Dear PURA Commissioners,

Eversource's latest proposal for a rate increase is thoroughly unjustified, as you yourselves ruled last summer, and should be decisively rejected. It would place an intolerable burden on many of our state's struggling families. Eversource has a long history of prioritizing corporate profits and shareholder returns while attempting to undermine regulations designed to serve the public interest. I urge you to stand up to their corporate bullying and use the authority that we, the people, have entrusted to you for the common good.

Sincerely,

Henry Haskell
