Team,
Storm Services will be released, [redacted] is calling [redacted] regarding timesheets. Corporate support can return to normal duty providing they have completed any required training (Patroller or Modeler). They will return their fleet or rental vehicles but we are asking them to hold onto their DA equipment (MIFI, laptop or tablet) in preparation for the predicted weekend event.
FEDs will perform the following:

- Perform sweeps (backbone and large laterals) on the following circuits:

11C14
32R1
32P4
30R13
30R8

- Test/verify antenna's are functioning correctly in their vehicles
- Perform Modeler training

FEDs have not been officially released but can perform normal work.
Thanks,
[redacted]
