STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
	:	**SEPTEMBER 29, 2026**

MOTION FOR EXTENSION OF TIME BY
THE CONNECTICUT LIGHT AND POWER COMPANY

The Connecticut Light and Power Company d/b/a Eversource Energy ("CL&P" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit responses to certain interrogatories issued by the University of Connecticut and UConn Health Community System, Inc. ("UConn") on September 18, 2026 ("UCONN Set 1"). Specifically, the Company seeks a 5 business-day extension of time for UCONN-005, thereby moving the response deadlines to October 9, 2026. The Company requests an extension of time for UCONN-005 consistent with PURA's Notice of Proceeding issued on June 2, 2026 ("Notice"), which requires that any person requesting a procedural change or other PURA approval must file a motion. Notice at 2. Specifically, the Notice requires that motions for extension of time "shall be filed in advance of the prescribed deadline and should provide sufficient time for the Authority to consider timely objections and to rule on the motion." Id. The Company submits this Motion three business days in advance of the current due date for UCONN-005.

UCONN-005 in UCONN Set 1 was issued with an initial due date of October 2, 2026. UCONN Set 1 encompassed a total of 20 individual interrogatories, plus sub-parts. UCONN-005

seeks detailed information related to relevant aspects of the Company rate case application. Specifically, UCONN-005 requests detailed information regarding rate design and tariff structure.

At this time, the Company has determined it is unlikely it will be able to produce a complete and accurate response to UCONN-005 within the current due date. UCONN-005 requires in-depth research, data extraction, analysis and review, and input from subject matter experts and numerous individuals from various parts of the organization to ensure a complete and accurate response.

Further, Eversource submits this extension request coming out of a storm event this past weekend. A number of the Company's employees were activated for storm duty, including subject matter experts responsible for the preparation of Eversource's responses to UCONN Set 1. While activated, these subject matter experts were limited in their respective abilities to prepare responses to these interrogatories. If an extension is granted, Eversource will endeavor to submit the response to UCONN-005 earlier than October 9, 2026, if possible.

The Company bears the evidentiary burden to prove the elements of its rate proposals and therefore requires a fair and reasonable opportunity to collect and provide information sought by PURA and other parties in furtherance of that obligation. Although many aspects of a rate proceeding are reasonably anticipated by the Company, the Company cannot anticipate all permutations of information that may be requested; the timing of those requests; requests for specific documentation; or, requests that involve research of historical records, records of accounts, or even employee-related recollections. The Company must have a reasonable opportunity to respond with full and adequate information, consistent with the Company's due process rights to present its case.

The Company is working diligently and using best efforts to produce the response to UCONN-005 on a timely basis. However, for the reasons stated in this Motion, the Company

requires a 5 business-day extension of time for UCONN-005 in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response. Where feasible, the Company has filed responses to interrogatories in advance of due dates. For UCONN-005, that requires a longer time to produce a complete and accurate response, the Company will continue to use best efforts to submit its response as soon as possible. The Company has limited this extension request to only UCONN-005 to ensure that it does not prejudice any other party.

The Company has informed UConn in advance of this Motion and received confirmation that UConn consents to UCONN-005 being filed on October 9, 2026.

WHEREFORE, the Company respectfully requests PURA grant a 5 business-day extension of time for UCONN-005, thereby moving the response deadline to October 9, 2026.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY
