To the Public Utilities Regulatory Authority,

I am writing to oppose the proposed Eversource rate increase due to the significant hardship it will place on individuals, families, and vulnerable members of our community. Many residents are already forced to make difficult choices between essential expenses, and higher utility bills will only deepen that struggle.

Connecticut ratepayers need relief, not additional financial pressure. I urge PURA to prioritize consumer protection and reject or substantially reduce this proposed increase.

Thank you for your continued commitment to the people of Connecticut.

Sincerely,

Tony Alexander
