Good Morning,

The Corrective Action Unit has reviewed the Completion Report for the Berlin Tank Room encapsulation under 761.30(p). The Corrective Action Unit does not have any concerns as it relates to the Completion Report. Please be sure to follow any and all maintenance and monitoring requirements under the federal regulations.

Thank you,

Amber Trahan

Dr. Woodward,

Attached for your files is our completion documentation for this encapsulation project. Please feel free to contact us should you have any questions on this memo.

Ms. Trahan, could you please let me know if we should also upload this file via the secure file upload site?

Thank you,
Sean

Subject: RE: Eversource Berlin Campus: PCB Use Authorization Notification

CAUTION: External Email

Sylvan,

EPA has reviewed the Notification of continued use of the concrete containment area found within the Central Maintenance Service Building also known as Tank Room C located at the Eversource Berlin Campus. Under the provisions of 40 CFR 761.30(p) the following conditions must be met:

1. The source of the contamination is removed or contained to prevent further release
2. Accessible porous surfaces are cleaned using the double wash/rinse procedures found in 40 CFR Part 761 Subpart S
3. Inaccessible areas are coated with two solvent/water resistant coatings of different colors or a

solid barrier

4. The surface is marked with an M_L marking

The plan as submitted to EPA, dated March 15, 2024, meets these requirements. EPA has no comments or questions on the plan at this time.

Please be aware that annual monitoring and maintenance results shall be submitted to EPA as well as maintained on file at the Eversource facility. Once the impacted concrete is no longer in use, EPA and the State shall be notified concerning the removal and disposal of the concrete.

Please feel free to contact us if there are any questions.

Kate Woodward

Katherine,

Please see the attached PCB use authorization notification, which we are submitting on behalf of Eversource. The letter provides background information for this notification, but please don't hesitate to reach out with any questions.

Thank you,
Sylvan
