APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
	:	**OCTOBER 5, 2026**

MOTION FOR EXTENSION OF TIME BY
THE CONNECTICUT LIGHT AND POWER COMPANY

The Connecticut Light and Power Company d/b/a Eversource Energy ("CL&P" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit responses to certain interrogatories issued by PURA on September 15, 2026 ("PURA Set 6") and by Allco Finance Limited ("Allco") on September 24, 2026 ("ALLCO Set 11").

Specifically, the Company seeks a 5 business-day extension of time for: ALLCO-119, 120, 121, 123, 124, 125, 131, 133, 134, 142, 143, 145, 147, 148, 149, 150, 151, 152, 153, and 154 (the "ALLCO Set 11 Outstanding Interrogatories"), and a 3 business-day extension of time for UPA-002, (together, the "Outstanding Interrogatories") thereby moving the response deadline to October 15, 2026, for the ALLCO Set 11 Outstanding Interrogatories, and October 9, 2026 for UPA-002. The Company requests an extension of time for the Outstanding Interrogatories consistent with PURA's Notice of Proceeding issued on June 2, 2026 ("Notice"), which requires that any person requesting a procedural change or other PURA approval must file a motion. Notice at 2. Specifically, the Notice requires that motions for extension of time "shall be filed in advance of the prescribed deadline and should provide sufficient time for the Authority to consider timely objections and to rule on the motion." Id. The Company submits this Motion three business days

in advance of the current due date for the ALLCO Set 11 Outstanding Interrogatories, and one business day in advance of the current due date for UPA-002.

UPA-002 was issued with an initial due date of September 29, 2026. The Company previously submitted a motion for extension for UPA-002 on September 24, 2026, moving the response date to October 6, 2026. PURA Set 6 encompassed a total of 23 individual interrogatories, plus sub-parts. UPA-002 seeks detailed information related to relevant aspects of the Company's rate case application. Specifically, UPA-002 requests detailed information regarding officer variable compensation.

The Outstanding Interrogatories in ALLCO Set 11 were issued with an initial due date of October 8, 2026. ALLCO Set 11 encompassed a total of 36 individual interrogatories, plus sub-parts. The Outstanding Interrogatories in ALLCO Set 11 seek detailed information related to relevant aspects of the Company's rate case application. Specifically, the ALLCO Set 9 Outstanding Interrogatories request detailed information regarding pending applications, the status of applications, legal advice, legal fees, cost tracking, DER information, CIAC data, credit metrics, cost of debt, cost of capital, and load settlement information.

At this time, the Company has determined it is unlikely it will be able to produce complete and accurate responses to the Outstanding Interrogatories within the current due dates. The Outstanding Interrogatories require in-depth research, data extraction, analysis and review, and input from subject matter experts and numerous individuals from various parts of the organization, including management personnel and legal counsel, to ensure complete and accurate responses.

The Company bears the evidentiary burden to prove the elements of its rate proposals and therefore requires a fair and reasonable opportunity to collect and provide information sought by PURA and other parties in furtherance of that obligation. Although many aspects of a rate

proceeding are reasonably anticipated by the Company, the Company cannot anticipate all permutations of information that may be requested; the timing of those requests; requests for specific documentation; or, requests that involve research of historical records, records of accounts, or even employee-related recollections. The Company must have a reasonable opportunity to respond with full and adequate information, consistent with the Company's due process rights to present its case.

The Company is working diligently and using best efforts to produce the responses to the Outstanding Interrogatories on a timely basis. However, for the reasons stated in this Motion, the Company requires several day extension of time for the Outstanding Interrogatories in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response to the Outstanding Interrogatories. Where feasible, the Company has filed responses to interrogatories in advance of due dates. For the Outstanding Interrogatories that require a longer time to produce complete and accurate responses, the Company will continue to use best efforts to submit its responses as soon as possible. The Company has limited this extension request to only the Outstanding Interrogatories to ensure that it does not prejudice any other party.

WHEREFORE, the Company respectfully requests PURA grant a 3 business-day extension of time for UPA-002, and a 5 business-day extension of time for the ALLCO Set 11 Outstanding Interrogatories, thereby moving the response deadlines to October 9, 2026 for UPA-002, and October 15, 2026 for ALLCO Set 11.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY
