The United Illuminating Company **Witness: Erik Robie**
Docket No. 26-08-02 **Page 1 of 1**

Date Submitted: August 17, 2026

CAE-024 Q:

Eversource Comments, May 28, 2026, pp. 7-8; UI Comments, May 28, 2026, pp. 4-5. The EDCS note that the RRES Program requires that the eligible solar PV system be located on the eligible property; however, the EDCs also suggest that PURA consider additional siting requirements to focus MFAH eligibility to systems located on or at the property they serve. Clarify whether MFAH systems have been approved or deployed that are not located on the eligible property.

CAE-024 A:

Based on the data reviewed in Docket No. 26-08-02, RRES Year 6, Attachment 1, CAE-024 and CAE-025 Interrogatories, UI is not aware of any approved or deployed MFAH systems that are located off-site or on a property other than the eligible property served by the system.
