Request from: Department of Energy and Environmental Protection

Question:

(Climate Change Vulnerability Study) Refer to Exhibit CLP-TSP-2 p. 88, Exhibit CLP-TSP-4. Did the Company submit Exhibit CLP-TSP-4 as a compliance filing to Order No. 12 on Docket No. 17-12-03RE08, on or before the deadline of October 7, 2022? If not, please explain why.

Response:

Order No. 12, in Docket No. 17-12-03RE08 specifies that the EDCs shall "submit for Authority review and approval a detailed scope of work, timeline and anticipated budget for completing its Climate Vulnerability Study…" (emphasis added). Eversource Energy and Avangrid jointly submitted a compliance filing in compliance of this Order on October 7, 2022.

Please refer to BETP-033, Attachment 1, for a copy of this compliance filing.

There is no Order in Docket No. 17-12-03RE08 that directs the EDCs to submit the actual completed Climate Vulnerability Study by a specific deadline, except that, Order No. 13 directs the EDCs to utilize the Climate Vulnerability Study results as part of the Reliability and Resilience Frameworks in the next rate case.
