Referring to Exhibit ACCT-2 (CLP-6) (MS24F), Outside Line Contractors, at Line 125, Central Connecticut Cable, in the amount of $186,314.

(a) and (b) In response to subparts (a) and (b). During the invoice review process, the Company determined that the contractor provided hours in the wrong column. Following discussion with the contractor and a review of the actual timesheets that clearly showed tickets and hours logged in with no standby or travel, the invoice approver was able to obtain proper documentation and approved as such. Updated timesheets received from the vendor are provided in EOE-277, Attachment 1 CONFIDENTIAL. Any remaining outstanding documentation will be provided in a supplemental response.
