STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

ANNUAL RESIDENTIAL RENEWABLE ENERGY SOLUTIONS PROGRAM REVIEW AND RATE SETTING – YEAR 6	:	DOCKET NO. 26-08-02 APRIL 9, 2026

MOTION OF THE UNITED ILLUMINATING COMPANY FOR EXTENSION OF TIME

The United Illuminating Company ("UI" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time of approximately twelve business days, from April 15, 2026 up to and including May 1, 2026, for the Company to submit its compliance filing associated with Order No. 11 of the Final Decision in Docket No. 25-08-02.

There is good cause to grant the Company's requested extension. Order No. 11 requests that the Company provide:

> ***On a [quarterly basis beginning on January 1, 2024] through [the duration of the RRES Program]****, the EDCs shall provide updates to Docket No. 21-08-02 Response to Interrogatory CAE-8. Specifically, the Authority adapts the ruling in Docket No. 21-08-02 to Motion No. 26 dated March 22, 2022, which directed the EDCs to submit as a compliance filing an update to Interrogatory CAE-8 on or before the 15th of every month through January 1, 2023 (i.e., the final filing would have been made on December 15, 2022), to instead direct the compliance filings to continue monthly through January 1, 2024. Such filings shall be made in [the annual review proceeding (i.e., in 2024, Docket No. 24-08-02)] and should also include tariff type and incentive adder status information. [Last, beginning by July 1, 2024, the quarterly filings shall include: (1) the total number of low-income customers and customers located in Distressed Municipalities, and associated project capacity, which do not receive either adder, in addition to the existing breakouts for customers enrolled in the low-income and Distressed Municipality adders; (2) the number and associated project capacity of customers who reside in environmental justice census block groups, broken out by customers that qualify for the low-income and Distressed Municipality adders and those that do not; and (3) the number and associated project capacity of RRES customers who qualify for the Federal Justice 40 disadvantaged communities definition.]*

The Company employee responsible for overseeing and compiling the information requested in Order No. 11 just recently departed the Company. The requested extension is necessary so that the Company can compile the requested information and conduct a complete and purposeful review of the data following the departure of the employee. The Company's careful review of this complete data will ultimately ensure that it is able to provide thorough and accurate information in response to Order No. 11, which is to the benefit of all docket participants. Additionally, extending the filing deadline will align this filing with the

compliance due date for Order No. 13 in this same docket.

The Company does not anticipate that any other docket participant will be prejudiced by this request, as it does not interfere with any other event in the docket's time schedule. Conversely, the Company has a strong interest in preparing thorough and accurate responses to Order No. 11.

WHEREFORE, the Company respectfully requests PURA grant an extension of time, from April 15, 2026 up to and including May 1, 2026, to submit its compliance with Order No. 11 of Docket No. 25-08-02 in the above-referenced docket.

Respectfully submitted,

THE UNITED ILLUMINATING COMPANY
