Hello,
I am a Ct resident who has absorbed many price increases for Eversource services throughout the years.. I understand how important it is to have a most updated & working grid to support proper care to customers, however, we continue to bear the brunt of the costs for this protection. I am sure there are ways for Eversource to absorb some of the costs for these advancements? If they cannot, then we, the customers, should be able to see exactly where our hard earned money is going.
Thank you,
JoAnn Moledo
Stamford, CT resident & Eversource customer
