RE: Account Number

Dear (Customer Name),

To continue receiving the benefits of Medical Protection, your registered physician, advanced practice registered nurse (APRN) or physician assistant (PA) must renew a medical certification of illness form stating that you or a member of your immediate household has a serious illness or life-threatening situation. Once we receive it, regardless of income, your service will be protected from shut off between November 1 and May 1 for a serious illness or year-round for a life-threatening situation.

Renew Your Medical Certification of Illness

- Have your registered physician, APRN or PA certify on eversource.com/mdform that you or a member of your immediate household is seriously ill or has a life-threatening situation.
- Please provide your registered physician, APRN, or PA with the medical certification of illness instructions available on the back of this letter. By doing this, you are authorizing them to provide Eversource with all information required for this certification.
- Your account may not qualify for Medical Protection if we do not receive the medical certification of illness form supporting your claim of a serious illness or life-threatening situation.

Payment Options and Programs to Help

If your account is past due and you haven't established a payment arrangement, you may be eligible for payment assistance programs and payment plans, including:

- **Connecticut Energy Assistance Program (CEAP).** Apply for CEAP and get a bigger match from the Matching Payment Program. Apply online at ct.gov/heatinghelp or visit your local Community Action Agency (CAA). Find your closest agency at 211ct.org or by calling 211.
- **Matching Payment Program.** For every dollar you pay and every dollar you receive from the Connecticut Energy Assistance Program (CEAP), we'll subtract a dollar from the amount you owe. Apply for CEAP to get a bigger match for your payments. You will receive matching payments until your past due balance reaches $0, or the proof that you meet income requirements expires.
- **Electric Bill Discount.** A bill discount may be available to you if you meet household income requirements or receive a public assistance benefit. You may be eligible for a 5%, 15%, 20%, 40% or 50% discount off your monthly electric bill. For example, if you qualify for the 50% discount and have a $100 monthly bill, it would be $50 less
- You may also be able to get help from **Operation Fuel** at operationfuel.org/gethelp or in person at a fuel bank listed on their website.
- **Flexible Payment Plans** are available to help spread out payments on your past-due balance over a period of up to 18 months for residential customers. Payment plans may be renegotiated if you have a change in financial circumstances.

RE: Account Number

Estimado(a) (Customer Name),

Para continuar recibiendo los beneficios de la Protección Médica, tu médico registrado, enfermero(a) registrado(a) de práctica avanzada (APRN, por sus sigla en inglés) o asistente médico (PA, por sus siglas en inglés) debe renovar un formulario de certificación médica de enfermedad indicando que tú o alguien en tu hogar inmediato tiene una enfermedad grave o condición que pone en riesgo la vida. Una vez que lo recibamos, sin importar tus ingresos, tu servicio estará protegido contra la desconexión del 1 de noviembre al 1 de mayo si es una enfermedad grave, o durante todo el año si se trata de una condición que pone en riesgo la vida.

Renueva tu Certificación Médica de Enfermedad

- Pídele a tu médico registrado, APRN o PA que certifique en eversource.com/mdform que tú o alguien en tu hogar inmediato tiene una enfermedad grave o condición que pone en riesgo la vida.
- Por favor entrega a tu médico, APRN o PA las instrucciones de certificación médica disponibles en inglés al reverso de esta carta. Al hacerlo, estás autorizándolos para que proporcionen a Eversource toda la información necesaria para completar esta certificación.
- Es posible que tu cuenta no califique para la Protección Médica si no recibimos el formulario de certificación médica que respalde tu solicitud por una enfermedad grave o una condición que ponga en riesgo la vida.

Opciones de Pago y Programas de Ayuda:

Si tienes un saldo atrasado y no has establecido un plan de pagos, podrías calificar para programas de ayuda y planes de pago, incluyendo los siguientes:

- **Programa de Asistencia Energética de Connecticut (CEAP, por sus siglas en inglés).** Aplica en línea en ct.gov/heatinghelp o visita tu Agencia de Acción Comunitaria local. Encuentra la más cercana en 211ct.org o llamando al 211.
- **Programa de Igualación de Pagos.** Por cada dólar que pagues y cada dólar que recibas de CEAP, descontaremos un dólar de tu saldo atrasado. Recibirás la igualación de pagos hasta que pagues todo tu saldo atrasado o hasta que venza el comprobante de que cumples con los requisitos de ingresos.
- **Descuento En Tu Factura de Electricidad**. Podrías calificar para un descuento del 5%, 15%, 20%, 40% o 50% si tu hogar cumple con los requisitos de ingresos o recibe algún beneficio de asistencia pública. Por ejemplo, si calificas para el descuento del 50% y tu factura mensual es de $100, solo pagarías $50.
- También podrías calificar para recibir ayuda de **Operation Fuel** a través de operationfuel.org/gethelp o en persona en alguno de los centros de ayuda que aparecen en su sitio web.
- **Planes de pago flexibles** de hasta 18 meses están disponibles para clientes de servicio residencial para pagar saldos atrasados poco a poco. Puedes renegociar tu plan de pagos si tu situación económica cambia.

Estamos Aquí Para Asistirte:

Para cualquier pregunta sobre los programas de ayuda disponibles, por favor visita **eversource.com/ayuda** o llámanos al **800-286-2828**. Estamos disponibles de lunes a viernes, de 8 a.m. a 6 p.m. para asistirte.
