The Connecticut Light and Power Company
Temporary Help
For Periods 2021 through 2025 and the Rate Year

Description	2021	2022	2023	2024	2025	Rate Year (b)
Allegis/Randstad (a)	2,661,611	2,537,144	1,714,454	1,250,076	1,088,267	1,158,401

(a) Costs represent actual invoiced costs and does not reflect accounting entries required under Generally Accepted Accounting Principles ("GAAP") such as UVLs and UVRs.

(b) The costs associated with temporary help are embedded in multiple SFRs utilizing different methodologies to estimate the Rate Year level of costs, therefore, the Company used GDP-PI as a proxy to estimate the amount included in the Rate Year.
