Docket No. 26-06-03
GB II New Haven LLC Application to Establish 2027 Revenue Requirements

Interrogatories RWA-1 through RWA-8 are directed to GB II New Haven LLC (GB II or Company) and refer to the Company's request to establish 2027 Revenue Requirements (Application).

RWA-1 (ISO-NE Market Participation) Application, Reynolds Prefilled Testimony (PFT), pp. 2-3. Confirm whether the proposed fuel inventory level is sufficient to meet the non-energy limited thermal resource accreditation requirement (at the plant's full generating capacity) under ISO-NE's Capacity Auction Reforms Seasonal/Accreditation (CAR-SA) proposal.[1]

RWA-2 (ISO-NE Market Participation) Does the Company currently hold a capacity supply obligation for the 2027/2028 Capacity Commitment Period (FCA18)? If yes, describe anticipated impacts of ISO-NE's Capacity Auction Reforms Prompt/Deactivation (CAR-PD) proposal on the Company's future capacity supply obligations (starting in FCA19) and associated revenues.[2]

RWA-3 (ISO-NE Market Participation) GBII Order No. 2 Compliance, Docket No. 24-06-03, GB II New Haven LLC Application to Establish 2025 Revenue Requirements, Feb. 28, 2025 (Market Participation Plan). File a copy of GBII's most recent Market Participation Plan.

RWA-4 (ISO-NE Market Participation) Market Participation Plan. Did the Company adhere to the Day-Ahead Ancillary Services (DA/AS) strategy outlined in the most recent Market Participation Plan? Does the Company propose any changes going forward?

RWA-5 (ISO-NE Market Participation) Provide DA/AS-related revenues earned since the DA/AS initiative launched (on February 28, 2025) to present, aggregated by month. Include a separate calculation for revenue earned during the "top 12 days" highlighted in the ISO-NE Internal Market Monitor's assessment report on the Day-Ahead Ancillary Services market.[3] If these days are not known to GBII, provide revenues in the top 12 revenue-earning days since beginning DA/AS market participation.

RWA-6 (ISO-NE Market Participation) Given the anticipated changes to ISO-NE markets and GB II's recent market experience, what is GB II's proposed ISO-NE markets participation for the upcoming year, i.e., summer 2027 and winter 2027/2028? How should this proposal be characterized for purposes of Authority direction regarding GB II's future facility bidding? How does this proposal maximize benefits for Connecticut electricity users?

RWA-7 (ISO-NE Market Participation) What ISO-NE programs is GB II eligible for in the upcoming year? Which of these programs does GB II plan to participate in and why? How does GB II's planned participation maximizes benefits for Connecticut electricity users?

RWA-8 (ISO-NE Market Participation) Are there ISO-NE markets in which GB II is eligible to participate but will not be in the upcoming year? If yes, explain.
