Dear PURA Commissioners,

My name is Seth Freeman and I live in West Hartford, CT.
I urge PURA to reject Eversource's proposed $727 million annual rate increase.

As residents of CT, we already pay some of the highest electric bills in the country. This is unacceptable and a failure of our state to ensure affordable electricity to all residents.

But even worse, while asking families to pay more, Eversource is seeking permission to increase shareholder profits.

Please reject unjustified rate increases, and prioritize CT residents, not corporate profits.

Thank you,

Seth Freeman
West Hartford, CT
