Question:

(MS24E) Please refer to the Response to Exhibit ACCT-2(CLP-5A-01)(MS24E) p. 218-254.

a. Did the vendor Central Connecticut Cable Company perform any work or did they bill for standby for the two days?

b. If they billed for work, please indicate where the work was noted on their timesheets.

Response:

a. During restoration events, the Company relies on underground contractors to assist with direct buried issues as well as major underground cable outages. Their expertise can help significantly reduce outage times when underground issues occur. For this storm specifically, the Company (fortunately) did not experience any major cable faults or underground issues that required Connecticut Cable to be deployed. Accordingly, Connecticut Cable charged standby for the duration of the storm.

b. N/A.
