Mr. Jeffrey R. Gaudiosi, Esq.
Executive Secretary
Public Utilities Regulatory Authority
10 Franklin Square
New Britain, Connecticut 06051

Re: Docket No. 26-10-01, PURA Annual Investigation of the Purchased Gas Adjustment Clause Charges or Credits Filed by: Connecticut Natural Gas Corporation, Southern Connecticut Gas Company and Yankee Gas Services Company d/b/a Eversource Energy

Dear Mr. Gaudiosi:

Pursuant to Docket No. 96-01-28, DPUC Review of the Purchased Gas Adjustment Clause, Order No. 3, Yankee Gas Services Company d/b/a Eversource Energy (the "Company") submits its annual filing reflecting actual gas costs versus gas cost recoveries for the period of September 2025 to August 2026 ("Reconciliation Period").

The pages attached to this letter contain only the non-confidential portion of the total filing made with the Public Utilities Regulatory Authority ("PURA"). The confidential portion of the filing, including bulk detail, has been filed under protective order with the PURA due to the sensitive nature of the gas purchasing material. Additionally, an electronic file containing gas cost allocations for the Reconciliation Period has also been filed under protective order with the PURA due to the sensitive nature of the gas purchasing material.

In compliance with the Final Decision in Docket No. 21-08-24 (the "Decision"), beginning January 1, 2024, the Company reverted to the way in which NFM credits were treated prior to the inception of the System Expansion Plan ("SEP"). The Decision states, "When the period of the SEP ends, ***the allocation of NFM credits will revert back to the way in which NFM credits were treated prior to the inception of the SEP*** as the formulaic allocation of NFM credits applies only during the years in which projects are approved, and thus will end on December 31, 2023." (Decision at 19; footnote omitted; emphasis added). Interrogatory Response Q-EN-067 in Docket No. 13-06-02 demonstrates that on January 1, 2010, which was prior to the inception of the SEP, PURA established NFM sharing percentages on all margins earned of 99% and 1% for customers and shareholders, respectively. Therefore, in compliance with PURA's above-quoted excerpt from the Decision, 99% of the NFM generated since the end of the SEP on December 31, 2023, is being returned to customers through the PGA.

Additionally, in compliance with Order No. 3 of the Authority's reconsideration decision in Docket 24-12-01, effective November 1, 2025 the Company is returning 100% of NFM to customers via the PGA.

Further, in compliance with Order No. 4 of the Authority's reconsideration decision in Docket 24-12-01, effective November 1, 2025 the Company is recovering $3,620 in consulting fees costs from customers via the PGA.
