Response:

Referring to Exhibit ACCT-2 (CLP-13)(MN25K), Outside Line Contractors, at Line 247, vendor Conexus Energy Group LLC, invoice in the amount of $141,586.

a. The crews were assigned their first job at approximately 2:00 PM. The difference in time between the start of the shift and the first recorded event was the time necessary to travel from the crews' hotel to the first job assignment. Due to the winter storm, the travel conditions at the time were much slower than normal. The contractor crew ended their final job of the day at 8:05 PM. The crew then traveled back to their hotel and ate dinner before clocking out at 10:00 PM. The Eversource Representative signed-off on 2/28/2025 and the Contractor Representative would have signed-off prior to submitting to Eversource for approval. The date of 12/18/2025 is a typo and the timesheet should reflect 2/18/2025.

b. The crews were given their work assignments at approximately 6:30 AM. The Event Start Time of 8:35 AM -- the time on the crews' timesheet -- was the crew's arrival time on site, not the time the crew was given work. The Eversource Representative signed-off on 2/28/2025 and the Contractor Representative would have signed-off prior to submitting to Eversource for approval. The date of 12/18/2025 is a typo and the timesheet should reflect 2/18/2025.
