Hello,
I strongly oppose the proposed 17 percent rate increase and urge PURA to reject it. Connecticut residents are already being crushed by an excessive tax burden and an ever increasing cost of living. Our state already ranks among the highest in the nation for taxes and utility costs, leaving hard working families, seniors and those on fixed incomes struggling to make ends meet. Residents are being pushed to their financial breaking point, and many are leaving Connecticut because they simply can't no longer afford to live here. Enough is enough. It is unreasonable and unacceptable to ask residents to shoulder yet another significant increase. We deserve accountability, affordability and relief- not another financial burden. I urge PURA to stand up for Connecticut ratepayers and firmly reject this purposed increase.
Respectfully,
Marnie Hinze
Norwalk CT
