Subject: Public Comment for Docket No. 26-05-10

To the Public Utilities Regulatory Authority,
I am writing to formally submit my public comment opposing the proposed Eversource base distribution rate hike under Docket No. 26-05-10.
As a Connecticut resident, my household is already severely burdened by some of the highest electric rates in the nation as well as rising costs for food, fuel and other basic needs. Another rate increase at this time is unsustainable to consumers who are already struggling to absorb these escalating costs.
I urge PURA to prioritize affordability for Connecticut ratepayers and reject this rate hike request.
Thank you for your time and consideration of this matter.
Sincerely,
Jessica Polach
