Docket No. 26-06-04 – Implementation of Clean Energy Successor Programs

Dear Commissioners:

The Office of Consumer Counsel ("OCC") respectfully submits this letter to the Public Utilities Regulatory Authority ("Authority") as an expression of our support for the Motion for Extension of Time, submitted by The Solar Energy Industries Association, Advanced Energy United, and The Alliance For Climate Transition ("Solar Energy Industries Association") on July 29, 2026. The extension seeks two weeks of additional time to respond to the Request for Written Comments, issued by PURA July 28, 2026.

Given the number of substantive prompts in the Request for Written Comments, OCC concurs that an additional two weeks of time would allow for more thorough analysis, consultation with appropriate stakeholders and subject matter experts as necessary, and the opportunity to develop complete and well-supported responses. If an extension is granted to the Solar Energy Industries, OCC suggests the extension be given to all parties, to promote fairness and develop the most comprehensive record possible.

OCC thanks the Authority for its consideration.

Respectfully submitted,
STATE OF CONNECTICUT
