STATE OF CONNECTICUT

PUBLIC UTILITIES REGULATORY AUTHORITY

APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
		NOVEMBER 12, 2026

AFFIDAVIT OF CASANDRA DICKSON

Casandra Dickson, being duly sworn, states:

1. I am the Director of Regulatory Projects and Compliance for Eversource Energy Service Company ("ESC") for the Connecticut electric and gas utility companies, including the Connecticut Light and Power Company d/b/a Eversource Energy (the "Company" or "CL&P"). My business address is 247 Station Drive Westwood, MA 02090. I am over the age of eighteen years and understand the obligations of making statements under oath.

2. I am familiar with Docket No. 26-05-10, Application of The Connecticut Light and Power Company d/b/a Eversource Energy to Amend its Rate Schedules, including information provided by the Company in response to interrogatories issued by PURA on October 13, 2026 ("PURA Set 12"). The confidential information addressed in this motion includes information provided by the Company in the following attachments to interrogatories in PURA Set 12:

Interrogatory Number	Attachment Name	Redacted Filing Date	Confidential Filing Date
RSR-049	Attachment 2 CONFIDENTIAL	November 5, 2026	November 5, 2026
RSR-050	Attachment 2 CONFIDENTIAL	November 9, 2026	November 9, 2026

Together, these documents are referred to herein as the "Confidential Information." The Confidential Information was submitted to PURA via email on November 5, 2026; and November 10, 2026. The last response to PURA Set 12 was filed with PURA on November 10, 2026.

3. I submit this affidavit in support of a Motion for Protective Treatment by the Company, filed contemporaneously herewith, requesting a ruling from the Public Utilities Regulatory Authority ("PURA") that the Confidential Information be granted confidential treatment.

4. RSR-049, Attachment 2 CONFIDENTIAL, and RSR-050, Attachment 2 CONFIDENTIAL, contain names and contact information for individual CL&P employees. Employee names and contact information should be protected from public disclosure. If the Company makes employee information public, there are both cybersecurity and physical security risks to individual CL&P employees. Making employee information public triggers an increased risk in phishing attacks as there is more information available about CL&P employees, centralized and publicly available. Additionally, there is a risk of personal harassment for individual employees.

5. RSR-049, Attachment 2 CONFIDENTIAL, and RSR-050, Attachment 2 CONFIDENTIAL, contain specific term and condition information provided to Eversource for services to be rendered in response to the Company's RFPs. The Confidential Information in RSR-049, Attachment 2 CONFIDENTIAL, and RSR-050, Attachment 2 CONFIDENTIAL, include

information provided by the Company's outside vendors, which if disclosed to the public and competitors would cause substantial harm to the Company and to its vendors. This information includes proprietary, competitive, and commercially sensitive information. RSR-049, Attachment 2 CONFIDENTIAL, and RSR-050, Attachment 2 CONFIDENTIAL, also include confidential terms and conditions that are not disclosed publicly. This information has been anonymized to protect the confidentiality of the vendor bids.

6. Additionally, RSR-049, Attachment 2 CONFIDENTIAL, and RSR-050, Attachment 2 CONFIDENTIAL, provide evaluation of the vendor bids provided in response to the RFPs. These attachments include the Company's evaluation of the vendor bids, including the Company's internal technical analysis of each bidder and the quality of each bid submitted as well as internal classification of the bids. The Company's internal RFP evaluation process is confidential and, if disclosed, may impact the Company's ability to secure services from competent vendors at competitive rates, which in turn would impact customers. Potential bidders should not have access to the Companies' evaluation criteria and processes, because such access would provide them an advantage in the evaluation process, potentially skewing the results and content of proposals. In maintaining its evaluation criteria as confidential, the Company is assured that potential bidder proposals are based on the market and the bidder's qualifications.

7. To the best of my knowledge, reasonable efforts have been used to keep and maintain this information as confidential; and to the best of my knowledge this information has not been disclosed or released to the public.

8. I have been advised by the Companies' legal counsel that neither federal nor Connecticut statutes requires this confidential information to be filed in the public record.
