social Security Wage Base

All other provisions the same as Account Balance

Any employee newly hired or rehired after 1/1/2014 will not be eligible for pension.

Early Retirement

As of 1/1/14, the below Early Retirement section is no longer in effect.

Employees who have attained age 55 and who have completed 10 or more years of Credited Service, as defined in the plan document for the Pension Plan for Operating Employees of Bay State Gas Company, may retire on the first of any month thereafter.

An employee will be entitled to receive an unreduced retirement benefit at age 60 if the employee has at least 25 years of service with the Company. In the event an employee decides to retire prior to age 60, the retirement benefit would be calculated as follows:

If the employee has 25 or more years of service with the Company, the retirement benefit would be reduced by 3/10% for each calendar month between the date the employee actually begins to receive the retirement benefit and age 60.

If the employee has less than 25 years of service, the retirement benefit would be reduced by 3/10ths % for each calendar month between the date the employee actually begins to receive the retirement benefit and age 65.

There is a Social security supplement (bridge) for employees who retire between the ages of sixty (60) and sixty-two (62), payable during that period.

End of historical reference

8. K-VANTAGE/401(k) (See Attachment B)

Effective January 1, 2021, any Springfield Employee hired after January 1, 2014, will beplaced in the Company's K-Vantage plan. Each employee's years of service with CMA will be combined with his or her service with the Company for purposes of calculating the Company's contribution to such employee's K-Vantage account.
These employees will also be eligible for a Company matching contribution equal to one hundred percent (100%) of the Participant's Pre-Tax and/or Roth 401(k) Plan contributions up to the first three percent (3%) of eligible compensation.
From the date of hire through December 31, 2020, employees who participate in the NiSource/CMA 401(k) plan will continue to participate under the same terms and conditions as existed during their employment with CMA, except that the plan sponsor will be an Eversource Company and the investment choices in the plan will or may be changed.

9. OPTIONAL BENEFITS (See Attachment B)

Effective January 1, 2021, eligible Springfield Employees are their eligible dependents may participate in the Vision Plans, Business Travel Accident Plan, Personal and Family Accident Plan as are listed in the Group Welfare Benefits Plan, a summary of which plans is in Attachment B of the Parties' MOA.

10. SAFETY EYEGLASSES

The Company will pay an annual allowance of ninety ($90.00) towards the cost of safety eyeglasses purchased through the Company for an employee's own use. An employee may purchase eyeglasses any place, provided they are the type required and proof of purchase is provided.

11. SUBROGATED RIGHTS

Payments made under the provisions of this Article will be reimbursed to the Company to the extent that any amounts recovered on account of the accident or sickness on a claim against a third party exceed Workmen's Compensation or any payments required by law.

12. DUPLICATION

Amounts required to be paid by the Company under any law providing benefits similar to the benefits provided for in this Article shall reduce to the extent the amounts the Company shall be required to pay under this Article and appropriate adjustments shall be made in the benefits provided for in this Article to the end of eliminating duplication of benefits under this Article and benefits required by law.

13. MEDICAL RECORDS

In accordance with existing laws, the Union must have a release form signed by the employee before the Company will discuss or release any medical information pertaining to or about any employee.

14. DRUG TESTING AND DOT PHYSICALS

The Company will institute a split sample element to its existing DOT drug testing program.

Should an employee test positive for drug and/or alcohol under the random/reasonable suspicion DOT testing, the following will apply:

1st offense: 5-day unpaid suspension with Last Chance Notice; 5-day elimination period; then STD plan for duration of treatment that the SAP (substance abuse professional) recommends.

2nd offense: Termination

15. DEPENDENT CARE & HEALTH CARE SPENDING ACCOUNTS (See Attachment B)

Effective January 1, 2021, the eligible Springfield Employees and their eligible dependents may participate in the Company's Dependent Care Plan, Flexible Spending Account, and Health Savings Accounts, as are listed in the Group Welfare Benefits Plan, which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

16. ADOPTION AND SURROGACY ASSISTANCE

The Company will provide an increased adoption assistance benefit and the addition of a surrogacy assistance benefit:

The adoption and surrogacy assistance benefit provides a combined annual maximum reimbursement of up to $15,950 of eligible expenses for the adoption or surrogacy of each child under the age of 18. Employees may be reimbursed for either adoption or surrogacy eligible expenses per year, but not both. Only the expenses employees actually incur are eligible for reimbursement.

For adoptions, the benefit is payable when the adoption is final (when a decree of adoption is entered by the court). For surrogacy, employees may be reimbursed for qualifying expenses incurred resulting in a fully completed and Valid Surrogacy Contract through a bona fide agency.

1. A Valid Surrogacy Contract is one that is legal in the state in which the parties enter into it and is between the party who has agreed to become impregnated, carry and give birth to a child and the intended parent(s) of such child.

2. A completed Valid Surrogacy Contract is one that results in an eligible employee being recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or other court order recognizing the eligible employee's parental rights under applicable law.

i. Note: A surrogacy contract that fails to result in a live birth, or results in a live birth but the eligible employee is not recognized as the parent of a child on a birth certificate, court order of adoption, post-birth court order, or order recognizing the eligible employee's parental rights under applicable law, shall not be a Valid Surrogacy Contract and no reimbursement benefits will be paid under this Program.

The adoption and surrogacy assistance benefit applies to expenses incurred on or after May 15, 2024. Eligible expenses include adoption or surrogacy agency fees, placement fees, legal fees, court fees, travel expenses, the child's initial medical exam and certain out-of-pocket medical expenses for the natural mother.

If an employee or the employee's spouse (or partner/the other parent) both work at Eversource, only one employee is eligible to submit expenses for reimbursement.

17. EMPLOYEE ASSISTANCE PROGRAM

Eligible employees may receive Company-paid Employee Assistance, as set forth in the policy, and as summarized in Attachment B of the Parties' MOA.

18. TUITION REIMBURSEMENT

Effective May 15, 2024, employees are eligible for reimbursement under the Company's Tuition Assistance Program as outlined on HR Connect. The highlights of the program are below:

- Employees working less than forty hours per week but more than twenty hours per week will be eligible for reimbursement at 100% up to $5,000 ($2,650 non-taxable and $2,350 taxable) for successful completion of pre-approved courses.

- Employees working forty hours per week will be eligible for reimbursement for the net applicable costs up to $10,000 annually ($5,250 non-taxable and $4,750 taxable) for successful completion of pre-approved courses.

- Reimbursable expenses include tuition, registration fees, lab fees, technology, online, matriculation, resource and required graduation fees for degree programs.
- Employees receiving other assistance, such as Veteran's benefits, must deduct the amount of that assistance from the total of the applicable costs.

- Fees that are excluded from reimbursement include books, computer software, tools, license fees, withdrawal, deferred payments, late fees, parking, meals, travel, room and student activity fees.

- Only work or business related undergraduate and graduate courses and degree programs taken at fully accredited colleges and universities are eligible for reimbursement.

- Where courses taken are graded, the employee must receive a grade of no less than a C for undergraduate courses or a grade of B or better for master's program courses to be reimbursed.

- Employees must be active employees prior to the start of class and upon completion of the class.

- To be eligible for reimbursement, employees must follow the tuition process as outlined on HRConnect and get the appropriate approvals prior to the start of the program.

The Tuition Assistance Program is subject to revision or cancellation as determined by the Company.

XVII. RESTRICTIONS - COMMITMENTS

1. INSTALLATION OF APPLIANCES

All appliances sold to the ultimate consumer exclusively through the initiative and efforts of the Company's salesmen will be installed by Company employees insofar as is practicable to do so with existing installation crews.

2. METER REPAIR

Inspection, replacement recall and repair of meter indexes in the field will be allowed. All other meter repair work is to be performed by Company employees in the Company's repair shop.

3. OUTSIDE CONTRACTORS

As long as appropriate equipment and qualified employees are available to do work customarily performed by the bargaining group within the time required for completion, the Company will not, insofar as is practicable, contract out work normally performed by such employees when contracting out would result in less than 46 distribution employees. The Company agrees that the work ordinarily and customarily performed by its own employees, throughout the bargaining unit, will not be contracted out if such contracting out would result inthe layoff of its employees, or a reduction of their normal workweek.

Bargaining unit work can be performed by contractors during any week if the Company meets the following obligations.

The Company will offer a sixth day of work, in the following week, to distribution department employees when a distribution contractor crews (consisting of one or more) working on live gas main line or services and/or installing main line and service perform work for the Company on a Saturday.

For this purpose of administering this provision, the Company will canvas the roster of the Distribution department (street department) employees if necessary, in order to satisfy its obligations hereunder. The offering of overtime to distribution department (street work).

Neither the Company nor the Union shall use any type of past practice, understanding, or other agreement in existence prior to the effective date of this Agreement outside of the Collective Bargaining Agreement to oppose the operation of this section.

During the term of this Agreement, bargaining unit employees will perform live gas work on main tie-ins (i.e., bypass, purging and stopping). Contractors may perform live gas work on main tie-ins (i.e., bypass, purging, and stopping) up to 4" main line. Contractors shall install new and replacement mains and will be responsible for providing offsets and full tees. Live gas tie-in's on main extensions may be performed by contractors.

The Construction crew will consist of 9 bargaining unit employees to comprise 3 separate, 3 person crews. (A crew will consist of a Crew Leader, Operator, and Distribution Tech). Crews are to be assigned all the tie-ins/construction tasks and the Union crews will have priority over all contractors performing tie-ins/construction work, regardless of day of work. When no tie-in/construction work is planned these crews will be utilized for any Maintenance work. The Distribution Maintenance crews inclusive of the Construction crews will comprise 46 employees.

When Construction employees are on emergency response rotation and/or standby rotation, the Company shall backfill Construction employees with remaining Distribution employees.

Random services identified with leaks will be replaced by bargaining unit employees.

Service abandonments and the installation of new and replacement services up to the lock cock, including tapping, shall be completed by contractors.

Service inserts where meters cannot be relocated outside will be done by the bargaining unit.

Service installation and maintenance on high pressure system (greater than 99 psi) to be done by bargaining unit.

The Company agrees to phase out the use of outside contractor inspections services as follows:

2019 – no more than 5 contract inspectors for Construction Services
2020 – no more than 4 contract inspectors for Constructions Services
2021 – no more than 3 contract inspectors for Construction Services
2022 – no more than 2 contract inspectors for Construction Services
2023 – no contract inspectors for Construction Services

Should business needs arise outside of ordinary scope which impacts the Company's ability to perform required work, the Company will inform the Union of the need to utilize additional contractors to supplement the current compliment.

Post the May 15, 2024 ratification, the Company and Union will meet and discuss to set up a process for assignment of the Construction crews within the Maintenance Department

4. BULLETIN BOARDS

The Company will provide reasonable bulletin board space in its various departments for the posting of Union notices to its members. Such notices shall be signed by a responsible Local Union official.

5. MONSON/PALMER

The parties agree that effective July 19, 1993, the Monson/Palmer area will become part of the work assignment for Local 12026 bargaining unit.

6. CURB COCKS

Collectors will be required to shut off curb cocks.

7. HEALTH CARE ARRANGEMENT

The parties recognize that rising health care costs are a problem, but that affordable quality care must be maintained for its members and employees. The parties agree to combine their efforts to assist in providing a health care program that puts in proper balance quality of care and containment of rising health care costs.

Toward this end, the parties have developed a health care choice (HCC). The parties recognize that the success of a quality HCC depends upon the full cooperation of the Company, the Union and its members. Therefore, the parties shall make every good-faith effort to resolve possible differences or difficulties.

The parties shall implement this letter of understanding through a joint implementation and utilization review committee. The parties shall have proportional representation on the committee, the purpose of which is to develop, introduce, promote and monitor all of the various elements of the HCC. Union representatives on the committee shall report to their respective parties. Union representatives shall be paid wages and incidental expenses by the Company for attendance at joint health care meetings. The joint committee shall be responsible for approving and overseeing a comprehensive health care plan education program. This program will include concepts such as work site meetings, distribution of summary plan descriptions and other written materials, and access to individual health care counseling. Materials will be developed by the insurance administrator under the direction of the committee. The education program will begin no later than October 1, 1993 and will be a continuing program.

All health care carriers shall prepare a comprehensive utilization report each six (6) months and this report will be provided to and reviewed by the joint committee.

8. NEW ENERGY TECHNOLOGY

The parties agree that with the introduction of new techniques and technologies, including but not limited to: Geothermal; Hydrogen; RNG, any new Energies, and delivery of such energies, it is important that advance planning be made to anticipate skills, needs and training required. Prior to implementation of new technologies, the Company shall meet with the Union to discuss potential work opportunities.

The Company and Union shall meet to discuss the creation of a New Energy Technology Committee.

XVIII. UNION-MANAGEMENT COMMITTEES

1. SAFETY COMMITTEE

There shall be a committee of five (5) Union members selected by the Union will meet with the General Safety Committee at such time and place as meetings are scheduled to discuss matters pertaining to safety. Of the members designated by the Union, one shall be from the Service Department, one shall be from the Street Department, one shall be from the Plant Department, and one from any of the several remaining departments. Of the members designated by the Union, one shall be assigned to be Co-Chair of the Safety Committee.

2. GRIEVANCE COMMITTEE

The Union shall appoint a five (5) member Union Committee, the members of which shall have continuous service of at least six (6) months. The Company shall deal with the Union Committee in the matter of grievances as provided in the grievance procedure.

3. NEGOTIATING COMMITTEE

The Union shall appoint a Negotiating Committee composed of seven (7) bargaining unit employees for the purpose of negotiating new Agreements.

XIX. COMPLAINTS AND GRIEVANCES

1. GRIEVANCE PROCEDURES

a. The Company Committee and the Grievance Committee may meet at the request of either party, at a time mutually agreed upon, as required to discuss disputes arising out of this Agreement. The notice of such meetings will contain necessary information on the subject matter of the meeting.

b. During the term of this Agreement, should any dispute arise between the Company and the Union as to the true interpretation and application of this Agreement, there shall be no suspension of work, but the same shall be treated as a grievance and every reasonable effort shall be made to settle such grievance in the following manner, except in the case of a general grievance raised by the Union, in which case the grievance shall be a written one originated by the aggrieved party at Step 3 below:

c. *A grievance shall be filed within sixty (60) calendar days of the incident causing it **or** calendar days when the incident should have been reasonably been known by a member of the Grievance Committee.

*Effective December 1, 1993

The grievance steps shall be as follows:

1. The aggrieved employee(s) and his Steward shall discuss the grievance with the immediate supervisor and attempt to settle the grievance. If the Shop Steward is not available, the employee(s) may be represented by a member of the Grievance Committee. If a satisfactory settlement is not reached within seven (7) calendar days then

2. Within seven (7) calendar days of the time that the grievance was answered at Step 1. The Union Committee shall reduce the grievance to writing on a form mutually agreed to by the Company and the Union and forward the written grievance to the Department Manager or his designate. The Department Manager or his designate shall discuss the grievance with three members of the Grievance Committee (*Union President or his designate, Recording Secretary and appropriate Shop Steward) and shall reply in writing within seven (7) calendar days and if a satisfactory settlement is not reached, then

3. Within seven (7) calendar days of the receipt of the written reply, the grievance shall be referred for settlement to the Vice President of the Company, Union committee and a representative of the International Union or their designated representatives. The Company and the Union shall have fourteen (14) calendar days to resolve the grievance at this step. If the grievance is not resolved at this step in a manner satisfactory to both parties, then the Union has the right and authority to submit the grievance or dispute to arbitration in the manner provided under this Article. The Union must notify the American Arbitration Association to schedule the arbitration within thirty (30) calendar days of the expiration of the aforementioned fourteen (14) day period. If the time limits in the grievance procedure are not observed, a grievance shall be considered waived unless an extension of time is mutually agreed to in writing.

2. ARBITRATION

If a grievance involving the interpretation or application of this Agreement is not satisfactorily resolved in the grievance procedure, the Union may request the American Arbitration Association or the Federal Mediation and Conciliation Service, or the Labor Relations Connection to provide a panel of arbitrators from which the parties will select an arbitrator to hear the grievance. The arbitrator so selected shall have no power to add to, subtract from or otherwise modify the terms of this Agreement. The decision of the arbitrator shall be final and binding on both parties and shall have the same force and effect as a judgement of law. His or her fee and expense shall be shared equally by the parties.

3. UNION REPRESENTATION

An employee, at his request, may have a Union Steward of his choice from his department or one designated by the Local President if there is no department steward present at an interview where it is possible that a written reprimand, disciplinary suspension or discharge involving the employee may result.

XX. AGREEMENT

1. TERM OF AGREEMENT

This Agreement shall be effective upon execution and shall continue in full force and effect until midnight May 15, 2028.

During the term of this Agreement, should any provision or part thereof become illegal, the rest of the Agreement shall continue in full force and effect.

This Agreement shall bind and inure to the benefit of the parties hereto and to their respective successors and assigns and the words “Company” and “Union” respectively shall be construed to include their respective successors and assigns.

Either party may terminate the Agreement by giving notice in writing to the other party at least sixty (60) calendar days prior to the expiration date of the Agreement. Whenever notice to terminate this Agreement as herein provided is given, the parties agree that at least thirty (30) calendar days prior to the expiration date, joint conferences will be held for the purpose of negotiating another agreement.

2. ASSIGNMENT

This Agreement shall be binding upon the parties hereto, their successors and assignees.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

LETTERS OF UNDERSTANDING

1. NATIONAL HEALTH

In the event a National Health Program is established and this program has an impact onthe availability, legal status or tax status of the negotiated program, the parties will meet to explore and discuss and negotiate its effect and any agreement will be made by mutual consent.The parties agree that this language will not be used to reduce the Company's commitment to provide the health benefit package or its substantial equivalent that is currently provided under this contract.

2. SAFETY AND HEALTH

During the term of the current contract, the parties agree to meet and work out the details of a comprehensive safety and health manual, including hearing conservation programs and an asbestos protection and abatement program.

The dates of such programs will be put into effect by mutual agreement.

During the development of the Safety and Health Manual any programs which are required by Federal and State law or regulations will be implemented as soon as practicable, but may continue to be refined which may lead to change of the initial program upon implementation of Safety and Health Programs.

3. NEUTRALITY

The Company agrees to a position of neutrality in the event that a Union seeks to represent Temporary Employees of the Company.

Neutrality means that the Company shall neither help nor hinder the Union, in an organizing campaign, nor shall it comment upon the Union's motives, integrity, character or performance during a campaign. Also, the Company shall not provide any support or assistance of any kind to any person or group opposed to the Union Organization.

Where neutrality applies, the Company reserves the right to respond to employees' inquiries relating to the issue of Union organization and engage in normal communications withemployees concerning their employment.

4. OFFICIAL SIGNING OF AGREEMENT

Parties agree to do this after the proofreading is completed on Company time.

5. SEXUAL HARASSMENT

Sexual Harassment as defined under Title VII of the Civil Rights Act of 1964, is an unlawful employment practice and is a violation of this Agreement. An employee who believes he or she is the victim of such harassment may file a complaint with the Equal Employment Opportunity Commission. An employee may also file a complaint with the state's applicable human rights agency covering the employee's place of employment and/or file a grievance as outlined in this Agreement.

6. SUCCESSORSHIP

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns and the words "Company" and "Union" respectively shall be construed to include their respective successors and assigns.

7. ISSUANCE AND REMOVAL OF NON-ATTENDANCE DISCIPLINARY WARNING NOTICES

Verbal warnings and written warnings will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Suspensions will become inactive after two (2) years from the date of violation provided there is no intervening discipline.Intervening discipline within the one (1) or two (2) year periods keeps all prior discipline active until the expiration of the most recently issued disciplinary notice.

Effective on the date each Springfield Employee commenced employment with the Company and pursuant to the terms of September 2, 2020 MOA regarding the asset purchase of NiSource to Eversource, his discipline files were expunged.

8. VACANT MAINTENANCE DEPARTMENT POSITIONS

The Union reserves its rights under the old and new agreements to grieve the Company's failure to fill the positions of Maintenance Chief and Utility Worker in the Maintenance Department. Should it be necessary to reduce the number of jobs in the Service Department, the Company will consider filling the above-mentioned maintenance positions with excess employees from the Service Department.

9. AWARDING OF OVERTIME

This Agreement is to address issues related to the proper awarding of overtime opportunities raised during 2013 collective bargaining negotiations. The Company recognizes the Union's concern regarding situations where the incorrect employee is called out for an emergency response, overtime situation. The Company's current resolution is to offer the employee scheduled overtime, commensurate to the hours the employee missed, to make the employee whole. The Company continues to investigate the issue and is dedicated to working with the Union and develop and implement a process to ensure employees are contacted in the appropriate order for overtime. This Agreement shall be on a "no precedent" basis and shall not be cited or relied upon in any other proceeding except one involving the interpretation or application of this Agreement.

10. PAST PRACTICE

This Agreement is being made in lieu of the elimination of all past practices proposed bythe Company during 2013 collective bargaining negotiations. The Company and the Union recognize that practices be identified which may impact the efficient operation of the business. Should such a past practice be identified, the Company and Union agree to meet with the HumanResources Manager and Operations Center Manager as soon as is practicable to discuss the past practice in issue. In the event that the Company and Union are unable to reach agreement on a process, the Company reserves the right to implement a procedure to eliminate the past practice and the Union reserves its right to the grievance process. This Agreement shall be on a "noprecedent" basis and will be enforced and in effect for the duration of the Collective Bargaining Agreement.

APPENDIX A
STEELWORKERS 12026 PHYSICAL

APPENDIX C
CHECK-OFF AUTHORIZATION
UNITED STEELWORKERS OF AMERICA,
PAPER and FORESTRY, RUBBER, MANUFACTURING, ENERGY,
ALLIED INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL
AFL-CIO-CLC

Pursuant to this authorization and assignment, please deduct from my pay each month, while I am in employment within the collective bargaining unit in the Company, monthly dues, assessments and (if owing by me) an initiation fee each as designated by the International Secretary-Treasurer of the Union, as my membership dues in said Union.

The aforesaid membership dues shall be remitted promptly by you to Walter J. Burke, or his successor, International Secretary Treasurer of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International, or its successor, 5 Gateway Center, Pittsburgh, Pennsylvania 15222.

This assignment and authorization shall be effective and cannot be canceled for a period of one (1) year from the date appearing above or until the termination date of the current collective bargaining agreement between the Company and the Union, whichever occurs sooner.

I hereby voluntarily authorize you to continue the above authorization and assignment in effect after the expiration of the shorter of the periods above specified, for further successive periods of one (1) year from such date. I agree that this authorization and assignment shall become effective and cannot be canceled by me during any of such years, but that I may cancel and revoke by giving to the appropriate management representative of the Plant in which I am employed, an individual written notice signed by me and which shall be postmarked or received by the Company within fifteen (15) days following the expiration of any such year or within fifteen (15) days following the termination date of any collective bargaining agreement between the Company and the Union covering my employment if such date shall occur within one of such annual periods. Such notice of revocation shall become effective respecting the dues for the month following the month in which such written notice is given; A copy of any such notice will be given by me to the Financial Secretary of the Local Union.

APPENDIX D

ATTENDANCE IMPROVEMENT PROGRAM

The efficient operation of the Company requires that employees consistently maintain satisfactory attendance.

The most important single rule employees should remember is that they must notify the Integration Center or their supervisor as soon as they know they will be absent from work. Notice does not excuse the absence. It does, however, permit the supervisor to schedule work around the absence and will be considered a less serious infraction than absence without notice.

Attendance records are evaluated on the number of days absent from work.

All days taken out of work, including excused and unexcused absences, are used in determining total days out of work. However, excluded from this total are days on FMLA approved leave of absence, FMLA approved intermittent leave of absence, jury duty, union business, leave pursuant to Massachusetts General Laws, bereavement, vacation and holidays.

In determining "excessive" absenteeism, all days absent from work are added together. If the total number of days for that employee in any rolling three (3) month period equals three (3) days or more in the period for that employee, that is considered excessive absenteeism under these guidelines. For purposes of this program, a day is equal to the number of hours in an employee's regularly scheduled shift. The first forty (40) hours annually that an employee is absent will be excused pursuant to Massachusetts Earned Sick Leave Law.

Under this program when an employee's record indicates excessive absenteeism in accordance with the guidelines above, the goal of the Company is to restore that employee's attendance to satisfactory level. The Company will implement a plan of progressive discipline, as outlined below, to ensure the successful attainment of this goal.

Disciplinary action may be issued should an employee be absent for three (3) days of absences within a rolling three (3) month period and for each absence that occurs within the next three (3) months. Following a three (3) month period with no absences, should an employee who has an active step of discipline reach three (3) days within a rolling three (3) month period and less than one (1) year from his last disciplinary step being issued, it will result in the appropriate next step of progressive discipline being issued.

Should an employee exhibit a pattern of excessive absenteeism but does not meet the guidelines above, the Union and management will meet to discuss entering the employee into the attendance program and begin the plan of progressive discipline as outlined below. Employees will only receive one consultation in a rolling twelve (12) month period.

Consultation

The Company recognized that typically, excessive absenteeism is a symptom of a personal problem the employee is experiencing which is affecting that employee's attendance. The supervisor will consult with the employee and help will be offered. The Employee Assistance program (EAP) is available free of charge to assist employees with personal, marital, financial, substance abuse or other problems which affect the employee's attendance at work. A written record of this meeting will be provided to the employee and a copy provided to the Union Steward or appropriate Union Officer.

Verbal Warning

If an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of the time following the consultation, the employee will be warned that formal written discipline will follow unless that employee's attendance shows an immediate, substantial and sustained improvement. The employee will be made aware once again of the Employee Assistance Program and urged to take advantage of it if necessary.

Written Warning

After a verbal warning, if an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of time, and the employee's absence record continues to equal or exceeds the three (3) days, he or she will be given a written warning. The employee will be warned that further disciplinary action up to and including termination of employment will follow unless attendance shows immediate, substantial and sustained improvement. The employee will once again be made aware of the Employee Assistance Program and urged to take advantage of it if necessary.

Suspension (1) Day

After a written warning, if an employee's attendance record continues to be unsatisfactory following or within a rolling three (3) month period of time, and the employee's absence record continues to equal or exceeds the three (3) days, he or she will be given a one (1) day unpaid suspension. The employee will be warned that further disciplinary action up to and including termination will follow unless immediate, substantial and sustained improvement. The employee will once again be made aware of the EAP and urged to take advantage of it if necessary.

Termination of Employment

After the one (1) day unpaid disciplinary suspension, a monthly review will take place. If the employee's attendance record continues to equal or exceeds one (1) day absent based on the standards described above, such employee will be suspended pending a decision to terminate employment. The decision to terminate an employee's employment will be made within seven (7) calendar days following such suspension.

Job Abandonment

Any employee who fails to report to work and fails to provide notice of such absence for a periodof three (3) consecutive work days shall be considered to have voluntarily abandoned his or her position. In addition, if an employee fails to return to work after the expiration of a leave-of- absence, that employee will be considered to have voluntarily abandoned his or her position.

ISSUANCE AND REMOVAL
OF ATTENDANCE WARNING NOTICES

Documented verbal warnings, written warnings, and suspensions will become inactive after one (1) year from the date of the violation provided there is no intervening discipline. Intervening discipline within the one (1) year period keeps all prior discipline active.

APPENDIX E
MEDICAL AND PERSONAL LEAVE OF ABSENCE POLICY

1. PURPOSE:

The purpose of this policy is to specify medical and personal leave-of-absence provisions to which employees may be entitled. Medical leaves are available in accordance with this policy for the employee's own serious health condition which renders the employee unable to perform the essential functions of his job.

2. SCOPE:

This policy extends to Local 12026.

3. POLICY & PRACTICE:

I**ndustrial Accident Leave**

Employees who are absent from work due to a work-related injury should contact HRCONNECT.

Non-Work-Related Medical Leave

Employees who are absent from work because of personal injury or illness for more than five (5) consecutive work days must apply for a medical leave-of-absence for all days out of work after the fifth consecutive work day of absence.

Employees applying for a leave of absence for Short Term Disability (STD) should contact Lincoln Financial (Company Administrator) at 1-800-451-5554. Lincoln Financial will work with employee and provider to obtain necessary medical support forthe leave of absence.

The employee's job is protected for one year total - STD for 6 months, then LTD for 6 months. If the employee is unable to return to work within that 12- month period, the employee will be moved into an Inactive/Job Not Held status. The employee will remain in the Inactive/Job Not Held status, until he is no longer eligible for LTD benefits, at which point his employment will be terminated.

While receiving LTD benefits, any health/dental/vision deductions will be deducted from the employee's LTD benefit.

All medical leaves will run concurrently with all federal and state leaves.

During medical leaves under the Company medical leave policy, employees are responsible for contributions to all benefit plans as if actively at work. If an employee fails to return to work for reasons other than for a substantiated continued health condition or circumstances beyond his control, the employee may be required to repay the Company for all health premiums paid on the employee's behalf during the leave.

Employees who qualify for medical leave under this policy, upon their return to work will be restored to the same or an equivalent position after the leave, except in certain cases where the person has been designated as a "key employee" or where the employment would not have continued had the employee not been on leave.

Employees returning from leave will be required to supply a "fitness for duty" release from their attending physician if the leave was for their own health condition.

Employees on medical leave of absence are considered unable to perform essential job functions, and as such are not allowed to perform work outside of the Company workplace during an approved leave.

The Company may require employees requesting medical leave or returning to work from medical leave to be examined by a physician designated by the Company. Any such examinations will be paid for by the Company.

4. PROCEDURE:

Employees applying for a medical leave-of-absence must be under the direct care of a physician and must submit medical certification directly to the Company administrator. Employees may be required to undergo a periodic medical examination by a physician designated by the Company in order to ascertain the employee's condition.

For medical leaves, the Company will require medical certification for an employee's own serious health condition prior to the start of the leave unless the condition requiring medical leave is unforeseeable in which case such medical certification must be provided within fifteen (15) days of the request for leave, or as soon as practicable. Upon proper submission of medical documentation in support of a medical leave request, the employee will be placed on medical leave in accordance with the attending physician's instructions. The employees will be advised in writing by the Company administrator of his status including the beginning and ending dates of his medical leave and the procedures for returning to work or extending his medical leave.

Medical leaves of absence which qualify under this policy may be covered by certain insurance programs such as short-term-disability (STD), long-term-disability (LTD), or worker's compensation. When it is not covered by one of these insurance programs, leaves will be unpaid.

PERSONAL LEAVE-OF-ABSENCE

A personal leave-of-absence without pay for a period normally not to exceed sixty (60) days maybe granted by the Company for urgent personal reasons to employees with at least six (6) months of continuous employment. Requests for personal leave-of-absence must be made in writing to the employee's supervisor and the unit's senior human resources officer. Each request will be decided on its own merit at the sole discretion of the Company.

LENGTH OF SERVICE

Length of continuous service for the purpose of this policy shall be computed from the original date of hire.

Length of continuous service will be broken by the following:

- Absence from work for more than three (3) consecutive days without notice to the Company;
- Voluntary termination or resignation by the employee;
- Discharge for cause;
- Failure to return to work upon the expiration of an approved leave-of-absence or the extension of an approved leave-of-absence.

APPENDIX F
LNG SHIFT PAY PRACTICE FOR LNG OPERATORS

The following pay practices shall apply to LNG Operators:

1. Overtime:

Employees will be paid at one and one-half straight time rates for all hours worked outside of an employee's regularly scheduled shift or in excess of forty (40) hours in a workweek except when other overtime rates, premium rates or holiday rates are applicable as provided below. Employees will not be paid meal allowances when working the twelve (12) hour shift schedule.

2. Vacation:

No vacations will normally be permitted during winter around the clock coverage. If around the clock coverage is required for non-winter periods, such as a summer liquefaction run, normal vacations will be allowed in accordance with Article VIII. During twelve (12) hour shift periods, employees on their spare week, would continue to be able to take vacation time following approval from their supervisor. Should the employee be scheduled for a twelve (12) hour shift and elect to use vacation or need to use sick time, their remaining balances will be reduced by the amount commensurate to the number of hours scheduled and paid.

3. Sunday Premium:

A premium of twenty five percent of the basic straight time rate per hour will be added to the basic straight time rates for time worked on Sundays when those hours are part of the employee's normal schedule. This Sunday premium will not be applicable to time worked at double straight time rates under the provisions of paragraph 4 below.

4. Sunday or Second Day Off:

Employees with Sunday as a normal scheduled day off in any calendar week shall be paid double time for work on that Sunday, and at time and one half for work on the other normal scheduled day off in that calendar week. Employees required to work on a Sunday within their normal schedule in any calendar week shall receive time and one half for work on the first normal scheduled day off and double time for work on the second normal scheduled day off in that calendar week.

a. Employees will be paid double the straight time rate for all hours worked on Sunday outside of the employee's normal schedule.

5. **Holiday Pay:**

All holidays, jury duty, etc. will be paid as twelve (12) hour days when the employee is on a twelve- (12) hour work schedule. A twelve- (12) hour holiday not worked is to be paid or if not paid, may be taken at another time as a paid holiday (holiday in lieu). If an employee is not required to work a holiday but is on the twelve (12) hour shift schedule, the employee will be paid twelve (12) hours of holiday pay for such holiday. Recognized holidays and the premiums associated with working holidays are from midnight to midnight.

a. When an employee is required to work on a recognized holiday falling on a day within the employee's normal schedule, in addition to holiday pay at basic straight time rates, one- and one-half straight time rates will be paid for time worked within the employee's normally scheduled hours and double straight time rates will be paid for time worked outside the employee's normally scheduled hours.

b. When an employee is required to work on a recognized holiday falling on a day outside the employee's normal schedule, in addition to either holiday pay at basic straight time rates or holiday in lieu time as described above, one- and one-half straight time rates will be paid for time worked up to eight hours and double straight time rates will be paid for time worked in excess of eight hours.

6. Shift Premium:

When an employee is assigned to work on an afternoon or night schedule of normal work coverage, a premium of 7% of the employee's basic straight-time rate or $2.00, whichever is greater, will be added to the employee's basic straight-time rate for all hours worked within that schedule and including all hours worked contiguous to that schedule. For the purpose of this shift premium provision, afternoon and night schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 6:00 a.m. or following 7:00 p.m.

7. Rest Time:

If an employee is required to work outside of the normal schedule for more than one hour during the eight-hour period immediately preceding the starting time of the employee's next normal daytime schedule, (starting between 6 a.m. and 10 a.m.), the employee will, whenever possible, be allowed rest time during that normal schedule without loss of normal wages (rest time taken). When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates (rest time worked).

a. If an employee is called out to perform work outside of the normal schedule for more than one hour during the eight-hour period immediately preceding the starting time of a daytime prearranged overtime period, (starting between 6 a.m. and 10 a.m.), the employee will, whenever possible, be allowed rest time during that prearranged overtime period for which the employee will be paid straight-time rates (rest time taken). When service requirements will not permit allowing all of the earned rest time off, that part worked will, except for holidays, be paid for at double and one-half straight-time rates (rest time worked).

8. **Work Over 16 Hours**:

If an employee is required to work beyond sixteen consecutive hours, the employee will, whenever possible, be allowed a period of eight hours' time off before returning to work. Any part of such time off which extends into the employee's normal work schedule will be paid for at straight time rates (rest time taken). When service requirements will not permit allowing as earned rest time off that part which may extend into normal schedule, that part worked during normal schedule will, except for holidays, be paid for at double straight time rates (rest time worked).

a. If an employee is required to work beyond sixteen consecutive hours, the employee will be paid at double the employee's straight time rate for those hours worked beyond sixteen until the employee is allowed eight consecutive hours off.

9. Call Out:

Employees who are called out to perform other than prearranged overtime work will be paid at a minimum of two hours at the applicable rate for each time called out except they will be paid not less than three hours at the applicable rate for each time called out between the hours of 12:00 a.m. and 6:00 a.m. Such pay shall be computed from the time the employee reports to work to the time of completion of the employee's work, to which time shall be added one-half hour for travel to work and one-half hour for travel from work. However, if an employee is called in for work which continues into the employee's regular working schedule, the employee shall be paid for the call out only for actual time worked and the half hour travel time to work.

10. When two or more rates may be applicable, the higher rate shall be applied. There shall be no duplication in the application of regular, overtime or premium rates of pay for the same hours worked.

11. **Meal Allowance:**

If an employee is required to work overtime and is thereby put to additional expense to obtain a meal under Article XI. Section 8, the employee will be paid a meal allowance of $10.00 for meals between midnight and 3:59 p.m. (meal day/minor) and $20.00 for meals between 4:00 p.m. and 11:59 p.m. (meal evening/major).

12. If an employee does not work two hundred (200) hours in the five (5) week rotation because shift work has been discontinued, the employee will be allowed to work to aschedule to make up the 200 hours normally worked in a five-week rotation.

13. Employees on the twelve (12) hour shift rotation and enrolled in the 401K plan, will continue to contribute to the plan based on the provisions of the plan document.

APPENDIX G

Classification and Addition Modifications

The Company agrees upon ratification of the September 2, 2020 memorandum of agreement to implement the following changes to existing job classifications:

- The Locate/Leakage Technician will be retitled "Service Technician D" and will retain all duties of the Locate/Leakage Technician. Wages will be based on the Service Technician D classification.

- The Company agrees to conduct a transfer bid, limited to employees currently holding the "Utility Worker General" position to be moved into the "Service Technician A" classification. All job tasks and responsibilities currently associated with the "Utility Worker General" classification will be merged with the job duties assigned to the "Service Technician A" classification. In addition to the duties described in the current job description, the "Service Technician A" job classification will include the responsibilities listed below:

  Use of company approved gauges and leak detection equipment to test service and house lines.
  Grade and pre-mark gas leaks.
  Complete any job assessment form required.

  Upon approval from the appropriate governing body, "Service Technician A," will be permitted to repair leaks on jurisdictional pipe and adjust, repair or replace domestic regulators.

  The successful bidder will be placed at the appropriate wage grade/step in the labor grade 8 "Service Technician A" classification.

  Throughout the term of the agreement, any "Service Technician A" who achieves a gas fitters license, and who communicates his desire to be promoted, will be permitted to progress into the "Lead Fitter" classification with appropriate wage progression.

- Meter Reader/Collectors will be paid at a rate of $40.00 per hour as of September 2, 2020, for all individuals listed in Attachment A of the MOA. Once WorkForce mapping has been complete, future hires into this position will be hired into the position of Local 369 Field Service Representative.

- The Parties agree to meet during the Transition Period to discuss the need for a Lead Welder position.*****

- Maintenance Mechanic M&R - As of September 2, 2020, employees in the Maintenance Mechanic M&R position identified in Attachment A of the MOA will be paid at a rate of $51.72 per hour. These employees will then be grandfathered for the duration of their employment at this rate. New employees hired into this role will be hired as Local 12004 General Technician A positions (refer to wage table Appendix A). The parties agree to meet and discuss the job specifications and duties of the existing M&R positions during the Transition Period.*****

- Inspector - Effective January 1, 2021, Inspectors will operate pursuant to the procedure attached as Attachment E of the MOA and Attachment E of this Agreement. It is understood that Inspectors will be selected by seniority provided they are trained and qualified to operate as Inspectors (See Attachment E).

- LNG Plant Operators and Plant Operations and Maintenance Assistant - Local 12026 agrees, with respect to the LNG facility, that the workforce will be split between Operators and Maintenance workers, but that any employee currently in a Plant Operations Maintenance Assistant position will be grandfathered with his duties as of the closing of the Asset Purchase and will be paid according to Attachment A of the MOA. Local 12026 further agrees that during the Transition Period, it will meet with the Company's representatives to discuss a Time Merit Progression ("TMP") program which future Operator and Maintenance employees will be required to complete in order to remain in their Operator and Maintenance positions. Existing employees will be required to train and qualify pursuant to the TMP program, but will not be subject to removal if not able to successfully complete the TMP. New employees hired into these classifications prior to May 15, 2021 will be hired at the rate of $45.65/hour for LNG Operators and $42.94/hour for LNG Maintenance Mechanic.*****

- Lead Distribution Operators will be mapped to a 12004 Working Leader Distribution. Working Leaders who operate a backhoe for more than four hours per shift will be upgraded to Working Leader/Backhoe Operator at a rate of $49.84. It is understood that the existing roster of Equipment Operators will be polled for 14 Backhoe Operator positions at $46.62/hour. The remainder of the CMA roster will become Distribution A positions at $45.76/hour.

- The Lead Meter Repair position will receive a 3% increase on rate of pay as of September 2, 2020 and will then be grandfathered for the duration of their employment at this increased rate. Future employees hired into this position will be hired as a Local 12004 Meter Repair Technician.

- The Instrumentation/Service Tech will receive a 3% increase on their rate of pay of September 2, 2020 and will then be grandfathered for the duration of their employment at this increased rate. Future employees hired into this position will be hired as a Local 12004 SMMT position.

- Should a Lead Storekeeper position be posted, it is agreed that the position will be paid the rate for a Working Foreperson Store in the Local 12004 CBA, $45.31 per hour.

- The position of Senior Lead Distribution Operator will become Training Coordinator/Distribution. This position will be posted under the Local 12004 CBA job specifications and agreement regarding the Training Coordinator/Distribution position. Employees must meet the minimum qualifications for the Distribution Department in order to be considered.

- Each current employee (2) scheduled to be hired into the existing Patch Operator position will be classified as a Distribution Tech PT as described in the Local 12004 CBA, at a rate of $30.39 per hour. The Company agrees that it will not, insofar as is practicable, contract out work normally performed by distribution employees when contracting out would result in fewer than 37 distribution employees.

ATTACHMENT E

GAS OPERATIONS AGREEMENT

GAS CONSTRUCTION

Gas Construction Department:

Inspectors currently on the roster in Local 12026 will be assigned to the Gas Construction department.

The Rosters will be titled Construction Inspectors.

The Progression will be as follows.

Inspector Trainee (TC)	Six (6) Months	$30.39	(Step 1)
Inspector C	Six (6) Months	$39.09	(Step 2)
Inspector B	Six (6) Months	$41.59	(Step 3)
Inspector A	Twelve (12) Months	$45.76	(Step 4)
Inspector	(See Job Description)	$48.96	

Total Progression is thirty (30) months.

The construction crews and inspection duties will be selected based on daily work assignment. Employees assigned inspection work will perform the duties of an inspector the entire work day schedule. Employees assigned to construction crews will perform construction crew work detailed below.

Construction crews will perform the following work:

1. New growth services

2. New growth mains

3. Service replacements

4. Main connections associated with main replacements performed by construction crews and assigned main connections for external crews.

5. Mark outs associated with assigned work

6. Service replacements associated with main replacements

7. Public work projects

8. System enhancements

9. Affected cast iron encroachments

10. Main & service taps associated with construction crew assignments.

Number of crew members per crew will be determined by the Company.

Inspectors

1. The parties agree to create a new Construction Inspector position. (see job description attached).

It is understood that the number of Construction Inspectors may be adjusted up based on the number of contractor crews working in an area.

In the event future legislation, code changes or a DPU order mandates a ratio different than is defined in this Agreement, the Parties agree to meet and negotiate changes to this Inspector Agreement. In the event the Parties are unable to reach agreement, it is understood that the Inspectors will be placed in the Maintenance Department Distribution roster.

2. Inspector to contractor crew ratio is planned at 3:1, however, when unplanned absences occur the Inspectors will back fill each other and expand to a 4:1 ratio. Beyond the 4:1 ratio any additional resources will be requested from the gas construction department. If the gas construction roster can't supply additional resources the gas maintenance (qualified distribution pool) will be utilized. After the 3-day absence period, the Company shall assign additional resources from the gas maintenance group to maintain the 3:1 ratio.

3. If the Company utilizes outside contractors to perform gas pipeline associated work, thecontractors will perform all mark-outs associated with said work. If necessary, Companyinspectors may assist. The need to utilize Company inspectors in this role will be determined by the Company. If the contractor is unable to access a premise during normal working hours, the contractor will be permitted to perform the mark-out(s) during off hours.

4. If the Company utilizes outside contractors to perform work on Company pipeline, the Contractors will be responsible for scheduling their own work. Company inspectors may assist in this process if necessary. The contractor shall notify the Inspector or meter service personnel who will coordinate the remaining scheduled work.

5. The Contractors will be responsible for all documentation for the projects that they are assigned. Such documentation will be subject to the approval of an Inspector in a timelymanner.

6. Construction Inspectors will inspect pipeline contractor crews.

7. Construction Inspectors will be required to perform and document daily job inspections.

8. Construction Inspectors will be qualified to perform procedure supervisor functions.

9. Construction Inspectors will perform procedure supervisor functions when assigned.

As agreed on May 15, 2024:

The Company agrees to meet and discuss upcoming Inspector retirements with the Union.

If the state requirement for Inspector oversight to contractor crew ratio changes, the Company and Union will meet and bargain the impact.

		Union Representative
		Employee Relations

NOTE: Statements included in this description are intended to reflect in general the duties of this classification and are not to be interpreted as all inclusive.

I. **JOB SUMMARY: (States the level of Supervision and the general function and purpose ofthe job)**

The title, Construction Inspector, designates employee working in the field of Gas Construction.This will be a full-time position. The Construction Inspector's primary role will be Contractor crew oversight and installation of Company facilities. The Inspector will ensure that Contractor crews are operating in compliance with any and all Eversource safety, construction and maintenance policies standards and procedures, and any other applicable state and federal regulations. When contractors are not on the property, or only present in small numbers, the Inspectors will assist in other tasks in preparation of work outlined below.

II. **ILLUSTRATIVE DUTIES:**

- May perform illustrative duties of lower classifications
- Inspect Gas Contractor crews performing work on Eversource gas system facilities.
- Ensure that Contractor crews are operating in compliance with any and all Eversource safety, construction and maintenance policies, standards and proceduresand any other applicable state and federal regulations.
- Conducts job audits on Gas Contractor construction work.
- Assists with estimating, job packages, field surveys, mark-outs and any and all WAM work management related activities of construction related work reviews and approves Contractor paperwork.
- Assists with work coordination between all departments including Meter Service, Gas Control, Maintenance, I&R and other operating groups.

- When assigned, Construction Inspector will perform procedure supervisor functions.
- When contractors are not on property and no inspection work is available, employees will be assigned to a construction crew.
- Construction Inspectors will be fully qualified as outlined in Eversource Operator Qualification program.

III. **REPORTING RELATIONSHIPS: (the title of the position the incumbent reports to)**

This position reports to Gas Construction.

IV. **WORKING CONDITIONS**

Work in this classification is performed both indoors and outdoors, as is the current practice, dependent on the work assignment. Work is performed on Company and customer premises, instreets, roadways and right of ways.

V. **MINIMUM QUALIFICATIONS**

- Five years time-in-grade (in addition to 2-year progression). This qualification may be waived by mutual agreement to fill vacant positions with the successful completion of other requirements
- Must hold a valid Massachusetts commercial driver's license (A), or be willing to train and qualify for it after assignment to the classification
- Must possess expertise and detailed technical knowledge of Gas Construction and Maintenance policies, work practices, processes, tools and equipment necessary to safely operate, maintain and perform repairs on Company gas distribution systems.
- Must meet all DOT regulations for random Drug & Alcohol testing
- Pass any job-related tests
- OQ qualified to be a Procedure Director and any and all additional OQ requirements at the Company's discretion.

VI. **HOURS/SCHEDULES**

Schedule and report time:

The Construction Inspector will work Monday through Friday 7:30 a.m. to 3:30 p.m.

AGREEMENT made as of the first day of October **2020**, by and between **NSTAR** ELECTRIC COMPANY (hereinafter referred to as "the Employer") and LOCAL UNION 455 of the INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS (AFL-CIO), (hereinafter referred to as "the Union").

It is mutually agreed between the parties as follows:

SECTION I
Purpose of Agreement

Both parties desire to promote harmony and efficiency among the employees of the Employer so that the employees and the Employer may obtain mutual economic advantages consistent with the duty of the Employer as a public utility at all times to provide adequate and uninterrupted electric service in the territory and communities which it serves. Both parties are signing this agreement in good faith and pledging themselves to keep its spirit and letter. This Agreement shall be binding on any and all successors and assigns of the Employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The Employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

SECTION II
Definitions

All Districts including the Cummington and Lee Satellites:

(a) employee: The terms "employee" and "employees" as used in this agreement shall mean (1) all employees of the Employer in its overhead, underground, distribution departments, stock department, streetlight department, transportation department, maintenance department, and janitors including line mechanics and line helpers, response specialists, specialized mobile equipment operators, cable splicers and helpers, garage mechanics, electricians and helpers, area stockhandlers and stockhandlers (2) all meter readers, meter and service representatives, meter service installers, building maintenance mechanics and janitors, (3) all Field Technicians and GIS Technicians, (4) Test Technicians.

The provisions of this agreement do not apply to executives, superintendents, supervisors, office and clerical employees, guards, professional employees, and laboratory employees.

(b) Continuous Employment: The term "continuous employment" as used in this agreement shall mean an uninterrupted period of employment of the employee by the Employer and by any predecessor Company of the Employer. The period of employment of a regular employee shall be considered uninterrupted even though an interruption shall occur by reason of the employee serving in the Armed Forces of the United States.

(c) Regular employee: The term "regular employee" as used in this agreement shall mean any employee who has been employed by the Employer continuously for a period of six (6) months in one or more of the departments of the Employer named in paragraph (a) of this Section.

(d) Probationary employee: The term "probationary employee" as used in this agreement shall mean any employee who has not been employed by the Employer for such six (6) month period in one or more of said departments. Such probationary period may be extended by mutual agreement between the Union and the Employer. If a probationary employee is discharged by the Employer, such employee will be entitled to a meeting with the Employer as outlined in Section XVII to discuss the discharge, but neither the Union nor the employee will have the right to arbitrate the propriety of the discharge.

(e) Temporary employee: The term "temporary employee" as used in this agreement shall mean any employee who is employed by the Employer in one or more of said departments for a job that has a definite termination point.

(f) Long-Term Temporary employee: The term "Long-Term Temporary employee" as used in this agreement shall mean an employee hired with an expected termination date of six (6) months or more from the date of hire. Long-term temporary employees will be eligible for life insurance and medical benefits after twelve (12) months of continuous employment. Long-term temporary employees will be given a two-week notice of termination of employment. This termination will not be subject to Section XVI or Section XVII of the agreement by the employee or Union.

(g) Hourly-Paid employee: The term "hourly-paid employee" as used in this agreement shall mean any employee who is paid by the Employer on an hourly basis.

(h) Employed in Shift Operations: An employee (unless hired prior to October 1, 1994) is “employed in shift operations” within the meaning of this agreement when the employee’s regular hours of employment are consistently or periodically other than *first shift between Monday through Saturday per Section XXIII of the Collective Bargaining Agreement.*

(i) Day: The term "day" or "days" as used in this agreement shall mean a calendar day or days unless otherwise stated.

(j) Emergency: An "emergency," as referred to in this agreement, shall mean a circumstance which involves the safety of any person, loss of or damage to any property, or interruption of or interference with service or operations.

SECTION III
Recognition of Union by Employer and
Requirements of Union Membership

(a) The Employer agrees to recognize the Union as sole bargaining agent for the employees with regard to wages, hours of employment, or other conditions of employment.

(b) All employees who are members of the Union on the effective date of this agreement which is **October 1, 2020**, or who may thereafter become members of the Union shall remain members of the Union during the term of this agreement as a condition of their employment by the Employer in a position covered by this agreement. New employees (persons first hired by the employer during the term of this agreement and in a position covered by this agreement) shall be required to apply for membership in the Union at the end of thirty (30) days of continuous employment. Employees hired for temporary summer employment are excluded from this requirement for an additional 60-day period in that summer and in any subsequent

summers from their first day of hire.

(c) The Employer agrees that during the term of this agreement it will make a single deduction for the required initiation fee upon receipt of individual written authorization and assignment and in addition will deduct Union membership dues from the wages of each employee who authorized it to do so in writing in the form attached hereto and marked Appendix "B," in such amounts as shall be stated in said form. Provided, however, that in the event such amounts are changed in accordance with the Constitution and Bylaws of the Union and upon receipt of written notice signed by the Business Manager, Financial Secretary, President, and Recording Secretary of the Union at least thirty (30) days in advance of the effective date of such change, the Company will implement such new or changed amounts. The total amount so deducted shall be paid each month upon receipt therefor in the name of the Union signed by the financial secretary of the Union, to said financial secretary or to such other officer thereof as shall be designated in writing by the Union, within the ten (10) working days next following the date upon which the last deduction for the month is made.

SECTION IV
Pledge of Union and Employer

(a) The Union agrees that its members or representatives will not solicit membership in the Union during the hours of employment either of the solicitor or of any employee; and that there shall be no dues collected or other Union business or activities engaged in during the hours of employment, except as follows:

> The Business Manager, Assistant Business Manager, or Steward will have reasonable freedom of movement to discuss differences which may arise in interpretation of this agreement, investigation of grievances, or jurisdictional disputes involving the Employer. The Business Manager, Assistant Business Manager, or Steward will notify the employee's supervisor and the supervisor of any other employee involved as far in advance as possible of the time that the employee will be absent from work. Such freedom of movement shall not unduly interfere with Employer operations.

(b) The Union agrees that it will not authorize during the term of this agreement any strike, stoppage, or slowdown of work for any reason or cause whatever. Each employee agrees that during the term of this agreement they will not engage in or induce others to engage in any strike, stoppage, or slowdown of work. The Union further agrees that it will take every reasonable means which are within its power to induce employees engaged in any strike, stoppage, or slowdown of work in violation of this agreement to return to work and that it will post a notice on the bulletin boards of the Employer used for notices to the employees, within twenty-four (24) hours after receiving written notification from the Employer of such violation, that the action of the employees was not authorized by the Union and directing the employees to return promptly to their jobs and cease any further violation of this agreement. The Employer agrees that in consideration of the performance by the Union of its undertaking with respect to the termination of any strike, stoppage, or slowdown of work, there shall be no responsibility on the part of the Union, its officers or official representatives for any strike, stoppage, or slowdown of work which has not been authorized or approved by the Union.

(c) The Union further agrees that the Employer has the right to take disciplinary action, including discharge, against any employee who engages in any strike, stoppage, or slowdown of work in violation of this agreement. Whether or not an employee has engaged in any strike, stoppage, or slowdown of work may be the subject of a grievance, but if the arbitrator

determines an employee has engaged in any strike or stoppage, the Arbitrator shall not reduce or otherwise modify the penalty imposed by the Employer. If the arbitrator determines an employee has not violated the provisions of this Paragraph (b), the employee shall be reinstated with compensation for loss of any wages.

(d) The Employer agrees that during the term of this agreement there shall be no lockout by the Employer.

(e) The Union agrees, for itself and the employees, not to hinder or interfere with the management of the Employer in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work or for other good and sufficient cause, but in the exercise of these responsibilities in management the Employer agrees that it will not discriminate against any member of the Union.

(f) Nothing in paragraph (e) shall be held to be paramount to any other provision in this agreement which may be claimed to be in conflict with it, but all parts of this agreement shall be held to be of equal importance and shall be subject equally to the provisions of Section XVI hereof.

(g) It is agreed that the Union may have reasonable use of a bulletin board for the purpose of posting notices pertaining to the Union and its members. All such Union notices shall be signed by the Business Manager of the Union. If requested by the department supervisor, copies of all such notices posted will be placed on the department supervisor's desk prior to posting. It is understood that such notices shall contain nothing political, controversial or reflecting upon the Employer, any of its employees, or any labor organization among its employees. The Union or the Employer may remove from the bulletin board any notice posted thereon which does not comply with the provisions of this paragraph.

(h) The Employer will pay basic straight-time wages to not more than eleven (11) employees for time lost from their normal basic work schedules for meaningful negotiation meetings with representatives of the Employer for the amendment of this Agreement.

(i) It is agreed that neither the Company nor the Union will discriminate against any employee in application of any of the terms of this Agreement because of race, color, religion, age, sex, national origin, ancestry, marital status, sexual orientation, disability, military status, veteran status or genetic information.

SECTION V
Hours of Employment

(a) The regular hours of employment for all employees shall be up to ten (10) hours per day and forty (40) hours per week. A day may be a calendar day or any twenty-four (24) hour period and a week may be a calendar week.

(b) The normal workweek for all employees, excepting employees who are employed in shift operations, shall be scheduled between Monday and Saturday inclusive, between the hours of 6:00 a.m. and 6:00 p.m. Late schedule will be assigned by rotation or on a volunteer basis. The Employer may change such workweek if required by federal or state authorities or to meet conditions due to a serious emergency or disaster or to fill a temporary vacancy, but upon the termination of such conditions or vacancy, the Employer shall reinstate

such workweek for each employee whose workweek was changed in accordance with this provision. Work schedules, within the normal workweek, will be determined by the Company and posted and may include a straight eight-hour shift without a designated lunch period.

(c) At the option of the Company, summer hours will be available between the period beginning the first Sunday in April to the last Saturday in October, or any portion of this seasonal period. The assignment of summer hours to a day worker will not cause such employee to be designated as employed in a shift operation. All hours in the Agreement which are based on an 8:00 a.m. to 4:30 p.m. daytime schedule will be adjusted to conform with summer hours.

(d) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION VI
Overtime Pay

(a) An overtime rate of one and one-half (1 1/2) times the hourly rate of a regular and probationary employee will be paid to such employee for all hours of work performed by such employee (1) outside the employee's regular hours of employment or (2) beyond forty (40) hours in any one week, with the exception of hours of work performed on a holiday which are covered by the provisions of Section 8 of this agreement and which shall be paid for in accordance with such provisions.

(b) An overtime rate of one and one-half (1 1/2) times the hourly rate of a part-time employee shall be paid to such employee for all hours of work performed by such employee beyond forty (40) hours in any one week.

(c) An overtime rate of one and one-half (1 1/2) times the hourly rate of a temporary employee shall be paid to such employee for all hours of work performed by such employee beyond forty (40) hours in any one week. A temporary employee shall be paid such overtime rate for all hours of work performed by the employee outside the employee's regular hours of employment only after the employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

(d) An employee who has Sunday as a regularly scheduled day off in a calendar week shall receive an overtime rate of two (2) times the employee's hourly rate for all hours of work performed on such Sunday.

(e) An employee who is employed in a shift job requiring twenty-four (24) hour coverage shall receive an overtime rate of two (2) times the employee's hourly rate for all hours of work performed on the employee's second regularly scheduled day off in such calendar week.

(f) An employee who is employed in a twenty-four (24) hour shift job and has Sunday as a regularly scheduled day off shall receive double time on the employee's second regularly scheduled day off in such calendar week.

(g) When an employee's regular work schedule is changed with less than forty-eight (48) hours advance notice, any time worked within such new regular schedule, which was not regular work time under the old schedule, will be paid for at time and one-half rates until the advance-notice period has expired, except when other rates are applicable, and excepted further when an employee's regular work schedule is changed to provide relief coverage because of sickness or other unexpected absences of employees, forty-eight (48) hours shall be the advance-notice period for application of greater than straight-time rates. An employee may be returned to the employee's previous regular schedule without forty-eight (48) hours' advance notice after serving a relief coverage assignment as described herein.

(h) All hours for travel time or work time paid at straight-time rates under the terms of this agreement will be paid at double straight-time rates, when employees are assigned to emergency work for other utilities in locations or upon facilities other than those owned or operated by Eversource.

(i) An employee shall not be paid both daily and weekly overtime for the same hours so worked either under the provisions of this Section, or of Section 7, or Section 8 hereof; and in no case shall overtime compensation provided for by these three sections be duplicated or pyramided.

(j) If an employee is required to work beyond sixteen consecutive hours, (or responds to a call-out within three hours of their quitting time, such hours will be counted towards the sixteen consecutive hours [non-worked hours will not be paid]), the employee will be paid at double the straight-time rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours. Any part of such eight consecutive hours off which extends into the employee's normal work schedule will be paid for at straight-time rates. When service requirements will not permit allowing as earned rest time off that part which may extend into the normal schedule, such rest time worked will be paid for at double straight-time rates. Triple time will not be paid.

(k) Insofar as practicable, scheduled overtime work will be equitably distributed over the calendar year among the employees within the department, giving preference to the employees whose normal duties include such work. Excused overtime for scheduled overtime work will be counted only when an employee has been given a twenty-four (24) hour advance notice of the scheduled overtime work. Insofar as practicable, emergency overtime will be equitably distributed over the calendar year by calling the low employee on the overtime list based upon qualifications and familiarity with the particular job. *Overtime lists will be combined into one list within a district. There will be no planned overtime lists in any area*. When an employee is scheduled for planned overtime, their name will be removed from the overtime list for any call-outs prior to the planned overtime. When an employee transfers or bids to a new classification, the employee will carry their overtime hours with them. A newly hired employee will be assigned overtime hours equal to that of the employee with the lowest number of overtime hours in the job classification.

(l) Response To Overtime:

1. Because of the nature of our business, and our need to provide 24-hour a day service to our customers, it is necessary that employees work overtime when the need exists - planned and unplanned.

2. Employees shall furnish an acceptable means of off-hour contact by telephone.

*3. The response rate standard for the Overhead Lines, Underground and Substation/EM departments is **20%** for all offerings. **On-call responses to be included as part of ARCOS response rate.***

4. For this purpose, the measure is calculated as the percent of calls made which result in a report to work. Overtime hours resulting from an out of town storm restoration assignment to a non-Eversource affiliated company will not be counted towards the department average of total overtime hours worked. This standard is to be measured annually (year-end) on a going-forward basis. Employees who do not respond to a call will be charged with an instance for lack of response on the automated call-out system list. Employees who have worked the department average of total overtime hours in the preceding calendar year will be deemed to have met the standard regardless of acceptance rate to call outs. Employees who do not meet the minimum response level (See #3 above) will not be eligible for assignments at other utilities in locations or upon facilities other than those owned or operated by Eversource or voluntary planned overtime in the following year. Employees who do not meet the minimum response level (See Section VI (l)3) will be eligible in the following year for assignments at "sister" Eversource companies only after all other fellow department employees who have met the requirements have been asked first.

(m) A Crew Supervisor in the overhead lines, underground lines, and electric stations departments may utilize the Supervisor's own crew to perform overtime work without regard for the overtime list one hour prior to the start of the scheduled shift on a regularly scheduled workday.

(n) For purposes of equalization of unscheduled overtime, Response Specialists are to be considered as outside the overhead line department.

(o) Employees scheduled for planned overtime assignments **of four hours or more** (non-regular scheduled days only) shall be for a minimum of four (4) hours at the applicable rate **if a job is canceled after the end of the scheduled workday on the day prior to the planned overtime assignment or if the employee works the planned overtime assignment. If the planned overtime assignment is less than four hours (non-regular days only) employees scheduled for the assignment shall be paid a minimum of two hours at the applicable rate if the job is canceled after the end of the scheduled workday on the day prior to the planned overtime assignment or if the employee works the planned overtime assignment.** The Company reserves the right to cancel the planned overtime assignment by **the end of the scheduled workday** on the day prior to the planned overtime assignment. **All assignments will have a beginning and a planned end time established.**

SECTION VII
On Call/Call-Out Pay

I. On-Call

(a) Employees who are assigned by the Company to take trouble calls outside their normal schedule hours will be paid:

(1) one and one-half (1½) hours at basic straight-time rates for each such day assigned - Monday through Friday,

(2) three hours (3) at basic straight-time rates for each Saturday, Sunday, or recognized holiday so-assigned.

(3) **on-call assignment to be in 12 hour blocks that can go past midnight as determined by management (e.g., 4p to a Friday to Saturday). On-call payment determined by higher of on-call period rates when more than one rate applies to the 12 hour block.**

(4) **employees are subject to unlimited on-call.**

(b)(1) Employees transferred after October 1, 2001 whose job requirements include assignment to take trouble calls outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within approximately one-half hour.

(b)(2) Employees placed on-call will be considered to be on-call for the entire district, e.g., Pittsfield/South County employees will be considered on-call for both areas; Hadley/Cummington/Montague employees will be considered to be on-call for all three areas.

Note: Selection process for being placed “on-call”:

1) If the Company determines that Pittsfield/South County Work Centers needs to place two or more line crews on-call or Hadley/Cummington/Montague Work Centers need to place three or more crews on call then: a) volunteers will be asked by utilizing the weekly overtime list for each respective district/satellite. If this process does not satisfactorily fill the on-call need then the actual hours worked list for each respective district/satellite for the current year will be used and the employee with the lowest number of actual hours list will be selected. If an additional person is needed then the employee with the next lowest number of actual hours worked will be selected. This process will continue until the need is fulfilled.

2) If the Company determines that Pittsfield/South County Work Center needs to place one line crew on-call or Hadley/Cummington/Montague Work Centers need to place one or two line crews on call then: a) volunteers will be asked by utilizing the weekly overtime list for the combined district. If this process does not satisfactorily fill the on-call need then the actual hours worked list for each respective combined district for the current year will be used and the employee with the lowest number of actual hours list will be selected. If an additional person is needed then the employee with the next lowest number of actual hours worked will be selected. This process will continue until the need is fulfilled.

II. Call-Out

(a) Each time an employee is called out from the employee’s home at times other than the employee’s regular hours of employment, the employee shall be paid for a minimum of two and one-half (2-1/2) hours' work at the applicable overtime rate, computed in accordance with Section 6, except that when the employee is so called out between the hours of 12:00 midnight and 5:00 a.m., the employee shall be paid for a minimum of three (3) hours' work at such overtime rate. The foregoing minimum payments shall not apply to an employee who is so

called out within two (2) hours of the start of the employee's regular hours of employment and works to the employee's regular starting time, but the employee shall be paid only for the actual time worked by the employee.

(b) In computing overtime pay of an employee so called out, working time shall begin immediately upon the employee's arrival at the employee's station and end upon the employee's return to such station; provided, however, the employee shall be credited with one-half hour travel time.

(c) If an employee is required to work outside of the employee's normal schedule for fifteen (15) minutes (except for more than two hours for prearranged overtime when such overtime immediately precedes the start of the normal workday) during the eight (8) hour period immediately preceding the starting time of the employee's next normal schedule, the employee will, whenever possible, be allowed rest time during that normal schedule without loss of normal wages. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight (8) hour period, except that eight hours rest time will be provided if an employee is required to work six consecutive hours, or, if the employee is working a ten (10) hour day, ten (10) hours rest time will be provided if an employee is required to work eight (8) consecutive hours, for employees working a 12 hour shift, 12 hours rest time will be allowed if required to work ten (10) consecutive hours. Time allowed off for meals will be counted in determining beyond fifteen (15) minutes. When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates. Rest time shall be granted in accordance with this paragraph on an employee's day of relief when the employee has been scheduled to work on that day.

This language supersedes the rest-time/eight consecutive hours off letter dated October 8, 1998.

(d) When an employee continues work into the employee's scheduled period of work, the employee shall be given rest time when the work is completed, but not going beyond such scheduled period of work.

(e) The employee shall be paid on the straight hourly basis for any portion of such rest period so taken by the employee, which occurs during the scheduled period of work.

(f) An employee called out at times other than the employee's regular hours of employment shall return to the station upon completion of the assigned work; and unless further calls have been received or further trouble is reasonably expected from current potential storm warnings, flood warnings, or other acts of God, the employee will not be required to remain on the job to fill out the minimum call-out time.

(g) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION VIII
Holidays

(a) The term "holiday" or "holidays" as used in Sections 6 and 8 of the agreement includes the following days:

New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays.

In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason and are requested by the employee. In the event of a conflict between employees requesting the same date, seniority shall govern.

(b) A regular employee will receive as holiday pay eight (8) hours' pay at the employee's straight hourly rate for a holiday, subject to the provisions of Section 12 (d), even though no work is performed by such employee.

Work performed on a holiday by such employee shall be paid for as follows:

(1) Such employee, except when employed in shift operations, shall be paid for work performed on such holiday which falls within the employee's scheduled workweek, in addition to eight hours of work on such holiday, at the overtime rate of one and one-half (1½) times the employee's straight hourly rate for up to eight hours during the employee's regular schedule on such holiday and at the straight-time rate for any additional regular scheduled hours within the employee's scheduled day. The employee shall be paid at the overtime rate of two (2) times the employee's straight hourly rate for any hours of work performed by the employee outside the employee's regular schedule on such holiday.

(2) Such employee, except when employed in shift operations, shall be paid for work performed by the employee on such holiday which falls outside the employee's scheduled workweek, in addition to said holiday pay, at the overtime rate of one and one-half (1½) times the employee's straight hourly rate for any hours of work performed by the employee on such holiday.

(3) Such employee when employed in shift operations shall be paid for work performed by the employee on such holiday, which falls on the employee's scheduled day of work, in addition to eight hours of work on such holiday, at the rate of one and one-half (1½) times the employee's straight hourly rate ~~**for all**~~ regular scheduled hours within the employee's scheduled day. The employee shall be paid at the overtime rate of two (2) times the employee's straight hourly rate for any hours of work outside the employee's regular schedule on such holiday.

(4) Such employee when employed in shift operations shall be paid for work performed by the employee on such holiday which falls outside the employee's scheduled workweek, in addition to said holiday pay, at the rate of one and

one-half (1½) times the employee's straight hourly rate for any hours of work performed by the employee on such holiday.

(c) An employee on scheduled vacation leave which includes a holiday shall receive an extra day's pay for such holiday if it is determined by the Employer that it is not practical to schedule an additional day of vacation. If it is determined that an additional day of vacation can be scheduled, whenever practicable the additional vacation day will be scheduled to immediately precede or follow the vacation period during which the holiday occurs.

(d) Only employees when employed in shift operations will have the option of receiving holiday pay or receiving a day off in lieu of holiday pay. Such day off will be requested by the employee during the week of the holiday worked. If the employee does not request such day off at that time then the employee shall be paid in the following paycheck for the holiday worked.

(e) When a holiday falls on a Saturday, the preceding Friday will be the day observed in place of the Saturday holiday and holiday pay and the above rates for work on the holiday will be effective for such Friday.

(f) When a holiday falls on a Sunday, the following Monday will be the day observed in place of the Sunday holiday and holiday pay and the above rates for work on the holiday will be effective for such Monday.

(g) The preceding two paragraphs shall not apply to employees employed in shift operations.

SECTION IX
Time Off for Death in Family

(a) Time off with pay, which may be one, two, or three working days, will be granted to any regular and probationary employee upon notification to the employee's supervisor of the death of a member of the employee's immediate family and only when the employee is in actual attendance at the funeral. The immediate family, referred to herein, shall include a father, mother, husband, wife, brother, sister, son, daughter, grandfather, grandmother, grandchild, father-in-law, mother-in-law or step-relative in the above classifications.

(b) In addition, one working day off with pay, not extending beyond the day of the funeral and only when the employee is in actual attendance at the funeral, will be granted in the case of the death of a brother-in-law, sister-in-law, uncle, aunt, nephew or niece.

(c) In cases of death in the family not included in the above, time off may be granted, with due consideration to be given, according to the circumstances in each individual case.

(d) Duration of the time off with pay will depend upon the circumstances in each case, but shall in no case exceed three (3) working days and shall not extend beyond the date of the funeral except if extraordinary circumstances require an additional day beyond the day of the funeral for travel purposes, such day may be allowed as part of the three (3) day working day period.

(e) If death occurs to a member of an employee's immediate family, as defined in paragraph (a) above, during the employee's scheduled vacation period, that portion of the

employee's scheduled vacation from the day of death up to and including the day of the funeral will be rescheduled, but not to exceed three (3) days. The vacation will be rescheduled at the option of the Employer to another time during the calendar year. In the event vacation to be rescheduled under this section cannot be rescheduled during the current calendar year, it will be rescheduled as promptly as possible within the first four months of the following calendar year.

(f) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION X

Jury Duty and Military Leave of Absence

(a) Whenever a regular employee is required to be absent from the employee's regular duties because of Jury Duty and receives compensation from the appropriate governmental authority for reporting for said Jury Duty, the Employer will make up the difference between (1) the wages for the hours which the employee normally would have worked on the day or days of Jury Duty computed at the employee's straight hourly rate and (2) the amount which the employee receives from the appropriate governmental authority for Jury Duty for such day or days.

(b) In the event that the employee has an opportunity to perform some of the employee's regular duties for the Employer, the employee shall be paid the regular hourly rate for the hours worked which will be in addition to any money received from the appropriate governmental authority for Jury Duty.

(c) If the sum of the employee's compensations for Jury Duty and the amount received for work actually performed does not equal the wages for the total hours which the employee normally would have worked on the day or days of Jury Duty, the difference will be made up by the Employer. If such sum is equal to or greater than such wages, no additional payment will be made by the Employer.

(d) Holiday pay which such employee would have received if not on Jury Duty shall be paid to the employee without deduction for pay received from the appropriate governmental authority for work on such holiday.

(e) It is expected that, if an employee is relieved of Jury Duty before noon, the employee shall report back to the employee's supervisor for work assignment; if relieved after noon, the employee shall not be required to report back for work.

(f) *The Company will grant a military leave of absence as required by law and provide certain benefits to an employee granted such a leave. The benefits provided by the Company will be those set forth in the "Leave of Absence for Military Service" section of NUP 15 – Leaves of Absence, which may be amended at any time at the sole discretion of the Company.*

(g) The provisions of this Section do not apply to a part-time or probationary employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION XI
Vacations

(a) Regular Employees will be allowed the following vacation periods annually with basic straight-time pay:

1)
- For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.
- For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.
- For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.
- For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

2) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for four weeks' vacation under 1.(c) below.

3) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

4) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than 10 years	15 days per year
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

5) During the year in which an employee reaches their 63rd birthday, the employee will be entitled to an additional week of vacation pay in that calendar year and every calendar year thereafter. This additional week of vacation applies only to those employees who have reached their 63rd birthday by December 31, 2016 and were hired prior to that date.

(b) Vacations shall not be cumulative from year to year. Employees entitled to vacations will take them in accordance with a schedule to be prepared by the Department Superintendent of the Employer. Consistent with the Employer's service obligations, vacation periods will be scheduled to meet and suit the convenience of employees. Employees may express to the Superintendent as early as possible any desire for specific vacation dates and such expressions will be given consideration in making up the vacation schedule with seniority to govern in case of conflict.

(c) One (1) of the three (3) weeks of vacation for those employees who are eligible for a three (3) weeks' vacation, two (2) of the four (4) weeks of vacation for those employees who are eligible for a four (4) weeks' vacation, three (3) of the five (5) weeks of vacation for those employees who are eligible for a five (5) weeks' vacation and four (4) of the six (6) weeks of vacation for those employees who are eligible for a six (6) weeks' vacation may be scheduled by the Employer at any time during the calendar year.

(d) Any employee eligible for one (1) or more weeks' vacation may split one week into two parts and one week into up to five parts provided a one-week notice is given where practicable, except in case of an emergency. A split vacation shall not have preference over a first or second week's vacation or a previously scheduled vacation of an employee. Seniority shall govern in case of conflict of choice of split vacations among the employees. The second part of an employee's split vacation shall not have preference over any other employee's vacation.

(e) Within the meaning of this Section, vacation pay for a week for an employee is a sum equal to forty (40) times the straight hourly rate of such employee as of the time the employee's vacation is taken, subject to the provisions of Section 12 (d).

(f) *If an employee fails to perform any work, quits or is discharged during a calendar year, they will be paid the prorated vacation amount that they have earned.*

(g) An eligible employee who leaves the service of the Employer to enter the military service of the United States or is laid off for lack of work or quits after giving two (2) weeks' notice, and who has not then received vacation for such calendar year, shall receive vacation pay for such calendar year as follows:

The employee shall be paid that proportion of one (1), two (2), three (3), four (4), five (5), or six (6) weeks' vacation pay [the number being determined in accordance with paragraph (a) hereof except that the date on which the employee ceases work shall be used in place of December 3l as the number of full months worked by the employee during such calendar year bears to twelve (12)]. For this purpose, if the date of cessation of work occurs on or after the 15th calendar day of the month, the period of work in such month shall be counted as a full month, but if it occurs prior to the 15th calendar day of the month, the period of work in such month shall not be counted.

(h) The provisions of this Section do not apply to temporary employees, probationary employees, or part-time employees.

SECTION XII
Wages

(a) Schedule A attached hereto shows a list of the classifications covered by this agreement and the wage rate ranges applicable to each classification effective **September 27, 2020, September 26, 2021, and October 2, 2022**. All employees in a classification shall be paid at a rate of pay that comes within the rate range applicable to such classification. If any general wage adjustment is made by the Employer, any employee then receiving a rate in excess of the maximum rate for the job classification in which the employee is employed shall receive as a general wage adjustment a sum equal to the amount of the general wage adjustment as applied to the maximum rate of pay of such job classification.

(b) The progress of an employee within the rate range for the job classification shall be based on merit *and the provisions set forth in the Company/Union Time Merit Progression (TMP) Letter of Agreement dated March 22, 1989 found in Section XXV*. Merit includes the employee's effort and initiative, *safety on the job,* progress and experience in and knowledge of the requirements of the job classification, and it shall be the responsibility of the Employer to determine the same.

(c) Each employee whose rate of pay is from time to time below the maximum for their job classification shall be reviewed for a merit increase on wages once each six (6) months. Merit increases will be for thirty (30) cents per hour or more, subject to the limitation of the maximum rate for the job. Following each such review, the Employer will notify the employee if the employee has not been granted a merit increase and the reasons therefore. Employees at the top rate of their classification shall receive Performance Appraisal Reviews at six (6) month intervals until they reach the Journeyman level. Any complaint as to the Employer's action may be processed as a grievance through the grievance procedure established in Section XVI of this agreement.

(d) When an employee is temporarily assigned by their authorized supervisor, in advance of performance, to perform higher classes of work and actually performs said work for a period of two (2) hours or more, the employee shall be compensated for such work at the minimum of the rate range for such higher classification or at the hourly rate of pay increased by fifteen (15) cents per hour, whichever is the higher, but not in excess of the maximum of such rate range. If the temporary assignment is to perform work in a supervisory classification, the hourly rate of pay of the employee shall be increased by **2.50** dollars per hour. After an employee has worked continuously for four (4) weeks on a temporary upgraded job, thereafter, so long as the employee continues to work at such job, the temporary upgraded rate shall apply to holiday pay, accident pay, vacation pay, and sickness disability payments. *In the event an employee is to be upgraded or promoted within a department and a relative of that employee (as defined by NUP64) works within the same department, the relative employees may not be assigned to the same work crew unless under emergency situations.*

(e) Whenever an employee not employed in a shift operation is assigned temporarily to perform work of an employee in a shift operation, the employee shall be entitled to overtime pay for hours worked by the employee on such temporary assignment outside of the employee's regular hours of employment unless the temporary assignment is for a period of forty (40) hours or more to work in a shift operation in which case the employee shall be considered as a person employed in a shift operation for the duration of such temporary assignment.

(f) The Employer shall advise the Union, in advance, of employees being transferred temporarily from one area to another or employees being transferred temporarily from one Occupational Group to another. Except for emergencies, as much advance notice as reasonably possible will be given.

(g) The Employer agrees that any employee selected on or after the date of this Agreement, to fill a vacancy as a Specialized Mobile Equipment Apprentice, will be promoted to Specialized Mobile Equipment Operator, respectively, not later than upon the completion of six (6) months service in such apprentice classification, provided the employee qualifies for such promotion. employees who are selected to fill an apprentice vacancy, and who have two (2) or more years of continuous service with the Employer on the date of such selection shall receive the rate of forty (40) cents per hour above the single rate established for the apprentice classification.

(h) Employees who are selected to fill an apprentice vacancy and who have ten (10) or more years of continuous service with the Employer on the date of such selection shall receive a rate equal to the minimum rate of Specialized Mobile Equipment Operator, except where such rate is in excess of the employee's current rate, the employee will continue to receive the employee's current rate.

SECTION XIII
Seniority

(a) The Employer shall make the selection of regular or probationary employees for promotion based upon the following factors:

(A) Length of continuous employment
(B) Training
(C) Ability
(D) Efficiency
(E) Physical fitness

Whenever there is no substantial difference with respect to factors (B), (C), (D), or (E), length of continuous employment as defined in Section 2 (d) shall govern, except as otherwise expressly provided in subparagraph (b) of this Section.

(b) When a promotion is to be made within an Occupational Group as hereinafter defined, and as shown on Appendix "C" which is attached hereto, the following requirements as to preference shall be met:

(1) First opportunity to fill a vacancy shall be given employees within the Occupational Group in which the vacancy exists. The employee in a particular job classification within the Occupational Group who has the necessary ability and qualifications shall be eligible to advance to the next higher job classification within the employee's Occupational Group, provided that whenever there is no substantial difference with respect to factors (B), (C), (D), or (E),

All Districts:

The employee with the greatest occupational seniority shall be selected. An employee must remain in a job classification for at least one (1) year before the employee is eligible to advance to the next higher job classification within the employee's Occupational Group.

(2) Vacancies in a job classification which is above the lowest step in an Occupational Group for which no qualified eligible employee within such Occupational Group is available, shall be filled by mutual agreement between the Employer and the Union. Mutual agreement shall not be unreasonably withheld.

(3) When necessary to determine the qualifications of applicants, the Employer shall determine the same in a reasonable manner consistent with the requirements of the job vacancy. An employee who formerly held the job classification shall be presumed to be qualified. In the event tests are used to determine the qualifications, such tests will be jointly administered by the Employer and the

Union. Any disagreement concerning use of such tests shall be subject to the provisions of Section XVI.

(4) The Terms:

"Occupational Group" shall mean a sequence of related jobs rated from the highest to the lowest job classification, as shown in Appendix "C." "Occupational Seniority" shall mean the length of employment in an Occupational Group. Employment in an Occupational Group shall be considered for the purpose of determining length of service to commence on the date that an employee is scheduled to begin a job within the Occupational Group irrespective of the hour or day on which the employee commences the employee's duties.

(c) Training received while working on temporary assignment to a job will not be considered in making the selection on a promotion to such job.

(d) The provisions of this Section shall not apply to the selection or hiring of any employees who are excluded by the provisions of Section 2 from the terms "employee" and "employees," or any employees in any department not coming within the scope of this agreement. Any employee transferred to a supervisory or other job outside the bargaining unit shall retain such seniority as accumulated prior to such transfer, and no seniority shall accumulate while such employee has been or shall be employed outside the bargaining unit, except that where an employee is transferred to a position in the first level of supervision, such employee shall accumulate seniority for the first ninety (90) days while occupying such position. If any employee has been or is transferred to a supervisory or other position so as to be excluded from the coverage of this agreement, such employee shall retain seniority plus that accumulated in the higher position to a maximum of ninety (90) days, and in the event such employee shall be retransferred to a job classification within the unit, shall retain all accumulated seniority as provided in the preceding sentence.

(e) When there is an increase in the work force after a layoff, employees who had been laid off for less than five (5) years because of lack of work, shall, if then available, be given preference over persons not formerly in the employ of the Employer, and with respect to former employees, the selection among them shall be based upon the factors set forth in subsection (a) of the Section. Such employee will retain seniority rights, but seniority will not accumulate during the period of layoff.

(f) The Employer shall maintain an up-to-date seniority list by Occupational Groups of all employees in jobs covered by the Union agreement. Such a list shall be made available to the Business Manager of the Union on December 1 of each year. The Employer shall send to the Business Manager of the Union on June 1 of each year, a letter outlining all changes which have been made to the seniority list issued the preceding December. If exception is not taken to the list or letter within thirty (30) days from the date of submission of such list or letter to the Union, the list or letter shall be considered as correct and no change will be made thereafter except by mutual agreement between the Employer and the Union.

(g) The provisions of this Section do not apply to part-time or temporary employees. However, when any temporary employee is transferred to regular status and becomes a regular employee, the length of continuous employment shall be measured from the date on which the continuous uninterrupted period of employment started, last prior to the employee's transfer to regular status.

(h) Company seniority under this Agreement shall be defined as length of service in a classification included in the bargaining unit. Effective July 1, 1984, employees transferred or reassigned from outside the bargaining unit to a classification included under this Agreement will not carry nonbargaining unit seniority with them.

SECTION XIV

Furlough of employees

(a) Whenever, because of a reduction or change in the work force in a job classification covered by this agreement, there is a surplus of employees in such job classification, then the employee in such job classification who has the least length of Company seniority with the Employer shall be selected by the Employer for reassignment (Such displaced employee shall successfully pass the applicable aptitude test for the entry level position in the job classification bumping to. This applies only to employees hired or transferred into bargaining unit positions upon ratification of this Collective Bargaining Agreement.) or furloughing in accordance with the following:

The Employer will offer such employee a job ...

first: in the same job classification at any location within the employee's Occupational Group as stated on the List of Occupational Groups set forth at the end of this Section;

second: in a previously held (within the last five (5) years) job classification or in any lower rated job classification within the employee's Occupational Group as stated on said List;

third: in any job classification in the employee's or any other Occupational Group in the employee's Department which is shown on said List with the symbol (f) before it, and for T.M.P. classifications this would include up to S-3, provided that such job classification has a maximum rate of pay lower than the maximum rate of pay of the employee's present job classification; and

fourth: in a job classification in another Department which as stated on said List is a starting job in such Department; provided the employee has the ability and qualifications (including license, if required) to perform the work in the offered job and has longer length of continuous employment with the Employer than another employee in such job classification. If the Employer cannot offer a job to the employee, the employee shall be furloughed. If the employee refuses to take the job offered to the employee, the employee shall then be furloughed.

(b) If a surplus is created in a job classification as a result of such offer of a job, the Employer will displace the employee then in such job classification who has the least length of continuous employment with the Employer. In turn the Employer shall offer to the displaced employee a job in the same manner followed in the first instance. If the Employer cannot offer a job to such employee, the employee shall be furloughed. If such employee refuses to take the job so offered to the employee, the employee shall be furloughed. The Employer shall repeat

the above procedure until the last displaced employee or employees are furloughed. An employee to be furloughed shall be given two (2) weeks' notice prior to being separated from employment with the Employer.

If an employee has completed one or more years of continuous service, is not offered a job, the employee shall be given an allowance of 80 hours pay at the employee's straight-time hourly rate for each full year of continuous service with the Company with a minimum of two weeks pay up to a maximum of 52 weeks pay. Any furloughed employee or employee identified to be furloughed, who obtains employment with any of the system companies and Connecticut Yankee Power Company or any successor company will not be entitled to terminal pay. Any such employee who accepts terminal pay will thereby relinquish any other rights, other than vested rights, under this Agreement and will not be eligible for recall.

Any employee who accepts any position or who is offered a position similar to the position the employee held with the Company prior to the sale or lease, or in which the employee had experience, the wages and benefits for which are reasonably comparable to those earned prior to such sale or lease with this Company, or with the purchaser or lessor, shall not be eligible for severance pay.

(c) The employee involved in this movement shall be given a seventy-two (72) hour notice before the change is made. In the employee's new job classification, the employee shall be paid at the maximum rate of pay of such job classification except, if the new job classification is covered by a TMP, the new pay rate will be at the third step of the rate progression. If it is a job classification requiring a license, the employee shall be paid in accordance with the maximum rate of pay provided for the license which the employee holds or at a rate of pay to be determined in accordance with the Schedule in Section 20 of this agreement, whichever is greater, provided, however, that the employee shall not receive in the new job classification more than the rate of pay which the employee was being paid in the job classification from which the employee has been selected or displaced.

(d) Employees with twenty (20) or more years of continuous service with the Employer, whose jobs are eliminated by automation or a permanent reduction in forces, shall be placed in other jobs without a reduction in their wages. The Employer and the Union will attempt to agree to place employees whose jobs are so eliminated in jobs for which they are best qualified.

(e) Employees hired prior to July 1, 1979, with five (5) or more years of continuous service with the Employer shall not be laid off because of a reduction or change in the work force. Such an employee who cannot be placed under the steps outlined in the Plan, will be offered a job in any job classification having a maximum rate of pay lower than the maximum rate of pay of the employee's present job classification, for which the employee is qualified (including license, if required) and in which there is an employee with less than five (5) years' service with the Employer, and in so doing the Employer will try to place such employee in a job having a maximum rate of pay below, but as near as possible to, the employee's rate of pay. The employee who is displaced by this procedure shall be subject to the steps outlined in this Plan.

(f) Whenever a vacancy occurs in a position from which an employee has been displaced, such vacancy will be filled by the displaced employee without the requirements of job posting and when more than one employee has been displaced, the employee having the longest length of service with the Employer shall be given the job vacancy. Such employee returning to the employee's former classification shall receive the rate of pay which the

employee was receiving in such classification just prior to the employee's displacement. In order to qualify as a displaced employee, such employee must have worked in the position from which displaced at least thirty (30) days immediately prior to such displacement.

(g) The Company will not contract out work regularly performed by employees covered under this Agreement if it would result in the layoff or demotion of its regular employees.

(1) For upgrading only

SECTION XV
Reemployment of Veterans

Both parties agree that reemployment of former employees upon their release from the Armed Forces of the United States shall be in accordance with the laws of the United States of America and of the Commonwealth of Massachusetts and any duly authorized rules and regulations issued thereunder.

SECTION XVI
Grievance Procedure and Arbitration

(a) A representative of the Employer and the Business Manager of the Union shall meet from time to time at the request of either party for the purpose of discussing any common problems. All such meetings shall be held at the Employer's office at the convenience of both parties, if possible.

(b) During the term of this agreement, should any difference, dispute or grievance arise between the Employer and the Union regarding hours, wages, or working conditions or the interpretation or application of any of the provisions of the Agreement, there shall be no suspension of work and the following procedure shall be followed:

First - The aggrieved employee or employees within fifteen (15) working days after the grievance arises shall present the grievance verbally to the foreman or immediate supervisor. The foreman or immediate supervisor will endeavor to settle it by giving an answer as promptly as possible, and within five (5) working days of the date of presentation. Nothing contained in this provision shall be interpreted as preventing the Union from being present at any meeting at which any grievance is adjusted and the Union will be notified in advance of such meetings by the Company. If an answer is given and accepted by the Union in this step, the grievance shall be considered closed. If the answer is not given, or is not acceptable to the Union, the grievance may be taken to the second step within ten (10) working days from the date the answer was given or due.

Second - The Business Manager, Assistant Business Manager or Steward shall forward the grievance in writing to the Manager or Superintendent concerned stating its nature and giving a brief description of the circumstances causing it. Reference shall be made to the provision(s) of the Agreement on which it may be based. The Manager or Superintendent concerned or their designated representative will investigate the grievance and the answer will be given by the Manager or Superintendent in writing within five (5) working days. If a meeting is held at this step, the answer is to be given by the Manager or Superintendent in writing five (5) working days from the date of the meeting. If the answer is not acceptable to the Union or is not received within such five (5) working days, the grievance may be taken to the third step within ten (10) working days from the date that the answer was received or due. The Union may initiate the grievance at this step at any time within a period not in excess of fifteen (15) working days from the date of the alleged violation.

Third - The Business Manager, Assistant Business Manager, or Steward of the Union shall forward a copy of such written grievance to Labor Relations. A meeting between the Labor Relations and the Business Manager or their mutually agreed to designated representative, shall be held at a time and place as agreed to by the parties. An International Representative of the I.B.E.W. may be present at this step, only to assist the local Union. The answer is to be

given in writing by the Regional Personnel Manager within ten (10) working days from the date of the meeting.

Fourth - In the event that any such difference, dispute, or grievance shall not have been satisfactorily settled in the manner hereinbefore provided within thirty (30) working days after the date of the third-step answer, the Union shall immediately notify the Employer, in writing, that the same shall be referred for settlement to an impartial arbitrator who shall not be financially interested in the Employer, to be appointed by mutual agreement of the Employer and the Union. No matter shall be submitted to an impartial arbitrator after 65 days from the date of the incident. If the Employer and the Union cannot agree on the arbitrator within fifteen (15) calendar days then, within thirty (30) calendar days after the fifteenth day, the American Arbitration Association shall be requested by either party to administer the arbitration pursuant to the American Arbitration's Voluntary Labor Arbitration Rules. The arbitrator's decision or award shall be in writing and shall be final and binding on all parties. The expenses and fees incident to the services of the arbitrator shall be paid jointly by the Employer and by the Union.

(c) The impartial arbitrator shall render a decision on any difference, dispute, or grievance on the basis of the evidence, the data, and the facts properly placed before the employee regarding such difference, dispute, or grievance.

(d) Except as specifically provided herein this agreement shall not be changed or added to by arbitration and all awards shall be consistent with the terms hereof.

(e) The arbitrator shall render a written decision and/or written opinion within thirty (30) days following the close of hearings.

(f) At such times as are mutually agreeable, an aggrieved employee and the Business Manager or Assistant Business Manager or Steward of the Union will be allowed time to discuss grievances with the Employer in the first, second and third step of this procedure without loss of pay for normal-schedule work hours providing overtime replacement is not required.

SECTION XVII
Discharge of employees

The Employer shall notify the Union within two (2) working days of the suspension or termination of an employee and the Union shall have seven (7) working days to request a meeting to discuss such suspension or discharge. Such meeting shall be held within fifteen (15) days of the Union's request. Upon receipt of the foregoing request, the Employer will inform the Union of the reason for the suspension or discharge, and, upon receipt of a request from the Employer, the Union will state the reasons for believing the suspension or discharge to be improper. The Employer will state its determination within two (2) working days subsequent to the conference. If subsequent to such conference the Employer determines that the employee was not properly suspended or discharged, the employee will be reinstated without prejudice and may be compensated by the Employer for loss of wages as hereinafter stated. If the employee is not satisfied with the determination of the Employer rendered subsequent to such conference, the Union may in writing, delivered to the Employer, request within five (5) working days after such determination that the matter of the discharge or suspension of such employee be referred for settlement to an arbitrator under the provisions of Section l6 hereof. The arbitrator shall render a decision within two (2) working days after the close of the hearing. The arbitrator shall have the power to make a decision determining whether or not the discharge or

suspension was proper hereunder, and if improper, whether or not to order the employee to be reinstated with back pay. An award of back pay made either by the representative of the Employer or by the arbitrator shall charge the Employer with the number of hours of back pay computed on an eight (8) hour day at normal rates, that the employee would have worked had the employee been employed, and in no event with a greater number of hours of back pay than the hours the employee would have worked had the employee been employed for a period beginning with the date of discharge or suspension and not exceeding twenty (20) working days of eight (8) hours each, next following the date of the close of the arbitration hearing.

SECTION XVIII
Safety and Health Regulations

(a) The present safety regulations (Employee Safety & Health Handbook) of the Employer are hereby incorporated in this agreement by reference. A joint committee, comprised of the Business Manager of the Union and two assistant Business Managers of the Union or their designated representatives and three (3) representatives of the Employer, shall be established to promulgate safe work practices. The Committee shall meet from time to time at the request of either party to discuss matters pertaining to safe work practices.

(b) Before adopting barehand practices for work on energized transmission facilities, the Union and Employer Safety Committee will first thoroughly investigate by any means necessary that this practice is not injurious to the health of the employees in any way.

(c) The Employer agrees to submit to the Business Managers drafts of the proposed revisions of the Safety Rules (Employee Safety & Health Handbook) and to meet on or about June 9, 1967, (and on later dates as may be necessary) to review and discuss such revisions. It is understood that suggestions made by the Union will be given careful consideration before final rules are adopted by the Employer. It is further understood that future new or changed Safety rules (Employee Safety & Health Handbook) will be similarly submitted and discussed before adoption by the Employer. Once the Company has made a decision on any such change in a safety regulation, the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonable in making such change.

(d) Both parties agree that they and the employees will each and all comply with the regulations made by the Employer and will respectively provide and use the protective devices, wearing apparel and other equipment to be provided by the Employer in accordance with the present practice of the Employer for protection from injury.

(e) Supervisor, Safety Administrator and/or Union Business Manager may report in writing a violation of such regulation by any employee to the department superintendent.

(f) If an employee is charged with a chargeable automobile accident, the employee and the Union are to be notified in writing within ten (l0) working days.

(g) An employee sent out on a trouble call may at the employee's discretion and without prejudice request assistance if the trouble is beyond the employee's ability to repair safely and adequately alone.

(h) Except in cases of necessity or emergency, employees shall not be required to do outdoor work when heat, cold, rain, snow, humidity, or other inclement weather conditions make such work unsafe in the Employer's judgment. employees may, prior to commencement

of outdoor work, or during such work, request their foreman to call the superintendent's office for a decision on whether or not such outdoor work shall be commenced or continued. If the foreman refuses to make the call, the employees may refuse to commence or continue such outdoor work until the call is made and a decision from the superintendent's office is obtained. employees shall not lose any regular pay because of failure to work outdoors due to inclement weather.

(i) When humidity or wet conditions are such that it is hazardous to work on l3,800/8000-volt or 8320/4800-volt lines with gloves, hot line sticks will be used or the lines will be de-energized.

(j) Except in cases of emergency or for customer scheduled or planned outage work, no employee engaged in work on overhead or underground lines shall be required to perform work on such lines when the temperature is ten degrees (l0°) or below. 10º clause clarification: Planned or scheduled outages for large (50 kVA and above) commercial or industrial customers, where there will be a major inconvenience or costs incurred by the customer if rescheduled. If possible, the Company will make a reasonable effort to reschedule.

(k) Employees may request their foreman to call the Superintendent's office for a decision on whether or not two (2) employees are needed on a pole to work 8320 Y hot safely or whether additional employees are needed to hang a transformer safely. If the foreman refuses to make the call, the employees may refuse to commence such work until the call is made.

(l) When it is necessary to patrol power lines on private right-of-ways at night on foot, employees will be assigned to perform this duty in pairs.

SECTION XIX

Accident and Sickness Disability Benefits

(a) The employees shall have the benefits of the Workmen's Compensation Laws of the Commonwealth of Massachusetts.

(b) Any regular employee who receives injury in the performance of assigned duties for the Employer resulting in the employee’s absence from work and in receiving medical care will be paid for such absent time, for the period of total incapacity not in excess of one year from the date of the injury, an amount which, after crediting Workmen's Compensation Benefits provided by such laws for such injury, will equal the normal basic, after taxes, pay for such absent period computed at the regular rate for a forty (40) hour week, subject to the provisions of Section 12 (d). In calculating the amount of payments to be made by the Employer, the Employer shall be entitled to the credit for Workmen's Compensation Benefits whether or not the employee has waived or actually receives such benefits. If it is established that the injury is caused by the negligence of a third party and that third party makes settlement with the injured employee, the Employer shall be reimbursed for all wage payments made to the injured employee to the extent that such settlement covers the Employer's payments made under the terms of this Section. The provisions of this subsection (b) do not apply to temporary employees, probationary employees, or part-time employees.

(c) The Employer agrees to continue in effect during the term of this agreement its present Sickness Disability Plan as modified *07/01/1992*, provided, however, that if by reason of federal or state legislation a program of such or similar benefits is established and the Employer

contributes to the cost of such program, then the Employer shall be entitled to a credit under its Sickness Disability Plan for all payments made to an employee under such program.

Test Tech Group and Employees hired on January 1, 2017 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY

- Non-occupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first **twelve** weeks of short term disability will be paid at 100% of base pay
- Up to **thirteen** additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay
- Vacation time cannot be used to extend a short-term disability claim prior to transitioning to long-term disability (LTD)

(d) Disability to work resulting from sickness and accidents incurred by an employee who is a Union representative while on Union business shall not make such employee ineligible for benefits under the Sickness Disability Plan.

SECTION XX
Disability Management

(a) In the event an employee becomes unable to perform the duties of the classification in which the employee is engaged because of physical *or mental* disability *as verified by the company*, the Employer shall transfer the employee to other work, if available, which the employee is capable of performing and shall pay the employee a rate to be determined in accordance with the Schedule shown below. The Employer shall decide whether vacancies exist in a classification to which an employee may be reassigned, and the Employer shall, after consultation with the Union, determine when an employee is entitled to be, or in the interest of safety should be, transferred to work which the employee is capable of performing safely and effectively.

(b) If the maximum wage rate for the job to which the employee is assigned is higher than the adjusted rate as determined from the Schedule, the maximum wage rate of the employee's new classification shall be the applicable rate.

SCHEDULE

An employee who has been in the employ of the Employer, or its predecessors, for a period of ten (10) or more years at the time of adjustment, will be paid a rate of fifty (50) percent of the employee's current base rate plus five (5) percent of such base rate for each year of continuous service in excess of the required ten (10) years' service at the time of adjustment, but in no case shall the adjusted rate exceed the employee's current base rate. The Employer shall endeavor to find jobs for aged and/or disabled employees.

SECTION XXI
GROUP HEALTH CARE PLAN

(a) The Employer's Health Care Plan and the employee contribution schedule as described in the Company's **2020** proposal for a new Agreement will be in effect for the term of this Agreement.

(b) Changes in the Health Care Plan – *beyond those associated with a change of carrier, or those legally or regulatorily mandated*, shall be made with the mutual consent of the Employer and the Union, the determination of the method of providing such benefits shall be at the sole discretion of the Employer.

(c) *A change of carriers and individual disputes that are otherwise covered by the providers' claims and appeal process, are not subject to the grievance and arbitration process.*

SECTION XXII
Job Posting Program

(a) The Employer will post a notice of every vacancy in any job (other than a temporary or part-time job) covered by this agreement which is a starting job or the lowest rated job in an Occupational Group. Such posting will be made company-wide in all Union areas. The starting job and the lowest rated job in an Occupational Group is shown with an asterisk (*) on Appendix "C" which is attached hereto. Such notice shall be posted for seven (7) working days in all the departments where the jobs covered by this agreement exist and shall set forth the classification of the job to be filled, an outline of its duties, the qualifications required for the job, its regular hours of employment, the name of the supervisor to whom applications for the job should be submitted, the date on which the notice is posted, and the last day for filing applications. On or before the date of posting of each such notice, a copy of the notice shall be furnished to the Business Manager of the Union.

(b) Any employee, except as otherwise noted in this Section, having the qualifications required and desiring to be considered may apply in writing for such job within seven (7) working days after the notice is posted or such additional period as may be agreed to by the Union and the Employer. The employee shall apply by filling out an application form provided by the Employer, copies of which shall be available from both the Employer and the Union, and submitting the original copy of the application to the supervisor named in the notice and the duplicate copy of the application to the Business Manager or Steward of the Union. The Business Manager or Steward of the Union may submit a bid for a job on behalf of an employee who is on vacation or absent from work. The Employer shall not be required to consider any employee who fails to apply as aforesaid. The Employer will consider the qualifications of the applicants, select the person to fill the job vacancy and announce its selection within twenty-five (25) working days after the notice is removed. The Employer's selection shall be consistent with the provisions of Section l3 (a) hereof, provided that if there are no qualified applicants, the Employer shall not be required to fill the vacancy from among the applicants. For bids on posted jobs, seniority shall be company-wide with no preference given those in a particular area. When necessary to determine the qualifications of applicants, the Employer shall determine the same in a reasonable manner consistent with the requirements of the job vacancy. An employee who formerly held the job classification shall be presumed to be qualified. The Employer shall promptly notify the Union of its selection and, if requested by the

Union, shall meet with a representative of the Union and any applicants to discuss the reasons for its selection.

(c) Nothing in this Section shall be construed to impair or interfere in any way with the unqualified right of the Employer to transfer employees within a job classification from one location to another.

(d) When filling a job vacancy in an Occupational Group in a department, preference shall be given to employees in any department. Prior to filling a job vacancy from non-Company personnel, employees from other Union areas within the company shall be given preference.

(e) The employee selected to fill the job vacancy shall hold the job for a reasonable period not to exceed ninety (90) days on a trial basis. If the employee fails to demonstrate satisfactorily, qualifications to perform the work required by the job within such reasonable period, the Employer shall return the employee to the employee's former job, and notify the Business Manager of the Union in writing of the reasons for this action. When a job is declared vacant by the Company, it will be posted immediately after the former incumbent qualifies in the employee's new assignment.

(f) The employee selected to fill the job vacancy shall be transferred to such job within *thirty (30)* working days. *If an employee is not moved into the new position within 10 working days, the employee will start accruing department seniority from the date of acceptance and will be paid the new rate of pay if it is higher than their present rate.*

(g) Posted job vacancies which have not been filled after ninety (90) days from the original posting date shall be reposted unless otherwise agreed by the Employer and Business Manager.

(h) An employee, other than a newly hired *or transferred into Local 455* employee, selected to fill a job vacancy under this Section shall not be eligible to bid another job until the expiration of six months from the date of the employee's selection. **A newly hired or transferred employee shall not be eligible to bid another job until after completing twelve (12) months of employment, or later (unless with management's approval).** A newly hired *or transferred* employee into the Underground Department shall not be eligible to bid another job until after completing thirty-six (36) months of employment, or later *(unless with management's approval)*, if probationary period is extended by mutual agreement of the Union and the Employer.

(i) The Employer may assign anyone to fill a vacancy temporarily pending the posting of a notice hereunder and the consideration of applications. Newly created jobs coming under this program shall be posted not later than thirty (30) days after the creation of such job.

SECTION XXIII
Shift Premium

(a) Employees who are employed in shift operations shall be paid a shift premium as follows:

No shift premium shall be paid for hours worked on the first shift.

Two dollars and fifty cents ($2.50) per hour for all hours worked on the second shift.

Two dollars and fifty cents ($2.50) per hour for all hours worked on the third shift.

The first, second, and third shifts shall be defined as follows:

(1) The first shift shall include all regular hours of employment scheduled to start between 6:00 a.m. and 9:59 a.m. inclusive;

(2) The second shift shall include all regular hours of employment scheduled to start between l0:00 a.m. and 5:59 p.m. inclusive;

(3) The third shift shall include all regular hours of employment scheduled to start between 6:00 p.m. and 5:59 a.m. inclusive.

(b) Such employee shall be paid the respective shift premium which is applicable to the actual hours worked by the employee on each shift.

(c) Shift premium shall be applicable only for time actually worked by such an employee and only on overtime when it is contiguous and follows or precedes the shift employee's regular shift. It is not applicable if the shift employee is called in on first shift hours. It shall be added to the employee's regular hourly rate after computing overtime pay under Section 6 and after computing pay for work performed on a holiday under Section 8. Shift premium shall not be applicable in computing minimum call-out pay under Section 7.

SECTION XXIV
Sunday Premium

Shift employees, whose regular schedule includes work on Sunday, will be paid a premium of twenty-five (25) percent of their basic straight- time rate for work performed on Sunday during their regular hours of employment. No such premium will be paid for work which is performed at overtime rates.

SECTION XXV
Letters of Understanding

The letters of understanding which have been mutually agreed upon by the Employer and the Union and which are attached hereto are hereby made a part of this agreement.

SECTION XXVI
System Retirement Program

It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the "Northeast Utilities Service Company Plan" for the term of this Agreement for employees hired prior to 01/01/2011, and to offer the K-Vantage Benefit to employees hired after December 31, 2010. K-Vantage will also be available to employees hired prior to January 1, 2011, who choose K-Vantage before 01/01/2011 in lieu of additional service and earnings credits under the Northeast Utilities Service Company

Retirement Plan. It is understood and agreed by the Union and Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations application thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

SECTION XXVII
Group Life Insurance Program

The Employer agrees to continue in effect the Group Life Insurance Program as mutually agreed upon by the Employer and the Union.

SECTION XXVIII
Term

This Agreement, when signed by the Employer and the Union or their authorized representatives and approved by an officer of the International Brotherhood of Electrical Workers, shall become effective as of ***October 1, 2020***, and shall remain in effect until ***October 1,* 2023**, and from year to year thereafter unless either party shall give to the other in writing at least sixty (60) days prior to the expiration of a term, notice of its desire to terminate the agreement at the expiration of such term or to effect changes therein. Within thirty (30) days after the receipt of such notice, the parties shall meet to negotiate or bargain with respect to the terms of a new agreement or such changes. During the term of this agreement, neither party shall request the other party to bargain with respect to any change of the provisions of this agreement or any other matter that may add to the provisions of this agreement, and neither party shall have any obligation to negotiate or bargain with the other party with respect to the same.

IN WITNESS WHEREOF, the parties hereto have set their hands this 1st day of October, 2016.

APPENDIX "B"
DUES DEDUCTION
(Weekly)

I hereby authorize and direct you to deduct from my pay union membership dues in the amount specified in accordance with the Constitution and Bylaws of the Union, this deduction to be made weekly and same to be paid to Local Union No. 455 in accordance with the terms of the collective bargaining agreement between it and the Company dated ***October 1,*** ~~*2016*~~ ***2020.***

This authorization and direction shall be irrevocable for the period of one year or until the termination of the said collective bargaining agreement, whichever occurs sooner; and I agree and direct that this authorization and direction shall be automatically renewed and shall be irrevocable for successive periods of one year each or for the period of each succeeding applicable collective bargaining agreement between the Company and the Union, whichever shall be shorter unless written notice is given by registered mail by me to the Company and the Union not more than twenty working days and not less than ten working days prior to the expiration of each period of one year, or of each applicable collective bargaining agreement between the Company and the Union, whichever occurs sooner.

MEMORANDUMS OF UNDERSTANDING

1. Merit Increases and Classification Changes

The Labor Relations representative of the Employer will send to the Business Manager of the Union, each month, a list of employees in the bargaining unit who received merit increases and/or changes in classification during the preceding month.

2. Non-shift employees on Shift Basis

When nonshift employees are assigned temporarily on a shift basis to perform work which they normally perform on a day basis, they shall receive overtime compensation for those hours of work that fall outside the employee's regular scheduled working hours.

3. Tools

Broken or worn out hand tools and toolboxes used by Garage Mechanics, Meter and Service Representatives, and Electricians will be replaced at Employer's expense. Such replacements become the property of the employee. This agreement covers ordinary hand tools only and not special tools, which will be furnished by the Employer if the Employer determines such tools should be furnished by it.

4. Overtime

Each department superintendent will provide within the first fourteen (14) days of each month a copy of overtime records for the preceding month to the Business Manager or Steward of the Union.

5. Meal Allowance

The problem of providing food or making an allowance for meals often arises during emergency conditions and planned overtime work.

Whenever an employee works or is going to be required to work more than one and one half (1 1/2) hours beyond the regular scheduled quitting time, the Company shall pay such employee a meal allowance and an additional meal allowance shall be paid at the end of each five (5) hour interval of work thereafter. During these periods, the Employer will pay for time spent eating by such employee at the applicable overtime rate when the work is to be resumed after eating. If an employee works through to the completion of a job and is entitled to a meal under this plan, the employee shall be entitled to a mealtime allowance of forty-five minutes (45) at the applicable overtime rate.

An employee will be paid for a breakfast by the Employer when the employee is called out one and one half (1 1/2) hours or more before the regular starting time on the normal scheduled workday.

If an employee is called out on a day outside the normal schedule one and one-half hours (1-1/2) or more before the last normal scheduled starting time the employee will be paid for a breakfast and thereafter be paid for an additional meal after each five (5) hour interval of work. If an employee is called out outside their normal schedule, such

employee will be paid for a meal after each five hour interval of work.

After an employee is entitled to meal under the Meal Allowance Policy, the Company will pay the employee $10.00 for meals from 12:01 a.m. until 3:59 p.m. or $20.00 for meals from 4:00 p.m. to 12:00 midnight plus forty-five minutes (45) allowance at the applicable overtime rate for such meal. Restaurant slips or receipts will no longer be used and the employee will be responsible for paying for their own meals.

During times of emergency when employees cannot be released long enough to make arrangements for their meals, the Company at its expense will make suitable arrangements for same. Under such conditions, the provisions of this Section for the payment of meals shall not apply. Under such conditions, employees will earn meals based upon the eligibility guidelines above.

6. Union Elections

The Union has permission on a trial basis to place ballot boxes on Employer property to facilitate handling the election of Union officers and ratification of the agreement. It is understood that such voting will not take place on Employer time and shall not interfere with an employee's work.

7. Protective Clothing

The Employer will furnish rubber aprons, gloves, and boots for employees working on station emergency batteries.

8. Line Helper S4

A Line Helper S4 shall not be required to work on energized primary lines, other than tying in, unless a Line Mechanic or above is on the same pole or in a bucket elevated to the working position immediately adjacent to the pole where work is being performed.

9. Payday

The Employer will endeavor to get paychecks out on Thursday in weeks which include a holiday. When a holiday falls on Thursday, employees will receive their paychecks on the preceding Wednesday.

10. Subsistence Allowance (Work Assignments Outside WMECO/HWPCO Territory Excluding Training

Whenever an employee is temporarily assigned to work in another area requiring a temporary change in residence, the employee shall be entitled to a subsistence allowance of $65.00 per day. An employee authorized to make occasional use of the employee's personally owned vehicle for Employer business during working hours will be paid for such use at the applicable corporate rate per mile for all miles.

10a. On-Site Reporting - Expense Allowances (Within WMECO/HWPCO Territory)

1. When required to work distant from the "home base" (or normal reporting location), employees will be paid expense and travel allowances as follows:

1. (a) When the Company supplies transportation between the "home base" (or normal reporting location) and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

1. (b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. (a) When an employee is required to report for work on the job, within the area served by the "home base" (or normal reporting location), or where the reporting location is less than 15 miles away from the home base, they will be paid fifteen dollars ($15.00) per day in lieu of the provisions of Section 3 of this Memorandum.

2. (b) For the purposes of this Memorandum, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's "home base" (or normal reporting location) and the job locations involved.

3. Except when Section 1. or Section 2. of this Memorandum is applicable, as determined by the Company, an employee is required to make their own arrangements to report at a job location, including all training assignments, outside their "home base" (or normal reporting location) jurisdiction, will be paid a daily expense allowance as provided under one of the following plans:

Plan A - If the distance one way is at least 15 miles, but not over thirty miles or less, *$28.32* per day.

Plan B - If the distance one way is over thirty miles but not over fifty, *$50.18* per day.

Plan C - If the distance one way is over fifty miles but not over seventy miles, *$57.39* per day.

Plan D - If the distance one way is over seventy miles but not over ninety miles, *$64.82* per day. When the distance is beyond ninety miles the employees will be paid the applicable corporate mileage cents per mile for all miles beyond ninety miles.

3. (a) If on any day an employee travels one way to or returns one way from a job location under the provisions of Section 1 of this Memorandum, they will be paid an expense allowance on that day under one of the following plans:

Plan E - If the distance one way is thirty miles or less, *$24.34* per day.

Plan F - If the distance one way is over thirty miles, *$33.41* per day.

3. (b) If an employee is required to report at two or more job locations outside of their "home base" (or normal reporting location) jurisdiction on one day, they will be paid the daily expense allowance provided under the plan applicable to the

job location which is the greatest distance from the "home base" (or normal reporting location). In addition, the applicable corporate cents per mile one way will be paid for the actual distance traveled between the job locations involved on the day. This Section 3 (b) will not be applied to require an employee to report at two or more job locations on one day involving plans B, C, D, or F except when it is necessary to do so to provide a full day's work or when emergency work is required. Whenever possible, employees will be advised not later than the day preceding requirement to report at a different job location.

4. During the 18 month Field Training program, apprentices shall not be eligible for the expense and travel allowances as set forth in sections 2 and 3 above except when the employee is required to make his/her own arrangements to (1) report at a job location where the distance one way is forty or more miles from his/her "home base" (or normal reporting location) jurisdiction; or (2) attend a TMP assigned training class (i.e. Basic/Intermediate/Advanced Line School; NEAT quarterly curriculum training) outside his/her "home base" (or normal reporting location) jurisdiction.

11. Hospitalization and Surgical Coordination of Benefits

The Employer and the Union agree in principle that benefits under the Employer's Hospitalization and Surgical Plan for an employee and the employee's dependents shall be coordinated with similar benefits for such employee or the employee's dependents under any plans of any other Employer. The parties will mutually agree upon an amendment of the Employer's Plan to carry out such principle.

12. Live Primary Splicing

The Employer agrees that the practice of live primary cable splicing will be discontinued.

13. Specialized Mobile Equipment

The schedule of rates applicable to a Specialized Mobile Equipment Operator will apply to the following equipment:

Bulldozer
Locomotive
15-Ton Track Crane
Sterling Digger
18-Ton Grove Crane
Tractor Trailer
Davis Task Force
Loader Backhoe

14. Leave of Absence for Full-Time Business Manager

The Employer has agreed to consider and work out with the Union at a later date the specific details of a leave of absence policy for a full-time Business Manager.

15. Training Programs

The Employer will discuss all training programs with the Union and give full consideration to Union suggestions before putting any such new training programs into effect. Any test in connection with the above will be mutually agreed upon by the Employer and the Union.

Time Merit Progression programs as applied at CL&P are to be adopted. Details to be worked out. Areas of participation include Line Mechanics, Cable Splicers, Electricians, Mechanics, Meter and Service representatives, and Auto Mechanics. Employees who fail to successfully complete the TMP program will be terminated or reassigned in accordance with the procedure outlined below.

Method of transfer, reassignment or termination of employees who fail to successfully complete TMP training programs in accordance with the following:

Person From Within the Company

If they do not qualify in ninety (90) days, they can return to their former job.

Over ninety (90) days--will be evaluated periodically and informed of their status. If they fail to successfully complete the training program, they will be reassigned in accordance with the agreement.

Person From Outside the Company

Will be evaluated periodically and informed of their status. If they fail to successfully complete the training program, they can be terminated or reassigned in accordance with the agreement.

16. Personal Time Off

If the work schedule permits, an hourly paid employee may be granted personal time off from work without any loss in pay if, in the opinion of the employee's supervisor, a good and sufficient reason for the time off is given.

17. Allowance for Tools for Garage Mechanics

A three hundred seventy-five ($375.00) dollar annual allowance will be granted to each auto mechanic who is required to furnish hand tools, representing a substantial investment as evidenced by the pictures shown by the Business Manager at a 1963 negotiation meeting, as a condition of employment.

18. Leave of Absence

(a) The Employer will grant a leave of absence for up to two years to an employee who is elected to a full-time government office. All Employer benefits will cease during any such leave of absence. Upon return to employment promptly upon expiration of the leave of absence, the employee will retain seniority rights but seniority will not accumulate during the term of such leave. Such leave may be extended by the Employer upon application for an extension in writing by the employee. No more than

one employee from the local Union will be granted a leave hereunder at any one time without the consent of the Employer.

(b) Upon written request from the Union, the Employer will grant a leave of absence for up to one year to an employee who is elected to the office of a full-time Union representative for the local Union. All Employer benefits will cease during any such leave of absence, except upon request in writing by the Union, the Employer will maintain the employee's insured benefits during such leave of absence so long as the Union pays all costs required to maintain such benefits. The employee's seniority status will be such as may be mutually agreed upon by the Employer and the Union. Such leave of absence may be extended by the Employer upon application for an extension in writing by the Union. No more than one employee from the Company will be granted a leave of absence under this paragraph (b) at any one time without the mutual consent of the Employer and the Union, except in the case of a full-time permanent position for the Local Union for which the Company will agree to grant a leave of absence to one additional employee.

(c) Special cases for a leave of absence will be given consideration by the Employer.

19. Accidental Death and Dismemberment Insurance for a Job-Connected Death

In case of accidental death on the job where a benefit is payable under the Accidental Death and Dismemberment Policy, the Company will provide an additional benefit equal to the amount payable under the Accidental Death and Dismemberment Policy, thus providing Triple Indemnity from all sources in such a case.

20. Illness or Injury Immediately Preceding or During Scheduled Vacation *prior to year-end.*

An employee who has been unable to take all of their vacation by December 31 due to a verified incapacitating illness, will have their incapacitated vacation time, up to eighty (80) hours, extended until December 31 of the following year, scheduled at the option of the Employer.

21. Day Before Christmas

Employees who cannot be released for 4 hours on the day before Christmas or given compensating time off on the day before New Year's will be paid 4 hours' pay at their regular straight-time rate. This paragraph will be applicable to shift employees on a scheduled day off and to employees on vacation or out sick.

22. Safety Shoe Allowance

The Company will increase the safety shoe for the Overhead, Underground, Electrical Maintenance, Building Maintenance, Meter Service Installers and Representatives, Field Technicians, Garage, Mappers, **Test Technician** and Storeroom employees per the following:

The Company will provide up to $250.00 allowance to employees in the departments listed above, towards the purchase of safety footwear (*up to two pairs) annually* that meets the requirements for impact/compression resistance and protection from electrical hazards (EH rated) as described in Sections 1 and 4 of ANSI Standards Z41-1999.

The employee must furnish a receipt of purchase for reimbursement documenting the purchase of safety shoes which meet the above safety standard and the allowance will be limited to one purchase per year. Ordering safety shoes through the Company stock rooms has been discontinued.

Meter Readers will be eligible for up to $100.00 (up to two pairs) annually for *non-EH* rated safety shoe reimbursement. Receipts to be furnished and the shoes must be ANSI accepted.

23. Safety Regulations for Rubber Gloving Energized Conductors in the 15kV Class

The safety regulations outlined in the Memorandums of Understanding dated February 22, 1974, entitled the WMECO Practices and Procedures for Rubber Gloving Energized Conductors in the l5 kV Class are incorporated into the Agreement by reference. Any changes in the WMECO Practices and Procedures for Rubber Gloving Energized Conductors in the l5 kV Class, as outlined in the above Memorandums of Understanding, shall be a matter of discussion between the parties before becoming effective. Once the Company has made a decision on any such change in the above rules only, with the exception of Item 2, "All standard safety rules now in effect shall be followed," the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonably in making such change, based on the effect such change would have on the safety of the employees involved.

In the event the Union wishes to question whether a new or changed safety regulation in the above-stated Memorandums of Understanding is reasonable, such issue shall first be referred for review to a committee of two safety specialists, one appointed by the Company and one appointed by the Union. If the two representatives agree as to their decision on the issue submitted, it shall be binding on both parties. In the event the committee is unable to agree, then the same issue shall be submitted to arbitration under Section 16 of the current collective bargaining agreement and the designated arbitrator may use the two safety specialists as consultants in reaching a decision following a hearing on the issue.

24. Notification of Industrial Accidents

Company will supply the Union in writing the names of all employees who are out of work as a result of an industrial accident within five (5) working days from the date workmen's compensation begins, whether or not this be a new accident or a recurrence.

In the event a claim for workmen's compensation is denied by the Company, the Union will be notified within two (2) working days.

25. Streetlight Inspector

The following duties will be added to the established duties of the Streetlight Inspector:

A. Set up to 20-foot streetlight poles--wire to hand holes.
B. Assist qualified personnel in service disconnects and re-connects--overhead and URD.
C. Assist qualified personnel in installing and removing residential type services--overhead and URD.

D. Plant inspections--overhead and URD.
E. Pole inspections.
F. Regular patrol of lines as required.
G. Minor maintenance, such as molding repairs, guy repairs, stenciling poles, applying switch nomenclature to poles, stenciling padmounts, etc.

26. Streetlight Line Mechanic

The following duties will be added to the established duties of the Streetlight Line Mechanic:

A. Set up to 20-foot streetlight poles--wire and hook up in hand holes.
B. Service disconnects and reconnects--overhead and URD.
C. Install residential type meter and service where no present service exists (not to include upgrading of service), and remove both meter and service where service is to be terminated-- overhead and URD.
D. Plant inspections--overhead and URD.
E. Pole inspections.
F. Regular patrol of lines as required.
G. Minor maintenance, such as molding repairs, guy repairs, stenciling poles, applying switch nomenclature to poles, stenciling padmounts, etc.

27. Medical Monitoring

The Union will receive reports upon request of all medical monitoring of bargaining unit employees in anonymous form. Upon request by a Bargaining Unit employee and/or the Union and provided that individual employee authorizations are submitted when required, the Company shall provide such safety and health information as is available.

28. Cross Rostering

The Company will assure that qualified available employees normally located at the reporting base are the first to be offered the assignment.

Once a cross rostering assignment has been made and unscheduled overtime of two and one-half (2-1/2) hours or less is needed to complete the day's work assignment, those cross rostered employees assigned may be offered the overtime assignment.

Scheduled overtime, under cross rostering, will be assigned to the available qualified employees under the Contract the work site is covered by.

Overtime (call-outs) will be assigned to employees whose Contract governs that work site.

This language is not intended to add or subtract from the existing practices where employees of Connecticut Light and Power Company work in the Western Mass. Region or the practices now in existence where Western Mass. Electric Company employees work in the Connecticut Light and Power territory.

29. Upgrade to Lead Cable Splicer

When two (2) splicers are assigned to work together, one (1) will be upgraded to lead cable splicer.

30. The Company to supply coveralls to Garage Mechanics. Each Garage Mechanic will be supplied with two (2) pairs initially and one (1) pair per year thereafter. The employee will be responsible for cleaning and maintenance.

31. Transmission Line Work Premium

Springfield and Greenfield Line Mechanics assigned to the Transmission Line groups will receive an additional *dollar and fifty cents ($1.50)* per hour, added to their regular rate when assigned to perform transmission line work.

32. Job-Site Reporting or Transfers. Providing qualifications meet the job requirements, job-site reporting will be determined by "department" seniority if there are no volunteers.

33. Underground Fault Locating (Thumping)

For non-substation related fault locating, after an unsuccessful campaign to reach Electrical Maintenance personnel in the affected district, the qualified underground/overhead personnel on site of an event will be allowed to test and locate primary cable during emergencies in accordance with current substation protocol.

34. Meter Service Representative Upgrade

Meter Service Installers and Representatives (fully qualified) will be paid $1.00 per hour additional upgrade when working in a two-person crew while performing work that includes training of other Representatives or Installers. An example of this is a CT/PT project that requires more than one person. At no time will Meter Service Representatives be upgraded while doing disconnect or reconnect work or performing the function of a "second person" in disconnect/reconnect situations.

35. Separate Springfield Electrical Maintenance and Construction Electricians in to 2 Distinct Groups with their own respective Overtime lists

1.Agreement to have two separate Overtime Lists - One list for Springfield EM and another separate list for Construction Electrician Group.

2.Modify Roving Agreement to reflect proposed Overtime Staffing from each respective group who is assigned the job / Project requiring overtime

- Staff weekend and Holiday assignments for Construction projects from the Construction Overtime List first including any Rovers who may be working the particular job. Additional staffing to be requested from Substation Home District and then to other Districts.
- Maintenance repair work on weekends and Holidays to be staffed from District Lists. Utilize staffing of Lead / Clearance Holder with the remainder of crew complement to come from

the District list where the maintenance work resides. Additional staffing will then come from other Districts and then from Construction Electrician Group if necessary.

- Reduce the length of time for a roving assignment from 3 months to 1 month.
- Request volunteers for Roving assignments from all Districts first before forcing Electricians in District where substation project / maintenance work resides.
- Maintenance Electricians to remain as Switchers for Western Mass Station Switching to support the Construction work. This will include Springfield Electricians who will be on their own Overtime List separate from Construction electricians.
- Maintenance Electricians to also staff Vacudyne process overnight and will continue Gassing SF6 Breakers to support Capital Construction Projects.

3.The present staffing provision to ask Construction and Springfield Maintenance electricians to fill each group's respective position vacancies first before posting to WMECO will remain as it has been.

4.Promotion to Lead position will be determined from each separate group's Seniority list.

5.On Call Assignments will be assigned to the Springfield Maintenance Electricians for District On Call assignments.

- Prior to forcing a Springfield Electrician to be On Call if necessary, volunteers can be sought from the Construction electrician group provided that they are not already committed to a Planned Overtime assignment or working outside of the Springfield District.

6.Storms and Out of Town Assignments will be filled by the Maintenance Electricians first with additional staffing coming from the Construction Electrician group as needed.

7.Recommend having 2 separate TMP's that contain the same basic skill sets for both the Construction and Maintenance groups and adding specific skill sets for Construction day to day work to the Construction TMP and Network Maintenance and Switching etc. to the District Electrician's TMP to differentiate between the groups.

8.TMP to be reviewed after negotiations as with other departments.

9.**Switching on off-hours (weekends/holidays/ outside regular work hours) to support Construction projects in a particular District should be performed by the local district electricians with help from Construction electricians working within that district (blended) if needed. If more help is needed, management will go to district electricians in other districts.**

MEMORANDUM AGREED TO ON MAY 1, 1967

Each employee Safety Committee member will be directed by their supervisor to attend Safety Committee meetings unless an existing emergency prevents the employee's attendance. Each Committee shall rotate one-half (1/2) of the members of the Committee every six (6) months so that at no time shall more than one-half (1/2) of the Committee be composed of new members. It is understood that a Safety Committee member whose work schedule calls for starting at 7:00 a.m. will report for work at 8:00 a.m. on the morning of a scheduled safety meeting.

MEMORANDUM

WESTERN MASSACHUSETTS ELECTRIC COMPANY-UNION

SAFETY COMMITTEES

It is recognized that a number of properly functioning employee safety groups throughout the Company may aid in maintaining constant vigilance and interest in safe practices and tend to reduce accidents. Therefore, in connection with the operation of Safety Committees within the Company, the following items are to be observed:

1. There shall be small functioning Company-Union Safety Committees. They shall meet regularly on prearranged dates to review current accidents and safety problems and to offer recommendations for improvements in safety.

2. Each district/area shall establish a Company-Union Safety Committee. The Committee shall be composed of two (2) members selected by management with remaining membership selected from and by the employees of the Company and shall represent the selecting group.

3. Each Safety committee shall elect a chairperson and secretary to serve for a twelve (12) month period. It shall be the duty of the secretary to keep minutes of the meeting and arrange for their typing and reproduction with sufficient copies for distribution. The secretary shall be responsible for assuring the accuracy and relevance of safety committee minutes before distribution.

    a. Copies shall be posted on the bulletin board in the area served by the committee.

    b. One copy of the minutes shall be sent to the superintendent responsible for the function represented. The responsible superintendent shall review the recommendations with supervisors in the department. The superintendent takes action deemed necessary and reports such action to the Safety Committee. In cases where this action is questioned, the chairman of the Safety Committee and the superintendent shall meet to discuss the matter. Should agreement not be reached at this meeting the matter will be referred to the Safety Supervisor who will further investigate and report back to both the superintendent and the committee chairman. Should the committee be dissatisfied with the report of the Safety Supervisor, the chairman of the committee may request a meeting with the Accident Review Board. The Board will review the problem with the committee members, the superintendent and the Safety Supervisor and make their recommendation to the President.

c. At the regular meetings of the Accident Review Board, the Safety Supervisor will make a brief report of action taken on safety committee recommendations.

4. In order to best utilize the services of the Safety Supervisor, it may be necessary as well as desirable to combine in one committee the safety efforts of several stations, departments, or groups. The membership in any one committee, however, should not be so large as to interfere with the proper functioning of the committee.

5. Members who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting during their regular working hours will not lose their regular wages while attending such committee meeting.

6. Members who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting outside of their regular working hours will be paid while so attending, in accordance with the Company overtime pay policy.

7. Members, who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting which is held at a location other than their regular working location, will be entitled to transportation from their regular station to the location where the meeting is being held and return to their regular station.

   If such transportation cannot be furnished by the Company, the supervisor may approve the use of public transportation or mileage of the employee's own vehicle, such mileage being paid in accordance with the Company mileage allowance policy.

8. Mileage from item 7 will be entered for reimbursement through the COLT payroll system.*

9. Proper notation of time spent in safety committee meetings shall be indicated on the employee's time slip.

E. H. Wessells, Jr.
Safety Supervisor

May 1, 1965
*Revision 10/01/01

METER SERVICE JOB FAMILY

The Company proposes the establishment of a Meter Job Family Progression for the Meter Reader, Meter Installer, and Meter Representative positions. Progression within the Meter Job Family is outlined below:

Meter Reader Progression to Meter Service Installer Helper:

- Meter Readers progress to any/all open Meter Service Installer Helper (S1) positions when / if they become available provided they meet necessary qualifications of successfully passing the CAST test at the Meter Service Installer level or higher. Qualified Meter Reader candidates will fill open Installer positions based on Department seniority in the district where the open position exists (i.e., Springfield, Pittsfield, or Hadley / Greenfield).

- If the open Meter Installer position is not filled by a Meter Reader from the same district, the job will be made available to Meter Readers from the other districts and filled based on Company (union) seniority.

- If no Meter Readers are qualified or interested in filling the position(s), the job will be posted according to Section XXII of the union contract.

- Meter Readers who accept a transfer to Meter Installer Helper positions will enter the new classification at the TMP Step 5 (S-5) wage rate. However, for TMP progression they will start at S1. Also, with the exception of general wage increases, employee's wage rate will be frozen (red-circled) at the S-5 wage rate until employee progresses through their TMP steps and becomes equal with TMP progression increases.

- All Meter Installers/Installer Helpers can be assigned to read meters when necessary.

- All Meter Installers/Helpers hired after 1/1/02 will be considered shift workers and thus can be assigned to work shift hours. For example, an Installer hired after 1/1/02 can be assigned to read meters as a 2nd shift mobile AMR driver should the need arise due to resource limitations (i.e., due to sickness, vacation, workers compensation / light duty, equipment failure, etc.) If this were to occur , as is the case with any schedule changes, the Company will adhere to Section VI of the union contract.

Meter Service Installer Progression to Meter Service Representative:

- Meter Service Installers progress to any/all open Meter Service Representative positions when / if they become available provided they are at the fully qualified Installer level (TMP S6 or higher) and have successfully passed the CAST test at the Meter Service Representative level or higher. Qualified Meter Service Installer candidates will fill open Meter Service Representative positions based on Department seniority in the district where the open position exists (i.e., Springfield, Pittsfield, or Hadley / Greenfield).

- If an open Meter Service Representative position is not filled by a Meter Service Installer from the same district, the job will be made available to Meter Installers from the other districts and filled based on Company (union) seniority.

- If no Meter Service Installers are qualified or interested in filling the Meter Service

Representative position(s), the job will be posted according to Section XXII of the union contract.

- Meter Service Installers who accept a transfer to Meter Service Representative positions, will enter the new classification *at their current rate of pay* and appropriate TMP training level as determined by the company. *They will remain at their current rate of pay until such time as their training and pay are equal and then be eligible to continue through the TMP training/salary process.*

Other Items

- For the existing Installer Helpers (6) who transferred directly from their former Meter Reader position and as a result were required to take a cut in pay, the Company agrees to progress these employees to the S5 Installer/Helper wage rate prior to any general wage increase and freeze (red circle) them at this wage rate (with the exception of future general wage increases) until employee becomes equal with TMP progression step increases. In addition, these employees cannot be bumped by employees in a lower classification (i.e., Meter Reader).

- The Union agrees to cap the existing Meter Reader wage rate (prior to any general wage increase) for all new hire Meter Readers (i.e., Mobile AMR drivers). This is the same rate as the Temp Meter Reader rate (per the Three Year Manpower Agreement for new hire Meter Readers). All existing Meter Readers will be grandfathered and maintain their current wage structure per the contract.

- As part of this agreement, both the Company and the union agree to meet within 90 days of contract ratification to discuss the issue of combining the Meter Service Installer and Meter Service Representative positions into one TMP (job family) program.

- The Company recognizes that there may be circumstances in the future where injured or disabled employees may need to be considered for open Meter Service Installer or Meter Service Representative positions. In the event that a situation arises under this agreement that relates to section *XX - Disability Management*, the Company will abide by this section of the contract.

- The Company reserves the right to determine the proper mix of Meter Service Installer versus Meter Service Representative positions in a district based on need / workload requirements.

MEMORANDUM OF UNDERSTANDING

LEAD LINE MECHANIC

August 24, 1979

The following understandings were reached between the Company and the Union with respect to establishing the job classification of Lead Line Mechanic to be the leader of a two-person overhead line crew.

1. Job Classification

Lead Line Mechanic Expectations

Talking points regarding the Lead Line Mechanic Memorandum of Understanding DTD August 24, 1979

- **Progress of the assigned job**
  - **Directs all crew members**
  - **Ensures applicable guidelines and procedures are adhered to (construction standards, vehicle operation, etc)**
  - **Ensures appropriate break / lunch times are adhered to**
  - **Ensures the productivity of the crew**
  - **Communicate any change / delay of daily assignment to their Supervisor in a timely manner**
  - **Ends work in a reasonable time to return to the AWC / show-up location**
  - **Provide Supervisor a job status update for the tasks assigned**

- **Employees own safety, the safety of the employee assigned to the employee and the safety of the general public as it relates to the job being performed**
  - **Ensures all crew members adhere to all safety standards**
  - **Ensures a safe job site / work zone set-up**
  - **Ensures a comprehensive and complete job brief (tailboard) is conducted and documented**

- **All assigned equipment and material related clerical and stores activity**
  - **Ensures crew has all required material / equipment / tools for daily job assignment**
  - **Ensures all required paperwork is submitted at the end of day**
    - **Crew timesheets, tailboard sheet, completed job packet, police detail sheets, trouble tickets, etc.**

2. Progression

Lead Line Mechanic will be added to Occupational Group D-2 or TD-2 on the same level as Response Specialist in Appendix C. It is understood that Response Specialist will be combined with Line Mechanic for purposes of promotion to Lead Line Mechanic under the provisions of Section 13 of the Agreement.

3. Reduction in Force

Lead Line Mechanic will be added to the top of Occupational Group D-2 and TD-2 under Section 14 of the Agreement.

4. Call Outs

Lead Line Mechanic and Line Mechanic will be combined for purpose of equalization of overtime and emergency call outs.

5. Upgrading

A Lead Line Mechanic will be upgraded to Crew Supervisor-Lines in accordance with Section 12d of the Agreement whenever a third person is added to the employee's crew. **The Lead Line Mechanic (this also includes Lead Electricians and Lead Cable Splicers) cannot refuse this upgrade**

When two or more two-person crews are working as a coordinated unit and a Supervisor is not present on the job, one of the Lead Line Mechanics or temporary Lead Line Mechanic will be upgraded to a supervisory position in accordance with Section 12d of the Agreement.

When two Line Mechanics (or Response Specialists) are working together as a two-person crew, one will be upgraded to Lead Line Mechanic in accordance with Section 12d of the Agreement.

The letter of understanding concerning upgrading on a two-person crew on page 100 of the Agreement is rescinded and will be removed from the Agreement.

6. Added Person On a Job

It is agreed that a Lead Line Mechanic or temporary Lead Line Mechanic may request and receive an additional employee or employees on a job.

When such a request is considered as unnecessary by the Company, it will provide the employee or employees but will point out its reasons for believing the request unnecessary. If such requests continue, the Company will take appropriate action, subject to the provisions of Section l6 of the Agreement.

7. Use of Nonclimbers as One Person of a Two-Person Crew

When working on live primaries, the Company will not assign a non-climber as one person of a two-person crew. It is the position of the Company that this restriction does not apply to opening and closing a cutout, taking load and voltage checks, replacing a fuse or isolating an area because of a fault, and work which can safely be performed by

one person. All non-climbers will receive necessary safety training prior to being assigned as one person of a two-person crew. This training will include one person bucket rescue and mouth-to-mouth and CPR.

In the application of the above use of non-climbers, it is recognized that an issue exists between the Company and the Union concerning the applicability of the Lineman's Safety Act.

Both parties have agreed in principle to submit their differences to the court and obtain a declaratory judgment on this matter.

8. It is agreed that a Line Helper S1 will not be assigned as one person on a two-person crew for the first six months of the employee's trainee period. The Helper S1 will receive necessary safety training prior to being assigned as one person of a two-person crew.

A Line Mechanic Helper S2 will not be required to work alone on energized conductors.

Revision made 10/01/16

LOU – Roving Electrical Maintenance Agreement – 10/01/2004 (Revised 10/01/2010)

Delete in its entirety and add the following language (underlined is new):

MEMORANDUM OF UNDERSTANDING
ROVING ELECTRICAL MAINTENANCE & CONSTRUCTION

October 1, 2010

Mr. William H. O'Rourke
Business Manager/Financial Secretary
I.B.E.W. Local 455
474 Page Boulevard
Springfield, Massachusetts 01104

Subject: Revision of Roving Maintenance Overtime Agreement

Dear Mr. O'Rourke:

The purpose of this memorandum of understanding is to update and clarify the roving maintenance agreement. The MOU addresses issues such as the scope of assignment, selection of employees to the roving crew, overtime distribution, travel, rotation and job site reporting expense. In addition, management will discuss with all workers prior to the start of a three month (quarterly) assignment, the work load that is known, to the best of their knowledge, for that period of time.

1. Scope of Assignments

Work assignments will include assignments to any properties in Massachusetts owned and/or operated by Western Massachusetts Electric Company (WMECO) and assignments to any location to which WMECO has contracted to perform work in Massachusetts.

Work to be performed will include, but not limited to:

- Major Maintenance (i.e., de-energized inspection, test and maintenance).
- Test (i.e., de-energized test and inspection).
- Construction projects (major or minor).
- Any assignment of less than three days is not considered a roving assignment.

Clarification of Roles of Construction and District Maintenance Electricians is as follows :

A. *The primary role of the Substation Construction Electrician but not limited to this role will be work responsibilities related to the installation or replacement of substation equipment and protection systems – distribution and transmission.*

B. *The primary role of the District Electrical Maintenance Electrician but not limited to this role will be work responsibilities related to the maintenance of substation equipment for both distribution and transmission equipment.*

Clarification for switching on Construction Projects:

If a project is assigned to WMECO Construction, switching will be performed by the Construction Electricians listed on the Qualified Persons List (QPL) if the switching only involves the substation where they are working. This will also be scheduled in accordance with Section 6 Paragraph M of the Contract. Switching occurring at the completion of the Construction Project and involving Overtime work beyond the end of the normal work day will be performed by the local District Electricians and will be staffed by following Local District Protocol. Otherwise the switching will be performed by the Construction Electricians who have been working on the Project.

If a project or other work is being performed by an outside contractor in a substation, or transmission line construction work requires switching to be performed, district electricians will perform the switching activities.

2. Selection of Employees

All employees in the following classification will be entitled to participate in the Roving work assignments to supplement WMECO Electrical Construction or other Districts as needed:

Lead Electrician
Electrician
Electrician Trainee

The Company seeks participation of qualified employees from the participating areas and Classifications as follows:

Springfield	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*
Pittsfield	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*
Hadley/Greenfield	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*

Hadley / Greenfield / Pittsfield – Roving Assignments

For support to other districts, the company will utilize Hadley / Greenfield and/or Pittsfield Electrical Maintenance Roving personnel based on business need and management discretion. The company will ask for volunteers to fill the roving assignment before employees are forced to fill the assignment on a seniority basis. These assignments are as follows:

Pittsfield: Two Electricians or a qualified electrician trainee
Greenfield: Two Electricians or a qualified electrician trainee*
Hadley: Two Electricians or a qualified electrician trainee*

* Note: Hadley and Greenfield will rotate the roving assignment on a quarterly basis. The district with the fourth quarter roving assignment shall have the first quarter assignment for the following year. In addition, Hadley and Greenfield will ask each quarter for two volunteers in total from either or both districts. If only one or no volunteers exist, the roving assignment will revert back to the scheduled district for that quarter and the junior personnel will be assigned to roving to fulfill the remaining obligation. If two electricians volunteer no one will be forced, however if both volunteers are from one district, the remaining electricians from the other district will provide back up support to the volunteering district.

Participation will be on a voluntary basis provided the required number is obtained. If the required number is not obtained, assignment to the program will be made on a junior to senior (Department Seniority) basis.

3. Rotation

- Participants will normally rotate off assignment after a three (3) month period, except if the assignment is at a critical juncture.
- Lead person will not rotate.
- Assignment to such work will be for the duration of the work in most cases. However, if a roving job assignment involves planned overtime, staffing on the roving job assignment will be rotated every 4 weeks or after a critical juncture is completed, defined by the assigning supervisor.
- If all roving assignments are working planned overtime, staff rotation is not necessary.

4. Overtime Distribution

As far as practicable, overtime will be distributed equitably over the calendar year among the employees who are in the job classifications assigned to "roving electrical maintenance work." employees assigned to this work will not be subject to call-outs during the week except as follows: Electricians on roving assignments within their home district will remain on their respective district call-out list, Electricians roving outside of their home district will be removed from the call-out list during the week. *In addition, the following will also apply:*

Construction Electricians and District Rovers if applicable who are assigned to Transmission Projects or Customer Critical Distribution Projects will be removed from the ACOS List for the duration of the particular project to help honor WMECO's commitment to the Transmission and Distribution Organizations to adequately staff and complete these projects on time. If the electricians are working a regular 40 hour per week schedule for the Project, they will be allowed to remain on the ACOS list.

This requirement also applies to Storm Emergencies affecting the WMECO Service Territory.

The company will also discuss work that involves overtime with the current rovers, as far as practicable, in advance to the actual start of the job. Both parties agree that the procedure for determining how overtime work would be distributed will to be determined by whether the overtime is planned or unplanned and whether it is during the week or weekend. It will be a factor only if the work is identified as requiring overtime prior to the start of the job. Not all roving work or construction work will require overtime. The following chart will be the manner by which employees' will be selected for work that is determined to have overtime associated with the work prior to the start of the work. This could be modified depending on other circumstances and discussion with the work force and Union representation.

PLANNED OVERTIME CHART

Planned Overtime – Weekdays

- Low person on the Roving Electrical Maintenance job assignment for the quarter (unless already assigned to a job) will be asked to work the assignment to its completion unless there are reasons to change personnel such as vacation, sickness, or end of quarterly rotation for the group of rovers. Some special reasons may also be considered with prior discussion with the parties involved.

Unplanned Overtime – Weekdays

- Roving Electrical Maintenance Workers on the job will continue to be selected as they are now.

Planned Overtime – Weekends

• *For weekend assignments, the lead person on the job will continue in that function. The lead can also request up to two electricians based upon the Electrician's Overtime list ranking for these electricians who have been working on the job to continue for the overtime assignment. If a particular electrician on the job site is working on a critical element of the project and would be a key member of the crew to continue this part of the project on the weekend, the Lead may request that this particular electrician work the Overtime assignment as one of the two allowed electricians regardless of his standing on the overtime list. The selection for any additional electricians for this overtime assignment will be based upon the substation electrician's overtime list in the home district from where the Project is located.*

• The Hadley/Greenfield region will be considered two separate lists for overtime assignments but one district. For example, if a planned overtime weekend assignment occurred in Hadley, the electricians in Hadley would be asked first and then the electricians in Greenfield would be asked second. After both lists have been exhausted, the supervisor would have the discretion to select electricians from either Pittsfield or Springfield.

5. Travel

When employees are required to make their own travel arrangements to report to job locations other than their base headquarters, they will be paid a daily expense allowance as follows: Any job site reporting assignments will be paid in accordance with the Collective Bargaining Agreement. For single day assignments, all employees shall be responsible to bring their PPE (i.e. hard hat, safety glasses, rubber gloves with keepers, leather gloves, traffic vest, and FR rain gear) with them to the job site reporting assignments. In addition, all roving employees job site reporting within their home district, but still available for call outs, shall have their PPE (as listed above) with them for call outs.

6**. Hours of Work**

The schedule hours of work may vary on each project. (Subject to 1994 WMECO Negotiations)

7. Filling Open Positions in WMECO Construction

The 30 minute reporting requirement will be removed for Construction Electrician positions. Electricians can continue to move from Construction to Springfield Maintenance when a job opening is created provided that the interested electrician lives within 30 minutes of the Springfield District to be consistent with WMECO Emergency Response requirements of a District Electrician. This applies to all electricians hired in to the Construction Group after October 1st, 2010. Electricians can also continue to move to Construction from Springfield Maintenance when a job opening is created as well.

8. Program Changes

Any changes to the "Roving Maintenance" program that affects participants (i.e. hours of work; assignments; overtime, etc.) shall be a matter of discussion between the parties before becoming effective.

At all times the provisions of the contract that apply will be adhered to with the exceptions being approved by both parties involved. If you are in agreement with above-outline process, please sign where indicated below and return a copy to me.

Sincerely,

James G. Connolly
Sr. Labor Relations Consultant

Agreed to by the Union:

William H. O'Rourke, Business Manager
I.B.E.W., Local 455

Date

LOU - October 30, 2000 – Expanded Duties for Distribution Construction Mechanic – Time Merit Progression Program.

Add the following *underlined* language to the existing 10/30/2000 letter:

"Expanded Duties: (1) Set up to 20 foot streetlight poles and heads, connect and maintain them. *In underground fed areas, the Distribution Construction department and Splicers will be able to install up to 35 foot dedicated streetlight poles and heads, connect and maintain them.*"

August 6, 1969

Mr. Thomas F. Eastwood, Business Manager
Local 455
International Brotherhood of Electrical Workers
l39 Arthur Street
Springfield, MA

Dear Mr. Eastwood:

This letter confirms the agreements reached on July 24, 1969, pertaining to the interpretation and understanding of the following statement in our May 1, 1969, union agreement:

Live Primary Splicing

The Employer agrees that the practice of live primary cable splicing will be discontinued.

It was agreed by the Employer and the Union that:

1. The 2400 volt to ground cable will be deenergized until it is fully insulated with insulating tape and shielding applied if required. The cable will then be energized and the wiping and filling of the sleeve will be performed. The above operation is included as a part of the duties of a Cable Splicer A-1.

2. The classification of Cable Splicer A-1 will be incorporated in the agreement with a rate of $4.745 effective on April 27, 1969, and $5.055 on May 3, 1970.

3. The four employees in Local 455 who were, prior to May 1, 1969, classified as Cable Splicer A-1, will be reclassed to that classification, retroactive to April 27, 1969. One employee in Local 909 will be reclassified accordingly after Local 909 agrees to the settlement agreed to with Local 455 and Mr. Keilty.

4. When First Class Cable Splicers are qualified and are desirous to perform all the duties of an A-1 Splicer, such employees will be reclassified and paid accordingly.

5. The six employees who were relieved of their duties with a loss in wages for failing to complete the cable splicing jobs on July 3, 1969, will have their loss in wages restored.

Will you kindly sign one copy of this letter acknowledging your agreement with the written understanding and return it to me for our records.

Very truly yours,

WESTERN MASSACHUSETTS ELECTRIC COMPANY

January 25, 1971

Mr. Joseph R. Hallett, Jr., Business Manager
Local 455
International Brotherhood of Electrical Workers
61 Warwick Drive
Ludlow, MA 01056

Dear Mr. Hallett:

In connection with the Massachusetts Classified Driver License Law which became effective on January 1, 1968, all employees who are required to drive a truck having a registered gross weight in excess of 18,000 pounds must have a Class 2 license and those employees required to drive a truck having a registered gross weight in excess of 18,000 pounds drawing a trailer having a registered gross weight in excess of 6,000 pounds must have a Class 1 license.

Effective at once, the Company agrees to reimburse each employee, who will be required to have a Class 1 or Class 2 license to perform the duties of the employee's job classification and who has been authorized by the employee's supervisor to take such examination, for the cost of taking the written examination and the driving test conducted by The Commonwealth of Massachusetts, Registry of Motor Vehicles. Such reimbursement shall be made only once to an employee for the class of license required. The current costs are $2 for the written examination and $3 for the road test. This procedure does not include the cost of the usual driver's license which is currently $10 for a four-year period.

As in the past, the Company will cooperate with those employees designated, both in preparing for and taking the examination.

Will you kindly indicate your approval of this procedure by your signature and return one copy to me for our files.

Very truly yours,

Donald A. Bartlett
Director of Industrial Relations

Springfield, MA 01103

Dear Mr. Collins:

It is agreed by the undersigned that if welding is required on gas turbines the Company will use qualified and available WMECO bargaining unit employees before using nonbargaining unit persons.

If the manufacturer of the turbine, for purposes of warranty or guaranty, requires its own employees, or other experts supplied by them, to perform welding the parties hereto agree that such persons shall be allowed to perform the welding.

In determining who is qualified the Company will consider production department welders and employees who demonstrate an ability to perform such welding following a testing procedure to be agreed upon by the Company and the Union.

The Company will give the Union reasonable notice within the context of the work to be performed of such welding.

Very truly yours,

Re: Switching Assignments at Northfield Station

The following is proposed with respect to switching assignments within the Northfield 16R Switching Station:

1. For Planned/Scheduled maintenance work requiring manual operation of switching devices within the confines of the Switching Station's ring bus, the Greenfield Area Maintenance Operators will perform the required switching.

2. For Planned/Scheduled maintenance work requiring operation of switches 1X1-4 and 1X1-9 and switches 3X1-4 and 3X1-9 to isolate the Northfield 1X1 or 3X1 345-kV pipe type cable, Northfield Mountain Electrical Maintenance personnel will perform the required switching.

If this proposal meets with your approval, please sign one copy of this letter and return it to me.

SUBJECT: Time Merit Progression (TMP)

Dear Mr. O'Rourke:

This letter is to confirm the agreement between the Company and the Union concerning the administration of the Time Merit Progression (TMP) Program for the Western Mass. Region. This agreement is applicable to all TMP classifications listed in the HWPCO and WMECO agreements.

Acceleration

The Company will notify the Union prior to acceleration of employee in any of the TMP classifications.

A TMP Committee consisting of three (3) representatives from the Company and two (2) representatives from the Union will meet to review qualified candidates for possible acceleration within the steps of the TMP classifications. The Chairperson of this committee will be a Regional Personnel Representative.

The committee will be made up as follows:

Three (3) representatives from the Company

1. A representative from Regional Personnel (Chairperson of Committee).

2. The Superintendent, Manager, or their designee, from the work location in which the employee being considered for acceleration is located.

3. A supervisor from the department in which the employee being considered for acceleration is located.

Two (2) representatives from the Union

1. The Business Manager or Assistant Business Manager from the work locations involved.

2. The second Union representative will be a journeyman from the job classification in which acceleration is being considered.

The Company or the Union may request the TMP Committee to review an employee for acceleration. Acceleration must be based upon equivalent experience or education. The

requesting party shall be responsible for providing the necessary documentation to support an objective evaluation of the employee.

Pre-requisite: An employee will be considered eligible for acceleration only after an appropriate evaluation period in the TMP Program.

Examples of documentation showing equivalent experience or education required to support such an evaluation are:

1. The employee shall satisfactorily demonstrate ability to perform at the level of technical competence required for the requested acceleration step.

While not limited to the following, examples of other formal documentation to demonstrate equivalent experience or education:

A. References - verifiable satisfactory past work experience comparable to the work experience requirements to the applicable TMP Program

B. Certificates - formal documentation of training courses and schools attended and successfully completed, which are comparable to the work experience or classroom training requirements of the applicable TMP Program.

If consensus has not been reached after the Committee has reviewed the request for acceleration, a majority vote of the five (5) member committee will determine if acceleration is to take place and to which step an employee will be accelerated.

An employee may be accelerated only one time within a job classification.

An employee who is denied acceleration may be subsequently resubmitted to the TMP Committee for review after six (6) months from the date of denial and then only if there is new objective-demonstrable information of experience gained prior to entry in the TMP Program to support such reconsideration.

Job Postings TMP Classifications

Employees with one or more years of Company seniority who are selected to fill a posted job opening will be transferred into the new position at the second rate step. If the employee has 18 months or more of Company seniority, they will start at the third rate step. Transfers into the second or third rate step as described in this paragraph are for compensation purposes only.

Notwithstanding TMP language to the contrary, the Company reserves the right to maintain such transferred employees in their respective transfer rate steps until such time as their training corresponds with their rate step up to the length of time the employee received transfer credit for, i.e., one (1) year or eighteen (18) months. The employee is expected to satisfactorily complete the first three (3) steps.

Any employee currently in TMP job classification who applies for a job in a classification having training requirements similar to the employee's current TMP classification (i.e., Electrician - Station Electrician) will be placed in an appropriate step after review by the TMP Committee. Appendix A - hereof (Company and Union)

Employees who are helpers in the TMP classification are not eligible to apply for posted journeyman positions that are posted within their classifications. When an employee in a TMP classification is a successful applicant for a position within the same classification in another location, the employee will transfer in the same step of the TMP classification that the employee presently holds.

Upgrading

It is not intended by the Company to have employees performing the duties of a higher job classification. No upgrading will be permitted within the TMP steps either from step-to-step or from a trainee to a journeyman level. Helpers in TMP are trainees and have not received the full qualifications required for them to perform all duties in a higher classification. This provision will not apply to an employee who is performing the duties of a higher job classification while being trained or while demonstrating skills proficiency under the direction, supervision and observation of a qualified individual.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

Revision 10/01/2004: With the merger of Field Technicians and GIS Technicians into the Gray book, the following transfer step/rates will apply. Employees with 18 months or more within the Union will transfer into Field Technician positions at the C-1 rate; level of training to be determined. Employees with 12 months or more within the Union will transfer into Field Technician positions at the C-2 rate; level of training to be determined. For GIS Technicians – employees with 12 months or more within the Union will transfer in at the C-1 rate and employees with 18 months or more within the Union will transfer in at the B-3 rate. In both cases, level of training to be determined.

SUBJECT: Access

Dear Mr. O'Rourke:

The company and the Union agree the procedures listed below will be followed to address the situation of a Union-selected qualified industrial hygienist having access to Western Massachusetts Electric Company facilities:

1. Prior to making a request for such access, the Union will exhaust all other reasonable alternatives to obtain the industrial hygiene information including the right of the Company to perform or conduct such tests or surveys requested by the Union and thereafter to provide the test or survey results to the Union. The Company will endeavor to provide such relevant test data to the Union within four weeks of the test or survey insofar as is practical.

2. If requested by the Company, the Union will meet with the Company to discuss the relevancy of the information sought and the necessity of access. It is the Company's position that the Union has the burden to investigate reasonable alternatives to access by a hygienist before requesting such access.

3. If the reasonable alternatives are not able to produce the information or resolve the Union's questions, a union-selected qualified industrial hygienist shall be granted access to the test area or location where there remains a question. A mutually agreed time and date will be established in a timely manner. It is understood that whenever access is granted it shall be for a specific and reasonable period and shall not interfere with Company operations. The Union will make available to the Company the results of the analysis within four weeks of the test or survey insofar as practical.

4. The Company shall have the right to accompany the Union's representatives which shall not exceed three in number including one qualified industrial hygienist.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

SUBJECT: Long-Term Care

Dear Mr. O'Rourke:

At the 1989 negotiations the following item concerning Long-Term Care was agreed upon by the Company and the Union.

Effective January 1, 1990, the Company will implement coverage for Long-Term Care. Plan provisions include:

Eligibility:	Active bargaining unit employees eligible for coverage under the terms of this Agreement.
Benefit:	Long-term care is an insurance coverage that provides for out-of-pocket expenses not covered under traditional health insurance plans for illnesses or disabilities that tend to require custodial, long-term care.
Costs:	The employee will have payroll deductions to cover the premium for this insurance. employees will pay the full premium for this insurance. The Company will not be making any contribution towards this coverage. However, Northeast will assume administrative costs for this Plan and provide the advantage and availability of this insurance through group coverage.
Conversion Option:	The Plan will have an option to convert to individual coverage with the carrier. In addition, depending upon the participant's age when entering the Plan and length of participation, the coverage may be paid up at retirement.

Note: The selection of carrier and all details of coverage are not yet finalized. Until the final selection takes place, full details cannot be provided.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

Subject: Dispatcher Rate/Rotating Shift Differential

Dear Mr. O'Rourke:

The Company and the Union have reached agreement on the above-noted subject. All monies associated with this agreement will be retroactive to April 15, 2001 and will remain in effect for the duration of the current Agreement.

Dispatcher Rate (Hourly)	(Effective 10/1/00)	(Effective 4/15/01)
Dispatcher	$29.57	$31.00

Dispatcher Rotating Shift Differential

When a Dispatcher is assigned to work on a rotating shift schedule of normal work coverage, a premium of two dollars ($2.00) per hour will be added to their basic straight-time rate for all hours worked within that schedule. For the purpose of this shift premium provision, rotating schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 7:00 a.m., or following 7:00 p.m..

Dear Mr. O'Rourke:

This letter replaces my letter to you dated April 4, 2000 and is an effort to clarify my letter dated March 2, 2000 regarding Response Time/Furlough. The intent of the two bullet items that reference "10/1/2001" is that any current WMECO employee (as of 4/19/00) who bids or is transferred into one of these positions where the issue of response time to call-outs is applicable **before** 10/1/2001, would be considered "grandfathered".

I hope this clears up any questions you have.

Subject: Letter of Agreement - Response Time/Furlough

Dear Mr. O'Rourke:

The Company and Union agree that employees hired after January 1, 2000 to a job with requirements that include emergency overtime work outside of normal scheduled hours, will be required to make themselves available at their reporting base within approximately one-half hour.

It is further agreed, unless negotiated differently at the conclusion of the October 1, 2001 negotiations:

- Employees transferred after 10/01/2001 to a job with requirements that include emergency overtime work outside of normal scheduled hours, will be required to make themselves available at their reporting base within approximately one-half hour.

- Section VII - Call-Out Pay, paragraph (b) will be modified to read, "*employees transferred after October 1, 2001 whose job requirements include assignment to take trouble calls outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within approximately one-half hour*."

- Section XIV - Furlough of employees, paragraph (g), will be added to read, "*The Company will not contract out work regularly performed by employees covered under this Agreement if it would result in the layoff or demotion of its regular employees*."

These modifications will be in the October 1, 2001 Summary of the new Agreement and appropriate sections of the new Agreement.

Sincerely,

Jack Curley
Sr. H.R. Consultant - Labor Relations

Subject: Three Year Manpower Plan

Dear Mr. O'Rourke:

With the on-going deployment of Automatic Meter Reader (AMR) technology throughout Western Massachusetts Electric Company which will reduce costs, improve metering services and provide flexible customer/supplier choices and in an effort to minimize the impact this will have within the Western Massachusetts Region, the Company would propose the following:

Commitment

The commitment as outlined below would allocate a position for every Meter Reader (employed as of 1/1/2000) provided they successfully pass the appropriate pre-selection test.

To help facilitate employees' ability to successfully test and bid into the above positions, the Company would offer after hour educational classroom instruction and this would include access to self-study material.

As Meter Readers are selected for posted job classifications, we would backfill these Meter Reader positions, where appropriate, with Long-term Temporary employees at a rate of $13.10/hour. (This rate would change each year in accordance with Schedule "A" rates that are negotiated by the Company and Union.) The long-term temporary employees, while filling these positions until the conclusion of the AMR installations, would be eligible for medical benefits. These medical benefits would be applicable only to the Long-Term Temporary Meter Reader employees hired as a result of the installation of the AMR's. The Company anticipates the AMR installation will be completed by July 1, 2003.

As the AMR process evolves, the need for long-term temporary (LTT) employees will dissipate thus resulting in the furlough of the LTT employees and the "benchmark" number would be reduced respectively pursuant to the 1997 Massachusetts Restructuring Act, Chapter 164, Section 1E, Paragraph (b), of Massachusetts General Laws.

Over the next three years the Company anticipates openings in the following classifications to accommodate this commitment:

- Linemen Helper S-1
- Splicer Helper S-1
- Distribution Construction Worker
- Stockhandler Helper S-1
- Meter Service Installer Helper S-1
- Electrician Helper S-1

Year 2000 Employment Opportunities

The Company would propose the following job posting opportunities during the year 2000. This proposal would require the Union's sign-off on the attached Letter of Agreement regarding Response Time/Furlough dated March 2, 2000.

- Three (3) Meter/Service Installer Helper S-1 positions
- Six (6) S-1 positions (from the following classifications: Line/Splicer/Electrician)
- One (1) Stockhandler Helper S-1 position

The Company and Union further agree to meet and discuss expanded duties for the Distribution Construction Workers (DCW) classification which will result in two additional DCW employees. An AMR Installation Committee will be formed to address attaining the three-year installation requirements.

Finally, the Company and Union agree that upon medical clearance by the Berlin Health Unit, David Burniske will be offered a Regular Meter Reader position in the Pittsfield Work Center and will be considered eligible for the commitments in this Agreement.

If you are in agreement with the above, please sign below and return to me.

Sincerely,

Jack Curley
Sr. H.R. Consultant - Labor Relations

Subject: Expanded Duties for Distribution Construction Mechanic - Time Merit Progression Program

Dear Mr. O'Rourke:

The Company and Union have reached agreement on the above-noted subject. Detailed below are the expanded duties and associated rates for the Distribution Construction Worker classification as well as a Time Merit Progression rate schedule. For occupational group seniority, these classifications would be included in D-12 of Appendix "C", List of Occupational Groups, Springfield District, Distribution Department.

The program would be a two year (2) Time Merit Progression as outlined below.

Distribution Construction Helper (f) Steps S-1, S-2, S-3 Rate: $16.40 - $19.87

Duties: Includes all current duties

Distribution Construction Worker Step S-4 Rate: $20.35

Expanded Duties: Includes duties of operating the backhoe, minor maintenance such as molding repairs, guy repairs, stenciling poles.

Distribution Construction Mechanic Step S-5 Rate: $22.32

Expanded Duties: (1) Set up to 20 foot streetlight poles and heads, connect and maintain them. *In underground fed areas, the Distribution Construction department and Splicers will be able to install up to 35 foot dedicated streetlight poles and heads, connect and maintain them.*"

(2) Service disconnects and reconnects
(3) Install residential service where no present service exists, including upgrading of service, and remove both meter and service where service is to be terminated.
(4) Stenciling padmounts

OVERTIME

Call-outs: The current practice of calling in Cable Splicers for all electrical-related trouble will continue.

Planned Overtime: The current practice of utilizing Cable Splicers on planned overtime for electrical-related job assignments will continue.

Extended Day: If a job assignment continues beyond the normal workday and involves job duties as

listed in items #1, #2 and #3 above, a Cable Splicer will be utilized until there are qualified Distribution Construction Mechanics.

Specialized Mobile Equipment Operator George Poehlman will be included in the Distribution Construction Overtime List and receive overtime assignments in the same manner as all employees of the department. He will be allowed to enter the Distribution Construction Mechanic T.M.P. program if he so desires.

The Company agrees to grandfather present Distribution Construction Worker employees at their current rate if they choose not to progress in the classification and will be considered “red-circled” and will remain in a furlough classification. It is further agreed, incumbents who enter the Program will be allowed to do so at their current rate of pay. The two incumbents who presently hold a backhoe license will enter the Program at the S-4 rate and must successfully complete all steps of the T.M.P. program within 30 months, at which time they will be eligible for the Distribution Construction Mechanic level. All incumbent employees will have until December 31, 2000 to decide whether to enter the T.M.P. program. This position requires successfully passing the CAST test. Incumbents will be exempted from this requirement.

If you are in agreement with the above-outlined program, please sign where indicated and return to me.

Sincerely,

Jack Curley

Subject: Mobile AMR Driver Positions - 1st and 2nd Shifts

Dear Mr. O'Rourke:

The Company and the Union have reached agreement on the above-noted subject. The Mobile AMR Driver positions will be operated out of the Springfield District and will be shift positions. The first shift will operate from 6:00 a.m. to 2:00 p.m., Monday - Friday and the second shift will operate from 1:30 p.m. to 9:30 p.m., Monday - Friday.

The Company will ask for volunteers from our existing Meter Reader work force for re-assignment to these positions. This process will be done by a "Company Notice" bulletin board posting. If there are more employees volunteering than positions, the positions will be filled based on Union seniority.

Employees choosing the first shift will be moved into this position at their current rate of pay. The employees choosing to work the second shift will receive an additional $1.10 shift differential to their current rate of pay and three payments on 7/01/01, 8/01/01 and 9/01/01 consisting of $250.00 per payment for a one time, overall total payment of $750.00.

This agreement will remain in effect until such time the Union ratifies a new Collective Bargaining Agreement with the Company.

If you are in agreement with the above, please sign where indicated and return a copy to me.

SECTION I
Purpose of Agreement

Both parties desire to promote harmony and efficiency among the employees of the Employer so that the employees and the Employer may obtain mutual economic advantages consistent with the duty of the Employer as a public utility at all times to provide adequate and uninterrupted electric service in the territory and communities which it serves. Both parties are signing this agreement in good faith and pledging themselves to keep its spirit and letter. This Agreement shall be binding on any and all successors and assigns of the Employer, whether by sale, transfer, merger, acquisition, consolidation or otherwise. The Employer shall make it a condition of transfer that any such successors or assigns shall be bound by the terms of this Agreement.

SECTION II
Definitions

All Districts including the Cummington and Lee Satellites:

(a) employee: The terms "employee" and "employees" as used in this agreement shall mean (1) all employees of the Employer in its overhead, underground, distribution departments, stock department, streetlight department, transportation department, maintenance department, and janitors including line mechanics and line helpers, response specialists, specialized mobile equipment operators, cable splicers and helpers, garage mechanics, electricians and helpers, area stockhandlers and stockhandlers (2) all meter readers, meter and service representatives, meter service installers, building maintenance mechanics and janitors, (3) all Field Technicians and GIS Technicians, (4) Test Technicians.

The provisions of this agreement do not apply to executives, superintendents, supervisors, office and clerical employees, guards, professional employees, and laboratory employees.

(b) Continuous Employment: The term "continuous employment" as used in this agreement shall mean an uninterrupted period of employment of the employee by the Employer and by any predecessor Company of the Employer. The period of employment of a regular employee shall be considered uninterrupted even though an interruption shall occur by reason of the employee serving in the Armed Forces of the United States.

(c) Regular employee: The term "regular employee" as used in this agreement shall mean any employee who has been employed by the Employer continuously for a period of six (6) months in one or more of the departments of the Employer named in paragraph (a) of this Section.

(d) Probationary employee: The term "probationary employee" as used in this agreement shall mean any employee who has not been employed by the Employer for such six (6) month period in one or more of said departments. Such probationary period may be extended by mutual agreement between the Union and the Employer. If a probationary employee is discharged by the Employer, such employee will be entitled to a meeting with the Employer as outlined in Section XVII to discuss the discharge, but neither the Union nor the employee will have the right to arbitrate the propriety of the discharge.

(e) Temporary employee: The term "temporary employee" as used in this agreement shall mean any employee who is employed by the Employer in one or more of said departments for a job that has a definite termination point.

(f) Long-Term Temporary employee: The term "Long-Term Temporary employee" as used in this agreement shall mean an employee hired with an expected termination date of six (6) months or more from the date of hire. Long-term temporary employees will be eligible for life insurance and medical benefits after twelve (12) months of continuous employment. Long-term temporary employees will be given a two-week notice of termination of employment. This termination will not be subject to Section XVI or Section XVII of the agreement by the employee or Union.

(g) Hourly-Paid employee: The term "hourly-paid employee" as used in this agreement shall mean any employee who is paid by the Employer on an hourly basis.

(h) Employed in Shift Operations: An employee (unless hired prior to October 1, 1994) is “employed in shift operations” within the meaning of this agreement when the employee’s regular hours of employment are consistently or periodically other than first shift between Monday through Saturday per Section XXIII of the Collective Bargaining Agreement.

(i) Day: The term "day" or "days" as used in this agreement shall mean a calendar day or days unless otherwise stated.

(j) Emergency: An "emergency," as referred to in this agreement, shall mean a circumstance which involves the safety of any person, loss of or damage to any property, or interruption of or interference with service or operations.

SECTION III
Recognition of Union by Employer and Requirements of Union Membership

(a) The Employer agrees to recognize the Union as sole bargaining agent for the employees with regard to wages, hours of employment, or other conditions of employment.

(b) All employees who are members of the Union on the effective date of this agreement which is October 1, **2023**, or who may thereafter become members of the Union shall remain members of the Union during the term of this agreement as a condition of their employment by the Employer in a position covered by this agreement. New employees (persons first hired by the employer during the term of this agreement and in a position covered by this agreement) shall be required to apply for membership in the Union at the end of thirty (30) days of continuous employment. Employees hired for temporary summer employment are excluded from this requirement for an additional 60-day period in that summer and in any subsequent

summers from their first day of hire.

(c) The Employer agrees that during the term of this agreement it will make a single deduction for the required initiation fee upon receipt of individual written authorization and assignment and in addition will deduct Union membership dues from the wages of each employee who authorized it to do so in writing in the form attached hereto and marked Appendix "B," in such amounts as shall be stated in said form. Provided, however, that in the event such amounts are changed in accordance with the Constitution and Bylaws of the Union and upon receipt of written notice signed by the Business Manager, Financial Secretary, President, and Recording Secretary of the Union at least thirty (30) days in advance of the effective date of such change, the Company will implement such new or changed amounts. The total amount so deducted shall be paid each month upon receipt therefor in the name of the Union signed by the financial secretary of the Union, to said financial secretary or to such other officer thereof as shall be designated in writing by the Union, within the ten (10) working days next following the date upon which the last deduction for the month is made.

SECTION IV
Pledge of Union and Employer

(a) The Union agrees that its members or representatives will not solicit membership in the Union during the hours of employment either of the solicitor or of any employee; and that there shall be no dues collected or other Union business or activities engaged in during the hours of employment, except as follows:

> The Business Manager, Assistant Business Manager, or Steward will have reasonable freedom of movement to discuss differences which may arise in interpretation of this agreement, investigation of grievances, or jurisdictional disputes involving the Employer. The Business Manager, Assistant Business Manager, or Steward will notify the employee's supervisor and the supervisor of any other employee involved as far in advance as possible of the time that the employee will be absent from work. Such freedom of movement shall not unduly interfere with Employer operations.

(b) The Union agrees that it will not authorize during the term of this agreement any strike, stoppage, or slowdown of work for any reason or cause whatever. Each employee agrees that during the term of this agreement they will not engage in or induce others to engage in any strike, stoppage, or slowdown of work. The Union further agrees that it will take every reasonable means which are within its power to induce employees engaged in any strike, stoppage, or slowdown of work in violation of this agreement to return to work and that it will post a notice on the bulletin boards of the Employer used for notices to the employees, within twenty-four (24) hours after receiving written notification from the Employer of such violation, that the action of the employees was not authorized by the Union and directing the employees to return promptly to their jobs and cease any further violation of this agreement. The Employer agrees that in consideration of the performance by the Union of its undertaking with respect to the termination of any strike, stoppage, or slowdown of work, there shall be no responsibility on the part of the Union, its officers or official representatives for any strike, stoppage, or slowdown of work which has not been authorized or approved by the Union.

(c) The Union further agrees that the Employer has the right to take disciplinary action, including discharge, against any employee who engages in any strike, stoppage, or slowdown of work in violation of this agreement. Whether or not an employee has engaged in any strike, stoppage, or slowdown of work may be the subject of a grievance, but if the arbitrator

determines an employee has engaged in any strike or stoppage, the Arbitrator shall not reduce or otherwise modify the penalty imposed by the Employer. If the arbitrator determines an employee has not violated the provisions of this Paragraph (b), the employee shall be reinstated with compensation for loss of any wages.

(d) The Employer agrees that during the term of this agreement there shall be no lockout by the Employer.

(e) The Union agrees, for itself and the employees, not to hinder or interfere with the management of the Employer in its several departments, including the assignment of work, the direction of working forces, the right to hire, suspend or discharge for proper cause, to transfer employees to work for which they are better suited and to furlough employees because of lack of work or for other good and sufficient cause, but in the exercise of these responsibilities in management the Employer agrees that it will not discriminate against any member of the Union.

(f) Nothing in paragraph (e) shall be held to be paramount to any other provision in this agreement which may be claimed to be in conflict with it, but all parts of this agreement shall be held to be of equal importance and shall be subject equally to the provisions of Section XVI hereof.

(g) It is agreed that the Union may have reasonable use of a bulletin board for the purpose of posting notices pertaining to the Union and its members. All such Union notices shall be signed by the Business Manager of the Union. If requested by the department supervisor, copies of all such notices posted will be placed on the department supervisor's desk prior to posting. It is understood that such notices shall contain nothing political, controversial or reflecting upon the Employer, any of its employees, or any labor organization among its employees. The Union or the Employer may remove from the bulletin board any notice posted thereon which does not comply with the provisions of this paragraph.

(h) The Employer will pay basic straight-time wages to not more than eleven (11) employees for time lost from their normal basic work schedules for meaningful negotiation meetings with representatives of the Employer for the amendment of this Agreement.

(i) It is agreed that neither the Company nor the Union will discriminate against any employee in application of any of the terms of this Agreement because of race, color, religion, age, sex, national origin, ancestry, marital status, sexual orientation, disability, military status, veteran status or genetic information.

SECTION V
Hours of Employment

(a) The regular hours of employment for all employees shall be up to ten (10) hours per day and forty (40) hours per week. A day may be a calendar day or any twenty-four (24) hour period and a week may be a calendar week.

(b) The normal workweek for all employees, excepting employees who are employed in shift operations, shall be scheduled between Monday and Saturday inclusive, between the hours of 6:00 a.m. and 6:00 p.m. Late schedule will be assigned by rotation or on a volunteer basis. The Employer may change such workweek if required by federal or state authorities or to meet conditions due to a serious emergency or disaster or to fill a temporary vacancy, but upon the termination of such conditions or vacancy, the Employer shall reinstate

such workweek for each employee whose workweek was changed in accordance with this provision. Work schedules, within the normal workweek, will be determined by the Company and posted and may include a straight eight-hour shift without a designated lunch period.

(c) At the option of the Company, summer hours will be available between the period beginning the first Sunday in April to the last Saturday in October, or any portion of this seasonal period. The assignment of summer hours to a day worker will not cause such employee to be designated as employed in a shift operation. All hours in the Agreement which are based on an 8:00 a.m. to 4:30 p.m. daytime schedule will be adjusted to conform with summer hours.

(d) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION VI
Overtime Pay

(a) An overtime rate of one and one-half (1 1/2) times the hourly rate of a regular and probationary employee will be paid to such employee for all hours of work performed by such employee (1) outside the employee's regular hours of employment or (2) beyond forty (40) hours in any one week, with the exception of hours of work performed on a holiday which are covered by the provisions of Section 8 of this agreement and which shall be paid for in accordance with such provisions.

(b) An overtime rate of one and one-half (1 1/2) times the hourly rate of a part-time employee shall be paid to such employee for all hours of work performed by such employee beyond forty (40) hours in any one week.

(c) An overtime rate of one and one-half (1 1/2) times the hourly rate of a temporary employee shall be paid to such employee for all hours of work performed by such employee beyond forty (40) hours in any one week. A temporary employee shall be paid such overtime rate for all hours of work performed by the employee outside the employee's regular hours of employment only after the employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

(d) An employee who has Sunday as a regularly scheduled day off in a calendar week shall receive an overtime rate of two (2) times the employee's hourly rate for all hours of work performed on such Sunday.

(e) An employee who is employed in a shift job requiring twenty-four (24) hour coverage shall receive an overtime rate of two (2) times the employee's hourly rate for all hours of work performed on the employee's second regularly scheduled day off in such calendar week.

(f) An employee who is employed in a twenty-four (24) hour shift job and has Sunday as a regularly scheduled day off shall receive double time on the employee's second regularly scheduled day off in such calendar week.

(g) When an employee's regular work schedule is changed with less than forty-eight (48) hours advance notice, any time worked within such new regular schedule, which was not regular work time under the old schedule, will be paid for at time and one-half rates until the advance-notice period has expired, except when other rates are applicable, forty-eight (48) hours shall be the advance-notice period for application of greater than straight-time rates. An employee may be returned to the employee's previous regular schedule without forty-eight (48) hours' advance notice after serving a relief coverage assignment as described herein.

(h) All hours for travel time or work time paid at straight-time rates under the terms of this agreement will be paid at double straight-time rates, when employees are assigned to emergency work for other utilities in locations or upon facilities other than those owned or operated by Eversource.

(i) An employee shall not be paid both daily and weekly overtime for the same hours so worked either under the provisions of this Section, or of Section 7, or Section 8 hereof; and in no case shall overtime compensation provided for by these three sections be duplicated or pyramided.

(j) If an employee is required to work beyond sixteen consecutive hours, (or responds to a call-out within three hours of their quitting time, such hours will be counted towards the sixteen consecutive hours [non-worked hours will not be paid]), the employee will be paid at double the straight-time rate for those hours worked beyond sixteen, until the employee is allowed eight consecutive hours off. Time allowed off for meals will be counted in determining sixteen consecutive hours. Any part of such eight consecutive hours off which extends into the employee's normal work schedule will be paid for at straight-time rates. When service requirements will not permit allowing as earned rest time off that part which may extend into the normal schedule, such rest time worked will be paid for at double straight-time rates. Triple time will not be paid.

(k) Insofar as practicable, scheduled overtime work will be equitably distributed over the calendar year among the employees within the department, giving preference to the employees whose normal duties include such work. Excused overtime for scheduled overtime work will be counted only when an employee has been given a twenty-four (24) hour advance notice of the scheduled overtime work. Insofar as practicable, emergency overtime will be equitably distributed over the calendar year by calling the low employee on the overtime list based upon qualifications and familiarity with the particular job. Overtime lists will be combined into one list within a district. There will be no planned overtime lists in any area. When an employee is scheduled for planned overtime, their name will be removed from the overtime list for any call-outs prior to the planned overtime. When an employee transfers or bids to a new classification, the employee will carry their overtime hours with them. A newly hired employee will be assigned overtime hours equal to that of the employee with the lowest number of overtime hours in the job classification.

(l) Response To Overtime:

1. Because of the nature of our business, and our need to provide 24-hour a day service to our customers, it is necessary that employees work overtime when the need exists - planned and unplanned.

2. Employees shall furnish an acceptable means of off-hour contact by telephone.

3. The response rate standard for the Overhead Lines, Underground and Substation/EM

departments is 20% for all offerings. On-call responses to be included as part of ARCOS response rate.

4. For this purpose, the measure is calculated as the percent of calls made which result in a report to work. Overtime hours resulting from an out of town storm restoration assignment to a non-Eversource affiliated company will not be counted towards the department average of total overtime hours worked. This standard is to be measured annually (year-end) on a going-forward basis. Employees who do not respond to a call will be charged with an instance for lack of response on the automated call-out system list. Employees who have worked the department average of total overtime hours in the preceding calendar year will be deemed to have met the standard regardless of acceptance rate to call outs. Employees who do not meet the minimum response level (See #3 above) will not be eligible for assignments at other utilities in locations or upon facilities other than those owned or operated by Eversource or voluntary planned overtime in the following year. Employees who do not meet the minimum response level (See Section VI (l)3) will be eligible in the following year for assignments at "sister" Eversource companies only after all other fellow department employees who have met the requirements have been asked first.

(m) A Crew Supervisor in the overhead lines, underground lines, and electric stations departments may utilize the Supervisor's own crew to perform overtime work without regard for the overtime list one hour prior to the start of the scheduled shift on a regularly scheduled workday.

(n) For purposes of equalization of unscheduled overtime, Response Specialists are to be considered as outside the overhead line department.

(o) Employees scheduled for planned overtime assignments of four hours or more (non-regular scheduled days only) shall be for a minimum of four (4) hours at the applicable rate if a job is canceled after the end of the scheduled workday on the day prior to the planned overtime assignment or if the employee works the planned overtime assignment. If the planned overtime assignment is less than four hours (non-regular days only) employees scheduled for the assignment shall be paid a minimum of two hours at the applicable rate if the job is canceled after the end of the scheduled workday on the day prior to the planned overtime assignment or if the employee works the planned overtime assignment. The Company reserves the right to cancel the planned overtime assignment by the end of the scheduled workday on the day prior to the planned overtime assignment. All assignments will have a beginning and a planned end time established.

SECTION VII
On Call/Call-Out Pay

I. On-Call

(a) Employees who are assigned by the Company to take trouble calls outside their normal schedule hours will be paid:

(1) one and one-half (1½) hours at basic straight-time rates for each such day assigned - Monday through Friday,

(2) three hours (3) at basic straight-time rates for each Saturday, Sunday, or recognized holiday so-assigned.

(3) on-call assignment to be in 12 hour blocks that can go past midnight as determined by management (e.g., 4p to a Friday to Saturday). On-call payment determined by higher of on-call period rates when more than one rate applies to the 12 hour block.

(4) employees are subject to unlimited on-call.

(b)(1) Employees transferred after October 1, 2001 whose job requirements include assignment to take trouble calls outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within approximately one-half hour.

(b)(2) Employees placed on-call will be considered to be on-call for the entire district, e.g., Pittsfield/South County employees will be considered on-call for both areas; Hadley/Cummington/Montague employees will be considered to be on-call for all three areas.

Note: Selection process for being placed “on-call”:

1) If the Company determines that Pittsfield/South County Work Centers needs to place two or more line crews on-call or Hadley/Cummington/Montague Work Centers need to place three or more crews on call then: a) volunteers will be asked by utilizing the weekly overtime list for each respective district/satellite. If this process does not satisfactorily fill the on-call need then the actual hours worked list for each respective district/satellite for the current year will be used and the employee with the lowest number of actual hours list will be selected. If an additional person is needed then the employee with the next lowest number of actual hours worked will be selected. This process will continue until the need is fulfilled.

2) If the Company determines that Pittsfield/South County Work Center needs to place one line crew on-call or Hadley/Cummington/Montague Work Centers need to place one or two line crews on call then: a) volunteers will be asked by utilizing the weekly overtime list for the combined district. If this process does not satisfactorily fill the on-call need then the actual hours worked list for each respective combined district for the current year will be used and the employee with the lowest number of actual hours list will be selected. If an additional person is needed then the employee with the next lowest number of actual hours worked will be selected. This process will continue until the need is fulfilled.

II. <u>Call-Out</u>

(a) Each time an employee is called out from the employee’s home at times other than the employee’s regular hours of employment, the employee shall be paid for a minimum of two and one-half (2-1/2) hours' work at the applicable overtime rate, computed in accordance with Section 6, except that when the employee is so called out between the hours of 12:00 midnight and 5:00 a.m., the employee shall be paid for a minimum of three (3) hours' work at such overtime rate. The foregoing minimum payments shall not apply to an employee who is so called out within two (2) hours of the start of the employee’s regular hours of employment and works to the employee’s regular starting time, but the employee shall be paid only for the actual time worked by the employee.

(b) In computing overtime pay of an employee so called out, working time shall begin immediately upon the employee's arrival at the employee's station and end upon the employee's return to such station; provided, however, the employee shall be credited with **one (1)** hour travel time.

(c) If an employee is required to work outside of the employee's normal schedule for fifteen (15) minutes (except for more than two hours for prearranged overtime when such overtime immediately precedes the start of the normal workday) during the eight (8) hour period immediately preceding the starting time of the employee's next normal schedule, the employee will, whenever possible, be allowed rest time during that normal schedule without loss of normal wages. The rest time shall be equivalent to the sum of the time worked and any time allowed off for meals during the above eight (8) hour period. **An employee who has earned six (6) hours or more of rest time and has two (2) hours or less remaining in their shift can request to take unpaid time for the remainder of their shift. An employee who normally works a ten (10) hour day who has earned eight (8) hours or more of rest or an employee who normally works a twelve (12) hour day and has earned ten (10) hours of rest and has two (2) hours or less remaining in their shift can request to take unpaid time, or use vacation time in accordance with Section XI(a)(5)(d) as long as it does not produce premium time, for the remainder of their shift.** Time allowed off for meals will be counted in determining beyond fifteen (15) minutes. When service requirements will not permit allowing all of the earned rest time off during normal schedule, that part worked will, except for holidays, be paid for at double straight-time rates. Rest time shall be granted in accordance with this paragraph on an employee's day of relief when the employee has been scheduled to work on that day.

This language supersedes the rest-time/eight consecutive hours off letter dated October 8, 1998.

(d) When an employee continues work into the employee's scheduled period of work, the employee shall be given rest time when the work is completed, but not going beyond such scheduled period of work.

(e) The employee shall be paid on the straight hourly basis for any portion of such rest period so taken by the employee, which occurs during the scheduled period of work.

(f) An employee called out at times other than the employee's regular hours of employment shall return to the station upon completion of the assigned work; and unless further calls have been received or further trouble is reasonably expected from current potential storm warnings, flood warnings, or other acts of God, the employee will not be required to remain on the job to fill out the minimum call-out time.

(g) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION VIII
Holidays

(a) The term "holiday" or "holidays" as used in Sections 6 and 8 of the agreement includes the following days:

New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day shall be recognized as holidays.

In addition to the 10 federal holidays above, employees will be granted two floating holidays during the calendar year based on operational requirements and supervisory approval. The two floating holidays can be used for any reason and are requested by the employee. In the event of a conflict between employees requesting the same date, seniority shall govern.

(b) A regular employee will receive as holiday pay eight (8) hours' pay at the employee's straight hourly rate for a holiday, subject to the provisions of Section 12 (d), even though no work is performed by such employee.

Work performed on a holiday by such employee shall be paid for as follows:

(1) Such employee, except when employed in shift operations, shall be paid for work performed on such holiday which falls within the employee's scheduled workweek, in addition to eight hours of work on such holiday, at the overtime rate of one and one-half (1½) times the employee's straight hourly rate for up to eight hours during the employee's regular schedule on such holiday and at the straight-time rate for any additional regular scheduled hours within the employee's scheduled day. The employee shall be paid at the overtime rate of two (2) times the employee's straight hourly rate for any hours of work performed by the employee outside the employee's regular schedule on such holiday.

(2) Such employee, except when employed in shift operations, shall be paid for work performed by the employee on such holiday which falls outside the employee's scheduled workweek, in addition to said holiday pay, at the overtime rate of one and one-half (1½) times the employee's straight hourly rate for any hours of work performed by the employee on such holiday.

(3) Such employee when employed in shift operations shall be paid for work performed by the employee on such holiday, which falls on the employee's scheduled day of work, in addition to eight hours of work on such holiday, at the rate of one and one-half (1½) times the employee's straight hourly rate for all regular scheduled hours within the employee's scheduled day. The employee shall be paid at the overtime rate of two (2) times the employee's straight hourly rate for any hours of work outside the employee's regular schedule on such holiday.

(4) Such employee when employed in shift operations shall be paid for work performed by the employee on such holiday which falls outside the employee's scheduled workweek, in addition to said holiday pay, at the rate of one and one-half (1½) times the employee's straight hourly rate for any hours of work performed by the employee on such holiday.

(c) An employee on scheduled vacation leave which includes a holiday shall receive an extra day's pay for such holiday if it is determined by the Employer that it is not practical to schedule an additional day of vacation. If it is determined that an additional day of vacation can

be scheduled, whenever practicable the additional vacation day will be scheduled to immediately precede or follow the vacation period during which the holiday occurs.

(d) Only employees when employed in shift operations will have the option of receiving holiday pay or receiving a day off in lieu of holiday pay. Such day off will be requested by the employee during the week of the holiday worked. If the employee does not request such day off at that time then the employee shall be paid in the following paycheck for the holiday worked.

(e) When a holiday falls on a Saturday, the preceding Friday will be the day observed in place of the Saturday holiday and holiday pay and the above rates for work on the holiday will be effective for such Friday.

(f) When a holiday falls on a Sunday, the following Monday will be the day observed in place of the Sunday holiday and holiday pay and the above rates for work on the holiday will be effective for such Monday.

(g) The preceding two paragraphs shall not apply to employees employed in shift operations.

SECTION IX

Time Off for Death in Family

(a) Time off with pay **up to five (5) working days** will be granted to any regular and probationary employee upon notification to the employee's supervisor of the death of a member of the employee's immediate family and only when the employee is in actual attendance at the funeral. The immediate family, referred to herein, shall include a father, mother, husband, wife, brother, sister, son, daughter, grandfather, grandmother, grandchild, father-in-law, mother-in-law **son-in-law, daughter-in-law** or step-relative in the above classifications.

(b) In addition, **up to three (3)** working days off with pay only when the employee is in actual attendance at the funeral, will be granted in the case of the death of a brother-in-law, sister-in-law **or person who was a member or and lived in the employee's household. Up to two (2) working days off with pay, only when the employee is in actual attendance at the funeral, will be granted in the case of the death of an employee's** uncle or aunt.

(c) In cases of death in the family not included in the above, time off may be granted, with due consideration to be given, according to the circumstances in each individual case.

(d) Duration of the time off with pay will depend upon the circumstances in each case, but shall in no case exceed **the above allotments**.

(e) If death occurs to a member of an employee's immediate family, as defined in paragraph (a) above, during the employee's scheduled vacation period, that portion of the employee's scheduled vacation from the day of death up to and including the day of the funeral will be rescheduled, but not to exceed **five (5)** days. The vacation will be rescheduled at the option of the Employer to another time during the calendar year. In the event vacation to be rescheduled under this section cannot be rescheduled during the current calendar year, it will be rescheduled as promptly as possible within the first four months of the following calendar year.

(f) The provisions of this Section do not apply to a part-time employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION X
Jury Duty and Military Leave of Absence

(a) Whenever a regular employee is required to be absent from the employee's regular duties because of Jury Duty and receives compensation from the appropriate governmental authority for reporting for said Jury Duty, the Employer will make up the difference between (1) the wages for the hours which the employee normally would have worked on the day or days of Jury Duty computed at the employee's straight hourly rate and (2) the amount which the employee receives from the appropriate governmental authority for Jury Duty for such day or days.

(b) In the event that the employee has an opportunity to perform some of the employee's regular duties for the Employer, the employee shall be paid the regular hourly rate for the hours worked which will be in addition to any money received from the appropriate governmental authority for Jury Duty.

(c) If the sum of the employee's compensations for Jury Duty and the amount received for work actually performed does not equal the wages for the total hours which the employee normally would have worked on the day or days of Jury Duty, the difference will be made up by the Employer. If such sum is equal to or greater than such wages, no additional payment will be made by the Employer.

(d) Holiday pay which such employee would have received if not on Jury Duty shall be paid to the employee without deduction for pay received from the appropriate governmental authority for work on such holiday.

(e) It is expected that, if an employee is relieved of Jury Duty before noon, the employee shall report back to the employee's supervisor for work assignment; if relieved after noon, the employee shall not be required to report back for work.

(f) The Company will grant a military leave of absence as required by law and provide certain benefits to an employee granted such a leave. The benefits provided by the Company will be those set forth in the "Leave of Absence for Military Service" section of NUP 15 – Leaves of Absence, which may be amended at any time at the sole discretion of the Company.

(g) The provisions of this Section do not apply to a part-time or probationary employee and shall be applied to any temporary employee only after such employee has worked for the Employer more than ninety (90) days without interruption in a calendar year and in connection with the employee's work beyond such ninety (90) days.

SECTION XI
Vacations

(a) Regular Employees will be allowed the following vacation periods annually with

basic straight-time pay:

1)
- For employees with less than one year of service and hired between January 1 and March 31 of the current calendar year will be allowed three weeks of vacation.
- For employees with less than one year of service and hired between April 1 and June 30 of the current calendar year will be allowed two weeks of vacation.
- For employees with less than one year of service and hired between July 1 and September 30 of the current calendar year will be allowed one week of vacation.
- For employees with less than one year of service and hired between October 1 and December 31 of the current calendar year will not be granted vacation for that period.

2) Employees who are expected to complete at least one year of continuous service by December 31 of a calendar year will be allowed three weeks' vacation in that and each succeeding calendar year until eligible for **additional vacation time as set forth in the table below**.

3) Employees who are expected to complete 10 years of continuous service by December 31 of a calendar year will be allowed four weeks' vacation in that and each succeeding calendar year until eligible for five weeks' vacation under 1.(d) below.

4) Employees who are expected to complete 20 or more years of continuous service by December 31 of a calendar year will be allowed five weeks' vacation in that and each succeeding calendar year.

Less than one year of service	Start date January 1 through March 31 – 15 days
	Start date April 1 through June 30 – 10 days
	Start date July 1 through September 1 – 5 days
	Start date October 1 or later – no vacation accrued.
One year but less than **6** years	15 days per year
6 years	**16 days**
7 years	**17 days**
8 years	**18 days**
9 years	**19 days**
10 years but less than 20 years	20 days per year
20 years or more	25 days per year

5) During the year in which an employee reaches their 63rd birthday, the employee will be entitled to an additional week of vacation pay in that calendar year and every calendar year thereafter. This additional week of vacation applies only to those employees who have reached their 63rd birthday by December 31, 2016 and were hired prior to that date.

(b) Vacations shall not be cumulative from year to year. **However, employees shall be allowed to carry over up to forty (40) hours of vacation. Such vacation time must be used in the year it is carried over.** Employees entitled to vacations will take them in accordance with a schedule to be prepared by the Department Superintendent of the Employer. Consistent with the Employer's service obligations, vacation periods will be scheduled to meet and suit the convenience of employees. Employees may express to the Superintendent as

early as possible any desire for specific vacation dates and such expressions will be given consideration in making up the vacation schedule with seniority to govern in case of conflict.

(c) One (1) of the three (3) weeks of vacation for those employees who are eligible for a three (3) weeks' vacation, two (2) of the four (4) weeks of vacation for those employees who are eligible for a four (4) weeks' vacation, three (3) of the five (5) weeks of vacation for those employees who are eligible for a five (5) weeks' vacation and four (4) of the six (6) weeks of vacation for those employees who are eligible for a six (6) weeks' vacation may be scheduled by the Employer at any time during the calendar year.

(d) Any employee eligible for one (1) or more weeks' vacation may split one week into two parts and one week into up to five parts provided a one-week notice is given where practicable, except in case of an emergency. A split vacation shall not have preference over a first or second week's vacation or a previously scheduled vacation of an employee. Seniority shall govern in case of conflict of choice of split vacations among the employees. The second part of an employee's split vacation shall not have preference over any other employee's vacation. **Subject to management approval, an employee may take vacation time in hourly increments up to a total of sixteen (16) hours per year.**

(e) Within the meaning of this Section, vacation pay for a week for an employee is a sum equal to forty (40) times the straight hourly rate of such employee as of the time the employee's vacation is taken, subject to the provisions of Section 12 (d).

(f) If an employee fails to perform any work, quits or is discharged during a calendar year, they will be paid the prorated vacation amount that they have earned.

(g) An eligible employee who leaves the service of the Employer to enter the military service of the United States or is laid off for lack of work or quits after giving two (2) weeks' notice, and who has not then received vacation for such calendar year, shall receive vacation pay for such calendar year as follows:

The employee shall be paid that proportion of one (1), two (2), three (3), four (4), five (5), or six (6) weeks' vacation pay [the number being determined in accordance with paragraph (a) hereof except that the date on which the employee ceases work shall be used in place of December 3l as the number of full months worked by the employee during such calendar year bears to twelve (12)]. For this purpose, if the date of cessation of work occurs on or after the 15th calendar day of the month, the period of work in such month shall be counted as a full month, but if it occurs prior to the 15th calendar day of the month, the period of work in such month shall not be counted.

(h) The provisions of this Section do not apply to temporary employees, probationary employees, or part-time employees.

SECTION XII
Wages

(a) Schedule A attached hereto shows a list of the classifications covered by this agreement and the wage rate ranges applicable to each classification effective **October 1, 2023, October 1, 2024, October 1, 2025 and October 1, 2026.** All employees in a classification shall be paid at a rate of pay that comes within the rate range applicable to such classification. If any general wage adjustment is made by the Employer, any employee then

receiving a rate in excess of the maximum rate for the job classification in which the employee is employed shall receive as a general wage adjustment a sum equal to the amount of the general wage adjustment as applied to the maximum rate of pay of such job classification.

(b) The progress of an employee within the rate range for the job classification shall be based on merit and the provisions set forth in the Company/Union Time Merit Progression (TMP) Letter of Agreement dated March 22, 1989 found in Section XXV. Merit includes the employee's effort and initiative, safety on the job, progress and experience in and knowledge of the requirements of the job classification, and it shall be the responsibility of the Employer to determine the same.

(c) Each employee whose rate of pay is from time to time below the maximum for their job classification shall be reviewed for a merit increase on wages once each six (6) months. Merit increases will be for thirty (30) cents per hour or more, subject to the limitation of the maximum rate for the job. Following each such review, the Employer will notify the employee if the employee has not been granted a merit increase and the reasons therefore. Employees at the top rate of their classification shall receive Performance Appraisal Reviews at six (6) month intervals until they reach the Journeyman level. Any complaint as to the Employer's action may be processed as a grievance through the grievance procedure established in Section XVI of this agreement.

(d) When an employee is temporarily assigned by their authorized supervisor, in advance of performance, to perform higher classes of work and actually performs said work for a period of two (2) hours or more, the employee shall be compensated for such work at the minimum of the rate range for such higher classification or at the hourly rate of pay increased by fifteen (15) cents per hour, whichever is the higher, but not in excess of the maximum of such rate range. If the temporary assignment is to perform work in a supervisory classification, the hourly rate of pay of the employee shall be increased by 2.50 dollars per hour. After an employee has worked continuously for four (4) weeks on a temporary upgraded job, thereafter, so long as the employee continues to work at such job, the temporary upgraded rate shall apply to holiday pay, accident pay, vacation pay, and sickness disability payments. In the event an employee is to be upgraded or promoted within a department and a relative of that employee (as defined by NUP64) works within the same department, the relative employees may not be assigned to the same work crew unless under emergency situations.

(e) Whenever an employee not employed in a shift operation is assigned temporarily to perform work of an employee in a shift operation, the employee shall be entitled to overtime pay for hours worked by the employee on such temporary assignment outside of the employee's regular hours of employment unless the temporary assignment is for a period of forty (40) hours or more to work in a shift operation in which case the employee shall be considered as a person employed in a shift operation for the duration of such temporary assignment.

(f) The Employer shall advise the Union, in advance, of employees being transferred temporarily from one area to another or employees being transferred temporarily from one Occupational Group to another. Except for emergencies, as much advance notice as reasonably possible will be given.

(g) The Employer agrees that any employee selected on or after the date of this Agreement, to fill a vacancy as a Specialized Mobile Equipment Apprentice, will be promoted to Specialized Mobile Equipment Operator, respectively, not later than upon the completion of six (6) months service in such apprentice classification, provided the employee qualifies for such promotion. employees who are selected to fill an apprentice vacancy, and who have two (2) or

more years of continuous service with the Employer on the date of such selection shall receive the rate of forty (40) cents per hour above the single rate established for the apprentice classification.

(h) Employees who are selected to fill an apprentice vacancy and who have ten (10) or more years of continuous service with the Employer on the date of such selection shall receive a rate equal to the minimum rate of Specialized Mobile Equipment Operator, except where such rate is in excess of the employee's current rate, the employee will continue to receive the employee's current rate.

SECTION XIII
Seniority

(a) The Employer shall make the selection of regular or probationary employees for promotion based upon the following factors:

(A) Length of continuous employment
(B) Training
(C) Ability
(D) Efficiency
(E) Physical fitness

Whenever there is no substantial difference with respect to factors (B), (C), (D), or (E), length of continuous employment as defined in Section 2 (d) shall govern, except as otherwise expressly provided in subparagraph (b) of this Section.

(b) When a promotion is to be made within an Occupational Group as hereinafter defined, and as shown on Appendix "C" which is attached hereto, the following requirements as to preference shall be met:

(1) First opportunity to fill a vacancy shall be given employees within the Occupational Group in which the vacancy exists. The employee in a particular job classification within the Occupational Group who has the necessary ability and qualifications shall be eligible to advance to the next higher job classification within the employee's Occupational Group, provided that whenever there is no substantial difference with respect to factors (B), (C), (D), or (E),

All Districts:

The employee with the greatest occupational seniority shall be selected. An employee must remain in a job classification for at least one (1) year before the employee is eligible to advance to the next higher job classification within the employee's Occupational Group.

(2) Vacancies in a job classification which is above the lowest step in an Occupational Group for which no qualified eligible employee within such Occupational Group is available, shall be filled by mutual agreement between the Employer and the Union. Mutual agreement shall not be unreasonably withheld.

(3) When necessary to determine the qualifications of applicants, the Employer shall determine the same in a reasonable manner consistent with the requirements of

the job vacancy. An employee who formerly held the job classification shall be presumed to be qualified. In the event tests are used to determine the qualifications, such tests will be jointly administered by the Employer and the Union. Any disagreement concerning use of such tests shall be subject to the provisions of Section XVI.

(4) The Terms:

"Occupational Group" shall mean a sequence of related jobs rated from the highest to the lowest job classification, as shown in Appendix "C." "Occupational Seniority" shall mean the length of employment in an Occupational Group. Employment in an Occupational Group shall be considered for the purpose of determining length of service to commence on the date that an employee is scheduled to begin a job within the Occupational Group irrespective of the hour or day on which the employee commences the employee's duties.

(c) Training received while working on temporary assignment to a job will not be considered in making the selection on a promotion to such job.

(d) The provisions of this Section shall not apply to the selection or hiring of any employees who are excluded by the provisions of Section 2 from the terms "employee" and "employees," or any employees in any department not coming within the scope of this agreement. Any employee transferred to a supervisory or other job outside the bargaining unit shall retain such seniority as accumulated prior to such transfer, and no seniority shall accumulate while such employee has been or shall be employed outside the bargaining unit, except that where an employee is transferred to a position in the first level of supervision, such employee shall accumulate seniority for the first ninety (90) days while occupying such position. If any employee has been or is transferred to a supervisory or other position so as to be excluded from the coverage of this agreement, such employee shall retain seniority plus that accumulated in the higher position to a maximum of ninety (90) days, and in the event such employee shall be retransferred to a job classification within the unit, shall retain all accumulated seniority as provided in the preceding sentence.

(e) When there is an increase in the work force after a layoff, employees who had been laid off for less than five (5) years because of lack of work, shall, if then available, be given preference over persons not formerly in the employ of the Employer, and with respect to former employees, the selection among them shall be based upon the factors set forth in subsection (a) of the Section. Such employee will retain seniority rights, but seniority will not accumulate during the period of layoff.

(f) The Employer shall maintain an up-to-date seniority list by Occupational Groups of all employees in jobs covered by the Union agreement. Such a list shall be made available to the Business Manager of the Union on December 1 of each year. The Employer shall send to the Business Manager of the Union on June 1 of each year, a letter outlining all changes which have been made to the seniority list issued the preceding December. If exception is not taken to the list or letter within thirty (30) days from the date of submission of such list or letter to the Union, the list or letter shall be considered as correct and no change will be made thereafter except by mutual agreement between the Employer and the Union.

(g) The provisions of this Section do not apply to part-time or temporary employees. However, when any temporary employee is transferred to regular status and becomes a regular employee, the length of continuous employment shall be measured from the date on which the

continuous uninterrupted period of employment started, last prior to the employee's transfer to regular status.

(h) Company seniority under this Agreement shall be defined as length of service in a classification included in the bargaining unit. Effective July 1, 1984, employees transferred or reassigned from outside the bargaining unit to a classification included under this Agreement will not carry nonbargaining unit seniority with them.

SECTION XIV

Furlough of employees

(a) Whenever, because of a reduction or change in the work force in a job classification covered by this agreement, there is a surplus of employees in such job classification, then the employee in such job classification who has the least length of Company seniority with the Employer shall be selected by the Employer for reassignment (Such displaced employee shall successfully pass the applicable aptitude test for the entry level position in the job classification bumping to. This applies only to employees hired or transferred into bargaining unit positions upon ratification of this Collective Bargaining Agreement.) or furloughing in accordance with the following:

The Employer will offer such employee a job ...

first: in the same job classification at any location within the employee's Occupational Group as stated on the List of Occupational Groups set forth at the end of this Section;

second: in a previously held (within the last five (5) years) job classification or in any lower rated job classification within the employee's Occupational Group as stated on said List;

third: in any job classification in the employee's or any other Occupational Group in the employee's Department which is shown on said List with the symbol (f) before it, and for T.M.P. classifications this would include up to S-3, provided that such job classification has a maximum rate of pay lower than the maximum rate of pay of the employee's present job classification; and

fourth: in a job classification in another Department which as stated on said List is a starting job in such Department; provided the employee has the ability and qualifications (including license, if required) to perform the work in the offered job and has longer length of continuous employment with the Employer than another employee in such job classification. If the Employer cannot offer a job to the employee, the employee shall be furloughed. If the employee refuses to take the job offered to the employee, the employee shall then be furloughed.

(b) If a surplus is created in a job classification as a result of such offer of a job, the Employer will displace the employee then in such job classification who has the least length of continuous employment with the Employer. In turn the Employer shall offer to the displaced

employee a job in the same manner followed in the first instance. If the Employer cannot offer a job to such employee, the employee shall be furloughed. If such employee refuses to take the job so offered to the employee, the employee shall be furloughed. The Employer shall repeat the above procedure until the last displaced employee or employees are furloughed. An employee to be furloughed shall be given two (2) weeks' notice prior to being separated from employment with the Employer.

If an employee has completed one or more years of continuous service, is not offered a job, the employee shall be given an allowance of 80 hours pay at the employee's straight-time hourly rate for each full year of continuous service with the Company with a minimum of two weeks pay up to a maximum of 52 weeks pay. Any furloughed employee or employee identified to be furloughed, who obtains employment with any of the system companies and Connecticut Yankee Power Company or any successor company will not be entitled to terminal pay. Any such employee who accepts terminal pay will thereby relinquish any other rights, other than vested rights, under this Agreement and will not be eligible for recall.

Any employee who accepts any position or who is offered a position similar to the position the employee held with the Company prior to the sale or lease, or in which the employee had experience, the wages and benefits for which are reasonably comparable to those earned prior to such sale or lease with this Company, or with the purchaser or lessor, shall not be eligible for severance pay.

(c) The employee involved in this movement shall be given a seventy-two (72) hour notice before the change is made. In the employee's new job classification, the employee shall be paid at the maximum rate of pay of such job classification except, if the new job classification is covered by a TMP, the new pay rate will be at the third step of the rate progression. If it is a job classification requiring a license, the employee shall be paid in accordance with the maximum rate of pay provided for the license which the employee holds or at a rate of pay to be determined in accordance with the Schedule in Section 20 of this agreement, whichever is greater, provided, however, that the employee shall not receive in the new job classification more than the rate of pay which the employee was being paid in the job classification from which the employee has been selected or displaced.

(d) Employees with twenty (20) or more years of continuous service with the Employer, whose jobs are eliminated by automation or a permanent reduction in forces, shall be placed in other jobs without a reduction in their wages. The Employer and the Union will attempt to agree to place employees whose jobs are so eliminated in jobs for which they are best qualified.

(e) Employees hired prior to July 1, 1979, with five (5) or more years of continuous service with the Employer shall not be laid off because of a reduction or change in the work force. Such an employee who cannot be placed under the steps outlined in the Plan, will be offered a job in any job classification having a maximum rate of pay lower than the maximum rate of pay of the employee's present job classification, for which the employee is qualified (including license, if required) and in which there is an employee with less than five (5) years' service with the Employer, and in so doing the Employer will try to place such employee in a job having a maximum rate of pay below, but as near as possible to, the employee's rate of pay. The employee who is displaced by this procedure shall be subject to the steps outlined in this Plan.

(f) Whenever a vacancy occurs in a position from which an employee has been displaced, such vacancy will be filled by the displaced employee without the requirements of job

posting and when more than one employee has been displaced, the employee having the longest length of service with the Employer shall be given the job vacancy. Such employee returning to the employee's former classification shall receive the rate of pay which the employee was receiving in such classification just prior to the employee's displacement. In order to qualify as a displaced employee, such employee must have worked in the position from which displaced at least thirty (30) days immediately prior to such displacement.

(g) The Company will not contract out work regularly performed by employees covered under this Agreement if it would result in the layoff or demotion of its regular employees.

SECTION XV
Reemployment of Veterans

Both parties agree that reemployment of former employees upon their release from the Armed Forces of the United States shall be in accordance with the laws of the United States of America and of the Commonwealth of Massachusetts and any duly authorized rules and regulations issued thereunder.

SECTION XVI
Grievance Procedure and Arbitration

(a) A representative of the Employer and the Business Manager of the Union shall meet from time to time at the request of either party for the purpose of discussing any common problems. All such meetings shall be held at the Employer's office at the convenience of both parties, if possible.

(b) During the term of this agreement, should any difference, dispute or grievance arise between the Employer and the Union regarding hours, wages, or working conditions or the interpretation or application of any of the provisions of the Agreement, there shall be no suspension of work and the following procedure shall be followed:

First - The aggrieved employee or employees within fifteen (15) working days after the grievance arises shall present the grievance verbally to the foreman or immediate supervisor. The foreman or immediate supervisor will endeavor to settle it by giving an answer as promptly as possible, and within five (5) working days of the date of presentation. Nothing contained in this provision shall be interpreted as preventing the Union from being present at any meeting at which any grievance is adjusted and the Union will be notified in advance of such meetings by the Company. If an answer is given and accepted by the Union in this step, the grievance shall be considered closed. If the answer is not given, or is not acceptable to the Union, the grievance may be taken to the second step within ten (10) working days from the date the answer was given or due.

Second - The Business Manager, Assistant Business Manager or Steward shall forward the grievance in writing to the Manager or Superintendent concerned stating its nature and giving a brief description of the circumstances causing it. Reference shall be made to the provision(s) of the Agreement on which it may be based. The Manager or Superintendent concerned or their designated representative will investigate the grievance and the answer will be given by the Manager or Superintendent in writing within five (5) working days. If a meeting is held at this step, the answer is to be given by the Manager or Superintendent in writing five (5) working days from the date of the meeting. If the answer is not acceptable to the Union or is not received within such five (5) working days, the grievance may be taken to the third step within ten (10) working days from the date that the answer was received or due. The Union may initiate the grievance at this step at any time within a period not in excess of fifteen (15) working days from the date of the alleged violation.

Third - The Business Manager, Assistant Business Manager, or Steward of the Union shall forward a copy of such written grievance to Labor Relations. A meeting between the Labor Relations and the Business Manager or their mutually agreed to designated representative, shall be held at a time and place as agreed to by the parties. An International Representative of the I.B.E.W. may be present at this step, only to assist the local Union. The answer is to be

given in writing by the Regional Personnel Manager within ten (10) working days from the date of the meeting.

Fourth - In the event that any such difference, dispute, or grievance shall not have been satisfactorily settled in the manner hereinbefore provided within thirty (30) working days after the date of the third-step answer, the Union shall immediately notify the Employer, in writing, that the same shall be referred for settlement to an impartial arbitrator who shall not be financially interested in the Employer, to be appointed by mutual agreement of the Employer and the Union. No matter shall be submitted to an impartial arbitrator after 65 days from the date of the incident. If the Employer and the Union cannot agree on the arbitrator within fifteen (15) calendar days then, within thirty (30) calendar days after the fifteenth day, the American Arbitration Association shall be requested by either party to administer the arbitration pursuant to the American Arbitration's Voluntary Labor Arbitration Rules. The arbitrator's decision or award shall be in writing and shall be final and binding on all parties. The expenses and fees incident to the services of the arbitrator shall be paid jointly by the Employer and by the Union.

(c) The impartial arbitrator shall render a decision on any difference, dispute, or grievance on the basis of the evidence, the data, and the facts properly placed before the employee regarding such difference, dispute, or grievance.

(d) Except as specifically provided herein this agreement shall not be changed or added to by arbitration and all awards shall be consistent with the terms hereof.

(e) The arbitrator shall render a written decision and/or written opinion within thirty (30) days following the close of hearings.

(f) At such times as are mutually agreeable, an aggrieved employee and the Business Manager or Assistant Business Manager or Steward of the Union will be allowed time to discuss grievances with the Employer in the first, second and third step of this procedure without loss of pay for normal-schedule work hours providing overtime replacement is not required.

SECTION XVII
Discharge of employees

The Employer shall notify the Union within two (2) working days of the suspension or termination of an employee and the Union shall have seven (7) working days to request a meeting to discuss such suspension or discharge. Such meeting shall be held within fifteen (15) days of the Union's request. Upon receipt of the foregoing request, the Employer will inform the Union of the reason for the suspension or discharge, and, upon receipt of a request from the Employer, the Union will state the reasons for believing the suspension or discharge to be improper. The Employer will state its determination within two (2) working days subsequent to the conference. If subsequent to such conference the Employer determines that the employee was not properly suspended or discharged, the employee will be reinstated without prejudice and may be compensated by the Employer for loss of wages as hereinafter stated. If the employee is not satisfied with the determination of the Employer rendered subsequent to such conference, the Union may in writing, delivered to the Employer, request within five (5) working days after such determination that the matter of the discharge or suspension of such employee be referred for settlement to an arbitrator under the provisions of Section l6 hereof. The arbitrator shall render a decision within two (2) working days after the close of the hearing. The arbitrator shall have the power to make a decision determining whether or not the discharge or

suspension was proper hereunder, and if improper, whether or not to order the employee to be reinstated with back pay. An award of back pay made either by the representative of the Employer or by the arbitrator shall charge the Employer with the number of hours of back pay computed on an eight (8) hour day at normal rates, that the employee would have worked had the employee been employed, and in no event with a greater number of hours of back pay than the hours the employee would have worked had the employee been employed for a period beginning with the date of discharge or suspension and not exceeding twenty (20) working days of eight (8) hours each, next following the date of the close of the arbitration hearing.

SECTION XVIII
Safety and Health Regulations

(a) The present safety regulations (Employee Safety & Health Handbook) of the Employer are hereby incorporated in this agreement by reference. A joint committee, comprised of the Business Manager of the Union and two assistant Business Managers of the Union or their designated representatives and three (3) representatives of the Employer, shall be established to promulgate safe work practices. The Committee shall meet from time to time at the request of either party to discuss matters pertaining to safe work practices.

(b) Before adopting barehand practices for work on energized transmission facilities, the Union and Employer Safety Committee will first thoroughly investigate by any means necessary that this practice is not injurious to the health of the employees in any way.

(c) The Employer agrees to submit to the Business Managers drafts of the proposed revisions of the Safety Rules (Employee Safety & Health Handbook) and to meet on or about June 9, 1967, (and on later dates as may be necessary) to review and discuss such revisions. It is understood that suggestions made by the Union will be given careful consideration before final rules are adopted by the Employer. It is further understood that future new or changed Safety rules (Employee Safety & Health Handbook) will be similarly submitted and discussed before adoption by the Employer. Once the Company has made a decision on any such change in a safety regulation, the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonable in making such change.

(d) Both parties agree that they and the employees will each and all comply with the regulations made by the Employer and will respectively provide and use the protective devices, wearing apparel and other equipment to be provided by the Employer in accordance with the present practice of the Employer for protection from injury.

(e) Supervisor, Safety Administrator and/or Union Business Manager may report in writing a violation of such regulation by any employee to the department superintendent.

(f) If an employee is charged with a chargeable automobile accident, the employee and the Union are to be notified in writing within ten (l0) working days.

(g) An employee sent out on a trouble call may at the employee’s discretion and without prejudice request assistance if the trouble is beyond the employee’s ability to repair safely and adequately alone.

(h) Except in cases of necessity or emergency, employees shall not be required to do outdoor work when heat, cold, rain, snow, humidity, or other inclement weather conditions make such work unsafe in the Employer's judgment. employees may, prior to commencement

of outdoor work, or during such work, request their foreman to call the superintendent's office for a decision on whether or not such outdoor work shall be commenced or continued. If the foreman refuses to make the call, the employees may refuse to commence or continue such outdoor work until the call is made and a decision from the superintendent's office is obtained. employees shall not lose any regular pay because of failure to work outdoors due to inclement weather.

(i) When humidity or wet conditions are such that it is hazardous to work on l3,800/8000-volt or 8320/4800-volt lines with gloves, hot line sticks will be used or the lines will be de-energized.

(j) Except in cases of emergency or for customer scheduled or planned outage work, no employee engaged in work on overhead or underground lines shall be required to perform work on such lines when the temperature is ten degrees (l0°) or below. 10º clause clarification: Planned or scheduled outages for large (50 kVA and above) commercial or industrial customers, where there will be a major inconvenience or costs incurred by the customer if rescheduled. If possible, the Company will make a reasonable effort to reschedule.

(k) Employees may request their foreman to call the Superintendent's office for a decision on whether or not two (2) employees are needed on a pole to work 8320 Y hot safely or whether additional employees are needed to hang a transformer safely. If the foreman refuses to make the call, the employees may refuse to commence such work until the call is made.

(l) When it is necessary to patrol power lines on private right-of-ways at night on foot, employees will be assigned to perform this duty in pairs.

SECTION XIX

Accident and Sickness Disability Benefits

(a) The employees shall have the benefits of the Workmen's Compensation Laws of the Commonwealth of Massachusetts.

(b) Any regular employee who receives injury in the performance of assigned duties for the Employer resulting in the employee’s absence from work and in receiving medical care will be paid for such absent time, for the period of total incapacity not in excess of one year from the date of the injury, an amount which, after crediting Workmen's Compensation Benefits provided by such laws for such injury, will equal the normal basic, after taxes, pay for such absent period computed at the regular rate for a forty (40) hour week, subject to the provisions of Section 12 (d). In calculating the amount of payments to be made by the Employer, the Employer shall be entitled to the credit for Workmen's Compensation Benefits whether or not the employee has waived or actually receives such benefits. If it is established that the injury is caused by the negligence of a third party and that third party makes settlement with the injured employee, the Employer shall be reimbursed for all wage payments made to the injured employee to the extent that such settlement covers the Employer's payments made under the terms of this Section. The provisions of this subsection (b) do not apply to temporary employees, probationary employees, or part-time employees.

(c) The Employer agrees to continue in effect during the term of this agreement its present Sickness Disability Plan as modified *07/01/1992*, provided, however, that if by reason of federal or state legislation a program of such or similar benefits is established and the Employer

contributes to the cost of such program, then the Employer shall be entitled to a credit under its Sickness Disability Plan for all payments made to an employee under such program.

Test Tech Group and Employees hired on January 1, 2017 or after will be under the following Sick Leave Policy:

SICK LEAVE WAGE PAYMENT POLICY

- Non-occupational illness/injury disability lasting more than five days will be managed by Liberty Mutual
- A total of 10 sick days per year at 100% of pay
- In the case of illnesses that exceed five consecutive work days, qualifying employees will be eligible for short term disability
- The first twelve weeks of short term disability will be paid at 100% of base pay
- Up to thirteen additional weeks of short term disability will be paid at 67% of base pay
- Vacation time cannot be used in lieu of 67% pay
- Vacation time cannot be used to extend a short-term disability claim prior to transitioning to long-term disability (LTD)

(d) Disability to work resulting from sickness and accidents incurred by an employee who is a Union representative while on Union business shall not make such employee ineligible for benefits under the Sickness Disability Plan.

SECTION XX

Disability Management

(a) In the event an employee becomes unable to perform the duties of the classification in which the employee is engaged because of physical or mental disability as verified by the company, the Employer shall transfer the employee to other work, if available, which the employee is capable of performing and shall pay the employee a rate to be determined in accordance with the Schedule shown below. The Employer shall decide whether vacancies exist in a classification to which an employee may be reassigned, and the Employer shall, after consultation with the Union, determine when an employee is entitled to be, or in the interest of safety should be, transferred to work which the employee is capable of performing safely and effectively.

(b) If the maximum wage rate for the job to which the employee is assigned is higher than the adjusted rate as determined from the Schedule, the maximum wage rate of the employee's new classification shall be the applicable rate.

SCHEDULE

An employee who has been in the employ of the Employer, or its predecessors, for a period of ten (10) or more years at the time of adjustment, will be paid a rate of fifty (50) percent of the employee's current base rate plus five (5) percent of such base rate for each year of continuous service in excess of the required ten (10) years' service at the time of adjustment, but in no case shall the adjusted rate exceed the employee's current base rate. The Employer shall endeavor to find jobs for aged and/or disabled employees.

SECTION XXI
GROUP HEALTH CARE PLAN

(a) The Employer's Health Care Plan and the employee contribution schedule as described in the Company's **2023** proposal for a new Agreement will be in effect for the term of this Agreement.

(b) Changes in the Health Care Plan – beyond those associated with a change of carrier, or those legally or regulatorily mandated, shall be made with the mutual consent of the Employer and the Union, the determination of the method of providing such benefits shall be at the sole discretion of the Employer.

(c) A change of carriers and individual disputes that are otherwise covered by the providers' claims and appeal process, are not subject to the grievance and arbitration process.

SECTION XXII
Job Posting Program

(a) The Employer will post a notice of every vacancy in any job (other than a temporary or part-time job) covered by this agreement which is a starting job or the lowest rated job in an Occupational Group. Such posting will be made company-wide in all Union areas. The starting job and the lowest rated job in an Occupational Group is shown with an asterisk (*) on Appendix "C" which is attached hereto. Such notice shall be posted for seven (7) working days in all the departments where the jobs covered by this agreement exist and shall set forth the classification of the job to be filled, an outline of its duties, the qualifications required for the job, its regular hours of employment, the name of the supervisor to whom applications for the job should be submitted, the date on which the notice is posted, and the last day for filing applications. On or before the date of posting of each such notice, a copy of the notice shall be furnished to the Business Manager of the Union.

(b) Any employee, except as otherwise noted in this Section, having the qualifications required and desiring to be considered may apply in writing for such job within seven (7) working days after the notice is posted or such additional period as may be agreed to by the Union and the Employer. The employee shall apply by filling out an application form provided by the Employer, copies of which shall be available from both the Employer and the Union, and submitting the original copy of the application to the supervisor named in the notice and the duplicate copy of the application to the Business Manager or Steward of the Union. The Business Manager or Steward of the Union may submit a bid for a job on behalf of an employee who is on vacation or absent from work. The Employer shall not be required to consider any employee who fails to apply as aforesaid. The Employer will consider the qualifications of the applicants, select the person to fill the job vacancy and announce its selection within twenty-five (25) working days after the notice is removed. The Employer's selection shall be consistent with the provisions of Section l3 (a) hereof, provided that if there are no qualified applicants, the Employer shall not be required to fill the vacancy from among the applicants. For bids on posted jobs, seniority shall be company-wide with no preference given those in a particular area. When necessary to determine the qualifications of applicants, the Employer shall determine the same in a reasonable manner consistent with the requirements of the job vacancy. An employee who formerly held the job classification shall be presumed to be qualified. The Employer shall promptly notify the Union of its selection and, if requested by the

Union, shall meet with a representative of the Union and any applicants to discuss the reasons for its selection.

(c) Nothing in this Section shall be construed to impair or interfere in any way with the unqualified right of the Employer to transfer employees within a job classification from one location to another.

(d) When filling a job vacancy in an Occupational Group in a department, preference shall be given to employees in any department. Prior to filling a job vacancy from non-Company personnel, employees from other Union areas within the company shall be given preference.

(e) The employee selected to fill the job vacancy shall hold the job for a reasonable period not to exceed ninety (90) days on a trial basis. If the employee fails to demonstrate satisfactorily, qualifications to perform the work required by the job within such reasonable period, the Employer shall return the employee to the employee's former job, and notify the Business Manager of the Union in writing of the reasons for this action. When a job is declared vacant by the Company, it will be posted immediately after the former incumbent qualifies in the employee's new assignment.

(f) The employee selected to fill the job vacancy shall be transferred to such job within thirty (30) working days. If an employee is not moved into the new position within 10 working days, the employee will start accruing department seniority from the date of acceptance and will be paid the new rate of pay if it is higher than their present rate.

(g) Posted job vacancies which have not been filled after ninety (90) days from the original posting date shall be reposted unless otherwise agreed by the Employer and Business Manager.

(h) An employee, other than a newly hired or transferred into Local 455 employee, selected to fill a job vacancy under this Section shall not be eligible to bid another job until the expiration of six months from the date of the employee's selection. A newly hired or transferred employee shall not be eligible to bid another job until after completing twelve (12) months of employment, or later (unless with management's approval). A newly hired or transferred employee into the Underground Department shall not be eligible to bid another job until after completing thirty-six (36) months of employment, or later (unless with management's approval) if probationary period is extended by mutual agreement of the Union and the Employer.

(i) The Employer may assign anyone to fill a vacancy temporarily pending the posting of a notice hereunder and the consideration of applications. Newly created jobs coming under this program shall be posted not later than thirty (30) days after the creation of such job.

SECTION XXIII
Shift Premium

(a) Employees who are employed in shift operations shall be paid a shift premium as follows:

No shift premium shall be paid for hours worked on the first shift.

Two dollars and fifty cents ($2.50) per hour for all hours worked on the second shift.

Two dollars and fifty cents ($2.50) per hour for all hours worked on the third shift.

The first, second, and third shifts shall be defined as follows:

(1) The first shift shall include all regular hours of employment scheduled to start between 6:00 a.m. and 9:59 a.m. inclusive;

(2) The second shift shall include all regular hours of employment scheduled to start between l0:00 a.m. and 5:59 p.m. inclusive;

(3) The third shift shall include all regular hours of employment scheduled to start between 6:00 p.m. and 5:59 a.m. inclusive.

(b) Such employee shall be paid the respective shift premium which is applicable to the actual hours worked by the employee on each shift.

(c) Shift premium shall be applicable only for time actually worked by such an employee and only on overtime when it is contiguous and follows or precedes the shift employee's regular shift. It is not applicable if the shift employee is called in on first shift hours. It shall be added to the employee's regular hourly rate **before** computing overtime pay under Section 6 and **before** computing pay for work performed on a holiday under Section 8. Shift premium shall not be applicable in computing minimum call-out pay under Section 7.

(d) A Garage Mechanic or Chief Auto Mechanic regularly assigned to the second or third shift shall receive the shift premium for holiday pay and vacation pay. The shift premium shall not apply to any other benefits under this Agreement including sickness benefits and termination pay.

SECTION XXIV
Sunday Premium

Shift employees, whose regular schedule includes work on Sunday, will be paid a premium of twenty-five (25) percent of their basic straight- time rate for work performed on Sunday during their regular hours of employment. No such premium will be paid for work which is performed at overtime rates.

SECTION XXV
Letters of Understanding

The letters of understanding which have been mutually agreed upon by the Employer and the Union and which are attached hereto are hereby made a part of this agreement.

SECTION XXVI
System Retirement Program

It is the intention of the Company to continue its present practices with respect to benefits provided under group insurance plans and the "Northeast Utilities Service Company Plan" for the term of this Agreement for employees hired prior to 01/01/2011, and to offer the K-

Vantage Benefit to employees hired after December 31, 2010. K-Vantage will also be available to employees hired prior to January 1, 2011, who choose K-Vantage before 01/01/2011 in lieu of additional service and earnings credits under the Northeast Utilities Service Company Retirement Plan. It is understood and agreed by the Union and Company that continuance of benefits provided under group insurance plans will, of necessity, be contingent upon the rules and regulations application thereto as established and administered by the insurance companies involved. It is further understood and agreed that application of these employee benefits shall not be subject to grievance procedure or arbitration.

SECTION XXVII
Group Life Insurance Program

The Employer agrees to continue in effect the Group Life Insurance Program as mutually agreed upon by the Employer and the Union.

SECTION XXVIII
Term

This Agreement, when signed by the Employer and the Union or their authorized representatives and approved by an officer of the International Brotherhood of Electrical Workers, shall become effective as of October 1, **2023,** and shall remain in effect until October 1, **2027,** and from year to year thereafter unless either party shall give to the other in writing at least sixty (60) days prior to the expiration of a term, notice of its desire to terminate the agreement at the expiration of such term or to effect changes therein. Within thirty (30) days after the receipt of such notice, the parties shall meet to negotiate or bargain with respect to the terms of a new agreement or such changes. During the term of this agreement, neither party shall request the other party to bargain with respect to any change of the provisions of this agreement or any other matter that may add to the provisions of this agreement, and neither party shall have any obligation to negotiate or bargain with the other party with respect to the same.

This Agreement shall become effective when signed by the authorized representatives of the parties.

In witness whereof we have attached our hand and seal.

APPENDIX "B"
DUES DEDUCTION
(Weekly)

I hereby authorize and direct you to deduct from my pay union membership dues in the amount specified in accordance with the Constitution and Bylaws of the Union, this deduction to be made weekly and same to be paid to Local Union No. 455 in accordance with the terms of the collective bargaining agreement between it and the Company dated October 1, **2023**.

This authorization and direction shall be irrevocable for the period of one year or until the termination of the said collective bargaining agreement, whichever occurs sooner; and I agree and direct that this authorization and direction shall be automatically renewed and shall be irrevocable for successive periods of one year each or for the period of each succeeding applicable collective bargaining agreement between the Company and the Union, whichever shall be shorter unless written notice is given by registered mail by me to the Company and the Union not more than twenty working days and not less than ten working days prior to the expiration of each period of one year, or of each applicable collective bargaining agreement between the Company and the Union, whichever occurs sooner.

(1) For upgrading only

MEMORANDA OF UNDERSTANDING

1. Merit Increases and Classification Changes

The Labor Relations representative of the Employer will send to the Business Manager of the Union, each month, a list of employees in the bargaining unit who received merit increases and/or changes in classification during the preceding month.

2. Non-shift employees on Shift Basis

When nonshift employees are assigned temporarily on a shift basis to perform work which they normally perform on a day basis, they shall receive overtime compensation for those hours of work that fall outside the employee's regular scheduled working hours.

3. Tools

Broken or worn out hand tools and toolboxes used by Meter and Service Representatives and Electricians will be replaced at Employer's expense. Such replacements become the property of the employee. This agreement covers ordinary hand tools only and not special tools, which will be furnished by the Employer if the Employer determines such tools should be furnished by it.

4. Overtime

Each department superintendent will provide within the first fourteen (14) days of each month a copy of overtime records for the preceding month to the Business Manager or Steward of the Union.

5. Meal Allowance

The problem of providing food or making an allowance for meals often arises during emergency conditions and planned overtime work.

Whenever an employee works or is going to be required to work more than one and one half (1 1/2) hours beyond the regular scheduled quitting time, the Company shall pay such employee a meal allowance and an additional meal allowance shall be paid at the end of each five (5) hour interval of work thereafter. During these periods, the Employer will pay for time spent eating by such employee at the applicable overtime rate when the work is to be resumed after eating. If an employee works through to the completion of a job and is entitled to a meal under this plan, the employee shall be entitled to a mealtime allowance of forty-five minutes (45) at the applicable overtime rate.

An employee will be paid for a breakfast by the Employer when the employee is called out one and one half (1 1/2) hours or more before the regular starting time on the normal scheduled workday.

If an employee is called out on a day outside the normal schedule one and one-half hours (1-1/2) or more before the last normal scheduled starting time the employee will be paid for a breakfast and thereafter be paid for an additional meal after each five (5) hour interval of work. If an employee is called out outside their normal schedule, such

employee will be paid for a meal after each five hour interval of work.

After an employee is entitled to meal under the Meal Allowance Policy, the Company will pay the employee $10.00 for meals from 12:01 a.m. until 3:59 p.m. or $20.00 for meals from 4:00 p.m. to 12:00 midnight plus forty-five minutes (45) allowance at the applicable overtime rate for such meal. Restaurant slips or receipts will no longer be used and the employee will be responsible for paying for their own meals.

During times of emergency when employees cannot be released long enough to make arrangements for their meals, the Company at its expense will make suitable arrangements for same. Under such conditions, the provisions of this Section for the payment of meals shall not apply. Under such conditions, employees will earn meals based upon the eligibility guidelines above.

6. Union Elections

The Union has permission on a trial basis to place ballot boxes on Employer property to facilitate handling the election of Union officers and ratification of the agreement. It is understood that such voting will not take place on Employer time and shall not interfere with an employee's work.

7. Protective Clothing

The Employer will furnish rubber aprons, gloves, and boots for employees working on station emergency batteries.

8. Line Helper S4

A Line Helper S4 shall not be required to work on energized primary lines, other than tying in, unless a Line Mechanic or above is on the same pole or in a bucket elevated to the working position immediately adjacent to the pole where work is being performed.

9. Payday

The Employer will endeavor to get paychecks out on Thursday in weeks which include a holiday. When a holiday falls on Thursday, employees will receive their paychecks on the preceding Wednesday.

10. Subsistence Allowance (Work Assignments Outside WMECO/HWPCO Territory Excluding Training

Whenever an employee is temporarily assigned to work in another area requiring a temporary change in residence, the employee shall be entitled to a subsistence allowance of $65.00 per day. An employee authorized to make occasional use of the employee's personally owned vehicle for Employer business during working hours will be paid for such use at the applicable corporate rate per mile for all miles.

10a. On-Site Reporting - Expense Allowances (Within WMECO/HWPCO Territory)

1. When required to work distant from the "home base" (or normal reporting location), employees will be paid expense and travel allowances as follows:

1. (a) When the Company supplies transportation between the "home base" (or normal reporting location) and work, employees will be allowed travel time at the rate applicable and equal to the time spent en route.

1. (b) When requested to travel by means of specific public transportation, employees will receive the actual fare paid and will be allowed travel time at the rate applicable and equal to the time spent en route.

2. (a) When an employee is required to report for work on the job, within the area served by the "home base" (or normal reporting location), or where the reporting location is less than 15 miles away from the home base, they will be paid **sixteen** dollars **and fifty cents ($16.50)** per day in lieu of the provisions of Section 3 of this Memorandum.

2. (b) For the purposes of this Memorandum, distances shall be measured over highways which are reasonably passable and which provide the shortest routes between the employee's "home base" (or normal reporting location) and the job locations involved.

3. Except when Section 1. or Section 2. of this Memorandum is applicable, as determined by the Company, an employee is required to make their own arrangements to report at a job location, including all training assignments, outside their "home base" (or normal reporting location) jurisdiction, will be paid a daily expense allowance as provided under one of the following plans:

Plan A - If the distance one way is at least 15 miles, but not over thirty miles or less, ***$31.15*** per day.

Plan B - If the distance one way is over thirty miles but not over fifty, ***$55.20*** per day.

Plan C - If the distance one way is over fifty miles but not over seventy miles, ***$63.13*** per day.

Plan D - If the distance one way is over seventy miles but not over ninety miles, ***$71.30*** per day. When the distance is beyond ninety miles the employees will be paid the applicable corporate mileage cents per mile for all miles beyond ninety miles.

3. (a) If on any day an employee travels one way to or returns one way from a job location under the provisions of Section 1 of this Memorandum, they will be paid an expense allowance on that day under one of the following plans:

Plan E - If the distance one way is thirty miles or less, ***$26.77*** per day.

Plan F - If the distance one way is over thirty miles, ***$36.75*** per day.

3. (b) If an employee is required to report at two or more job locations outside of their "home base" (or normal reporting location) jurisdiction on one day, they will be paid the daily expense allowance provided under the plan applicable to the

job location which is the greatest distance from the "home base" (or normal reporting location). In addition, the applicable corporate cents per mile one way will be paid for the actual distance traveled between the job locations involved on the day. This Section 3 (b) will not be applied to require an employee to report at two or more job locations on one day involving plans B, C, D, or F except when it is necessary to do so to provide a full day's work or when emergency work is required. Whenever possible, employees will be advised not later than the day preceding requirement to report at a different job location.

11. Hospitalization and Surgical Coordination of Benefits

The Employer and the Union agree in principle that benefits under the Employer's Hospitalization and Surgical Plan for an employee and the employee's dependents shall be coordinated with similar benefits for such employee or the employee's dependents under any plans of any other Employer. The parties will mutually agree upon an amendment of the Employer's Plan to carry out such principle.

12. Live Primary Splicing

The Employer agrees that the practice of live primary cable splicing will be discontinued.

13. Specialized Mobile Equipment

The schedule of rates applicable to a Specialized Mobile Equipment Operator will apply to the following equipment:

Bulldozer
Locomotive
15-Ton Track Crane
Sterling Digger
18-Ton Grove Crane
Tractor Trailer
Davis Task Force
Loader Backhoe

14. Leave of Absence for Full-Time Business Manager

The Employer has agreed to consider and work out with the Union at a later date the specific details of a leave of absence policy for a full-time Business Manager.

15. Training Programs

The Employer will discuss all training programs with the Union and give full consideration to Union suggestions before putting any such new training programs into effect. Any test in connection with the above will be mutually agreed upon by the Employer and the Union.

Time Merit Progression programs as applied at CL&P are to be adopted. Details to be worked out. Areas of participation include Line Mechanics, Cable Splicers, Electricians, Mechanics, Meter and Service representatives, and Auto Mechanics. Employees who fail to successfully complete the TMP program will be terminated or reassigned in accordance with the procedure outlined below.

Method of transfer, reassignment or termination of employees who fail to successfully complete TMP training programs in accordance with the following:

Person From Within the Company

If they do not qualify in ninety (90) days, they can return to their former job.

Over ninety (90) days--will be evaluated periodically and informed of their status. If they fail to successfully complete the training program, they will be reassigned in accordance with the agreement.

Person From Outside the Company

Will be evaluated periodically and informed of their status. If they fail to successfully complete the training program, they can be terminated or reassigned in accordance with the agreement.

16. Personal Time Off

If the work schedule permits, an hourly paid employee may be granted personal time off from work without any loss in pay if, in the opinion of the employee's supervisor, a good and sufficient reason for the time off is given.

17. Allowance for Tools for Garage Mechanics

A**n eight** hundred **($800.00)** dollar annual allowance will be granted to each **Garage M**echanic who is required to furnish hand tools, representing a substantial investment as evidenced by the pictures shown by the Business Manager at a 1963 negotiation meeting, as a condition of employment.

The employee must furnish a receipt of purchase for reimbursement documenting the purchase of job specific tools.

Any Testing Equipment, Diagnostic Tools, Torque Wrenches, Specialty Tools or Socket Sets over ½ inch drive required by the Company for performance of any job will be supplied by the Company as shop tools. The employee will be responsible for any tools lost or damaged through the employee's own negligence.

Any repair and/or replacement of a cordless/battery operated tool, including batteries, shall be the responsibility of the employee. The employee shall provide and own all ordinary hand tools commonly required in the employee's regular assignment. The Company shall replace employees' personally owned hand tools used on Company assigned work if worn out or broken in normal use on the job provided the tools are not covered under warranty at the time they are worn out or broken. Worn out and broken tools replaced in accordance with this provision shall be turned over to and become the property of the Company.

If an employee's tools are stolen, not lost, while they are on Company property, they will be replaced by the Company, if, in the Company's opinion a valid and justifiable claim exists.

18. Leave of Absence

(a) The Employer will grant a leave of absence for up to two years to an employee who is elected to a full-time government office. All Employer benefits will cease during any such leave of absence. Upon return to employment promptly upon expiration of the leave of absence, the employee will retain seniority rights but seniority will not accumulate during the term of such leave. Such leave may be extended by the Employer upon application for an extension in writing by the employee. No more than one employee from the local Union will be granted a leave hereunder at any one time without the consent of the Employer.

(b) Upon written request from the Union, the Employer will grant a leave of absence for up to one year to an employee who is elected to the office of a full-time Union representative for the local Union. All Employer benefits will cease during any such leave of absence, except upon request in writing by the Union, the Employer will maintain the employee's insured benefits during such leave of absence so long as the Union pays all costs required to maintain such benefits. The employee's seniority status will be such as may be mutually agreed upon by the Employer and the Union. Such leave of absence may be extended by the Employer upon application for an extension in writing by the Union. No more than one employee from the Company will be granted a leave of absence under this paragraph (b) at any one time without the mutual consent of the Employer and the Union, except in the case of a full-time permanent position for the Local Union for which the Company will agree to grant a leave of absence to one additional employee.

(c) Special cases for a leave of absence will be given consideration by the Employer.

19. Accidental Death and Dismemberment Insurance for a Job-Connected Death

In case of accidental death on the job where a benefit is payable under the Accidental Death and Dismemberment Policy, the Company will provide an additional benefit equal to the amount payable under the Accidental Death and Dismemberment Policy, thus providing Triple Indemnity from all sources in such a case.

20. Illness or Injury Immediately Preceding or During Scheduled Vacation *prior to year-end.*

An employee who has been unable to take all of their vacation by December 31 due to a verified incapacitating illness, will have their incapacitated vacation time, up to eighty (80) hours, extended until December 31 of the following year, scheduled at the option of the Employer. **The eighty (80) hours of vacation includes the forty (40) hours of vacation carried over in accordance with Section XI, Subsection (b).**

21. Day Before Christmas

Employees who cannot be released for 4 hours on the day before Christmas or given compensating time off on the day before New Year's will be paid 4 hours' pay at their regular straight-time rate. This paragraph will be applicable to shift employees on a scheduled day off and to employees on vacation or out sick.

22. Safety Shoe Allowance

The Company will increase the safety shoe for the Overhead, Underground, Electrical Maintenance, Building Maintenance, Meter Service Installers and Representatives, Field Technicians, Garage, Mappers, Test Technician and Storeroom employees per the following:

The Company will provide up to **$300.00** allowance to employees in the departments listed above, towards the purchase of safety footwear (*up to two pairs) annually* that meets the requirements for impact/compression resistance and protection from electrical hazards (EH rated) as described in Sections 1 and 4 of ANSI Standards Z41-1999.

The employee must furnish a receipt of purchase for reimbursement documenting the purchase of safety shoes which meet the above safety standard and the allowance will be limited to one purchase per year. Ordering safety shoes through the Company stock rooms has been discontinued.

Meter Readers will be eligible for up to $100.00 (up to two pairs) annually for *non-EH* rated safety shoe reimbursement. Receipts to be furnished and the shoes must be ANSI accepted.

23. Safety Regulations for Rubber Gloving Energized Conductors in the 15kV Class

The safety regulations outlined in the Memorandums of Understanding dated February 22, 1974, entitled the WMECO Practices and Procedures for Rubber Gloving Energized Conductors in the l5 kV Class are incorporated into the Agreement by reference. Any changes in the WMECO Practices and Procedures for Rubber Gloving Energized Conductors in the l5 kV Class, as outlined in the above Memorandums of Understanding, shall be a matter of discussion between the parties before becoming effective. Once the Company has made a decision on any such change in the above rules only, with the exception of Item 2, "All standard safety rules now in effect shall be followed," the grievance procedure up to and including arbitration may be initiated to determine if the Company acted reasonably in making such change, based on the effect such change would have on the safety of the employees involved.

In the event the Union wishes to question whether a new or changed safety regulation in the above-stated Memorandums of Understanding is reasonable, such issue shall first be referred for review to a committee of two safety specialists, one appointed by the Company and one appointed by the Union. If the two representatives agree as to their decision on the issue submitted, it shall be binding on both parties. In the event the committee is unable to agree, then the same issue shall be submitted to arbitration under Section 16 of the current collective bargaining agreement and the designated arbitrator may use the two safety specialists as consultants in reaching a decision following a hearing on the issue.

24. Notification of Industrial Accidents

Company will supply the Union in writing the names of all employees who are out of work as a result of an industrial accident within five (5) working days from the date workmen's compensation begins, whether or not this be a new accident or a recurrence.

In the event a claim for workmen's compensation is denied by the Company, the Union will be notified within two (2) working days.

25. Streetlight Inspector

The following duties will be added to the established duties of the Streetlight Inspector:

A. Set up to 20-foot streetlight poles--wire to hand holes.
B. Assist qualified personnel in service disconnects and re-connects--overhead and URD.
C. Assist qualified personnel in installing and removing residential type services--overhead and URD.
D. Plant inspections--overhead and URD.
E. Pole inspections.
F. Regular patrol of lines as required.
G. Minor maintenance, such as molding repairs, guy repairs, stenciling poles, applying switch nomenclature to poles, stenciling padmounts, etc.

26. Streetlight Line Mechanic

The following duties will be added to the established duties of the Streetlight Line Mechanic:

A. Set up to 20-foot streetlight poles--wire and hook up in hand holes.
B. Service disconnects and reconnects--overhead and URD.
C. Install residential type meter and service where no present service exists (not to include upgrading of service), and remove both meter and service where service is to be terminated-- overhead and URD.
D. Plant inspections--overhead and URD.
E. Pole inspections.
F. Regular patrol of lines as required.
G. Minor maintenance, such as molding repairs, guy repairs, stenciling poles, applying switch nomenclature to poles, stenciling padmounts, etc.

27. Medical Monitoring

The Union will receive reports upon request of all medical monitoring of bargaining unit employees in anonymous form. Upon request by a Bargaining Unit employee and/or the Union and provided that individual employee authorizations are submitted when required, the Company shall provide such safety and health information as is available.

28. Cross Rostering

The Company will assure that qualified available employees normally located at the reporting base are the first to be offered the assignment.

Once a cross rostering assignment has been made and unscheduled overtime of two and one-half (2-1/2) hours or less is needed to complete the day's work assignment, those cross rostered employees assigned may be offered the overtime assignment.

Scheduled overtime, under cross rostering, will be assigned to the available qualified employees under the Contract the work site is covered by.

Overtime (call-outs) will be assigned to employees whose Contract governs that work site.

This language is not intended to add or subtract from the existing practices where employees of Connecticut Light and Power Company work in the Western Mass. Region or the practices now in existence where Western Mass. Electric Company employees work in the Connecticut Light and Power territory.

29. Upgrade to Lead Cable Splicer

When two (2) splicers are assigned to work together, one (1) will be upgraded to lead cable splicer.

30. The Company to supply coveralls to Garage Mechanics. Each Garage Mechanic will be supplied with two (2) pairs initially and one (1) pair per year thereafter. The employee will be responsible for cleaning and maintenance.

31. Transmission Line Work Premium

Springfield Line Mechanics assigned to the Transmission Line groups will receive an additional dollar and fifty cents ($1.50) per hour, added to their regular rate when assigned to perform transmission line work.

32. Job-Site Reporting or Transfers. Providing qualifications meet the job requirements, job-site reporting will be determined by “department” seniority if there are no volunteers.

33. Underground Fault Locating (Thumping)

For non-substation related fault locating, after an unsuccessful campaign to reach Electrical Maintenance personnel in the affected district, the qualified underground/overhead personnel on site of an event will be allowed to test and locate primary cable during emergencies in accordance with current substation protocol.

34. Meter Service Representative Upgrade

Meter Service Installers and Representatives (fully qualified) will be paid $1.00 per hour additional upgrade when working in a two-person crew while performing work that includes training of other Representatives or Installers. An example of this is a CT/PT project that requires more than one person. At no time will Meter Service Representatives be upgraded while doing disconnect or reconnect work or performing the function of a “second person” in disconnect/reconnect situations.

35. **Combined OT Lists**

The Hadley and Cummington overtime lists for the Line Department shall be combined into one list for all overtime assignments. Overtime shall be offered in accordance with the contract.

Cummington shall be considered a satellite of the Hadley Area Work Center.

36. **Field Engineering Department's Use of Company Vehicles**

The Company may authorize an employee who is assigned a Company vehicle to take the vehicle home. A WMA Field Engineering employee who takes a Company vehicle home shall be subject to the following conditions:

When an employee reports to the East Springfield AWC at the start of the day, the employee must be in the office at the beginning of their assigned shift. If the employee is assigned to report elsewhere at the start of the day and the reporting location is closer to the employee's home than the assigned office, the employee must arrive at the reporting location at the beginning of their assigned shift and leave to travel home at the end of their assigned shift. (Note 1)
If the reporting location at the start or end of the day is further from the employee's home than the assigned office, the time spent traveling beyond the employee's commute time to or from the East Springfield AWC shall be on Company time.

For example, if an employee normally has a 20-minute commute to the East Springfield AWC and the reporting location is 45 minutes away, the employee is expected to show up at the reporting location 25 minutes after the beginning of their assigned shift and leave 25 minutes before the end of their assigned shift.

Note 1:

For current WMA Field Engineering Dept. employees with commute times to the Springfield AWC greater than 30 minutes, the time used to determine the "employee's commute time" shall not exceed 30 minutes.

Anyone hired or transferred to the WMA Field Engineering Department following ratification of the October 1, 2023 contract will be required to live within a 15-minute commute of the Western Massachusetts operating region.

37. **Field Engineering Group Gap Training**

Establish a training rotation and qualification card to support Distribution Automation work competency purposes.

The training rotation will be required for all qualified employees within the department. The training rotation will take up to 2 months from start time to completion. Month one of the rotation will be spent in training. Month two will be spent training the next employee in the rotation. The training rotation begin on or about January 1, 2024.

The Company and Union shall meet within ninety (90) days of ratification of the October 1, 2023 contract to develop the specifics of the training rotation, to discuss training, establish qualification card requirements, and address other related topics. The committee will also update the TMP as necessary based on distribution automation training requirements.

MEMORANDUM AGREED TO ON MAY 1, 1967

Each employee Safety Committee member will be directed by their supervisor to attend Safety Committee meetings unless an existing emergency prevents the employee's attendance. Each Committee shall rotate one-half (1/2) of the members of the Committee every six (6) months so that at no time shall more than one-half (1/2) of the Committee be composed of new members. It is understood that a Safety Committee member whose work schedule calls for starting at 7:00 a.m. will report for work at 8:00 a.m. on the morning of a scheduled safety meeting.

MEMORANDUM

WESTERN MASSACHUSETTS ELECTRIC COMPANY-UNION

SAFETY COMMITTEES

It is recognized that a number of properly functioning employee safety groups throughout the Company may aid in maintaining constant vigilance and interest in safe practices and tend to reduce accidents. Therefore, in connection with the operation of Safety Committees within the Company, the following items are to be observed:

1. There shall be small functioning Company-Union Safety Committees. They shall meet regularly on prearranged dates to review current accidents and safety problems and to offer recommendations for improvements in safety.

2. Each district/area shall establish a Company-Union Safety Committee. The Committee shall be composed of two (2) members selected by management with remaining membership selected from and by the employees of the Company and shall represent the selecting group.

3. Each Safety committee shall elect a chairperson and secretary to serve for a twelve (12) month period. It shall be the duty of the secretary to keep minutes of the meeting and arrange for their typing and reproduction with sufficient copies for distribution. The secretary shall be responsible for assuring the accuracy and relevance of safety committee minutes before distribution.

    a. Copies shall be posted on the bulletin board in the area served by the committee.

    b. One copy of the minutes shall be sent to the superintendent responsible for the function represented. The responsible superintendent shall review the recommendations with supervisors in the department. The superintendent takes action deemed necessary and reports such action to the Safety Committee. In cases where this action is questioned, the chairman of the Safety Committee and the superintendent shall meet to discuss the matter. Should agreement not be reached at this meeting the matter will be referred to the Safety Supervisor who will further investigate and report back to both the superintendent and the committee chairman. Should the committee be dissatisfied with the report of the Safety Supervisor, the chairman of the committee may request a meeting with the Accident Review Board. The Board will review the problem with the committee members, the superintendent and the Safety Supervisor and make their recommendation to the President.

c. At the regular meetings of the Accident Review Board, the Safety Supervisor will make a brief report of action taken on safety committee recommendations.

4. In order to best utilize the services of the Safety Supervisor, it may be necessary as well as desirable to combine in one committee the safety efforts of several stations, departments, or groups. The membership in any one committee, however, should not be so large as to interfere with the proper functioning of the committee.

5. Members who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting during their regular working hours will not lose their regular wages while attending such committee meeting.

6. Members who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting outside of their regular working hours will be paid while so attending, in accordance with the Company overtime pay policy.

7. Members, who have been selected by the employees to serve on a Safety Committee and who attend a scheduled committee meeting which is held at a location other than their regular working location, will be entitled to transportation from their regular station to the location where the meeting is being held and return to their regular station.

   If such transportation cannot be furnished by the Company, the supervisor may approve the use of public transportation or mileage of the employee's own vehicle, such mileage being paid in accordance with the Company mileage allowance policy.

8. Mileage from item 7 will be entered for reimbursement through the COLT payroll system.*

9. Proper notation of time spent in safety committee meetings shall be indicated on the employee's time slip.

E. H. Wessells, Jr.
Safety Supervisor

May 1, 1965
*Revision 10/01/01

METER SERVICE JOB FAMILY

The Company proposes the establishment of a Meter Job Family Progression for the Meter Reader, Meter Installer, and Meter Representative positions. Progression within the Meter Job Family is outlined below:

Meter Reader Progression to Meter Service Installer Helper:

- Meter Readers progress to any/all open Meter Service Installer Helper (S1) positions when / if they become available provided they meet necessary qualifications of successfully passing the CAST test at the Meter Service Installer level or higher. Qualified Meter Reader candidates will fill open Installer positions based on Department seniority in the district where the open position exists (i.e., Springfield, Pittsfield, or Hadley).

- If the open Meter Installer position is not filled by a Meter Reader from the same district, the job will be made available to Meter Readers from the other districts and filled based on Company (union) seniority.

- If no Meter Readers are qualified or interested in filling the position(s), the job will be posted according to Section XXII of the union contract.

- Meter Readers who accept a transfer to Meter Installer Helper positions will enter the new classification at the TMP Step 5 (S-5) wage rate. However, for TMP progression they will start at S1. Also, with the exception of general wage increases, employee's wage rate will be frozen (red-circled) at the S-5 wage rate until employee progresses through their TMP steps and becomes equal with TMP progression increases.

- All Meter Installers/Installer Helpers can be assigned to read meters when necessary.

- All Meter Installers/Helpers hired after 1/1/02 will be considered shift workers and thus can be assigned to work shift hours. For example, an Installer hired after 1/1/02 can be assigned to read meters as a 2nd shift mobile AMR driver should the need arise due to resource limitations (i.e., due to sickness, vacation, workers compensation / light duty, equipment failure, etc.) If this were to occur , as is the case with any schedule changes, the Company will adhere to Section VI of the union contract.

Meter Service Installer Progression to Meter Service Representative:

- Meter Service Installers progress to any/all open Meter Service Representative positions when / if they become available provided they are at the fully qualified Installer level (TMP S6 or higher) and have successfully passed the CAST test at the Meter Service Representative level or higher. Qualified Meter Service Installer candidates will fill open Meter Service Representative positions based on Department seniority in the district where the open position exists (i.e., Springfield, Pittsfield, or Hadley).

- If an open Meter Service Representative position is not filled by a Meter Service Installer from the same district, the job will be made available to Meter Installers from the other districts and filled based on Company (union) seniority.

- If no Meter Service Installers are qualified or interested in filling the Meter Service

Representative position(s), the job will be posted according to Section XXII of the union contract.

- Meter Service Installers who accept a transfer to Meter Service Representative positions, will enter the new classification at their current rate of pay and appropriate TMP training level as determined by the company. They will remain at their current rate of pay until such time as their training and pay are equal and then be eligible to continue through the TMP training/salary process.

Other Items

- For the existing Installer Helpers (6) who transferred directly from their former Meter Reader position and as a result were required to take a cut in pay, the Company agrees to progress these employees to the S5 Installer/Helper wage rate prior to any general wage increase and freeze (red circle) them at this wage rate (with the exception of future general wage increases) until employee becomes equal with TMP progression step increases. In addition, these employees cannot be bumped by employees in a lower classification (i.e., Meter Reader).

- The Union agrees to cap the existing Meter Reader wage rate (prior to any general wage increase) for all new hire Meter Readers (i.e., Mobile AMR drivers). This is the same rate as the Temp Meter Reader rate (per the Three Year Manpower Agreement for new hire Meter Readers). All existing Meter Readers will be grandfathered and maintain their current wage structure per the contract.

- As part of this agreement, both the Company and the union agree to meet within 90 days of contract ratification to discuss the issue of combining the Meter Service Installer and Meter Service Representative positions into one TMP (job family) program.

- The Company recognizes that there may be circumstances in the future where injured or disabled employees may need to be considered for open Meter Service Installer or Meter Service Representative positions. In the event that a situation arises under this agreement that relates to section *XX - Disability Management*, the Company will abide by this section of the contract.

- The Company reserves the right to determine the proper mix of Meter Service Installer versus Meter Service Representative positions in a district based on need / workload requirements.

MEMORANDUM OF UNDERSTANDING

LEAD LINE MECHANIC

August 24, 1979

The following understandings were reached between the Company and the Union with respect to establishing the job classification of Lead Line Mechanic to be the leader of a two-person overhead line crew.

1. Job Classification

Lead Line Mechanic Expectations

Talking points regarding the Lead Line Mechanic Memorandum of Understanding DTD August 24, 1979

- Progress of the assigned job
  - Directs all crew members
  - Ensures applicable guidelines and procedures are adhered to (construction standards, vehicle operation, etc)
  - Ensures appropriate break / lunch times are adhered to
  - Ensures the productivity of the crew
  - Communicate any change / delay of daily assignment to their Supervisor in a timely manner
  - Ends work in a reasonable time to return to the AWC / show-up location
  - Provide Supervisor a job status update for the tasks assigned

- Employees own safety, the safety of the employee assigned to the employee and the safety of the general public as it relates to the job being performed
  - Ensures all crew members adhere to all safety standards
  - Ensures a safe job site / work zone set-up
  - Ensures a comprehensive and complete job brief (tailboard) is conducted and documented

- All assigned equipment and material related clerical and stores activity
  - Ensures crew has all required material / equipment / tools for daily job assignment
  - Ensures all required paperwork is submitted at the end of day
    - Crew timesheets, tailboard sheet, completed job packet, police detail sheets, trouble tickets, etc.

2. Progression

Lead Line Mechanic will be added to Occupational Group D-2 or TD-2 on the same level as Response Specialist in Appendix C. It is understood that Response Specialist will be

combined with Line Mechanic for purposes of promotion to Lead Line Mechanic under the provisions of Section 13 of the Agreement.

3. Reduction in Force

Lead Line Mechanic will be added to the top of Occupational Group D-2 and TD-2 under Section 14 of the Agreement.

4. Call Outs

Lead Line Mechanic and Line Mechanic will be combined for purpose of equalization of overtime and emergency call outs.

5. Upgrading

A Lead Line Mechanic will be upgraded to Crew Supervisor-Lines in accordance with Section 12d of the Agreement whenever a third person is added to the employee's crew. The Lead Line Mechanic (this also includes Lead Electricians and Lead Cable Splicers) cannot refuse this upgrade.

When two or more two-person crews are working as a coordinated unit and a Supervisor is not present on the job, one of the Lead Line Mechanics or temporary Lead Line Mechanic will be upgraded to a supervisory position in accordance with Section 12d of the Agreement.

When two Line Mechanics (or Response Specialists) are working together as a two-person crew, one will be upgraded to Lead Line Mechanic in accordance with Section 12d of the Agreement.

The letter of understanding concerning upgrading on a two-person crew on page 100 of the Agreement is rescinded and will be removed from the Agreement.

6. Added Person On a Job

It is agreed that a Lead Line Mechanic or temporary Lead Line Mechanic may request and receive an additional employee or employees on a job.

When such a request is considered as unnecessary by the Company, it will provide the employee or employees but will point out its reasons for believing the request unnecessary. If such requests continue, the Company will take appropriate action, subject to the provisions of Section l6 of the Agreement.

7. Use of Nonclimbers as One Person of a Two-Person Crew

When working on live primaries, the Company will not assign a non-climber as one person of a two-person crew. It is the position of the Company that this restriction does not apply to opening and closing a cutout, taking load and voltage checks, replacing a fuse or isolating an area because of a fault, and work which can safely be performed by one person. All non-climbers will receive necessary safety training prior to being assigned as one person of a two-person crew. This training will include one person bucket rescue and mouth-to-mouth and CPR.

In the application of the above use of non-climbers, it is recognized that an issue exists between the Company and the Union concerning the applicability of the Lineman's Safety Act.

Both parties have agreed in principle to submit their differences to the court and obtain a declaratory judgment on this matter.

8. It is agreed that a Line Helper S1 will not be assigned as one person on a two-person crew for the first six months of the employee's trainee period. The Helper S1 will receive necessary safety training prior to being assigned as one person of a two-person crew.

A Line Mechanic Helper S2 will not be required to work alone on energized conductors.

Revision made 10/01/16

Memorandum of Understanding
Between
The Western Massachusetts Electric Company dba Eversource Energy and
IBEW Local 455

Response Specialist – Line

The purpose of this document is to outline the scope and parameters of the Response Specialist position in Massachusetts as agreed to between Western Massachusetts Electric Company dba Eversource Energy (the "Company") and IBEW Local 455 (the "Union"), collectively referred to herein as the "Parties." In accordance will collective bargaining agreements between the Parties dated October 1, **2023** (the "CBAs"), both Parties agree as follows.

Job Duties and Description
Attachment A

Schedule:
The hours of coverage will be up to 24 hours daily and 7 days per week. Shifts may be up to twelve (12) hours per shift.

Holidays:
Section VIII - Holidays

Number of positions for the staffing of the Response Specialist:
The Company proposes a maximum level of up to 24 Response Specialists. **If the Company intends to increase staffing levels beyond 24 Response Specialists, the Company and Union shall meet and discuss staffing and/or schedule changes at least sixty (60) days prior to implementation.**

During the time period of June 1st through September 30th, the parties agree to upgrade one line mechanic in each district (3) to a Seasonal Response Specialist to be paid at the Response Specialist rate.

Backfilling shift vacancies within the Response Specialist organization:
The Company will determine the need to backfill open shifts and positions based on operational requirements and will be done from within the respective districts. If needed, an open shift can be offered to other Response Specialists as determined by management.

Reporting location(s):
Springfield
Pittsfield
Hadley (30 minutes from Hadley, Montague or future combined site.)

Coverage area:
The area that is covered by The Western Massachusetts Electric Company:

Supervisory Direction:
Response Specialists will be directed through the System Operations Center ("SOC"). The Field Supervisor will provide day-to-day direction for the Response Specialists.

Mutual Aid:

A. Response Specialists will not be eligible to perform mutual aid assignments off Company property. Company property is defined as any and all property owned by Eversource.

B. Response Specialists will not be eligible to perform mutual aid assignments on Company property unless approved by management.

Training:
The Company will schedule all required ongoing training and updates.

Response Specialist initial staffing:
Response Specialist positions will be offered to and filled in conjunction with the WMECo collective bargaining agreement.

Staffing

- Internal Candidates – Hiring process in accordance with contractual provisions. The **Response** Specialist position requires a minimum rating of 1st class line worker and 12 months experience in such position.

- External candidates – The **Response** Specialist position requires a minimum rating of 1st class line worker. Potential candidates to be given a physical skills test. Successful candidates to be offered a position within the Response Specialist organization. Candidates who accept a position will receive training/orientation prior to beginning their new role.

Retention
Incumbent qualified employees who elect to accept a position within the Response Specialist classification will be retained in accordance with the Collective Bargaining Agreement.

Employees hired from outside of the Local 455 pool of candidates will be retained for a minimum of three (3) years.

Seniority:
For the purposes of Section XIII, Response Specialist and Line Mechanic will be considered as the same classification.

Implementation:
Post and fill Response Specialist positions upon contract ratification.

Attachment A

Eversource Response Specialist Duties

The responsibilities will include, but not be limited to, clearing faulty and unsafe conditions, including maintaining or restoring electrical service, by temporary or permanent means to include bracing/lashing poles, securing pole tops, floating conductors, extending secondary, or as described below listed duties.

The below illustrative duties will be performed as a single-person crew or as a multi-person crew as dictated by the task and applicable work methods.

1. Clearing faulty and unsafe conditions including maintaining or restoring electrical service by temporary or permanent means;

2. Operate primary* and secondary fault locating equipment on URD systems in order to isolate the faulted equipment and restore the customers;

3. Operate switching and control devices on both the overhead and underground systems (pad mounted equipment). **See Attachment B for further information;**

4. Connect, disconnect, and operate portable transformers, generators, and temporary primary jumpers under emergency or urgent conditions;

5. Replace transformers with assistance of other qualified employee(s);

6. Replace damaged or faulty equipment during the initial response;

7. Perform streetlight repair work including replacing defective bulbs, photocells, and heads along with new installations.

8. Install and remove minimal cover up as needed. This may include primary conductors;

9. Perform secondary overhead and URD service connections associated with connecting customers including new customer connections;

10. Perform overhead distribution system line patrols;

11. Perform URD and overhead equipment inspections;

12. Make current and voltage measurements, as required;

13. Determine and record causes of failures and communicate the findings to the SOC;

14. Communicate the status of outages to the SOC – on-site, restoration projections, ETRs, etc.;

15. Investigate customer concerns, communicate with customer when needed to provide information;

16. Investigate and correct complaints of interference to telephone, radio, or television reception;

17. Document and submit required records and reports associated with trouble, line patrols, equipment inspections, and other related work;

18. Utilize mobile data terminals as they become available;

19. Utilize Rapid Pole Set Trailer in maintaining or restoring electrical service.

*this includes all URD/DB single phase systems and three phase radials

Attachment B

There are various types of pad mounted switchgear in Western Massachusetts. Some of the most common are PMH, PME and ISG. Response Specialists would not normally respond to this equipment; however, the Company may train them if they were to be utilized to restore customers while EM personnel are responding to an event.

There are many more types of gear in the industry. Therefore, this is for discussion purposes only and not meant to be all-inclusive.

October 1, 2023

LOU – Roving Electrical Maintenance Agreement – 10/01/2004 (Revised 10/01/2010 and 10/01/2023)

MEMORANDUM OF UNDERSTANDING
ROVING ELECTRICAL MAINTENANCE & CONSTRUCTION

October 1, **2023**

Mr. **John Beaudoin**
Business Manager/Financial Secretary
I.B.E.W. Local 455
474 Page Boulevard
Springfield, Massachusetts 01104

Subject: Revision of Roving Maintenance Overtime Agreement

Dear Mr. **Beaudoin**:

The purpose of this memorandum of understanding is to update and clarify the roving maintenance agreement. The MOU addresses issues such as the scope of assignment, selection of employees to the roving crew, overtime distribution, travel, rotation and job site reporting expense. In addition, management will discuss with all workers prior to the start of a **one** month assignment, the work load that is known, to the best of their knowledge, for that period of time.

1. Scope of Assignments

Work assignments will include assignments to any properties in Massachusetts owned and/or operated by Western Massachusetts Electric Company (WMECO) and assignments to any location to which WMECO has contracted to perform work in Massachusetts.

Work to be performed will include, but not limited to:

- Major Maintenance (i.e., de-energized inspection, test and maintenance).
- Test (i.e., de-energized test and inspection).
- Construction projects (major or minor).
- Any assignment of less than three days is not considered a roving assignment.

Clarification of Roles of Construction and District Maintenance Electricians is as follows :

A. The primary role of the Substation Construction Electrician but not limited to this role will be work responsibilities related to the installation or replacement of substation equipment and protection systems – distribution and transmission.

B. The primary role of the District Electrical Maintenance Electrician but not limited to this role will be work responsibilities related to the maintenance of substation equipment for both distribution and transmission equipment. *Maintenance Electricians to remain as Switchers for Western Mass Station Switching to support Construction work.*

Clarification for switching on Construction Projects:

If a project is assigned to WMECO Construction, switching will be performed by the Construction Electricians listed on the **Authorized** Persons List (**A**PL) if the switching only involves the substation where they are working. This will also be scheduled in accordance with Section 6 Paragraph M of the Contract. Switching occurring at the completion of the Construction Project and involving Overtime work beyond the end of the normal work day will be performed by the local District Electricians and will be staffed by following Local District Protocol. Otherwise the switching will be performed by the Construction Electricians who have been working on the Project.

If a project or other work is being performed by an outside contractor in a substation, or transmission line construction work requires switching to be performed, district electricians will perform the switching activities.

Switching on off-hours (weekends/holidays/ outside regular work hours) to support Construction projects in a particular District **will** *be performed by the local district electricians with help from Construction electricians working* **at the station location where the project is taking place** *(blended) if needed. If more help is needed, management will go to district electricians in other districts.*

2. Selection of Employees

All employees in the following classification will be entitled to participate in the Roving work assignments to supplement WMECO Electrical Construction or other Districts as needed:

Lead Electrician
Electrician
Electrician Trainee

The Company seeks participation of qualified employees from the participating areas and Classifications as follows:

Springfield	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*
Pittsfield	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*
Hadley	-	*2 Electricians or 1 Electrician and 1 Electrician Trainee*

Hadley / Pittsfield – Roving Assignments

For support to other districts, the company will utilize Hadley and/or Pittsfield Electrical Maintenance Roving personnel based on business need and management discretion. The company will ask for volunteers to fill the roving assignment before employees are forced to fill the assignment on a seniority basis. These assignments are as follows:

Pittsfield: Two Electricians or a qualified electrician trainee
Hadley: Two Electricians or a qualified electrician trainee

Participation will be on a voluntary basis provided the required number is obtained. If the required number is not obtained, assignment to the program will be made on a junior to senior

(Department Seniority) basis.

3. Rotation

- Participants will normally rotate off assignment after a **one (1)** month period, except if the assignment is at a critical juncture.
- Lead person will not rotate.
- Assignment to such work will be for the duration of the work in most cases. However, if a roving job assignment involves planned overtime, staffing on the roving job assignment will be rotated every 4 weeks or after a critical juncture is completed, defined by the assigning supervisor.
- If all roving assignments are working planned overtime, staff rotation is not necessary.
- *Request volunteers for Roving assignments from all Districts first before forcing Electricians in District where substation project/maintenance work resides.*

4. Overtime Distribution

As far as practicable, overtime will be distributed equitably over the calendar year among the employees who are in the job classifications assigned to "roving electrical maintenance work." **E**mployees assigned to this work will not be subject to call-outs during the week except as follows: Electricians on roving assignments within their home district will remain on their respective district call-out list, Electricians roving outside of their home district will be removed from the call-out list during the week. In addition, the following will also apply:

The Company will maintain the separation of Springfield Electrical Maintenance and Construction Electricians into 2 Distinct Groups with their own respective Overtime lists.

The Company will continue to staff weekend and Holiday assignments for Construction projects from the Construction Overtime List first including any Rovers who may be working the particular job. Additional staffing to be requested from Substation Home District and then to other Districts.

Construction Electricians and District Rovers if applicable who are assigned to Transmission Projects or Customer Critical Distribution Projects will be removed from the A**R**COS List for the duration of the particular project to help honor WMECO's commitment to the Transmission and Distribution Organizations to adequately staff and complete these projects on time. If the electricians are working a regular 40 hour per week schedule for the Project, they will be allowed to remain on the A**R**COS list.

This requirement also applies to Storm Emergencies affecting the WMECO Service Territory.

The company will also discuss work that involves overtime with the current rovers, as far as practicable, in advance to the actual start of the job. Both parties agree that the procedure for determining how overtime work would be distributed will be determined by whether the overtime is planned or unplanned and whether it is during the week or weekend. It will be a factor only if the work is identified as requiring overtime prior to the start of the job. Not all roving work or construction work will require overtime. The following chart will be the manner by which employees' will be selected for work that is determined to have overtime associated with the

work prior to the start of the work. This could be modified depending on other circumstances and discussion with the work force and Union representation.

PLANNED OVERTIME CHART

Planned Overtime – Weekdays

• Low person on the Roving Electrical Maintenance job assignment for the quarter (unless already assigned to a job) will be asked to work the assignment to its completion unless there are reasons to change personnel such as vacation, sickness, or end of quarterly rotation for the group of rovers. Some special reasons may also be considered with prior discussion with the parties involved.

Unplanned Overtime – Weekdays

• Roving Electrical Maintenance Workers on the job will continue to be selected as they are now.

Planned Overtime – Weekends

• Maintenance repair work on weekends and Holidays to be staffed from District Lists. Utilize staffing of Lead/Clearance Holder with the remainder of crew complement to come from the District list where the maintenance work resides. Additional staffing will then come from other Districts and then from Construction Electrician Group if necessary.

5**. On-Call**

On Call Assignments will be assigned to the Maintenance Electricians for District On Call assignments.

- *Prior to forcing a Springfield Electrician to be On Call if necessary, volunteers can be sought from the Construction electrician group provided that they are not already committed to a Planned Overtime assignment or working outside of the Springfield District.*

6. **Storm Assignments**

Storms and Out of Town Assignments will be filled by the Maintenance Electricians first with additional staffing coming from the Construction Electrician group as needed.

7. **Gassing SF6 Breakers Protocol**

Maintenance Electricians will continue Gassing SF6 Breakers to support Capital Construction Projects.

8. **Vacuum Filling Process**

- **Both Maintenance Electricians and Construction Electricians will support the Vacuum filling process for oil filled transformers being installed or replaced under a Capital Construction Project.**

- **District Maintenance Electricians' Work Hours to support Vacuum Processing shall be:**
  - **Monday through Thursday – 10:00 P.M. to 6:00 A.M.**
  - **Weekends, and Holidays – 6:00 P.M. to 6:00 A.M.**

- **Construction Electricians will support the Vacuum Process during their scheduled work hours of 6:00 A.M. to 4:00 P.M. on Monday through Friday with one electrician working extended hours to transition the Substation Escort access responsibilities to the incoming Maintenance electrician.**

- **Construction Electricians will work 6:00 A.M. to 6:00 P.M. on Saturdays, Sundays, and Holidays as needed to support the vacuum processing for the transformer replacements assigned to the Construction group and transition to the Maintenance Electricians when they arrive at the substation to begin their shift.**

- **When support is not needed for the full shift, the Company may release the employee at completion of the assignment.**

- **If support is needed beyond the shift and is expected to be less than 2 hours, the Company may extend the hours of the employee assigned to provide support.**

- **Rest time rules shall apply to both groups as needed.**

- **District Electricians will cover all shifts for the vacuum processing for any Transformer replacements being performed by an outside contractor.**

9. Travel

When employees are required to make their own travel arrangements to report to job locations other than their base headquarters, they will be paid a daily expense allowance as follows: Any job site reporting assignments will be paid in accordance with the Collective Bargaining Agreement. For single day assignments, all employees shall be responsible to bring their PPE (i.e. hard hat, safety glasses, rubber gloves with keepers, leather gloves, traffic vest, and FR rain gear) with them to the job site reporting assignments. In addition, all roving employees job site reporting within their home district, but still available for call outs, shall have their PPE (as listed above) with them for call outs.

10. Hours of Work

The schedule hours of work may vary on each project. (Subject to 1994 WMECO Negotiations)

11. Filling Open Positions in WMECO Construction

The 30 minute reporting requirement will be removed for Construction Electrician positions. Electricians can continue to move from Construction to Springfield Maintenance when a job opening is created provided that the interested electrician lives within 30 minutes of the Springfield District to be consistent with WMECO Emergency Response requirements of a District Electrician. This applies to all electricians hired into the Construction Group after October 1st, 2010. Electricians can also continue to move **from Springfield Maintenance to Construction** when a job opening is created as well.

The present staffing provision to ask Construction and Springfield Maintenance electricians to fill each group's respective position vacancies first before posting to WMECO will remain as it has been.

Promotion to Lead position will be determined from each separate group's Seniority list.

12. Program Changes

Any changes to the "Roving Maintenance" program that affects participants (i.e. hours of work; assignments; overtime, etc.) shall be a matter of discussion between the parties before becoming effective.

At all times the provisions of the contract that apply will be adhered to with the exceptions being approved by both parties involved. If you are in agreement with above-outline process, please sign where indicated below and return a copy to me.

Sincerely,

Brooke Sherer
Director, Labor Relations

cc: C.Dooley

Agreed to by the Union:

_____ _____

John J. Beaudoin, Business Manager — Date
I.B.E.W., Local 455

LOU - October 30, 2000 – Expanded Duties for Distribution Construction Mechanic – Time Merit Progression Program.

Add the following *underlined* language to the existing 10/30/2000 letter:

"Expanded Duties: (1) Set up to 20 foot streetlight poles and heads, connect and maintain them. *In underground fed areas, the Distribution Construction department and Splicers will be able to install up to 35 foot dedicated streetlight poles and heads, connect and maintain them.*"

August 6, 1969

Mr. Thomas F. Eastwood, Business Manager
Local 455
International Brotherhood of Electrical Workers
l39 Arthur Street
Springfield, MA

Dear Mr. Eastwood:

This letter confirms the agreements reached on July 24, 1969, pertaining to the interpretation and understanding of the following statement in our May 1, 1969, union agreement:

Live Primary Splicing

The Employer agrees that the practice of live primary cable splicing will be discontinued.

It was agreed by the Employer and the Union that:

1. The 2400 volt to ground cable will be deenergized until it is fully insulated with insulating tape and shielding applied if required. The cable will then be energized and the wiping and filling of the sleeve will be performed. The above operation is included as a part of the duties of a Cable Splicer A-1.

2. The classification of Cable Splicer A-1 will be incorporated in the agreement with a rate of $4.745 effective on April 27, 1969, and $5.055 on May 3, 1970.

3. The four employees in Local 455 who were, prior to May 1, 1969, classified as Cable Splicer A-1, will be reclassed to that classification, retroactive to April 27, 1969. One employee in Local 909 will be reclassified accordingly after Local 909 agrees to the settlement agreed to with Local 455 and Mr. Keilty.

4. When First Class Cable Splicers are qualified and are desirous to perform all the duties of an A-1 Splicer, such employees will be reclassified and paid accordingly.

5. The six employees who were relieved of their duties with a loss in wages for failing to complete the cable splicing jobs on July 3, 1969, will have their loss in wages restored.

Will you kindly sign one copy of this letter acknowledging your agreement with the written understanding and return it to me for our records.

Very truly yours,

WESTERN MASSACHUSETTS ELECTRIC COMPANY

Donald A. Bartlett
Director of Industrial Relations

Thomas F. Eastwood, Business Manager
Local 455 IBEW (AFL-CIO)

cc: L. E. Maglathlin, Jr.
R. Webler
R. E. Hatin

January 25, 1971

Mr. Joseph R. Hallett, Jr., Business Manager
Local 455
International Brotherhood of Electrical Workers
61 Warwick Drive
Ludlow, MA 01056

Dear Mr. Hallett:

In connection with the Massachusetts Classified Driver License Law which became effective on January 1, 1968, all employees who are required to drive a truck having a registered gross weight in excess of 18,000 pounds must have a Class 2 license and those employees required to drive a truck having a registered gross weight in excess of 18,000 pounds drawing a trailer having a registered gross weight in excess of 6,000 pounds must have a Class 1 license.

Effective at once, the Company agrees to reimburse each employee, who will be required to have a Class 1 or Class 2 license to perform the duties of the employee's job classification and who has been authorized by the employee's supervisor to take such examination, for the cost of taking the written examination and the driving test conducted by The Commonwealth of Massachusetts, Registry of Motor Vehicles. Such reimbursement shall be made only once to an employee for the class of license required. The current costs are $2 for the written examination and $3 for the road test. This procedure does not include the cost of the usual driver's license which is currently $10 for a four-year period.

As in the past, the Company will cooperate with those employees designated, both in preparing for and taking the examination.

Will you kindly indicate your approval of this procedure by your signature and return one copy to me for our files.

Very truly yours,

Donald A. Bartlett
Director of Industrial Relations

Dear Mr. Collins:

It is agreed by the undersigned that if welding is required on gas turbines the Company will use qualified and available WMECO bargaining unit employees before using nonbargaining unit persons.

If the manufacturer of the turbine, for purposes of warranty or guaranty, requires its own employees, or other experts supplied by them, to perform welding the parties hereto agree that such persons shall be allowed to perform the welding.

In determining who is qualified the Company will consider production department welders and employees who demonstrate an ability to perform such welding following a testing procedure to be agreed upon by the Company and the Union.

The Company will give the Union reasonable notice within the context of the work to be performed of such welding.

Very truly yours,

Re: Switching Assignments at Northfield Station

The following is proposed with respect to switching assignments within the Northfield 16R Switching Station:

1. For Planned/Scheduled maintenance work requiring manual operation of switching devices within the confines of the Switching Station's ring bus, the Greenfield Area Maintenance Operators will perform the required switching.

2. For Planned/Scheduled maintenance work requiring operation of switches 1X1-4 and 1X1-9 and switches 3X1-4 and 3X1-9 to isolate the Northfield 1X1 or 3X1 345-kV pipe type cable, Northfield Mountain Electrical Maintenance personnel will perform the required switching.

If this proposal meets with your approval, please sign one copy of this letter and return it to me.

SUBJECT: Time Merit Progression (TMP)

Dear Mr. O'Rourke:

This letter is to confirm the agreement between the Company and the Union concerning the administration of the Time Merit Progression (TMP) Program for the Western Mass. Region. This agreement is applicable to all TMP classifications listed in the HWPCO and WMECO agreements.

Acceleration

The Company will notify the Union prior to acceleration of employee in any of the TMP classifications.

A TMP Committee consisting of three (3) representatives from the Company and two (2) representatives from the Union will meet to review qualified candidates for possible acceleration within the steps of the TMP classifications. The Chairperson of this committee will be a Regional Personnel Representative.

The committee will be made up as follows:

Three (3) representatives from the Company

1. A representative from Regional Personnel (Chairperson of Committee).

2. The Superintendent, Manager, or their designee, from the work location in which the employee being considered for acceleration is located.

3. A supervisor from the department in which the employee being considered for acceleration is located.

Two (2) representatives from the Union

1. The Business Manager or Assistant Business Manager from the work locations involved.

2. The second Union representative will be a journeyman from the job classification in which acceleration is being considered.

The Company or the Union may request the TMP Committee to review an employee for acceleration. Acceleration must be based upon equivalent experience or education. The

requesting party shall be responsible for providing the necessary documentation to support an objective evaluation of the employee.

Pre-requisite: An employee will be considered eligible for acceleration only after an appropriate evaluation period in the TMP Program.

Examples of documentation showing equivalent experience or education required to support such an evaluation are:

1. The employee shall satisfactorily demonstrate ability to perform at the level of technical competence required for the requested acceleration step.

While not limited to the following, examples of other formal documentation to demonstrate equivalent experience or education:

A. References - verifiable satisfactory past work experience comparable to the work experience requirements to the applicable TMP Program

B. Certificates - formal documentation of training courses and schools attended and successfully completed, which are comparable to the work experience or classroom training requirements of the applicable TMP Program.

If consensus has not been reached after the Committee has reviewed the request for acceleration, a majority vote of the five (5) member committee will determine if acceleration is to take place and to which step an employee will be accelerated.

An employee may be accelerated only one time within a job classification.

An employee who is denied acceleration may be subsequently resubmitted to the TMP Committee for review after six (6) months from the date of denial and then only if there is new objective-demonstrable information of experience gained prior to entry in the TMP Program to support such reconsideration.

Job Postings TMP Classifications

Employees with one or more years of Company seniority who are selected to fill a posted job opening will be transferred into the new position at the second rate step. If the employee has 18 months or more of Company seniority, they will start at the third rate step. Transfers into the second or third rate step as described in this paragraph are for compensation purposes only.

Notwithstanding TMP language to the contrary, the Company reserves the right to maintain such transferred employees in their respective transfer rate steps until such time as their training corresponds with their rate step up to the length of time the employee received transfer credit for, i.e., one (1) year or eighteen (18) months. The employee is expected to satisfactorily complete the first three (3) steps.

Any employee currently in TMP job classification who applies for a job in a classification having training requirements similar to the employee's current TMP classification (i.e., Electrician - Station Electrician) will be placed in an appropriate step after review by the TMP Committee. Appendix A - hereof (Company and Union)

Employees who are helpers in the TMP classification are not eligible to apply for posted journeyman positions that are posted within their classifications. When an employee in a TMP classification is a successful applicant for a position within the same classification in another location, the employee will transfer in the same step of the TMP classification that the employee presently holds.

Upgrading

It is not intended by the Company to have employees performing the duties of a higher job classification. No upgrading will be permitted within the TMP steps either from step-to-step or from a trainee to a journeyman level. Helpers in TMP are trainees and have not received the full qualifications required for them to perform all duties in a higher classification. This provision will not apply to an employee who is performing the duties of a higher job classification while being trained or while demonstrating skills proficiency under the direction, supervision and observation of a qualified individual.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

Revision 10/01/2004: With the merger of Field Technicians and GIS Technicians into the Gray book, the following transfer step/rates will apply. Employees with 18 months or more within the Union will transfer into Field Technician positions at the C-1 rate; level of training to be determined. Employees with 12 months or more within the Union will transfer into Field Technician positions at the C-2 rate; level of training to be determined. For GIS Technicians – employees with 12 months or more within the Union will transfer in at the C-1 rate and employees with 18 months or more within the Union will transfer in at the B-3 rate. In both cases, level of training to be determined.

SUBJECT: Access

Dear Mr. O'Rourke:

The company and the Union agree the procedures listed below will be followed to address the situation of a Union-selected qualified industrial hygienist having access to Western Massachusetts Electric Company facilities:

1. Prior to making a request for such access, the Union will exhaust all other reasonable alternatives to obtain the industrial hygiene information including the right of the Company to perform or conduct such tests or surveys requested by the Union and thereafter to provide the test or survey results to the Union. The Company will endeavor to provide such relevant test data to the Union within four weeks of the test or survey insofar as is practical.

2. If requested by the Company, the Union will meet with the Company to discuss the relevancy of the information sought and the necessity of access. It is the Company's position that the Union has the burden to investigate reasonable alternatives to access by a hygienist before requesting such access.

3. If the reasonable alternatives are not able to produce the information or resolve the Union's questions, a union-selected qualified industrial hygienist shall be granted access to the test area or location where there remains a question. A mutually agreed time and date will be established in a timely manner. It is understood that whenever access is granted it shall be for a specific and reasonable period and shall not interfere with Company operations. The Union will make available to the Company the results of the analysis within four weeks of the test or survey insofar as practical.

4. The Company shall have the right to accompany the Union's representatives which shall not exceed three in number including one qualified industrial hygienist.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

SUBJECT: Long-Term Care

Dear Mr. O'Rourke:

At the 1989 negotiations the following item concerning Long-Term Care was agreed upon by the Company and the Union.

Effective January 1, 1990, the Company will implement coverage for Long-Term Care. Plan provisions include:

Eligibility:	Active bargaining unit employees eligible for coverage under the terms of this Agreement.
Benefit:	Long-term care is an insurance coverage that provides for out-of-pocket expenses not covered under traditional health insurance plans for illnesses or disabilities that tend to require custodial, long-term care.
Costs:	The employee will have payroll deductions to cover the premium for this insurance. employees will pay the full premium for this insurance. The Company will not be making any contribution towards this coverage. However, Northeast will assume administrative costs for this Plan and provide the advantage and availability of this insurance through group coverage.
Conversion Option:	The Plan will have an option to convert to individual coverage with the carrier. In addition, depending upon the participant's age when entering the Plan and length of participation, the coverage may be paid up at retirement.

Note: The selection of carrier and all details of coverage are not yet finalized. Until the final selection takes place, full details cannot be provided.

Very truly yours,

Paul W. Barr
Regional Personnel Manager

Subject: Dispatcher Rate/Rotating Shift Differential

Dear Mr. O'Rourke:

The Company and the Union have reached agreement on the above-noted subject. All monies associated with this agreement will be retroactive to April 15, 2001 and will remain in effect for the duration of the current Agreement.

Dispatcher Rate (Hourly)	(Effective 10/1/00)	(Effective 4/15/01)
Dispatcher	$29.57	$31.00

Dispatcher Rotating Shift Differential

When a Dispatcher is assigned to work on a rotating shift schedule of normal work coverage, a premium of two dollars ($2.00) per hour will be added to their basic straight-time rate for all hours worked within that schedule. For the purpose of this shift premium provision, rotating schedules of normal work coverage are defined as those which include normal schedule hours of work preceding 7:00 a.m., or following 7:00 p.m..

Dear Mr. O'Rourke:

This letter replaces my letter to you dated April 4, 2000 and is an effort to clarify my letter dated March 2, 2000 regarding Response Time/Furlough. The intent of the two bullet items that reference "10/1/2001" is that any current WMECO employee (as of 4/19/00) who bids or is transferred into one of these positions where the issue of response time to call-outs is applicable **before** 10/1/2001, would be considered "grandfathered".

I hope this clears up any questions you have.

Sincerely,

Jack Curley

Subject: Letter of Agreement - Response Time/Furlough

Dear Mr. O'Rourke:

The Company and Union agree that employees hired after January 1, 2000 to a job with requirements that include emergency overtime work outside of normal scheduled hours, will be required to make themselves available at their reporting base within approximately one-half hour.

It is further agreed, unless negotiated differently at the conclusion of the October 1, 2001 negotiations:

- Employees transferred after 10/01/2001 to a job with requirements that include emergency overtime work outside of normal scheduled hours, will be required to make themselves available at their reporting base within approximately one-half hour.

- Section VII - Call-Out Pay, paragraph (b) will be modified to read, "*employees transferred after October 1, 2001 whose job requirements include assignment to take trouble calls outside of normal scheduled hours will be required, during periods of such assignment, to make themselves available at their reporting base within approximately one-half hour*."

- Section XIV - Furlough of employees, paragraph (g), will be added to read, "*The Company will not contract out work regularly performed by employees covered under this Agreement if it would result in the layoff or demotion of its regular employees*."

These modifications will be in the October 1, 2001 Summary of the new Agreement and appropriate sections of the new Agreement.

Sincerely,

Jack Curley
Sr. H.R. Consultant - Labor Relations

Springfield, MA 01104

Subject: Three Year Manpower Plan

Dear Mr. O'Rourke:

With the on-going deployment of Automatic Meter Reader (AMR) technology throughout Western Massachusetts Electric Company which will reduce costs, improve metering services and provide flexible customer/supplier choices and in an effort to minimize the impact this will have within the Western Massachusetts Region, the Company would propose the following:

Commitment

The commitment as outlined below would allocate a position for every Meter Reader (employed as of 1/1/2000) provided they successfully pass the appropriate pre-selection test.

To help facilitate employees' ability to successfully test and bid into the above positions, the Company would offer after hour educational classroom instruction and this would include access to self-study material.

As Meter Readers are selected for posted job classifications, we would backfill these Meter Reader positions, where appropriate, with Long-term Temporary employees at a rate of $13.10/hour. (This rate would change each year in accordance with Schedule "A" rates that are negotiated by the Company and Union.) The long-term temporary employees, while filling these positions until the conclusion of the AMR installations, would be eligible for medical benefits. These medical benefits would be applicable only to the Long-Term Temporary Meter Reader employees hired as a result of the installation of the AMR's. The Company anticipates the AMR installation will be completed by July 1, 2003.

As the AMR process evolves, the need for long-term temporary (LTT) employees will dissipate thus resulting in the furlough of the LTT employees and the "benchmark" number would be reduced respectively pursuant to the 1997 Massachusetts Restructuring Act, Chapter 164, Section 1E, Paragraph (b), of Massachusetts General Laws.

Over the next three years the Company anticipates openings in the following classifications to accommodate this commitment:

- Linemen Helper S-1
- Splicer Helper S-1
- Distribution Construction Worker
- Stockhandler Helper S-1
- Meter Service Installer Helper S-1
- Electrician Helper S-1

Year 2000 Employment Opportunities

The Company would propose the following job posting opportunities during the year 2000. This proposal would require the Union's sign-off on the attached Letter of Agreement regarding Response Time/Furlough dated March 2, 2000.

- Three (3) Meter/Service Installer Helper S-1 positions
- Six (6) S-1 positions (from the following classifications: Line/Splicer/Electrician)
- One (1) Stockhandler Helper S-1 position

The Company and Union further agree to meet and discuss expanded duties for the Distribution Construction Workers (DCW) classification which will result in two additional DCW employees. An AMR Installation Committee will be formed to address attaining the three-year installation requirements.

Finally, the Company and Union agree that upon medical clearance by the Berlin Health Unit, David Burniske will be offered a Regular Meter Reader position in the Pittsfield Work Center and will be considered eligible for the commitments in this Agreement.

If you are in agreement with the above, please sign below and return to me.

Sincerely,

Jack Curley
Sr. H.R. Consultant - Labor Relations

Subject: Expanded Duties for Distribution Construction Mechanic - Time Merit Progression Program

Dear Mr. O'Rourke:

The Company and Union have reached agreement on the above-noted subject. Detailed below are the expanded duties and associated rates for the Distribution Construction Worker classification as well as a Time Merit Progression rate schedule. For occupational group seniority, these classifications would be included in D-12 of Appendix "C", List of Occupational Groups, Springfield District, Distribution Department.

The program would be a two year (2) Time Merit Progression as outlined below.

Distribution Construction Helper (f) Steps S-1, S-2, S-3 Rate: $16.40 - $19.87

Duties: Includes all current duties

Distribution Construction Worker Step S-4 Rate: $20.35

Expanded Duties: Includes duties of operating the backhoe, minor maintenance such as molding repairs, guy repairs, stenciling poles.

Distribution Construction Mechanic Step S-5 Rate: $22.32

Expanded Duties: (1) Set up to 20 foot streetlight poles and heads, connect and maintain them. *In underground fed areas, the Distribution Construction department and Splicers will be able to install up to 35 foot dedicated streetlight poles and heads, connect and maintain them.*"

(2) Service disconnects and reconnects
(3) Install residential service where no present service exists, including upgrading of service, and remove both meter and service where service is to be terminated.
(4) Stenciling padmounts

OVERTIME

Call-outs: The current practice of calling in Cable Splicers for all electrical-related trouble will continue.

Planned Overtime: The current practice of utilizing Cable Splicers on planned overtime for electrical-related job assignments will continue.

Extended Day: If a job assignment continues beyond the normal workday and involves job duties as

listed in items #1, #2 and #3 above, a Cable Splicer will be utilized until there are qualified Distribution Construction Mechanics.

Specialized Mobile Equipment Operator George Poehlman will be included in the Distribution Construction Overtime List and receive overtime assignments in the same manner as all employees of the department. He will be allowed to enter the Distribution Construction Mechanic T.M.P. program if he so desires.

The Company agrees to grandfather present Distribution Construction Worker employees at their current rate if they choose not to progress in the classification and will be considered “red-circled” and will remain in a furlough classification. It is further agreed, incumbents who enter the Program will be allowed to do so at their current rate of pay. The two incumbents who presently hold a backhoe license will enter the Program at the S-4 rate and must successfully complete all steps of the T.M.P. program within 30 months, at which time they will be eligible for the Distribution Construction Mechanic level. All incumbent employees will have until December 31, 2000 to decide whether to enter the T.M.P. program. This position requires successfully passing the CAST test. Incumbents will be exempted from this requirement.

If you are in agreement with the above-outlined program, please sign where indicated and return to me.

Sincerely,

Jack Curley

Subject: Mobile AMR Driver Positions - 1st and 2nd Shifts

Dear Mr. O'Rourke:

The Company and the Union have reached agreement on the above-noted subject. The Mobile AMR Driver positions will be operated out of the Springfield District and will be shift positions. The first shift will operate from 6:00 a.m. to 2:00 p.m., Monday - Friday and the second shift will operate from 1:30 p.m. to 9:30 p.m., Monday - Friday.

The Company will ask for volunteers from our existing Meter Reader work force for re-assignment to these positions. This process will be done by a "Company Notice" bulletin board posting. If there are more employees volunteering than positions, the positions will be filled based on Union seniority.

Employees choosing the first shift will be moved into this position at their current rate of pay. The employees choosing to work the second shift will receive an additional $1.10 shift differential to their current rate of pay and three payments on 7/01/01, 8/01/01 and 9/01/01 consisting of $250.00 per payment for a one time, overall total payment of $750.00.

This agreement will remain in effect until such time the Union ratifies a new Collective Bargaining Agreement with the Company.

If you are in agreement with the above, please sign where indicated and return a copy to me.

Re: Field Training

Dear Mr. Kenney:

This letter confirms our understanding and agreement regarding the field training pilot program for helper classifications. The Company and Union understand and agree to the following:

- Line Helpers shall participate in the field training program for the first eighteen (18) months of hire or transfer into the helper classification. As part of the field training program, helpers will report to a designated training location.
- The field training program may be extended to additional helper classifications. The terms of the field training program for additional helper classifications will be negotiated with the Union.
- The Company shall post one (1) Overhead Training Leader position.
- Employees in the Overhead Department who are eligible for the Training Leader position will be polled from senior to junior by Gray Book seniority. Final candidates will be selected based upon review and approval by a four (4) person committee comprised of two (2) Union representatives and two (2) Management representatives.
- The Company and the Union will meet to discuss supplemental training needs.
- The Employee who accepts the Overhead Training Leader position will be eligible for emergency and planned overtime in their respective districts, only during the hours after their regularly scheduled shift on Friday until no later than 11:00 p.m. (inclusive of missed meal time) on Sunday as well as holidays.
- Employees who accept the Overhead Training Leader position will be eligible for Mutual Aid, in accordance with the current practice in their respective district.

EVERSOURCE ENERGY

300 Cadwell Drive
Springfield, MA 01104

- Employees who accept the Overhead Training Leader position will not be eligible to be placed on-call during the work-week. The Overhead Training Leader will be eligible to be placed on-call for weekends (Sunday – no later than 11 p.m.) or holidays.
- If an employee decides to leave the Overhead Training Leader position and return to his or her respective district, he or she must submit written notice at least sixty (60) days prior to the intended release date.
- The rate of pay for the Overhead Training Leader will be $53.85. This rate is inclusive of any upgrades/adders during the work-week when engaged in training.
- The Company and the Union shall meet on a monthly basis as needed to provide updates on the field training program and discuss the progress of helpers.
- If the Company decides to discontinue the field training program, contractual provisions shall apply. Employees in the Overhead Training Leader position(s) shall return to their respective districts.

Sincerely,

James G. Connolly

AGREEMENT made and entered into this 1st day of June 2015 by and between the NSTAR Electric Company & NSTAR Gas Company d/b/a Eversource Energy, a Massachusetts corporation hereinafter referred to as the "Company", and the Utility Workers Union of America, hereinafter referred to as the "Union", affiliated with the A.F.L.-C.I.O., and Local Union No. 369, U.W.U.A., A.F.L.-C.I.O., hereinafter referred to as the "Local".

WITNESSETH THAT the Company and the Union and the Local agree as follows:

PART ONE
GENERAL PROVISIONS

ARTICLE I
Recognition and Representation

1. The Company recognizes the Union and the Local as the exclusive representative for the purpose of collective bargaining with respect to rates of pay, wages, hours of employment or other conditions of employment of all employees of the Company in the Production & Maintenance and Office-Technical & Professional Unit, established by the merger of the following: the former Utility Workers Union of America, A.F.L.-C.I.O., Local 392 (Production, Maintenance and Clerical Employees) certified by the National Labor Relations Board in Cases No. 1-RC-2422 on October 3, 1951 and No. 1-RC-17675 on August 9, 1982; and the former Utility Workers Union of America, A.F.L.-C.I.O., Local 387 (Office-Technical and Professional Employees) established by the merger of the former Professional Unit, certified by the National Labor Relations Board in Case No. 1-RM-85 on July 17, 1950 and the former Office and Clerical Unit, certified by the National Labor Relations Board in Case N0. 1-RC-1638 on August 3, 1950; and the former Brotherhood of Utility Workers of New England, Inc. Local 333 (New Bedford District) as certified by the National Labor Relations Board in Case No. 1-R 1725 on January 3, 1944; and the former Brotherhood of Utility Workers of New England, Inc. Local 338 (Plymouth District) as certified by the National Labor Relations Board in Case No. 1-R-1717 on January 11, 1944; and the former Brotherhood of Utility Workers of New England, Inc. Local 339 (Cape & Vineyard District) as certified by the National Labor Relations Board; and the former Production and Maintenance Unit as certified by the National Labor Relations Board in Case No. 1-RC-1368 on June 29, 1950, as amended by direction of said Board on April 20, 1955. Person(s) employed by the Company who, it is agreed, are represented by the Union under the foregoing certifications are those now or hereafter holding the job titles listed in either Schedule A-P&M or Schedule A-OT&P annexed. If, when new job titles are created or the duties of the incumbents of present job titles are changed, there shall be a disagreement whether an incumbent is or is not eligible for representation by the Union under any of the foregoing job titles, the question shall be decided under the Grievance Procedure in Article XXXIV and the provisions for Arbitration under Article XXXV. The term "employee" or "employees" as used in this Agreement means a person or persons employed by the Company in said Production & Maintenance and Office-Technical & Professional Unit.

2. The term "probationary employee", as used in this Agreement, means a newly-hired employee during the first six (6) months of continuous employment by the Company during which period the Company will determine the suitability of such new employee for acceptance as a regular employee. If such employee is released by the Company for any reason during such period, such actions will not be subject to the Grievance Procedure in Article XXXIV and the provisions for Arbitration under Article XXXV. Otherwise, the probationary employee will be covered by this agreement and will have the full benefit of the Grievance Procedure and the provisions for Arbitration. Upon becoming a regular employee, he/she will be placed on the appropriate roster and his/her seniority determined in accordance with Article XVII.
3. The Company (meaning, for the purposes of this Agreement, NSTAR and all subsidiaries) agrees that the Company will remain entirely neutral with regard to any future UWUA organizing efforts neither opposing, expressing an opinion nor aiding the Union in its ongoing efforts.
In addition, with prior consultation with the Director of Employee & Labor Relations, the Union shall have reasonable access for communications to employees in a manner which does not disrupt operations.

ARTICLE II
Union Membership

1. The Company agrees that it will require, as a condition of employment, that all probationary and regular employees now employed or hereafter employed under job titles subject to this Agreement or hereafter transferred to such job titles shall become members of the Union and shall continue as members thereafter so long as this Agreement is in effect, except as follows:
   a. Employees who, because of entering into the military service of the United States prior to the date hereof, have left the employ of the Company and have been or shall be re-employed in accordance with the provisions of law to the extent that this exception is required by law;
   b. Present employees during the period of one (1) month after the date of this Agreement;
   c. Probationary employees employed hereafter during the first month or (30) days of their employment as such, whichever shall be longer;
   d. Employees regularly employed on a part-time basis, paid by the hour and working not more than twenty (20) hours per week except for Customer Service Representatives (CSR's) working under twenty (20) hours per week;
   e. If a steam plant or electric plant or other business is hereafter acquired by the Company, employees of the former owner to the extent that the Company may, in order to effect such acquisition, be obligated to assume any legal obligations as to such employees inconsistent with these Union membership requirements;
   f. Employees with respect to whom the Company has reasonable grounds for believing (1) that membership in the Union was not available to the employee on the same terms and conditions generally applicable to other members, or (2) that membership was denied or terminated for reasons other than the failure of the employee to tender the periodic dues and the initiation fees uniformly required as a condition of acquiring or retaining membership.

2. If an employee shall become subject to discharge by the Company because of the foregoing provisions as to membership in the Union, the questions whether such discharge is justifiable or required under all the circumstances and is lawful shall be decided (if the Company or the Union requests, but without prejudice to such other rights as the employee may have) in accordance with the Grievance Procedure in Article XXXIV and the provisions for Arbitration in Article XXXV.
3. Any employee subject to the foregoing requirements as to Union membership who is transferred or promoted to a job title which is not subject to those requirements shall have the privilege of withdrawing from the Union membership; and the Union and the Local agree that such withdrawal shall not prevent any such employee from retaining employment in the event that thereafter the employee is transferred back to his/her former rating. The seniority status of such an employee transferred back shall be determined by mutual agreement between the parties hereto.

ARTICLE III
Payroll Deductions

1. The Company will recognize assignments to the Local of wages of employees for payment of their membership dues biweekly and for payment of initiation and other fees when made in accordance with the provisions of Section 302(c)(4) of the Labor Management Relations Act of June 23, 1947 (Public Law 101, 80th Congress) and of Section 8 of Chapter 154 of the General Laws (Ter. Ed.) of Massachusetts, and the Company will remit such membership dues to the Union or Local as directed by the Union.
2. The Company agrees to deduct such dues, initiation and other fees biweekly for each employee to whom any earned wages are due, unless his/her assignment of wages provides that such deductions be made at some other time. When wages for that week are payable in advance for vacation purposes, the deduction will be made from the advanced wages for that week.

ARTICLE IV
Mutual Obligations

The Company recognizes an obligation to promote good employee relations by maintaining rates of pay, wages, hours of employment and other conditions of employment that are equitable, reasonable and fair; and the Union and the Local recognize the obligation of the Company to furnish adequate uninterrupted service to the public and to maintain such earnings as will enable the Company adequately to perform its duties. The Company will not discriminate against an employee because of his/her membership in or his/her lawful activity on behalf of the Union**.** Neither the Company nor the Local will unlawfully discriminate against an employee on the basis of gender, color, race, religion, age, ancestry, national origin, creed, sexual orientation, citizenship, genetic information, mental or physical disability, or veteran status.

ARTICLE V
Management Rights

1. The Union and the Local recognize the right and power of the Company to select and hire all employees; to promote employees; to determine the necessity for filling a vacancy; to transfer employees from one position to another; to suspend, discipline, demote or discharge employees; to assign, supervise or direct all working forces and to maintain discipline and efficiency among them; to lay off employees and to stagger employment when required because of lack of work or curtailment of work; and generally to control and supervise the Company's operations and to exercise the other customary functions of Management in carrying on its business without hindrance of interference by the Union, the Local or by employees. If the Local claims that the Company has exercised the right to suspend, discipline, demote or discharge employees in an unjust or unreasonable manner, such claim shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV. If the Local claims that the Company has exercised any of the other foregoing rights in a capricious or arbitrary manner, such claims shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV.
2. The Company, the Union and the Local recognize the responsibility of the employees to comply with reasonable rules, regulations and practices prescribed by the Company.

ARTICLE VI
No Strikes or Lockouts

1. Recognizing that the Company, as a public utility, is under a paramount duty of providing continuous service in the interest of health, safety and convenience of the community it serves, the Company, the Union and the Local agree that the strikes and lockouts are undesirable means of settling disputes between them. The Company agrees that there will be no lockout of the employees during the terms of this Agreement or during any period of time while negotiations are in progress between the parties for a continuance or renewal of it. The Union and the Local agree that, during said term and any such period of negotiation, neither the Union, nor the Local, nor the employees will cause or participate, directly or indirectly, in any strike or in any retarding or stopping of work or picketing for any cause whatsoever.
2. The Union and the Local agree that, in the event of any unauthorized strike or retarding or stopping of work or picketing, it will cooperate with the Company in getting the employees to return to, and remain at, work and in securing a termination of any unauthorized strike or retarding or stopping of work or picketing in violation of the provisions of this Article. The Union and the Local recognize the right of the Company to take disciplinary action, including discharge, against any employees who engage in any strike, intentional retarding or stopping of work or picketing in violation of the provisions of this Article.
3. The Company agrees that, in the event of an unauthorized strike, retarding or stopping of work or picketing on the part of any of the employees during the life of this Agreement or during any period of time while negotiations are in progress between the parties for a continuance or renewal of it, there shall be no liability on the part of the Union or the Local or on the part of any of their officers, agents or members who do not participate therein provided that the Union or the Local or their officers, agents and members take the action specified in the foregoing paragraph.
4. The Company agrees that it shall not compel employees covered by this Agreement to cross any picket line that may be established on or around customers' premises as a result of a labor dispute. However, the Union and the Local, realizing the Company's obligation to maintain uninterrupted service, will attempt to obtain permission from the striking Union for safe passage through such picket line whenever necessary.

ARTICLE VII
Emergencies Declared by Chief Executive Officer

In cases of emergency, the existence of which is declared by the Chief Executive Officer, or in his/her absence by a designated alternate, the Company will notify an officer of the Local immediately. During the period of such emergency, the Company may suspend any or all of the job specifications, and employees may be assigned to serve the best interest of the Company. Any question regarding the proper pay of an employee while performing, during such an emergency, duties not consistent with his/her regular job specification shall be submitted in writing to the Company no later than thirty (30) days after the Company notifies an officer of the Local of the termination of such emergency. Such question shall be reviewed by a committee consisting of two (2) members designated by the Local and two (2) members designated by the Company; and if they are unable to agree, the question, provided it was so submitted but not otherwise, shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV.

ARTICLE VIII
Union Activities

1. Employees shall not engage in Union activities during working hours or on Company property except with the consent of the Director of Employee & Labor Relations, or his/her designated representative, upon request of the President, Vice President or Secretary-Treasurer of the Local or any other member of the Local duly authorized by its President.
2. The Director of Employee & Labor Relations, or his/her designated representative, shall give such consent, including permission for accredited representatives of the Local, to visit work locations during working hours in connection with matters arising out of this Agreement when such consent may, in the judgment of the Director of Employee & Labor Relations, or his/her designated representative, be given without serious interference with the work. The person in charge of the work location will furnish, if required, a guide for reasons of personal safety.
3. The fulltime representatives, acting as Business Agent, Secretary-Treasurer and President of the Local, or a designated alternate, will, upon proper identification, have the right to visit any specified work location where members of the Local are at work after securing permission from the Director of Employee & Labor Relations or his/her designated representative. The person in charge of the work location will furnish, if required, a guide for reasons of personal safety.
4. The Union Steward at the work location, after arranging with his/her supervisor, may confer at reasonable times and for reasonable periods with employees or with his/her supervisor concerning grievances provided there is no serious interference with the work.

5. Upon request of the President or Secretary-Treasurer of the Local to the Director of Employee & Labor Relations, the Company will, on reasonable notice and so far as the exigencies of its business permit, allow up to forty (40) employees (but at any one time not more than three (3) employees from any one division of the Company) time off, without loss of seniority but without pay, to attend business or committee meetings or conventions of the Union or affiliate.
6. Upon written request of the Secretary-Treasurer of the Local to the Director of Employee & Labor Relations, the Company shall grant a leave of absence for a period of three (3) years to the full-time representatives acting as Business Agent, Secretary-Treasurer and President of the Local. Upon re-instatement, they will retain the same company and department seniority and seniority on the ratings that they would have had if they had not been on leave of absence. Upon their permanent promotion to the next higher rating on the job progression chart showing the ratings held by them at the time of their leave of absence, they shall advance on said next higher rating to the roster position they would have had:
   a. if they would have been promoted to said next higher rating during the period of their leave of absence had they not taken such leave; and
   b. if they are found qualified by fitness and ability and are promoted at the time when the first vacancy occurs after their return from leave of absence.
7. Upon the request of the President of the National Union, or his/her designated alternate, to the Director of Employee & Labor Relations, the Company shall grant a leave of absence for a period not to exceed one (1) year to not more than ten (10) employees (but at any one time not more than two (2) from any one division of the Company) for Local or National Union activity.
8. In case of any leave of absence authorized by the Director of Employee & Labor Relations, or his/her designated representative, extending over a period of four (4) consecutive weeks, participation in the Company's group insurance, retirement, and hospitalization and surgical benefit plans shall be a subject of special arrangement with the Director of Employee & Labor Relations, or his/her designated representative. The Company will not pay any part of the cost of such participation.
9. Any employee granted a leave of absence under this Article shall, at the expiration of his/her leave of absence, be required to submit to a physical examination by the Company's Medical Director; but, irrespective of the result of such examination, he/she will be re-instated in accordance with his/her seniority.
10. The Company shall, upon request of the Local, furnish to the individual designated to the Company by the Secretary-Treasurer of the Local information with respect to the rates of pay, wages, hours of employment and other conditions of employment of any employee.
11. The Company agrees to permit the Local to use designated Company bulletin boards for posting notices dealing with official union business provided that, in the opinion of the Director of Employee & Labor Relations, or his/her designated representative, such notices are non-controversial in nature and do not adversely affect the best interests of the Company.

ARTICLE IX
Conformation to Laws, Regulations and Orders

1. It is understood and agreed that all agreements herein are subject to all applicable laws now or hereafter in effect and to the lawful regulations, rulings and orders of regulatory commissions having jurisdiction. If any of said laws, regulations, rulings or orders shall conflict with any provisions of this Agreement, the parties shall confer in an effort to negotiate a lawful substitution or modification; but, if as a result of such conference no substitution or modification is agreed upon, the disagreement shall not affect the remaining provisions of this Agreement and shall not constitute a question subject to the Grievance Procedure in Article XXXIV or Arbitration under Article XXXV.
2. Nothing in this Agreement shall be deemed to require the Company, the Union or the Local to commit an unfair labor practice or other act that is forbidden by, or is an offense under, existing or future laws affecting the relations of the Company with its employees.

PART TWO
WORK DAY, WORK WEEK AND WORK SCHEDULES

ARTICLE X
Work Day and Work Week

1. The work day shall consist of eight (8) hours and the work week shall consist of five (5) days of eight (8) hours each.
2. For non-shift employees, the working hours will be included between approximately 7:00 a.m. and 6:00 p.m. and normally the five (5) regular work days will be Monday through Friday. For the purpose of this Agreement, "non-shift employees" are defined as those whose posted schedules specify work on any five (5) days of the calendar week between the hours stated in the preceding sentence, and all other employees are defined as "shift employees".
3. The present established practice in applying paragraph 2 with respect to scheduling employees as shown on Stipulation #4 shall not be changed unless such changes are mutually agreed to.
4. The Union and the Local agree that the limitations on scheduling contained in this Article shall not apply to employees assigned to ordinary maintenance and repair work formerly performed by contractors outside the hours specified for non-shift employees as defined in paragraph 2 of this Article.
5. It is understood and agreed that, if present operating conditions change or if technological improvements change existing equipment or introduce new equipment to such an extent as to justify the Company changing the present Monday through Friday schedules, the Company shall submit the changes to the Local for approval. If the proposed changes do not meet with the Local's approval, the issue shall be settled in the Grievance Procedure in Article XXXIV and by Arbitration under Article XXXV.

ARTICLE XI
Work Schedules

Work schedules shall be posted by departments for all employees in accordance with the following rules:

1. Department work schedules for employees shall be posted for each four (4) week period in final form as described below. They shall specify the times at which the scheduled employees begin and end each work day and shall specify the normal work days (in forty (40) hour weeks), and the normal days off for the period.
2. The hours of a work day, as posted, shall be consecutive, except for time out for meals; but in positions where the nature of the work requires continuous operation, eight (8) consecutive hours may be worked, during which lunch may be eaten without interruption to service or deduction in pay. Such time out for meals, in those operations where time is usually taken out for meals, shall commence not less than four (4) or more than five (5) hours after the scheduled starting time.
3. The Company work week shall be the calendar week commencing on Sunday at 12:00 a.m. and two (2) of an employee's normal days off shall be consecutive for at least three (3) times in every twenty-eight (28) days.
4. Schedules for the employees concerned shall be posted in final form no later than 3:00 p.m. on the Wednesday before the period starts and shall be submitted to the Local's interested steward or stewards no later than 3:00 p.m. on the preceding Wednesday.
5. In the event of a disagreement between the steward or stewards and the manager regarding any feature of a final schedule not settled under the provisions of Article X, such schedule shall become effective when posted, but thereafter, the disagreement may be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV.
6. The following shall not constitute a change in the final posted schedule:
   a. A change of forty-five (45) minutes or less of the time for starting and ending one or more work days from the times posted in the applicable work schedule.
   b. Hours worked in lieu of posted hours at the request of, or to suit the convenience of, the employees.
   c. A change in hours of work incident to a permanent promotion of the employee.
7. Departures from the regular daily assignments may be made for the convenience of an employee with the consent of the Company subject to the provisions of paragraph 6(b) of this Article.
8. The Company will endeavor to distribute Saturday and Sunday work equitably among the employees at a given work location engaged in the grade of work for which Saturday and Sunday scheduled work assignments are required.

PART THREE
COMPENSATION OF EMPLOYEES

ARTICLE XII
Wages

1. Except as provided in this Article, and in Article XXXVII of this Agreement, the classifications and rates of pay contained in the Hourly Pay Schedule (Schedule C) annexed hereto, effective June 2, 2015, shall not be changed or amended during the life of this Agreement unless by mutual agreement of the parties hereto.
2. a. It is agreed that the job specifications (Schedule B) dated April 3, 1955, as amended, are incorporated into this Agreement and shall remain in effect during the life of this Agreement, except as they may be changed in accordance with the provisions of subparagraph (b).
   b. The Company, the Union and the Local will continue to cooperate when the introduction of any new machinery, equipment, systems, operations or procedures occurs which calls for changes in present job specifications or new job specifications.
   The Company will give the Local 90 days' advance notice of such contemplated introduction of any new machinery, equipment, systems, operations or procedures; and, during the 90-day period, the Company will negotiate with the Local what changes in present job specifications or new job specifications are appropriate, the rates of pay for the same and the treatment of employees directly or indirectly affected by such changes. During such negotiations, the parties will give due consideration to training programs for employees so affected, to their promotional opportunities and seniority rights. The Company agrees that no present employee will be laid off or reduced in pay as a result of such changed or new job specifications. Reasonable training will be given to the affected employee or employees, where necessary, to assist them to qualify for the job or jobs to which they have been assigned.
   If no agreement is reached at the end of the 90-day period, the Company may establish and put into effect such changed or new job specifications no sooner than twenty (20) days thereafter. However, the Company may install and operate such new machinery or equipment and institute changed or new job specifications as a result thereof after negotiation with the Local irrespective of the time limits above and whether or not agreement is reached. Any dispute arising between the parties concerning the true interpretation or application of this subparagraph (b) shall be subject to the provisions of Arbitration under Article XXXV of the Agreement, except that the Board of Arbitration or Arbitrator selected by the operation of this Article XII, 2(b) shall not have the right or power to preclude or delay the installation or operation of the new machinery or equipment selected by the Company, provided that the foregoing shall not be deemed to affect the rights and powers of arbitrators in respect of any grievances arising under other provisions of this Agreement.
3. The Company agrees that, if employees are required to work outside of the territory served directly by the Company in order to render assistance to other companies, said employees shall be paid six percent (6%) above the employee's regular hourly rate, plus reimbursement for necessary subsistence and traveling expenses not otherwise furnished. This section shall not apply to work performed on the properties, lines or equipment, wherever located, which belongs to the Company.
4. The following rules will govern the compensation of employees who are required to perform work for the Company outside of territory served directly by the Company and outside of cities and towns whose requirements are supplied by it either in whole or in part, hereinafter called "NSTAR territory":
   a. Such work by an employee for a normal work day shall be paid for at the employee's regular hourly rate and overtime work shall be paid for at his/her overtime rate. Hours so worked shall be reported in the usual manner on time sheets.

b. For any scheduled day on which an employee is required to be outside NSTAR territory and does not work eight (8) hours, he/she shall be paid for any hours worked in accordance with paragraph (a) above and for the difference between eight (8) hours and the hours worked at his/her regular hourly rate.
c. For the purpose of these rules, hours spent in authorized travel and not otherwise compensated for will be reported as such and shall be paid for at his/her regular hourly rate.
d. Expense money for transportation, meals and lodgings, when required, will be advanced to the employee prior to his/her departure for any work assignment outside NSTAR territory and will be accounted for by the employee, with appropriate supporting vouchers, upon his/her return.
e. Notwithstanding the provisions of subparagraphs (b), (c) and (d) above, this paragraph 4 shall not apply to work performed on the properties, lines or equipment, wherever located, which belong to the Company.

5. Payday shall normally be on Thursday of each week. When a holiday falls on a Wednesday, the Company will pay at least earned base pay on Thursday.

ARTICLE XIII
Overtime and Premium Pay

1. Overtime compensation and premium rates shall be paid to employees subject to this Agreement in accordance with the following rules:
   a. Each employee's overtime rate shall be one and one half (1 1/2) times his/her regular hourly rate.
   b. Except as otherwise provided in this Agreement, an employee shall be paid a premium rate which shall be his/her overtime rate for all hours worked outside the hours established by schedules posted in accordance with the provisions of Article XI of this Agreement as his/her basic normal or regular work day and work week, and no other extra compensation shall be paid for hours so worked. An employee shall not be paid the premium rate for more than forty (40) hours in any posted period when the work outside his/her posted schedule was due to a change in his/her schedule or shift or days of relief after the schedule was posted. The following shall not constitute work outside an employee's basic normal or regular work day or work week:
      i. A change of forty-five (45) minutes or less of the time for starting and ending one or more work days from the times posted in the applicable work schedule.
      ii. Hours worked in lieu of posted hours at the request of, or to suit the convenience of, the employee.
      iii. A change in hours of work incident to a permanent promotion of the employee.
   c. When an employee is called in to work overtime which is not continuous with other hours worked, his/her compensation for the overtime, including any pay for travel time, shall not be less than his/her overtime rate for four (4) hours.
   d. So far as practicable, overtime work shall be distributed equitably among those employees engaged in the grade of work for which overtime assignments are required. A record of the overtime worked within a division by employees represented by the Union, in accordance with this Agreement, will be made available to the steward or stewards representing employees in that division and will be posted at least once every month. Any demonstrated inequity in the distribution of overtime shall be corrected by the Company by future assignments of overtime work. Should the Company fail to make such a correction satisfactory to the Local, the question shall be settled under the Grievance Procedure in Article XXXIV and by Arbitration under Article XXXV.
   e. Employees required to work overtime shall not be required to take time off to compensate for overtime worked or to be worked.
2. a. An employee required to work two (2) hours overtime continuous with the expiration of his/her regularly scheduled work day shall be furnished with a meal or a meal allowance not to exceed eight

dollars and fifty cents ($8.50) per meal and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work; provided that from and after June 2, 2016, the eight dollars and fifty cents ($8.50) shall be increased to eight dollars and seventy-five cents ($8.75); and provided that from and after June 2, 2017, the eight dollars and seventy-five cents ($8.75) shall be increased to nine dollars and no cents ($9.00).

b. An employee required to work two (2) hours or more overtime immediately preceding his/her regularly scheduled work hours shall be furnished with a meal or a meal allowance not to exceed eight dollars and fifty cents ($8.50) per meal two (2) hours after such overtime starts and an additional meal or meal allowance for each additional five (5) hours of continuous overtime work; provided that from and after June 2, 2016, the eight dollars and fifty cents ($8.50) shall be increased to eight dollars and seventy-five cents ($8.75); and provided that from and after June 2, 2017, the eight dollars and seventy-five cents ($8.75) shall be increased to nine dollars and no cents ($9.00).

c. Employees, who are entitled to the premium for work in excess of sixteen (16) hours provided in paragraph 4 of this Article, shall receive a meal or meal allowance every fifth hour of work, to be computed from the time of the next preceding meal or meal allowance without regard to whether such work is of continuous duration, until released from work for at least an eight (8) hour rest period.

d. Employees required to work overtime who continue into their regularly scheduled hours outdoors, but normally would not have been required to work outdoors due to weather conditions, shall continue to receive a meal or meal allowance every five (5) hours until released from such outdoor work.

e. Employees called in for overtime work which does not immediately precede or follow regular scheduled hours shall receive a meal or meal allowance not to exceed eight dollars and fifty cents ($8.50) after each five (5) hours of such overtime work; provided that from and after June 2, 2016, the eight dollars and fifty cents ($8.50) shall be increased to eight dollars and seventy-five cents ($8.75); and provided that from and after June 2, 2017, the eight dollars and seventy-five cents ($8.75) shall be increased to nine dollars and no cents ($9.00).

f. Employees entitled to a meal or meal allowance under this paragraph 2 who are allowed time off to eat such meal shall be paid for only one half (1/2) hour of such time off. All employees so entitled will be given time off to eat such meal except:
   (1) In cases where conditions exist which are hazardous to the general public, customer and Company equipment; and
   (2) In cases involving employees, such as station operating personnel, who normally eat their meals on the job and for whom there is no relief available. However, when relief is available for such station operating personnel, these employees shall be allowed time off for meals but such time off shall be limited to one such period between the overtime work and their regular scheduled tour of duty.

g. (1) When an employee is notified prior to the conclusion of his/her scheduled work day and he/she is required to start work at his/her "scheduled starting time" on his/her scheduled day off and to work all or any part of his/her "scheduled hours", he/she shall not receive any meal or meal allowance during said "scheduled hours".
   (2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive meals or meal allowances in accordance with paragraph 2(a).
   (3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive meals or meal allowances in accordance with paragraph 2(e).

(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive meals or a meal allowance in accordance with paragraph 2(e).

(5) The terms "scheduled hours" and "scheduled starting time" as used in paragraph (g) shall be construed to mean the same hours and starting time for which the employee is scheduled on a regular scheduled work day. When an employee is scheduled on "relief," the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

3. a. In a twenty-four (24) hour period in which there has been no rest period of at least eight (8) continuous hours, an employee who has worked sixteen (16) hours or more shall receive, in addition to his/her regular rate, an overtime premium equal to his/her regular hourly rate for such hours worked in excess of sixteen (16) hours, and he/she shall continue to receive said premium until his/her release from such work for at least an eight (8) hour rest period. He/she shall be entitled, when released from such work, to a rest period of eight (8) hours without pay before returning to work; provided, however, that if the rest period extends into his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for that regularly scheduled period without loss of pay, and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. The provisions of this subparagraph shall not apply to an employee who is scheduled to work sixteen (16) hours in the twenty-four (24) hour period.

b. In the case of an employee who has worked eighteen (18) hours or more in any twenty-four (24) hour period, he/she shall be entitled, when released from such work, to a rest period of ten (10) continuous hours without pay before returning to work provided, however, that if the rest period extends into his/her next regular scheduled hours for six (6) or more hours, he/she shall be excused from duty for the regularly scheduled period without loss of pay and provided further that, if the rest period extends into his/her next regular scheduled hours for less than six (6) hours, he/she shall be excused from duty for that portion of his/her scheduled hours which is covered by the rest period without loss of pay. This paragraph shall not be applied in a manner to defeat the intent for which the Article was written.

4. Any employee who, in any seven (7) day period, works his/her second scheduled day off, having worked at least six (6) hours or having been called in to work any hours on his/her first day off and all of his/her scheduled hours in said period, shall receive a premium (which includes his/her overtime pay) equal to his/her regular hourly rate for any hours worked on his/her second day off. If, during such scheduled hours of work, such employee is entitled to a paid rest period or is not required to work on a scheduled holiday, these rest period and holiday hours are to be considered as worked for the purpose of this paragraph. An employee who has earned a premium in accordance with this paragraph will not be entitled to another premium until he/she has again qualified for it on the basis of work performed after the period for which the premium was earned.

5. An employee scheduled to work on a Sunday shall be paid, in addition to his/her regular hourly rate, a premium of thirty-five percent (35%) of his/her regular hourly rate for each scheduled hour worked on a Sunday.

6. The following provisions shall govern travel associated with overtime:

a. An employee required to work overtime shall be allowed and compensated for forty (40) minutes overtime at the overtime rate specified in paragraph 1 of this Article, hereinafter called "travel time", except as provided in paragraph 8 of this Article, when obliged to travel to or from work, subject to the provisions in subdivisions (b), (c) and (d) of this paragraph.

b. When called to work overtime that does not immediately precede or follow posted work hours, an employee shall be entitled to travel time both ways.
c. Whenever overtime work immediately precedes posted work hours and begins between the hours of 11:30 p.m. and 6:30 a.m. or whenever overtime work immediately follows posted work hours and ends between the hours of 11:30 p.m. and 6:30 a.m., an employee shall be entitled to travel time one way.
d. (1) When an employee, having received not less than forty (40) hours' prior notice, is required to start work at his/her "scheduled starting time" on his/her scheduled day off and to work all or part of his/her "scheduled hours", he/she shall not receive any travel time under paragraph 6.
(2) When an employee, having received the notice mentioned above, is required to start work at his/her "scheduled starting time" on his/her scheduled day off, works his/her full span of "scheduled hours" and then continues to work hours thereafter, he/she shall receive travel time in accordance with subparagraph (c) of this paragraph.
(3) When an employee, without the notice mentioned above, is required to work any hours on his/her scheduled day off, he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.
(4) When an employee, regardless of notice, is required to start work on his/her scheduled day off at a time other than his/her "scheduled starting time", he/she shall receive travel time in accordance with subparagraph (b) of this paragraph.
(5) The terms "scheduled starting time" and "scheduled hours", as used in subparagraph (d) of this paragraph, shall be construed to mean the same hours and starting time for which the employee is scheduled on a regularly scheduled work day. When an employee is scheduled on "relief", the term "regularly scheduled work day", as used in this subparagraph, shall be construed to mean the hours scheduled on the day shift.

7. If an overtime assignment is cancelled by less than twelve (12) hours' notice to the employee prior to the start of the overtime work, he/she shall receive two (2) hours pay at his/her regular straight-time hourly rate.
8. The following provisions shall govern travel associated with change in work area:
a. When an employee is assigned to work outside his/her posted work area, one (1) hour each way at his/her straight-time rate shall be included in calculating his/her time.
b. An employee shall not be entitled to travel time provided in the preceding paragraph if, at the option of the Company, he/she is authorized to travel during his/her posted working hours.
c. An employee working overtime outside his/her posted work area shall be allowed and compensated for the travel time as provided in paragraph 6(a) or for travel provided in subparagraph (a) of this paragraph, but not both.
d. Posted "Work Areas" and posted "Work Centers," as referred to in this paragraph shall be in accordance with paragraph 9 of this Article.
9. The Company's Work Areas and Work Centers are the following:

Work Centers and Work Areas

All Departments
Boston Area
Comprising all of Boston within the area bounded by a line from Neponset Bridge via Neponset Circle, Gallivan Boulevard, Morton Street, Arborway, Jamaicaway and Riverway to Fenway; thence via Brookline Avenue, Park Drive, Medfield Street, St. Mary's Street and Granby Street to the Charles River Dam to Charlestown Avenue to Somerville-Boston line and via the Mystic River shoreline to Neponset Bridge.

Electric Operations – Overhead and Underground

Work Areas	Work Centers
Boston: Comprising that part of the Boston Area under "All Departments" including Allston, Brighton, Brookline, Dorchester, Hyde Park, Milton, Roslindale, Roxbury and West Roxbury.	Boston Service Center, Hyde Park Service Center and other reporting points in the area
Somerville: Comprising Arlington, Cambridge, Charlestown, Chelsea, East Boston, Somerville, Stoneham, Winchester and Woburn	Somerville Service Center and Station 211 (Woburn)
Southborough: Comprising Acton, Ashland, Framingham, Holliston, Hopkinton, Maynard, Natick, Sherborn, Sudbury and Wayland	Southborough Service Center
Walpole: Comprising Bellingham, Canton, Dedham, Dover, Medfield, Medway, Millis, Norfolk, Sharon, Walpole and Westwood.	Walpole Service Center
Waltham: Comprising Bedford, Burlington, Carlisle, Lexington, Lincoln, Needham, Newton, Waltham, Watertown and Weston.	Waltham Service Center

Work Areas	Work Centers
Plymouth: Comprising North of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Carver, Duxbury, Kingston, Marion, Marshfield, Pembroke, Plymouth, Plympton, Rochester and Wareham	Plymouth Service Center and other reporting points in the area
New Bedford: Comprising Acushnet, Dartmouth, Fairhaven, Freetown, Lakeville, Mattapoisett, New Bedford and Westport	New Bedford Service Centers (Gas & Electric),.Acushnet, Wareham, Doty Street, Carver Street and other reporting points in the area
Yarmouth: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center, Falmouth Garage, Orleans Garage, Martha's Vineyard and other reporting points in the area

Electric Operations – Station Operations

Work Areas	Work Centers
1. Boston/Metro: Comprising that part of the Boston Area under "All Departments" including Allston, Brighton, Brookline, Cambridge, Dorchester, Jamaica Plain, Mattapan, Milton, Roslindale, Roxbury and South Boston	Posted reporting points in area including Boston Service Center, Stations 36 and 329
2. Northeast/Suburban: Comprising Acton, Arlington, Bedford, Burlington, Cambridge, Carlisle,	Posted reporting points in area including Somerville Service

Charlestown, Chelsea, Concord, Deer Island, East Boston, Everett, Lexington, Lincoln, Maynard, Newton, Somerville, Stoneham, Waltham, Watertown, Wayland, Wellesley, Weston, Winchester and Woburn	Center, Waltham Service Center, Stations 17, 33, 34, 211, 250
3. Southwestern/Suburban: Comprising Ashland, Bellingham, Blackstone, Canton, Dedham, Dover, Framingham, Holbrook, Holliston, Hyde Park, Jamaica Plain, Medfield, Medway, Milford, Milton, Millis, Natick, Needham, Norfolk, Quincy, Roslindale, Sharon, Sherborn, Southborough, Sudbury, Walpole, Weston, West Roxbury, Westwood and Weymouth	Posted reporting points in area including Walpole Service Center, Stations 13, 20, 24, 65, 146, 446

Work Areas	Work Centers
4. Plymouth: Comprising North of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Carver, Duxbury, Kingston, Marion, Marshfield, Pembroke, Plymouth, Plympton, Rochester and Wareham	Plymouth Service Center, and other reporting points in the area which includes Station 713
5. New Bedford: Comprising Acushnet, Dartmouth, Fairhaven, Freetown, Mattapoisett, New Bedford, Westport and Fall River	New Bedford Service Center, and other reporting points in the area
6. Yarmouth: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center and other reporting points in the area

Operation Services – Meter Technical

Work Areas	Work Centers
Region 1: Comprising Allston, Boston, Brighton, Brookline, Cambridge, Dorchester, Hyde Park, Jamaica Plain, Mattapan, Milton, Quincy, Roslindale, Roxbury and West Roxbury	Boston Service Center and other reporting points in the area
Region 2: Comprising Arlington, Bedford, Belmont, Burlington, Carlisle, Charlestown, Chelsea, Concord, East Boston, Everett, Lexington, Lincoln, Needham, Newton, Somerville, Stoneham, Waltham, Watertown, Weston, Winchester and Woburn	Waltham Service Center, Somerville Service Center and other reporting points in the area
Region 3: Comprising Acton, Ashland, Bellingham, Canton, Dedham, Dover, Framingham, Holliston, Hopkinton, Maynard, Medfield, Medway, Millis, Natick, Norfolk, Sharon, Sherborn, Sudbury, Walpole, Wayland and Westwood	Walpole Service Center, Southborough Service Center and other reporting points in the area
Region 4: Comprising North of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Carver, Duxbury, Kingston, Marion, Marshfield, Pembroke, Plymouth, Plympton, Rochester and Wareham	Plymouth Service Center and other reporting points in the area
Region 5: Comprising Acushnet, Dartmouth, Fairhaven, Freetown, Lakeville, Mattapoisett, New Bedford and Westport	New Bedford Service Center and other reporting points in the area
Region 6: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center, Martha's Vineyard Service Center and other reporting points in the area

Gas Operations

Work Areas	Work Centers
1. Plymouth: Comprising Plymouth, Carver and Kingston.	Plymouth Service Center and other reporting points in the area
2. New Bedford: Comprising Acushnet, Dartmouth, Fairhaven, Freetown, Mattapoisett, Marion, New Bedford and Rochester	New Bedford Service Center and other posted reporting points in the area

Field Service Collections

Work Areas	Work Centers
Region 1: Comprising Bellingham, Boston, Brighton, Brookline, Canton, Charlestown, Chelsea, Dedham, Dover, Dorchester, Hyde Park, Jamaica Plain, Mattapan, Medfield, Medway, Millis, Milton, Norfolk, Roslindale, Roxbury, Sharon, Sherborn, Walpole, West Roxbury and Westwood	Boston Service Center and other reporting points in the area
Region 2: Comprising Acton, Arlington, Ashland, Bedford, Burlington, Carlisle, Framingham, Holliston, Hopkinton, Lexington, Lincoln, Maynard, Natick, Needham, Newton, Somerville, Stoneham, Waltham, Watertown, Wayland, Weston, Winchester and Woburn	Waltham Service Center, Southborough Service Center and other reporting points in the area

Region 4: Comprising Assonet, Dartmouth, Fairhaven, Freetown, Mattapoisett, New Bedford and Westport	New Bedford Service Center and other reporting points in the area
Region 5: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center, Martha's Vineyard Service Center and other reporting points in the area

Meter Reading

Work Areas	Work Centers
Region 1: Comprising that part of Boston Area under "All Departments" including Allston, Brighton, Brookline, Cambridge, Canton, Charlestown, Chelsea, Chestnut Hill, Dedham, Dorchester, East Boston, Jamaica Plain, Hyde Park, Mattapan, Milton, Needham, Newton Center, Newton Highland, Newton Upper Falls, Roslindale, Roxbury, Sharon, Somerville, Waban, Walpole West Roxbury and Westwood	Boston Service Center and other reporting points in the area
Region 2: Comprising Arlington, Auburndale, Bedford, Burlington, Carlisle, Lexington, Lincoln, Newton, Newton Lower Falls, Newtonville, Stoneham, Waltham, Watertown, Weston, West Newton, Winchester and Woburn	Waltham Service Centers and other reporting points in the area
Region 3: Comprising Acton, Ashland, Auburn, Bellingham, Berlin, Boylston, Cherry Valley, Framingham, Gleasondale, Grafton, Holden, Holliston, Hopedale, Hopkinton, Hudson, Jefferson, Leicester, Linwood, Marlboro, Maynard, Medfield, Medway, Mendon, Milford, Millbury, Millis, Millville, Natick, Norfolk, Northboro, Northbridge, Sherborn, Southborough, Sudbury, Shrewsbury, Stow, Sutton, Tipton, Uxbridge, Wayland, Westborough, Whitinsville and Worcester	Southborough Service Center and other reporting points in the area
Region 4: Comprising North of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Carver, Duxbury, Kingston, Marion, Marshfield, Pembroke, Plymouth, Plympton, Rochester and Wareham	Plymouth Service Center and other reporting points in the area
Region 5: Comprising Acushnet, Assonet, Dartmouth, Freetown, Fairhaven, Lakeville, Mattapoisett, New Bedford and Westport	New Bedford Service Center and other reporting points in the area
Region 6: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center, Martha's Vineyard Service Center and other reporting points in the area

All Other Departments

Work Areas	Work Centers
1. Boston: Comprising that part of the Boston Area under "All Departments" including Allston, Brighton, Brookline, Dorchester, Hyde Park, Milton, Roslindale, Roxbury and West Roxbury.	Boston Service Center, Hyde Park Service Center and other reporting points in the area
2. Somerville: Comprising Arlington, Cambridge, Charlestown, Chelsea, East Boston, Somerville, Stoneham, Winchester and Woburn	Somerville Service Center and Station 211 (Woburn) and other reporting points in the area
3. Southborough: Comprising Action, Ashland, Framingham, Holliston, Hopkinton, Maynard, Natick, Sherborn, Sudbury and Wayland	Southborough Service Center and other reporting points in the area
4. Walpole: Comprising Bellingham, Canton, Dedham, Dover, Medfield, Medway, Millis, Norfolk, Sharon, Walpole and Westwood.	Walpole Service Center and other reporting points in the area
5. Waltham: Comprising Bedford, Burlington, Carlisle, Lexington, Lincoln, Needham, Newton, Waltham, Watertown and Weston.	Waltham Service Center and other reporting points in the area
6. Plymouth: Comprising North of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Carver, Duxbury, Kingston, Marion, Marshfield, Pembroke, Plymouth, Plympton, Rochester and Wareham	Plymouth Service Center and other reporting points in the area
7. New Bedford: Comprising Acushnet, Assonet, Dartmouth, Fairhaven, Freetown, Lakeville, Mattapoisett, New Bedford and Westport	New Bedford Service Center and other reporting points in the area
8. Yarmouth: Comprising South of the Canal-Bourne, Buzzards Bay, Sagamore and Sandwich; Barnstable, Brewster, Chatham, Dennis, Eastham, Falmouth, Harwich, Mashpee, Orleans, Provincetown, Truro, Wellfleet, Yarmouth and Martha's Vineyard	Yarmouth Service Center, Falmouth Garage, Orleans Garage, Martha's Vineyard Service Center and other reporting points in the area

10. New regular work centers may be established from time to time by the Company, together with the work areas to be associated therewith. If the Local shall not agree to the boundaries of such a work area as established by the Company, it may, within ten (10) days after notice of such establishment, submit the question of the proper boundaries for settlement under the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV and the Board of Arbitration chosen thereunder shall have the power to make its decision retroactive to the date of the change.

11. a. When an employee, with Company authorization, uses his/her own automobile in the performance of his/her work, the Company shall reimburse such employee the IRS mileage allowance per mile for the distance traveled on Company business or in connection with Company work, provided that for each day he/she so uses his/her automobile, he/she shall receive a minimum of five dollars ($5.00).

b. If an employee with Company authorization uses his/her own automobile in the performance of his/her work and is required to truck tools and equipment that are cumbersome or bulky or weigh in excess of twenty (20) pounds, the Company shall reimburse such employee the IRS mileage allowance per mile for the distance traveled on Company business or in connection with Company work, provided that for each day he/she so uses his/her automobile, he/she shall receive a minimum mileage allowance of five dollars ($5.00); and he/she shall also receive, for each day he/she so uses his/her automobile, a trucking allowance of four dollars ($4.00).
c. No mileage or trucking allowance shall be payable in connection with travel between the employee's home and his/her posted work center or work area when he/she is reporting for or leaving his/her regular scheduled work.
d. The Company will reimburse an employee entitled to an allowance for the use of his/her automobile in accordance with the preceding subparagraphs for parking charges actually paid in the downtown Boston area while his/her automobile was being used on Company business or in connection with Company work.
e. If an employee, without prior notice, is called in to work overtime between the hours of 1:00 a.m. and 6:00 a.m. and uses his/her own automobile with Company authorization, the Company shall reimburse such an employee the IRS mileage allowance per mile for the distance traveled between his/her home or the outside perimeter of the Company's territory nearest his/her home to the reporting point, whichever is the lesser, provided that for each such call-in, he/she shall receive a minimum mileage allowance of five dollars ($5.00).
f. No allowance shall be made when an employee uses his/her automobile for his/her own convenience, even though such use is with the Company's knowledge and consent.
g. It is the intention of the Company to reduce, as far as practicable, the use of employee-owned automobiles.
h. Should the Internal Revenue Service (IRS) change the mileage allowance during the term of this agreement, the Company mileage allowance will change accordingly. Such change will become effective one (1) month following publication by the IRS. The Company's minimum allowance shall not be affected by an IRS change

12. A fixed premium of one dollar and twenty cents ($1.20) per hour will be paid for hours an employee works at heights of eighty-five (85') feet or more above the ground on poles or structures, which are part of the Company's Overhead Transmission. Said premium shall be paid to employees when working in the Sumner, Congress, Mystic or Weymouth tunnels.

PART FOUR
VACATIONS, HOLIDAYS AND EXCUSED ABSENCES

ARTICLE XIV
Vacations and Vacation Compensation

1. a. Eligibility: All regular employees (including part time employees) are covered by this agreement and are eligible for vacation according to the provisions below.
   b. Vacation Year: The vacation year commences on January 1st of each calendar year and ends December 31st of that year.
   c. Vacation Benefits: Annual vacation allowance is based on years of service with the Company. Vacation is not accrued during the current vacation year into future vacation years.
   d. Vacation Allowance Schedule (Full time employees).

Years of Service	Vacation Allowance
Less than 1 year	1 day for every 2 months
One year but less than 5 years	10 days
Five years but less than 15 years	15 days
Fifteen years but less than 20 years	20 days
Twenty years but less than 30 years	25 days
Thirty years or more	30 days

   (1) The vacation benefit is granted on January 1 of the year in which the 5th, 15th, 20th or 30th anniversaries are reached.
   (2) New Employees: During the first year of employment, employees will be eligible for a vacation benefit equal to one (1) day for every two (2) months of employment from the first of the month following their date of hire through their first anniversary date at which time they will be entitled to a total of ten (10) days for that remaining calendar year. If the date of hire is the first of the month, the entire month will be credited towards the total calculation.

   e. Vacation Allowance (part-time employees). Part time employees who work twenty (20) hours or more are entitled to the vacation allowance scheduled above pro-rated based on their scheduled number of hours worked in a week.
2. The pay for each day or week of vacation for an employee entitled thereto during the first and second calendar years of employment shall be based upon his/her regular hourly rate in effect immediately preceding his/her vacation. After the second calendar year of employment, the pay for each day or week of vacation for such employee shall be computed from the average of his/her weekly earnings for the calendar year preceding the year in which his/her vacation occurs or his/her regular pay for a normal week not exceeding forty (40) hours, whichever is greater. If during such employee's vacation period a holiday recognized by the Company under Article XV occurs, he/she shall receive a day's pay as provided in said Article XV in addition to his/her vacation pay provided for in the preceding sentence provided, however, that at the option of the Company, the employee may elect to take the holiday as an additional day off concurrently with his/her vacation period in lieu of the day's pay. The employee may also take the additional day off at a later time provided his/her request is submitted and approved thirty (30) days prior to the day he/she is requesting off.
3. Two (2) weeks of a vacation shall be continuous except in extraordinary cases and by agreement between the employee's steward and his/her manager.
4. So far as practicable, considering the nature of the Company's business, vacations shall be arranged by managers, in conference with stewards, so that the vacation spread shall be as short as possible, and conditions permitting, two (2) week vacations shall be confined to the period between June 15th and

September 15th. A third, fourth, fifth or sixth week of vacation earned under subparagraphs (e), (g) or (j) of paragraph 1, shall be scheduled by the manager, in conference with stewards, and usually shall be outside the normal vacation period. Each employee shall submit to his/her supervisor his/her choice of dates for third, fourth, fifth or sixth week of vacation on or before October 1st of that year. In extraordinary circumstances, vacations may be rescheduled. Vacations will be chosen and assigned under this paragraph on the basis of Company seniority as defined in paragraph 2 of Article XVII except where different vacation patterns are agreed upon. In case of dispute between a manager and the stewards concerning vacation scheduled, the matter shall be referred to the Director of Employee & Labor Relations, or his/her designated representative, for final decision.

5. a. In the event that an employee in any calendar year does not have his/her full vacation for a reason which is beyond the control of the employee, an adjustment shall be made immediately after the end of that year by paying the employee as of December 31st of that year for vacation due as provided in paragraph 2 of this Article but not taken. The term "reason which is beyond the control of the employee" is defined to include any action by the Company affecting an employee's vacation. However, at the option of the Company, provided the employee so requests in writing no later than December 15th of any year, any weeks or days of vacation due to the employee as of December 31st of that year under paragraph 2 of this Article but not taken may be carried over to and taken in the following calendar year but not thereafter.
   b. At the option of the Company, provided the employee so requests in writing no later than March 15th in any calendar year, his/her vacation due for that year under paragraph 2 of this Article may be carried over to and taken in the following year but not thereafter. In so requesting carryover of vacation, the employee shall state his/her reasons for such request and shall indicate whether or not he/she desires the carried over vacation to be separate from or consecutive with his/her regular vacation in said following calendar year.
   c. The Company will give an answer to any requests of an employee made under the foregoing subparagraphs (a) and (b) within thirty (30) days from the date of the receipt of said request.
   d. It is understood and agreed that under no circumstances will carryover of vacation, as provided in this paragraph 5, be permitted beyond the end of the calendar year next following the year in which the vacation was due.
6. In the case of an employee retiring from employment, he/she shall have the option to either be allowed the vacation entitled to his/her credit prior to his/her retirement date or work up to retirement date, in which case an adjustment shall be made by paying the employee for vacation due but not taken. In the event an employee elects to work up to his/her retirement date, he/she shall give notice in writing not less than ninety (90) days prior to such retirement.

ARTICLE XV
Holidays, Floating Days and
Holiday/Floating Day Compensation

1. The following days shall be recognized as holidays on the day on which they are observed:

New Year's Day	Labor Day
Martin Luther King, Jr. Day	Columbus Day
President's Birthday	Veterans' Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

   Insofar as practicable, employees will not be required to work on a holiday. In addition to the above holidays, employees are entitled to two (2) floating days annually. An employee may elect to take floating days at any time providing he/she submits request thirty (30) days prior to the day/days he/she is requesting and said request is approved by the employee's department manager. However, it is agreed that no more than three (3) employees in any job classification shall be allowed a particular day off. This is in addition to the normal complement of employees allowed on vacation.
2. If an employee is not required to work on any of the aforementioned holidays which occur while this Agreement is in effect, he/she shall be entitled to a holiday allowance equivalent to eight (8) hours' pay at his/her straight-time rate.
3. If, during any period which includes his/her scheduled work periods immediately before and after a holiday, an employee is on leave of absence, is absent on sick leave or is without pay, he/she will not be paid or receive time off for scheduled time not worked on the holiday.
4. Except as provided in paragraphs 6 and 7 of this Article, if an employee is required to work on a holiday which falls on a scheduled work day, he/she shall be paid, in addition to the pay provided in paragraph 2, as follows:
   a. He/she shall be paid a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each scheduled hour worked; however, where the scheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid not less than the amount due for four (4) hours of such work.
   b. He/she shall be paid for each unscheduled hour worked a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked; however, where the unscheduled hours worked are not continuous with other hours worked on the holiday, he/she shall be paid, if any, not less than the amount due for four (4) hours of such work.
   c. Only the greater of the foregoing minimum pay provisions shall apply to any period of continuous work covering both scheduled and unscheduled hours.

   If an employee is required to work on an approved and scheduled floating day, the floating day will be rescheduled.
5. Except as provided in paragraphs 6 and 7 of this Article, if an employee is required to work on a holiday which falls on his/her scheduled day off, paragraph 2 of this Article shall not apply and hours so worked shall be paid for as follows:
   a. He/she shall be paid his/her regular hourly rate and, in addition, a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each of the first eight (8) hours or less so worked; however, he/she shall be paid not less than the amount due for four (4) hours of such work.
   b. He/she shall be paid his/her regular hourly rate, and in addition a premium equal to one and one half (1 1/2) times his/her regular hourly rate for each such hour worked in excess of eight (8) hours.
6. An employee required to work on a holiday during hours which are continuous with hours worked on the day preceding or the day following the holiday shall not be entitled to the minimum holiday pay for hours worked stated in paragraphs 4 and 5, however, such employee shall be paid for the hours worked

on the holiday in accordance with the otherwise applicable provisions of paragraphs 4 and 5. In no event shall such employee's pay for the entire period worked under the paragraph be less than an amount equal to his/her regular hourly rate for eight (8) non-overtime hours.

7. For the purpose of this Article, it is agreed that a holiday begins at 12:01 a.m. and ends with 12:00 midnight on the day on which it is observed; but, when a posted shift begins or ends on a holiday, all of the hours of the shift shall be considered as worked on the holiday if fifty percent (50%) or more of the hours of the shift, as posted, fall within the holiday; otherwise, all the hours of the shift shall be considered as worked on the day which is not the holiday.
8. In years that a holiday falls on a Saturday, employees will have the option of taking an extra day's pay or taking an additional floating day. If a floating day is elected, the employee must give six (6) months' notice prior to the holiday of which option he/she is electing. Such floating days must be taken between January 2nd and April 30th or between September 15th and December 1st of the calendar year in which the Saturday holiday falls. The employee must receive department approval at least thirty (30) days prior to the requested day off.
9. Holiday/Floating day (part-time employees). Part time employees who work twenty (20) hours or more are entitled to four (4) paid Company Holidays as follows: New Year's Day, Independence Day, Thanksgiving and Christmas. They are also entitled to one (1) floating day pro-rated based on their scheduled number of hours worked in a day.

ARTICLE XVI
Excused Absences From Work

1. a. Employees shall be allowed time off without loss of pay for all scheduled work days falling within the three (3) day period next following the date of a death in the immediate family. In cases where the funeral is held on the fourth day following the death, the employee shall be allowed this day off without loss of pay if it is a scheduled work day. The "immediate family" shall include the wife, husband, son, daughter, father, mother, sister, brother, father-in-law, mother-in-law, son-in-law, daughter-in-law, grandson, granddaughter, grandmother and grandfather of the employee. The "immediate family" shall also include a person who is actually a member of and living in the employee's household through a tie of obligation or friendship. In extraordinary cases, the Director of Employee & Labor Relations, or his/her designated representative, may, in his/her discretion, allow time off in the event of death of other person(s). Should a death occur in the immediate family of an employee who is on vacation, the foregoing provisions of this section shall apply and the days allowed due to the death will not be considered to be vacation but will be rescheduled. Normally, such days will be rescheduled outside the normal vacation period and will not interfere with the scheduled vacation of another employee.
   b. Employees shall be allowed one (1) day off without loss of pay to attend the funeral of a brother-in-law or sister-in-law when the funeral is held on a scheduled work day.
2. Any employee permitted to leave the job or remain away from work because of an emergency existing at home shall, at the discretion of the Director of Employee & Labor Relations, or his/her designated representative, suffer no loss of pay.
3. a. An employee hired prior to April 1st in any year who is absent for an ordered short tour of military training duty with an organized Reserve or National Guard unit will be paid the difference (if any) between his/her regular hourly rate for forty (40) hours and his/her certified military pay for each week of such absence provided that said difference will not be paid for more than three (3) weeks, covering fifteen (15) Company work days, in any calendar year.
   b. An employee absent, as a result of being called for jury duty, will be paid his/her regular hourly rate for forty (40) hours each week or for eight (8) hours for each day of such verified absence. The employee's days off during the week of such absence for jury duty shall be deemed to be Sunday and

Saturday. An employee shall be eligible for payment under this paragraph only once every three (3) years.

c. An employee subpoenaed as a witness in a Massachusetts Court during scheduled work hours shall be paid for no more than eight (8) hours of such time for each day on which he/she is required to comply with said subpoena provided that he/she shall be eligible for this payment only once every three (3) years. An employee shall not be eligible if he/she is a party to the court action and must submit a copy of the subpoena to his/her supervisor as soon as it is received.

PART FIVE
TENURE OF EMPLOYMENT

ARTICLE XVII
Seniority

1. The following provisions as to seniority were first established as of December 5, 1950 and have been amended by subsequent Agreements between the Company, the Union and the Local by this Agreement. As so amended, they shall continue in effect.
2. Company seniority is defined as length of continuous service with the Company. Department or division seniority is defined as total length of service in a given department or division, and neither department nor division seniority shall be impaired by a consolidation of departments. Seniority on the rating is defined as the total time worked in a given permanent rating. For these seniority provisions, "rating" is defined as a grade within a job title or the job title itself if it is not subdivided into grades.
3. The Company seniority of each present employee and his/her seniority in the department, division and rating in which he/she is employed shall be maintained. The seniority of an employee hired after December 5, 1950 shall be determined in accordance with paragraph 2 of this Article.
4. In determining an employee's Company seniority, the continuity of his/her service shall be deemed to be broken by termination of employment by reason of resignation or discharge or by reason of layoff for more than three (3) years.
   Company seniority of employees who are granted leave of absence for any of the following reasons shall accrue for the period of any such leaves: (a) military service for the period during and after which they have re-employment rights under the Selective Service Act of 1948 as amended; (b) absence on Union business as provided in Article VIII of this Agreement; (c) leave of absence authorized by the Director of Employee & Labor Relations.
5. a. Subject to the limitations of applicable laws prevailing when the question arises, any employee who, subsequent to the enactment of the Selective Service Act of 1948 as amended, left the employ of the Company for entry into any of the armed forces of the United States of America will retain the same Company and department seniority and seniority on the rating that he/she would have had if he/she had remained in the employ of the Company during the period of absence provided that his/her military service is terminated with a certificate of satisfactory completion of service and that within ninety (90) days thereafter he/she shall apply in writing to the Company for re-employment.
   b. The Company shall assign such an employee the rating held by him/her at the time of such entry provided he/she is then qualified by fitness and ability to perform the work in such rating; but, if he/she is mentally or physically unfit to perform the work in such rating, the Company shall endeavor to provide him/her with employment in any rating in any department of the Company for which the Company deems him/her to be mentally, physically and otherwise qualified and also provided that his/her Company seniority including the aforesaid military service shall be greater than that of the employee to be displaced.

c. (1) Upon permanent promotion, under the provisions of this Article XVII, of an employee who has served in the armed forces of the United States of America to the next higher rating on the job progression chart showing the rating held by him/her at the time of entry into the armed forces, he/she shall advance on said next higher rating to the roster position he/she would have had:
   A. if he/she would have been promoted to said next higher rating during the period of his/her service in the armed forces had he/she remained in the employ of the Company; and
   B. if he/she is found qualified by fitness and ability and is promoted either at the time when the first vacancy occurs after his/her return from service in the armed forces or within six (6) months of said time in cases where special training or license requirements are involved.

(2) Such advancement on the roster for said next higher rating, which shall be known as "roster re-adjustment", shall not, however, be available to such an employee:
   A. if he/she rejects any permanent promotion under the provisions of this Article to the first vacancy which is to be filled in such higher rating after his/her return from service in the armed forces for which he/she is first in order of seniority and is found qualified by fitness and ability; or
   B. if he/she is unable to qualify by fitness and ability for the first vacancy which is to be filled in said next higher rating after his/her return from service in the armed forces or within six (6) months after the occurrence of said first vacancy if special training or a license is required for said first vacancy.

(3) Roster re-adjustment shall not, in any event, apply to positions filled by the posting procedure provided in this Article. It is mutually agreed that an employee must be on the Company's active payroll in order to be eligible to file an application for a posted vacancy.

(4) In the absence of an established roster for a job progression chart, the seniority on the rating as defined in this Article XVII, paragraph 2, of an employee promoted to the next higher rating shall be re-adjusted in the same manner as though there had been an established roster.

(5) "The next higher rating" as used in this subparagraph (c) shall be interpreted so as to provide for a second roster re-adjustment in the rating which is the next above such next higher rating on the progression chart within one (1) year after the employee's first roster re-adjustment provided that he/she is able to qualify for such second re-adjustment by fitness and ability. Except as provided in this subdivision (5), such second re-adjustment shall be subject to all the provisions of this subparagraph (c) regarding roster re-adjustment.

6. "Job Progression", as used herein, is defined as the pattern of movement from one rating as defined in paragraph 2 of this Article to another rating which is normally (a) more favorable to the employee with respect to rate of pay and (b) related to the former rating in terms of job content.
Employees permanently or temporarily promoted to a position of next higher rating on a progression chart shall be paid the rate of the new classification or his/her former job classification, whichever is greater.
7. During the term of this Agreement, the Company, after agreement with the Local, shall prepare job progression charts showing the ratings and all job progressions between ratings in which employees, subject to this Agreement, may be employed.
8. After the job progression charts have been prepared, the Company shall prepare and post a roster for each job progression chart setting out the names, job titles and grades, Company, department and divisional seniority and seniority on the rating of all employees subject to the chart. Thereafter, when there are changes affecting the employees on any roster, the Company shall prepare and post at least once every six (6) months a revised roster. If any employee is aggrieved by his/her seniority status as first posted or any posted change therein, the Local may, within thirty (30) days after such posting and not thereafter, request the Company in writing to correct such posting; and upon adequate proof of error, the employee’s seniority status shall be corrected in accordance with the facts.

9. When a vacancy is to be filled in a job title and grade represented by the Local, the employee senior in the next lower rating on the applicable roster shall be entitled to the promotion if qualified by fitness and ability to fill the vacancy. Temporary filling of vacancy shall be made in the same manner until an appointment is made as provided herein.
10. In increasing and reducing forces, in making promotions, in making demotions for other than disciplinary reasons and in making appointments to fill vacancies in existing ratings and in newly created ratings, the Company shall determine the fitness and ability of all applicants for the new or different positions, and its decision shall be final except as follows: (a) if the Local claims that the Company has exercised its rights in making promotions or in making appointments to fill vacancies in existing ratings and in newly created ratings in an unjust or unreasonable manner, or that such action was due to discrimination against an employee because of his/her membership in, or his/her lawful activity on behalf of, the Union, such claim shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV; (b) if the Union or the Local claims that the Company has exercised any of its other rights set forth in this paragraph in a capricious or arbitrary manner, such claim shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV.
11. a. Notice of a vacancy in an existing rating or in a newly created rating, if such rating cannot be filled by an employee from the same roster who is qualified by fitness and ability, shall be posted at places accessible to all employees and shall remain posted for a period of twelve (12) days, within which period applicants eligible and desiring to fill such vacancy shall apply in writing to the representative of the Company designated in the notice. Such notice shall also set forth the job title and grade of the vacancy to be filled, the currently posted hours of work and days of relief and the rate of pay. The Company will review the applications and preference will be given to employees represented by Local 369 according to their Company seniority status within the job titles represented by Local 369. If there is no applicant or no applicant who is qualified by fitness and ability to perform the duties of the vacancy, the Company shall have the right to hire a new employee to fill such a vacancy. Except as otherwise provided in this Agreement, employees during their first six (6) months of employment taking a permanent assignment to a position that appears on a progression chart shall not be eligible for transfer to a position on another progression chart except for those positions that are filled by posting procedure. It is understood and agreed that the Company may post notices of vacancies for Overhead Lineworker, Grade C jobs prior to the time the vacancy exists for the purpose of establishing a list of qualified applicants for the Overhead Lineworker, Grade C position when the vacancies do occur, and the provisions of subparagraph (b) of this paragraph 11 shall not apply until said vacancy does exist.
    b. Within one (1) week after the expiration of the posting period provided for in this paragraph 11, the Company shall name the accepted applicant, but such acceptance shall not become effective until at least seven (7) days after the notice to the Local provided for in paragraph 12. The Company shall assign the accepted employee to the vacancy within thirty (30) days after the acceptance becomes effective or a grievance is pending under paragraph 12 of this Article, pay him/her the applicable rate of pay following the said thirty (30) day period and until he/she is assigned to the vacancy. Exceptions to the periods set out in the preceding sentence may be mutually agreed upon by the Director of Employee & Labor Relations and the President of the Local or their designated representatives. Seniority in this new rating shall commence on the date the acceptance to fill the vacancy becomes effective.
    c. When the filling of such a vacancy causes a vacancy in another rating, the Company will fill that vacancy in the same manner as provided in paragraphs 9 and 11.
12. The Local shall be notified in writing by the Director of Employee & Labor Relations, or his/her designated representative, giving the name of the employee who has been selected for promotion or to

fill a vacancy. Such notice shall be given not less than seven (7) days prior to the effective date of such promotion or filling of vacancy. The selection of the employee by the Company for promotion or to fill the vacancy shall not be subject to the Grievance Procedure in Article XXXIV or Arbitration under Article XXXV except in cases where the Local shall claim that the Company has exercised its rights in an unjust or unreasonable manner or that such action was due to discrimination against an employee because of his/her membership in, or his/her lawful activity on behalf of, the Union.

13. An employee accepting promotion or transfer to a new rating shall retain unimpaired his/her seniority previously established in his/her former rating without the right to displace juniors in the former rating so long as he/she may have employment in the new rating or in any rating in the same job progression for which he/she is qualified by fitness and ability. If, in the opinion of the Company, he/she is qualified to fill the new rating, he/she shall not return to the rating from which he/she came until a vacancy occurs therein, and he/she shall not have the right to attempt to qualify for another vacancy within ninety (90) days after such return. Any employee assigned to a vacancy shall have thirty (30) days in which to qualify. If, in the opinion of the Company, he/she is unable to qualify, he/she may return to the rating from which he/she came without loss of seniority therein. Should an employee, after accepting a new rating, desire to return to his/her previous rating and so informs the Company within thirty (30) days after being assigned to the new rating, he/she may return to his/her former rating when a vacancy occurs without loss of seniority therein. An employee who does not elect to return to his/her former rating within the thirty (30) days, as outlined in this Article, and continues on this rating for a period in excess of ninety (90) days shall not have the option to return to his/her former rating when a vacancy exists.
14. When forces are reduced, the employee having the least seniority on the rating shall be demoted or laid off first. Any employee demoted because of reduction in forces shall return to the rating previously held with accumulated seniority attained since his/her promotion.
15. When forces are reduced in the lowest rating of a job progression, the employee in that rating with the least Company seniority shall be laid off first. An employee who has transferred to his/her rating from another roster and not through job progression shall, instead of being laid off, have the right to return to a position on his/her former roster without loss of seniority status on that roster if then qualified by fitness and ability to perform available work. Instead of being laid off because of a reduction in forces, an employee who has been promoted to his/her rating from a lower rating in the same job progression shall have the right to displace juniors in such lower rating if qualified by fitness and ability. If the employee attained his/her rating neither from another roster nor through job progression, his/her demotion or layoff shall be in accordance with his/her Company seniority as determined by mutual agreement of the parties hereto. Layoffs shall be made in accordance with Company seniority, employees with the least Company seniority being laid off first with the right, however, if qualified by fitness and ability to perform the available work, to displace juniors in any beginner's class of work on any roster.
16. Notice of layoff or demotion because of a reduction in forces shall be given in the same manner and subject to the provisions of paragraph 12 of this Article except that such notice shall be given not less than thirty (30) days prior to the effective date of such layoff or demotion.
17. When forces are reduced in any rating, employees who have been laid off shall be returned to work in the inverse order in which they have been laid off provided that they are qualified and have the ability to perform the work available. The right to be recalled and the right of laid-off employees to accumulate seniority shall cease after three (3) years from the date of layoff. A laid off employee, who is notified by registered mail to return to work, must report to the Human Resources Organization within seventy-two (72) hours after such notice has been received by him/her or, having been sent to the last address he/she has given to such Organization, has been returned undelivered to the Company; and, when reporting, he/she shall advise the said Organization whether or not he/she will return. Should the employee fail to advise the Human Resources Organization within said seventy-two (72) hours that he/she will return to

work or fail to return to work within seven (7) days after advising said Organization that he/she will do so, the next employee shall be called. All laid-off employees with seniority rights shall be given an opportunity to return to work if qualified and able to perform the work available before any new employees are hired by the Company. This paragraph shall not be effective in the event of an emergency declared by the Chief Executive Officer of the Company, or his/her designated representative, as defined in Article VII of this Agreement.

18. No employee in the bargaining unit who has five (5) or more years of continuous service and who is desirous of continuing employment with the Company will be laid off or reduced in pay for lack of work. It is understood, however, that when forces are reduced that any such employee may be assigned to work of a lower rating in accordance with the provisions of this Article.

ARTICLE XVIII
Retrogression

1. If an employee with fifteen (15) years or more of service with the Company is, in the opinion of the Medical Director, unable thereafter to perform his/her regular duties due to a physical condition or impairment, the Company shall endeavor to assign him, for the duration of his/her employment by the Company, to a rating with comparable pay which, in the opinion of the Company, he/she is capable of performing or to a job of lower rating. His/her seniority on the rating into which he/she is placed will be determined by agreement of the Company and the Local.
2. If he/she is assigned to a comparable rating, he/she shall continue to receive the same regular hourly rate as theretofore. If he/she has twenty (20) but less than twenty-five (25) years of continuous active service and he/she is assigned to a lower rating, his/her compensation shall be established and shall continue thereafter at a rate not more than ten percent (10%) below the regular hourly rate of the rating from which he/she first retrogressed. If he/she has fifteen (15) but less than twenty (20) years of continuous active service and he/she is assigned to a lower rating, his/her compensation shall be established and shall continue thereafter at a rate not more than twenty percent (20%) below the regular hourly rate of the rating from which he/she first retrogressed.
   If he/she has twenty-five (25) years or more of continuous active service with the Company and is assigned to a lower rating, his/her compensation shall be established and shall continue thereafter at the same hourly rate of his/her rating at the time he/she first retrogressed or at a rate not more than ten percent (10%) below the regular hourly rate of the rating from which he/she first retrogressed, whichever is higher.

ARTICLE XIX
Substitutions and Temporary Assignments

1. a. Upon the substitution of an employee for another employee of higher rating in order to cover the absence of the latter for one (1) day or more, the substituting employee shall, during the period of substitution, be paid as if the substitution were a promotion.
   b. While it is the intent that under normal conditions the job specification will apply, it is understood that an employee may be required to perform for less than a calendar day the duties of higher ratings without an increase in pay, but not for the purpose of avoiding the payment of overtime rates.
   c. The substitution of an employee for another to cover absence on account of illness or disability shall not be changed during the illness or disability of such other employee in order to avoid the payment of increased compensation.
   d. The necessity for a substitution shall be the responsibility of the manager, but the decision as to the employee to be assigned for substitution shall be made by the manager in accordance with the provisions of Article XVII (Seniority), paragraphs 9 and 10.

2. Upon the temporary assignment of an employee to a position of higher rating other than as a promotion or substitution, he/she shall, during the period of assignment, be paid as if the assignment were a promotion.
3. An employee temporarily upgraded for a continuous period of twelve (12) months for reasons other than a substitution for another employee shall, at the expiration of the said twelve (12) month period, be made permanent on the rating to which he/she was first upgraded within said period. If, however, he/she is not the senior qualified employee on the rating from which he/she was first upgraded, the senior qualified employee shall be eligible to be made permanent on such rating.

ARTICLE XX
Dual or Combination Jobs

1. In the event that it is necessary to combine the work of more than one rating in order to make a regular full-time job, the compensation of the employee will be based upon the rating for the highest grade work to which he/she is assigned regularly twenty percent (20%) or more of his/her time in a scheduled work week.
2. The Company will not assign higher grade work to employees of lower rating for the purpose of avoiding the creation of a full-time position in the higher grade.

ARTICLE XXI
Work by Supervisors

No supervisor shall act in other than a supervisory capacity except under urgent conditions. This is not intended to prevent a supervisor from protecting life or property, giving occasional or emergency assistance or performing work for the purpose of instruction. However, the primary function of a supervisor is supervision, and he/she is not to perform work that will eliminate a man/woman or interfere with supervision.

This section will also apply to an employee while he/she is assigned temporarily to the directive duties of a supervisor in his/her absence.

ARTICLE XXII
Students

1. It is agreed that the Company may employ person(s) as cooperative or engineering students, not to exceed thirty (30) cooperative or engineering students on the Company's properties at any one time, which students may be transferred from time to time from one job to another as desired by the Company for training in connection with the cooperative educational program. The cooperative or engineering students are not included within the scope of this Agreement, but their employment shall not result in the layoff or loss of promotional opportunity of any regular employees included within its scope.
2. It is also understood that, in furthering the purpose of the educational program for these cooperative or engineering students, their activities will not conflict with the usual work assignments of regular employees and, upon request, the Company will furnish to the Local information concerning rates of pay and nature of work assignments of such students. Such students will be assigned to work activities only when associated with regular employees. Overtime work resulting from an assignment, which extends beyond the regular work period, will be permitted, but planned overtime will be assigned to these students only when regular employees usually assigned to the work are not available for such work. It is understood that Company policy does not permit cooperative or engineering students to operate Company vehicles in the course of their employment.

ARTICLE XXIII
Contractors

It is the policy of the Company to have its ordinary maintenance and repair work and such construction work, as is now the present practice, performed by its own employees except in cases of emergency, necessity or temporary peaks of work.

The Company will continue to review the matter of assigning ordinary maintenance and repair work on its property to outside contractors for the purpose of reducing such work assignments to the end that such work assignments be performed by employees of the Company when economically feasible to do so.

When it becomes necessary for the Company to use the services of outside contractors on ordinary maintenance and repair work, the rosters of employees assigned to ordinary maintenance and repair work in any section using such outside contractors will be maintained at their normal status so long as contractors are working in such section.

It is not the intention of the Company that the use of the services of outside contractors shall result in the layoff, demotion or reduction of pay of its regular employees.

PART SIX
BENEFIT PLANS

ARTICLE XXIV
Eversource 401K Plan

Eligible employees, hired prior to November 1, 2012, may participate in the Eversource 401K Plan

1. which is incorporated herein and which will continue unchanged and in effect according to the terms of the Plan, so long as this Agreement shall be in effect.
2. Eligible employees hired on or after November 1, 2012, will be enrolled in the NUSCO 401(k) and Med-Vantage Plans.

ARTICLE XXV
Eversource Pension Plan

Eligible employees will participate in the NSTAR Pension Plan which is incorporated herein and which will continue unchanged and in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

ARTICLE XXVI
DisabilityPlans & Group Insurance

Eligible employees will be covered under Short Term and Long Term Disability Plans which are incorporated herein and which will continue unchanged and in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

Eligible employees will be covered under the Basic Group Life Plan, Accidental Death and Dismemberment Plan and Business Travel Accident Plan as are listed in the Group Welfare Benefits Plan which will continue unchanged and in effect, so long as this Agreement shall be in effect. Eligible employees, and their eligible dependents, may participate in the Supplemental Life Plan, Dependent Life Plan, and Personal and Family Accident Plan as are listed in the Group Welfare Benefits Plan which will continue in effect according to the terms of the Plan, so long as this Agreement shall be in effect.

ARTICLE XXVII
Health Plans

Eligible employees, and their eligible dependents, may participate in the Medical, Prescription Drug, Vision and Dental Plans as are listed in the Group Welfare Benefits Plan which will continue unchanged and in effect, so long as this Agreement shall be in effect.

ARTICLE XXVIII
Section 125 Plans

Eligible employees may participate in the Dependent Care Plan, Flexible Spending Account and Health Savings Accounts, as are listed in the Group Welfare Benefits Plan which will continue in effect, so long as this Agreement shall be in effect.

ARTICLE XXIX
Other Benefit Plans

Eligible employees may receive Employee Assistance, Adoption Assistance and Education Benefits. The provisions of these benefits are summarized in the "Other Benefits" section of the Spectrum of Benefits binder as amended by the Memorandum of Agreement dated June 1, 2015, and are incorporated by reference herein.

ARTICLE XXX
Medical Examinations

The Medical Director shall examine, or cause to be examined, and pass upon the physical fitness of:

1. Any employee upon whom his/her own physician has placed restrictions shall be subject to examination until the restriction is removed.
2. When it is obvious, or if either the Company or the Local has information that the physical condition of an employee is such that it would be injurious to himself/herself, his/her fellow employees or the public, he/she may also be required to take a physical examination.
3. Employees returning to work as appropriate upon recovery from incapacity for ten (10) working days or more.
4. Employees, at their request, annually or by arrangement.
5. Employees requesting transfer to new positions.

If a conflict arises between the Medical Director hereafter, and/or his designated representative, and the treating healthcare provider concerning an individual's work capacity, the following process shall apply: The Medical Director shall attempt to contact the treating healthcare provider. If the Company is unable to make contact after three (3) attempts within three (3) working days, the Medical Director will notify the employee and the Union. The employee may then request the treating healthcare provider contact the Medical Director. If the treating healthcare provider fails to contact the Medical Director within one (1) working day, or the dialogue between the Medical Director and treating healthcare provider does not result in agreement over work capacity or return to work, the Medical Director may request an independent medical evaluation.

Compensation for the examinations will be resolved pursuant to the Memorandum of Agreement executed by representatives of the Company and Local 369.

PART SEVEN
MISCELLANEOUS WORKING CONDITIONS

ARTICLE XXXI
Work in Inclement Weather

1. a. Employees on List #1 (Schedule F), except under emergency or urgent conditions, will not be required to perform their normal work outdoors during stormy weather or unusually hot or cold weather conditions which would be considered as detrimental to the health or safety of employees. Temperature at ten degrees (10°) or less Fahrenheit will be considered severe weather.
   For overhead line forces only, temperatures at fifteen degrees (15°) or less Fahrenheit, accompanied by high winds, will be considered severe weather.
   Employees not required to perform their scheduled outdoor work may be assigned to other work indoors which will be consistent or related to their skills, and they will be paid at their regular hourly rates in the same manner as if they had performed their scheduled outdoor work.
   b. Employees on List #2 (Schedule F) will be expected to perform their normal work regardless of weather conditions. However, supervisory personnel are to endeavor to re-arrange work assignments to avoid, insofar as practical, unnecessary exposure to severe or extreme conditions.
   c. Employees whose job titles do not appear on List #1 or List #2 (Schedule F) will be required to perform their normal work regardless of weather conditions. However, outdoor assignments will be made only when, in the opinion of management, such assignments should not be deferred.
2. If, in the opinion of a steward, the weather conditions are detrimental to the health or safety of the employee he/she represents, the steward may appeal to his/her immediate supervisor, and if necessary, to his/her manager. If the decision is not satisfactory to the steward, the man/woman shall continue to work, but the steward may file a grievance under Article XXXIV and Arbitration under Article XXXV.

ARTICLE XXXII
Clothing and Equipment

1. For the safety and protection of its employees, the Company shall continue to have available hard hats, rubber coats, rubber boots, rubber gloves and work gloves for use by employees when necessary for their safety and protection.
2. The Company will provide individual hard hats and rubber boots for employees whose duties require frequent use of such clothing. The determination of the number of employees entitled to individual rubber clothing will be at the discretion of management. An employee assigned individual rubber clothing will be responsible for loss resulting from his/her negligence.
3. The Company will supply necessary protective clothing for exposures occurring outside the ordinary activities of his/her employment.
4. The Company agrees to have available suitable clothing with which to work in any place where the assigned duties of an employee require exposure to acids, or in lieu thereof at the Company's discretion, it will reimburse such employee for any damage sustained to his/her clothing while so employed.
5. The Company will select and furnish the necessary equipment and proper tools for carrying out any assigned work.

PART EIGHT
DISCIPLINE AND SETTLEMENT OF DISPUTES

ARTICLE XXXIII
Discipline, Suspension, Discharge or Demotion

1. Upon the suspension for disciplinary reasons of an employee, other than a probationary employee as defined in Article I, the Company will notify an officer of the Local verbally and the Secretary-Treasurer of the Local in writing and will give similar notice five (5) working days before the discharge or demotion for disciplinary reasons of any employee, other than a probationary employee.
2. The Local shall have the right, within ten (10) working days after such notice, to appeal in writing to the Director of Employee & Labor Relations on behalf of the employee suspended, discharged or demoted for disciplinary reasons; and, upon receipt of such appeal, the Director of Employee & Labor Relations, or his/her designated representative, will confer with the President and the Executive Board of the Local and other representatives of the Local, not to exceed five (5) in number.
3. After such a conference, a hearing on such appeal shall be conducted by the Company upon request of the Local. The hearing shall be conducted for the Company by a representative or representatives of the Company designated by the Senior Vice President of Human Resources or the Director of Employee & Labor Relations at which the employee involved shall be represented by the Local and the parties shall have the right to call witnesses.
4. If, as a result of such hearing, the Company and the Local cannot agree upon whether or not the employee is to be re-instated or upon the conditions of his/her re-instatement, the disagreement shall be subject to the Grievance Procedure in Article XXXIV, and may be submitted to immediate Arbitration under Article XXXV.

ARTICLE XXXIV
Grievance Procedure

A grievance shall be defined as any disagreement between the Local and the Company over the interpretation or application of one or more terms of this Agreement or other conditions of employment. It is understood that only the Local or the Company may present grievances and that either party may do so in accordance with the procedure set forth below. The Local and the Company recognize the importance of having grievances heard and resolved as soon as possible; that there should be a sincere effort on the part of each of the parties to settle differences at the lowest level of the grievance procedure possible and, therefore, agree that they will make every effort to process and respond to grievances in a timely manner.

a. A first discussion shall take place among the employee, steward and employee's supervisor. If agreement is reached at this step, it shall be without precedent or prejudice and cannot be cited in any other case. If agreement is not reached, the employee and supervisor will note in writing their respective views of the facts on the Grievance Form.
b. If either party is dissatisfied after Step 1, they will notify the Chief Steward or Department Manager within fifteen (15) calendar days. The Department Manager, or his/her designated representative, shall meet with the employee, Steward and Chief Steward and/or Executive Board member to attempt to resolve the grievance. If agreement is reached at this step, it shall be without precedent or prejudice and cannot be cited in any other case. If resolution is not reached, the Chief Steward or Department Manager shall so indicate on the Grievance Form within fifteen (15) days of the meeting.
c. After the completion of Step 2, the aggrieved party may submit a written grievance. The grievance shall state specifically what provisions of the Agreement are alleged to have been violated, the date of the occurrence, facts and circumstances, employees involved and remedy sought. A conference shall then

take place between the Business Agent and union representatives determined to assist in the case and the Company's management representatives designated to participate in such conferences. If a mutually satisfactory resolution is not reached at this level, the denying party shall notify the other in writing within fifteen (15) days unless extended by mutual agreement. The matter shall be deemed to have been resolved unless the party submitting the grievance refers it to arbitration, or request it be held in abeyance, within six (6) months of receiving the disposition of the grievance.

d. Any grievance that is of too broad a scope to be settled by or within a Department shall in the first instance be submitted in writing by the Secretary-Treasurer of the Local to the Director of Employee & Labor Relations with a request for conference, which shall include the name(s) of the person(s) who will represent the aggrieved employee or employees.

e. Employees shall not be paid for time spent when engaged in union activities except that they shall be paid their regular hourly rates for time spent during their scheduled working hours when conferring with the Management and when attending other meetings at the request of the Company. The term "conferring with the Management" shall include conferences between officers of the Local or stewards within the division concerned and the responsible officials of the Company within the department concerned and conferences with the Director of Employee & Labor Relations except that when conferring with the Director of Employee & Labor Relations under subparagraphs (c) and (d) of this Article not more than two (2) representatives of the Local and an aggrieved employee, when his/her attendance is necessary, shall be paid in accordance with this provision.

ARTICLE XXXV
Arbitration

1. If any grievance arises during the term of this Agreement which is not settled by mutual agreement of the parties under the Grievance Procedure in the preceding Article within fifteen (15) days after it has been delivered as provided therein, such grievances shall be settled in the following manner:
   a. If all parties shall mutually agree, by immediate referral to arbitration as provided in this subparagraph (d) below.
   b. By one or more further conferences, as may be needed, between the Executive Board of the Local (with the addition of National Representatives of the Union) and the responsible officials of the Company.
   c. By final conference between the President of the Company (or his/her designated representative) and the President of the Union (or his/her designated representative).
   d. If any grievance is not settled by agreement in the aforesaid conferences, then it shall be submitted at the request of either party to a Board of Arbitration to be selected in the following manner: one arbitrator shall be chosen by the Company and one by the Local and the two arbitrators so chosen shall meet promptly and as often as may be necessary to select the third arbitrator who shall be Chairman of the Board.
   e. If the two arbitrators chosen by the Company and the Local are unable to agree upon the choice of the third arbitrator within five (5) days, he/she shall be appointed by the American Arbitration Association under its rules for appointment from panels.
   f. The Board of Arbitration so chosen shall meet promptly and as often as may be necessary for the purpose of settling said grievance. The decision of said Board shall be in writing and signed by all members of the Board concurring therein. The decision of the majority of the Board shall be final and binding upon both parties, and a copy (together with the signed opinion, if any, from a dissenting arbitrator) shall be delivered promptly to each of the parties.
   g. No Board of Arbitration or arbitrator shall have the power to add to or subtract from or modify any of the terms of this Agreement or to pass upon or decide any question except the grievance submitted to the Board in accordance with the foregoing provisions. No award or decision of a

Board or Arbitration shall be retroactive for more than thirty (30) days before the grievance was reduced to writing as provided in paragraph (c) of the provisions for Grievance Procedure in the preceding Article. However, any arbitration decision which increased the rate of pay under Article XII, 2(b) which involved the introduction of new machinery, equipment, systems, operations, or procedures shall be retroactive to the date the employee was first assigned to the new duties.

h. Either party when requesting arbitration shall do so by delivering to the other party a notice in writing setting forth the grievance and the name of the arbitrator chosen by the party so requesting arbitration.

i. Each party shall compensate the arbitrator chosen by it for the time spent and expenses incurred in the arbitration, and the parties shall share equally in paying the compensation and expenses of the third arbitrator.

PART NINE
AMENDMENT AND DURATION OF AGREEMENT

ARTICLE XXXVI
Amendments

1. This Agreement is intended to cover the entire subject matter of the Company's relations with its employees as defined in Article I, except as provided in the Stipulations attached hereto, and except as provided for in Article IX entitled "Conformation to Laws, Regulations and Orders"; neither party shall have the right, without the consent of the other parties to insist upon any addition thereto, change therein or deletion therefrom. Amendments to this Agreement may be made, however, and amendments proposed in writing by one party shall be considered by the others and discussed by the parties jointly; but, if as a result of such negotiations no amendments are agreed to, the disagreement shall not constitute a dispute subject to the Grievance Procedure in Article XXXIV or to Arbitration under Article XXXV.

ARTICLE XXXVII
Duration of Agreement

1. This Agreement, except as otherwise provided in this Article as to the Eversource Pension Plan shall, upon the execution and delivery thereof, take effect as of June 2, 2015 and continue in effect to and including June 1, 2018 and thereafter from that date from year to year unless any party by written notice to the others given not less than sixty (60) days prior to June 1, 2018 or to June 1 of any subsequent year shall express its intention of terminating this Agreement on such date.
2. If, when such a notice of termination is given, a new contract has not been agreed to on or before the date upon which this Agreement is terminated, the parties may extend this Agreement for such further time as they shall mutually agree.
3. Effective as of June 2, 2015, the regular hourly pay rates of all employees covered by this Agreement shall be as set forth in "Hourly Pay Schedule C." Such increase shall not apply to the night work premiums as set forth in Schedule C.
4. a. The Eversource Pension Plan shall remain in effect to and including June 1, 2018 and shall be reviewed in 2018 by written notice from either party to the others given not less than sixty (60) days prior to June 1, 2018.

   b. If notice is given in accordance with Section 4(a) of this Article and no agreement on the changes proposed in the Eversource Pension Plan has been reached by June 1, 2018, the parties will make every effort to reach agreement thereafter. All provisions of the Agreement will remain in full force and effect thereafter except that:

(1) If no agreement has been reached by June 1, 2018, the provisions of Article VI, paragraph 1 will be waived until such Agreement is reached; and
(2) All provisions of the Agreement will be without force or effect during any period of any strike, retarding or stopping of work, or picketing that is authorized.

5. This Agreement shall be binding upon the parties hereto and on all successors and assigns of the Employer whether by sale, transfer, lease, acquisition, consolidation of operations or any portion of operations, or change of name.

IN WITNESS WHEREOF, this Agreement is signed in triplicate in the name and behalf of the parties by their duly authorized representative on the day and year first above written.

NSTAR
HOURLY PAY SCHEDULE C
Production & Maintenance and Office-Technical & Professional Unit

1. This hourly pay schedule sets forth the regular hourly pay rates for all job classifications and progression steps within these classifications. It includes the three percent (3%) general wage increase effective June 2, 2015, the two and three-quarter percent (2.75%) general wage increase effective June 2, 2016, the two and one-half percent (2.5%) general wage increase effective June 2, 2017.
2. "Night Work" premiums shall be paid as follows:
   a. A premium of one dollar and sixty-five cents ($1.65) per hour will be paid for hours worked on posted schedules starting after 1:59 P.M. and before 10:00 P.M., provided that, from and after June 2, 2016, the one dollar and sixty-five cents ($1.65) shall be increased to one dollar and seventy cents ($1.70), and provided that, from and after June 2, 2017, the one dollar and seventy cents ($1.70) shall be increased to one dollar and seventy-five cents ($1.75).
   b. A premium of one dollar and sixty-five cents ($1.65) per hour will be paid for hours worked on posted schedules starting after 9:59 P.M. and before 6:00 A.M., provided that, from and after June 2, 2016, the one dollar and sixty-five cents ($1.65) shall be increased to one dollar and seventy cents ($1.70), and provided that, from and after June 2, 2017, the one dollar and seventy cents ($1.70) shall be increased to one dollar and seventy-five cents ($1.75).
3. Progression in P&M hourly pay schedules having more than one step shall be as follows unless otherwise mutually agreed to under separate agreements:
   a. An employee on the first step of a two-step schedule shall work on that step for six (6) months and then be advanced to the top of his/her schedule.
   b. An employee on the first step of a three-step schedule shall work on that step for six (6) months and then be advanced to the second step where he shall work for six (6) months and then be advanced to the top of his/her schedule.
4. Progression in OT&P hourly pay schedules having more than one step shall be as follows unless otherwise mutually agreed to under separate agreements:
   LIST I
   a. An employee on the first step of a two-step schedule shall work on that step for six (6) months and then be advanced to the top step of his/her schedule.
   b. An employee on the first step of a three-step schedule shall work on that step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
   c. An employee on the first step of a four-step schedule shall work on that step for three (3) months then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the third step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
   d. An employee on the first step of a five-step schedule shall work on that step for three (3) months then be advanced to the second step where he/she shall work for three (3) months and then be advanced to the third step where he/she shall work for six (6) months and then be advanced to the fourth step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
   LIST II
   a. An employee on the first step of a two-step schedule shall work on that step for six (6) months and then be advanced to the top step of his/her schedule.

b. An employee on the first step of a three-step schedule shall work on that step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
c. An employee on the first step of a four step schedule shall work on that step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the third step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
d. An employee on the first step of a five step schedule shall work on that step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the third step where he/she shall work for six (6) months and then be advanced to the fourth step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.
e. An employee on the first step of a six step schedule shall work on that step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the third step where he/she shall work for six (6) months and then be advanced to the fourth step where he/she shall work for six (6) months and then be advanced to the fifth step where he/she shall work for six (6) months and then be advanced to the top step of his/her schedule.

LIST III

a. An employee shall work on the first step for six (6) months and then be advanced to the second step where he/she shall work for six (6) months and then be advanced to the third step where he/she shall work for twelve (12) months and then be advanced to the fourth step where he/she shall work for six (6) months and then be advanced to the fifth step where he/she shall work for twelve (12) months and then be advanced to the top step of his/her schedule.

APPENDIX
ILLNESS AND DISABILITY BENEFITS PLANS
AND THE
INDUSTRIAL ACCIDENT DISABILITY BENEFITS PLAN

Illness and Disability Benefits

Illness and non-industrial accident benefits shall be governed by the following rules:

1. Eligibility
   Employees who have completed six (6) months of continuous active service on the regular full-time payroll shall be eligible for the benefits provided herein.
2. Waiting Period
   The first five (5) working days included in the first seven (7) calendar days of any disability are defined as the waiting period applicable to such disability.
3. Short Term Disability (STD)
   After five (5) days of continuous disability, an employee, who has provided medical documentation from a qualified health care provider establishing that they have exceeded "five days of continuous disability", will receive 100% of base pay for four (4) months for so long as he/she remains continuously disabled: after four (4) months, employee will receive 75% of base pay for eight (8) months for so long as he/she remains continuously disabled. Total period of STD will be up to fifty-two (52) weeks maximum.
4. Long Term Disability (LTD)
   After one (1) year, employee will be eligible to apply for LTD. If approved, employee will receive 60% of base pay up to seventy-eight (78) weeks. For the first fifty-two (52) weeks of LTD, the definition of disability will be occupationally disabled; thereafter, the employee must be totally disabled to be eligible for additional LTD benefits. Employment will be terminated if unable to return to work following the LTD period.
5. Recurrence
   The disability period benefits will be reduced by the amount of time used on any previous disability when, in the opinion of the Company, the current disability is a recurrence. If a recurrence commences one (1) year after the previous disability ended, it will be deemed to be a new disability.
6. Benefits
   Benefits for the working days of waiting periods shall be base pay (as defined in the Retirement Plan as amended) for such days but shall be allowed only at the discretion of the Disablement Benefits Committee. Such benefits shall be limited to a maximum of ten (10) working days in each calendar year for those employees hired prior to February 1, 2009. Allotment of paid waiting period days for employees hired on or after February 1, 2009, shall be as follows: six (6) months to five (5) years of employment ~ five (5) working days in each calendar year; six (6) to ten (10) years of employment ~ seven (7) working days in each calendar year; ten (10) plus years of employment ~ ten (10) working days in each calendar year. Up until December 31, 2000, but not thereafter, unused waiting period benefit days in excess of fifteen (15) will be accumulated in a bank and may only be used to supplement pay for STD or LTD benefits.
7. Review of Absences
   Employees abusing the Plan or having excessive absences shall be subject to disciplinary action by the Company. If the Local claims the Company has exercised any of the foregoing rights in an unjust or unreasonable manner, such claim shall be subject to the Grievance Procedure in Article XXXIV and Arbitration under Article XXXV.
8. Miscellaneous Provisions

a. No change in an employee's rate of pay shall become effective while he/she is receiving benefits.
b. Employees shall not be entitled to receive time or compensation for vacations or holidays while receiving illness and non-industrial accident disability benefits.
c. For the purpose of this Plan, a disability commencing during an employee's scheduled vacation shall be considered to commence at the end of his/her vacation.
d. Benefits shall cease when an employee is retired or when his/her employment is otherwise terminated.
e. In the case of a non-industrial accident where a third party is held liable for the injury to an employee, the employee shall, as a condition of receiving benefits under the Plan, agree to indemnify the Company to the extent of his/her net recovery (that is, the net amount recovered less the employee's expenses in obtaining settlement and his/her hospital, doctors and nurses' bills) from such third person for the amount of waiting period any disability period benefits paid to him/her by the Company. Benefits for which the Company is so indemnified shall not, to the extent of indemnification, be considered as benefits paid under the Plan.
f. If Federal or State legislation shall be enacted providing or requiring the provision of benefits payable to the Company's employees in the event of disability, benefits payable under this Plan shall be reduced by the amount of such statutory benefits. If such reduction in benefits under this Plan results in a lower Company cost for all disability benefits (as a result of the statutory benefits being provided in part by employee contributions), the Company will negotiate with the Union and the Local the application of such reduction in cost to the provisions of other benefits on account of disability, death or retirement.

9. Administration
The Disablement Benefits Committee, which will act on all problems arising under this Plan, except those referred to in paragraph 8 of this Plan, shall consist of the Senior Vice President of Human Resources, or his/her designated representative, the Medical Director of the Company or the Associate Medical Director and the President of the Local (or a member of the Local designated by its President). Such Committee shall administer and interpret this Plan and shall have full power to make rules and regulations for its administration with respect to the members of the Local which are not inconsistent with the express provisions of the Plan.

Industrial Accident Disability Benefits

Industrial accident benefits, for injured employees entitled to compensation under the Massachusetts Workmen's Compensation Act who elect to proceed against the Company's insurer for compensation, shall be governed by the following rules:

1. While the incapacity for work resulting from the injury is total, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the excess of the employee's base pay (as defined in the Retirement Plan as amended) at the time of the injury over the payments made by the Company's insurer under the Act.
2. While the incapacity for work resulting from the injury is partial, the Company will pay to the employee [subject to paragraphs 3, 4 and 8 below] the excess of (a) the employee's base pay at the time of the injury over (b) the payments made by the Company's insurer under the Act, or the wages earned, or both as the case may be; provided, however, that no payments will be made under this paragraph to an employee who refuses to accept a position which is offered to him by the Company.
3. If payments made by the Company's insurer under the Act are reduced due to a third party settlement, the Company will not be required to compensate the employee for said reduction in benefits under the Act. The payment(s) by the Company, as set forth in paragraphs 1 and 2, will continue at the same level as paid prior to the third party settlement. This will apply to industrial accidents that occur after May 15, 1994.

4. If the employee shall accept lump sum payments from the Company's insurer in lieu, in whole or in part, of compensation from the insurer, further payments of benefits under this Plan shall cease.
5. Benefits shall cease when an employee is retired or when his/her employment is otherwise terminated.
6. No change in an employee's base pay shall become effective while he/she is receiving industrial accident benefits until such employee has been disabled for fifty-two (52) weeks, at which time his/her base pay will be increased to reflect general wage increases and other adjustments to the rating held by him/her at the time of injury.
7. Employees shall not be entitled to receive time or compensation for vacations or holidays while receiving industrial accident benefits.
8. If the present Massachusetts Workmen's Compensation Act is changed, or if other Federal or State legislation is enacted, providing or requiring the provision of benefits payable to the Company's employees with respect to its liability for industrial accidents, benefits payable under this paragraph shall be reduced by the amount of such increase in statutory benefits.
9. The administration of the Plan shall be under the direction of the Medical Director and the Senior Vice President of Human Resources of the Company whose decision with respect to all questions arising thereunder, including questions respecting the duration of total and partial incapacity for work, shall be final.

STIPULATIONS

FOR

PRODUCTION & MAINTENANCE AND
OFFICE-TECHNICAL & PROFESSIONAL UNIT

LOCAL 369, UWUA, AFL - CIO

DATED: June 2, 2015

STIPULATION #1

Lineworkers Working in Primary Zone* of Overhead Line Installations

Subject to the provisions of the Principal Agreement between the parties of even date, and without waiving or modifying any rights of either party contained therein it is agreed that the Company will use two (2) Lineworkers (ether a combination of two (2) Lineworkers A; one (1) Lineworker A and one (1) Lineworker B; or a Leader - Overhead lines with either a Lineworker A or Lineworker B) on the same pole for routine work on live conductors in the primary zone of overhead line operations under the conditions outlined below:

1. When connecting and disconnecting capacitors, oil switches, air-break switches, transformers, boosters, regulators, protectors, controllers, and undervoltage relays.

2. When cutting or connecting a live primary wire.

3. When transferring primary construction. (Two poles lashed together are considered to be a single pole, except when the distance between them at a primary working level is too great to step safely from pole surface to pole surface.)

4. When working in the primary area on junction poles carrying more than one live primary wire.

5. When tying or untying live primary wires on double crossarms.

6. When other work on live conductors in the primary zone of overhead line operations requires the use of two Lineworkers, consistent with safe and reasonable operation.

* A primary zone is considered to be the area of primary wires on poles or crossarms with a vertical distance between levels of primary wires of not more than approximately six (6) feet and not greater than six and one-half (6½) feet.

Series circuit wires, and primary neutral wires on primary crossarms which may become alive if opened, are to be considered as live primary wires.

Stipulation #1 is supplemented as follows regarding single bucket + 4kV

Paragraph 1 — Connect and disconnect transformers - One Lineworker may be used in an insulated bucket or lift with the second worker on the ground or on the pole.

Paragraph 2 — Connect and disconnect lightning arrestors and cutouts - One Lineworker may be used in an insulated bucket or lift with the second worker on the pole or ground. When jumpers are required, the second worker must be on the pole.

Paragraph 3 — When transferring primary construction, one of the two Lineworkers may work from an insulated bucket or lift that is adjacent to the same pole.

Paragraph 4 — If the job demands four Lineworkers under Paragraph 3, Stipulation One, two single bucket vehicles can be used.

Paragraph 5 — When tying or untying live primary wires on double crossarms, one Lineworker may be used in an insulated bucket or lift with the second worker on the ground or on the pole.

Stipulation #1 – Page 2

Paragraph 6 Third Paragraph - When working on de-energized series street circuit wires, a Lineworker may be used in an insulated bucket or lift with the second worker on the ground or on the pole.

Paragraph 7 New supplement to Stipulation #1 in reference to work described in paragraph 2 & 4 of Stipulation #1

If there is a worker on the pole and a worker in the bucket, there shall be a qualified worker on the ground.

(a) When energized primary wires are being cut.

(b) While working in the primary area on junction poles carrying more than one live primary phase.

Where a third worker is required, the crew shall consist of a Leader Overhead Lines, Hot Stick Lineworker or Lineworker A, and a Lineworker with a minimum rating of Grade B.

STIPULATION #2

Subject to the provisions of the Principal Agreement between the parties of even date and without waiving or modifying any rights of either party contained therein, it is agreed that the Company will give notice in writing to an employee of disciplinary reprimands which are to become a part of the employee's records. If such records are introduced in a grievance hearing or in a hearing on demotion, suspension or discharge of such an employee, the Union at the hearing shall have the right of examination of the records introduced.

It is further agreed that a request may be made by the Business Agent to expunge such disciplinary reprimands or suspension records from an employee's personnel record after one year has passed during which he has received no written disciplinary reprimand or suspension. If the record is expunged such action will be confirmed by a letter to the Local. Any decision made by the Company on such request will be not be subject to the Grievance procedure or Arbitration.

STIPULATION #3

**Agreement of Intent Between the Parties
with Respect to the Matter of
Out-of-Area Travel Time Associated with Temporary Upgradings**

In an effort to control the payment of Out-of-Area Travel Time Premiums for Temporary Upgradings to fill vacancies, the parties have agreed that such temporary upgradings shall be made within the Division in which the vacancies exist.

It has been mutually agreed that should such Travel Time Premium be required to be paid, resulting from the inability of filling vacancies within a Division, the employee senior on the rating shall have prior rights to the payment of such premiums.

VOLUNTARY LABOR ARBITRATION TRIBUNAL

In the Matter of the Arbitration between
UTILITY WORKERS OF AMERICA
AFL-CIO, LOCAL NO. 369
- and -
Boston Edison Company

Case Number: 1130-0548-70

AWARD OF ARBITRATORS

The undersigned arbitrator(s), having been designated in accordance with the Arbitration Agreement entered into by the above-named parties, and dated April 25, 1969 and having been duly sworn and having duly heard the proofs and allegations of the parties, Award as follows:

The changes of work schedule as proposed by the
Company in its letter to the Union of
August 7, 1970 are justified under article X,
Section 5 of the contract.

Eric J. Schmertz
Chairman

John S. Madden
concurring

Robert D. Manning
dissenting

DATED: May 24, 1973
STATE OF NEW YORK
COUNTY OF NEW YORK

On this 24th day of May 1973, before me personally came and appeared Eric J. Schmertz to me known and known to me to be the individual(s) described in and who executed the foregoing instrument and he acknowledged to me that he executed the same.

Voluntary Labor Arbitration Tribunal

In the Matter of the Arbitration
between

Utility Workers of America **Opinion**

AFL-CIO, LOCAL 369 **of**

Chairman

and Case No. 1130 0548 70

Boston Edison Company

Boston Edison Company is a public utility supplying electricity in the Greater Boston Area. Local Union No. 369, Utility Workers Union of America has represented the production and maintenance unit of 2,000 employees since 1950.

The applicable Collective Bargaining Agreement contains the following provision (Section 5 of Article X):

> "5. It is understood and agreed that, if present operating conditions change or if technological improvements change existing equipment or introduce new equipment to such an extent as to justify the Company changing the present Monday through Friday schedules, the Company shall submit the changes to the Union for approval. If the proposed changes do not meet with the Union's approval, the issue shall be settled under the Grievance Procedure in Article XXXII and by Arbitration under Article XXXIII."

By letter dated August 7, 1970 the Company proposed certain changes in schedules in the Cable Division. These changes involve a total of 36 employees, 18 of whom would be employees presently in the Cable Division; the other 18 would be either bidders from other departments or newly-hired employees.

The changes in schedules would provide basically for shift and weekend coverage where there is now no scheduled coverage and overtime has to be relied upon for the work during such hours.

The Company submitted documentary evidence and testimony in support of its need of the changed schedule. Among the factors relied on were (1) the change in recent years from a single winter peak operation to a two-peak (winter and summer) operation, with the result that there is

only a short period of a few months in the spring and fall when Monday-through-Friday day-time cable repair work on the underground system can be planned, whereas formerly there was a period as long as nine months for such work; (2) the growth of the system and cable division work-load; (3) the increase in the traffic problem making cable work in the streets more difficult to do in the daytime on weekdays; (4) an increase in customers' unwillingness to permit lines to be out of service for maintenance except at late night and early morning hours; (5) employee's increasing unwillingness to be available for planned overtime as shown by the increase in "ask-offs" (expression of a desire of the employee not to work overtime) and difficulties in obtaining employees for call-outs; (6) an increased amount of overtime work; and (7) the increasing unavailability of employees for daytime work because they are on paid rest periods due to extended overtime assignments the previous night.

The data submitted show, for example, that the number of DSS and Transmission Lines that failed in service and had to be repaired in overtime increased 33% in a single year (1969-1970) whereas the number repaired during straight-time daytime hours remained practically the same.

The changed conditions under which the Company now must operate justifies the proposed schedule changes in the Cable Division. The clear need of the Company is to have employees available on a scheduled basis during off-hours, namely for nights and weekends. This need is met by the proposed schedules.

The record contains uncontradicted evidence of substantial and significant changes in operating conditions and such evidence justifies the schedules in the Cable Division as proposed by the Company in its letter to the Union of August 7, 1970 under Article X, Section 5 of the contract.

If there be future changes within the meaning of Article X, Section 5 of the contract, the procedural requirements of that contract section will be followed. It states:

"5 It is understood and agreed that, if present operating conditions change or if technological improvements change existing equipment or introduce new equipment to such an extent as to justify the Company changing the present Monday through Friday schedules, the Company shall submit the changes to the Union for approval. If the proposed changes do not meet with the Union's approval, the issue shall be settled under the Grievance Procedure in Article XXXII and by Arbitration under Article XXXIII."

Eric J. Schmertz
Chairman

DATED: October 27, 1973
STATE OF New York)
COUNTY OF New York) ss.:

On this day of October, 1973, before me personally came and appeared Eric J. Schmertz to me known and known to me to be the individual described in and who executed the foregoing instrument and he acknowledged to me that he executed the same.

STIPULATION #7

Joint Council Agreement

The Parties agree to the establishment of a Joint Council to discuss business process improvements, progress of joint committees, work place issues and business issues pertinent to the industry. The Joint Council will meet every 3rd Thursday of each month for the duration of the Agreement. The Joint Council's focus should be to coordinate ongoing joint union/management initiatives.

For EVERSOURCE
By

James M. McGuire Jr.

Dated: 6-2-15

For LOCAL 369, UWUA, AFL-CIO
By

Daniel F. Hanley

STIPULATION #8

Subject to the provisions of the Principal Agreement between the parties of even date without waiving or modifying any rights of either party contained therein except as specifically provided herein, the Company and Local 369, UWUA, AFL-CIO, agree as follows:

As to inclement weather grievances and arbitration:

Section 1. Grievances filed pursuant to the last sentence of paragraph 2 of Article XXXI of said Principal Agreement shall be filed in writing with the Vice President-Human Resources or his designated representative on or before 5:00 P.M. on Thursday following the first Monday after the day on which the work assignment in question was made and not thereafter, and shall, except as aforesaid, be processed in accordance with the provisions of paragraphs (c), (f), and (g) of Article XXXIV of said Principal Agreement.

Section 2. With respect to a grievance so filed, if the Vice President-Human Resources or his designated representative determines, in his sole discretion, the exercise of which shall not be subject to the Grievance Procedure of said Principal Agreement or to Arbitration, that the work assignment was improper under the provisions of Article XXXI of the Principal Agreement, the aggrieved employees shall receive, in full settlement of the grievance, additional compensation at their straight-time hourly rates for the number of hours of work which the Vice President-Human Resources or his designated representative deems to have been improperly assigned, but not less than four (4) hours' pay for each employee involved at his/her straight-time rate.

Section 3. If the grievance is not satisfactorily settled under Sections 1 and 2 of this Stipulation, it may be submitted to Arbitration under Article XXXV of said Principal Agreement.

Section 4. If, in any case, the Board of Arbitration decides in favor of the aggrieved employees, the Company will pay:

(a) the costs, if any, of the American Arbitration Association in connection with Arbitration;

(b) the compensation and expenses of the third arbitrator;

(c) the expenses of one copy of the transcript of testimony; and

(d) at straight-time hourly rates for the time spent during their regularly scheduled working hours at the Arbitration hearing by not more than three employees who are requested by the Union to be in attendance at such hearing, provided that such employees give or might reasonably have been expected to give, testimony germane to the proceedings.

If, in any case, the Board of Arbitration does not so decide, the usual provisions of the Principal Agreement relative to sharing of the cost and expenses of arbitration shall apply, and the Company shall not pay the employees described in subsection (d) of this Section.

Section 5. The Board of Arbitration shall not have power to make an award or decision requiring the Company to pay the sum set forth in Section 2 of this Stipulation or to pay or suffer any other penalty or damages, the intent of the parties being that the provisions of Section 4 of this Stipulation set forth the maximum amount of the Company's liability with respect to such Arbitration proceedings.

Stipulation #8 – Page 2

As to inclement weather assignments:

Section 6. Employees on List #1 (Schedule F) of said Principal Agreement not required to perform their scheduled outdoor work may be assigned to perform other work, irrespective of Job Specification, in accordance with the listing in Appendix A, which is attached hereto, and they will be paid at their straight-time hourly rates in the same manner as if they had performed their scheduled outdoor work.

APPENDIX A

I

Items of Work for Inclement Weather Assignments
to Employees of Overhead Divisions

1. Housekeeping activities - trucks, sheds, platforms
2. Check and replenish truck stock including rubber goods, rope, tools, equipment
3. Reclaim line wire and service cable
4. Check generators and portable pumps
5. Make up dead ends, tree wire and moulding, rope slings, rewire street light brackets
6. Cut tie wires
7. Salvage line hardware
8. Load the trucks for next day's work
9. Attend:
   (a) Safety meetings, including resuscitation meeting
   (b) Instruction and Job Training sessions
   (c) Training sessions for Major Emergency Plan
10. Clean truck compartments

Items of Work for Inclement weather Assignments
to Employees of Underground Divisions

In Cold Weather - 10º or Below

1. Reclaim cable including duct splicing and lead burning
2. Install eyes and end seals on cable
3. Prepare switch and transformer leads
4. Salvage junction box parts - terminals, potheads, transformers, switches and cable eyes
5. Attend:
   (a) Safety meetings, including resuscitation meeting
   (b) Instruction and Job Training sessions
   (c) Training sessions for Major Emergency Plan
6. Repair transformers and switches in shops

Under Other Conditions of Inclemency

1. Housekeeping activities - trucks, sheds, platforms
2. Check and replenish truck stock including rubber goods, rope, tools, equipment
3. Reclaim cable including duct splicing and lead burning
4. Install eyes and end seals on cable
5. Prepare switch and transformer leads
6. Inspect customers' vaults
7. Check generators and portable pumps
8. Salvage junction box parts - terminals, potheads, transformers, switches and cable eyes
9. Clean cable tunnels - make repairs to walls, iron work and ladders
10. Inspect bonding, tagging, fireproofing, fairleaders, hangers, cable racking and duct plugs in cable tunnels and station basements except at Summer Street and Congress Street
11. Inspect and measure cable pulling ropes
12. Load the trucks for next day's work

13. Attend:
    (a) Safety meetings, including resuscitation meeting
    (b) Instruction and Job Training sessions
    (c) Training sessions for Major Emergency Plan
14. Repair transformers and switches in shops
15. Clean truck compartments

Supplemental Items of Work for Inclement Weather Assignments to Employees of Overhead and Underground Divisions.

The Company intends to assign the indoor activities listed above as a first option during inclement weather:

The following items of work are added:

Permit Outages
Customer Arranged Service Outages
Patrols and Inspections
Loading of Poles, Reels and transformers

It is not intended that work will be performed in severe weather conditions or when conditions are detrimental to employee safety. The leaders/splicers will determine the degree of inclemency.

In addition to the above, the Local agrees to meet with the Company to develop pilot programs for implementing additional assignments which can be performed in marginally inclement weather to be added to Appendix A. The first item to be developed will be the digging, setting and removing poles.

The following items of work are added in marginally inclement weather:

Setting and Removing of Poles
- When setting pole, it must be protected from all energized conductors (no rubbering in inclemency). The Company will not assign crew with intent it will just open holes.
- When removing pole, it must be clear of attachments and cut below the secondary area. (not to be performed as a single bucket function)

Street Lamp Work
- Lamp work will be performed by two-person crew (head size limited to 175 watt)

STIPULATION #9

In administering the provisions of Section 8 of the Industrial Accident Disability Benefits Plan the Medical Director will take into account the following guidelines:

The decision as to the ability of an individual experiencing a Worker's Compensation Injury or Illness to return to work, and the delineation of work restrictions, is that of the Corporate Medical Director. Recognizing however, that reaching such informed decisions sometimes requires additional medical input, it is hereby delineated that the Medical Director, in making a determination, will consider:

1. The results of any exam of the individual undertaken in the Health Services Department.

2. The opinion of the individual's private physician, particularly where that physician's specialty is appropriate to the complaint under consideration.

3. The opinion of the examining physician at Liberty Mutual, if applicable.

If there is disagreement, or if the Medical Director wishes additional input, s/he may order an Independent Medical Examination (IME) from a qualified appropriate specialist. In order to maintain impartiality, IME's are generally obtained through one of the companies currently specializing in independent exams (e.g. Medical Evaluation Specialists) and not through a private practitioner. These exams are obtained at the Company's expense.

If the affected employee disagrees with the decision of the Medical Director, s/he may, at his or her own expense, obtain an IME through a similarly appropriate group, the result of which will be considered in making a return to work determination.

STIPULATION #10

Statement of Mutual Goals

We are committed to a course of conduct that strives to continually improve the competitive well being of the Company and the continuous learning, development, and growth of its employees. We are dedicated to participating in a continuing process that recognizes the need for employee involvement in adapting to change and helping to revise the processes that will cause change to occur. We agree that the formula for future success is based on consultation, mutual respect, open communications, shared success and innovative problem solving which allows the company through competitive excellence to sustain its continued growth. We are committed to streamlining processes that allow us to eliminate wasted effort and to provide a higher quality, more prompt service to our customers. We are committed to a more fully utilized, versatile, and better-trained work force and improved personal performance and job satisfaction through increased job flexibility.

STIPULATION #11

Subject to the provisions of the Principal Agreement between the parties of even date, and without waiving or modifying the rights of either party contained therein except as specifically provided herein, the Company and Local 369, UWUA, AFL-CIO, during the period from the date hereof up to and including May 15, 2000, agree as follows:

Whenever the Company is contracting out maintenance, repair, or construction work normally performed by employees in the classifications listed on the attached schedule, the Company will make every reasonable effort to fill, on a permanent or temporary basis, vacancies in those listed classifications which normally perform the work being contracted out, to the extent necessary, if any, to raise the complement to the corresponding figures on the attached schedule, for the classifications involved.

Excluded from the foregoing are those limited duty cases where employees do not perform the work of their job classifications.

Cable and Conduit Installer Grade A	49

A combination of Splicers Grade A-B-C and the grandfathered Splicers Helper Grade A will be maintained at a total of 119 employees to fulfill the provisions of this stipulation. When the number falls below 119, or when the number of Grade A's falls below 64, the Company will raise the complement to the corresponding figures by temporarily upgrading Splicers Grade B to Grade A for the period of time contractors are doing such work.

STIPULATION #12

1. Upon the temporary assignment of an employee to a position of Supervisor for any reason other than a substitution for illness, s/he shall at the expiration of one hundred and twenty-five (125) calendar days be made a permanent Supervisor or returned to the bargaining unit.

2. Upon the temporary assignment of an employee to a position of Supervisor to substitute for a Supervisor absent because of illness or accident, s/he shall at the expiration of two hundred and fifty (250) calendar days be made a permanent Supervisor or returned to the bargaining unit. The days referred to under paragraphs 1 and 2 are to be combined and are not mutually exclusive.

3. The periods of one hundred and twenty-five (125) days under paragraph 1 and two hundred fifty (250) days under paragraph 2 are meant to be an accumulative total days beginning January 1, 1972. If an employee is temporarily assigned for five (5) days (Monday through Friday) s/he shall be deemed to be so assigned for seven (7) calendar days. If an employee is so assigned for a period of one to four days, s/he shall be deemed to be so assigned for that number of days only, unless non-worked days intervene. No employee shall be required to accept or retain a temporary assignment to a position of Supervisor.

4. The above provisions shall be effective as of April 1, 1973 as to any employees temporarily assigned to Supervisory positions hereafter and will be effective as of April 15, 1973 as to any employees presently assigned to Supervisory positions.

5. A permanent Supervisor can only return to the bargaining unit in a beginner's job. All seniority previously accumulated can be utilized for pension or vacation credit purposes only. Otherwise the returning Supervisor shall be considered a new employee and shall not retain any seniority for any other purpose.

6. An employee accepting a temporary promotion to a position of Supervisor in accordance with paragraph 1 will not accumulate seniority on his/her permanent rating. The employee when returned to his/her permanent rating will retain that seniority previously accumulated on the rating.

7. The parties agree to discuss modifications to this Stipulation #11 during the term of this Agreement. Any agreed upon modifications must be reduced to writing and will supersede the above language.

STIPULATION #13

Contractor Addendum

During the course of the 2000 contract negotiations, concerns were expressed by the parties on the future use by the Company of outside contractors for construction work under Article XXIII. Both parties agree there is a need to balance the Company's desire to be efficient, flexible, and customer focused, and the Union's and employees' concern for work security for the continuing success of the business.

Both parties agree to establish a Joint Committee to determine the most efficient and effective way to utilize employees and contractors to accomplish the Company's work. The Joint committee will consist of the following members:

Company: General Manager of Construction
Human Resources Manager
Labor Relations Consultant

Union: President or Designee
Business Agent or Designee
Secretary-Treasurer or Designee

Within thirty (30) days of the signing of this contract, the parties agree that the Joint Committee will meet to formulate the guidelines regarding construction work and the use of contractors for this work. Included on the agenda for this committee shall be the "make ready" construction work, "maintenance and repair work," and the use of outside contractors.

The Committee has the full backing of the Company and the Union and will make every effort to reach agreement on this issue. The parties agree that the Committee may utilize the services of a mediator to reach agreement if they deem it helpful.

The company agrees to routinely provide to the Committee, a list of all construction work, anticipated or scheduled, for the next six (6) months. The Committee will meet on an ongoing basis to review anticipated work and to review the guidelines, as needed.

STIPULATION #14

Subject to the provisions of the Principal Agreement between the parties of even date, and without waiving or modifying the rights of either party contained therein, except as specifically provided herein, the Company and Local 369, UWUA, AFL-CIO, agree as follows:

I. A joint Company-Local safety committee shall consist of no more than ten (10) members appointed by the Company and no more than ten (10) members appointed by the Local.

The purpose of the committee will be to promote safe working conditions and safety awareness on the part of both supervisors and employees and other related items as either party may request.

There shall be meetings of the committee on a monthly basis. The date shall be selected by the parties. In addition, either party can call an emergency meeting if warranted. A written agenda will be prepared for each meeting. Both parties may recommend agenda items.

All regular working hours spent in connection with the work of this committee by Union committee members shall be paid by the Company.

II. The Company shall provide health and safety information to the Local that shall include, but not be limited to:

- One (1) complete set of all Company Safety Procedures/Policies with updates when issued.
- Reports of Company studies concerning health and safety matters such as morbidity (frequency of work related illnesses or injuries for particular groups) and mortality (death rate data for particular groups) when such studies are conducted.
- Reports of all formal safety inspections of workplace conditions.
- Reports of formal Industrial Hygiene Surveys including air quality tests and sound level surveys.
- Annual OSHA Injury and Illness Logs.
- Asbestos Clearance Air Monitoring Results (upon request by work location).
- PCB Air Monitoring Results (upon request by work location).
- PCB Oil Level Results (upon request by work location).
- PCB Wipe Sampling Results (upon request by work location).

III. When, during the course of employment, an employee represented by Local 369 is seriously or fatally injured, the Company will expeditiously notify the duly authorized representative of the Local. Upon notification, the Local's authorized representative (as defined below) will participate in the Company's investigation of the incident, if any.

Responsibility for the Company notification to the Local rests with the Director Corporate Safety or his/her duly authorized representative.

Stipulation #14 – Page 2

The Local's authorized representative is the President of the Local or his/her duly authorized representative, which may be designated at the time of notification from the Company.

Compensation of the Local's representative for time spent participating in an investigation will be administered as follows:

During the representative's normally scheduled work hours, s/he will be recorded as "Leave Allow, Conference with Management" on the employee's time sheet.

Outside of the representative's normally scheduled hours, s/he will be compensated at one and one-half (1 1/2) times his/her regular hourly rate of pay. All other premiums such as overtime, travel time, meals, etc. will not apply. Likewise, this time will not be considered for application to the employee's divisional records of items such as overtime rosters. These hours will not be recorded on the employee's time sheet, but will be reported by memorandum from the Director Corporate Safety and will appear as a pay adjustment in a subsequent paycheck. These hours will be considered in conjunction with all other hours worked for determining the employee's eligibility for rest periods.

A serious injury is defined as requiring in-patient hospitalization of an injured employee. First aid and/or outpatient treated injuries are not included.

STIPULATION #15

The Company will reimburse employees for the full cost of the following licenses when required by their job:

Massachusetts State Driver's Licenses

a) The Company will pay no part of the cost of a class 3 license.

b) The Company will reimburse the current fee for the class 1 or 2 permit fee.

c) The Company will reimburse the current fee for the class 1 or 2 road test.

d) The Company will reimburse the additional cost to change the license, i.e.: 3 to 2, 3 to 1, and 2 to 1.

e) Upon renewal, the Company will reimburse for the additional cost of a class 1 or 2 license over the cost of class 3 licenses.

Rigger's Licenses

The Company will reimburse employees for the full cost of a rigger's license if required in the performance of his/her job.

HVAC Licenses

The Company will reimburse employees for the full cost of HVAC Licenses if required in the performance of his/her job.

Backhoe Licenses

If required in the performance of an employee's job, the Company will partially reimburse for the cost of a backhoe license in an amount equal to the difference between the cost of a backhoe license and their current license.

STIPULATION #17

Joint Disability Committee

The parties have agreed to establish a Joint Disability Committee to develop a mechanism to address plan administration issues and those situations in which disabled employees may be eligible for long-term disability benefits, but may have limited duty work capacity.

The focus of the Committee shall be to support light duty or modified work programs, independent evaluation programs, the use of beginners' ratings (Revised Schedule D) jobs, new jobs, or layoff status as possible accommodations for employees with permanent or long-term restrictions.

The Committee will also engage in claims management intervention and problem solving.

The Committee shall meet monthly to review program initiatives and more often, if necessary, to discuss the situation of a particular employee.
