Date Filed: November 13, 2026

Witness: Leanne M. Landry and John G. Griffin
Request from: Public Utilities Regulatory Authority

Question:

(Non-Catastrophic Storms) Application, Sch. WP C-3.28. Provide an unlocked Excel worksheet, with formulas intact, with a list of all field work orders associated with minor storms during the test year. For each field work order, identify the:

a. Field work order number;
b. Applicable storm date(s); and
c. Total costs recorded to the field work order during the Test Year.

Response:

Referring to Application, Sch. WP C-3.28, please refer to RSR-067, Attachment 1, detailing the field work order number, applicable storm dates and total costs recorded for each field work order. The totals reflect the full amount charged to the work order, including residual costs incurred after the calendar year. This treatment is consistent with the Company's response to RSR-029-RV01[i].

Prior Referenced Response:

[i] RSR-029-RV01 Question:

(NON-CATASTROPHIC STORMS) Ex. CLP-REVREQ-2, Sch. WP C-3.28. In an unlocked Excel spreadsheet with formulas intact, provide a listing of all work orders for Test Year non-catastrophic and pre-staging incremental storm expenses. Each work order should include the following information:

a. the date range covered by the work order;
b. total non-catastrophic and pre-staging costs;
c. total direct labor costs;
d. total payroll-related overhead costs;
e. total outside contractor and vendor costs;
f. food and lodging costs;
g. materials costs;
h. vehicle and lodging costs; and
i. employee expenses/other.

RSR-029-RV01 Response:

Revised Response:

Referring to CLP-REVREQ-2, Sch. WP C-3.28. Please refer to RSR-029-RV01, Attachment 1, detailing all work orders for Test Year non-catastrophic and pre-staging incremental storm expenses. The totals reflect the full amount charged to the work order, including residual costs incurred after the calendar year.

Original Response:

Referring to CLP-REVREQ-2, Sch. WP C-3.28. Please refer to RSR-029, Attachment 1, detailing all work orders for Test Year non-catastrophic and pre-staging incremental storm expenses.
