Subject: Docket No. 26-05-10 public NEGATIVE comment

To Whom it may concern,
I am against the proposed increase in rates.

I live at 200 West Rd. #33, Ellington, CT 06029 and **am on a VERY limited and fixed PENSION**. I can't afford an increase in my electric bill.

I'm already on the 10% discount and can barely keep up with payments as it is. Your proposed increase **would be a GREAT financial hardship on me.**

Have to people no compassion for the elderly?

Stop with the greed.

Sincerely,
Alisha Lewis
