Request from: Public Utilities Regulatory Authority

Question:

(VEGETATION MANAGEMENT) Ex. VMP-2, p. 32. Provide the following regarding vegetation management-related traffic control costs:

a. Under which subcategory of vegetation management expenses these costs are included; and

b. A breakdown of annual historic traffic control costs for each of the last 10 years.

Response:

a. In reference to Exhibit CLP-VMP-2, page 32, the Company discusses the challenges of traffic control specifically regarding Roadside Scheduled Maintenance.

b. Roadside Scheduled Maintenance is contracted by unit price per mile per Area Work Center per year and the traffic control costs have historically been embedded within the unit price per mile, and not separated, and therefore cannot be provided in the breakdown requested.
