Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget

Instructions for Filing a Motion to Apply for a PEGPETIA Grant

Motion Deadline

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

Program Funding Eligibility

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

Submission of Motion

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

Through this proposal, we are looking to improve our classroom technology infrastructure through the purchase of interactive panels, visual displays, and/or projectors to replace aging technology. Equipment we are looking to replace is on average over 10 years old and in a number of instances beginning to fail. Each panel/display will be connected to existing classroom computers or large instructional areas to allow students and staff the ability to display, present, collaborate and in the case of interactive panels, interact with content, which will increase student participation and engagement. This tool will allow us to maximize the benefit of our existing resources and support and enhance student learning in alignment with our school and district goals. The quotes generated for the grant include the necessary equipment to outfit 7 instructional spaces PreK-12, ensuring equity of access and experience for all students in the Coventry Public Schools district. In effort to save money, we will coordinate with our district facilities team to install the equipment in a timely fashion over the school year.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

This grant will impact three schools within the Coventry Public Schools district.

14. State the number of subscribers served or students impacted:

1,541 (as of November 2, 2026)

15. List the schedule for implementation, including estimated dates for key milestones and completion.

Note: Completed projects are not eligible.

Below is our anticipated timeline of implementation, barring any unforeseen circumstances (such as delays in shipping or supply issues)

- Day 1 – Notification of award
- Day 15 – Order equipment
- Day 45 – Have equipment on site and work with facilities team regarding installation
- Day 100 – complete installation of all equipment

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

We will utilize stakeholder feedback and individual teacher feedback obtained through professional development and training to evaluate the effectiveness of the investment.

17. Description of organization, including experience and competence related to the proposed project:

Coventry Public Schools is a K-12 public school district whose mission is to prepare every student for life, learning and work in the 21st century. All Coventry students are supported to help them achieve their individual potential and thrive. The district provides a comprehensive K-12 curriculum providing challenging and rigorous courses of study in language arts, mathematics, science, social studies, world languages, music, visual and performing arts, computer sciences, health and physical education. Our learning community is collaborative, proactive and dedicated to ensuring college and career readiness for students through providing access to a variety of experiences which support their growth, development and academic achievement. We align our work with students to our district Portrait of the Graduate competencies to ensure they are critical thinkers, engaged collaborators, effective communicators, empowered citizens and authentic innovators. With regards to technology, our district works to provide equitable access to resources and infrastructure that address current school and district needs, support safety and security, streamline operations and promote innovation. We work to ensure our students and staff have access to the tools they need to access and promote learning.
