I am writing to express my strong opposition to the proposed rate hikes for Eversource electricity service.

With some of the highest rates in the nation and record profits (net income of $1.69 billion ($4.56 per share), which more than doubled its $811.7 million profit from 2024.) its time to take a stand against the abuse of CT ratepayers. Families are already struggling in CT and we cannot afford higher electricity bills.

Please opposed Eversource requested rate hikes.
