Subject: Formal Complaint Regarding Excessive Eversource Electric Rates
Eversource Acct no. 51048973028
Thomas and Dorothy Smith,Complainant

Dear PURA,

I am writing to express my serious frustration and concern over the excessively high electric rates charged by Eversource. The cost of electricity has become increasingly unaffordable for ordinary households, placing an unnecessary financial burden on residents.

It is unacceptable that elderly, senior individuals, with fixed low income, as ourselves, only recving a 5 percent discount, should have to struggle to afford such an essential service. I urge PURA to take a closer look at Eversource's rates, fees, and pricing practices and take action to ensure that Connecticut residents are being treated fairly.

We deserve reasonable and affordable electricity rates. Please make this an issue that receives the attention and action it deserves.

Thank you for your time and consideration.

Sincerely,
Thomas and Dorothy Smith
