STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget

Instructions for Filing a Motion to Apply for a PEGPETIA Grant

Motion Deadline

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

Program Funding Eligibility

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

Submission of Motion

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

I. Applicant Information

1. Organization Name: Goodwin University
2. Mailing Address: 1 Riverside Dr, East Hartford, CT 06118
3. Employer Identification Number: 06-1627882
4. Contact Person for Service List ***(required)*** ☐ ***(check if new/updated)***

   Name: Kristin Brisbon

   Mailing Address: 1 Riverside Dr, East Hartford, CT 06118

   Phone Number: 860-913-2305

   Email Address: kbrisbon@goodwin.edu
5. Additional Contact Person for Service List ***(optional)*** ☐ ***(check if new/updated)***

   Name: Rob Wilson

   Mailing Address: 1 Riverside Dr, East Hartford, CT 06118

   Phone Number: 860-913-2092

   Email Address: wilsonr@goodwin.edu
6. Authorized Representative ***(required)***

   Note: The authorized representative will not be on the service list unless also listed as a contact person, above.

   Name: Rob Wilson

   Mailing Address: 1 Riverside Dr, East Hartford, CT 06118

   Phone Number: 860-913-2092

   Email Address: wilsonr@goodwin.edu
7. Purpose of Grant (check one):

   ☐ PEG Grant (capital and equipment for producing/procuring programming)

   ☑ ETI Grant (educational technology initiative)
8. Amount Requested: $ $ 11,986.82

   Note: The "Amount Requested" will autocalculate upon completion of the Itemized Budget, below.

II. Applicant Eligibility

9. Organization Type (check one):

PEG (Programming)

☐ Local community antenna television and video advisory council

☐ State-wide video advisory council

☐ Public, educational and governmental programmer

☐ Public, educational and governmental studio operator

ETI (Educational Technology Initiative)

☐ Board of Education

☐ Public library

☑ Other education entity: Private Nonprofit University

10. Which of the following describes your organization?

☐ Connecticut State Agency

☐ Municipality

☑ Nonprofit 501(c)(3) organization. Provide Secretary of the State No.: 0687752

☐ Other (e.g., LLC or corporation). Provide Secretary of the State No.: _____

11. For each of the PEGPETIA Grant cycles below, indicate whether your organization received a grant and submitted all required compliance filings:

Docket No.	Grant Received?	Date of Compliance Filing		
		Order No. 2	Order No. 3	Order No. 4
24-10-02	☐ Yes ☑ No			
23-10-02	☑ Yes ☐ No	12/18/24	12/18/24	12/18/24
22-10-02	☐ Yes ☑ No			
21-10-13	☐ Yes ☑ No			

Note: If you have received a grant in any of the dockets listed above, you must submit any outstanding compliance filings prior to submitting this application.

III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

Goodwin University proposes to expand its existing audiovisual (AV) environment by adding multimedia production equipment and media storage capacity that will provide students with greater access to tools for creating, recording, storing, and sharing digital content.

This initiative will enhance student learning in two ways. First, it will support authentic demonstration of student learning in an increasingly AI-enabled environment. As generative AI makes traditional written assignments more difficult to authenticate, students can use multimedia tools to create recorded presentations, demonstrations, reflections, interviews, and other projects that allow them to demonstrate their knowledge, skills, and understanding in their own words and through their own work.

Second, expanded access to multimedia technology supports Goodwin University's commitment to Universal Design for Learning (UDL) (institutional pedagogy) by giving students multiple ways to engage with course content and demonstrate learning. Video, audio, and other multimedia formats provide students with various means of expression and create a more flexible, accessible and inclusive learning environment.

The proposed project qualifies as an education technology initiative and aligns with the Commission for Education Technology's guidance and identified core focus area on digital learning.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

GU is located in East Hartford, CT and situated in a dense urban area bordered on the west by the Connecticut River and the Hartford-Brainard Airport and to the east by state highway Route 2. The open campus is comprised of multiple educational and administrative buildings and a flagship/main campus building (in a hub and spoke model).

14. State the number of subscribers served or students impacted:

The university serves 3,000 students annually and employs more than 500 staff/faculty.

15. List the schedule for implementation, including estimated dates for key milestones and completion.

Note: Completed projects are not eligible.

We anticipate the project to be completed within 90 days of award, starting with the purchase of equipment (within 30 days). Once equipment arrives on site, installation is expected to be completed within 60 days. Because purchased equipment will be added to our existing AV and media environment, minimal implementation time is anticipated.

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

The primary objective is to increase student utilization of AV and multimedia resources. Goodwin University will track equipment usage, including the number of students accessing these resources and the frequency with which the technology is being used by students for assignments, projects, recordings, presentations, and other activities.

17. Description of organization, including experience and competence related to the proposed project:

Goodwin University is a private, open-enrollment, nonprofit institution that serves 3,000 students annually, offering career-focused education and job training programs through three schools: Nursing and Health Professions; Business, Technology and Advanced Manufacturing; and Applied Liberal Arts and Social Sciences. Our mission is to educate a diverse student population in a dynamic environment that aligns education, commerce, and community.

Goodwin University began as the Data Institute in 1981, a business school geared toward advancing students' employability and competitiveness in the workforce. Since our founding as Goodwin College in 1999, the school has been at the forefront of developing innovative programs to meet the needs of individuals traditionally underserved by higher education, including women, people of color, first-generation students and adult learners (media age 31).

NOTE - It is important to distinguish between Goodwin University (GU) and Goodwin University Educational Services (GUES). GU and GUES are separate institutions and legal entities, each with their own Employer Identification Number (EIN). Goodwin University (EIN 06-1627882) is a private, open-enrollment, nonprofit institution of higher education. Goodwin University Educational Services (EIN 81-0703551) operates a magnet K–12 school district.

IV. Budget Information

18. Partner organization(s) or other funding sources (if applicable):
N/A

19. Have you completed the PEGPETIA Itemized Budget form below (with an itemized budget for the investment or initiative)?

☑ Yes.

☐ No. Explain:

20. Have you provided supporting documentation for each item, such as copies of bids, estimates, and quotes?

☑ Yes.

☐ No. Explain:

21. Are the non-equipment costs for design and engineering, installation, training, and warranties/insurance less than 10% of the overall grant request?

Note: Software may be categorized as equipment. Other non-equipment expenses (such as salaries, service agreements, or stipends) are <u>not permitted</u> as part of the grant request.

☑ Yes.

☐ No. Explain:

V. PEG Grant CAP Acknowledgment

22. **For PEG Grant Applicants Only:** The Applicant understands that it must review and comply with the relevant community access provider operating rules and regulations, including the prohibition of the presentation of any advertising material designed to promote the sale of commercial products or services (including advertising by or on behalf of candidates for public office). The Applicant further acknowledges that no organization or company providing community access operations shall exercise editorial control over programming, except as to programming that is obscene and except as otherwise allowed by applicable state and federal law.

☐ Yes.

☐ No.

VI. Signature of Authorized Representative

I, Robert Wilson, am authorized to sign this application on behalf of the applicant organization. Under the penalty of law, by signing this application, I affirm that the information provided to the Authority is true and correct to the best of my knowledge and that any errors of omissions will be timely corrected and resubmitted.

I understand that grant funding may be denied due to failure to provide the information and supporting documentation required by this Application.

PEGPETIA ITEMIZED BUDGET

Instructions

Required Information

You must provide this itemized budget for the capital and equipment investment or education technology initiative proposed in your application. For each expense, you must provide the following information:

(1) Name of expense

(2) Total amount of expense (unit cost x quantity)

(3) Brief description

(4) Quantity requested

(5) Unit price

(6) A copy of a bid, estimate, or similar documentation; and

(7) Type of cost (equipment, design, engineering, installation, training, warranty, insurance, other)

For each expense listed, you must attach a copy of the bid, estimate, or similar documentation.

Note: The Authority cannot accept links to online vendors as documentation of expenses. You may, however, attach saved or printed copies of equipment listed for sale with online vendors as documentation.

Types of Costs

Non-equipment costs (such as design, engineering, installation, training, warranties, or insurance) must be reasonable and should be limited to less than 10% of the overall grant. Other non-equipment expenses (such as salaries, service agreements, or stipends) are not permitted as part of the grant request.

Note: Software may be categorized as equipment.
