Date Filed: September 18, 2026

Witness: Brendan J. O'Brien and Garrett J. Murray
Request from: Public Utilities Regulatory Authority

Question:

(CIVIC AND COMMUNITY RELATED ACTIVITIES) Application, Ex. CLP-RevReq-2, Sch. G-2.9.

a. The schedule indicates that the amounts are rounded to thousands of dollars. Confirm that is true.
b. Provide, in an unlocked Excel spreadsheet with formulas intact, the specific expense amounts for the employee volunteer expense broken down by: (i) C schedule(s) and line item and (ii) CL&P employees and (ii) parent and affiliate employees charging this time to CL&P.
c. Describe the process used to determine the amounts of individual employee time, including the computation of any overhead amounts applied to the employee time.

Response:

a. Exhibit CLP-REVREQ-2, Schedule G-2.9 contains $220,384 whole dollars related to employee volunteer payroll expense. The Company inadvertently included a header with thousands of dollars in the schedule.

b. Please refer to RRU-021, Attachment 1, for the employee volunteer payroll expense broken down by The Connecticut Light and Power Company ("CL&P") direct charged and Eversource Energy Service Company ("ESC") allocated, including the C schedule and line item where the expense is located.

c. Under Eversource's corporate volunteer program, employees may participate in up to two Eversource-sponsored weekday volunteer events each calendar year during normal business hours, subject to supervisor or manager pre-approval and may volunteer at Company sponsored events outside of their normal working hours at their own discretion. By providing employees with opportunities to volunteer during working hours, Eversource helps connect employees with charitable organizations and community causes they may not have previously encountered. These experiences can broaden employees' awareness of community needs and may encourage them to support these organizations independently, including outside of working hours, further extending the positive impact of employee engagement throughout the communities we serve. Employees also demonstrate a strong interest in supporting charitable events sponsored by Eversource outside of regular working

hours, including the Special Olympics Winter Games, Eversource Hartford Marathon, and Wreaths Across America. In 2025, more than 700 employees and family members volunteered their personal time in support of these events and causes. In addition to providing opportunities for meaningful community engagement, these events generated significant economic activity and contributed to community pride. Employees who participate in a volunteer event during normal business hours record their time using the "Volunteerism" pay code to accurately record the appropriate number of hours volunteered on their weekly timesheet. The Company quantified volunteer payroll expense by querying its general ledger system for all CL&P direct and ESC allocated to CL&P payroll expenses with the time code of "Volunteerism". Similar to vacation or holiday time, there are no overhead amounts applied with this time code.
