STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
	:	**OCTOBER 6, 2026**

MOTION FOR EXTENSION OF TIME BY
THE CONNECTICUT LIGHT AND POWER COMPANY

The Connecticut Light and Power Company d/b/a Eversource Energy ("CL&P" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit responses to certain interrogatories issued by PURA on September 25, 2026 ("PURA Set 8"), the Office of Consumer Counsel ("OCC") on September 25, 2026 ("OCC Set 22"), and by the Office of Education, Outreach, and Enforcement ("EOE") on September 25, 2026 ("EOE Set 7").

Specifically, the Company seeks a 3 business-day extension of time for: RSR-015 and 016, RRU-044, 045, 046, 047, 049, 050, 051, 053, 054, 055, 056, 057, 058, 059, 061, 063, 073, 075, 076, 079, 080, and 086 (the "PURA Set 8 Outstanding Interrogatories"), and a 5 business-day extension of time for OCC-887, and EOE-333, 334, 335, 336, 337, 338, 339, 340, 357, 358, 359, 366, 367, 368, 369, 370, 371, 372, 373, 374, and 375 (the "EOE Set 7 Outstanding Interrogatories") (together, the "Outstanding Interrogatories"), thereby moving the response deadline to October 14, 2026 for the PURA Set 8 Outstanding Interrogatories, and October 16, 2026 for OCC-887 and the EOE Set 7 Outstanding Interrogatories. The Company requests an extension of time for the Outstanding Interrogatories consistent with PURA's Notice of Proceeding issued on June 2, 2026 ("Notice"), which requires that any person requesting a procedural change or other PURA approval

must file a motion. Notice at 2. Specifically, the Notice requires that motions for extension of time "shall be filed in advance of the prescribed deadline and should provide sufficient time for the Authority to consider timely objections and to rule on the motion." Id. The Company submits this Motion three business days in advance of the current due date for the Outstanding Interrogatories.

The Outstanding Interrogatories in PURA Set 8 were issued with an initial due date of October 9, 2026. PURA Set 8 encompasses a total of 75 individual interrogatories, plus sub-parts. The Outstanding Interrogatories in PURA Set 8 seek detailed information related to relevant aspects of the Company's rate case application. Specifically, the PURA Set 8 Outstanding Interrogatories request detailed information regarding vegetation management, payroll, wages, headcount, storm labor, capital funding, cost allocation, overhead, compensation, metrics, incentives, benefits, taxes, and dues and fees.

The Outstanding Interrogatory in OCC Set 22 was issued with an initial due date of October 9, 2026. OCC Set 22 encompasses a total of 28 individual interrogatories, plus sub-parts. The Outstanding Interrogatory in OCC Set 22 seeks detailed information related to relevant aspects of the Company's rate case application. Specifically, the OCC Set 22 Outstanding Interrogatory requests detailed information regarding the Company's vegetation management.

The Outstanding Interrogatories in EOE Set 7 were issued with an initial due date of October 9, 2026. EOE Set 7 encompasses a total of 47 individual interrogatories, plus sub-parts. The Outstanding Interrogatories in EOE Set 7 seek detailed information related to relevant aspects of the Company's rate case application. Specifically, the EOE Set 7 Outstanding Interrogatories request detailed information regarding the Company's information technology, arrearages, capital support mechanisms, and F-Factor.

At this time, the Company has determined it is unlikely it will be able to produce complete and accurate responses to the Outstanding Interrogatories within the current due date. The Outstanding Interrogatories require in-depth research, data extraction, analysis and review as well as input from subject matter experts and numerous individuals from various parts of the organization, including management personnel and legal counsel, to ensure complete and accurate responses.

The Company bears the evidentiary burden to prove the elements of its rate proposals and therefore requires a fair and reasonable opportunity to collect and provide information sought by PURA and other parties in furtherance of that obligation. Although many aspects of a rate proceeding are reasonably anticipated by the Company, the Company cannot anticipate all permutations of information that may be requested; the timing of those requests; requests for specific documentation; or, requests that involve research of historical records, records of accounts, or even employee-related recollections. The Company must have a reasonable opportunity to respond with full and adequate information, consistent with the Company's due process rights to present its case.

The Company is working diligently and using best efforts to produce the responses to the Outstanding Interrogatories on a timely basis. However, for the reasons stated in this Motion, the Company requires a several day extension of time for the Outstanding Interrogatories in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response to the Outstanding Interrogatories. Where feasible, the Company has filed responses to interrogatories in advance of due dates. For the Outstanding Interrogatories that require a longer time to produce complete and accurate responses, the Company will continue to use best efforts to

submit its responses as soon as possible. The Company has limited this extension request to only the Outstanding Interrogatories to ensure that it does not prejudice any other party.

The Company conferred with OCC and OCC does not consent to the extension due to the upcoming deadline on October 21, 2026, for the filing of direct testimony by the parties. The Company will endeavor to produce the response to OCC-887 as timely as possible. In addition, the Company will respond to follow-up questions as quickly as possible, if asked.

The Company reached out to EOE in advance of this Motion to inform them of the requested extension and to inquire about EOE's position on the extension, however the EOE's attorney was not available to respond at the time of this filing.

WHEREFORE, the Company respectfully requests PURA grant a 3 business-day extension of time for the PURA Set 8 Outstanding Interrogatories, and a 5 business-day extension of time for OCC-887 and the EOE Set 7 Outstanding Interrogatories, thereby moving response deadlines to October 9, 2026 for the PURA Set 8 Outstanding Interrogatories, and October 16, 2026 for OCC-887 and the EOE Set 7 Outstanding Interrogatories.

.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY
