Request from: New England Connectivity and Telecommunications Association

Question:

(Pole Management & SPA) Provide all technical documentation maintained by the Company about the PoleForman Software used in the Single Pole Administration process.

Response:

Please refer to NECTA-021, Attachment 1 CONFIDENTIAL, for the document Eversource uses for PoleForeman **DSEM 06.715 - PoleForeman Guidelines**. This document provides applications details of when to use the PoleForeman line design program as well as pre-run scenarios of common pole top construction types. The formal training of how to use the software comes directly from the company who created Poleforeman, ikeGPS.
