Reference: **Annual Status of Site Controls**
Significant Environmental Hazard
Eversource Berlin Campus Settling Pond
Berlin, Connecticut

Dear Ms. Chen,

Eversource Energy Service Company (Eversource) has completed the inspection of the site controls at the Berlin Campus Settling Pond site located at 107 Selden Street in Berlin, Connecticut. The most recent site inspection was completed on May 18, 2020 and consisted of a visual evaluation of the existing site controls in place as detailed in Part IV of the Significant Environmental Hazard (SEH) Report dated September 19, 2012.

The PCB Remediation Plan was approved by DEEP and EPA on June 27, 2019 and a modification to the EPA approval was granted on April 7, 2020. Vegetation clearing was conducted in December 2019. The remediation contractor mobilized to the Site on April 6, 2020 and the remediation is expected to take approximately three months to complete. Refer to the attached photographs taken during the clearing and start of remediation.

If you have any questions, please contact the undersigned at 860-665-3446.

Sincerely,

EVERSOURCE ENERGY SERVICE COMPANY

Matthew P. Calvert, LEP, LSP, PG, CHMM
Senior Environmental Specialist
