Subject: Wall Off for CL&P Rate Case

All EOE:

Presuming that Eversource files their electric rate case tomorrow (July 14), I believe it will be the best outcome for me to be walled off from EOE staff related to the Eversource (CL&P) rate case filing. Ultimately, I think this will protect both me and you all as I transition to my new position as Agency Legal Director on July 24.

Please do not include me in any conversations or meetings related to the CL&P rate case filing. I will be withdrawing my appearance for EOE.

In the meantime, please direct questions and concerns to Nicole for organizational leadership. I have great faith in the whole EOE team. I would really have liked to participate in this with you all.

Respectfully,
Tom
