Re: Docket No. 19-01-52RE01, PURA Investigation of Developments in the Third-Party Pole Attachment Process Make Ready – **Compliance with Order No. 12**

Dear Mr. Gaudiosi:

Pursuant to Order No. 12 of the May 11, 2022 Final Decision of the Public Utilities Regulatory Authority (the "Authority") in the above-referenced docket (the "Final Decision"), The Connecticut Light and Power Company d/b/a Eversource Energy ("Eversource" or the "Company") hereby submits the following.[1]

Specifically, Order No. 12 provides:

> *For new applications submitted on or after the issuance date of this Decision, the pole owners shall track more granular data to determine application processing costs, and engineering, survey, and make-ready design costs, as described in Section II.B.4. Attachment Application Fees. Records shall be retained for 10 years and made available to the Authority upon request. Additionally, records shall be submitted quarterly until year-end 2023 and semi-annually thereafter. The quarterly filings shall be made starting on July 15, 2022 for April, May, and June 2022 costs, and continue every three months until calendar year-end 2023. Starting in 2024, semi-annually filings shall be made on February 15 and July 15, for July through December costs, and January through June costs, respectively.*

[1] Order No. 12 Compliance is due April 15, 2023. April 15th is a Saturday. PURA's rules state that if a deadline falls on a weekend, then it is automatically extended to the next business day on which PURA's offices are open, which is Monday, April 17, 2023. See R.C.S.A. Section 16-1-5.

Re: Docket No. 19-01-52RE01, PURA Investigation of Developments in the Third-Party Pole Attachment Process Make Ready – **Compliance with Order No. 12**

Dear Mr. Gaudiosi:

Pursuant to Order No. 12 of the May 11, 2022 Final Decision of the Public Utilities Regulatory Authority (the "Authority") in the above-referenced docket (the "Final Decision"), The Connecticut Light and Power Company d/b/a Eversource Energy ("Eversource" or the "Company") hereby submits the following compliance.

Specifically, Order No. 12 provides:

> *For new applications submitted on or after the issuance date of this Decision, the pole owners shall track more granular data to determine application processing costs, and engineering, survey, and make-ready design costs, as described in Section II.B.4. Attachment Application Fees. Records shall be retained for 10 years and made available to the Authority upon request. Additionally, records shall be submitted quarterly until year-end 2023 and semi-annually thereafter. The quarterly filings shall be made starting on July 15, 2022 for April, May, and June 2022 costs, and continue every three months until calendar year-end 2023. Starting in 2024, semi-annually filings shall be made on February 15 and July 15, for July through December costs, and January through June costs, respectively.*

Eversource's January – June 2025 filing is as follows:

Eversource		Wireline		
January-June, 2025	**Total**	**< 300**	**301 - 3000**	**wireless**
# of Application	220	174	44	2

External Labor Survey[2]	$ 4,905,820	$ 3,880,058	$ 981,164	$ 44,598

Notes:

1. Fees collected for Eversource.

2. Eversource Internal and External Labor costs are not available by Application. The costs for each application category are estimated using a percentage allocator based on the total cost divided by the number of applications within each category. These costs are charges posted during the current quarter or reporting period; therefore, these costs may not be directly related to the applications received during this reporting period (as disclosed above in each category). Invoices and payments for work performed on certain applications received during this reporting period could be posted in a future quarter or reporting period.

Frontier		Wireline
