Request from: Office of Education, Outreach, and Enforcement

Question:

(MS24A-VENDOR-OTHER) Refer to Exhibit ACCT-2 CLP-1, and Confidential Exhibit ACCT-2 CLP-1A-17, pp. 326-327. The Company reported an incremental charge of $6,599 for the Sky Scape Industries LLC vendor. Respond to the following:

a. Identify the specific services that this vendor provides.
b. Confirm that the vendor was only utilized for standby. If not confirmed, provide documentation to support the services performed and explain why the invoice referred to each bill line as standby.
c. Cite the section of the ERP that requires the staging (i.e., standby) of the vendor's services discussed in subsection (a). If not included in the ERP, explain why this vendor was engaged without actual services being required.
d. Provide documentation that supports both the standby hours charged (i.e., signed timesheets) and the miles incurred (i.e., mileage logs). To the extent that there are no supporting documents, explain how the Company validated the accuracy of the billing.
e. Cite to the applicable contract and pricing schedule for this vendor.

Response:

a. Skyscape Industries has a contract with the Drone ERP team at Eversource to support the company with Drone Patrols to look for and assess damage.

b. Skyscape was only needed for Standby for this storm.

c. Drone services are secured as part of the damage assessment team. Per Section 2.10.1, Pre-Event Preparedness in the ERP, Damage Assessment resources are prestaged to ensure the required resources are in place in the event that they are needed for assessing critical infrastructure that cannot be easily accessed. Drone Patrols are used as a more efficient means of damage assessment and are onboarded as a supplement to the damage assessment team to ensure timely patrols are conducted in support of storm restoration efforts.

d. Accuracy of billing was verified against documented minimum of 4 hours standby time if activated as part of their contract (they were on standby for 4 hours of less). Mileage was estimated against where they were staged at the time (within CT).

e. The applicable contract for Sky Scape Industries LLC is located in EOE-014, Attachment 2, Page 2650.
