RE: Docket No. 26-06-04, Implementation of Clean Energy Successor Programs, Letter in Support of Motion No. 13

Dear Mr. Gaudiosi:

The United Illuminating Company ("UI" or the "Company") submits this letter to the Public Utilities Regulatory Authority ("PURA" or the "Authority"), in support of the Motion for Extension of Time, filed by the Solar Energy Industries Association ("SEA") , Advanced Energy United ("United"), and the Alliance for Climate Transition ("ACT") on July 29, 2026, which has been docketed as Motion No. 13.

Motion No. 13 requests that the Authority grant an extension of time, from August 12, 2026 until August 26, 2026, for docket participants and interested stakeholders to submit written comments in response to the Notice of Request for Written Comments, issued by the Authority on July 28, 2026. In part, Motion No. 13 relies upon the need to develop a robust set of comments as the basis of good cause to grant the request. This request has been echoed by the Office of Consumer Counsel, which also filed a letter in support of Motion No. 13 on August 3, 2026.

UI agrees with SEA, United, ACT, and the OCC and respectfully requests that the Authority grant Motion No. 13.[1]

I hereby certify service of this filing upon all parties and intervenors of record in this proceeding.

Sincerely,

Alex E. Soter
Counsel

As Counsel for The United Illuminating Company

[1] UI notes that Motion No. 13 requests that the submission date for responsive comments be extended, which implies that, if granted, the extension would apply to all docket participants and stakeholders.
