Together, these documents are referred to herein as the "Confidential Information". The Confidential Information was submitted by email to PURA on August 11, 2026. The last item responsive to OCC Set 1 was filed with PURA on August 18, 2026.

3. I submit this affidavit in support of a Motion for Protective Order by the Company, filed contemporaneously herewith, requesting a ruling from the Public Utilities Regulatory Authority ("PURA") that the Confidential Information is subject to confidential treatment.

4. OCC-043, Attachment 2 CONFIDENTIAL, OCC-044, Attachment 2 CONFIDENTIAL, OCC-101 Attachment 1 CONFIDENTIAL, OCC-110, Attachment 3 CONFIDENTIAL, and OCC-139, Attachment 1 CONFIDENTIAL contain confidential vendor

pricing information and negotiated contract terms relating to the Company's third-party vendors. The pricing and rates from third parties and consultants are confidential and proprietary, and public disclosure of this data would adversely impact the third parties and consultants in their pending and future negotiations to perform like services for other companies. The information on terms, fees, rates, and unit quantities contained in these invoices include proprietary, competitive, and commercially sensitive information that is non-public information. Public disclosure of this information would cause substantial harm to the Company and its vendor. Negotiated contract terms, pricing, and unit cost terms obtained by the Company from vendors are provided with an expectation of privacy and must be protected from public disclosure to ensure competitive market pricing. Additionally, the Confidential Information in OCC-073, Attachment 1 CONFIDENTIAL, through OCC-073, Attachment 3 CONFIDENTIAL, includes confidential bank account numbers of the vendors, which are not disclosed publicly and if disclosed could subject the Company, its vendor, and banking partners to potential fraud and abuse.

5. OCC-107, Attachment 1 CONFIDENTIAL, provides information relating to a legal settlement entered into by the Company. This information was entered into with adverse parties to reach a resolution of contested claims. The information contained in OCC-107, Attachment 1 CONFIDENTIAL, includes the settlement amount and terms, which are and will continue to be maintained as confidential by the parties and will not be disclosed other than to legal counsel and in other limited circumstances. Public disclosure of this material would reveal legal and financial information that would disadvantage and cause harm to the Company in negotiating future settlements on reasonable terms. Any public disclosure of such information would be detrimental to the business interests of the Company in its service to customers.

6. OCC-044, Attachment 2 CONFIDENTIAL, OCC-110, Attachment 3 CONFIDENTIAL, OCC-123 Attachment 5 CONFIDENTIAL, OCC-131, Attachment 1 CONFIDENTIAL, and OCC-139, Attachment 1 CONFIDENTIAL, contain names and contact information for individual Eversource employees. Employee contact information should be protected from public disclosure. If the Company makes employee information public, there are both cybersecurity and physical security risks to individual Eversource employees. Making employee information public triggers an increased risk in phishing attacks as there is more information available about Eversource employees, centralized and publicly available. Additionally, there is a risk of personal harassment for individual employees.

7. OCC-128, Attachment 1 CONFIDENTIAL, OCC-129, Attachment 3 CONFIDENTIAL, and OCC-135, Attachment 1 CONFIDENTIAL include information on the Company's cybersecurity framework, including the IT Vendor Risk Management Evaluation Process, the Company's Cyber Security Plan, and details regarding the Company's network and security focus areas. OCC-128, Attachment 1 CONFIDENTIAL, OCC-129, Attachment 3 CONFIDENTIAL, and OCC-135, Attachment 1 CONFIDENTIAL contain commercially-sensitive and non-public business information, including information describing the Company's specific cybersecurity measures that the Company does not disclose to the public. Disclosure the Company's cybersecurity measures would reveal information about the Company's cybersecurity systems to the general public, which would provide bad actors with a means to potentially disrupt and impact the Company's system and the safe and reliable service throughout the state of Connecticut. In order to protect the Company's cybersecurity systems from such an event, OCC-128, Attachment 1 CONFIDENTIAL, OCC-129, Attachment 3 CONFIDENTIAL, and OCC-135, Attachment 1 CONFIDENTIAL should not be disclosed publicly.

8. To the best of my knowledge, reasonable efforts have been used to keep and maintain this information as confidential; and to the best of my knowledge this information has not been disclosed or released to the public.

9. I have been advised by the Companies' legal counsel that neither federal nor Connecticut statutes requires this confidential information to be filed in the public record.
