I am writing to express my disproval of the exorbitant amount of money charged to Connecticut residents with their electric/utility bills!! The CEOs are making millions, if not billions of dollars at the expense of the Eversource/UI customers!! And you have the nerve to request an increase!! People are struggling as it is. It is EXTORTION what is going on with the overcharging on the electric bills and this Public Benefit Fee is UNACCEPTABLE as none of us agree with what the money goes for.

STOP THE EXTORTION and reduce residents' utility/electric bills immediately! Get rid of these overpaid CEOs to begin with.
