To whom it may concern,
Eversource requesting such a huge increase in rates for Connecticut, already paying the second highest rates in the country, behind only Hawaii, adds insult to injury.
I am absolutely and adamantly opposed to any further rate increases for CT residents. Rather than increasing the compensation for its CEO and other executives Eversource can use their significant profits to pay for the work and supposed upgrades they are claiming to be necessary.
Connecticut officials and PURA should be working hard to decrease the current astronomical rates we are paying rather than considering rate hikes. Enough is enough.
Sincerely,
Anne Tabacco
