I am writing concerning the proposed increases on our Eversource bill. Our house is all electric, and we do everything possible to keep the rate down. I have been on a budget plan for years, and my bill is still extremely high. We are a retired couple on a fixed income and these increases are just getting way out of line. I do not believe we are eligible for any assistance due to our combined income. Please look into a workable solution for this. Sadly, itis very hard to maintain a home in Connecticut.
Sincerely,
Lauren B Chapman
