Ms. Groisman,

Your objection to the proposed NHV EROCK 310 CT facility is noted and will be referenced in our future pole attachment application filing with the Connecticut Public Utilities Regulatory Authority ("PURA"). We will e-mail copy of the application to you upon its submission to PURA.

Once the application is filed, you will be contacted by PURA's office of Education Outreach and Enforcement with instructions on how to participate in the pole attachment application process. At that time, you will be asked to provide the reasons for your objection.

If you have any further questions or concerns, please feel free to contact me.

Thank you,

Emily
