Subject: Docket : 26-05-10

Please do not let Eversource run roughshod over us AGAIN. We are tapped out with energy costs.

For my house, specifically, we went with expensive a geothermal system as good for the environment, but our resistance heating can be insanely expensive.

Please deny any and all rate increases. This company does not need to keep returning record profits — and keep us waiting 30+ minutes to talk to anyone on the phone!

Thank you,

S. Prince
