I am writing to you to oppose the increase proposed by Eversource. Those of us on a fixed income can no longer afford to live in this state or stay in our homes with all of the increases imposed on us. Between the rise in grocery, gas, oil and property taxes, it is impossible to keep our heads above water. We are taxed on everything from clothing, food, state park attendance (in motor vehicle registrations), and so many other items just to name a few, that pretty soon, there will be a tax to breathe.

Although, we were given a break on the public benefits on our electric bills (which we probably shouldn't have been charged in the first place), it will not be enough to offset any proposed increases. Eversouce netted 1.69 billion dollars in profit last year (google), so my question is this, when will it be enough? I am saying enough!

Please DO NOT allow this increase. We can't afford it.

Patricia Augeri
