Re: Docket No. 26-08-06, *Annual Review of the Electric Vehicle Charging Program – Year 6,* Compliance with Section IV.E.2. of the Final Decision in Docket No. 17-12-03RE04

Dear Mr. Gaudiosi,

The United Illuminating Company ("UI or the "Company") hereby submits this filing in compliance with the requirements of Order No. 2 and Section IV.E.2. of the Decision ("Decision") issued by the Public Utilities Regulatory Authority ("PURA" or the "Authority") in Docket No. 17-12-03RE04 on July 14, 2021.

Specifically, Order No. 2 states,

> *No later than August 15, 2021, the EDCs shall submit a proposed plan, including costs and implementation timeline, to develop a hosting capacity map specific to installing Level 2 and DCFC stations to be made public through an online portal for Authority review and approval, as discussed in Section IV.E.2.a. The EDCs shall make the hosting capacity map available to the public on or before the January 1, 2022 Program launch.*

Further, Section IV.E.2 states, in part:

> *The EDCs are directed to provide at least quarterly updates to the resulting capacity maps*.

In compliance with Order No. 2 and Section IV.E.2., the Company submits the following response:

For the 2nd Quarter of 2026 ending June 30th the Company posted updates to its hosting capacity maps that include:

1. Distribution Circuits' Queued Load (MW), Remaining Host Capacity (MW) and Existing Load (MW)

2. Substations' Queued Load (MW), Remaining Host Capacity (MW) and Existing Load (MW)

I hereby certify service of this filing upon all parties and intervenors of record in this proceeding.

Sincerely,

James Nitz
