Date Filed: September 08, 2026

Witness: Edward A. Davis and Kimberly R. Parsons
Request from: Office of Consumer Counsel

Question:

(Rate 7 – Residential TOU Rate) Please describe how the on-peak and off-peak periods under Rate 7 were selected and provide the data and workpapers used to inform the selection of these periods, such as historical or forecast hourly system load data, class load shapes, hourly or seasonal marginal costs, or other relevant information. Please provide this data in machine-readable, native format.

Response:

The on-peak period for Rate 7 is Weekdays 12 PM to 8 PM. Eastern Prevailing Time, during the off-peak period, is all other hours. These periods were established by PURA in the Final Decision dated December 21, 2006, in Docket No. 05-10-03 Application of The Connecticut Light and Power Company to Implement Time Of Use, Interruptible or Load Response, and Seasonal Rates.[1]
