Executive Summary

An approval of $3.0M is requested to support capital projects less than or equal to $50K (Directs). This annual is for improving customer reliability for capital work not identified specifically during the budget cycle but is a result of monitoring the system throughout the year. This capital work allows for scheduled outages and the ability to monitor off-scheduled assets.

Any work order over $50K (Directs) and up to $100K (Directs) will require a specific project number. Any work order greater than $100K (Directs) will require a separate Project Authorization Form (PAF) and Delegation of Authority (DOA) approval.
