STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
	:	**OCTOBER 14, 2026**

MOTION FOR EXTENSION OF TIME BY
THE CONNECTICUT LIGHT AND POWER COMPANY

The Connecticut Light and Power Company d/b/a Eversource Energy ("CL&P" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit responses to certain interrogatories issued by the Office of Consumer Counsel ("OCC") on October 2, 2026 ("OCC Set 24") and on October 5, 2026 ("OCC Set 25").

Specifically, the Company seeks a 5 business-day extension of time for: OCC-905, as well as OCC-923, 924, 925, 926, and 927 (the "Outstanding OCC Set 25 Interrogatories") (together, the "Outstanding Interrogatories"), thereby moving the response deadline to October 23, 2026 for OCC-905, and October 26, 2026 for the Outstanding OCC Set 25 Interrogatories. The Company requests an extension of time for the Outstanding Interrogatories consistent with PURA's Notice of Proceeding issued on June 2, 2026 ("Notice"), which requires that any person requesting a procedural change or other PURA approval must file a motion. Notice at 2. Specifically, the Notice requires that motions for extension of time "shall be filed in advance of the prescribed deadline and should provide sufficient time for the Authority to consider timely objections and to rule on the motion." Id. The Company submits this Motion two business days in advance of the

current due date for OCC-905, and three business days in advance of the current due date for the Outstanding OCC Set 25 Interrogatories.

OCC-905 was issued with an initial due date of October 16, 2026. OCC Set 24 encompasses a total of 10 individual interrogatories, plus sub-parts. OCC-905 seeks detailed information related to relevant aspects of the Company's rate case application. Specifically, OCC-905 requests detailed information regarding the Company's Storm Cost Recovery Adjustment Factor ("SCRAF") mechanism.

The Outstanding OCC Set 25 Interrogatories were issued with an initial due date of October 19, 2026. OCC Set 25 encompasses a total of 23 individual interrogatories, plus sub-parts. The Outstanding OCC Set 25 Interrogatories seek detailed information related to relevant aspects of the Company's rate case application. Specifically, the Outstanding OCC Set 25 Interrogatories request detailed information regarding capital projects.

At this time, the Company has determined it is unlikely it will be able to produce complete and accurate responses to the Outstanding Interrogatories within the current due date. The Outstanding Interrogatories require in-depth research, analysis and review as well as input from subject matter experts and numerous individuals from various parts of the organization, including management personnel and legal counsel, to ensure complete and accurate responses.

The Company bears the evidentiary burden to prove the elements of its rate proposals and therefore requires a fair and reasonable opportunity to collect and provide information sought by PURA and other parties in furtherance of that obligation. Although many aspects of a rate proceeding are reasonably anticipated by the Company, the Company cannot anticipate all permutations of information that may be requested; the timing of those requests; requests for specific documentation; or, requests that involve research of historical records, records of

accounts, or even employee-related recollections. The Company must have a reasonable opportunity to respond with full and adequate information, consistent with the Company's due process rights to present its case.

The Company is working diligently and using best efforts to produce the responses to the Outstanding Interrogatories on a timely basis. However, for the reasons stated in this Motion, the Company requires a several-day extension of time for the Outstanding Interrogatories in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response to the Outstanding Interrogatories. Where feasible, the Company has filed responses to interrogatories in advance of due dates. For the Outstanding Interrogatories that require a longer time to produce complete and accurate responses, the Company will continue to use best efforts to submit its responses as soon as possible. The Company has limited this extension request to only the Outstanding Interrogatories to ensure that it does not prejudice any other party.

The Company conferred with OCC and OCC does not consent to the extension due to the upcoming deadline on October 21, 2026, for the filing of direct testimony by the parties. The Company will endeavor to produce the response to the Outstanding Interrogatories as timely as possible. In addition, the Company will respond to follow-up questions as quickly as possible, if asked.

WHEREFORE, the Company respectfully requests PURA grant a 5 business day extension of time for the Outstanding Interrogatories, thereby moving the response deadline to October 23, 2026 for OCC-905, and October 26, 2026 for the Outstanding OCC Set 25 Interrogatories.

.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY
