Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget

Instructions for Filing a Motion to Apply for a PEGPETIA Grant

Motion Deadline

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

Program Funding Eligibility

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

Submission of Motion

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

Docket No. 26-10-02 Avon Public Schools

I. Applicant Information

1. Organization Name: Avon Public Schools
2. Mailing Address: 200 Fisher Drive, Avon, Connecticut 06001
3. Employer Identification Number: 46-2485288
4. Contact Person for Service List ***(required)*** ☐ ***(check if new/updated)***

   Name: Elizabeth Ferry

   Mailing Address: 200 Fisher Drive, Avon, CT 06001

   Phone Number: 860-404-4717

   Email Address: eferry@avon.k12.ct.us
5. Additional Contact Person for Service List ***(optional)*** ☐ ***(check if new/updated)***

   Name:

   Mailing Address:

   Phone Number:

   Email Address:
6. Authorized Representative ***(required)***

   Note: The authorized representative will not be on the service list unless also listed as a contact person, above.

   Name: Tom Kline

   Mailing Address: 200 Fisher Drive, Avon, CT 06001

   Phone Number: 860-404-4700

   Email Address: tkline@avon.k12.ct.us
7. Purpose of Grant (check one):

   ☐ PEG Grant (capital and equipment for producing/procuring programming)

   ☑ ETI Grant (educational technology initiative)
8. Amount Requested: $$ 12,329.93

   Note: The "Amount Requested" will autocalculate upon completion of the Itemized Budget, below.

II. Applicant Eligibility

9. Organization Type (check one):

PEG (Programming)

☐ Local community antenna television and video advisory council

☐ State-wide video advisory council

☐ Public, educational and governmental programmer

☐ Public, educational and governmental studio operator

ETI (Educational Technology Initiative)

☑ Board of Education

☐ Public library

☐ Other education entity: _____

10. Which of the following describes your organization?

☐ Connecticut State Agency

☑ Municipality

☐ Nonprofit 501(c)(3) organization. Provide Secretary of the State No.: 658201900

☐ Other (e.g., LLC or corporation). Provide Secretary of the State No.: _____

11. For each of the PEGPETIA Grant cycles below, indicate whether your organization received a grant and submitted all required compliance filings:

Docket No.	Grant Received?	Date of Compliance Filing		
		Order No. 2	Order No. 3	Order No. 4
24-10-02	☑ Yes ☐ No	03/23/2026	03/23/2026	03/23/2026
23-10-02	☑ Yes ☐ No	01/02/2025	01/02/2025	01/02/2025
22-10-02	☑ Yes ☐ No	10/17/2023	01/12/2024	01/12/2024
21-10-13	☑ Yes ☐ No	06/23/2022	06/23/2022	05/12/2023

Note: If you have received a grant in any of the dockets listed above, you must submit any outstanding compliance filings prior to submitting this application.

III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

This proposal outlines an educational technology investment designed to advance digital literacy, computational thinking, and media production across the school district. A primary goal of this initiative is ensuring that all students achieve core competency in computing skills by the sixth grade, while building proficiency in specific computing skills and seamless technology integration across the curriculum for all public school teachers. To reach these benchmarks and foster long-term success, the initiative establishes a dual-focused framework: building a hands-on, scaffolded Computer Science and Robotics pipeline across our elementary schools and modernizing the high school's podcasting, audio engineering, and media production studio.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

This initiative directly benefits our entire school district across all grade levels. Both Pine Grove Elementary School and Roaring Brook Elementary School will benefit from the new computer science and STEM robotics equipment to build foundational logic and ensure all K–5 students achieve computing competency by the sixth grade. Avon High School will host the newly modernized podcasting and audio engineering studio to enhance student journalism and media programming, while the portable audio production gear will serve Avon High School as well as teachers and students district-wide.

14. State the number of subscribers served or students impacted:

This initiative directly benefits the entire school district, serving approximately 3,000 students and 500 staff members across all grade levels.

15. List the schedule for implementation, including estimated dates for key milestones and completion.

Note: Completed projects are not eligible.

Procurement & Studio Setup (July – August)
Place all purchase orders with equipment vendors. Receive, unbox, catalog, and asset-tag all hardware district-wide. Install high school acoustic wall paneling, Shure microphones, boom arms, and 25 Korg MIDI controllers; organize elementary STEM/robotics kits for delivery.

Staff Professional Development (September – October)
Train Pine Grove and Roaring Brook elementary educators on hands-on robotics mapped to computing competency goals. Train Avon High School media arts staff on audio engineering workflows and broadcasting protocols.

Classroom Rollout (November – February)
Deploy K–2 screen-free coding (Coding Critters, Bee-Bots) and 3–5 modular robotics (Cubelets, Edison kits) at Pine Grove and Roaring Brook Elementary Schools. Launch audio production and student podcasting projects at Avon High School using the updated studio space. Conduct mid-year progress monitoring on K–4 computational thinking skill benchmarks.

Broadcasting & Project Evaluation (March – June)
Begin broadcasting student-produced podcasts and interviews on district digital channels and publish the content for community access. Assess end-of-year student computing competencies across Pine Grove and Roaring Brook prior to sixth-grade promotion. Complete final grant reporting, inventory audit, and project evaluation.

---

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

100% of K–4 students at Pine Grove and Roaring Brook will participate in hands-on robotics, with 100% of graduating 4th graders demonstrating core computing proficiency on practical rubrics.

100% of district staff that will utilize the podcasting equipment and other technology acquired from this grant will complete technology integration training and incorporate tech-based learning into classroom curricula.

Avon High School will produce and broadcast at least 15 student podcasts annually.

---

17. Description of organization, including experience and competence related to the proposed project:

Avon Public Schools serves approximately 3,000 students and 500 staff members across Pine Grove Elementary, Roaring Brook Elementary, Thompson Brook School, Avon Middle School and Avon High School. Our district has a proven track record of integrating technology through project-based learning and digital media creation.

Implementation will be led by a highly qualified team including a Music Technology teacher, Video Production teacher, two Technology Education teachers, four Library Media Specialists, and Library Media Assistant with deep expertise in media production, digital storytelling, and hands-on coding. This team has the pedagogical and technical competence to seamlessly deploy the elementary robotics kits to achieve sixth-grade computing competency while overseeing Avon High School's updated podcasting studio for student-led broadcast programming.

IV. Budget Information

18. Partner organization(s) or other funding sources (if applicable):

19. Have you completed the PEGPETIA Itemized Budget form below (with an itemized budget for the investment or initiative)?

☑ Yes.

☐ No. Explain:

20. Have you provided supporting documentation for each item, such as copies of bids, estimates, and quotes?

☑ Yes.

☐ No. Explain:

21. Are the non-equipment costs for design and engineering, installation, training, and warranties/insurance less than 10% of the overall grant request?

Note: Software may be categorized as equipment. Other non-equipment expenses (such as salaries, service agreements, or stipends) are <u>not permitted</u> as part of the grant request.

☑ Yes. There are shipping costs for some equipment.

☐ No. Explain:

V. PEG Grant CAP Acknowledgment

22. **For PEG Grant Applicants Only:** The Applicant understands that it must review and comply with the relevant community access provider operating rules and regulations, including the prohibition of the presentation of any advertising material designed to promote the sale of commercial products or services (including advertising by or on behalf of candidates for public office). The Applicant further acknowledges that no organization or company providing community access operations shall exercise editorial control over programming, except as to programming that is obscene and except as otherwise allowed by applicable state and federal law.

☐ Yes.

☐ No.

VI. Signature of Authorized Representative

I, Susan Russo, am authorized to sign this application on behalf of the applicant organization. Under the penalty of law, by signing this application, I affirm that the information provided to the Authority is true and correct to the best of my knowledge and that any errors of omissions will be timely corrected and resubmitted.

I understand that grant funding may be denied due to failure to provide the information and supporting documentation required by this Application.

PEGPETIA ITEMIZED BUDGET

Instructions

Required Information

You must provide this itemized budget for the capital and equipment investment or education technology initiative proposed in your application. For each expense, you must provide the following information:

(1) Name of expense

(2) Total amount of expense (unit cost x quantity)

(3) Brief description

(4) Quantity requested

(5) Unit price

(6) A copy of a bid, estimate, or similar documentation; and

(7) Type of cost (equipment, design, engineering, installation, training, warranty, insurance, other)

For each expense listed, you must attach a copy of the bid, estimate, or similar documentation.

Note: The Authority cannot accept links to online vendors as documentation of expenses. You may, however, attach saved or printed copies of equipment listed for sale with online vendors as documentation.

Types of Costs

Non-equipment costs (such as design, engineering, installation, training, warranties, or insurance) must be reasonable and should be limited to less than 10% of the overall grant. Other non-equipment expenses (such as salaries, service agreements, or stipends) are not permitted as part of the grant request.

Note: Software may be categorized as equipment.
